Fourth Annual World Championship Cowboy Campfire Cookin' & Ropin

The Fourth Annual World Championship Cowboy Campfire Cookin' and Ropin' was held Saturday.

The KS Team of Eldorado won the Best Main Dish of the day with their beef tenderloins. The team, who has been together four years, also prepared corn hash, biscuits, blueberry cobbler and coffee. They also took top prize as the Best Overall Team.

Ricky Linex of the Hard Bread Camp had on his menu pot roast, red beans, vinegar cobbler, sourdough biscuits and coffee. His cobbler won Best Dessert.

John Cowen of the Shannon Ranch won Best Bread with his team's biscuits. The team also cooked up ribeye steaks, beans, vinegar cobbler and coffee.

The PAVE-PAWS Rustlers prepared centercut pork with a German sausage in the middle, spotted pup, hot-water cornbread and coffee.

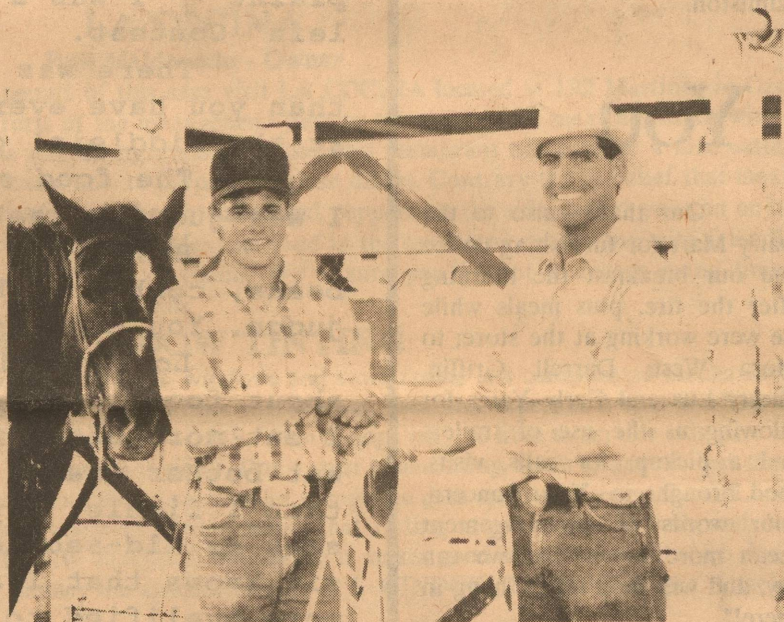

Spotted pup dessert is a creative name for rice pudding with raisins, and hot-water cornbread is prepared by mixing hot water with cornbread mix and frying until brown on each side.

Another part of the competition was the most authentic looking chuckwagon. Bill Dakan took first place, while second was awarded to the PAVE-PAWS team. There were six wagons entered in this year's contest.

There were about 12 musicians entered in the fiddling contest, with first place and overall going to Robin Westmoreland of Comanche. In the 18 and under division-first, Jake Wyatt; second, Kasey Fairchild. 19 to 58 division-first, Westmoreland; second, Windy Goff; third, Coy Moses. 59 and over division-first, H.D. Westmoreland; second, W.W. Martin; third, Chester Derrick.

First in the men's washers went to Philip Meyer and Mark Daniels, with Jed Edmiston and Lynn Hinsley taking second. In the women's washers Debbie Griffin and Pam Daniels won first, with Nancy Lester and Norma Kingsberry winning second.

In the men's horseshoes Philip Meyer and Earl Dean Clark, first; Don Richters and Rick Singleton, second. Women's horseshoes-Kendra Bryant and Tooter Dunham, first; Susan Schwiening and Janet Warnock, second.

Cy Griffin, the new Junior World Champion Goat Roper, is pictured above as he receives the belt buckle that he won in the Goat Roping.

The World Championship Junior Goat Roping competition was added to this year's event. The results are as follows:

"And The Rain Came Tumbling Down!"

Sunday, the skies were darkened as the much needed rain fell in Schleicher County, and over much of South-Central Texas.

As much as 12.5 inches of rain has been reported in the area. San Angelo reported about 2-2.5 inches, Menard reported about 9.5 inches, Ft. McKavett reported as much as 12.5 inches, Eola reported about 4.7 inches, Pait Rock reported about 4

inches, Eldorado reported about 4 inches, Christoval reported about 3 inches, Irion County reported about 1.4 inches, Miles reported about 2.8 inches, Robert Lee reported about 1.6 inches. Ozona reported between 2 and 3 inches.

Flooding occurred in Menard as the San Saaba River pushed to the 23-foot level under the U.S. Highway 83 bridge near downtown.

Flooding forced the closure of many area roads. U.S. Highway 83, Fort McKavett road, county highway 864 and old Cleo road, Farm-to-Market Road 2291 and Farm-to-Market Road 2092 were closed to traffic at 11 p.m. Sunday. Traffic on U.S. Highway 83 was opened at 1 a.m. and other roads, except for east Farm-to-Market Road 2092, were opened by noon Monday. Farm-to-Market Road 2092 was under four feet of water late Monday.

GUEST COLUMN

Do you know the secrets about Grandmothers? I mean, how they can always do things. For example how they could bake cookies when you were sure there was no flour and eggs. I have been very much confused about this. So, since I have a Grandmother at home living with my family and me, I have tried to

find out what was going on.

I didn't find anything, not even a clue. That's also another thing about grandmothers. You don't know if they have been baking all day or what. But then you could look in the cookie jar or where ever else Grandmothers put their baked goods and see if they had cooked anything.

It's neat to have Grandmom's to cook for you,

because they can cook and bake food better than anybody in the world. And that must be a fact, because I have never heard anybody say yet that their Grandmother is the worst cook in the world. Even if she does cook bad, you still don't hear anybody say that, or at least not in front of their Grandmother.

Grandmom's also like going outside too. They just love all kinds of vegetation. I don't

know why? I think it's magnificent how they can know everything about nature.

If more people knew about this, the girl scouts and boy scouts would go out of business, because people would go to their Grandmom instead of the other places.

Well, as we all know, Grandmothers are swell and wonderful, but we still do not know everything and we probably never will.

Letter To The Editor

The S & L is a "corruption" hoax which started with Jimmy Carter, 1978-1979, deregulation of banking and transportation with Chairman Paul Volcker doubling of interest rates that cause the profit on real estate, or productive investment to sink the economy and the banking system.

We're not looking at the collapse of a few banks as a result of the peculations of a few extraordinary directors who have gotten involved in theft. We're not looking the jail Neil Bush. The problem is Washington has been running on the wrong policy. It is both Republican and Democratic Washington, which has sunk the banking system. And it's about time that Washington, instead of trying to find scape goats, like Neil Bush, should turn around and say, "The government was wrong. Volcker was wrong. Carter was wrong. Reagan was wrong. Bush was wrong. Now, let the government take responsibility for the mess it created.

The only way for the government to stop the accelerating economic collapse is to use "The American System Economics" that has parity. Parity stops the degrading that happens when the evil free trade monopolies are on the people that are forced to live like beasts

It's A Boy!!!

Michael Anthony Redish was born on June 27, 1990. At birth he weighed three pounds and two-and-a-half ounces.

He was transferred to Cook Medical Center in Fort

to survive as an independent businessman, oilman, rancher and farmer. The producers have to overcome this with a cast of production and reasonable profit to cloth, feed and educate their families.

So a surplus should always bring a 90% parity to prevent a depression which would cut production so low that we

later would have inflation. The inflation should have a cap of 115% to prevent too much cost to the consumer.

This is called "The Harmony of Interests", which puts labor, producers, civil rights, agriculture, industry working side by side with reasonable income to become a productive person. The consumer should be the best

friend of the farmer to get cost and reasonable profit for him or herself.

As a candidate for State Representative 67 District, I will call for parity protection for the productive sector of the state.

Our Sympathy

Marie Castellani Spigarelli

Marie Castellani Spigarelli, 87 years old, formerly of Pittsburg, Kansas, died at 7:30 p.m. on July 16, 1990, at the Schleicher Co. Medical Center. She had been a resident of the Schleicher Co. Nursing Home for a year and half.

Marie was born June 12, 1903 in Italy. She came to America with her family when she was eight years old. She married Mickey Spigarelli in 1921. They had two children, a son, Rudy Spigarelli of Eldorado, Texas; and a daughter, Rose Marie Kidwell of High Point, North Carolina.

Marie had five grandchildren and ten great grandchildren. She has one surviving sister, Santina Vietti in Gard, Kansas. Her husband preceded

her in death in 1984. Most of her life was spent in Crawford County, Kansas.

The funeral was held at the First United Methodist Church, Eldorado, Texas at 10:00 a.m. on Wednesday, July 18, 1990. It was officiated by Rev. Paul Lynn.

Graveside services will be held on Thursday, July 19, at Highland Park Cemetery in Pittsburg, Kansas at 3:00 p.m.

Pall bearers were Rick Spigarelli, Tim Petty, Orval Edmiston, W.F. Edmiston, Joe Max Edmiston and William Edmiston.

Thank You

Our special thanks to the gentlemen (whose names we don't know) who turned in the alarm; to the volunteer fire department who acted so quickly to contain the fire; Ronnie Norris and deputies, who are handling the investigation; the Co-op for furnishing a fan and Jerry Jones for rigging lights and supplying a gas generator to enable us to clear out the debris and to Carol Greene for allowing us to run extension cords for electricity to the store.

Our thanks also to the Dairy Mart for furnishing coffee and our breakfast the morning after the fire, plus meals while we were working at the store; to Mora West, Darrell Griffin, Sherry Lux and Early Yates for allowing us the use of trailers and a pickup; for calls, visits, food brought in. Your concern, your words of encouragement mean more to us than we can say, and will help us to "hang in there!"

God Bless,
Sue and Jim Glidden

Inject Insulin Carefully: If insulin-dependent diabetics give themselves a too-deep insulin injection and exercise soon after, they run the risk of hypoglycemia. When 10 patients were injected subcutaneously or intramuscularly in the thigh with insulin, then rode a stationary bicycle an hour later, those who had intramuscular injections had

more rapid absorption of insulin, causing a substantial fall in plasma glucose. Diabetics can avoid an accidental intramuscular injection by injecting into a skin fold or using a short needle for thigh injection. --Diabetes Care

Laugh and Live

by Gary Smith

If you missed this year's 4th Annual World Championship Camp-fire Cookin' and Ropin's, you missed a really great time.

The entertainment was good. The booths were interesting and the food was FANTASTIC.

There was a Meller Dramer on Friday night that had more hams in it than a ton of pure pork sausage.

There was an Old Time Fiddle Contest on Saturday. One of the contestants was the Texas State Women's Fiddle Champion.

There was the Junior WORLD Goat Roping Championship on Saturday. And much, much more.

IT WAS GREAT!! The Chamber of Commerce did a wonderful job.

I only have one small complaint -- I was a judge at the Fiddle Contest.

There was more food there than you have ever seen...but I was at the fiddle contest.

The food smelled great...but I was judging the fiddle contest.

Biscuits, gravey, brisket, beans, cobbler...but I was a fiddle judge. You can't eat a fiddle.

Look people. I know more about food than I do about fiddlin'. I eat more often than I fiddle. I eat better than I fiddle. I eat MORE than I fiddle. Anybody who has ever seen my mid-section and heard my music knows that I am far and away more qualified to judge food than fiddlein'.

With the smells of that Camp-fire Cookin', I couldn't keep my mind on the fiddle anyway.

SO! If any of the members of the board of the Chamber of Commerce are reading this, please take note that I am volunteering to be a food judge next year. If I have to judge the fiddelin, I think I might cry.

'Til the next time...

MAY GOD BLESS.

"Peril At Pumpernickle Pass"

People in large cities can only envy the good time that over 400 local people and guests enjoyed at the melodrama, "Peril At Pumpernickle Pass," Friday night. Our small town theater once again staged another rousing success! Most of the credit

goes to Marcy Willis, director, who worked tirelessly to create the characters and setting for this production. Her unique approach was apparent throughout all the hilarious antics.

Our heroin, Sweet Miss Buttercup, was delightfully portrayed by Debbie Joy. This char-

acter just seemed to be designed for our own sweet, positive Debbie.

Sheriff Stirfry, our bowlegged hero, played by Larry Blair, provided the calm steadiness that our little Miss Buttercup needed. Of course, the big question of the night was:

"Would he be there to catch her when she fainted?" Heroically, he was!

A melodrama is simply not complete without at least one villain and this one had not only a villain, but a gambling "femme fatale" as well. Jo Max Edmiston and Jo Ann Sproul were booed and hissed throughout their fine performance as they plotted and schemed to swindle sweet Buttercup out of her inheritance. Hats off to Marcy for casting these characters as Waldo Weasel and Miss Pear Ruby Diamond - "sounds like a window in a pawn shop!".

Scott Barton stole the night as he was flawless in his "sweet" portrayal of Snipper Bayrum, barber/dentist. (Will he ever live this role down?)

Minnie and Stella Dimdome were aptly cast as not so bright but good hearted citizens of Pumpernickle Pass. Minnie, played by Gloria Swift, was mainly concerned about growing up and facing the hard cruel world. (We are not making any guesses about her age, but she has been 12 years old for at least 30

years!) Stella Dimdome's character seemed to have been written for our own Nancy Lester as she was as high-spirited and exuberant in the play as she is in everyday life.

Gentleman Dan, played by Billy Cavness; Buffalo Binnie, played by Candy Richards and Annie Oatmeal, played by Lindsay Bass, were outstanding as characters in the traveling side show. They gave that extra spark that provided excitement and novelty for the show.

Lois Dean did a fine job portraying the heartless landlady, Mattiwalda Cribbs, who was willing to take the General Store and Lending Library from sweet, Miss Buttercup.

Widow Begley, played by Ginny Lamb, probably should try to get a job as society editor of The Eldorado Success. She was

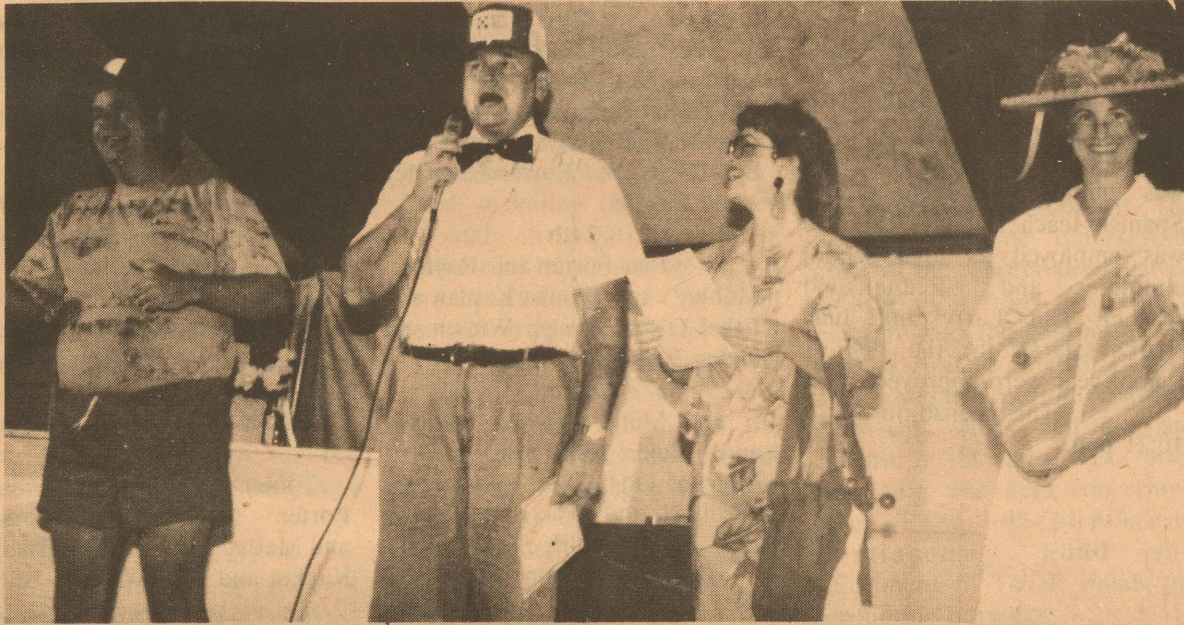

always eager to write something for the Pumpernickle Pass Press.

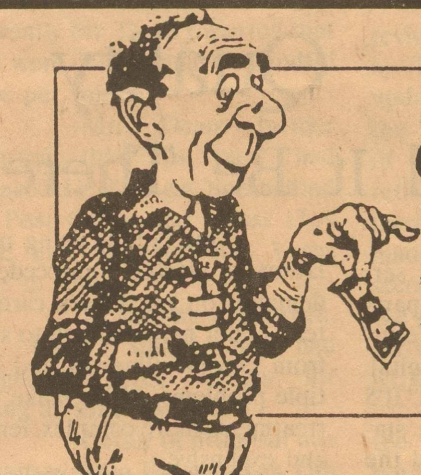

No one could have done as good a job as Kerry Joy and Rick Singleton as they entertained the crowd with their corny jokes and participated in the finale with the Texas Flags.

The Pumpernickle Family, Linda Creel, Dale Lipsett, Janie Finley and Gary Smith provided something for everyone as they sang and "signed" their way through several songs and opening remarks.

A special thank you goes to Maxine Page for music, Sue Dean and Christy Meador for help backstage and moral support.

Throughout all the Perils of Pumpernickle Pass, everything turned out according to plan. A happy ending is a must for any melodrama!

School Board Holds Regular Meeting

The regular meeting of the Board of Trustees of Schleicher County Independent School District was held on July 16, 1990, at 6:00 p.m. in the Administration Building.

Board members were notified that room assignments for the TASA/TASB Convention in Houston have been made.

Judy Blair reported on the difference between norm and criterion referenced tests to help board members understand the requirements of the recently passed Senate Bill I. According to the bill, all students in grades 3, 5, 7, 9, and 11 must take the Texas Assessment of Academic Skills Test, which is a criterion referenced test. Mrs. Blair explained that on a criterion referenced test a student is judged on the number of questions answered correctly. At grades 2, 4, 6, 8, 10 and 12 students must take a state-

provided norm referenced test. On a norm referenced test, students are judged on their level of proficiency as compared to all other students who took the test. According to Senate Bill I, school districts will be evaluated based on these testing programs. Board members were given a list of TASB sponsored workshops on Senate Bill I that they might attend.

Superintendent Blair reported that application for participation in the Texas School Initiative Program must be made by July 31st. The program allows both administrators and board members to join TEA accreditation teams as they go to districts around the state doing monitoring visits. During the process of participating in this program, members receive training in effective schools correlates.

The first DRAFT of the

1990-91 budget was reviewed and discussed, and letters were presented indicating that Ray L. Ballew has formally been recertified as a Registered Professional Appraiser and Registered Texas Assessor Collector.

Also, members were reminded that it is time again to report their campaign contributions and expenditures and were given forms to be completed for that purpose.

In action items, action on group health insurance was tabled until the budget has been thoroughly discussed. The present carrier is asking for a 26% increase in rates. G-M Underwriters, Inc. was approved unanimously as carrier for SCISD's Student Accident Insurance Plan at a cost of approximately \$9,200 for the 1990-91 school year.

The Texas Association of School Boards' Localized Update 36 was unanimously adopted as a part of local Board Policy, and members approved an addition to student and teacher handbooks notifying students and employees of available assistance for chemical abuse.

The financial report and budget amendments as presented for the month of June were unanimously approved.

In personnel items, the resignation of Manuel San Luis as Assistant Band Director was accepted; Teresa Emricko was employed as high school Spanish teacher; Page Ragsdale was employed as high school computer and gifted/talented teacher; and Larry and Judy Blair's salaries for the 1990-91 school year were approved.

The meet adjourned at 10:21 p.m.

Quality Health Care:

Will It Be There When You Need It?

by Steve Goode

Access to hospital services does not exist in some parts of Texas. Currently 53 of Texas' 254 counties have no hospital. Since 1984, Texas has seen 105 hospitals close. These grim statistics are why Texas has led the national in hospital closures for the past four years. Why are Texas hospitals closing?

The answer is simple: hospitals face increased costs and decreased income. What's causing the problem?

Advancements in medical technology are expensive. Who would rather have exploratory surgery than an MRI scan, which miraculously allows doctors to see inside the body magnetically without making an incision? Advances in diagnosis and treatment equipment have reduced hospital stays and shifted many procedures to an out-patient basis. All this is great for patients! But the equipment and the highly skilled people needed to operate it are expensive.

Our rapidly aging population is placing unprecedented demands on our health care system. Older patients tend to suffer from chronic illnesses and multiple problems, which make their treatments more complex, lengthy and expensive.

Medicare and Medicaid, government-sponsored health insurance programs for the elderly and the poor, pay hospitals LESS than what it COSTS to deliver services. Medicare and Medicaid patients represent more than 50 percent of the average hospital's patient load. At Schleicher County Medical Center they represent over 60 percent of our load. Add to that those who cannot pay. Uncompensated care represents more than 10 percent of the average hospital's patients.

We already pay for Medicare and Medicaid through our tax dollars. Yet when we utilize hospitals, we pay again because hospitals are forced to spread the unpaid costs from government programs and un-

sponsored care among those who do pay.

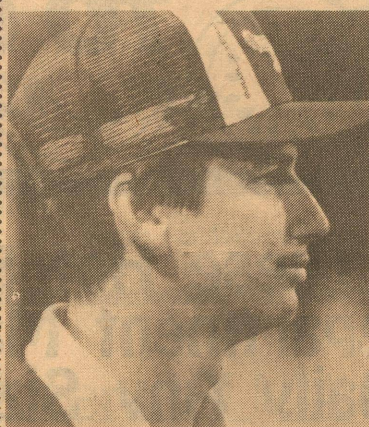

One solution frequently mentioned is national health insurance, or socialized medicine. While many tout the Canadian system, the magnitude of our population would overwhelm their methods. The rationing of care and delays in receiving treatment which are routine in countries with socialized medicine would not be acceptable to most Americans. Also, recent studies have shown that to pay for a Canadian style system in this country, the tax burden to support that system would be double what we are currently paying.

Unless health care financing issues are addressed,

more hospitals will close. Access to hospital services are in jeopardy. The quality of care provided will be affected next. As a hospital administrator, I would rather close than provide poor quality care. I urge you to demand that the federal and state governments pay the cost of treating Medicare and Medicaid patients. I advocate the development of a responsible national health policy that maintains access to basic health services for all people.

Unofficial City Council Minutes

A Regular Meeting of the Eldorado City Council was held Tuesday, July 10, 1990, at 7:30 p.m. at the City Hall with all councilmen in attendance with the exception of Mayor Richard Preston. Meeting was called to order by Mayor Pro Tem John Nikolauk.

CITIZENS PRESENT:

Present to meet with the Council was Josie Knight representing the Meals for Friends Program requesting consideration in the 1990-91 Budget for the Program as was provided in 1989-90.

Roger Powell requested the balance of funds from the 1989-90 budget pledged to Fire Department training. After review of the balance which showed \$575.00, motion was made by John Callison and seconded by Barbara Jackson that the funds be released for the training of firemen at the A&M school. Motion carried.

LAW ENFORCEMENT:

As well as Sheriff Ronnie Norris, Deputy Sheriff Richard Harris and Deputies David Doran and Alvin Estep, the following citizens were present to discuss Eldorado's law enforcement needs and concerns: Delmer Jackson, Richard and Gloria Kent, Bessie Jones and Juanice Orr. Also present were Gary Smith from the newspaper and County Commissioner for Precinct #1, Johnny Mayo, Jr.

Incident reports from called in complaints were circulated among the council members and discussions was held concerning overtime, working hours of the personnel, and problems with providing 24-hour coverage with the current manpower.

Final discussion by the Council was tabled until further in the meeting.

NEGOTIATION WITH CHRISTIAN FAMILY:

Mary and Joe M. Christian and their son, Joe Charles, were present to negotiate for water rights from the wastewater facility. A letter from Joe Charles Christian to Mayor Preston was reviewed by each Councilperson and discussion was held concerning the City's need to amend the current agreement with the Christian family to provide cropland and/or pastureland for disposal of water from the plant. Concerns from both parties were aired, including the City's need to obtain an Irrigation Permit in addition to the Discharge Permit now held so that the City could properly irrigate either farmland or pastureland with acceptable effluent from the plant. Several questions were raised and the City agreed to seek clarification prior to submitting a letter of proposal to the Christians for their consideration. Likewise, the Christian family was asked to make a proposal to the City Council. Several options were discussed, with no final decision made.

LAW ENFORCEMENT:

Following discussion, motion was made by Barbara Jackson and seconded by John Callison that the City rescind its decision from last meeting and again authorize the July nightwatch payment to the County. Motion carried.

WASTEWATER PLANT:

The Council held discussion among themselves concerning the Christian property and the Kellogg property, and it was the unanimous decision of the Council that a letter be prepared to the Christian family, after some clarifications were made regarding the Irrigation Permit. The Secretary was

instructed to prepare the letter and then check with the Councilmembers prior to mailing.

MINUTES, JUNE TAX REPORT, FINANCIAL REPORTS & BILLINGS:
The Minutes of the June 5, June 12 and June 19 meetings were reviewed by the Councilmembers and motion was made by Debbie Ballew and seconded by Dora Bosmans that they be approved. Motion carried.

The June Tax Report was circulated for initialling the the June Financial Reports were distributed to the Council. The Secretary pointed out several areas of the reports and received authorization from the Council pertaining to the continuing the current Animal Control process with a slight deviation regarding stray cats which will alleviate expense in that area. Also, brief discussion was held concerning the Fire Department Contingency Fund and adjustment of TCDP Funds for accounting purposes.

The latest billings received since the last meeting were reviewed, and motion was made by Dora Bosmans and seconded by Debbie Ballew that they be paid. Motion carried.

TCDP:

The status of the 1987 Amendment project was discussed, with the Secretary stating the engineering plans had been submitted to the State for approval and were available as presented for the Council's review.

The 1990 Urgent Need Project Application for wastewater plant repairs has been submitted to the State, and David Todd reports the project appears favorable for funding.

SURPLUS PROPERTY AGENCY:

Authorized signators, as appointed by Mayor Preston, to receive and request Surplus Property executed the Authorization Form. These persons included Jack Dean, Carolyn Mayo, John Callison and Barbara Jackson.

TRUCK TRAFFIC:

Dora Bosmans stated that several citizens of Christian Addition were concerned over the number of trucks using Paseo de Vaca for access to Cottonwood and their yards in the vicinity. Several alternatives were discussed, with Supt. Dean asked to visit with Trey Trucks and with Trio Specialties personnel to propose an alternate route.

FIREWORKS:

The Secretary reported that the Law Enforcement personnel had submitted several warning citation for violation of the Fireworks Ordinance during the July 4 holiday. She requested the Council review the Ordinance for any alterations due to the age of the Ordinance. There were none suggested.

SUPER S SANITATION RATE:

The Secretary requested the Council to review rate for Super S due to the addition of another dumpster to be picked up five times per week. After brief discussion, the Council unanimously agreed to the \$71.00/rate per the Utilities Ordinance provision for adding a dumpster.

LANDFILL:

Concerning the landfill, the Secretary reported that she had visited with some of the Commissioners about the possibility of the County assisting with the digging of an additional pit. Their input had been favorable and reference had been made to the Inter-Local Agreement which provided for

cost sharing of expenses associated with the Landfill pits. After brief discussion, the Council requested that Jack Dean seek estimates from contractors and/or work with Clay Burleson, County Road Supt., to work out an agreement to obtain the results necessary without disrupting other needed activities.

The correspondence from Mitchell County and the Mayor's response letter were reviewed. Mitchell County is a pilot area making application for a very large regional landfill permit. The letter from Mayor Preston was requested in order to submit with the application to show a need for such a landfill.

SUPERINTENDENT'S REPORT:

Supt. Dean reported that Adam Hernandez and possibly Michael Edmiston with TDH Solid Waste Division would attend the next meeting. Currently Mr. Dean reported that they were covering at the landfill twice per week.

Mr. Dean further reported that his crew had replaced 1130' of gas line behind the Post Office and across Hwy 190E and had repaired 3 gas leaks in town.

Regarding streetwork, Mr. Dean stated he had designated three streets for paving as time allowed.

Letter of proposal was submitted from Enviro Tech Lab who is offering drug testing services. Councilman John

Nikolauk volunteered to visit with Dr. Carlo about his current services to the City.

SEMI-ANNUAL STATEMENT OF OFFICEHOLDERS:

The 6-month report from each of the Council members was distributed for their execution prior to the July 15 deadline for the period ending 6-30-90.

RECORDS MANAGEMENT:

Proposed Ordinance #102-90 which is mandated by the State Library for Records Management Program was distributed to the Councilmembers for their review prior to the next meeting. The Ordinance must be approved by January, 1991, in order to establish a local Records Management Program for the City records.

TMRS UPDATED SERVICE CREDIT:

Ordinance #103-90 was reviewed, and materials submitted by TMRS showing current and updated rates for payment into the TMRS system. After review of the increases provided for retirees with only a slight increase in rate, motion was made by Barbara Jackson and seconded by Dora Bosmans that the ordinance be passed. Motion carried.

AUDIT:

The Secretary requested the Council's consideration to scheduling of the annual audit

All-Stars Place 2nd In Iraan Tournament

This past weekend, the Majors All Star Team travelled to Iraan to participate in the 3rd Annual West Texas All Star Tournament.

On Thursday night, Eldorado beat Rankin, 15-10.

Eldorado then played Iraan on Saturday morning and lost a heartbreaker, 12-10. Eldorado came back to beat Stanton that afternoon, 14-9. Raymond Holsey hit a home run against Stanton. This win placed Eldorado in the Championship Game, along with Iraan. Eldorado lost, 17-2.

Eldorado came in 2nd in the tournament. (This is the

third year that Eldorado has either placed 1st or 2nd.)

"The kids played a real good game. They didn't play bad, but every time they hit the ball, it went right to one of Iraan's players," stated Coach Jackie Willis.

The coaches, Steve Snelson and Jackie Willis, would like to thank all the merchants who helped sponsor the teams. They would also like to express their gratitude to the Rodeo Association for the members who volunteered their time to help with the season. A special thank you goes to the men who helped umpire.

Pictured above is the 1990 Major All Star Team. Members are: Raymond Holsey, Caleb Estrada, Garrett Bounds, Casey Willis, Leon Fuentes, Casey Snelson, Kristal Nelson, Joe Rocha, Jason Corbell, Clint Sykes, Wade Dakan, Larry Sanchez and Jason Clark. Coaches are Jackie Willis and Steve Snelson.

New Hours For Local Landfill

According to new rules from the Texas Department of Health governing the permit hours for the local landfill, the landfill hours must be changed as soon as possible. Locally, there is no choice. The rules must be followed.

From information just received by City personnel, the new rulings which went into effect June 30, 1990, mandate that the landfill may not be open after 3:00 p.m. on Saturday and must be closed on Sundays. Exceptions to this rule would be once or twice per year for clean-up campaigns.

Therefore, new landfill hours will be as follows:

Monday through Friday

(except holidays) 10:00 a.m. - 6:00 p.m.;

Saturday - 8:00 a.m. - 3:00 p.m.;

Sunday - Closed.

According to local personnel, there is still no charge at the landfill and the Eldorado landfill is one of few that remains open more than 3-4 days per week.

Also, there are still limitations on what materials can be accepted at the landfill. Such materials as rocks, cement, wire, petroleum products, sewage, and vehicle tires cannot be accepted - many due to EPA rules.

If anyone should have any questions, they should contact Jack Dean at the City Hall, 853-2691.

Eastern Star Honors Old Glory

The Eastern Star presented a program in which the American flag was honored, the pledge of allegiance was given and The Star Spangled Banner was sung. Charlotte Wilson reported on the history of the flag and Maxine Lockin led the group in singing the Grand Ol' Flag.

Neva Boyer from Uvalde became a dual member of the chapter at this time.

Refreshments were served to eleven members and two visitors, Ricky and Jo Ann Palmers from Sonora.

The next meeting will be August 13.

Merry Makers Meet

Opal Parks hosted the 42 Party, Thursday, July 12 in the Dairy Mart club room.

Those present were Jessie Sudduth, Virginia, Griffin, Bessie Clifton, Lillian Mikeska, Estell Baker, Louise Raddle, Evelyn Wilmer, Mary McGinnes, Ethel Etheredge, Florence Hinton and Lois Etheredge.

The hostess served sandwiches, chips, dips and drinks.

Jessie Sudduth will host the next party, July 26.

for the 1989-90 Financial Records of the City. After brief discussion, it was the unanimous decision that the firm of Eckert, Ingrum, Tinkler, Oliphant and Featherston by again scheduled to provide the service as soon as practical after the close of the fiscal year.

BUDGET PROPOSALS:

The Secretary reported she did not yet have 12-month projections for the current fiscal

year as well as current budget proposals for the Council's review, but as soon as possible, she would hand deliver those to the Council for their review prior to the next meeting. In the meantime, the Council was asked to submit proposals to her for inclusion in the Budget for 1990-91.

With no further business, meeting adjourned at approximately 12:45 a.m.

Cheerleaders Attend UCA Camp

The 1990-91 Eldorado High School Varsity Cheerleaders and Mascot are SUPERIOR! While attending cheerleading camp at Angelo State University, July 10-13, the seven member squad was named a "superior" squad by the Universal Cheerleaders Association staff. Those attending the camp were: Lolly Barrera, Katie Hardy, Lindy Hardy, Amy Henderson, Angie McGregor, Traci paxton, mascot Lee Ann Lamb, and sponsor D'Ann Kuhlmann.

At the UCA camp, the girls participated in cheer class, pom (dance) routine, tumbling, partner stunts and pyramid classes during the day. Lee Ann was also able to attend mascot classes to learn mascot techniques and how to promote school spirit. Each day the squad had an evaluation by the UCA staff. Their evaluation was on their performance of cheers, chants and spirit. They received excellent and superior ribbons for each evaluation. Our mascot also received superior ribbons each day. The squad was awarded a spirit stick each day for their cooperation with each other, the staff, their sponsor and for their enthusiasm.

The final day of camp was quite exciting for the entire squad. During the awards ceremony, the EHS Cheerleaders and mascot were named a "superior" squad and both the cheerleaders and mascot received trophies for this great honor. They also received two spirit sticks to bring home and gold superior ribbons for their performances of cheers, chants, stunts and pom routines they

learned throughout the week.

A special highlight for our squad was when our own Traci Paxton was named a UCA All-Star Cheerleader! She was one of five girls from the 200 camp participants selected for this fantastic honor. Traci was judged on jumps, tumbling, pom routines, cheers and overall enthusiasm. Being named a UCA All-Star Cheerleader enables Traci to travel with 1990 UCA All-Star squad to London,

England, December 26, 1990 - January 2, 1991. She will tour the sites of London and then the All-Stars will perform in the Lord Mayor of Westminster's New Years Day Parade, January 1, 1991. Congratulations, Traci!

The UCA camp was a great experience for the girls and really got them fired up. The cheers and chants learned focused on crowd involvement, so Eagle fans, get ready to stand up and yell - The EHS Cheerleaders are ready!!!

Pictured above are the 1990-91 Varsity Cheerleaders. (L-R) Lee Ann Lamb, Katie Hardy, Lindy Hardy, Amy Henderson, Angie McGregor, Traci Paxton and Lolly Barrera.

S&S WINDOW TINTING

The tinting of automobile windshields, windows and store fronts is a complicated mechanism. It takes an expert to do a proper job and in this and the surrounding area, the expert is S & S WINDOW TINTING in San Angelo, at 1901 Austin, phone 944-2549. Many shops may be able to service this part of your car and shop windows, but very few can do it right. Don't trust your tinting needs to anyone less than the very best! Their years of experience and their hundreds of completed jobs speak for themselves. Local dealers, independent garages and homeowners in general know that tinting requires special tools and detailed knowledge that only S & S WINDOW TINTING has. Since it makes good sense to have the job done right the first time, we suggest you contact the specialists at S & S WINDOW TINTING in San Angelo. We recommend them!

CAVERNS OF SONORA

OPEN: September to May 1st, 9:00 a.m. to 5:00 p.m. - May 1st through Labor Day, 8:00 a.m. - 6:00 p.m., seven days, closed Christmas Day only. In view of most of the movies now being shown on the screen and TV, it is a little bit difficult for the family to get together to see a movie. The Sunday drives and picnics are certainly not as much fun anymore either - with parks and highways so crowded. The "family man" is, therefore, somewhat at a loss as to where they can go as a group for fun time together. There is ONE place, however, that thrills the entire family and offers fun and relaxation...that's CAVERNS OF SONORA...located about 15 miles west of Sonora on Cavern Road 1989, phone 387-3105 for information on group tours. They offer many historical and educational sites. They also offer ADVANCED CATERED MEALS for groups. We are pleased to recommend this trip for a time of togetherness and fun for everyone. The management extends a "SPECIAL" invitation to our readers. We would like to "thank" the management for their community-minded efforts in offering a place of fun, relaxation and educational experiences. Visit the CAVERNS soon - "It's worth the drive."

ELECTRICITY—Handle With Care

Faulty wiring or malfunctioning electrical appliances are major causes of residential fires. About 35 percent of electrically caused fires are related to cooking equipment, 30 percent to components of the electrical distribution system including lighting equipment and cords, and about 20 percent to appliances such as clothes dryers, TVs and electric blankets. The remainder are associated with heating equipment.

TO PREVENT ACCIDENTS

1. Read the instructions or use and care manual before operating any electrical product and follow the recommendations.
2. Check the electrical cords and extension cords regularly for signs of damage. Repair and replace any cord which is pinched, cracked, frayed or worn. Cords should not be run under rugs.
3. Check the fuse or circuit breaker boxes to be certain that the fuses or circuit breakers are the proper size for the house wiring.
4. Watch for trouble signs such as flickering lights, sparks from appliances, switches or wall outlets, circuits that do not work, and switch plates and wall outlets that are warm to the touch. If any of these conditions are found, have them repaired immediately.
5. Do not use any appliance that is defective.
6. Do not leave appliances such as laundry equipment or dishwashers running when you are away from home. They could malfunction and cause a fire.
7. Overloading extension cords can cause fires. Most extension cords are not able to carry as much current as the normal house circuit without overheating so know the rating of an extension cord before you use it.
