Project Show Starts Today

The 1983 Schleicher County Stock and Project Show kicks off Thursday, Jan. 13, at the County Barn.

Christy Meador is chairman of this year's Food Show committee. Others on the committee are Sherry Johnson, Becky Sterling, Julie Griffin and Prissy Paxton.

Billy Williams and Ronnie Mittel make up the Livestock Show committee. The catt'e division will have Superintendent Chris McCravey and judge Steve Hammack, who is the Extension Beef Cattle Specialist, District 8 out of Stephenville, Texas. Jimmy Martin is superintendent of the Lamb Division with Gene Tongate as the judge. Tongate is a lamb breeder and exhibitor from Brownwood. Frank Hermesmyer, Vocational Agriculture teacher from Wall, is this year's swine judge.

Sid Johnson, Marvin Roubison d Lynn Meador are serving as the ar-B-Q committee for the show. The annual Bar-B-Q lunch will be served at noon on Saturday, Jan. 15. Cost for the lunch is \$4.50 for adults and \$3.50 for children 12 and under. Extra meat will be sold following the meal.

The Stock Show dance will be held at 9 p.m. on Saturday Jan. 15, at the Showbarn. The Country Rimshots will be providing the music. Charge for the dance is \$3 per person or \$5 per couple

School Trustees Set Election Date

The Schleicher County Independent School District Board of Trustees met for their regularly scheduled session Monday night. Following the call to order the minutes of the previous meeting were read in which one correction was made. In a motion made by Lynn Meador during December's meeting pertaining to the possible purchase of a new pick-up for the agriculture department Meador had the minutes revised to state that the proposal to purchase a pick-up not be postponed until next year's budget but until funds were available. After the revision of the minutes, a non agenda guest was allowed to present his petition. Jerry Jones representing the motorcycle riders of Eldorado requested that the cyclists be allowed to continue to use part of the school property located on the south side of town. No action was taken by the board of trustees due to Jones' request not being posted on the agenda but, the board members

assured him that they would study his request further and that he would be on the agenda at the next regular session of the school board.

The trustees then set the trustee election for the first Saturday in April, the terms of the board's president, Billy Williams and Lynn Meador have expired. Helen Bebee was appointed absentee judge and Bill Gentry was named election day judge. The absentee votes will be counted the day of the election.

The board then placed its attention on the possible purchasing of a financial system micro mini computer in collaboration with Region 15 which

is attempting to purchase several financial computers at a bulk rate for distribution throughout Region 15's school districts. The computers are estimated to cost in the neighborhood of \$15,000-\$20,000 for the hard ware and \$2,500-\$5,000 for the soft ware.

The board then discussed and gave their permission for school Superintendent Guy Whitaker to investigate the aspects of painting the ceilings in the old portion of the school complex during the summer maintenance program. The painting project is expected to be considered a major adjourned. purchase and requests for bids for the project will be issued by the board. Whitaker was given permission by the

Fire In Mail Drop

Eldorado Post Master, Wayne McGinnes announced Monday that all mail that had been deposited in the out of town box located beside the post office had been destroyed. McGinnes stated that apparently the damage was a result of malicious vandalism and someone had purposely set fire to the contents of the mailbox. At present the Schleicher County Sheriff's department is investigating the case which is classified as a felony charge. Postal authorities have been notified and the matter will be pursued.

board to continue the upgrading program in equipment and furniture for the upcoming '83-'84 year. This year the early childhood unit will be refurbished as well as the science lab.

Guy Whitaker sought and received permission from the board to make if possible adjustments in personnel involving the athletic programs particularly the basketball programs for the boys and the girls. In an effort to, provide more assistance for these particular activites, the board then paid their maintenance bills and

Four True Bills From Grand Jury

Five indictments were issued from Monday's grand jury call. Victor G. Arispe was indicted for burglary of a building, Steve Flora received an indictment for felon theft, Randall Wayne Reid and Clifton Dukes Freeman were indicted for burglary of habitation, and Clifton Joshua Bell was indicted by the grand jury for possession of a controlled substance

(methamphetamine). The grand jury passed on a bill of aggravated assault allegedly committed by Randy Bushy, Bushy will be called before a future grand jury.

The district court also met Monday in a non jury trial in which Ray Ramos entered a plea of guilty to a felony theft charge. He was given a probated sentence.

Bosses Take Seats

Monday found three new Schleicher County Commissioners on deck and ready for action as the first meeting of 1983 of the Schleicher County Commissioners Court commenced

The meeting began with County Judge Johnny Griffin reading a letter to the Court from constructors of the new firehall stating that the firehall was nearing completion and would soon be ready for the fire department to take up residence.

Next came a formal request from Dave Barnett to build a private hangar at the Municipal Airport. Next came a equest from Alvin Riley, a farmer in Gaines County who in the past had been leasing a one half section of permanent school lands which Schleicher County is the trustee of, located in Gaines County. Riley's request was that due to the land's poor grazing capabilities he would be willing to put this property into cultivation in exchange for a longterm lease. At present the acreage is returning approximately \$1.50 per acre for the grass lease. Should the court and Riley come to some agreement, the property would be improved to the point of being worth approximately \$25 per acre after it had been put in cultivation. The court tabled the matter waiting for Alvin Riley to make the initial proposal.

Nancy Lester, the county's Home

Next Week In

THE LEADER

Demonstration Officer appeared before the court requesting permission to pursue the possibilities of setting up a free cheese and butter program in the county. At present qualified citizens, those over the age of 55, can be alotted 5 lbs. of cheese and one pound of butter per month through the federal program. The county, should this program be instated, would be responsible for 50 cents per case in storage with the Home Demonstration Club taking responsibility for the distribution. Mrs. Lester was given permission by the court to pursue this matter further.

During the financial report presented by A. G. McCormack it was learned that the county now has \$950,000 in funds on hand. It was also learned that last year, through sound investments of the county's undedicated funds approximately \$64,000 was made in interest.

The commissioners approved the bills and reviewed the budget.

A letter from D. R. Watson, Texas Highway Department Engineer based in San Angelo, requested that the commissioners sign a resolution requesting addditional funding for the State Highway Department from the state coffers. The motion passed unanimously.

During the J.P. report the commissioners learned that 199 cases were filed in the Justice of the Peace

The Sheriff's Blotter

Court House Records

court, 67 fines paid and a total of \$4,686.00 was returned to Schleicher County via J.P. court this past month.

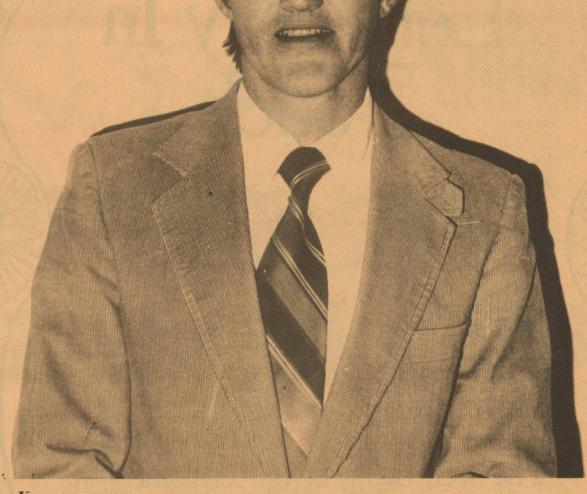

The commissioners voted unanimously to pay their portion of the new agriculture building, this total came to \$48,500. This was a cost share project with the county and the school district each involved at approximately 50 percent.

The commissioners then unanimously passed a motion to appoint Dr. Shih as the county health officer. The Grievance Committe next came under the approval and appointment of the commissioners with T. P. Robinson Orval Edmiston, Helen Bebee, A. G. McCormack and Johnny Griffin being selected as the county employee portion of the Grievance Committee. Six other names were selected from the voters registration list with two alternates being selected from the general populace.

The commissioners then selected seven holidays for the upcoming year in which the county would participate.

The commissioners voted to join the County Judge and Commissioners Association and discussed attending two seminars during the month of February.

Following adjournment for lunch the commissioners reviewed one request for private road work.

Kwast

Church of Christ Gets New Reverand

The new face behind the pulpit of the Church of Christ in Eldorado belongs to the Reverand Rusty Kwast. Rev. Kwast and his family arrived in Eldorado December 29th from his hometown of San Antonio, Texas, to assume the duties of Minister. Rev. Kwast and his wife, Donna have two children. Kristi, a first grader

and Brian who is in kindergarten. The new Eldorado minister graduated from Churchill High School in San Antonio in 1969, he then attended San Antonio Junior College and

Preston Road School of Preaching in Dallas where he graduated on July 4, 1976.

Over the past 61/2 years he has worked with churches in Tucumcari, New Mexico, Port Lavaca, Tex., Nacogdoches, Tex., and Universal City, Texas.

His primary responsibilities at these various churches have been: youth, Bible education, pulpit and Director for summer camps and retreats, teacher for "Good News", a weekly radio Bible class, editor for a

county-wide monthly bulletin entitled "The Way of Life". Most recently Rev. Kwast served as a deacon for the church in Universal City where he was coordinator of home bible studies.

When Rev. Kwast has any spare time he enjoys the outdoors and he likes to hunt, fish, ski, play golf and tennis. But he says his most enjoyment comes from "studying the Bible with people at their convenience." He also stated, "If I can be of help to anyone in anyway in the community please give me a call."

Kountry Kousins offer Dance Lessons

The Kountry Kousins Square Dance Club is kicking off the new year by offering square dance lessons to couples interested in participating in this fun filled activity.

A members meeting will be held Jan. 19th to set a date for the lessons to begin. Plans at present are for the lessons to start in early February, the Leader will publish the exact date when it is decided upon. Lessons will be \$5 per couple and will be held on Wednesday evenings in the Memorial Building at 7:30 p.m. The first two lessons are free and there are 30 lessons in the course. The following is a calender of the dances to be

held in the Memorial Building and the callers: January 7 - Jim Duvalt-Monahans, Tex. February 4 - David Drake - San Angelo, Tex.

den - San Angelo, Tex.

March 4 - Sonny Pawkett - Colorado City, Tex. April 1 - Bill Prichard -Eagle Pass, Tex. May 6 - Lee Roy Mars-

June 2 - Josh Frank -Richardson, Tex. July 2 - Sleepy Browning - Jayton, Tex.

August 5 - Gary Felton -Bryan, Texas

September 2 - Vern Weese - Houston, Tex. October - No Dance -San Angelo Festival November 4 - Jerry Jestin - Haltom City, Tex.

December 2 - Sleepy Browning, Jayton, Tex. For more information contact Jerry or Gloria Swift.

Loeffler Elected to **House Budget Committee**

The House of Representatives today approved a resolution electing Congressman Tom Loeffler to the House Budget Committee and reaffirming his membership on the House Appropriations Committee. In addition to these im-

portant committee assignments, Loeffler last December was appointed Chief Deputy Whip by Republican Whip Trent Lott Service on both com-

mittees will enable Loeffler to participate actively on two of the three major economic policy arms of the House. The third committee of this triad is the tax-writing Ways and Means Committee.

At present, service on the Budget Committee is limited to six years, but a **Budget Reform Task Force**

appointed by the Speaker, of which Loeffler is also a member, is considering changes in the entire Congressional budget process. These procedural and rules changes are expected to be considered early in the 98th Congress.

Loeffler has indicated that he will appoint Mary Sophos, who recently worked for Budget Director David Stockman, to handle Budget Committee matters for him. Working with Sophos will be Alan Kranowitz, Loeffler's Chief of Staff, who previously held a top position in the Office of Management and Budget under James Lynn, President Ford's Director of the Budget.

Sophos and Kranowitz have first-hand experience with the mechanics of the annual Federal Budget and

Phone outage

General Telephone Company experienced a toll (long distance) outage at approximately 3:40 PM Thursday, January 6 in Christoval, Eldorado, and Sonora. Persons dialing in or out of these communities experienced minimal toll service for approximately one hour and 15 mini.utes. The problem was caused by an equipment malfunciton in the GTE Christoval Central

Repair crews on the scene in Christoval isolated the problem and corrected it, restoring full long distance apabilities in and out of Christoval, Eldorado and Sonora by 5:00 PM the same day.

General Telephone knows this brief outage was convenient, and we apologize to our customers affected by it.

Free Trees

The National Arbor Day Foundation is giving three free Black Walnut trees to all new Foundation members joining during January, 1983.

The free trees, which are part of the Foundation's effort to promote tree planting throughout America, will be shipped at the appropriate time for planting this spring.

Black Walnut trees were chosen for this campaign because of their value and versatility, according to the Foundation. The Walnut trees bear sweet, edible nuts, and they are also used for shade trees, growing to 80-100 feet. Walnut hardwood is very valuable for making furni-

ture and cabinets. The National Arbor Day. Foundation, a nonprofit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The Foundation will give three free Walnut trees to new members contributing \$10.00 or more during January.

* The trees w'l be three to four feet tall and will be sent postage paid with enclosed planting instructions. They are guaranteed to grow. or they will be replaced free by the Foundation.

To become a member of the Foundation, and to receive the free trees. a \$10 00 membership contribution should be sent to FREE WALNUT TREES. National Arbor Day Found ation, Arbor Lodge 100. Nebraska City, NE. 68410. by January 31, 1983

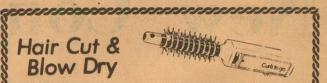

Junior Division up 20 Percent

Concern On Texas Farm to Market Roads

The battle cry, "Get the farmer out of the mud," that brought Texas a great Farm to Market Road system may be heard again.

The state's rural roads in some areas are literally being pounded into unpaved routes by heavy equipment serving oil fields, timber stands and lignite and uranium diggings.

Engineers of the Sate Department of Highways and Public Transportation (DHT) have become increaslingly dismayed by the rapid destruction of raoads built to serve lowvolume, lightweight traffic. You don't have to be a

student of economices or transportation to realize that we have a probblem that will affect every Texan," DHT Engineer-Director Mark Goode said. "Without adequate roads, it won't take long for increased costs of transportation to hit everyone's pocketbook.

Swift Places At Sand Hill's

Three area youths attended and participated in

the Sand Hill's Hereford and Quarter Horse Show last week in Odessa. Shawna Swift placed 2nd in medium weight class with a Hereford steer,

Gabe Schooley and Cody King each exhibited lambs. The steer show was held on Saturday the 8th and the lamb show took place on Thursday the 5th. Members of the families of the exhibitors also attended the Odessa Live-

Box 571 Eldorado, Texas 76936

DHT diverted \$12.5 million from this year's budget for emergency repair of the most critically affected roads but DHT maintenance engineers believe the funds are only a fraction of the total needed.

Most of the routes on the state's FM system were bult in the 1950's and 1960's in a massive construction program to provide better roads for farm-The Colson-Briscoe ers. Act, passed in 1951, provided \$15 million annually for FM roads, and was the Legislature's answer to farmers' complaints about muddy, rutted roads that had to be traveled before agricultural products could

get to market. The department built 41.000 miles of fm roads. getting more miles to the dollar by designing roads for the rural traffic that needed to be served. With that design, DHT provided

a network of secondary

routes that carried school

buses, postmen, farmers' tricks and indispensable farm equipment.

The boom in oil production, mining and timber, with many locations in remote areas, required a drastic change in DHT plans for periodically resurfacing the rural roads. Despite the fact that many FM roads are more than 20 years old - considered the design life by engineers -- seal-coat work at a cost of about \$8,600 a mile kept the system in excellent shape.

Now the department is faced with completely rebuilding the roads pounded by the heavy equipment -at a cost of \$61,000 per mile roads most critically A Texas Transportation

Institute study at new drilling sites in the Austin Chalk oil field in East Texas verified the rural road deterioration observed by DHT enginners.

At one site, TTI research engineers found, a rapid deterioration of the FM road's surface and base occurred -- even though only one oil well was being drilled in the area. In many locales, a road serves several drilling sites with a resulting increase in the depth of damage and the

speed at which it occurs.

The TTI study, coupled

Cotton Ouestions

Council will mail questionnaires this week to a sample of cotton growers to assess their 1983 planting intentions, President Edward Breihan said today.

The Council initiated its own survey las year when the U.S. Department of Agriculture consolidated its January and March surveys into one. This year's USDA survey will be carried out in February, and results will not be reported until late that month.

"The Council survey will provide planting intentions earlier,"Breihan said. "Individual cotton growers need this information for planning purposes. addition, Council delegates will need it for their policy deliberations at our annual meeting early in February.

"We want to encourage every grower who receives a questionnaire to complete and return it promptly," the Council president said. "Results will be made available to all cotton growers through announcements in the media. The Council's 1982 sur-

vey indicated that cotton producers planned to plant 11.8 million acres. Actual planted acres turned out to be 11.5 million, according to USDA.

Garry and the Senior Texans Mauro, Texas Land Com-Employment Program employing over 2,000 partmissioner, will also speak at the opening session of the convention. "I look forward to working with the TFU during the

Highway Disturbs Old Gravesite The National Cotton The remains of the

oldest known man in Texas and possibly North America have been discovered by archeologists at a burial site north of Austin. Dr. Frank Weir, head of

the archeology section of the State Department of Highways and Public Transportation (DHT), is certain the skeletal remains are older than 7,000 B.C. Exact dating for the burial remains will have to await radio-carbon testing which will take about a month.

What is possibly more significant about the site is the abundance of artifacts that have been found to depths of 12 feet or more. Typical sites in Texas yield 3 to 7 artifacts such as dart points and scrapers but this site, in continuous use

for at least 7,000 years, has already yielded over 100.

Dr. Dave Dibble, director of the Texasarcheological Survey based at the University of Texas at Austin, has termed it "the best Plainview site in the Western Hemisphere." Plainview is the term archeologist give to prehistoric artifacts of a certain type, generally the oldest in North America. Another significant

finding which the unusual quantity of artifacts yielded is that certain cultural groups thought previously to have existed in seperate historic periods were found to have inhabited the site at the same time. Dart points of the Gow-

er and Angostura types were found mixed during

SPORTS

Davina Vannett puts up a jumpshot in last week's Lions Club Tournament

Lions Tourney

The Mason Cowgirls took the championship trophy of the Lions Club Tournament last weekend by defeating Junction 39-15.

The Eldorado Eaglettes, defending champions of the tournament, were eliminated from action in their first two games. In their first round game, Eldorado shot a dismal 14.2 percent from the free throw line, making only 1 shot out of 7 tries. Julie Cash poured in 11 points as the girls took it on the chin to the Junction girls, 35-31.

Big Lake was the victor in the Eaglettes second game by a 29-25 margin. The Owls jumped out to a four point lead in the first quarter and held that cushion throughout the contest. Cash was again top scorer with 6 points. Stephanie Thomas had four points, Davina Vannett 5, Laura Lozano 3, Gina Patton 3, Amy Heald 2, and Margie Logan 2 to round out the Eagletee Scoring. The Eaglettes started

district action this week with games against Miles and Big Lake.

Eagles Bring Home Trophy

The Eldorado Eagles Varsity boys basketball team traveled to Big Lake January 6, 7, and 8 and brought home the consolation runner-up trophy.

The team was defeated by a very good Greenwood team Thursday in their first match. The Eagles stayed close in the first period. When the period ended the score was 16-14 with Eldorado behind. Greenwood scored 18 points in the second period while Eldorado was held scoreless. The final score had Green-

wood on top 74-48. Ashley Niblett scored 21 points while Victor Gutierrez had 11 in the losing game.

Eldorado took their second match over Alpine by a 56-51 score. Niblett again led scorers with 15. Victor Gutierrez poured in 14, Gregg Davidson had 10 along with Luke Brame, John Griffith had 4 and Joe Barrera had 3 to finish out the scoring.

In their third game, Eldorado played Sonora and beat the Bronco team for the first time this year. Eldorado fell behind 20-8 in the first period only to rally to whip Sonora 57-47. Niblett scored 24, Joe Barrera 12, Gutierrez 9. Brame 8, and Griffith 4 to finish the scoring. In theconsolation

game, the Eagles ran into a smaller, quicker Van Horn squad and lost by eleven, 58-47. Gutierrez had 15 points while Niblett followed with 10.

Ashley Niblett was named to the All-Tournament Team for his fine play throughout the tourney.

Stepahnie Thomas and Melissa Burleson scrap for a loose ball.
