(U.S.P.S.) 342-470 Eight Pages September 13, 1984 25 cents Eldorado, Tex.

Eldorado still in decline

The Eldorado City Office was the recent recipient of a check for \$2,823.81. This manna from Austin, the Comptroller of the Public Accounts Office was this period's net payment for the city sales and use tax. This figure surpasses last year's figure for the same period by only \$243.83 and consequently once again, places Eldorado in the negative mode with a 25.92% sales tax rebate below last year's figure bringing the payment for 1984 to a grand total of \$39,780.39 whereas last year, at this same time the city had collected \$53,702.21 for its share of rebate sales in the county.

Of the 990 towns and communities in Texas that collect the city sales and useage tax for the comptroller's office, 184 are doing less retail business than they were in 1983. This places Eldorado in the 18% of communities in the state experiencing a decline in retail sales during an upswing nationally and statewide in the general economics of retail sales. These facts are further reflected in Bob Bullock's analysis of the first quarter of '84's retail sales and useage tax. The 56 retail outlets in Schleicher County had gross sales during the first quarter of '84 of \$6,298,885.00 compared to last year's figures of \$6,186,358.00 with useage tax purchases representing \$613 and retail sales tax representing \$1,138,289.00. The percentage of change from last year's first quarter figure and this year's first quarter figure reflect a 1.8% increase.

The closest comparable county in the number of retail outlets is Edwards County with Rocksprings as it's county seat and only sales taxing 55 retail outlets which this year had gross sales numbering \$2,567,147.00. Their 1983 figures are \$2,121,306.00. Rocksprings use tax purchases were \$114,531.00 with sales tax being collected on \$746,873.00. On the recent rebate check, Rocksprings received \$1,164.62, which compared to last year's period was \$1,351.18, overall Edwards County is showing a retail sales and use tax percentage of increase at the rate of 45.76% over last year.

The majority of our neighbors are in a positive mode with only one exception and that is Sonora but, their movement from the red column to the black column exceeds the pace of Eldorado. This period Sonora received \$11,068.90 as opposed to this period last year of \$10,961.81 placing them at a percentile of 6.50 in the arrears.

The other surrounding communities all have positive percentages which show improvement

over last year's use and sales tax.

San Angelo received \$309,146.03 for a grand total to date of rebate payments tallying in at \$3,719,202.55 with a 1.27% gain over last year.

Big Lake received \$15,321.48 this period with a grand total for this year of \$141,337.26 with a 13.84% gain over last year.

Menard received \$2,101.64 for a total for the year to date of \$30,763.77 with an increase of 1.38% for this same time frame for the year of '83.

Eldorado does show some improvement when the percentages of retail sales are compared for some of the payments this year. In January we were 39.05% in the hole, in April this number had improved to 38.08%

in the arrears, in August we found ourselves only 27.71% behind last year's figures and this pay cycle we are only 25.92% behind last year's tax rebate payments. But the real clincher comes when you look at our neighbor, Mertzon, boasting 34 merchants and receiving a grand total for the 1984 rebates of \$40,637.83 compared to Eldorado's total for the year of \$39,780.39. Schleicher County's retail sales rebate check fell below Mertzon's recent check by \$1,289.70 whereas this period last year Eldorado exceeded Mertzon's rebate check for this pay period by \$1,071.39. Consequently, we see Mertzon being placed in the positive mode when it comes to retail sales and useage tax rebates by 35.55%

Eagles' Point nearing completion

As the September 21st Grand Opening date of the Eagles' Point, there is still much left to be done. Through the hard work and long hours of the adult council and area students, the teen center is fast becoming a reality instead of a dream.

Eagles' Point was first conceived by several local interested citizens last spring after the Texas War on Drugs sponsored informative programs concerning the nation's youth. Those concerned citizens got together and soon Eagles' Point was on its way. Members of the adult council include: Mr. and Mrs. Steve Whitten, Mr. and Mrs. Benny Logan, Marlene Mitchell, Mr. and Mrs. George Spinks, Rita Reeves, Teresa Poyner and Rosa Martinez. Officers are: Carolyn Whitten, President; Lori Logan, Vice President; George Spinks, Treasurer; and Rita Reeves, Secretary-Reporter.

The green and white teen center will be open Tuesday through Saturday nights and will offer the teen-agers a place to visit, play videos, ping pong, pool or to even study! Supervisors, Lou White and Mr. and Mrs. F.O. (Tike) Burleson will be on hand to keep everything running smoothly.

The 60' x 90' building will feature game areas, video game areas, lounge and work area and a large dance area.

Many donations have been received by Eagles' Point to help achieve the Grand Opening date. The adult council would like to express their appreciation to Dr. and Mrs. Richard Respass for their donation

of much needed furniture. All donations are tax deductible and although any donations are welcomed, monetary donations, skills and building materials are still needed. Two ping pong tables and pool tables are needed by the center if anyone would like to contribute.

The Grand Opening will feature the presentation of a Browning Citori Sporter Shotgun to the winning ticket holder. Students and

area businesses are now accepting \$1.00 donations for a chance to win the gun valued at \$775 which will be given away at midnight. The gun is now on display at El Dorado Restaurant daily from 10:00 a.m. - 10:30 p.m. Business having tickets are: WTU, Patton's Gulf, Edmiston's Exxon, Casa Arispe, El Dorado Restaurant. Junior and Senior High school students also have tickets available.

Four people were injured in this spectacular car-truck accident Sunday morning at the intersection of McIntosh Road & Menard Hwy. Injured occupants of the 1970 Buick Electra were: Mike Belman Jr., who received minor injuries; Frank Barajas, Jr., who was transferred to San Angelo with a broken leg and lacerations; Adon Santellano, who sustained a broken collar bone. The truck driver, Joe Edward Gillis of Eden, also received minor injuries.

Shrine circus coming Saturday

"Hur-ry, Hur-ry, Hur-ry" to the circus! This Saturday, September 15th will be a big day in Eldorado. The Tri Cities Shriners Club will be sponsoring the Shrine Circus at the rodeo arena.

The internationally known Carden, Int. will be producing the circus which will feature all the exciting acts of a big circus such as wild animal acts, clowns, jugglers, animal acts and much, much more.

There will be two performances held Saturday, the afternoon performance will begin at 2:00 p.m. and the evening show will begin at 7:00 p.m.

Tickets may be purchased at the gate or advance tickets can be purchased from any Shriner or by calling 853-2091.

Bring the kids, and let's all go to the circus!

County court holds short one

Schleicher County Commissioners met Monday for a light agenda in which the minutes were read and the bills paid as prescribed.

The Sheriff's department was granted permission to purchase a new locking radar device with a unit price being approximately \$1,200.

The Commissioners also gave Sheriff Orval Edmiston permission to promote Deputy Ronnie Norris to Chief Deputy and increase his salary by \$100 per month.

In other business, the Commissioners officially accepted the 38 cent tax rate for the new budget

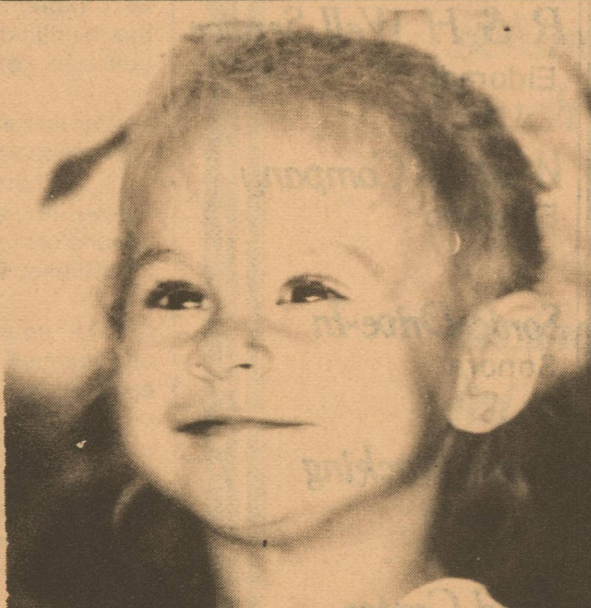

which remains the same as last year and before the short meeting was adjourned, the Commissioners inspected both the swimming pool and the rodeo grounds. Their inspection tour found both locations to be in a good state of repair.

Also, for everyone's dancing pleasure, the Sutton County Outlaws, will be performing at the Grand Opening, featuring country and rock music. The dance will be from 9 p.m. until 1 a.m. and admission fee to the dance will be \$2.00 per person. Students from the 7th - 12th grades residing in Eldorado can forward this money for their yearly membership fee of \$2.00. Those who have paid

their fee will be admitted free. Everyone is invited to come to the Eagles' Point after the football game, September 21st and celebrate the Grand Opening. Volunteers are welcome to help and work nights are Monday and Wednesday nights from 7 - 9 p.m. Anyone wishing to help or make donations can contact Carolyn Whitten at 853-2879 or Rita Reeves 853-3178.

Look of Love

Little Lindsey Pratt's eyes shine brightest when she sees her toy lion, a pudding pop, swimming pools, clowns and Shriners. But what kid doesn't love toys, sweets and heroes? And this week-end promises a lot of each for the just over 2 year old daughter of Tammy Pratt of Eldorado.

Thanks to the Tri Cities Shriners Lindsey will have a better perspective of the clowns she sees. On July 2nd Lindsey had her 2nd operation

to rectify her severely crossed eyes. This was possible only because the Shriners made it so. This last corrective surgery was performed in San Antonio by Dr. Mumma at the expense of the local organization as well as it's affiliates throughout the nation.

The mother of the 28 lb. doll finds it hard to speak of her gratitude, but the tears of joy that come to her eyes when she speaks of her and her daughter's heroes,

leave nothing to be said. Time will not likely diminish the twinkle in these two people's eyes when they hear mention of the Tri Cities Shriners Club, John and Marlene Mitchell, James Scott and Dr. Kenneth Fish.

Little Lindsey's eyes dance and communicate to us all with their sparkle an invitation to the circus Saturday and help her share the sights of the Tri Cities Shriners Circus.

Ron Sutto waits for his ice tea at the hospital's BBQ.

Johnston returns to Ireland

Rev. Clive Johnston, pastor of the First Baptist Church of Eldorado for twenty-one months has resigned the pastorate here to accept a call to a small pioneer church with a missionary vision in Northern Ireland. He preached his last sermons Sunday, September 9th and he and his family, Sheila, Craig, Kerrie and Nyles, left Monday morning on their long journey back to their native land.

Some of his comments on his return were:

"Since our initial contact with Southern Baptists I have had a growing awareness that here are the necessary spiritual and physical resources to match such a need as I find in Ireland. I know of no other

group, organization or denomination with such a missionary zeal and my friendship among pastors and churches here has shown me a potential that the Lord would use in reaching the lost in Ireland for Christ."

A committee has been set up to keep those interested informed of progress and prayer requests from Ireland. There will be a Mission Ireland account at the First National Bank in Eldorado and the committee will act as trustees. If you would like to be involved in sponsoring a student or help to purchase a vehicle for open air ministry you may contact: Mary Robinson, Box 692, Eldorado, Texas 76936.

Burk

Leona Wheeler Burk, 81, of Eldorado died Friday, September 7th in St. John's Hospital in San Angelo.

Funeral services were held Sunday, September 9, 1984 at the First Presbyterian Church with Rev. Ron Sutto officiating. Burial followed in the Eldorado Cemetery under the direction of Kerbow Funeral Home.

Mrs. Burk was born June 6, 1903 in Glenrose, Texas. She married Lummie B. Burk in Strawn, Texas on December 27, 1922. They moved to Eldorado in 1931. Mr. Burk preceded his wife in death on April 30, 1979.

Mrs. Burk was a homemaker and a member of the First Presbyterian Church in Eldorado.

Survivors include three daughters: Dorothy Burk McWhirter of Augusta, Georgia; Joyce Burk Whitten of Houston and Louise Burk of Eldorado; two sisters, Irene Inman of Abilene; Beula Alexander of Breckenridge, Texas; one brother Reese Wheeler of Strong; seven grandchildren; eleven great grandchildren and many nieces and nephews.

Her grandsons served as pallbearers.

Truth Shall Live

Truth will remain the same forever, and popular opinion will never change it. One of the first questions a new Christian often asks is "How can so many good people be wrong and so few be right?" It is amazing that Ahab was so disturbed over one negative prediction. After all he had four hundred to one odds against God's Messenger. In Bible instances, God plus one obedient disciple represents more than a majority. In Noah's case it was true, Eliza certainly endorsed the assertion at mt. Carmel. And Jesus rose on the third day in spite of the entire Jewish counsel. Truth always prevails. Heaven and earth will pass away but truth will never pass away. Moses was assured, the Lord did not set his love upon you, nor choose you, because ye were more in number than any people -- but because he would keep the oath which he had sworn unto your fathers. Deuteronomy 7:7-8.

Closer observation of "good Christians" who refuse the gospel message often reveals deep seated resentment of the Jesus name message. The Lord will not choose a bride for numbers' sake but rather for His name's sake.

Why is truth so consistently despised by the majority? Jesus said "And ye shall be hated of all men for my name's sake" Matthew 10:22. Jesus included the idea in His Sermon on the Mount by promising blessing to those who would be persecuted for his sake. Paul added that the followers of

Christ could also lose their good reputations for the sake of the truth. We are fools for Christ's sake, but ye are wise in Christ - I Corinthians 4:10. Even death is to be expected by those who love the truth enough to stand up for it. For we which live are always delivered unto death for Jesus' sake, that the life also of Jesus might be made manifest in our mortal flesh. II Corinthians 4:11.

The apostles' message was the Jesus name message a message using any other name is a false message regardless of majority opinion. And it is the challenge of this age to preach the true message without compromise.

People think they know what they want but, they do not always know what they need. And it takes a spiritual minister to lead men from what they want to what they need. What the world needs today is not a majority vote from an assembly of church leaders but an appointed man of God who is fearless of popular opinion and who is guided by the Spirit of the Lord.

Preachers that are not baptized in Jesus Name and baptized with the Holy Ghost with the utterance of tongues is like a puppet they preach to whoever pulls the strings.

Folks, come to the only Jesus name church in Eldorado. Help keep the truth in the paper. Send your donations to United Pentecostal Church, Box 115.

Wall & Blair wed

Miss Teresa Jean Wall and Walter Ray Blair were united in marriage on Saturday, August 18, at 7 p.m. in the Bradford Chapel - Park Heights Baptist Church, San Angelo Texas. Dale Lipsett officiated at the double ring ceremony.

The bride is the daughter of Mrs. Carl Braker of Uvalde and Fred Wall of Camp Wood. Grandparents are Mr. and Mrs. W. W. Langley of Crystal City and Mr. Bill Wall of Rocksprings.

The bride is a graduate of Rocksprings High School, and has attended Angelo State University two years and Southwest Texas Junior College one summer. She is currently employed by Rent-Buy, Inc. of San Angelo.

The groom is the son of Mrs. Eugene Gibson of Eldorado and Charles Blair of San Angelo. He is a graduate of Eldorado High School and is currently owner-operator of Economy Satellite Services in San Angelo.

For the ceremony the Chapel was decorated with a white lily and yellow carnation centerpiece surrounded by two 7-candle candelabras laced with greenery and white bows. The candles were lit for the ceremony by Mr. Lance Poling. Traditional wedding music was provided by Mrs. Tricia Haynes.

The bride was given in marriage by her step-father, Mr. Carl Baker. The bride's wedding gown featured a sweetheart neckline with an empire waist. The gown was white satin with an overlay of Chantilly lace on the bodice. The double tiered ruffle trimmed in satin which edged the neckline, also formed capelet sleeves over the full length lace sleeves gathered at the wrist and trimmed in satin. A wide lace ruffle trimmed in white satin along the bottom of the skirt continued up the back of the gown which tiered to the floor in satin trimmed lace. Seed pearls enhanced the headband and Chantilly lace formed a decorative design down the waist length veil.

The bride carried a bouquet of miniature white carnations and yellow rose buds with babies breath and beige satin streamers. For something old, the bride wore a diamond ring which was a high school graduation gift from her mother, for something new a penny in her shoe, something borrowed was her mother's pearl necklace, something blue was her antique white satin lace garter with a pearl heart and blue satin bow.

Mrs. Rheba Long of Rocksprings sister of the bride was Matron of Honor. Her dress was a v-necked yellow satin gown with lace overlay. The three-tiered ruffle which edged the neckline also formed capelet

sleeves. A wide lace ruffle along the bottom of the skirt continued up the back of the gown and was caught in a flounce at the waist. A yellow picture hat completed the ensemble. She carried a single long stem yellow rose with babies breath and yellow satin streamers.

The flower girl was Sabrina Samuels, daughter of the groom. She carried a decorated basket of yellow daisies and white carnations enhanced with babies breath.

The Best Man was Jym Trimble of San Angelo. He was attired in a chocolate brown tuxedo. Dobe New of Austin was Ring Bearer, carrying a square satin pillow edged in lace. Serving as ushers were David Long of Rocksprings and Lance Poling of Austin.

For her daughter's wedding, Mrs. Baker chose an apricot formal gown with an overlay of chiffon. Mrs. Gibson wore a light blue gown with a short blue lace jacket. Both mothers wore white carnation corsages.

A reception followed the ceremony in the church fellowship hall. Mrs. Waymon Langley, of Crystal City, grandmother of the bride registered guests. She was seated at a table decorated with a bud vase of yellow carnations and babies breath. The bride's table held a spring bouquet arrangement set in a four candle pedestal and featured a three tiered white wedding cake with yellow roses which was topped with miniature wedding bells.

The groom's cake was a German Chocolate cake with white icing trimmed in brown icing and roses. It was topped with a small horse drawn gold carriage with the words, "Get me to the church on time". Serving cake, punch and coffee were Becky Blair, Cheryl New, Wanda Smith, Kim Wittenburg, and Lynnetter Murrell.

Out of town guests included family members and friends from Eldorado, Kerrville, Abilene, Austin, Crystal City, Rocksprings, Uvalde, Ozona and Snyder.

Following a honeymoon trip to Fredericksburg, Austin, San Antonio, Uvalde and Del Rio the couple is making their home in San Angelo.

Eagles leave the Red Devils scoreless

The game belonged to the Eagles from the very beginning. From the opening kick-off until the final whistle, the Eagles' defense destroyed each of Rankin's goal getting attempts Friday night before a home town crowd. The Eldorado Eagles dispensed with the Rankin Red Devils 28 - 0. Rankin was held to only 70 yards rushing out of 37 attempts whereas the Eagle offense pushed 48 times towards Rankin's turf for a grand total of 259 yards gained in rushing, give an average of 6.4 yards per attempt as opposed to Rankin's 1.9. Rankin attempted four passes and completed one. Eldorado attempted eight passes and completed five for a grand total of 88 yards. Rankin's total yardage gained through passing was held to 10 by the Eagle defense. The Eagles gained 18 first downs compared to the Red Devils' 5.

In the first quarter Steve Saldivar ran the ball in for the first touchdown followed shortly by Brett Nikolauk's reception from Tim McAngus of a pass over the middle lit the scoreboard again. Jay O'Harrow brought in the extra points

on another pass. Victor Gutierrez an Eldorado end, brought another long pass in for another score during the second quarter, he also added the extra point with a well placed kick, his second of the evening.

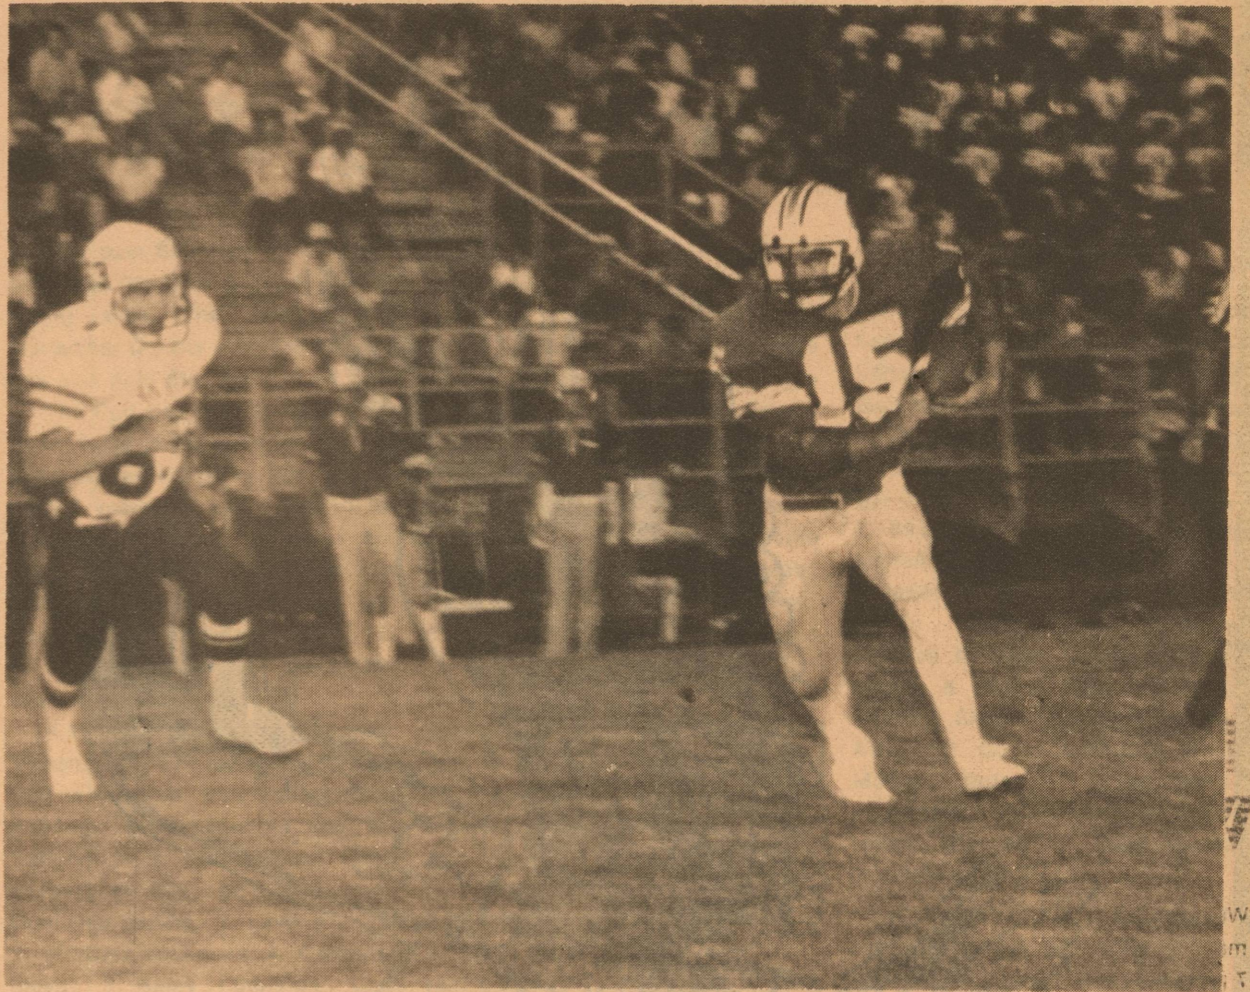

During the fourth quarter, Jay O'Harrow made a sweeping run and once again brought the Eagle fans to their feet and the score board to a grand tally of 28 on the hometown turf.

Victor Gutierrez led the local team in pass reception gaining 50 yards in one reception. He was followed closely by Brett Nikolauk, Eldorado's tight end made three attempts at pass reception for a total yardage of 35. The Eagles' leading ground gainer was tailback Jay O'Harrow who made nine attempts for a total yardage of 88. Eldorado's tailback James Harlin registered 42 yards in rushing out of seven attempts. The Eagles total rushing effort for the game in 48 attempts netted 259 yards gained.

Eldorado's defense held the Devils when the offense let the ball slip to it's opponents on three fumbles. The Eagles accumulated 4 penalties for a loss of 30 yards as

opposed to the Devils who registered two penalties at a cost of 15 yards.

Coach Larry Mitchel cited the strong defense and an overall excellent team effort as the determining factors in the game against Rankin. He cited Sonny Dean and quarterback Tim McAngus for their strong blocking and Jay O'Harrow and James Harlin for their strong running efforts. When Mitchel was asked of his feelings on the upcoming game at Iraan this Friday night, he said that it would be a defensive battle, a real test for the Eagles and the first test they've had this year. He went on to say that the team main objective this coming Friday night was to get a score on the board. Mitchel stated that the Iraan team is big, fast and experienced. Again, the major threat to the Eagles' success this year is a lack of depth but, Mitchel denies concern for this matter with the knowledge that he cannot prevent injuries from occurring and he finds salvation in the fact that he and the Eagles are putting their best effort into each and every play.

McAngus rolls out against Rankin last Friday night.

Organizational meeting of Booster Club held

This past Monday night at 7:00 p.m. several interested sports fans and parents gathered at the multi-purpose meeting room at the school. The purpose of this meeting was to initiate the 1984 Booster Club. Those present were: Mr. and Mrs. Jack Dean, Mrs. Melissa O'Harrow, Mr. Walter Wallis, Mr. and Mrs. John Nikolauk

The next meeting is scheduled at the same location next Monday night at 7:00 p.m. with promises of the preceding game film, discussion of T-Shirt and golf shirt sales. The proceeds from shirt sales will be used toward the All-Sports Banquet and other sports events. The meeting promises an early adjournment in order not to miss the starting kick-off of ABC's Monday Night Football.

Attendance is vitally needed, as is membership. This year the dues have been set at \$5.00 with discounts on Booster Club merchandise. The Booster Club is not only designed to support football but all athletic endeavors entered

into by Eldorado's high school athletics departments. The support rendered by the Booster Club can have a dramatic effect on the outcome of each athletic event and the support is essential for the athletes who participate in these school activities. This is your chance to let the Mean Green know that you support them - win or lose.

Daniels' home destroyed in fire

The home of Kenny and Gail Daniels, located on the Sherrill Dannheim Ranch ten miles south of Sonora was completely destroyed by fire at approximately 12:30 a.m. Monday September 3rd. The fire was apparently started by lightning. Cindy Eiskina, the Daniels' neighbor, reported the fire and was attributed with saving many of the Daniels' valuables from the burning house.

Hospital BBQ hosts 100

The Schleicher County Hospital held its tenth annual barbeque Saturday evening, September 8th out on the patio side of the dining room. Meat for the barbeque was donated by the following: Mrs. Willie Johnson & family; Mr. & Mrs. Calvin Kothmann, Mr. & Mrs. Jimmie West, Mr. & Mrs. Sherrill Dannheim, Mrs. Betty Hanusch, Mr. & Mrs. Pat Pfluger, Mr. & Mrs. Guy Crippin, Mr. & Mrs. Jess Blaylock, Mr. & Mrs. Clifford Schooley. The Orland Harris family did all the preparation of the meat and beans. Desserts and salads were furnished by family members of the residents and the hospital auxiliary.

Entertainment was furnished by Sherry Beik who sang gospel songs with her husband, Jimmy, handling the sound system.

Lucile Anderton, from Christoval Nursing Home, entertained the guests with her piano playing. Some of the guests sang along and others danced.

The meal was sponsored by the Hospital Board and approximately 100 guests besides the residents and employees enjoyed the barbeque.

Grupo Amistad BBQ

Grupo Amistad will be selling BBQ with all the trimmings Saturday, September 29th from 11:00 a.m. until 4:00 p.m. at the north end of the courthouse lawn in Eldorado. The BBQ will be selling for \$4.50 a plate, which can be eaten there or taken home.

Later that same evening Grupo Amistad will be hosting a dance from 9:00 p.m. until 1:00 a.m. at the Rodeo Arena Slab in Eldorado. Music will be provided by "Passion Band" from Uvalde, Texas. This is their first appearance in this area. "Passion Band" has been a back-up band for many popular groups such as Little Joe, Agustin Ramirez and other popular Chicano groups. They play a variety of music for everyone to enjoy, country, pop and of course, Mexican music.

The public is cordially welcome to come out and take this opportunity to enjoy the good food and good music in support of Grupo Amistad.

PUBLIC NOTICE

AT&T Communications of the Southwest, Inc., has filed with the Public Utility Commission of Texas (PUC) a proposal to reduce intrastate, interLATA long distance revenues to offset proposed increases in specialized service rates for private line, WATS, 800, OCC facilities and directory assistance services. The proposed tariff restructure will not result in any increases in the overall revenues of the Company. The proposed effective date for the tariffs is September 20, 1984. All customers and classes of customers will be affected by this filing.

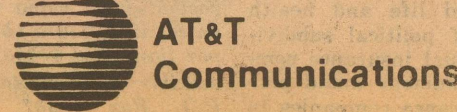

The restructure in the basic long distance service (MTS) results in an overall decrease in the revenues received by the Company from such service of approximately \$100 million. While this proposed restructure results in an overall decrease in revenue, certain MTS rates are proposed to be increased to more nearly recover the access charges approved by the PUC for such service.

AT&T Communications has also filed restructured tariffs designed to more closely recover access costs for private line, DATAPHONE* Digital Service (DDS), OCC facilities, WATS, 800 and directory assistance services. These restructured tariffs result in an approximate overall revenue increase of approximately \$100 million from increases in its WATS, 800, DDS, OCC facilities and private line rates, and institution of a charge for directory assistance.

The result of these proposed tariff changes and the restructure of our service offerings is to more nearly recover access costs from those services for which such access costs are incurred.

This proposed restructure results in no increase in overall revenue to AT&T Communications and is not a major rate change as that term is defined in Section 43(b) of the Public Utility Regulatory Act.

A complete copy of all tariffs and rate schedules is on file with the Texas Public Utility Commission at Austin, Texas. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 6, 1984

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (2/3 for The University of Texas System and 1/3 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin. House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of agencies and institutions of higher

Reports from Washington

Major Issues Still Confront Congress

The 98th Congress is now in what is anticipated to be its final days of the legislative session. Barring the call for a lame duck session, the Congress is expected to complete its work and adjourn the first or second week of October.

As always in a Presidential election year, there is little guarantee that the Congress will choose to focus on the full range of important issues before us in a non-political manner. Because there does remain much substantive work to be done, I am hopeful — although not overly optimistic — that this Congress can put election year politics aside momentarily and act responsibly.

Most critical during this work period is passage of the remaining nine appropriations bills required to keep the federal government operating after the new fiscal year begins October 1.

This means passage of as many of these spending bills as possible and approval of a stopgap "continuing resolution" to cover those remaining. At present, four of the thirteen appropriations spending bills have been enacted into law — Energy and Water Development; Housing and Urban Development and Independent Agencies; Legislative Branch; and Commerce, Justice, State, and Judiciary.

Before the August Congressional recess, the Senate had passed seven appropriations bills and the House, acting more quickly, had passed ten. So, it is conceivable that the Congress will pass and the President sign most of the remaining appropriations bills for the next fiscal year, 1985.

A key issue confronting Congress is defense spending and to what extent Congress will continue with the President's proposed increase in our Nation's defenses. Specifically, the Senate supports an 8 percent increase in defense spending and is standing firm against the Speaker and the majority leadership in the House, who are asking for a 3.5 percent increase. It is possible that a compromise on a 5 percent level of growth will be reached. Also to be resolved is the level of funding for the MX missile, which is such a vital component of our revitalized strategic defense posture.

Another issue to be resolved, possibly in a continuing resolution, is the President's proposal to provide assistance for the "contras," or "freedom fighters," of Nicaragua — funding which I believe is essential in our efforts to address the very real hostile threat in our Western Hemisphere.

In addition, I am hopeful that responsible conservatives in the House will obtain enough signatures to force House consideration of the balanced budget Constitutional Amendment. As one of the earliest sponsors of this legislation and an equally early signer of the discharge petition needed to dislodge this amendment, I welcome the opportunity to vote loudly and clearly in support of a budgetary approach requested by 32 of the states, including our own State of Texas.

As the 98th Congress begins the final official work period of 1984, those of us in Congress should join together in a non-partisan manner to act in these remaining weeks in our Nation's best interests. Whether this will be done remains to be seen. However, it is imperative that we try.

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal decision to the Supreme Court. Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 6 de noviembre de 1984.
