Vol. I No. 13

"RIVER MAGIC"

There is something about the river that's almost magic. After a life time of having to drive at least 100 miles to the nearest water, living in Eldorado affords the luxury of traveling 20 miles to running water. Each time I cross that bridge at Christoval it's like seeing it for the first time.

I started off with an attitude of pure gratitude just to enjoy the beauty of the giant pecan trees hovering in ageless majesty over the park and river.

Then sometime this summer, I began to feel very protective toward the river. When I first noticed it, instead of swimming or fishing, I was going around picking up candy wrappers and beer cans. And I guess I got a little carried away, because before I knew it, I had stationed myself at the Park Entrance, detouring potential "litter bugs" to the Sonora Caverns. I was even tempted to ask people to wipe their feet before getting out of their cars. I tried to talk the kids into giving their picnic lunch to the birds and squirrels, while I scrapped dried watermelon seeds off the cement tables. Once I swam across the river just to get a plastic bread wrapper off the Lily Pads.

Yes, there's something magic about that river. Pardon an old cliche; but if that place could talk... The ghost of a thousand family reunions, cowboy Bar-B-Ques, Church Services, and lovers building day dreams for the future, are surely present in each beaten path along it's banks. There are few West Texans that walk across the swinging bridge without stirring memories of a Sunday afternoon in their childhood.

Where it comes from; where it goes is of little significance. I get the feeling "Old Man Concho" is laughing at us mortals as year after year he flows through the park, carrying with him the secret of immortality that will proceed us all, even 'till the end

And that's something to think about this week!!!

Ozona Hurts Eldorado's Eagles--32-7!

by Jim McWilliams **ELDORADO** First Downs Yds. Rushing Yds. Passing **Total Yardage** Passes, Comp.-Att. Intercepted by **Fumbles Lost** 9-109 Penalties-Yds. 5-31.6 Punts-Avg.

The size and experience of the Ozona Lions were too much for the courageous Eldorado Eagles to overcome as the Lions rolled to a 32-7 victory last Friday night.

Ozona received the opening kickoff and the Eagles allowed only a 17 yard return. The Lions had 1st & 10 at their own 17 yardline. On 3rd & 2 Ozona fumbled and Eagle Joe Franklin recovered at the Ozona 16.

The Eagle fans went wild! Here was a golden opportunity for an easy score. On 1st & 10 from the Ozona 16, 151 pound senior quarterback Mark Thornton rolled to his left to pass and was sacked for a 6 yard loss. Thornton then picked up 2 yards. On 3rd & 14, 150 pound senior fullback Billy Bob Harlin blasted for 12 yards on a draw play. That set up 4th & 2 for the Eagles at the Ozona 9

On 4th down, 144 pound senior wingback John Ben

Cawley was hit behind the scrimmage line for a 1 yard loss. The Eldorado drive stalled 3 yards short of the 1st down on the Ozona 10.

Ozona then moved 29 yards in 3 plays. Then a holding penalty set the Lions back 15 yards. And to add an insult to that, 153 pound Eagle defenseman Lynn Whitaker stole a blocked pass out of the air and raced 34 yards to the Ozona 5 yardline before being caught from behind. Opportunity does knock more than once!

With a 1st & Goal to go at the Ozona 5, Harlin tried to sweep left end...a 4 yard loss. Then on 2nd & 9 to go for the TD, a bad exchange from center to quarterback caused a fumble and Lion Mike Fay recovers for Ozona. Eldorado stopped again.

Ozona set up 1st & 10 at their own 9 yardline and moved 83 yards in 5 plays to the Eldorado 8 yardline. A 5 yard penalty made it 2nd & Goal to go at the Eldorado 13. 2nd down picked up 3 yards, and 3rd down picked up only 4, leaving Ozona with a 4th down and goal to go at the 6

Ozona's 170 pound senior kicker, John Galvan, booted a field goal to put Ozona ahead 3-0 with 32 seconds left in the 1st quarter.

Eldorado returned the kickoff to their 35 to set up 1st & 10. But the Eagles could only manage 8 yards, so Bosmans

Jerroll Sanders [1] and Newell Lucas proudly display their catfish catch they made last week south of Dryden on the

Rio Grande. All totaled, they brought home something

Nursing Home Rate Hike OK'ed by Board was seconded and passed.

The Schleicher County Hospital Board met Monday evening, September 20th, for its regular monthly business session. Present at the meeting was President Curtis Andrews, Mike Moore, Winnie Jackson, Bob Page, E. C. Peters and Hospital Administrator Lillian Kroeger.

Payment of current bills was approved by the board. Ms. Kroeger reported to the board that she received a letter from Raymond W. Vowell, with the State Board of Welfare, informing the board that the nursing home rates would be increased from \$537.00 a month to \$566.00. This increase amounts to a \$.96 per day increase in costs. Vowell indicated in his letter that this rate increase was due to the increased cost of living and increased minimum wages paid to employees.

A motion to put these rates into effect October 1, 1976

The board discussed ground maintenance around the hospital. E. C. Peters moved that the district extend its current maintenance contract through the month of October. Recent rains have caused rapid growth of grass and weeds. The current contract would terminate at the end of September. Mrs Jackson seconded the motion and

5 YEAR OLD ACCIDENT

Phone (915) 853-2032 to Report NEWS

Carrie Ann Dacy, five year old daughter of Mr and Mrs C. F. Dacy was fatally wounded Sunday afternoon in an accidental shooting. The accident occurred when she and her brother discovered a loaded pistol in a friends' pickup. While the children were playing with the gun, it accidentally discharged killing the child.

Graveside services were held Monday in the Eldorado

Cemetery with Rev. Gene Stark officiating.

Carrie Ann was born in Eldorado January 14, 1971. She had recently started attending kindergarten in the Eldorado Public schools.

Survivors include her parents, Mr and Mrs C. F. Dacy; one brother Charles Nickolas Dacy of the home; paternal grandparents, Mr and Mrs Marion Dacy of Eldorado; maternal grandparents, Mr and Mrs M. E. Nickolas of Ozona; several aunts and uncles including Jennifer Nickolas of Ozona, Mr and Mrs Douglas Schmidt of Fredricksburg, Mr and Mrs Rudy Rios of Hondo, Texas, Mr and Mrs Monroe Dacy and Mr and Mrs Lee Dacy of

home, too

People can own a home and still be eligible for Federal supplemental security income (SSI) payments, according to Frank Upp, social security district manager in San An-

The SSI program makes monthly payments to people with little or no income and limited resources who are 65 or over or blind or disabled.

'Limited resources means possessions worth up to \$1500 for one person living alone and \$2,250 for a couple," Upp said. 'But a home with a market value of \$25,000 or less doesn't count as a resource.

'And,'' he said, "the Federal Government doesn't put liens on the homes of people because they get SSI payments." Other possessions that aren't

counted as resources, depending on their value, may include a car, personal effects, household goods, and life insurance

People can get information about applying for SSI payments by calling or writing any social security office. The San Angelo social security office is at 2214 Sherwood Way. The phone number is 949-4608.

The amount of the SSI payments people get depends primarily on other income they might have. People with no other income at all living in their own household can get a Federal payment of as much as \$167.80 a month for one person and \$251.80 for a couple. People with some other income may get reduced payments.

In Texas, people getting SSI payments are automatically eligible for Medicaid.

The SSI program is administered by the Social Security Administration, an agency of the U.S. Department of Health, Education, and Welfare

In Memory of **PALMER**

A broad smile - A friendly wave of the hand, These were the trademarks of this grand - wonderful man. All of Eldorado must be sad today, From the lonliness caused by his going away. But fond memories still are here, of his welcome smile that to all were so so dear. Rest peaceful dear man in God's resting place. We will all meet you again someday Because of God's Saving Grace. May God be at your side to help you through your Barbara Jackson loneliness

THIS AD **WILL DISAPPEAR** IN THIRTY SECONDS

Wouldn't that be silly?

That's what is nice about newspaper ads. They don't disappear in thirty seconds. They stay around the home longer. The consumers you want to reach can read your ad at their leisure. And re-read it. And refer to it later. Or clip a coupon from it. Newspaper ads last longer and reach more people than that other media we sometimes hear from - if it happens to be on.

INVEST YOUR ADVERTISING DOLLARS IN CUSTOMERS, NOT A VOICE.

BEWARE OF

OPINION POLLS

U.S. Postal Service warns of swindlers claiming to seek life insurance information and personal financial data for public opinion polls. Swindlers use the information gained to forge loans against life insurance policies without the knowledge of the real policy-holders.

The swindlers may use telephone or mail solicitation. Credentials should be demanded and checked. Best bet is to ignore the request.

SLIMMIN' WOMEN

The Eldorado Slimmin Women meet every Friday morning at 9:00 in the Club Room of the Memorial Building.

On September 3rd, a queen was crowned for most weight loss during the past six week period, and a fruit basket was received also. Eight members were present for the meeting. New officers were elected for 1976-77.

We welcome all visitors and new members to our club. Please consider your health now before it's too late.

WEDNESDAY **BRIDGE CLUB**

The Wednesday Bridge Club met Sept. 15th with Mrs Mary Coupe for Dessert Bridge. Three tables of members were present and one guest, Mrs R.E. Griffith.

Mrs Leslie Baker won high score and Mrs Dick Bearce won Bingo.

Our Express News Business Spotlight falls this week on Richard Kent (that's why he's not smiling). Richard is a homegrown Eldoradoan who wanted to graduate from San Angelo Central High School. So he commuted...and

After 3 years in the U.S. Army, Richard came back home and worked as Service Manager and mechanic for the Chevy House. After that business closed, Richard started his present business there: KENT'S AUTOMOTIVE. (Apparently it wasn't Richard's fault it closed, 'cause he's been open for 5 years - EXCEPT Sundays.)

Richard's wife is Gloria, their son Michale is in Kendergarten, and their daughter Michele is in the 3rd He is an active member of the Eldorado Lions' Club, and

is one super guy (because he believes in advertising...or maybe I go away sooner when he advertises).

Congratulations, Richard, on a successful business. The Express News wishes you and your family the very best in the years ahead.

SECURITY **PAYMENTS** BEING MADE

dents of Schleicher County receive supplemental security income of \$4704 each month These payments are made to financially needy persons who are either over age 65, blind, or disabled. Most of the recipients also receive a monthly social security check according to Frank Upp, district manager of the San Angelo, Texas social securtiy office. Both programs, Supplemental Security Income and Social Security, are administered by the Social Security office.

As of March, 1976, 64 resi-

Of the 64 supplemental security income (SSI) recipients in Schleicher County, 45 are over age 65, none are blind, and 19 are disabled. The average recipient's monthly supplemental check is \$74. The check is printed on gold paper and is received on the first day of each month

LOCAL SOCIAL According to Upp, the monthly supplemental check may be as little as \$1.00 per month or as much as \$167.80 per month, depending upon the recipient's other income. All SSI recipients qualify for Medicaid and may also qualify for Food Stamps and Social Services benefits which are adminis-tered by the Texas Department of Public Welfare.

TAX RECORDS —

KEEP FOREVER

Under normal circumstances. federal tax records need not be kept for more than three years BUT, THERE IS A GREAT

BIG 'However'. IRS regulations state that supporting tax records must be kept 'for as long as their contents may be material in administering any Internal Re-

venue law'. It is true the statute of limitations prevents the IRS from aduting your return after three years or for you to file for a refund. Ah, but there is another but.

If no return was filed, or if a fraudulent return was filed, the

OWN MEETING TONITE

IRS can go back as far as it wants to. If you should forget to report as much as 25 percent of your income, the IRS can go back for six years.

You may not have committed any of these tax sins, but, you might have to prove it if the IRS thinks you did.

Save cancelled checks made for tax payments, and when you write them, indicate on the check the specific purpose for which it is being paid to the

In brief, keep supporting tax records....FOREVER.

FAITH LAYS THE FOUNDATION FOR GOOD CITIZENSHIP

members and their spouses

attended the buffet dinner held

it the Eldorado Resturant

The citizens of any free society may be native born or naturalized, but in either case good citizenship means obedience to the laws of the land, an interest in government at all levels which includes a willingness to participate in the election process, a generous community spirit, an active concern for the welfare of others and above all, a dedication to the never-ending task of maintaining the freedom with which we are blessed. Faith imparts the elements necessary to develop this kind of character, and the rules of conduct set forth in the Bible are the very requisites for good citizenship in any land. Keep these principles in practice by your regular attendance at the Church of your choice on the Sabbath.

County Extension Agent -**Home Economics**

There will be a program on microwave cookery at the Memorial Building on Thursday, September 30th, at 10 a.m. If you have a microwave oven and want to learn more about it or if you just would like more information on microwave cookery plan on attending this meeting. There is no charge. It is open to the public. .

Fifty-five 4-H girls signed up for the 4-H cooking program this fall. Group meetings will be starting soon. Anyone who is in kindergarten or older is welcome to participate. If we missed you and you want to participate please call the county extension office.

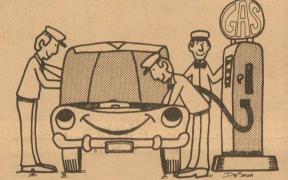

Two ladies from Schleicher County will be attending the State Home Demonstration Association Meeting in College Station this week. They are Ola Ruth Barbee and Connie Spence. The ladies left Tuesday and will be returning Friday. While at the meeting they will participate in workshops on health, safety, cultural arts, family living, 4-H, and citizenship.

The county 4-H clubs met last week to elect officers for the coming year. Officers for the senior club are: Todd Swift, President; Leonard Lloyd, Vice-President; Jay Behrens, Treasurer; Sabrina Jarrett, Secretary; Matt Bumguardner, Reporter and Patti Hausenfluck, Council Delegate. Junior Club officers are Kara Homer, President; Jimmy Lloyd, Vice-President; Dee Dee Clark, Secretary; Lou Ann Turner, Treasurer and Jill Pitts,

Remember, if you want to sign up for the 4-H foods program, call the county extension office. We will be happy for you to participate.

Senior tackle Barney McAlpine was injured last week in the Eldorado-Ozona football game. McAlpine suffered torn ligaments and chipped bone fragments as he was making a defensive play. He underwent surgery Sunday morning in St. John's Hospital in San Angelo. He was to be in a cast for 8 weeks, but was reported up and around Monday, and will probably return to school next week.

JUST JOGGIN' ALONG! by Ed Meador

The cool winds of Autumn are upon us, and after soaking rains these past few days, a lot of people will certainly welcome their arrival. It turned out to be a real short summer as far as hot weather was concerned, and I don't believe you will find anyone complaining about that. But it's time for some bright autumn days now, and the farmers are looking forward to some drying conditions that will enable a little grain cutting. It takes a few cool days and chilly nights to get everyone enthusiastic about the fall season, and, this being the first day of the season, 'tis a fitting beginning to a special time of the year, blue sky, cool winds and all.

I mentioned in this column last week something about football being a great teacher. Well, its a few other things too, like demanding, and not a little dangerous. And it also brings about a lot of pain and disappoinment. Barney McAlpine can tell you all about it after receiving a knee injury in last Friday's fray between the Eagles and the Ozona Lions. He underwent knee surgery Sunday morning at St. Johns Hospital in San Angelo and is recovering nicely at present. Barney will have to put up with a hip-cast for a couple of weeks, and then graduate to a walking cast for a spell. It was a short season for Barney, and most unfortunate to suffer such an injury in this his

But I'll be willing to bet on this----Barney knew the risks involved, and he'd give a lot to be back in uniform taking his chances the next time the Eagles take the field. He was doing an excellent job at his position, and the source of a lot of enthusiasm and leadership for the team. He will be sorely missed, but you have to know that Barney's still a member of the team and he will yield a tremendous influence even if it does come from the sidelines. Better luck, Barney, and a speedy recovery!

Jannette Wilkerson, our 'Something to Think About' columnist, came bouncing into my office the other day with an announcement that the doctor had suggested that she 'stop smoking so much and start jogging'. That was a prescription that a lot of people could use. Well, she breezed out of the office as though she was off to buy shoes, warm-up suit, and all the other necessary regalia, and I fully expected to see her breezing around the track. But then it started raining.....well, anyway, I'm sure it gave her something to think about.

In keeping with the season, the Eagles take on the Winters Blizzards this Friday night. They are another Class AA school, but not quite as formidable as the Lions turned out to be. I'm looking forward to the Eagles winning a game, and you can believe they are going to be trying all the way. What with the Eagles losing to the Lions and the SMU Mustangs taking a drubbing from ole' Bear Bryant's Alabama Crimson Tide, 'twas a bad time all around. The Aggies would say 'wait 'til next year', but that's a long time off.

County Executive Director,

BEEF RESEARCH AND INFORMATION PROGRAM WHAT IS THE BEEF RESEARCH AND INFORMATION

The Beef Research and Information Act, signed by President Ford on May 28, 1976 as Public Law 94-294, authorizes a nationally coordinated research and information program to improve, maintain, and develop markets for cattle, beef, and beef products. The Act gives the Secretary of Agriculture responsibility for determining if an order permitting cattle producers to establish, finance, and operate a program to accomplish those objectives should be issued. It is enabling legislation similar in nature to that authorizing existing programs for wheat, potatoes, cotton, and eggs.

WHAT IS A RESEARCH AND INFORMATION ORDER? Basically, such an order (for other commodities sometimes called a research and promotion order) is simply a book of rules to guide a program operation. In the case of a beef research and information order, it would authorize a Beef Board, composed of producers, with the power to collect assessments on the sales of cattle and use the funds so collected for beef research and information

WHAT ARE THE STEPS TO IMPLEMENT THE BEEF RESEARCH AND INFORMATION ACT?

(1) USDA issues rules and procedures; (2) Interested groups are invited to submit a proposed order; (3) Secretary decides if proposed order would further purposes of the Act; (4) If so, proposed order is published and notice is given of a public hearing on it; (5) Recommended decision is published and public comment is invited; (6) Secretary makes final decision on basis of evidence and comments; (7) If decision is favorable, order is issued and a producer referendum is scheduled; (8) Producers register and vote; (9) If vote is favorable, board is appointed; (10) Board sets up rules and procedures to operate program, subject to USDA approval.

HOW WOULD THE PROGRAM BE FINANCED?

Financing would come from assessments on producers' receipts from sales of cattle. The law sets a maximum assessment rate of one-half of one percent (0.5 percent) of the live animal value. Funds would be collected according to a value-added concept which would assess all sellers in the marketing chain, although sales of breeding cattle may be exempt unless the animals are sold for slaughter. The initial purchaser in the marketing chain would deduct the amount of assessment from his payment to the original owner. Each succeeding purchaser would deduct an assessment based on the current market value, representing an amount equal to the previous assessment plus an added assessment resulting from the animal's increased value during the seller's period of ownership. The purchaser at the point of slaughter would remit the assessment to the Beef Board. The Act gives producers not wishing to participate in the program the right to demand and receive a refund upon application to the

WHO WOULD CONDUCT THE PRODUCER REFEREN-DUM AND WHAT VOTE IS NEEDED FOR APPROVAL? Local offices of the Agricultural Stabilization and Conservation Service (ASCS) would conduct a referendum, although the Agricultural Marketing Service (AMS) would handle most USDA responsibilities under the Act. Producers eligible to vote are those who owned cattle during a designated 12-month period prior to the referendum. The law requires that beef producers register at least 10 days prior to the referendum in order to vote. For approval, at least 50 percent of those pre-registered must vote in a referendum, and two-thirds of those must

Public hearings will be held beginning this fall. The Secretary of Agriculture will make a decision after the hearings as to whether to call for a referendum. It is possible that the referendum might be scheduled in late spring of 1977.

Fall is here and now is the time & to re-pot your plants as you begin to move them indoors for winter.

(Christoval) The Christoval Cougars eased by a much weaker Rochelle Hornet team last Friday night by the count of 61-12 score. The Cougs began their domination of an early ending game from the opening kickoff. The Hornets managed just two plays deep in their territory before their own Mark Langseth was sacked in the end zone by a tenacious Cougar defense led by Currie Jones and Robert Wilson. After the ensuing kickoff, it took the Christoval offense just two plays to add six points to the two point safety as Jason Sullivan rambled 36 yards to pay dirt, untouched. Then, Darren Green made the 2 pt PAT good as he booted the ball through the uprights. After 1 minute of play the score stood 10-0.

COUGARS

CLAW

ROCHELLE

61-12!!!

Who said 6-man teams can't play defense? On the next play from scrimmage after the Hornets received the kickoff, Langseth was again trapped in his own end zone for another safety. The Cougar defense held Rochelle's total rushing game for the night to just 57 yards, and their passing game to 61 yards. Fifty of those rushing yards came late in the game on one play when Christoval was playing their reserves.

Following the safety, the Hornets kicked off to Christoval via a punt, and via broken tackles and a lot of zigzagging, Robert Wilson took the ball on his own 20 yardline and raced 60 yards for another Christoval score. The PAT kick was wide.

The Hornets made no attempt to return the ensuing kickoff and after four downs, gave up the football on their own 28 yardline. Christoval's Sullivan then punched the ball across the goal line from two yards out after just four plays. The kick try for the extra points was again wide and the first quarter score ended 24-0.

In the 2nd quarter, the Cougar's Tim Hayes took the ball on his own 2 yardline and raced up the middle for 78 yards and another 6 pointer. Darren Green kicked the 2 point conversion and the score was 32-0. The rest of the second quarter was marred by Rochelle's inability to move the ball, and Christoval's inability to complete a pass. The score remained the same going into intermission.

Christoval came out in the second half and quickly began dominating play again. Sullivan toted the ball 28 vards to the Hornets 21 yardline where Hayes ran the ball over the goal line for six more points. The PAT was no good and the score was 38-0.

Rochelle took the kickoff and with the aid of three long penalties against the Cougars, moved the ball to a first and goal on the 10 yardline. There, Billy Kelly found Brian Jones on a screen pass and a Hornet touchdown. The try for extra points was no good. It didn't take Christoval but one play from scrimmage to come right back and score. Hayes rambled 51 yards after breaking several tackles for the score. The PAT was no good and the score stood 44-6.

The Hornets failed to move the ball and gave it up to the Cougar's reserves on the Hornet 30 yardline. Three plays and the Cougars could not move the ball. On a 4th down situation, Darren Green split the uprights on a 36 yard field goal effort to make the score 48-6.

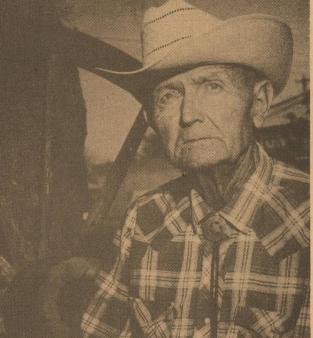

Against the Cougar's reserves, the Hornets mounted their only sustained drive. After doing most of the ball carrying, David Baker ran the ball across the goal line after a 20 yard scamper. The PAT was no good. The score,

It didn't take the Big Red machine long to end the game early in the fourth quarter. After a 5 yard return on the kickoff by Cory Solomon, Sullivan and Hayes took turns carrying the ball down to a first and goal on the 6 vardline. Hayes then ran the ball across and the score was 55-12.

Rochelle could not move the ball and gave it up on their own 9 yardline. On the next play, the game ended as Hayes ran it across to make the final score 61-12. For the night, Hayes was the top ball carrier in the game with 229 total yards rushing. That brings the Cougars record to 2-0 while the Hornets fell to 0-3. Christoval travels to Ira next week where they meet a 2-0 team that should prove to be a

PATE BOONE

A WEEKLY NEWS FORUM SERVING THE CITIZENS OF THE KNICKERBOCKER & CHRISTOVAL COMMUNITIES

"IT'S NEVER TOO LATE"

Pate Boone, who has been many things in his lifetime decided to publish a book several years ago. Due to some difficulty, beyond his control, this was never accomplished.

Never a quiter, Boone, age 87, started amew. This time he told the stories to Mrs. Rena Dee Gaines of Christoval who took them down in shorthand and typed them. The stories were published just like he told them, without any professional editing. Mrs. Gaines stated that sometimes the stories were so interesting, she would forget to write anything down, but would just listen to see how the story would end. He is a story teller that tells a great story to listen to or read.

Boone's book starts out by telling he's a great-great grandson of Daniel Boone. He paints a picture of his early childhood years from Greenvine, Texas where he was born. His Dad moved a lot and each town has some interesting stories. Midland had its share of "Colorful Characters" such as Uncle Peter of Five Wells.

When Pate was 14 and his brother, Bob 18, their Dad sent them to New Mexico to homestead a place.

He was living in New Mexico when he received the name "Pecos Pate Boone," which has stuck with him.

When his Dad decided to move back to Texas, he gave Pate and Bob all the wild horses they could gather. Little did they realize that these wild broncs were the beginning of what eventually would become "Boones Mexico Ranch Wild West Show.

In reading these stories, one gets the feeling of actually being there. They traveled all over Texas with their show, and also Nebraska, Iowa, Minnesota, Illinois, Missouri, and Oklahoma. They even owned their own railroad cars at one time to haul the show on.

After eighteen years, Boone sold the show. He moved many places. Hobbs, New Mexico and Christoval, Texas being the two towns that he has lived the longest.

In the paper two weeks ago, Travis Parker is shown with Cynthia Ann Parker, the buffalo. In his book, Boone relates how he got the buffalo and why he had to give her up. He can go see her anytime and she still recognizes

Mr. Boone sells his book at his Antique Store on Main Street in Christoval for \$6.95 plus tax.

Boone, now 88, will soon celebrate another birthday on October 22nd. He still does some blacksmith work. He makes gal leg spurs and bits. He also makes handmade knives. Boone made a cannon, which he shot off on the 4th

A few weeks ago he flew to Seattle, Washington to visit his 91 year old sister.

He still drives to Oklahoma to see his younger brother, Dee, age 78. Dee lives in Henryette, Oklahoma.

Anytime you are in Christoval, drop by Boone's Antique Store and sit a spell. More than likely, he'll tell you about one of his favorite bucking horses.

Mr and Mrs Clifton Johnson had two visitors in their front yard early Sunday morning. Clifton ran out and shot but missed the two Javelina hogs.

Mr and Mrs Bing Crosby entertained their daughter, Karen with a steak supper and dancing in San Angelo, Saturday night to honor her on her

Mr and Mrs Larry Buress have returned home from a month's vacation on the coast. Larry reported he caught a lot of fish but relaxed and had a

Mr and Mrs J.B. Jones had a barbeque last weekend tor their friends and neighbors and J.B.'s brother, Dick, from Eldorado. Also attending were the Jack Skinners, Lloyd Wicks, the Bodies, Leon Brazeals, Noelke McFarlands, Walter Henrys, Doris Arthur, Maureen Hudgins and Bob

Mr and Mrs Jack Skinner made a trip to An Antonio Saturday to visit their children, Sgt and Mrs Walt Richardson. Walt is stationed at Kelly Air

Rose Cypert reported she needed some news put in this week about her, because if the rains kept up she might wash away before next weeks paper.

Friday nights game brought out all the Ex's (football players, that is). The fence along the sideline almost got a ticket for overloading.

Children ASK!

Why am I always being yelled at?

Many people do not know what children are like. They have forgotten how they felt, reacted, and lived as a child. Adults often forget how children learn.

Children are very active, with short attention span. One reason for their misbehavior is that we try to hold them at attention too long. They learn better 'on the move' if it can be done orderly.

They are curious and want to know the how and why of things. They like to touch, smell, see taste and hear.

They are imitative. Blessed is the child who is surrounded by adults who are worthy of imitation. They want attention and approval. They may cry, 'show 's off', or show unusual behavior for attention. A wise parent

or teacher will direct this in a wholesome way. They are imaginative. They play house, pretend to be parents, teachers, etc. In fact, we can see ourselves

reflected by them if we listen. They are different. Children are not molded like dolls.

Each and everyone of them are individuals, some short, some tall, some fat, some healthy, some frail, etc. 'And Jesus said, 'Let the little children come unto me'.'

If you have a questioner, and a question that needs an answer that you don't have, send it in and we will give a try at helping you in the following issues of this paper. Write to ASK, % The Eldorado Express News, Box 782.

Congratulations to this years drill team. Friday night's routine was really spectacular. Keep up the good work girls.

There has been so much rain in Christoval the past two or three weeks that the vacant lots and some of the yards are knee-deep in weeds and grass. Had all this land been sowed in oats, we would all be about ready for the combines.

Mrs H. W. Gaston took part in a country market affair in Eola Saturday and Sunday, for the benefit of the fire department there. She reports that the community spirit there seems so high. Some of the citizens give credit for this to the fact that they redid an old store into a community center and every person seems inter-It has drawn them closer together as a commu-

Wayne Solomon left Monday to return to Trinidad, West Indies for his 28 days of work over there. While he was here, Wayne got to see three of Christoval's football games, including the Jr. Varsity game at Mertzon.

Margaret Shipley has returned home after spending about 6 weeks in Abilene with her daughter and family. Don and Jayne Cummings. The Cummings have a new baby girl named Dona Margaret. They also have two other children Susan and Scott

Cheryl Baxter of Malvern, Arkansas visited in Christoval last week and attended the Christoval-Rochelle football game and the Sock-Hop which followed the game. It was Cheryl's first time to see a 6-man football game, and she enjoyed both the game and the dance very much.

Mrs Kenneth Musiek will be in Corpus Christi's Memorial Medical Center Hospital two more weeks and really appreciated the cards, letters and flowers from her friends here at home. The address is 19th and Morgan, Corpus Christi, Texas, for those wishing to drop her a line.

Talked to the Lady Rainmaker Monday and requested a postponement of rain dances for a few whiles.

CHRISTOVAL FIRE DEPARTMENT

The Fire Dept. met Saturday, Sept. 18th at 7p.m.. The meeting was called to order by Travis Parker, Fire Chief. Parker reported that the ranchers cooperation was very good. He is obtaining area maps of local ranches. Parker also stated that he would attend Fire School in San Angelo and would like to encourage everyone to go.

Parker said that there would be markers to show the way to fires on ranches

There will be a Fire Truck Schooling for the next 4 Saturdays for those who want to learn about the truck. They will be held at 2p.m. at the Fire Dept.

Parker stated that a new Fire Chief should be elected vearly around August 25th.

Andy Allen received some supplies from the County for the fire truck. Some of the items were: 20 foot extension ladder; two good west coast mirrors; 6 or 8 screw drivers; new fan belts; booster cables; hydraulic jack; lug wrench; locked gas cap; flash light; and water can. A total of \$250 to \$300 worth of supplies. Allen was to see about getting a

WEDDINGS

Wedding vows of Miss Tracy Kerr and Michael Ray Walser were solemnized Friday, Sept. 3, at 7:30 p.m. in McCombs Baptist Church with the Rev. David Grossman

Parents of the couple are Mr. and Mrs. Tony Kerr of El Paso and Mr. and Mrs. Paul Walser of Chaparral, New

Given in marriage by her parents, the bride wore a formal Enpire gown of candlelight crepe-backed satin with sleeves and bodice of Chantilly lace. She carried a bouquet of white daisies, yellow carnations and gypsophilia. Maid of honor, Miss Leslie Kerr, bride's sister, wore a

mint green crepe gown accented with flocked miramist bodice and puffed sleeves. She carried yellow daisies. Attending the bridegroom as best man was Randy

Lunsford. A reception in the church fellowship hall followed the

ceremony. Assisting with courtesies were Miss Lee Ann and Miss Denise Walser, Mrs. Darlene Eaton, Miss Lou Ann Wood and Miss Becky Deroven. Out-out-town guests included Mr. and Mrs. Ronny Kerr

and family of Eldorado, uncle and aunt of the bride, and Mr. and Mrs. C.D. Henderson of Kermit, the bridegroom's grandparents.

The couple will make their home in El Paso, where the bridegroom is empolyed by Coca-Cola. He is a graduate of Gadsden High School.

The bride, a clerk typist at White Sands Missile Range,

is a graduate of Andress High School.

Eldorado's favor.

Eldorado.

punted for 45 yards on his first punt of the night. Ozona took over on their 18 yardline. 3 plays later Ozona

halfback Dehoyos fumbled and Mark Thornton recovered for Eldorado at the Ozona 14 yardline. Opportunity knocks 3 times...and the third time is the charm.

On 1st & 10 Ozona is offsides and the Eagles collect a 1st & 5 at the Lion 9. Harlin goes up the middle for 2. Then he rolls around left end for another 6 and the 1st down.

That makes it 1st & goal at the 3. Cawley finds no room on 1st. Harlin finds 2 yards on 2nd, and then follows his left guard into the endzone on 3rd & goal at the 1. Give Harlin 6 points for the TD and Bosmans 1 point for the PAT and you have a score: Eldorado 7, Ozona 3 with 8:14 left in the half.

Ozona returned the kickoff to its 45. Then marched 55 vards in 8 plays for a touchdown. The TD play was a 4 yard sweep around right end by 170 pound junior halfback Blake Moody. The PAT by Galvan was good and Ozona led 10-7 with 3:30 left in the half.

Eldorado returned the ensuing kickoff to their 30 yardline, but an illegal block made the Eagles begin at their 15. On 1st down, Thornton pitched to Cawley and John Ben scooted around right end for 11 yards and a 1st down at the Eagle 26. 150 pound junior wingback Ernesto Martinez gained 3 on 1st down. Then on 2nd & 7 Martinez over threw Bosmans on a halfback pass attempt.

The following down, Cawley was blasted at the line of scrimmage, the ball popped loose, and Ozona recovered at the Eagle 26.

Ozona tried for the "Bomb" on 1st down and Cawley avenged his fumble by intercepting the Ozona pass on the Eagle 1 yardline.

Eldorado had a 1st & 10 at their 1 yardline. 1st down saw Harlin pick up 4 to the 5 yardline. Martinez picked up 1 to the 6. Then on 3rd & 5, quarterback Mark Thornton rolled to his left to pass and Ozona's Dehoyos tackled him in the endzone. Give Ozona 2 more points and it was Ozona 12, Eldorado 7.

Three Ozona plays after Bosman's free kick the first half ended: 12-7 Ozona.

Eldorado received the 2nd half kickoff in steady rain, but couldn't move the ball. Bosmans punted for 35 yards.

Ozona, with 1st & 10 at their own 39, moved 26 yards in 5 plays. Then the Eagles forced a fumble and Eldorado's Lynn Whitaker stole the ball for the second time of the

Make it Eldorado 1st & 10 at the Eagle 31. Three plays later the Mean Green had moved only 2 yards, so Bosmans

A bad (most likely wet) snap from center and a hurried punt of 10 yards gave Ozona good field position with a 1st down on the Eagle 44.

5 plays and 1 personal foul penalty against Eldorado for a good hard tackle and the Lions were knocking on the door. Ozona 1st & goal to go from the Eagle 3 yardline. The next play sent 170 pound senior halfback Gary Warren

Eagle Of The Week

> LAST WEEKS WINNERS: Pansy Jay & Gene Stark

Ozona led 19-7.

Eldorado returned the kickoff to their 28 yardline, but failed to make a 1st down. Bosmans punted a 35 yarder that was returned 40 yards by Ozona. However, a clipping penalty set Ozona back to their 20 yardline.

On 1st down Moody scrambled over right tackle for 45 yards. Ernesto Martinez made the TD-saving tackle at the

The next play was a picture perfect TD pass from quarterback Vaden Ardridge to Gary Warren for a 35 yard "in the rain" scoring play. Again Galvan's PAT was successful, and Ozona led 26-7.

The Eagles could not move closer than the Lion 34 yardline and Bosmans was forced to punt for the 5th time. A low snap from center got past the Eagle punter and the

Lions recovered at their 49 yardline. Two plays later, Eldorado forces another Ozona fumble and the Eagles had the ball on their own 30 yardline. But the Eagles could only move 1 yard in 3 tries so Bosmans punts again. His 30 yard punt is returned 22 yards and a personal foul penalty against Eldorado sets up Ozona with 1st down on the Eagle 32 yardline.

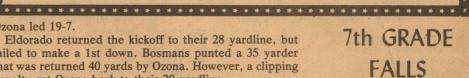

The Lions drove 24 yards on 1st down to the Eagle 8. They pushed 7 yards to the 1. And Warren goes over left guard for the score. With 7:50 left in the game it was Ozona 32, Eldorado7

For the remainder of the game, both teams could not advance past the other's 30 yardline. The game ended with both teams exhausted and Ozona on top by 32-7

Eldorado took a beating in this one. Most of the Eagles have to play both defense and offense. Ozona has enough players to have their boys go only one-way. This was a definite advantage to Ozona, as indicated by the 12-7 halftime score. But playing against a team that platoons is like playing against two fresh football teams.

Eldorado took a physical beating, with numerous injuries being suffered. But regardless of the final score, Ozona's Lions surely FELT Eagle claw marks the following Saturday morning.

Let's play Winters for Barnev McAlpine!

The Eldorado Jr High 7th grade football team opened their season last Thursday losing to the Menard 7th grade

Scoring in the ballgame came midway through the first quarter as the Menard fullback skirted around left end for a 35 yard run. The point after failed. The rest of the first half was a bitter defensive struggle with neither team able to mount a strong scoring drive. At the beginning of the second quarter Menard kicked off to Eldorado. The Yellow Jackets were able to hold the Eagles deep in their end of the field, eventually forcing them to punt. On the punt an Eagle interferred with the reception and the penalty that followed put the ball on the Eldorado 12 yard line. On the next play Menard carried the ball over the goal line for the score. The point after was good bringing the final score to 14-0 in Menard's favor. The 7th grade Eagles did a good job for their first outing of the season. Their play execution was good considering it being their first game of the season and except for the one long TD run by Menard, the defensive unit did an outstanding job, considering the size of their oppo-
