

On The Divide

Autos Before Baths.

People who brag that America is the cleanest nation in the world may perhaps be correct, yet those who claim that in cleanliness this country still has a long way to travel, point out that there are more families in the United States with automobiles than with bath tubs.

"If it were necessary to evacuate all persons from Kansas it could be done (in less than four hours) using only automobiles, and there would be only three people in each vehicle. But if an order went out in the same state for everyone to take a bath at the same time, sixteen persons would either have to wait their turn at each tub or all seventeen get in at once which would no doubt make it slightly crowded."

Schleicher citizens have become electricity minded. Killowatts, meters, transformers, power rates, etc., are now running "cow trading" a close second. On most any street corner one can strike up a conversation concerning the possibility of our county being lighted in the near future. Working on the program is County Agent W. G. Godwin and a committee of citizens that "talk, eat and sleep" rural electrification. Schleicher has a bright prospect for being among other progressive West Texas counties in securing rural electrification with Uncle Sam's assistance.

O. C. Roberts, Schleicher County pioneer, stopped at the Success office one day last week. Mr. Roberts, one of the first settlers of this community, helped to start the county's first newspaper. He has been a supporter of the paper and a booster for the Divide country for these many years.

Correction: Last week we started that J. E. Hill fetched in a bag of apples; that he had some nice apple trees; and that he would furnish sprouts to anyone interested in growing apple trees on the Divide. Now, it was not J. E., but D. C. Hill, who is an authority on growing trees and shrubbery on the Divide, as his premises will vary. We know that Mr. Hill can grow apples—apples that fit just fine into a nice crisp, piping hot pie. Those interested in sprouts, should contact D. C. Hill.

SECOND GUESSING

(By L. T. Barber)

Say. The Eagles opened their district title play with a bang last night. They rode a strong and powerful bunch of Bronchos over the covered arena to the tune of the way some of the bronks, reminds one of an old time rodeo. It must have been a wild horse race.

We understand that the boys here acquired some new names. Have not gotten them straightened out yet.

Way the wind blew and the boiled it must have made a hot bowl at marillo look (Continued on inside page)

RAINS BRING RELIEF TO SCHLEICHER

Giving at least temporary relief to parched farms and ranchlands of Schleicher rains fell in almost every part of the county Monday and Tuesday bringing rainfall estimated at from 1.4 inch to as much as two inches in various sections.

Accompanying the rain was another welcome visitor—cool weather—relieving the heat wave which hung over this section for several days. The light norther marked the second of the season for this area.

From the ranch of W. E. Brutton in the Reynolds community comes a report of 1 1-2 inches general rainfall. The Pat Martin ranch in the Adams community reports 1-4 inches, and from the Cliff community S. D. Harper reports little more than 2 inches. 1 1-2 inches was general in the Alexander community, according to Mr. D. E. DeLong and the H. R. Ashmore ranch reports two inches general fall in the Bailey ranch section.

Junior Football Uniforms Might Be Secured

Uniforms for junior football of Eldorado might be secured in the near future, if plans of a Lion Club committee, appointed Wednesday, are worked out.

Robert Page, Lions Club President appointed Robert Carruthers, F. T. Finley, Jerry Pennington and O. E. Nevills as a committee to discuss seeking ways and means to finance uniforms for youthful players who will be the high school football team in the next few years.

Road To Depot Draws Attention

Shipping pens on the Santa Fe railroad tracks being of vital importance to farmers and ranchmen of the area and business concerns of Eldorado, they should be accessible under all weather conditions, it was brought out at the Lions Club meeting here Wednesday noon.

During the rainy weather of this week, traffic over the road was completely halted for some time and several instances of great inconvenience to shippers were cited. In some cases, it was reported, stockmen conveyed their livestock to Sonora for weighing rather than tackle the treacherous mires of depot road with heavily laden trucks.

Stressing the importance of the road being reconditioned at once, Lions Club President Robert Page, appointed a committee to investigate the matter and assist in carrying out an improvement program. The committee appointed includes J. A. Whitten, chairman, L. M. Hoover, W. O. Alexander, and J. E. Hill.

Local Boy To Preach Here Sunday

Kenneth Green of the Bailey Ranch community will preach at both morning and evening services at the local First Baptist church in the absence of the pastor Sunday, Mr. Green, son of Mrs. Tom Green is a graduate of Howard Payne college in Brownwood and is well known in this community.

E. H. Sweatt Passes 39th Birthday

Pounding and carving leather all day long, as he has done for the past 23 years, E. H. "Greasy" Sweatt, celebrated his 39th birthday here last Friday. He is owner of the local saddlery shop and is known by everyone in the county as "Greasy."

He was born at Blue Stretch in Mason county to Mr. and Mrs. E. P. Sweatt in 1900. The family came to Eldorado three years later and settled on the place now occupied by Claude Meador.

Mr. Sweatt has observed many changes in Eldorado and has witnessed many interesting events. He remarked that he had seen plenty of antelope and coyotes roaming the town section of Eldorado.

He worked here in the saddle shop for Rex McCormick until 1921 when he went into business for himself.

Local Baptists Hold Enlargement Drive

To enlarge Sunday School work study courses were taught to the teachers and officers and visitation day was held this week at the First Baptist church in cooperation with the Concho Valley association in an association wide enlargement campaign. A general rally will be held by churches in the association Sunday at the Parks Heights church in San Angelo which will wind up the campaign. The meeting will be held at 3:00 o'clock.

More than 47 officers and teachers had enrolled Wednesday night for the eight courses being taught in the local church. Mrs. Bailey Montgomery teaches the Extension Department, D. C. Hill the adults, Mrs. C. T. Aly, Seniors; Rev. Aly, Intermediate; Mrs. Ed Finnigan, Juniors; Miss John Alexander, Primaries; Mrs. J. A. Whitten, Beginners and Cradle roll and Mrs. L. M. Hoover the General officers.

Visitation day was held Thursday afternoon and prospective members were visited and invited to Sunday School.

Mrs. Roy Andrews returned the first of the week from Brady where she has been visiting relatives and friends.

STYLE SHOW WILL REVEAL UNDISCLOSED TALENT HERE

Of much interest on the Eldorado entertainment calendar, is a sensational style show to be given as an added attraction at the Lone Star Theatre Tuesday night, October 24. Members of the local Lions club will impersonate the weaker sex in a review of latest styles and fashions direct from Paris. Lions Club members have condescended to reveal this heretofore undisclosed local talent and charm for the benefit of the High School Band. Money derived from the performance will be used to purchase uniforms.

Dates were announced last week as Oct. 17. Due to conflicting with a P.T.A. program date Oct. 24 has been set.

Although advance information concerning details of the exhibition have been somewhat sensored by committeemen in charge, it was revealed this week that there would be blondes, brunettes and even red-heads. Some with stylish bobs and others with long golden curls hanging about their graceful feminine shoulders. There will be grace; there will be charm; there will be personality.

It is believed that the theatre building will be filled to beyond capacity. It has not yet been announced whether or not there will be more than one performance.

County Agents In San Angelo Today For District Meet

W. G. Godwin, County agricultural agent, and Miss Margaret Stewart, Home Demonstration agent, are in San Angelo today for a district meeting on land use planning. The meeting is conducted by Mr. Ray, land use planning specialist.

In the afternoon Miss Helen Swift, rural organization specialist; one of the food specialist and the district agent will confere with Home Demonstration agents for one hour.

Rural Electricity For This County Looks Promising

With a brief extension of time having been granted, the possibility of Schleicher County receiving rural electrification has been materially brightened, according to the opinion of committeemen who met at the court house Tuesday afternoon. A letter recently received from the Rural Electrification Authority indicated that the time had been extended to January 1, W. G. Godwin county agent, stated this week.

It was pointed out at the meeting that Schleicher county plans to have all data prepared within the next few weeks and send it in to the administrative offices as soon as possible, in order that it might receive consideration before the last-minute rush of applications.

Indications that electrification will be brought to rural areas of this county are favorable, provided citizens show a high percentage of interest. Approximately one-half of the required number of signers have been secured and more than enough to complete the quota have expressed willingness to cooperate, it was reported at the meeting. The work should be completed within about 15 days, progress in contacting farmers and ranchmen having been speeded up during the last few days due to rainy weather.

A system has been worked out by the County Agent's office staff that will speed up contact work. Maps of the county are being drawn up and committeemen in charge of the various sections, will work by these maps in order to not overlook a single rural citizen who might desire rural electricity for his place.

Rural schools will also be benefited by the program, it was pointed out this week at the meeting. It is believed that most county schools will desire lighting.

Electricity may be furnished the Eldorado ball park, but the authority will not loan money for the a lighting system, according to recent communications.

Fire Destroys Gene Koy Auto

Fire of unknown origin completely destroyed the car of Gene Koy on the McClatchey ranch, 10 miles northeast of Eldorado on Thursday morning. The loss is estimated at around \$550.00, which was covered by insurance. The car was a 1938 model Ford V-8 coupe. The fire was discovered by Koy after flames were beyond control. He said he had driven to a pasture near the house and was repairing fence when the mishap occurred.

ELDORADO EAGLES WILL PLAY MENARD ON LOCAL FIELD SATURDAY AFTERNOON

Rev. Aly Resigns At Local Church; Going To Wink

Rev. C. T. Aly, pastor of the First Baptist church for the last 27 months, has accepted the call to the First Baptist Church at Wink and will begin his duties there October 23. His resignation was extended to the local church last Sunday morning.

He and his family will spend this week end in Wink where he is to preach Sunday, returning here October 22 to preach his farewell message at morning and evening services.

During Rev. Aly's stay in the local church approximately \$10,000 dollars has been raised for all causes; 144 members have been added to the church, four B. T. U. and Sunday School training schools have been held, 4 vacation Bible schools, including one negro and one Mexican, have been conducted. While here he has conducted five revivals in the local church and 12 revivals outside with approximately 400 additions to the churches. He has conducted and assisted in eight funerals, and said the ceremony for 10 couples. Since January, 1937 he has served as Superintendent of the Sunday School of the Concho Valley Association. While here he raised the amount of \$3,240 dollars clearing the local church from debt.

New Juvenile Books To Be Purchased For Eldorado Library

"Let's go to Europe through the pages of travel magazines found in our library," was the suggestion made by the Eldorado Public Library committee following an inventory of the magazine shelves made Tuesday afternoon at a regular meeting of the committee. Late copies of "Italia," and "Travel," will carry readers on an imaginary trip to Europe which will be far safer than a real trip would be.

Reference magazines available to the public include the National Geographic, Texas Outlook and Readers Digest. Current copies of Life, American, Red Book, Time, Colliers, Liberty, McCalls and Country Home may be found in the library.

Mrs. W. N. Ramsay, chairman of the committee announced that Miss Annie Herbert had donated a year's subscription to the American Girl to the library and that Mrs. J. E. Tisdale had given a late book entitled "The Brandons" by Angela Thirkell. Others who have recently donated books or magazines to the library are Mrs. F. J. Reynolds, Mrs. Forest Runge Mrs. L. L. Stuart, Mrs. T. P. Robinson and Miss Ruby Butler Mrs. Ramsay reported that seven new books were purchased last month.

The group voted to buy several juvenile books this month. Present for the meeting were Mrs. Ramsay, Mrs. Tisdale, Mrs. Stuart, Mrs. J. B. Montgomery and Miss Christine Enoch, committee members; and Mrs. Fern Aldridge and Miss Tom Smith, librarians.

Mr. and Mrs. Jack Etheredge and Billy Jack and Mr. and Mrs. Evans Etheredge and Sonny spent last Sunday with S. E. Etheredge on the Ft. Territt ranch near Sonora.

Eldorado Eagles will play host to the Menard Yellow Jackets here Saturday in their second conference game of the season.

The Jackets will be after revenge for the defeats suffered the last few seasons. Menard has been unable to defeat an Eldorado team in many football years and the tide is not due to turn this year. Fans can expect a good game from the Menard boys as they are always primed for the Eagles. The Jackets will have their stingers out, but they will not be long enough to tumble the Eagles, in the opinion of local football fans.

Real Estate Men Urged To Get License

The Texas Real Estate act, which became effective September 21, provides that all corporations, companies and individuals dealing in real estate or negotiating loans on real estate must obtain a license from the Securities Divisions of the office of the Secretary of State. D. Leon Harp, State Securities Commissioner, is the administrator of the Real Estate Act.

Ralph Stewart of San Angelo, investigator for the Securities commission, was in Eldorado Wednesday contacting real estate dealers and salesmen. Mr. Stewart left a number of application blanks at the Success office for the convenience of anyone whom he might not have contacted during his stay here.

DAUGHTER BORN TO MR. AND MRS. ERVIN MUND

Mr. and Mrs. Ervin Mund are parents of a daughter, Rebecca Ailene, born early Wednesday morning at their home in the Bailey Ranch community. Shortly after the baby's birth, Mrs. Mund was taken to a San Angelo hospital. Her condition Thursday was improved. The baby weighed approximately 7 lbs at birth.

Eagles Down Broncs, 19-0

That the Protegees of Coaches Squib Corruthers and asst. Coach Huggins intended to take the District 8B. High School Conference by storm became evident when in a storm of dust which left the Sonora Broncs rubbing their eyes and the spectators wishin that they could have seen the game, the Eldorado Eagles made their debut into the conference race by riding the Bronchos to a 19-0 defeat.

Boasting the heaviest and fastest team that they have had since they won from Eldorado in 1929, and inspired by three victories in as many starts for the current season, the Sonora team-played the Eagles on equal terms during the initial period and throughout the entire game put up a stiff opposition to all the Eagles advances. However in the second period and with the wind to their back the hard soaring line and fleet backs from Schleicher County launched a series of drives which resulted in a touchdown when Hill drove off-tackle and across to pay dirt. Halbert's try for extra point was shot by inches.

After whipping the sand from their eyes the Eagles came back strong in the last half to score (Continued on last page)

INDUSTRY AND PEACE

In a recent statement on the attitude of American industry toward war and peace, the National Association of Manufacturers makes an eloquent plea for peace which includes the following salient points.

American industry hates war, which destroys lives and wrecks homes, with economic chaos and crushing depression as its inevitable aftermath. Ultimately no one can escape the ruin of war.

American industry wants peace, for peace is the life blood of progress and must be the national objective. There should be no misunderstanding of industry's position on this matter. A public will to peace, coupled with wise public policies and affirmative action to this end will keep us out of war.

Industry opposes profiteering—the utilization of war psychology

to boost prices for the purpose of making excessive profits. The association calls upon all its members to exercise vigilance against any unjustified price or profit policies.

The use of this crisis to excuse profiteering or to pursue partisan political objectives is not only indefensible and dangerous, but reprehensible morally. The present situation calls for agreement on common objectives, but the democratic process should never be abandoned. The statement concludes:

"In a world distraught by force, the best way to preserve representative democracy is to practice it"

AMERICAN BIG GAME

Big game animals in the United States, once thought in danger of extinction, are now rapidly increasing in numbers, according to the Department of the Interior, which recently completed a survey in which the most accurate count possible was made.

The inventory showed about six million big-game animals, indicating a gain of nearly a million since the nation-wide survey of 1937 was made. With the exception of buffaloes, no animals in captivity were counted.

Deer are the most numerous of the big-game animals numbering more than five-sixths of the total. Others include 228,000 elk, 93,500 black bears, 16,300 moose, besides smaller numbers of wild sheep, mountain goats, grizzly bears and buffaloes.

Least numerous of big game animals are the woodland caribou, only 16 of which were reported, 12 in Minnesota and 4 in the state of Washington. There were 845 European wild boars accounted for, 425 of them being in Tennessee.

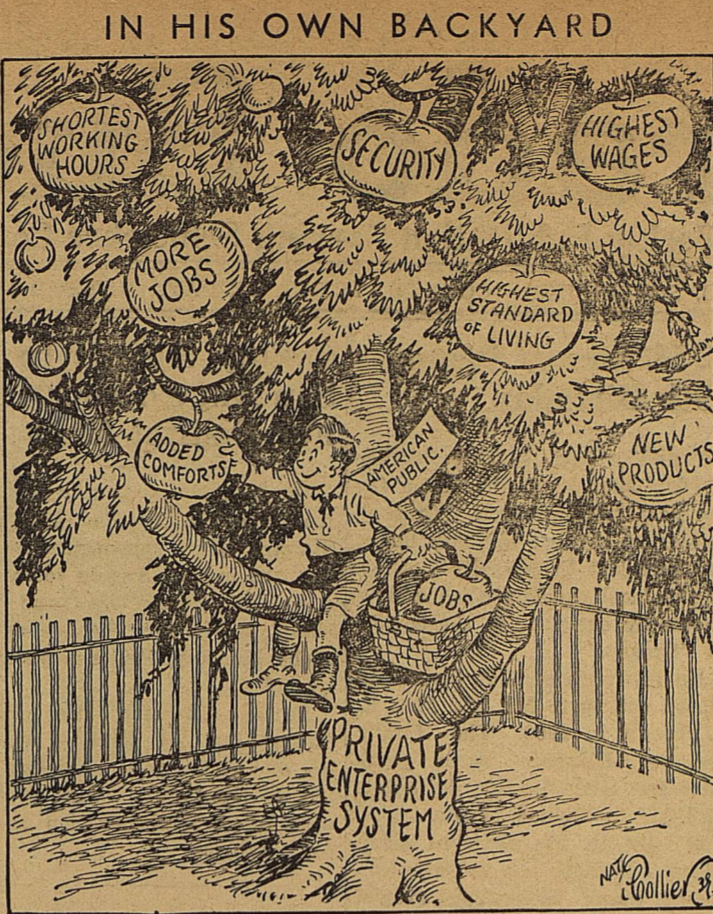

At one time the buffalo, or bison, seemed in danger of extinction, but through the intervention of the government in recent years these animals have been protected and allowed to multiply, so that there are at present about 4,500.

Similar conservation measures have been taken with respect to other native big-game animals and wild life generally, with gratifying results.

Eddie La France of Brockton, Mass., teeing off in a golf game, overshot his mark. The ball landed in Roy Drew's pocket, broke his pet pipe, and set him on fire by igniting his matches.

Leonard Centrone, Brooklyn ice dealer, was named the "most handsome ice man" in a recent contest at the New York World's Fair.

When arrested on a minor charge in Buffalo, Jane Gillen was found to be wearing three pairs of men's trousers.

Nobody's Business
By Julian C. Capers

AUSTIN—The muddy waters of the pension problem grew murkier at this weekend, as the date for the \$6 cut in October pensions drew nearer. Gov. O'Daniel made a trip to Dallas to confer with unnamed advisors, but announced no solution of the problem. In Austin, several legislators dug out the conference report of the special session of 1937, which was estimated to yield \$3,000,000 a year for pensions, with small tax levies on sulphur, gas, public utility companies and franchise taxes, together with re-allocation of the cigarette tax. The bill failed of passage because the House refused to accept the conference report at the special session during Allred's administration. Now it is urged upon the governor that a three day special session be called, with this bill and nothing else submitted, the session to cost not over \$25,000, and with a majority of legislators pledged in advance to approve the bill, provided the sponsors can get such pledges. The governor has given no indication of whether he might embrace this solution.

Mann Rules Against Remission
A court battle led by Dallas County officials, seeking to override a ruling given this week by Attorney General Mann, holding the tax remission bill, under which counties would be given 50 percent of State ad valorem income for a period of five years unconstitutional, was expected to be filed soon. With courage rarely seen in a political office in Texas, Mann held the remission bill, which was part of a general program fostered by large taxpaying interests to wreck the State's general fund and force a sales tax, violated the Constitution. It was backed solidly by county officials throughout the State, who saw vision of a \$10,000,000 pork barrel to be divided among the counties. Many county tax rates and 1940 budgets were set up with the state gift anticipated. Mann's ruling wrecked these programs, unless the courts overturn it. Most good lawyers think Mann ruled according to law, and the courts will sustain him.

Politically, the ruling was probably the most unpopular made in years by an Attorney General, and it antagonized one of the most powerful political groups in Texas. But political considerations seem not to affect the rulings of Mann.

Beauchamp Slated For Bench
The resignation of Presiding Judge W. C. Morrow of the Court of Criminal Appeals this week gave W. Lee O'Daniel another major appointment. Best informed observers here believed the place would go to Tom Beauchamp of Tyler, now Secretary of State. Judge Morrow's term would have expired next year, and the appointee will have to run for election in the July primaries. An appointed incumbent generally has the edge on "outside" candidates in such an election. Lloyd Davidson, state's prosecutor before the court, and Senator Clay Cotton of Palestine, have indicated they would run.

Cement Companies Pay Off
The anti-trust suit brought by ex-Attorney General William McCraw, and prepared for trial by Attorney General Mann, was settled before trial opened, when four companies paid \$100,000 each in penalties, paid court cost, and accepted without contest an injunction forbidding them to fix the price of cement in the future. Defendants were Lone Cement Corporation, Trinity Portland Cement Company and Universal At-las Cement Co. Mann charged they agreed to fix a uniform price on cement in bidding, regardless of distance from the construction job. Pending are two additional anti-trust suits against two other cement concerns who were named originally, and later dismissed from the original action. Mann's office is reported working up evidence upon which other anti-trust suits may be filed, including several concerns which sell large quantities of merchandise to the State, and another against liquor interests which backed the so-called fair trades act at the regular legislative session. The fair trades act passed, but ruled unconstitutional by Mann. The Attorney General is said to be probing reports that liquor interests are doing illegally what they sought to do legally through the fair trades

act, fixing retail prices of liquor by coercive tactics against retail dealers.

Texas Notes
Texas Editors gave unstinted endorsement to the 51st annual State Fair of Texas, at their Press Day in Dallas last Saturday. Under the leadership of Harry Seay as president, the fair has returned to the basic principle which made it successful originally—a strong emphasis on agriculture, livestock, and the other fundamentals of Texas' economic life. For the amusement lovers, there is a good show, but entertainment is not made the theme-song. Publicitor Paul Jones, who believes a fair ought to tell its story with paid advertising, has done a superb job of selling the Fair this year to the public. Rio Grande Valley residents, long vitally interested in division of the River's water Mexico for irrigation, will be interested in a forthcoming book, by Dr. Charles A. Timm, Texas University government professor, summarizing the study made during the past five years by the International Boundary Commission of the water problem along the border. A preliminary digest reveals 70 percent of the water going into the Rio Grande below El Paso originates in Mexico, poses an acute problem in near future. The Texas Press association will hold its annual convention in Galveston June 14-15. The executive committee decided at the Dallas meeting. Lou Elbertson, general editor of the Galveston News, extended the invitation.

A room containing a radio, magazines, flowers and telephones has been set aside at the city prison in Columbus, O., for confinement of traffic violators unable to pay their fines in cash.

In spite of the fact that he has undergone 136 major operations since he was ten years old, H. B. Smythe of St. Louis is hale and hearty at 69.

TRACK

The Eldorado track team consisted of four or five men made a good showing at Sonora. After the meet Coach Smart called for more men. Several new men immediately came out and began working. There seems to be little encouragement from anyone for the track team. The team is not getting as much coaching as it needs and the men on the team are not working as they should.

William McAngus, high point man on the team, injured himself at Sonora and has not been able to train this week. "Lefty" Smith, the winner of the mile race at Sonora, has trained very little. These two as well as all the other boys need more training than they are getting. Something must be done if this high school team expects to win anything at the district meet.

Jack Childers, a Freshman, is good at pole vault but he is unable to remain after school and train. Mr. Curry suggests that he practice every day at noon and try for pole vault at district. There is no other pole vaulter available.

There seems to be more interest shown in tennis than any other event. Coach Smart enjoys the game as much as anyone. There will be a good tennis team to represent this school.

The boys that are working expect to do their best to win for Eldorado High School at the Eden meet Saturday. They ask the co-operation of the school and town.

BASEBALL STARTING

A diamond has been laid off and baseball practice has been started. There are prospects for a good baseball team this sea-

son. Baseball is in the league now.

More than nine men reported for baseball practice Monday. The smallest men out are Jim West and Brownie Bullion. If these boys can play baseball as well as they can make noise we will have at least two stars on the team.

"Rooster" Chick, the "Star" football man has announced that he would not be out for baseball practice. Chick should come out. He might be a second Babe Ruth, who knows?

There is plenty of stiff competition for places on the team. Elzie Moore, "Lefty Smith" and William McAngus will try for pitchers. Big Bill McGilvray and Jack Kerr are both crack first basemen. Carl Kerr and Albert McGinty will be working for Catchers. This high school has a fine chance to win the district championship in baseball.

PERSONALS

Kenneth Green, called "The Dashing 440 yard man" is absent from school. He is a very good track man and his absence hinders the work of the team.

Lawson (Bear) Edmiston is also absent because of sickness.

Garnette Luedecke and several other high school girls have been teaching in the grammar grades. They report a little trouble with the grade pupils.

Vera Wade has been absent this week because of sickness. Vera is missed by classmate and teachers.

Margaret Sheen has returned to school after two weeks of absence on account of the measles.

Willie Ruth Nicks is still absent from school.

Hollis McCormick, Bele Sample, and A. J. Roach are attending the stock show in Ft. Worth.

Alta Stevens is another victim of the measles.

Miss Lee was absent from school Monday on account of being ill.

Mrs. McClain received a message today that her father had died. We were unable to secure particulars.

ST. PATRICKS DAY

St. Patrick was born near Kelpatrick Scotland. He was a noble saint of Ireland and his zeal won him great fame throughout Ireland.

In Ireland he established there a number of schools and monasteries. This is why St. Patrick's Day is known throughout the world, because after he established schools at other countries began to establish schools.

CHAPEL PROGRAM

On Wednesday morning our chapel program consisted of declamations by the junior boys and girls. Most of these were done, and this school should win at the district meet with such material as it has. As is usual with these declamations they were all on patriotic subjects. The assembly enjoyed the declamation. The following girls and boys spoke: Frank Bradley, Jr., Oliver Hardt, Carmen Hardt, Carmen Evans, Wenona Enochs, Jesse Martin, Zella Mercer, Samuel Cloud, and R. L. Sample, Jr.

The senior declaimers have been practicing before the study hall each day this week. Among those who have spoke are Vera Wade, Ruby Wilson, Lorene Shoemaker and Loyce Sharp. These students are to be commended for taking part in this event, and we want one of them to win the district.

Mr. Smart: "Dixie, how long is a frog's esophagus?"
Dixie: "I never measured one, I don't know."

DEBATING

The several debating teams have been doing a great deal of work this week and the teams seem to be improving a little.

We are glad to note that a few names have been stuck off the failing list. We hope to see some more erased in the near future.

Well, there's certainly one thing to be said for flagpole sitters they never lie down on the job.

There are so many good books which I don't have time to read that I almost wish I would sprain my ankle.

Teacher (Looking over Johnie's home work): I don't see how it's possible for a single person to make so many mistakes.
Johnie (proudly): It isn't a single person, teacher. Father helped me.

Henry Ford has given us the biggest problem we have today, and that is: "Where are we going to park it?"

I was just wondering what would happen next in a movie the other night men and women who had seen it before came in and sat down right back of me.

SCHOOL TEACHING

Toil, toil all the live long day,
What go to the trouble, pray?
E'en though one may talk and talk,

The poor students just will balk.
At learning pronouns, adverbs, and Principal parts of verbs,
As well as clauses, phrases, Person, number, gender, cases, And the kinds of sentences
With everything that meases
Those beautiful days of joy,
Right of every girl and boy.

KILL YOURSELF—WHO CARES

In recent years there has been a big increase in the number of people killed by trains running into their automobiles. People do not heed the "Stop! Look! Listen! signs. I suggest signs like the following be placed at

Please answer for yornness: Must night fall because dark breaks? Must fleas fly because flies flee? Must ship have eyes when they go to sea? Must pens be pushed and pencils

AN APPRECIATION

By Jack Elder

Mrs. R. D. Holt, who was a teacher in the Eldorado High School, cannot be praised too highly. She can be named as one of this school's best teachers. Although a professor's wife is always criticised, if she teaches, by some narrow minded people, Mrs. Holt gave these people no just cause to do so. In the class room, on the street, or any other place one saw her she was just the same jolly, inspiring person. She was an inspiration to every pupil who ever took Math. under her. On Sunday if a person wanted to find Mrs. Holt where could he be likely to find her? There was only one place to look and be sure of finding her and that at church and Sunday school. Others might fall down of their

duty but not she.

This school is honored by having had a teacher like her. It would be much better were there more teachers like Mrs. Holt.

When My Ship Comes In

By Clyda Pruitt

When my ship comes in all laden with silver and gold and riches rare, I will have a grand time then.

When my ship comes in there will be trips to all parts of America and then to foreign lands. First I think I should like to visit Japan. It is said to be a very beautiful land. China would be very interesting because of its people, queer customs, and laws. After my visit with the heathens is through I should like to visit all the South Sea Islands too. There will be trips to Holland that country which is so flat and low, and then to Ireland where I shall see the river Shannon flow. Visits with the Welsh and Scots will please me very much, its true, but Italy and Rome will please me much more; Would it not for you? After I have been to England to visit the king and the queen, I shall go to Paris and buy lovely gowns with silvery gleams. Paris is in France you know, that wonderful city where every one wishes to go and buy fine clothes to make a great show. Next comes Germany, Russia, Prussia, Turkey, and then, over to Africa; that's where the wild

animals and big black negroes come from. There in that great and lonely place, there will be great dangers and terrible fevers to face. Some of the natives there are yet uncivilized, and usually among them white people are greatly disprised.

After I have finished my travels an adgain reached home, I thing I shall be contented and never more wish to roam.

BUILDING AN EMPIRE IN RUSSIA

Russia and the United States have been on friendly terms since the World War. During the world war Great Britain threatened war against the United States on the seas, Russia assured the United States that if they were needed they would help.

Russia has been sending people to the United States to get an education and then going back to Russia and taking their knowledge with them and making better schools in Russia. The government is not elected but is appointed as some of the office managers would appoint an office boy. If the man that they try is satisfactory they keep him but if he is not they will try another.

The Russian army consists of about 200,000 armed men that are ready to go to war to protect their country. They have been having trouble with China for the last few years.

SHOWER FOR BRIDE-TO BE IN ELDORADO.

A kitchen shower was given on Saturday afternoon, March 8th, in honor of Miss Bernice Jones, the daughter of Mr. and Mrs. T. K. Jones, who is to be married to Jas. Blaine Sammons on March 20th. The shower was given in the home of Mrs. Bert Page, aunt of Miss Jones and was given by Mrs. Page, Mrs. R. A. King and Mrs. B. B. Britian. About fifty guests were present.

ELDORADO BLUEBONNET BRIDGE CLUB ENTERTAINED

The Eldorado Blue Bonnet Bridge Club was entertained at the beautiful ranch home of Mrs. G. C. Crosby a few miles east of Eldorado. There were a large number of guests present among whom were the following: from Menard, Mrs. Will Nixon, Mrs. James Wilkinson, Mrs. Geo. Asher, Mrs. Hubert Meers, Mrs. Camillo Rayo, Mr. Asa Ellis; Mrs. Goe. Crawford, Houston, Texas; from Eldorado, Mesdames Lewis Ballew, B. B. Brittain, V. G. Tisdale, R. A. King, Jim Hoover, Albert Bailey, Edd Reynolds, Sam Oglesby, H. T. Finley, J. m Williams, Joe Edens, and Seth Ramsey.

JESS L. THOMPSON FOR SHERIFF AND TAX COLLECTOR

We are authorized to announce Jess L. Thompson for Sheriff and Tax Collector of Schleicher County, subject to the action of the democratic primary in July. Mr. Thompson has been a citizen of this county for 14 years and was among those that served his county for two years during the world war, seeing actual service on the front line trenches. He has also served as deputy sheriff of this county for 5 years and solicits your vote and influence.

RAILROAD BUILDING

By J. C. Bullion

"Wham! Wham! clang! clang! goes the iron triangle with which the cooks call the hands to breakfast every morning about 5:30 in the railroad camps near Eldorado. All people within a half-mile can hear this breakfast call.

There are about 150 men in this camp and almost a hundred of them are Mexicans. When the idnner bell rings these hungry Mexicans almost run over each other getting into the cars to eat. The men who wait on the table are kept busy feeding them. There are about 44 cars including three or four water tanks, in this work train. Some of the cars are used for sleeping quarters and some are used for kitchens and dining cars. There are about 20 or 25 men to each dining car. On windy days the men serving the meals are almost blown over when they pass between the cars where the wind can hit them.

The Mexicans on the work are a peculiar group. Most of them are the common greater Mexican and care about nothing except something to eat and a place to stretch their lazy bones. There Mexican speak good English and dress nicely. They are generally the boss of a gang of Mexican.

A person can see many curious sights around the railroad camps. At Company Camp No. 1, a little dirty Mexican boy was trying to get his stubborn little burro away from the hay of the work mules. The boy finally succeeded and loaded his little brother and sister on behind him kicked the burro n the ribs and started off. Near him big dump trucks were working and here we see in a comparison between the dump trucks and the little Mexican boy and his burro, a queer mixture of old Mexico and the United States.

There are many more Mexic-

cans working on the railroad square meal when he was hun-

gry. This queer customer wink men have tried to get the jobs ed his eye continually and talk- that Mexicans hold. Men pass ed with a northern accent. He up and down the highway al- was dressed in dirty blue cotton most every day trying to get a duck clothes and wore a cap. To- job on the railroad works. bacco chewing was evidently a

One very amusing character great pleasure to him and he drifted in from the North look- could spit tobacco juice like a ing for work on the dump. He backwoods Kentuckian. He asked if there was any chance Men like this every day pass for a man getting work on the by, ging or coming from the rail road camps. Many are just there should be. He sat down "bums" while there are many who are really trying to get work.

As a rule the men working on the road hauling ties and other material will beat a person if they can. They are just the happy-go-lucky type that don't have a care in the world except eating and sleeping. Most of the common laborers are abut this way.

Oscar McDonald of Melvin was in Eldorado Wednesday visiting relatives and meeting old friends.

BE SAFE!

Just one faulty piece oof work in Electrical Work may cause thousands of dollars in loss by fire. This work should never be done by ameteurs. Don't try to do your own electrical work, for it is dangerous.

ONE THING And THEN ANOTHER By Fred Gipson

CORPU CHRISTI—For several months now I've been rooming with Mike. But with cold weather coming on and all, I guess I'll have to be looking for another rooming partner.

Mike's a mighty nice man. We get along in the same room together. We see things alike. I like him. But I won't be able to sleep with him this winter.

The trouble with Mike is that he was an only child and city bred and he didn't get proper bed-training when he was a kid. He's nervous and jumpy and skittish about anybody rolling over against him. When it happens, he always jumps up, wide awake, and moves over. He'll do it every time.

As a kid, Mike never did sleep out on the back gallery on a corn shuck mattress when the sleet was rattling on the tin roof just above his head and the wind was howling through the trees like forty devils. He never did sit around a roaring fireplace dreading the cold sheets in his bed, dreading the cold trip to them. He never did stand by the fire and shell out of his overalls and drag on his unions and take a deep breath, then skin out of the room, head down the long gallery through the icy night air, take a running jump and dive between the covers like a cottontail rabbit taking to a hollow stump when a hound dog's nipping the hair out

of his tail every jump. Mike never did lose his breath between cold sheets and lie there, working up courage to shove his feet further down in bed.

But that's the way the little Brother and I used to go to bed. And we weren't touchy. We were mighty proud to snuggle up, all in a wad, while our teeth rattled and we shook and shivered and finally warmed each other.

And we had a ring-necked hound pup, named "Ring," and we never did raise a fuss when he came and crawled in under the covers with us.

Of course, Mama raised a racket about it. Sometimes, she'd come out to see if we were getting warm and find Ring in bed with us and drag him out by the ears and spank him until he howled something terrible. And then she would threaten us with a threshing for letting him get in with us and we'd swear and be-doged that we were asleep and the first time we knew Ring was around was when we heard him howling so pitiful.

Most of the time, though, we three would be all wadded up so tight in the middle of the bed that mama'd never find Ring. He learned to lie mighty quiet when he heard her coming.

Horsefly Turner used to come to stay all night with us lots of times. He was Tumbleweed's oldest boy. He had freckles and he could stick two fingers in his mouth and whistle the loudest you ever heard. He'd try to teach us that trick, but we never could learn. We didn't have a wide gap between our teeth like he did. We liked Horsefly. Seemed like we could always sleep warmer with him in bed with us.

With me and Horsefly and the Little Brother and Ring, all piled up in that bed there, the sleet could rattle and the wind could howl but we could keep warm. We slept close together.

Horsefly and Ring are both dead now. And little Brother is way off down in South America. So now I'm looking for a new bed mate.

I wish Mike had been raised up differently. I hate to move out on him. But when the first real cold spell blows in and I start moving over to keep warm, I don't want him jumping up all times of the night and letting cold air under the covers.

Mrs. Margaret Vink of Emigrant, Mont., killed two rattlesnakes in her kitchen, first stunning them with a stick of wood and then cutting their heads off with an ax.

A 12-year-old fire truck was used to put out a blaze at Olney, Ill., when firemen were unable to get their new one going.

Francis Bendelari, arrested in New York for begging, was found to have bank books showing deposits of \$2,583.

Schleicher County Poultry Show Set For November 4

Plans were made for the county poultry show to be here November 4th. When the exhibit and expansion committee of the County Home Demonstration Council met September 29th in the office of the Home Demonstration Agent. The committee was assisted by the agent, Miss Margaret Stewart. The committee includes Mrs. Marion Wade, Mrs. Will Isaacs, Mrs. J.R. Conner, Mrs. Joe H. Moore, and Mrs. A. E. Trice. The show will be held in a building in town to be determined at a later date.

The following are rules and regulations an educational program and exhibits planned by the committee.

Woman's Club Forwards Tree Planting Project

A report from the investigating committee for the tree planting project and a program on the poet, Edgar Allen Poe, was given when the Women's Club met Tuesday afternoon in the home of Mrs. R. O. Smith.

The committee reported that an inquiry is being made at several nurseries in different parts of the state as to trees suitable for this climate. Mulberry trees have been suggested by the San Angelo nursery. Another committee has been selected to confer with other civic clubs in town inviting them to join the Woman's Club in the project. Plans are to plant two miles of trees on either side of the highway within the city limits. The trees will be approximately 50 feet apart.

Mrs. J. B. Edens, vice president, presided at the meeting in the absence of the president and vice president.

Mrs. Joe B. Edens led the program on Edgar Allen Poe and roll call was answered with quotations from Poe. Mrs. Cora Millar gave analysis of Poe's character. The Allegory in "The Haunted Palace" was given by Miss Anna Florence Page. The source of Poe's melody and his religion by Mrs. R. J. Page and Merits and 2 defects of "The Raven" were told and Poes account of the confusion of "The Raven" given by Mrs. C. M. McWhorter.

Bronze chrysanthemums were used in the rooms and as plate favors for the occasion. Autumn colors were also carried out in refreshments.

Those present include one visitor, Mrs. Bob Evans Jr., Mrs. D. C. Hill, Mrs. C. M. McWhorter, Mrs. R. J. Page, Mrs. Gunn, Mrs. W. N. Ramsey, Mrs. Bert Page, Mrs. J. B. Edens, Mrs. Cora Millar, Mrs. W. T. Whitten Mrs. R. A. Evans, Miss Anna Florence Page, and the hostess.

Mrs. A. J. Roach who recently went through the clinic in San Angelo, is suffering from a case of what is known as goat fever.

Frank, "treated the dog better than he treated me." and that "the dog treated me better than my husband did." Mrs. Karolina Mascha of Chicago sued for a divorce.

A beaver in impeding the progress of a CCC camp in Deer Lodge, Mont. Each night he stealthily dams up spillways which are draining his lake.

The New York Attorney General's office in New York City recently received a letter addressed to "Mr. Aaron Burr, Attorney General." It advertised the opening of a resort hotel.

Presbyterian Head Speaks At Meet Held Here Friday

Miss Mariana Dibrell of Ballinger, Presbyterian president, spoke on the evangelistic crusade when the District three conference, of the Brownwood Presbyteriel, met in the local Presbyterian church last Friday.

The session opened Friday morning at 9:45 o'clock with soft music by Mrs. H. T. Finley. At 1 o'clock Mrs. Will Holland, district Chairman of San Angelo, called the meeting to order and led the opening prayer. Mrs. F. B. Gunn extended greetings from the local Auxiliary before the worship service led by Miss Lucille Russell of San Angelo.

Presentation of literature and a talk on church paper week by Mrs. J. T. Mathison of San Angelo followed Mrs. Dibrell's talk, and Foreign Missionary Helps was discussed by Mrs. Pat Kellis of Sterling City, Synodical secretary of foreign missions. Mrs. William Grady Mitchell of San Angelo talked on the Minister's annuity fund. A Mexican luncheon was served at noon by the local women. Mrs. N. P. Wilkinson had charge of the luncheon.

The afternoon session opened with a reading, "Nellie's Gift" by Miss Anna Florence Page. The Sun Dial followed—talks by auxiliary presidents on the sunny hours in their auxiliaries. They were made by Mrs. Sam Oglesby of this city, Mrs. Aaron Clark of Sterling City and Mrs. Frank Glass of San Angelo in the absence of Mrs. Joe L. Mays. Miss Martha Taylor of San Angelo spoke on opportunities in the Brownwood Presbytery.

The chairman appointed Mrs. George Sullivan of Sterling City, Mrs. J. Covington of San Angelo, and Mrs. Joe Edens of local church and Presbyterial first vice president as a committee to name district chairman to be presented to the Presbyterial. Mrs. Clark of Sterling City was chosen.

The Rev. N. P. Wilkinson, local pastor, made the inspirational address followed by the closing hymn, "Bless Be The Tie That Binds". Four women attended from Sterling City 14 from San Angelo and 15 from the local church.

Present besides those mentioned were Mrs. W. H. Barton, Mrs. Searcy Smith, Mrs. J. P. Brown, Mrs. E. F. Atkinson, Mrs. C. H. Strain, Mrs. L. M. McCullough of San Angelo; Mrs. Maxwell Turner of Sterling City and Mrs. Joe Tisdale, Mrs. Elton Ellis, Mrs. Sally Murchison, Mrs. Leslie L. Baker, Mrs. John Williams, Mrs. Sam E. Jones, Mrs. Bert Page, Mrs. R. A. King, and Mrs. S. W. Holland.

EAGLES DOWN BRONCS (Continued from page 1)

once in both the third and fourth quarters. The second touch-down came as a result of a series of plays, featuring passes from Underwood to Halbert, and line smashes by Jones and Underwood. Underwood raced around his own right end for 5 yards and the second touchdown. Halbert's try for extra point was good.

A 35 yard return of a Broncho punt and a 15 yard penalty on the same play gave the Eagles the ball deep in their enemies territory. On the third down, Jones drove over center and across the goal line for the third touchdown. Halbert's try from placement was wide.

The Eagle guards were very stubborn on the defense. They stopped the charge of the Sonora backs on the line of scrimmage practically every time. Newlin, Singman, broke through and threw the Bronchs for several losses. D. Williams and Isaacs both looked potent on the other end. McCormick and Henderson turned in some nice playing at the tackle posts. Quite noticeable were the large holes made by Henderson and Cozzens in the line on offense. This made possible many of the gains by the Eagles backs. Although Williams was missing from the lineup, the Eagles back-

EARL BRYANT MOVED FROM HOSPITAL

Earl Bryant, son of Mr. and Mrs. Pete Bryant of this city, a student in San Angelo junior college, was moved Wednesday from a hospital where he has been undergoing treatment for injuries received playing football.

The accident occurred in a game between Kerrville and San Angelo a few weeks ago.

Mrs. West Hostess At Afternoon Bridge

Two tables were arranged for games when Mrs. Jimmie West entertained the Wednesday afternoon bridge club at her home this week.

High score prizes were won by Mrs. R. T. Crain for guests, and Mrs. Dave Williamson for club members. Mrs. V. G. Tisdale won cut prize.

Present were Mrs. Tisdale, Mrs. Crain, and Miss Pauline West, guests; and Mrs. Williamson, Mrs. C. C. McLaughlin, Mrs. A. D. Rich-ey, Mrs. Sam Oglesby, Mrs. E. O. Nevils and the hostess.

field turned in some sprightly playing.

The starting lineups were as follows:

HAY FEVER Test This Quick Relief

Try one dose "Dr. Platt's RINEX Prescription." Relief usually begins in a few minutes. A physician's internal medicine in convenient capsules, tasteless—a boon for sufferers from Hay Fever, Rose Fever, Head Colds, Catarrh, Asthma. Not habit-forming. Sneezing, wheezing, itching eyes, running nose quickly relieved. Satisfaction within a few hours guaranteed or money back. Your druggist recommends RINEX, \$1.00.

MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties. BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep. So in case you need a good general system tonic, remember for 3 generations one woman has told another how to go "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders. You'll find Pinkham's Compound WELL WORTH TRYING!

SOCIETY CLUBS PERSONALS

Dinner-Bridge Entertains Club On Reynolds Ranch

Mrs. E. M. Reynolds entertained the night bridge club with dinner and bridge at her ranch home last Friday night. Three tables were arranged for games.

High score prizes went to Mrs. Eldred Roach for ladies and Charlie Weatherly for men.

Present were Mr. and Mrs. Luke Thompson, Mr. and Mrs. H. T. Finley, Mr. and Mrs. Jim Hoover, Mr. and Mrs. H. B. Rees, Mr. and Mrs. Eldred Roach, Mrs. Otis Buie, and Charlie Weatherly.

H. D. Council To Meet Saturday

The Home Demonstration Council will have a meeting in the office of the demonstration agent Saturday at 1:30 o'clock, announced Miss Margaret Stewart this week.

The meeting will be adjourned in time for the ball game at three o'clock.

P. T. A. To Have Night Meeting At School Tuesday

The announcement has been made of the Parent-Teacher Association to meet Tuesday night, October 17, in the High School auditorium at 7:30 o'clock. The night meetings are being held every other month for the benefit of the fathers who cannot be present for afternoon meetings.

To encourage their attendance all fathers will count two for the room count Tuesday night. A musical program will be directed by Miss Iris Shults and W. O. Alexander will be principal speaker for the occasion.

Mrs. Humphrey Hostess To Busy Bee Club

A demonstration on Killing and Dressing Poultry was given by Miss Margaret Stewart at the meeting of the Busy Bee Home Demonstration club at the home of Mrs. W. J. Humphrey last Tuesday afternoon.

The president, Mrs. J. R. Conner, read the duties of the new officers in the absence of the secretary and appointed a nominating committee including Mrs. Humphrey, chairman; Mrs. A. G. Clard and Mrs. Milton Spurgers.

Five members, one new member, Mrs. Westbrook, and one guest Jane Wilson, were present. Refreshments were served following the meeting.

Adams Club Learns To Dress Poultry At Meeting Tuesday

For a demonstration on dressing poultry, the Adams Home Demonstration club was 100 percent in attendance when they met in the home of Mrs. Will Isaacs Tuesday afternoon.

"Select fat poultry to kill. Bleed well by hanging foul up by the feet. A large bucket is best as a container for scalding the fowl and the water should not be too hot," are pointers brought out by Miss Margaret Stewart in giving the demonstration.

Present for the meeting were Mrs. Otto Williams, Mrs. Leonard Isaacs, Miss Lottie Reynolds, Mrs. Myrtle Reynolds, Mrs. Will Montgomery, Mrs. Silas Burk, Miss Stewart and the hostess.

Jim Tom Roach, Tom and Jessie Carroll left Tuesday for Memphis, Tenn. The carrolls are owners of a farm there. They will be away for two or three weeks.

Kent-Star Engagement Is Announced Here

The wedding of Luther A. "Pokey" Kent and Miss Lena Christine Starr will take place on October 22 in the First Baptist Church in Tyler, it was announced here recently.

Mr. Kent is a son of Mrs. A. E. Kent of this city and a graduate of the local high school and Tyler Commercial College. He is employed in the office of the Stewart Oil Company in Tyler.

The bride-to-be, daughter of Mr. and Mrs. Russell Brown Star, attended Tyler high school and Commercial college and is employed by an oil company. The couple plans a wedding trip to New Orleans and East Texas. They are to live in Tyler.

Distinguished Guest Honored By Mrs. Alexander Monday

To introduce her house guest, Mrs. Harry Webb Farrington of Pasadena, California, Mrs. W. O. Alexander entertained members of the Daughters of the American Revolution Monday morning at her home.

American beauty roses decorated the room and refreshments were served to the honoree, Mrs. Ernest C. Hill, Mrs. L. M. Hoover, Mrs. W. M. Davis, Mrs. J. E. Hill, Mrs. C. M. McWhorter and Miss John Alexander.

Mrs. Farrington former associate professor of English in Hunter College, New York, and author, in speaking of her chief travelling experiences emphasized how people of different nationalities and ideas can come to know and understand each other when there is a willingness on the part of both parties. She also stressed the importance of religion in the home and national affairs.

Mrs. Farrington, a daughter of the Rev. Franklin Grasson Davis, Methodist minister and missionary of Gallipolis, Ohio and India, was born in Secunderabad, India. She (D. Davis Farrington) is the author of "The Essay: How to Study and Write It" and "Narrative and Descriptive Projects". She has edited two books of poems written by the late Mr. Farrington, who was a Methodist minister, entitled "Valleys and Visions" and "The Land of Only If". Some of these poems may be found in late hymnals.

Last August 17 Mrs. Farrington left her home in Pasadena on a tour to collect material for a new type of family history she is writing. Since then she has spent a week studying in the Genealogical Library in New York and several days in the Congressional Library in Washington. She has also visited old homes where her ancestors pioneered in Ohio, Illinois and Texas. She came for a short visit with Mrs. Alexander, a cousin with whom she has corresponded after learning of here in her research. Mrs. Farrington pointed out that this new book when finished will show how a typical American family has contributed to the American culture through the avenues of art, literary composition, public offices, professional vocations, and in many other ways.

DAUGHTER BORN TO MR. AND MRS. BOB FAUGHT

Mr. and Mrs. Bob Faught announced the birth of a girl, Barbara Oleta, born September 27 at their home. The baby weighed 9 lbs. at birth. She is a granddaughter of Mrs. L. R. Damron and a great granddaughter of Mrs. Will Doyle of this city. The Faughts live nine miles north of town.

Mr. and Mrs. S. P. McDonald and daughter, Sandra, spent last week end in Brady and Brownwood.

ODDS and ENDS

In memory of Mr. John Rae, "Not Peace, But a Sword," by Vincent Sheehan, has been presented to the Eldorado Public Library by Mr. and Mrs. John M. Bates of San Angelo.

"This portion of Texas is exceedingly poor, and so barren that I am of the opinion it will always be uninhabited," is the description of Schleicher County in a diary of C. C. Cox, during a trip from Texas to California in 1849.

"They are wearing it," should never be an excuse in buying a new dress. It's a smart girl who knows better than to buy something designed with some other figure in mind.

Mrs. Frankie Thompson's two little bulldogs, Corkey and Tuffy, are as pleased as punch with their new winter sweaters. Corkey's is a deep red with a gold ring around the collar and Tuffy's is a forest green with a lemon yellow stripe.

Speaking of styles, you should see the new streamlined desk and chair R. O. Smith made for his wife. He is quite a wizard at the job, we must say.

Mr. and Mrs. Sam McGinnis and sister, Mrs. P. B. Conner, went to Brady on business Friday. They also visited friends in Eden.

DALLAS GUEST HERE.

J. A. Johnson, Representative of the Baptist Standard in Dallas, visited here the first of the week with Rev. and Mrs. C. T. Aly. His visit was in interest of the Sunday School enlargement campaign.

FALL

Round-Up!

The title of this little piece doesn't lead us into a song about the lone prairie where the wild coyotes howl; on the contrary, it's to remind you that it's high time you rounded-up your car and herded it into a Humble Station for the servicing it needs for trouble-free Fall driving.... It's time to have your tires looked over, time to have your battery checked, your spark-plugs tested, your fan-belt looked at, your worn-out wiper blade replaced. It's time to clean and polish summer-dulled paint, it's time for a verified lubrication job, it's time to drain and change your crankcase oil. . . . Humble Stations, you know, are fully equipped and the men carefully trained to keep your car running right and looking good. Round up your car under the nearest Humble sign—soon!

Mitchell-Aldridge Wedding Held

Mr. and Mrs. Jerome Mitchell returned the first of the week from a short wedding trip to Carlesbad. Mrs. Mitchell is the former Mrs. Fern Aldridge of this city before the ceremony read by the Rev. C. T. Aly of the First Baptist Church last Saturday evening at 7:00 in the pastor's study.

Attendants were Mr. and Mrs. W. A. Hughes and Mrs. Marthelene Dunn of Doole. Mrs. Mitchell has lived in Eldorado for the last two years and has recently been employed as assistant librarian in the Eldorado Public Library.

Mr. and Mrs. Mitchell are at home here where he operates a trucking service.

Reynolds Club Has Regular Meeting Wednesday

"Hanging the fowl by the feet and sticking a knife through the main vein of the head is the best way to kill a chicken for dressing," Miss Margaret Stewart told members of the Reynolds Home Demonstration club at their regular meeting Wednesday afternoon in the home of Mrs. J. Tom Williams. She said that killing a chicken in this manner it bleeds well and doesn't bruise itself by flopping on the ground.

Fried chicken, hot rolls, butter, cake and coffee were served following the program. Members present were Mrs. Raymon Dickens, Mrs. W. B. McAlpine, Mrs. James Williams, Mrs. W. E. Brunton, Miss Stewart and the hostess.

Miss Christine Bowman of Commanche who is visitin a sister, Mrs. C. N. Shaw in the Reynolds community, was returned to her home Tuesday from a San Angelo hospital where she underwent an operation for the removal of the appendix.

FIRST METHODIST CHURCH

"The gold of that land is good" Gen 2:12

The treasure of Heaven is Christian love. All else will tarnish and canker and eat into the souls of them that cofet it—and not its creator. It is bright and precious here in this world; fraud cannot despoil us of it, force cannot rob us of it. It is our only safe happiness here, and it is the only possession we can carry with us into the world beyond the grave.

Subject Sunday Morning "The Lamp of God."

Subject Sunday Evening, "The Spring".

All Leagues meet at 7:00 P. M. Church service 7:30 P. M.

FUNDAMENTAL BAPTIST

Bible School 10:00.

Preaching Service, 11:00.

Subject: "Binding of the Tiores." Evening Serfice, 7:30.

Subject, "In the days of these Kings."

Workers at a flour mill in Petersburg, Ill., who had searched in vain for a cat and her kittens, received this letter from a customer in Peoria, Ill.: "Car of flour received, but contained a cat and kittens we did not order."

Second Guessing

(Continued from page 1)

like pavement. Many of the fans often wondered who had the ball.

Letter received from Earl Bryant in the hospital at San Angelo reports he is doing better since he was relieved of part of the Lecatur player's knee from his side. We hope nothing serious comes from this injury. Earl has a bright future as an athlete.

Notice of friend "Pokey" Kent's wedding announcement. Congratulations are in order. You will have to guess them for keeps now.

This district competition is growing stronger each week. Rock Springs, a slow starter is showing improvement and by Armistice Day they may start a young revolution against the Eagles. Ozona has also gained ground since their surprise defeat from a Mertzon team. We can expect some strong opposition from the Mason County boys. Any team running up 25 to 30 points must have something besides eleven uniforms and a football. We can at least expect a fight from all the teams in the district. They are all gunning for the Eagles.

Bob Williams, Still hoping around on the one good leg, was having fun at least Tuesday afternoon. He was giving the reserves lots of 'pepper up' talk and had them fighting the first stringers almost off the field. Considerable competition is being carried on for berths on the starting squad. From the activity at the practice field source of the original starters had better turn on the steam, or they might have some 'bench blisters' on them.

The grapevine carries tales that some of the black and gold warriors are about to be thrown for losses from the academic departments. Moral: 'Just a few more minutes a day might help'.

Over at Brownwood Friday nite we saw Joe Hext and "Toar" Susan in action. Both gave a very good account of themselves. Susan was especially outstanding on defense, while Joe sparkled his team to a well earned 13-0 victory over T.W.C. Joe, playing strictly in the blocking position touches the ball so seldom, that he almost ran away after the whistle had blown.

From The Hat:

After checking results from last week's Southwest Conference play, we find a very good average, missing only the TCU- Arkansas game, but it was close. This week will be somewhat different.

Starting off with a head-ache, S.M.U.-Notre Dame. Notre Dame has been pushed to win their two games, while S.M.U. tied a very strong Oklahoma team and covered up to win a breather from North Texas. More or less from a point of hopefulness, we are taking S.M.U. in no worse than a tie. Texas meets a very strong team from Oklahoma. The Texas Sophomores were hot as fire-kids last week. Texas again in an awful struggle. Rice battered a strong Centenary bunch into submission last Saturday, but they may be over matched this weekend. L.S.U. will probably be too much. Arkansas will have too much on the ball in the only confarmers from A. & M. should still be in the harvesting mood and take Villasiova at Tyler. The heat will help to ripen the Easterners.

Back Home:

In our own back yard, we will

have some interesting battles. Rocksprings to outscore Ozona in a close one. Sonora will get revenge at Junction. Mason to take Richland Springs and Eldorado over Menard by at least 3 touchdowns.

Town Sheriff W. A. Armstrong of Islington, Ont., refused to prevent nude bathing in the Humber River, explaining: "The water is so dirty it is impossible to see whether bathers are naked or not."

Compete Line of attractive Christmas Cards are available at The Success Office.

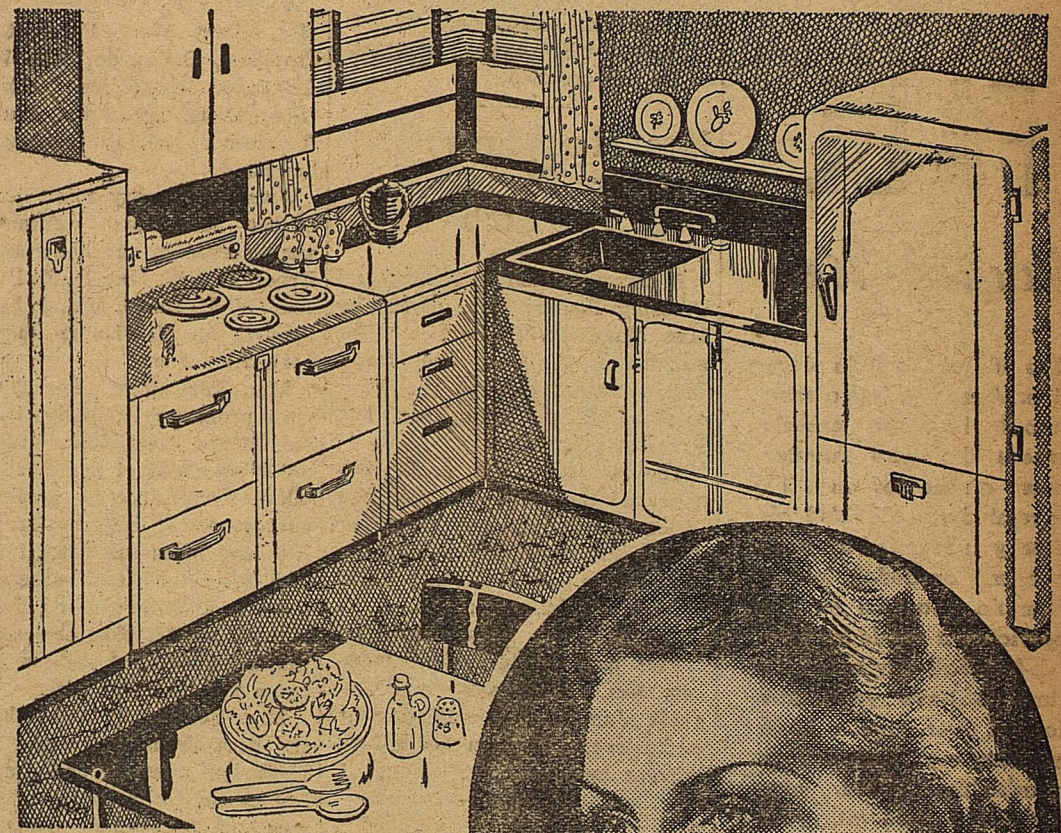

Emile Gingras of Montreal went to sleep in a house he had entered, and was caught with two bags of loot he had intended to steal.

ATTENTION WEST TEXAS!

Our store is fortunate in having only new merchandise, because our doors have been open less than 8 months, but phenomenal warm weather had delayed Fall buying to a point that we cannot wait longer to move this stock. What we want is plenty of business crowded into a few short days. Therefore, we are offering prices so drastic that we know that \$20,000.00 of our merchandise will be moved out during this Sale.

NOW LISTEN!

We are making these reductions knowing that we will pay, in some instances, up to 50 per cent more than we are selling it to you for. This sounds silly but it is our way of doing business to always give you the latest merchandise at any cost. Merchandise is stacked to the ceiling and two warehouses are full. We are not panicky, but we don't like to be crowded. Use your good sense and stock up. We are right when we say that it will be years before you see prices like this again.
