

Sewer Permit Passes

The Texas Water Commission approved a proposal Monday to enlarge Eldorado's present sewer treatment facilities and begin discharging treated waste water into an unnamed tributary of the South Concho River.

The present permit allows treatment of 72,000 gallons of waste water a day and disposal only by irrigation. The new permit will allow up to

385,000 gallons a day to be treated and will allow the building of a new holding lagoon for treatment of the sewer water before the releasing into the tributary.

The plant is situated northeast of the intersection of U.S. Hwy. 277 and Texas Hwy. 915. Mayor Bob Lester and Councilman Ronnie Sauer attended the meeting which was held in Austin.

SCHLEICHER COUNTY LEADER

[U.S.P.S.] 342-470

Ten Pages February 3, 1983

25 cents

Eldorado, Tex.

A Leader Opinion

In a recent article published by the San Angelo Standard Times, a major flagship paper for the Harte-Hanks group, the largest newspaper chain in Texas, an alleged sports writer, Doug Nurse, allowed yellow journalism (something that seems to be a new fad in the Harte-Hanks group) to enter into his article. His explicit news story which he allowed his opinionated and biased viewpoints to be vocalized is as far from good sound journalism as one can get. Apparently his college training in journalism was for naught.

As everyone knows, coordination is needed in any athletic endeavor and Nurse obviously has none or at least it never surfaced in his article. Evidently Mr. Nurse's superiors at the Standard Times have let this sports writer slip away from his wet Nurse much too soon. His fondness of sensationalism has created everlasting animosities with the citizens and basketball teams of Schleicher County. We feel that he has made many friends in Wall at the expense of the citizens of Eldorado. Perhaps he might learn something about the game and the responsibilities of journalism should he happen to appear here in Eldorado.

The unnecessary and malicious attack on our roundballers of Eldorado would surely improve the circulation level of the Standard Times around the county. We wonder what gratification the reporter gained by personally attacking our young athletes.

If the Standard Times was really what it attests to be (the paper of record in West Texas) it's coverage would not be slanted to this degree and there would certainly be no room for lack of professionalism exhibited by Nurse on the staff. He puts forth his opinion that the boys from Wall were "smarter" than our Eagles. To our knowledge, neither Nurse nor any Standard Times staffer has done any form of IQ testing in Eldorado.

This is not the first time that we have seen papers of the Harte-Hanks group participate in biased or slanted journalistic tactics and more than likely this won't be the last time either.

But the icing on the cake comes when the chain is confronted by irate readers over the newspaper chain's coverage and lack of backbone in admitting an error. Several irate citizens of Schleicher County wrote the Standard Times pertaining to its coverage of the Eldorado - Wall game and the paper did everything but apologize. Granted, it is an employer's place to protect and defend his employee but on the other hand, wrong is wrong and words will not make it right. The citizens of Schleicher County received no apology. They were just led on a trip around the primrose path and we will further state that the good ole boys in white patent shoes that man the con of Harte-Hanks will never hear of the flack the Standard Times received over its sports coverage of the Wall and Eldorado game, nor will they ever hear of the response from the good citizens of Wichita Falls, Texas that confronted the Wichita Falls Times, a sister paper to the San Angelo Standard Times over an extremely gruesome coverage of a suicide. But in this particular instance which occurred this past month, at least the executive editor, Don James came down from his pedestal and authored approximately 20 inches of straight matter on how not to apologize for offending your readers. We at the Leader assume that this particular philosophy of these two Harte-Hanks papers attest to the validity of the words of the song, "It's hard to be humble when you're perfect in every way".

Youths Get A Kick Out Of Life

Sports, karate and Bruce Lee are favorites among two young gentlemen, Cole Turner and Jeffrey Patton.

Both of these boys attend school here in Eldorado during the week but, when Saturday comes they go to San Angelo to take their frustrations out in karate class. Their working hours last from ten o'clock until twelve o'clock. They begin class with a brief five minute stretch, then they one-step.

The one-step is a type of slow sparring used to get the fighters ready for action. After this, each participant is ready to spar "full speed" with a partner. Gloves are used both on the feet and hands to prevent bodily harm during contact. And how do these two boys like all of this? "I like it pretty much and sometimes I even get anxious for Saturday to come," says Cole, the younger of the two fighters.

Both Cole and Jeffrey have been enrolled in karate classes for a year and a half and each has already earned a green belt. Now all they like is a red and a purple belt before their dreams come true of being a black belt.

Look out Chuck Norris here comes Killer Cole Turner!!

SCS Has Funds Available With G.P.C.P.

The Soil Conservation Service has received its cost share funds for the Great Plains Conservation Program this year, says Carrol Green with the SCS in Eldorado. Green says producers can earn up to \$35,000 of cost-share assistance for installing soil and water conservation practices, improving their farms and ranches. The GPCP contracts provide about 50

percent of the cost of each practice. Producers have from three to ten years to complete the contract.

The Great Plains program has provided assistance for 60 contracts on over 150,000 acres in Schleicher County since 1962. Approximately 250,000 feet of terraces and 50,000 feet of cross-fences have been constructed within the past three years

through the Great Plains Conservation Program. Other practices cost-shared include brush management, range seeding, livestock water wells, livestock pipelines, water storage facilities, and irrigation pipelines.

Green urges those interested in this program to contact the SCS office while funds are still available. The SCS office is located at 127 South Main Street or phone 853-2720.

The March Of Dimes

The March is on. Make sure you join the parade this year. Yes, the March of Dimes has begun its annual campaign in soliciting your support and assistance in funding the foundation for birth defects.

The majority of the children born in the U.S.A. are healthy but for the

remaining minority the March of Dimes is the only friend some of these wee ones have.

You can offer your support by placing your dimes and dollars in the canisters found throughout the business community in Eldorado. Do your part, friend. Pitch in a dime.

Let Your Love Flow

Let your loved one know how you feel about them by declaring your love in the special Valentine's edition of the Schleicher County Leader.

The February 10th edition of the Leader will have a special section for Valentine greeting ads with a special price of \$2.00 for a maximum of 25 words. Hurry, because deadlines draw near.

by Gregg Davidson

Cole is the son of Mr. and Mrs. Sonny Turner and is in fourth grade. His future plans are to become a successful architect. He first became interested in karate after being told about it from a friend and from then on he pursued to "learn to protect myself." This little man who carries a big foot has participated in two tournaments, receiving one trophy at a tournament in San Angelo. When asked what his parents thought of his interest in karate, Cole replied, "My dad likes it and even wants my sister to get started in it."

Jeffrey Patton's chief ambition is to become - what else - but a professional fighter. This fifth grader is an avid sports fan and enjoys swimming, basketball, track, football and watching Herschel Walker. At age 10, he is the youngest of five children.

The main reason Patton became interested he says was just for fun. Aside from all of his other interest, he confesses that karate "helps your strength and discipline and helps you in sports. I plan to take karate as long as I can."

Jeffrey Patton, son of Mr. and Mrs. Gail Patton, gives the photographer a "kick in the lens".

Farmers Face Even Greater Risk In '83

Production and financial risks facing Texas farmers in 1983 take on greater significance during the current difficult times for agriculture.

A crop insurance program is one means available to farmers to counteract the production risks they face every year, reminds Dr. James Ahrenholz, economist-manager with the Texas Agricultural Extension Service, Texas A&M University System.

"There is a cost for such crop protection, and each farmer will need to look at his particular situation to evaluate crop insurance," Ahrenholz says.

The All-Risk Crop Insurance program is available to provide some protection against reduced crop yields from natural causes. The program allows farmers to choose among three levels of coverage. These are either 50 percent, 65 percent or 75 percent of the yield established for their farm unit, Ahrenholz reminds.

In addition, farmers may choose among three levels of price protection for their insured crop. For example, he emphasizes, the grain sorghum producers in Texas may choose either \$2.00/bu., \$2.40/bu. or \$2.60/bu. as the settlement price for any loss in production.

Many farmers have indicated that the area yield established for a crop on their farm does not accurately reflect their production and thus the protection they would like to have. The Individual Yield Coverage program addresses this concern. Thus, a farmer with 3 years of verifiable production records may be eligible to have the yield coverage increased for his farm unit by certifying those records with the county Agricultural Stabilization and Conservation Service (ASCS) office at least 15 days before the insurance sales closing date.

Crop insurance coverage will be increased for farmers participating in the

recently announced Payment in Kind or "crop swap" program. Yield coverage increases of 6 percent, 8 percent or 10 percent will apply depending upon the level of a farmer's participation in the Payment in Kind program. These higher yield guarantees are applied with no increase in the crop insurance premium rate, the specialist adds.

To participate in the All-Risk Insurance Program, a farmer must sign an application before the established deadline. That deadline has been set at March 15 for South, West, Central and Northeast Texas and the Gulf Coast. In the Texas Panhandle, South Plains and Rolling Plains, the deadline will be April 15.

Since these factors vary for each individual situation, insurance is one risk management tool that farmers should carefully evaluate, Ahrenholz suggests.

G.T.E. Upgrades

General Telephone Company spent approximately \$650,000 to upgrade service in the Eldorado area during 1982, according to GTE General Manager E. O. Cambern.

This investment includes replacement of aerial wiring and poles with underground cable in several locations southwest and northeast of Eldorado, as well as the upgrading of

some 8-party lines to 4-party lines.

Cambren added that Eldorado GTE customers are benefitting from their own telephone company local service facility, also new during 1982.

"Our customers can visit our local office to pay their phone bill, select new phones, initiate repairs, or apply for new service," said Cambren.

Lowest Inventory on Record

Texas sheep and lamb producers are beginning 1983 with the lowest inventory on record, according to figures released recently from the Texas Crop and Livestock Reporting Service. State Statistician Doug Murfield reported that the sheep and lamb inventory on January 1 totaled 2.2 million head, 7 percent below last year.

The stock-sheep inventory decreased 7 percent from 1982. Murfield noted that ewes one year and older dropped 2 percent from last year to 1.6 million head. Wethers and rams of the same age were down 12 percent. New crop lambs, those born after September 30, were 16 percent below a year ago, Murfield added.

The total 1982 lamb crop was 1.2 million head, off 4 percent from 1981. Sheep on feed as of the first of the year totaled 175,000 head a drop of 12 percent from 1982.

While sheep and lambs were the lowest level, the Texas goat inventory was increasing. The all goat inventory as of January 1 totaled 1.4 million head, 1 percent above 1982. Angora goats accounted for 1.1 million head, while Spanish and other goats

totalled almost 300,000.

Nationally, the sheep and lamb inventory of 11.9 million head was 8 percent below last year and the lowest inventory on record.

What Man In History do You Most Admire and Why

Lynda Parry: John F. Kennedy. He generated a feeling of peace in the world.

Jack Heffernan: John F. Kennedy. He was a good and brave man. He had good tactics.

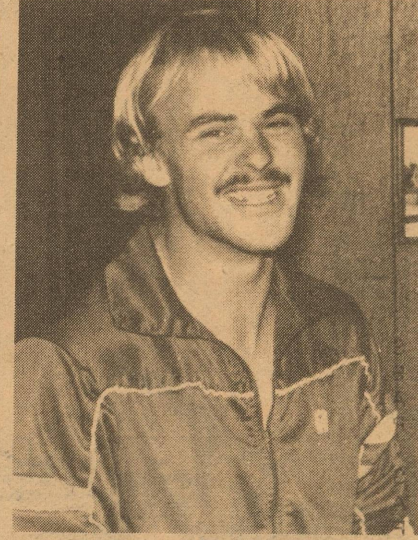

Troy Heffernan: General Patton. He did what most people didn't have the guts to do.

Ron Glasgow: Abraham Lincoln. He was an honest man and said things the way they were.

Roxann Pina: Abraham Lincoln. He freed the slaves.

Ray Blair: George Washington. He gave the country its form.

Farm Loan Drop in Volume for 1982

Austin, Texas - In 1982 the Federal Intermediate Credit Bank of Texas loaned \$2.5 billion to Texas farmers and ranchers through 30 Production Credit Associations (PCAs) and 17 Other Financing Institutions (OFIs) in the state.

James A. Rogers, a president of FICB, noted the figure was down slightly from the 1981 volume of \$2.6 billion due to adverse weather and economic trends in agriculture. Number of borrowers served also was down to 17,316 from 17,366.

"It is hard to dispute the fact that in 1982 Texas agriculture took some of its hardest blows since the Great Depression," says Rogers.

But the chief executive officer quickly adds, "We at FICB are taking steps to ensure the Texas Farm Credit System remains ready, willing and able to support to farmers and ranchers."

Rogers referred to President Reagan's remarks during the recent

national Farm Bureau convention held in Dallas.

Reagan said, "Let me allay any concerns that you may have regarding the Farm Credit System. I support it and expect it to continue providing substantial assistance to the farm community, as it has in the past."

Rogers continued, "There are no quick fixes or easy solutions to the adversity dealt to those in Texas agriculture. But we are working hard to continue providing constructive credit that farmers and ranchers expect and need."

In some cases Farm Credit has tightened their credit policies and are counseling ag producers on an individual basis," he says. "We want to support farmers and ranchers every way we can. However, we do not feel it is in their best interest to extend credit for operations that are obviously getting further and further in debt with no chance of getting out. There are situations where it is better to advise a potential borrower to sal-

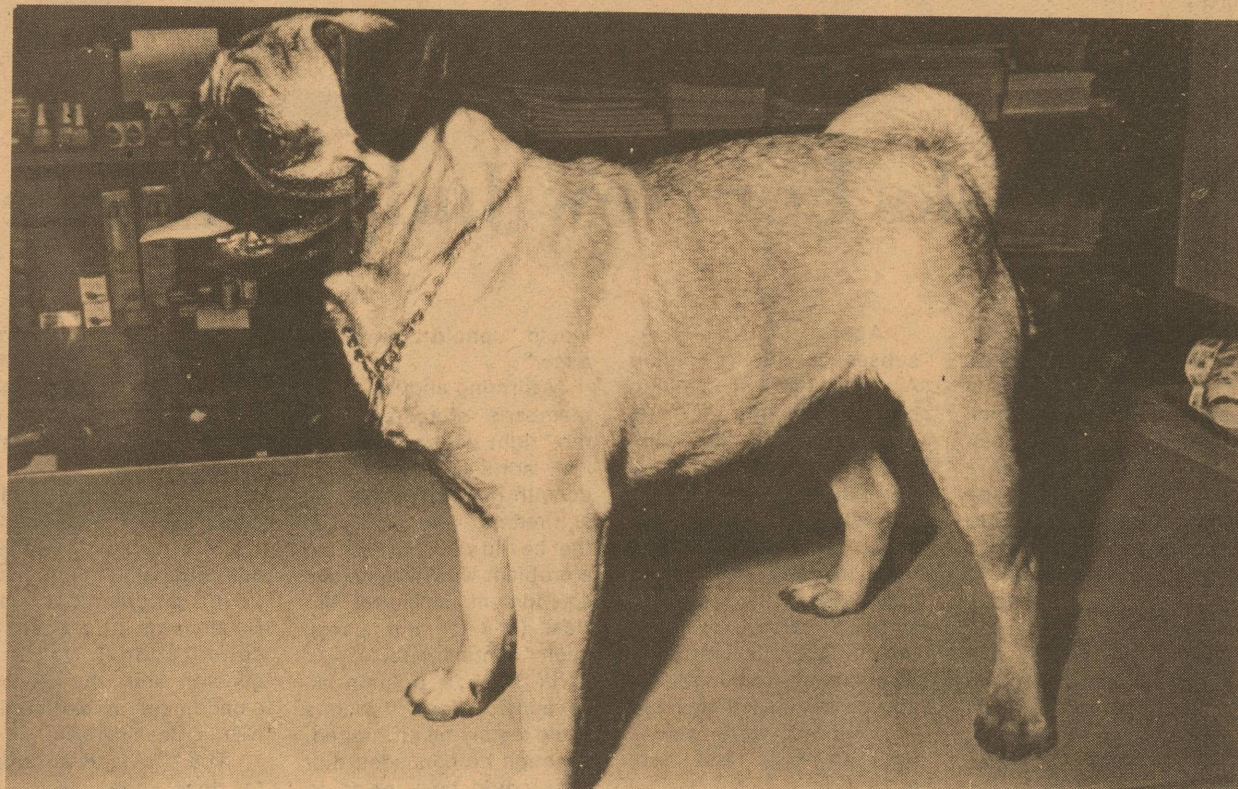

vage what he can rather than go further in debt."

"We have stressed compassion for the plight of the individual farmer, but the System's hard earned respect and the welfare of the majority of our borrowers cannot be jeopardized," Rogers says.

Rogers believes the Payment in Kind (PIK) program will buy time for some people to make needed adjustments and to reduce inventories. Other farm policy must be developed to move agriculture back to a sound financial basis.

Production Credit Associations have been a source of agricultural loans since 1933. Nationally they serve the credit needs of more than 380,000 farmers, ranchers and commercial fishermen, with more than \$22 billion in loans outstanding.

This pug took 1st place honors at the AKC Kennel Club Dog Show in Abilene last Saturday.

Pretty as a Pug

Miss D. C. Linh, a Chinese Pug, won a 1st place ribbon in her class (Puppy) at the AKC Kennel Club Dog Show last Saturday January 29th in Abilene.

"Puddin'" as she is affectionately called by her owner, Marie Sharp, captured her top honors in her first show. She will be going to Austin in March to compete in the AKC Dog Show where she will be entered in the Puppy Class and Open Class.

San Antonio Show and Rodeo

Have you ever milked a goat? Made sauerkraut? Handled a rattlesnake? Tasted pure, sweet strawberry wine?

You can milk, make, handle and taste; watch, play, listen and learn; dance, sample, ride and buy during the Special days events, Feb. 12-20, held in conjunction with the San Antonio Livestock Show and Rodeo. What's more, you and your community can participate in scheduled events, too.

Between Feb. 12 and Feb. 20, 1982, a special day has been set aside for communities in your area to show all the items that make them fascinating, productive, individual parts of Texas.

February 12 kicks off the special days events, highlighting West Texas with displays and samples of Bar-B-Que lamb, border buttermilk, and Del Rio wine. Bob Gray and His Western Band are scheduled for an appearance, along with booths, dance groups, video taped bull riding and many other

activities. Gary Kyle, chairman of the West Texas Day activities, can be reached at (512) 775-9124 for more information about how your community can become involved.

At the close of each special day, musical entertainment is scheduled for dancing. The following artists will make beautiful country music in the Harry Freeman Center between 7:30 p.m. and 11:30 p.m.

- Fri., Feb. 11 The Nashville Sounds
- Sat., Feb. 12 The Methany Bros.
- Sun., Feb. 13 Danny Jenkins & Sagebrush
- Mon., Feb. 14 Western Union
- Tues., Feb. 15 Bubba Littrell
- Wed., Feb. 16 George Chambers
- Thurs., Feb. 17 Frenchie Burke
- Fri., Feb. 18 The Methany Brothers
- Sat., Feb. 19 Cripple Creek
- Sun., Feb. 20 Jeff Thompson Band

Special Days activities, held in the Harry Freeman Entertainment Center, San Antonio, Feb. 12-20, begin each day at 10 a.m. and end at 6:30 p.m. During the course of Rodeo Special Days, thousands of Texans will pass through the Entertainment Center, eager to sample the wares of the various areas of Texas. The events provide an excellent opportunity for communities to shine in their areas of expertise and take part in one of the ten largest rodeos in the country.

W.T.U.

Help With Energy Cost

West Texas utilities Co. has announced a new energy savings plan providing cash incentives to encourage its customers to purchase high efficiency air-conditioning and home heating equipment.

The program is available for single-family residential customers. Don Welch, vice president and director of customer services, said the purpose of the plan is to urge customers to install higher efficiency equipment to help reduce the peak summer demand for electricity.

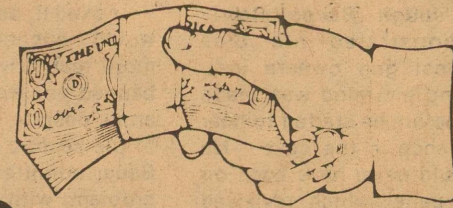

"If more of our residential customers install better equipment, we can make more efficient use of our present generating stations and prolong the installation of expensive new units," Welch said. "This would benefit all of our customers in the long run."

The new program provides cash incentives for air-conditioners, both central and window units; heat pumps, heat-recovery units for electric water heaters, and solar-assisted electric heaters in single family homes which are served by WTU.

The homes must meet WTU's energy efficient home requirements which involves such things as insulation, weather stripping, and storm windows. Homebuilders and air-conditioning dealers throughout the WTU service area have been informed of the new program. Details may also be obtained at all WTU local offices.

WTU offers a

CASH BONUS PLAN...

FOR INSTALLING RESIDENTIAL ENERGY EFFICIENT ELECTRIC AIR CONDITIONERS, HEAT PUMPS, AND HEAT RECOVERY UNITS IN A NEW OR EXISTING SINGLE FAMILY HOME.

E. S. P. (Energy Savings Plan)

NOW WTU WILL PAY YOU TO SAVE ENERGY. WHEN YOU BUY ENERGY EFFICIENT EQUIPMENT YOU NOT ONLY GET A CASH BONUS, YOU ALSO SAVE MONEY ON FUTURE ENERGY BILLS. WTU WANTS YOU TO BUY ENERGY EFFICIENT EQUIPMENT BECAUSE IT HELPS TO HOLD DOWN DEMAND FOR ELECTRICITY, AND LESS DEMAND HELPS US POSTPONE BUILDING NEW AND EXPENSIVE POWER PLANTS.

NRA Asks For New Judge In Case

The National Rifle Association says the "deck was stacked" in a federal appeals court ruling which upheld the constitutionality of the Morton Grove handgun ban because one of the judges in the case was biased. NRA filed a court action today asking that the judge be disqualified.

The NRA recently discovered that Judge William J. Bauer of the U.S. Court of Appeals for the seventh circuit appeared on PBS television while the Morton Grove appeal was before his court and publicly acknowledged that he saw no constitutional right guaranteeing gun ownership to American citizens.

Bauer wrote the majority opinion in the court's 2-1 decision last December which upheld a district Court ruling in favor of the Illinois town's controversial prohibition on the private possession of handguns.

"This case was decided before it was even heard," said Warren Cassidy, Executive Director of the NRA Institute for Legislative Action in Washington.

"Judge Bauer clearly demonstrated his bias against gun owners indicating his mind was made up before he started to hear evidence in the case. He should never have been on the panel which reviewed the issue," Cassidy said.

According to NRA, subsequent to the filing April 1, 1982 of opening briefs and prior to oral arguments May 28, 1982, Bauer participated in a panel discussion for a PBS television series, The Constitution, That Delicate Balance, and acknowledged his willingness to suspend certain constitutional rights like the first amendment freedoms of speech and assembly and the second amendment right to keep and bear arms.

The program with Bauer, entitled "School Prayer, Gun Control and the Right to Assemble," was taped last April but aired on most PBS stations this January.

In what was a clear reference to the Morton Grove ordinance, the program's participants were presented a hypothetical situation where a community passed a law banning the sale of firearms.

Asked if he would vote for such a law if he was a city councilman, Bauer responded, "Absolutely, no question about it."

Asked if, as a judge, he would support an even more restrictive law which banned possession of firearms despite the wording of the second amendment, Bauer admitted he had no problem with the constitutional provision and

would "uphold their ordinance."

Affirming another panel member's statement that the "right of the people to bear arms has nothing to do with the citizen keeping a firearm," Bauer noted that he did not "have as big a problem with the second amendment as even Mr. Neal (one of the panel) might contemplate."

In Bauer's opinion all privately owned firearms could legally be prohibited, although he conceded that arms could be allowed to individuals on active duty in the "militia."

"What we are really talking about is how far you can go. I think that you can separate the bearing of arms from the militia situation, say, I'm perfectly willing to do this and see your ordinance and add to it: anybody in the militia

Tell I.R.S. If You've Moved

If you move after filing your federal income tax return and you are expecting a refund, notify the post office serving your old address as soon as possible, the Internal Revenue Service says.

The IRS Service Center where your return was filed should also be notified in

writing of the address change. This will help the IRS to forward any due tax refund to the new address as soon as possible. When advising the IRS of your address change, your Social Security number must be included in the correspondence.

can keep and bear arms wherever he is in the militia and on duty," Bauer said. "You uphold their ordinance," the moderator asked.

"I've upheld their ordinance," Bauer responded.

"It's obvious from these and other statements made on this program that Judge Bauer holds little regard for constitutional rights in general and the second amendment in particular," NRA's Cassidy said.

The NRA and attorneys for local gun owners in Morton Grove have petitioned for a rehearing before a new panel of judges of before the entire court of appeals. That petition, filed Jan. 3, cites what appellants' attorneys charge were errors in the first court's interpretation of the Illinois and U. S. Constitutions.

They Come In Twos

Late Wednesday afternoon, a small wonder happened that we don't see often on the Robert Bruton ranch.

A four and a half year old Hereford cow had twin calves. Now that is pretty darn rare! But hold on, this was her second set of twins and from the same bull!!! The twins included 1 heifer and 1 bull. The cow has had 5 calves in three years with two sets of twins and 1 single.

Heavy Rain

Short Time

A short sporadic rain fell on the city early Monday morning. According to the Leader source, Pat Joiner, we received another .05 of an inch. Add that to our total for last month and for the new year we have a total of 2.41 inches of moisture.

Feb. 27 Set

As Roping Date

The fourth annual Smokey Kuykendall memorial Roping will be Sunday, Feb. 27, at the Logan Stevens Arena 17 miles southeast of Brady off Highway 71. The event will benefit the West Texas Rehabilitation Center.

Introduction of ropers is set for 11 a.m. Officials say the roping is four for \$40, progressive after one. Contestants will go six times, and buckles will be awarded to average winners.

Also on schedule is a Chinese auction and an evening barbecue. Books will close at 11 a.m.

WTRC operates campuses in Abilene, San Angelo and Snyder and treats about 10,000 annually.

Loeffler Reports On 98th Congress

As the Congress, the Cabinet, the Justices of the Supreme Court, and the Diplomatic Corps sat together on the Floor of the House of Representatives to hear the President's State of the Union address, it was readily apparent that we were hearing a speech quite different from those which had preceded it in 1981 and 1982.

Perhaps most striking of all was the fact that on seven different occasions the President called for "bipartisan" efforts to seek responsible solutions to the many problems which Americans face today.

The President's words struck a very responsive chord with me. In the 97th Congress, serving as Deputy Whip, much of my time was spent forging the successful bipartisan coalitions which passed the initial stages of the Economic Recovery Program. In the 98th Congress, the numbers are different. One can no longer count the necessary 218 votes — a majority on the House Floor — composed primarily of Republicans and conservative Democrats. On selected issues, the old coalition may certainly still be there. On many other issues, however, new bipartisan coalitions must be formed and, frankly, that magic number of "218" may be composed of different Members on every occasion.

Nonetheless, those coalitions must be formed. The problems which face all of us are too great to allow posturing or partisanship to defeat the goals of a sustained economic recovery. There must be compromise, there must be consensus, and there must be pragmatism. As the President noted, the work of the Social Security Commission marks an important step in the right direction and should serve as an example on which to build successful solutions to the other grave problems of the day. The seasoned Washington editorialist, David Broder, summed up the situation very well: "The brutal reality of our situation is forcing everyone away from doctrinal rigidity and into a search for action. Stalemate is intolerable in times as serious as these."

In the 98th Congress, your representative will serve as the Chief Deputy Whip, a ranking leadership position on the Floor of the House. In this role, it will be my responsibility to work with the White House and Members of Congress on both sides of the aisle to forge the necessary bipartisan coalitions to prevent stalemate. We shall continue to work closely with the Boll Weevils, but we shall also reach out to all responsible Members of the House as we seek the votes to enact necessary legislation.

One of the first places to start will be the House Budget Committee, to which I have been appointed for a six-year term. Along with my permanent position on the Appropriations Committee, activities on Budget will place us in the center of economic decision-making.

Unlike Appropriations, the membership of Budget is weighted toward the left of the political spectrum. One can imagine, therefore, that there will be many attempts made to impose new taxes as a method to reduce the Federal deficit, to create make-work public service job programs as a method to reduce unemployment, and to unnecessarily slash defense spending as a way to protect Federal programs which have outlived their necessity and their usefulness. Using the President's recommendations as a beginning, however, I believe we can put together a budget which will not return us to the old days of tax and tax, spend and spend, but will instead move us further along in our efforts to reduce interest rates and unemployment while keeping the lid on inflation. Frankly, I am eager to roll up my sleeves and get to work.

Reflecting on the 97th Congress and looking forward to the 98th, I am simultaneously honored and humbled by the responsibilities which have been given to me. As ever, I pledge to devote every ounce of my energy to the tasks ahead, and, as always, to ensure that the voices of the 21st Congressional District of Texas are heard and heeded at the highest levels in Washington.

Campus Housing Rates Increase

The TSTI Board of Regents approved a price increase for campus housing and board plans on the four TSTI campuses.

Meeting in Waco Monday, the board increased rates for the Sweetwater campus's men's dormitory from \$250.00 to \$300.00 per quarter. Student apartment rates were increased from \$330.00 to \$390.00 per quarter.

New quarterly contract board plans are \$160 for five meals per week, \$280 for 10 meals per week and \$325 for 15 meals per week.

The price increase will take effect Sept. 1, 1983.

Dairy Mart

Site Of 42 Game

Mrs. Jake Spencer hosted the 42 Club in the Dairy Mart Club Room Thursday.

Those present were: Bessie Doyle, Lois Ethredge, Annie Speck, Viola Finnigan, Maude Bassinger, Opal Parks, Jewell Van Dusen, Mildred Stanford, Lillian Mikeska, Etta Ruth Dannheim, Louise Logan and the hostess. Everyone had an enjoyable evening playing 42 and afterward refreshments were served.

According to Sweetwater campus General Manager Herbert Robbins, the increases are necessary to keep up with the rising costs of maintaining the housing units and the cafeteria. Both are operated on a non-profit basis, he said.

In other action, the board also approved the

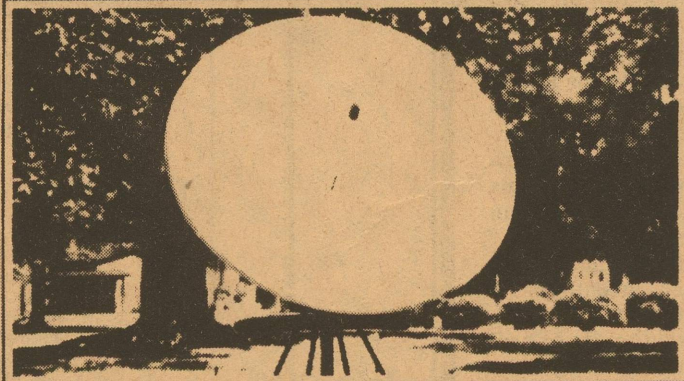

demolition of a 1000 square foot building deemed unsuitable for use on the Sweetwater campus. The building had served as a maintenance work area prior to the completion of the new physical plant.

The next board meeting was scheduled for March 20 and 21 at TSTI-Amarillo.

Loeffler Opposes 10% of Interest on Income Act

Congressman Tom Loeffler today introduced legislation to repeal the automatic withholding of 10 percent of interest and dividend income.

permitted to keep their own money to use as they see fit until their tax bill officially comes due on April 15," Loeffler added. "This

is the most unfair and insidious effect of the entire provision." Loeffler called for swift passage of this bill.

This automatic withholding provision was part of the Tax Equity and Fiscal Responsibility Act of 1982 which Congress approved last August.

"I opposed the 1982 Tax Act and have consistently opposed withholding taxes in all my years in Congress," said Loeffler following introduction of his bill. "As you know, the 10 percent withholding of interest and dividends will not actually take effect until July, 1983. We in Congress have both the opportunity and the responsibility to repeal this provision quickly and spare our citizens and businesses the bureaucratic nightmare this legislation will undoubtedly cause."

Loeffler called the withholding tax provision an affront to honest taxpayers, pointing out that "the IRS already has the mechanism, if not the will, to collect taxes due on interest and dividend income."

"Right now, each and every American who receives interest income receives a Form 1099 annually stating total amounts received. An identical Form 1099 is filed with the IRS. If the IRS is currently disregarding the information already reported in Form 1099, I see no reason to collect the same information through automatic withholding."

A 1981 IRS study indicates in fact that when the IRS is given information such as a Form 1099, there is voluntary compliance of 96.7 percent without withholding.

"In effect, under the new withholding provision, taxpayers are not being

Silver Anniversary at Church

The First Christian Church of Eldorado celebrates its 25th anniversary this Sunday.

Everyone, past and present members are invited to attend. Dinner will be served on the grounds after the 11:00 services.

Youth Drives Kicks Off

The March of Dimes Youth Drive will be Saturday, Feb. 5th with the kickoff starting at 9:30 at the Memorial Building. All youth wishing to participate with the drive are urged to come out and have a good time. Refreshments will be served and prizes will be awarded to the youth with the highest donations.

Merchants participating in the prizes for the youth are: Perrys, McCalla's, Eldorado Restaurant, Casa Arispe, Magic Pan Pizza, Cathy's and S & D Laundry.

Can you believe the Standard Times? I don't know about you but I have had enough! What do these guys have against Eldorado? I mean the "supposed" news article by alleged sports writer Doug Nurse was bad enough but that item they referred to as an "editors note" was too much! Was the editor apologizing? Definitely not my idea of an apology. In case you didn't see Monday's Standard Times, a few of our citizens sent letters, which I was glad to see, commenting on Mr. Nurse's so called article. But if the editor thinks his little note will pacify the good people of Eldorado, he has another thing coming!! I realize large newspapers, including the Standard Times, have high opinions of themselves but we can assure them that they are not the top of the hill as shown to us by their hired help. Their coverage is also lacking as Eldorado has hardly ever received coverage like Wall receives, except when on a losing note. For instance, my junior year in football we beat Wall 7 - 3. The Standard Times headlines read "Wall Loses 3 - 7". Then my senior year in basketball we gave wall its only district defeat AT WALL. Guess What? No coverage at all!! There are many other instances I could relate about but on to other irritants.

How come the Standard Times waits until Wall plays the district's last place team? Because Wall can't beat Big Lake or Stanton by 40 points, that's why!!

Why did the head honchos at the Standard Times send someone who couldn't even get the game's high scorer correct.

The last time I talked to Niblett, his name was Ashley, not John.

Was Nurse trying to gain friends in Wall? I hope not because a few people from Wall and even a Wall coach have called to apologize for the article. But what really riles me up is the "editor's note". He insinuated that we interpreted the word "smarter" wrong. Why can't they admit that Nurse used it wrong.

Why should we be angry? This guy Nurse obviously knows nothing about sports. I would probably wager that the closest he has come to participating in real sports at any level would be the bleachers.

★★★

How about those Skins? The Washington Redskins scalped the Miami Dolphins 27 - 17 Sunday afternoon in the Super Bowl.

Led by John Riggins record setting performance and little Alvin Garrett, former Angelo State star, the Redskins overcame a first half Dolphin lead. Riggins' 43 yard TD run in the 4th quarter nailed the lid shut on the Dolphins' hopes for a World Championship. Garrett caught a touchdown pass off the arm of NFL Man of the Year and Redskin quarterback Joe Theisman. Personally, I was pulling for the Skins because any team that beats the Cowboys should win it all.

★★★

Eagle Coach Don Richters shows his feeling when one of his players puts it in the bucket.

Eagles Claim First District Victory

The Eldorado Eagles claimed their first district win of the year with a 44 - 40 victory over Miles here last Friday night.

The Eagles outscored Miles 7 - 2 during the first quarter in which both teams missed many opportunities to score by committing several turnovers. Eldorado was up by 9 points at halftime, 26-17.

Ashley Niblett poured in 19 points while Victor Gutierrez had 16 to lead the Eagles.

The Eaglettes' second half record dropped to 0 - 2 Friday when they let Miles slip away 40 - 39. Eldorado led throughout the game only to have Miles catch them with 4 seconds remaining in the contest. The girls held a one point margin with approximately

25 seconds left when a Miles player grabbed a rebound and was fouled. She converted the charity shots to give Miles its 40 - 39 victory. Laura Lozano and Julie Cash led the Eaglettes with 11 points apiece. Stephanie Thomas had 5, Shanna Swift 4, Victoria Powell 4, and Davina Vannett, who fouled out in the 3rd quarter, ended up with 4 points.

This Big Lake girl will learn not to get into Margie Logan's way anymore!

Eaglettes Take Two From R.C.

Gina Patton converted four free throws in the waning minutes of the fourth quarter to hold off a furious Big Lake rally as the Eaglettes defeated an upset minded Reagan County squad, 41 - 38.

The Eaglettes held a fairly comfortable eight point margin at halftime and stretched it to a 14 point lead going into the final period. But Big Lake

put on its final surge and outscored Eldorado 18 - 8 in the final period. Patton came off the bench to score 6 of the Eaglettes 8 fourth quarter points. Davina Vannett, led the Eagle scoring with 11 points. Julie Cash scored 9 points while Laura Lozana had 7. Patton scored 6, while Margie Logan and Stephanie Thomas contributed 4 points. The Eaglettes won their first game in the

second half of district after grabbing the runnerup spot in the first half. The junior varsity Eaglettes, led by Stephanie Field's 16 points, defeated Big Lake JV 31 - 23. Eloisa Hill added 4 points while Jennifer Willoughby, Charlotte Mobley, Missy White, Michelle Walker, and Kara Garlitz all contributed 2 points. Vicki Simmons finished the scoring with one free throw.

Eagles Lose Heartbreaker

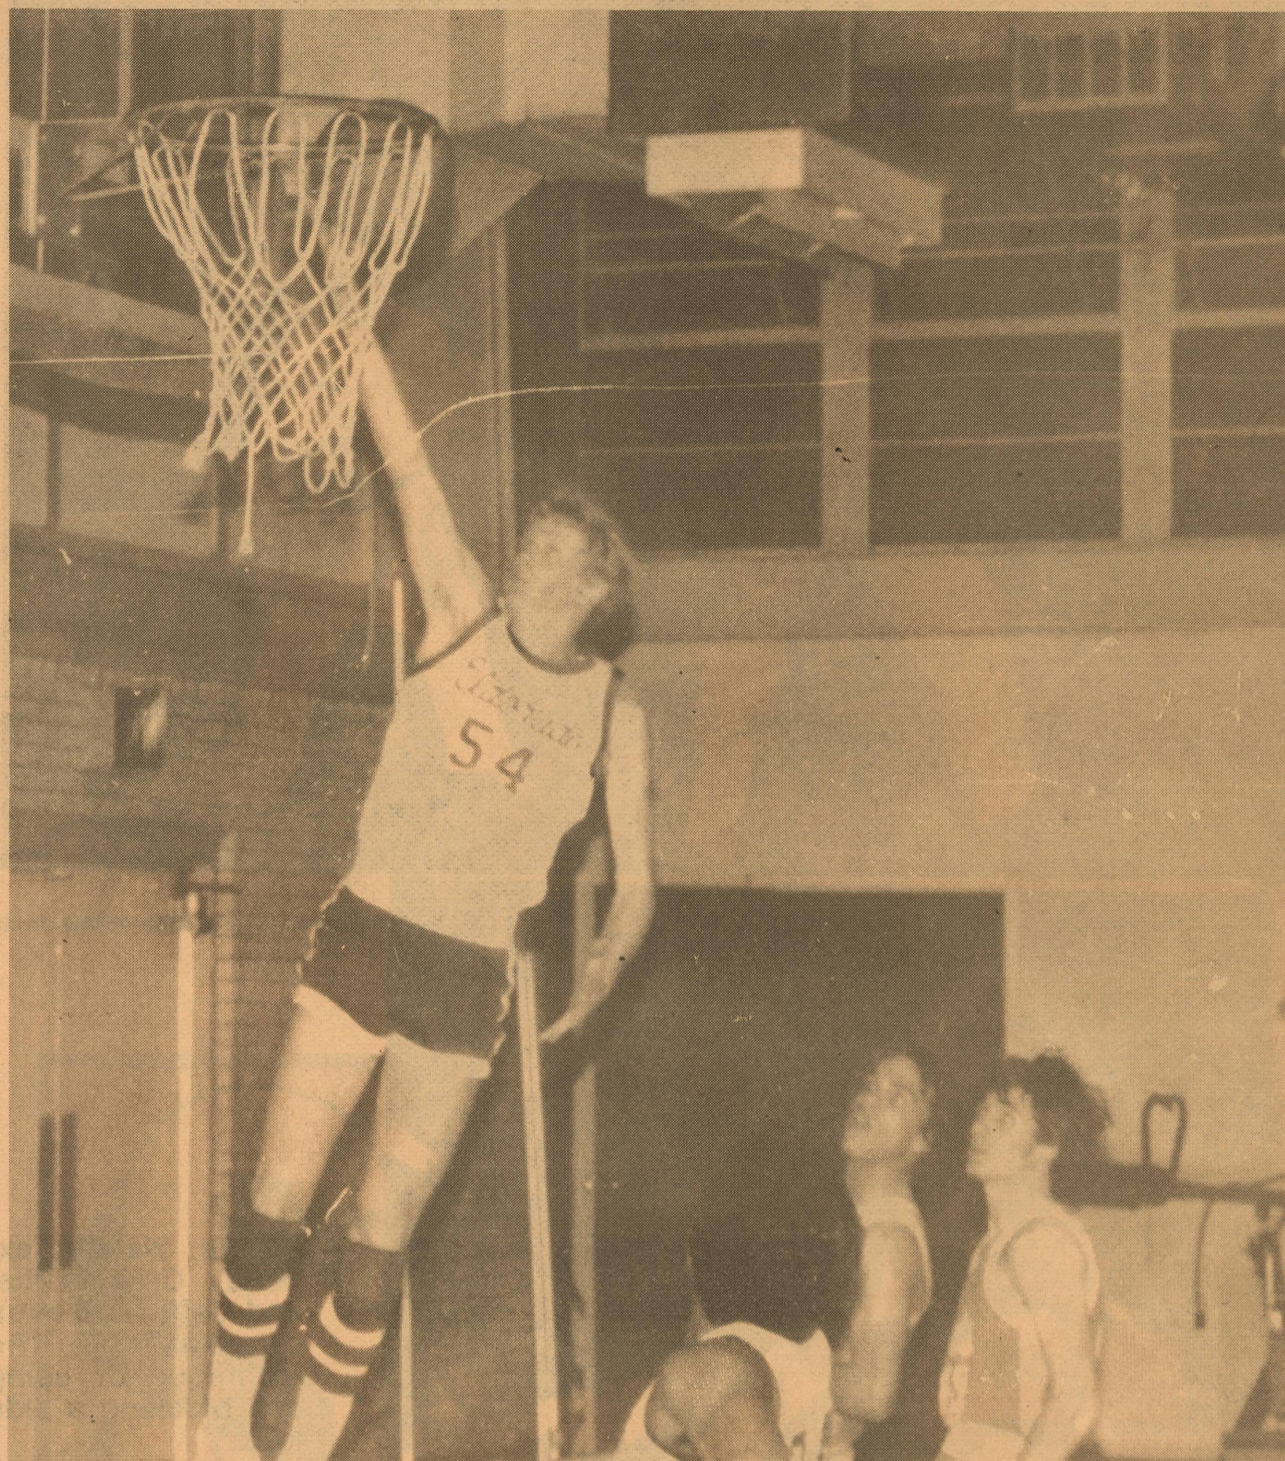

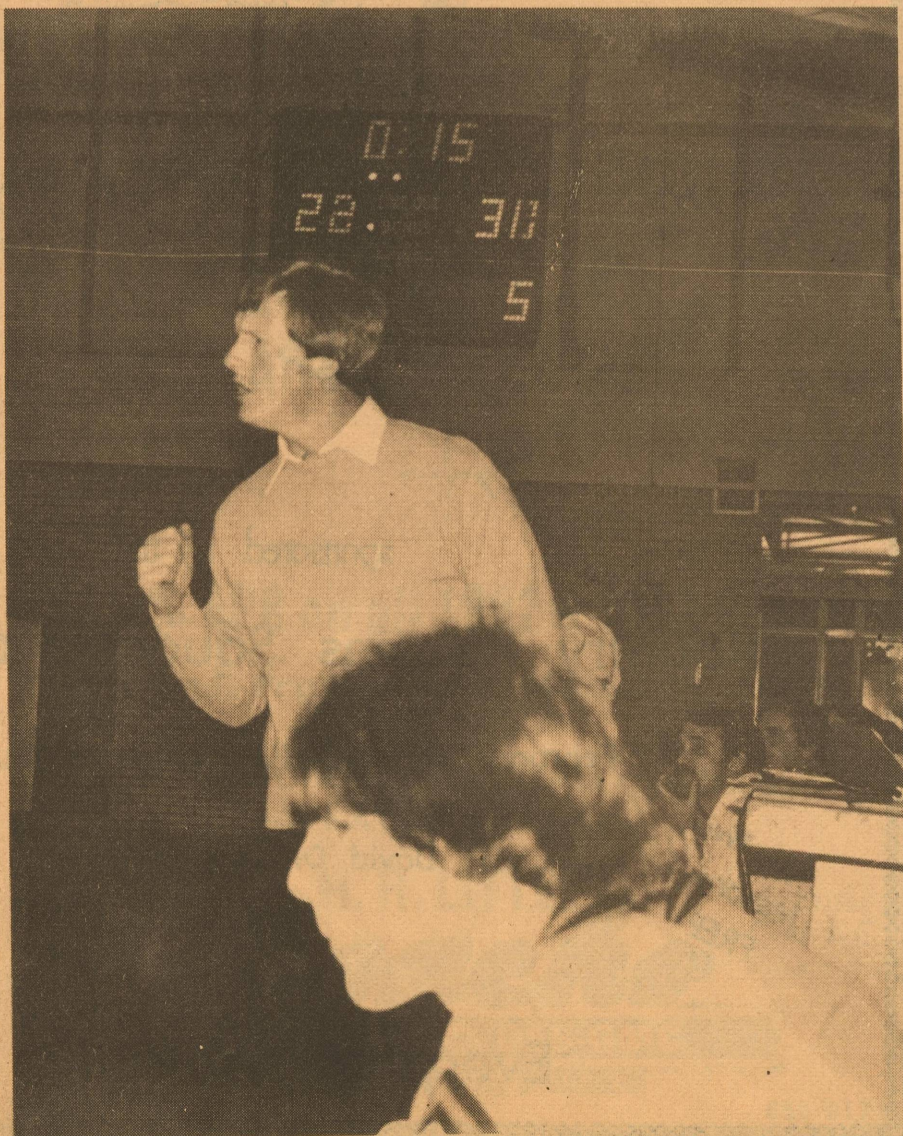

Reagan County Just Too Tough

The Eldorado Eagles, playing as if a district championship was on the line, lost a hard fought battle at the hands of the Reagan County Owls, 59 - 51, Tuesday night in Eldorado.

Big Lake took a 20 - 14 lead as the first quarter

ended and led only by 1 at the half, 32 - 31. The Owls upped their lead to ten by the end of the third quarter while Eldorado battled to an eight point deficit when the final buzzer sounded. Ashley Niblett led Eagle scoring with 16 points. Victor Gutierrez scored 12,

Jeff Harlin 10, and Luke Brame 7 rounded out top Eagle scoring. Reagan County took the JV game by the score of 51 - 30. Jimmy Turbeville poured in 11, Mike Belman 10 and Eric Cheatham 9 to lead the B-Team.

Ashley Niblett isn't going to let anyone block this

shot as he flies high to make a lay up against Reagan County.

Cougars Up Their Undefeated Mark

What was expected to be a tough game turned out to be an easy victory for the Christoval Cougars Tuesday night over Water Valley.

Pressuring Water Valley with a devastating full court press, Christoval forced numerous turnovers and mistakes and converted them into Cougar buckets. This effort enabled the Cougars to take a ten point lead into the locker room at intermission.

The second half turned out to be even better for the Cougars as Toby Galindo

led a furious fast break that kept the district leaders in control the rest of the game.

The final score ended up at 57 - 24.

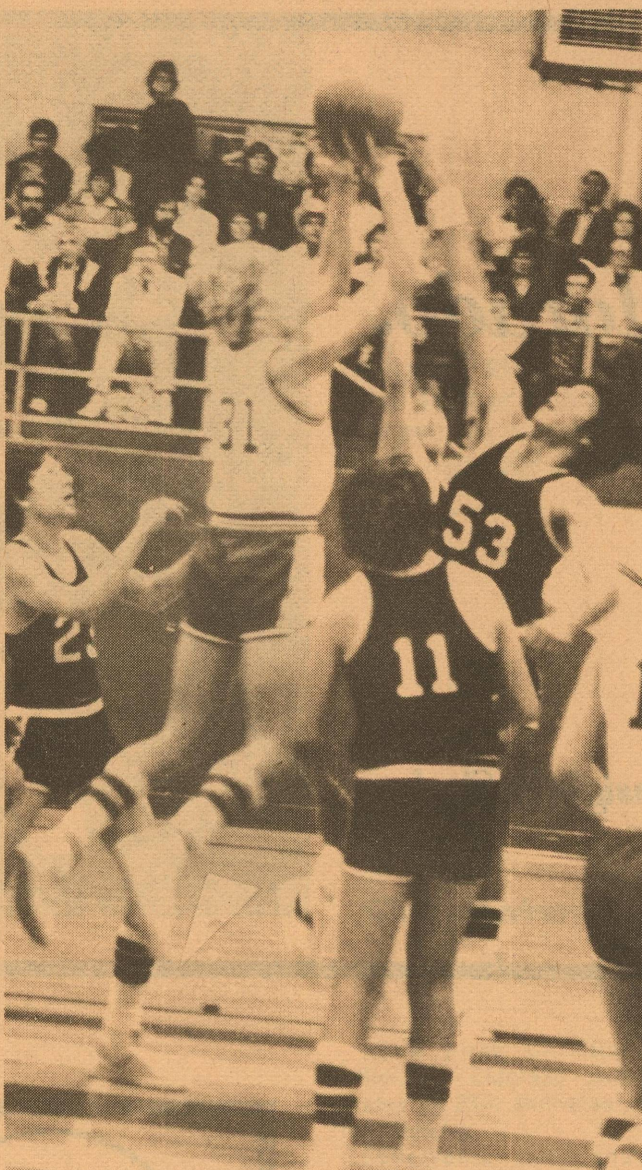

This win upped Christoval's record to a perfect 2 - 0 second half mark. A cinched play-off spot is also added to their title as a result of their first place finish in the first half of district play.

Toby Galindo led all Cougar scorers with 14 points while Mark Hayes and Lee Westerman chipped in their share of 12 points apiece in the winning effort.

Coach Buddy Luce added, "I thought we played much better in the second half. We didn't get into an offensive flow in the first half."

Last Friday night, the Cougars opened up the second half of district play with a win over Irion County. Lee Westerman gained high point honors with 18 points. Duke Doughtit and B.J. Wilson contributed 13 and 11 points, respectively.

The Cougars face Eden Friday evening at the Eden gym.

Going high in the air with a jump shot is Mark Hayes.

Girls Move Closer

The Christoval girls team cast higher hopes for a play-off spot by defeating Water Valley 30 - 25 in Christoval Tuesday night. What turned out to be a low scoring game, also turned out to be a thriller. Trailing

by seven at halftime, Water Valley managed to tie the game at 22 with three minutes remaining.

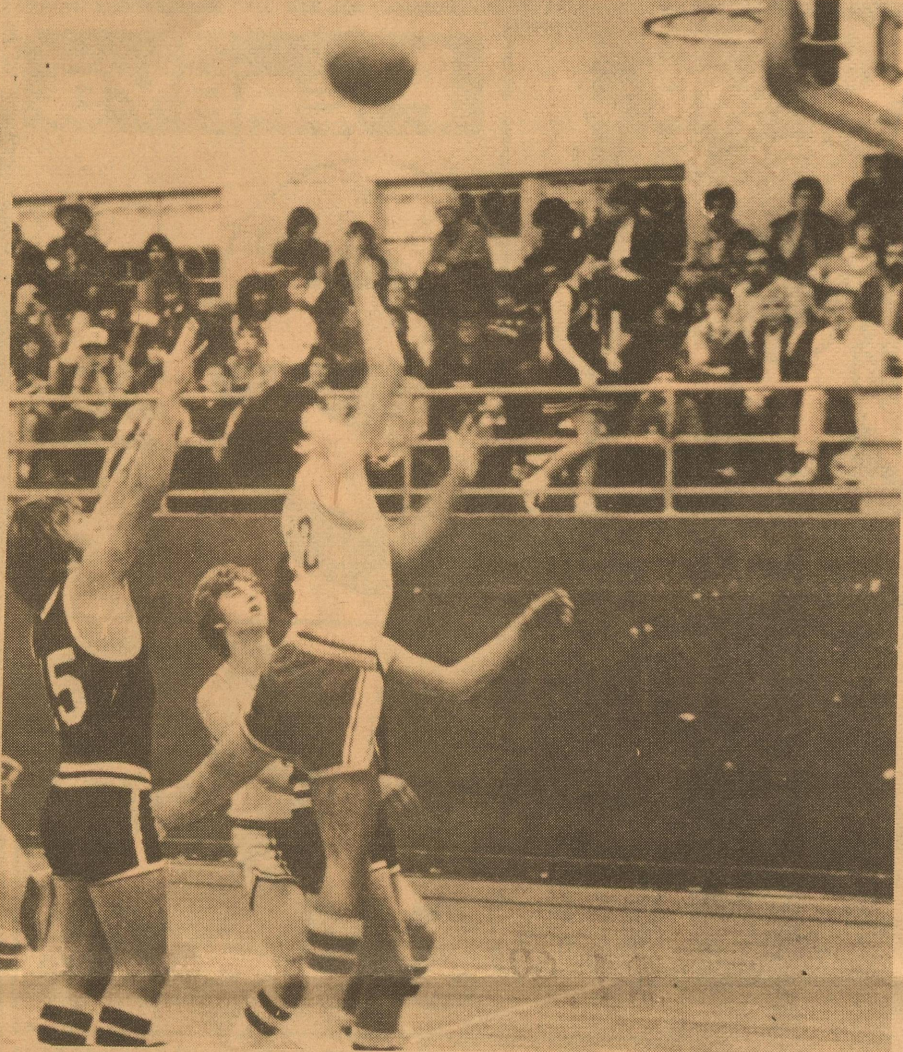

Despite the see-saw scoring of both teams late in the game, Christoval pulled ahead in the game

and never allowed the opponent to gain momentum.

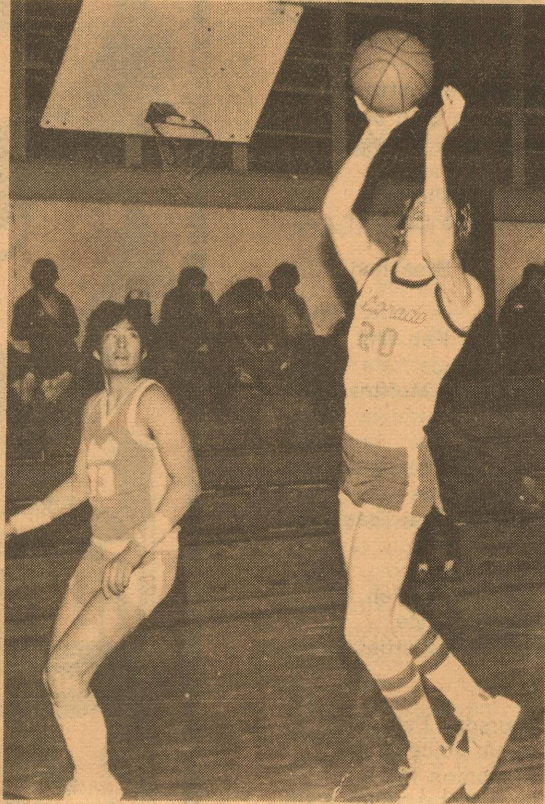

Leading the scoring for the Cougars were Nela Martinez with 15 points and Susan VanCourt with 12 points.

Nela Martinez goes up for two of her 15 points against Water Valley.

Toby Galindo, alias "Mr. Fastbreak", adds to the Cougar's point total against Water Valley.

Luke Brame grabs a rebound and puts back in the basket against Big Lake.

(Could The Camera Catch You Next?)

The Leader Office Before

The Law and Farm Workers

Farmers, ranchers and others who made payments last year in excess of \$600 for services to individuals (other than employees) and partnerships (but not corporations) must file certain information forms. Failure to do so will result in increased penalties under the Tax equity and Fiscal Responsibility Act (TEFRA) of 1982.

Several different information forms in the 1099 series are used in filing these returns, says Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service, Texas A&M University System.

Interest payments of \$600 or more are reported on Form 1099-INT.

Payments of \$600 or more made for rents, royalties, prizes, awards and other payments are not for services should be made on Form 1099-NEC is for reporting payments of \$600 or more for fees, commissions, prizes, awards or any other compensation for services paid to persons who are non-employees.

The minimum penalty for failing to file the necessary information returns without reasonable cause has been raised from \$10 to \$50 per failure to file, points out Lovell.

Old Bones in Austin

Visitors to the Capitol in Mid-February can view the ancient skeletal remains recently discovered north of Austin.

The find by State Department of Highways and Public Transportation (DHT) archeologists will be displayed Feb. 12 thru Feb. 18 in the rotunda.

The Archeology Section, part of the DHT's Highway Design Division, is arranging the show in response to hundreds of citizen inquiries and requests to view the bones. Many student groups viewing the exhibit will combine a tour of the Capitol while the Legislature is in session.

Dr. Frank Weir, head of the Archeology Section, said the display would be made up of the skull portion of the remains, projectile points and other artifacts found at the site. A photo display will accompany the materials. A display of the entire skeleton is not possible because of the fragility of some of the bones.

The skeletal remains were removed from the excavation site on Jan. 7, and department archeologists have since been examining them in a laboratory. Although exact dating of the bones will have to await carbon-14 tests, which will take a few more weeks, Dr. Weir estimates they are more than 9,000 years old.

There is also a \$50 minimum penalty per failure to provide a taxpayer identification number (Social Security or employer's identifying number) to another person or to include the taxpayer identification number of another on documents such as returns and statements filed with respect to others.

According to Lovell, the Form 1099 series information returns are prepared on a calendar-year basis, with statements due recipients by Jan. 31. Copies of all Form 1099s along with a summary sheet Form 1096 must be filed with the IRS by the last day of February.

The Texas Agricultural Extension Service has a book called the "Financial Record Book for the agricultural Producer" which can help farmers and ranchers with their 1099 reporting requirements. For instance, records of expenses such as machine hire, rent and contract labor should include the income recipient's name, address and taxpayer identification number.

Further information about the Form 1099 series is available in "1982 Package X: Informational Copies of Federal Tax Forms," says Lovell.

Services Held for Leona Chrisman

Mrs. Leona M. Chrisman passed away in her home January 28th here in Eldorado. Mrs. Chrisman was born March 21, 1915 in Jay, Oklahoma.

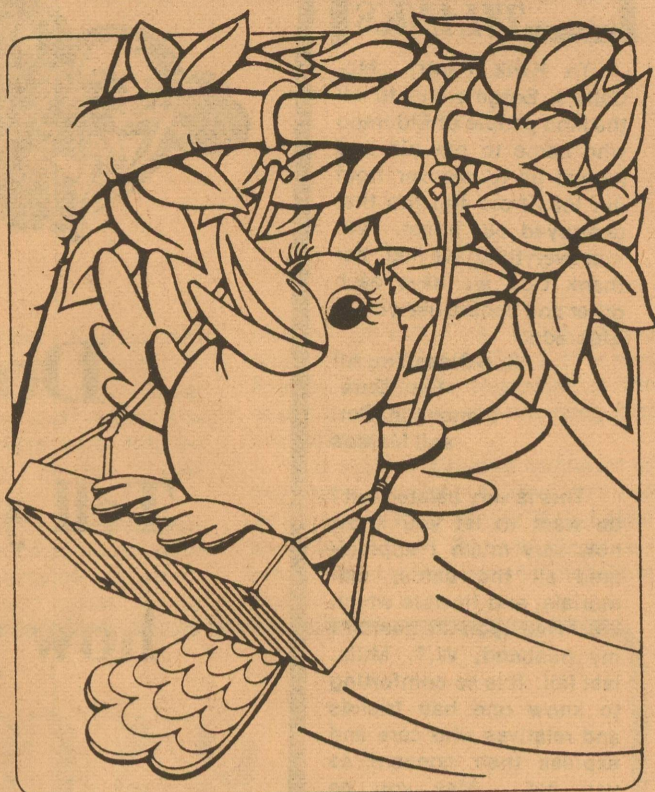

Funeral services were held January 30, 1983 at the Mertzon Hwy. Church of Christ with Bro. Rusty Kwast, officiating. Burial was in the Eldorado Cemetery under the direction of Kerbow Funeral Home.

She is survived by her husband Paul M. Chrisman of Eldorado, three sons,

Gordon R. Rikus, Abilene; Daniel E. Chrisman, San Antonio; and Gerald P. Chrisman. She is also survived by one brother, Gordon T. Miller, Miami, Florida; and three sisters, Rosey Henderson, Salem, Oregon; Margaret Haff Ketchum, Okla., and Dora Donaho, Corsicana, five grandchildren and several nieces and nephews.

Pallbearers were J. D. McKnight, Richard Kent, Elio Wilde, Gordon R. Riskus, Daniel E. Chrisman and Gerald Chrisman.

It's Girl Scout Cookie Time!

1982-83 Girl Scout El Camino Girl Scout Council

Girl Scout Troop #72 will have a cookie booth set up Thursday and Friday February 3rd and 4th in front of Parker Foods from the hours of 4 - 6 p.m.

This will be the time to stock up on your favorite Girl Scout cookies (they freeze well) or if you were not contacted earlier, you can still get to try these delicious cookies before they are all gone.

Valentines Party Set for Feb. 10

The Schleicher County Extension Homemakers Clubs and the Aging Committee will have a Valentines Party for Senior Citizens on Thursday, Feb. 10 at 2:00 p.m. in the Memorial Building. Refreshments will be served and games are planned. If you need a ride, please call 853-2312.

Prepare For War

The battle of standing alone is usually lost long before we're outnumbered, opposed, tested, discouraged or tempted. Why? Because we are often unprepared and ill-equipped mentally. Readiness requires an anticipating mind. Preparation is painful and demanding, but necessary if victory is to be ours. As we suggest a strategy that will help us be ready for battle, it is recognized for each of us at various times as being both corrective and preventative.

- I. The Battle Identified
 - A. Eph. 6:11,12
 1. "Schemes" conveys the idea of methods
 2. The enemy and his weapons are identified
 - B. 2 Cor. 2:5-11
 1. "Schemes" conveys the idea of "mind".
 2. Prov. 23:7

- B. We must have control of our "fortress"
- C. Through Gods Spirit our fleshly thoughts are held captive

- III. A Strategy Suggested
 - A. Study Ps. 119:11 Eph. 6:10-20
 1. Time and Place
 2. Context
 3. Re-read
 4. Underscore
 5. Write it out
 - B. Personalize (insert personal pronouns)
 - C. Choose your "weapons" thoughtfully
- IV. The Benefits Gained.
 - A. Control of thoughts
 - B. Awareness of situations
 - C. Improve insights
 - D. Sharpen skills

CARD OF THANKS

To Kwik Pantry, McCalla's, Sofge's and to all the kind people of Eldorado who came to our aid and helped us to recover from our loss from the fire that destroyed our home. We lost everything we had, but thank God we have each other and people like you in Eldorado.

God Bless You All
Ben, Dora,
Annabelle, Dori
and Marcos

This is very belated but I do want to let you know how very much I appreciated all the cards, memorials, and flowers which I received upon the death of my husband, W.T. Mills, last fall. It is so comforting to know one has friends and relatives who care and express their concern as you did. May you be blessed in this New Year of 1983.

Irene (Parker) Mills

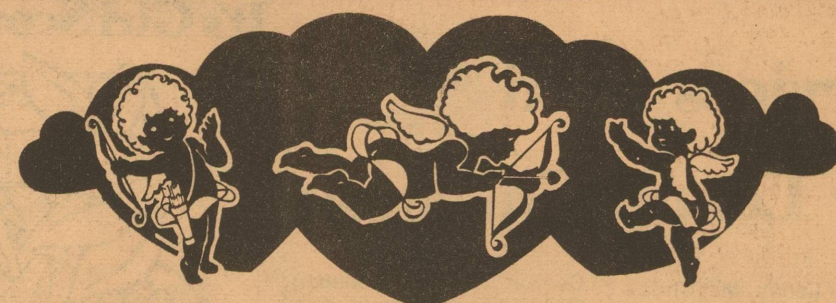

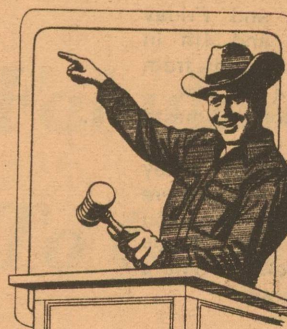

The family of Leona Chrisman wishes to thank all their friends for their sympathy and support.

The family would also like to thank the staff of the Eldorado Hospital especially Margaret Nixon, R.N. for the care of Leona during her illness.

Mr. Paul M. Chrisman
Mr. & Mrs. Gordon Riskus
& family

Mr. Daniel E. Chrisman
Mr. & Mrs. Gerald P. Chrisman & family

Unemployment Benefits Are Taxable

Taxpayers receiving unemployment compensation in 1982 may be required to include some or all of the money they received as income when filing their federal tax return, the Internal Revenue Service says.

Generally, unemployment compensation payments are taxable, in whole or in part, if the total adjusted gross income, including unemployment compensation, exceeds \$12,000 for single taxpayers or \$18,000 for married taxpayers filing a joint return. Married taxpayers filing separate returns must report all unemployment compensation regardless of their adjusted gross income levels.

Unemployment benefits totaling \$10 or more during the calendar year are reported to the IRS by the agency making the payments. The agency should furnish a record of payments made to the taxpayer on Form 1099-UC by the end of January 1983.

Detailed information regarding the computation of the tax on unemployment compensation is contained in IRS Publication 905, Tax Information on Unemployment Compensation, which is available free by using the order blank in the tax package.
