

ELDORADO EAGLES TAKE DISTRICT 8-B CHAMPIONSHIP TITLE

On The Divide

Like censured news from the battle fields of Europe, deer stories commonly heard on the streets of Eldorado might be related with similar skepticism.

Some of these stories might be classed as slightly exaggerations, but we know that most anything can happen while on a deer hunt.

You take just this last week "Tiny" Godwin was out in the brush, with his brand new red cap and all, and he saw a deer. He leveled down on him kindly sudden like and let loose a barrage of 14 shots without bursting a hair. Godwin's partner, hunting right up the canyon, got out on top and also took a post at the deer and hit him. The two started trailing the old buck and rounded a cliff just in time to see an old man level down on the antlered brother and bring it down spraling. "Tiny" came home without deer meat.

Stock Pens Are Being Repaired

Loading chutes of the local stock pens are being repaired this week. The pens are being remodeled and rearranged in order to afford greater convenience to stockmen in loading livestock. The job was expected to be completed today.

J. A. Whitten is chairman of a Lions club committee, that has been working on the project for some time.

SECOND GUESSING

(By L. T. Barber)

The Eldorado Eagles looked stronger last Saturday against Ozona than any other opponent. They did not waste any time getting off ahead. In most of their games before, they would flounder around for a couple of quarters before getting together. Running from only one formation the blocking and drive of the backs and linesmen looked very potent.

The boys that suffer most in practice really enjoyed the last half of the game last Saturday. The shock troops for the first stringers got to play the entire last half. They proved too much for the visitors and less yardage was made on them than the first string during the first half. Offensively the reserves did not show very well but they were all there on the defense. Defense is what they enjoy any way.

In the ground gained department, Bob Williams drove to 141 yards on the ground and passed for 15 more, on twenty tries. Hill got 40 yards on seven attempts and Halbert 23 on four. Halbert did most of his work on returning punts. On three punts, he carried 88 yards. His longest being 70 yards of every nice broken field running for a touchdown but was called back from a clipping pen. (Continued on inside page)

RED CROSS DRIVE ABOVE 1938 RECORD

Local Red Cross roll call workers have reported a larger enrollment to date than was obtained during the entire drive last year. Mrs. John Williams, chairman of the drive, stated this week. Mrs. Williams is assisted by a Lions club committee composed of L. M. Hoover, W. O. Alexander, and E. W. Brooks.

With the total to date amounting to \$130.05, members of the committee report they believe many more enrollments will be solicited before the closing date, November 30. Last year's record was \$103.00.

Meeting Scheduled For AAA Program; Land Use Planning

Meetings on 1940 A.A.A. and Land Use Planning will be held at the following designated places according to the Committee of Schleicher County.

7:30 PM Friday November 24th, at Reynolds School House; 2:30 PM Saturday, November 25th, at Eldorado Court House; 7:30 PM Monday, November 27th, Adams School House; 7:30 PM Tuesday, November 28th, at Cliff School House; 7:30 PM Friday, December 1st, at Loftin School House; 7:30 PM Monday, December 4th, Alexander School House; 7:30 PM Tuesday, December 5th, Bailey Ranch School House; 7:30 PM Wednesday, December 6th, at Kafir School House; 7:30 PM Thursday, December 7th, Mayer No. 1 School House; 7:30 PM Friday, December 8th, Mayer No. 2 School House.

These meetings are for the purpose of acquainting the whole family with the 1940 A.A.A. Program in which changes will be discussed in regard to the program and how the Individual family may apply the program to their needs. Land Use Planning will be discussed in which delegates will be elected from each community to formulate the County Land Use Planning Committee. These meetings are considered of total importance to Farm and Ranch 1940 Operators because of the changes that are being made in regard to A.A.A. and The U. S. Department of Agriculture.

You are urged to be present by the county Extension Agents.

Large Crowds Attend Palomino Sale Here Wednesday

Horse lovers from several states as well as from various parts of Texas gathered here Wednesday for the largest Palomino auction sale on record. Twenty-three outstanding animals were sold as high as \$210.

C. H. Wylie of Blackwell paid top price of the afternoon for Silver Jim, two-year-old stallion, after considerable competition. Dallas, 22-months-old Palomino winner of the West Texas Fair, sold to Eddie Reynolds for \$175 and Van Court brothers of Mertzon offered high bid on the yearling stud, Howard, gaining ownership for \$135. An average price of \$95 was paid.

From the estimated crowd of more than 500 horse lovers, Auctioneer Ray Lum and his assistants kept busy spotting upraised hands and catching the numerous nods of buyers' heads as competition for the Palominos became intense.

MRS. WILSON CALLED TO CALIFORNIA

Mrs. L. T. Wilson left last Sunday for Madera, Calif. where she was called because of the serious illness of a daughter, Mrs. W. H. Clevenger.

Many Deer Bagged By Local Hunters

With the opening of hunting season, enthusiastic hunters were off to try their skill. Some returned home with proof of their good marksmanship, while others came back with only the story of how a big one got away.

First to arrive in Eldorado with his prize was T. L. Whitley who shot an eight-point buck the first day of the season. The buck weighed about 130 pounds. Tobe Whitey, killed a six-pointer also weighing 130 lbs. The party went to the Bill Horn ranch, 55 miles from Ozona. Others in the party were Bill Hoover and Mr. Busby of Ozona who also bagged their bucks.

A. D. Richey, accompanied an old hunting bunch of his from Talpa to hunt in the mountains west of the Pecos. His prize was a fine ten-point black-tail buck.

A mule-eared buck was brought in Saturday by Miss Fae Belle Enochs from the Delaware mountains, to claim the title of first successful female hunter. Miss Enochs has brought in deer meat each season for the past three years. Accompanying her on the hunt were Mr. and Mrs. L. L. Arnold of Groveton. Eagles Will Battle Grandfalls Here Today At 2:00

On Friday afternoon at 2 P. M. the Eldorado will gain some idea of how they stand with the winners of the District 7B, when they engage the Grandfalls Cowboys of Coach O. P. Adams in a warmup for the Bi-District. Grandfalls has tied both Big Lake and Iraan, but lost on penetrations. Big Lake and Iraan are tied for the lead in District 8B and will play for the championship next Friday night in Big Lake, so this game becomes of singular importance in that it will give us some idea of what we will go up against when the real test comes.

Grandfalls has a small team, but it is a fighter, as all of Coach Adams' teams have been, and it includes some of the finest ball handlers we have seen this year. We are hoping that the Cowboys best ball carrier Clinton Carr has recovered from a sprained ankle, so that it will be a definite test of the strength of that district. Carr is to their team about what Jay Francis is to the Midland team, so if he isn't well they won't be at top strength. Coach Adams says that Carr will be ready and that his whole team is anxious to get (Continued on last page)

CLEVER WINDOW DISPLAY ATTRACTS ATTENTION

Many would never have known that last week was observed as annual book week had it not been for the skillful way Miss Tom Smith arranged a window display in the Coulter's Men's Shop window to attract attention and remind Eldoradoans of this fact.

Passersby stopped to take a second look at the cunning house of books and the book tree nearby. Miss Smith is the librarian of the Eldorado Public Library.

Dressmaking Shop Opens Here

Miss Rosa Sauer, daughter of Mr. and Mrs. Otto Sauer of the Reynolds community, has opened a dress-making shop here, located across the street from the Bearce apartment house.

Miss Sauer has been formerly employed as seamstress at Hemphill-Wells in San Angelo. She will be in business for her self here.

LOCALS TAKE WIN FROM OZONA SAT.

City Congratulates Team And Coach Upon Success

The Eldorado Eagles completed their district schedule last Saturday with a very decisive 28 to 0 win over the Ozona Lions. The entire score was accounted for in the first half, With Williams, Hill and Halbert scampering all over the field behind some very effective blocking from the front line.

Eldorado received the opening kick off and without loosing the ball, drove 63 yards for the first score, when Halbert went over from the four yard line. Williams kicked the point. Ozona received and on spinners and reverses made three first downs in a row and looked as if they might go places but the Eagles line dug in and forced them to punt. The Eagles were unable to make a first and punted for the only time in the first half. Hill hung his toe into one for fifty two yards. Ozona made two more firsts in succession, one given them on a penalty for roughing the kicker.

The second score came in the second quarter when the Eagles took over on their 27 yard line and with long runs by Bob Williams and Hill, Williams went over from the five yard line. Williams again kicked the point but had to have two tries. Ozona being off side on the first one which was low.

The best exhibition of broken field running was staged by Jack (Continued on last page)

College Students Eat Turkey With Home Folks

Most College Students from this city are making their plans to get their names in the pot for a Thanksgiving dinner at home. Erma Lee Bodine the first to arrive, came in Thursday night from a Tyler business college and will visit her parents, Mr. and Mrs. Guy Bodine, through December 3. She met a brother, Harmon, in Bryan last night and the two came home together. Harmon had been visiting an old class mate, Clayton Coffee, at A.&M. and friends at Bryan.

University students in Austin to be home are Jetty Grace DeLong, daughter of Mr. and Mrs. Dave DeLong, she will attend the A.&M. Thanksgiving game and will arrive home the evening of the 30th. for a few days. Eddie Reynolds, son of Mr. and Mrs. Ed Reynolds and Genevieve Ramsey will both be here on the 29th. to spend the remainder of the week. Genevieve and her parents, Mr. and Mrs. S. Ramsey who arrived from Toyah Tuesday will visit here with Mrs. J. D. Ramsey. Ray Bruton, another U. of T. Student, will arrive next Tuesday night for the holidays with his parents, Mr. and Mrs. W. E. Bruton.

From San Angelo will come Richard Bruton who will be in following the game the 29th. for a holiday feast with his parents, Mr. and Mrs. Claude Bruton. Also from there will be Earl Bryant, son of Mr. and Mrs. Pete Bryant, and Dan and Jack McWorter, sons (Continued on back page)

OUTLOOK FOR 1940

Each year a government survey is made in an effort to forecast the probable trend of agriculture, industry, finance and business in general. A report making such a forecast for 1940 was made public last week, and some of the conclusions reached are as follows:

1. Everything considered, it seems likely that 1940 will be a moderately better year for business than 1939.
2. The net effect of the war will be favorable to American business, but this will be felt very gradually.
3. Aside from the war, the immediate domestic business outlook is favorable and the present upswing will continue for several months.
4. A decline from the peak of this upswing may occur some

time during next year, but should not be serious.

These predictions are made in a period of great uncertainty, and merely represented the composite opinion of various government officials, in the light of the best information available. Many things might happen to change the present outlook, especially in view of the chaos in Europe.

The worst thing that could happen, of course would be our involvement in the war, but all classes of our people seem so determined to stay out of it that we may be able to avoid such a disaster.

AN ALIEN'S GIFT

A most remarkable gift, both with respect to the circumstances under which it was made and the results which have sprung from it, was that of James Smithson, an Englishman, who left his entire fortune of about \$540,000 to the United States a little more than a century ago.

From this legacy has arisen one of the leading scientific establishments in the world. In accordance with the terms of his will, which provided that the money should be used to found in the city of Washington, under the name of the Smithsonian Institution, "an establishment for the increase and diffusion of knowledge among men."

A strange fact connected with his gift is that during his life James Smithson never set foot on American soil. He was born in France, of English parents, the natural son of Hugh Smithson, who afterwards became the Duke of Northumberland; his mother was Elizabeth Keate Macie, a descendant of Henry VII. Smithson was a scientist of some note, deeply interested in research, particularly in chemistry. Just why he left his fortune to the United States is unknown.

In any event, as was recently said, "Smithson's bequest became the inspiration of American science and even to a measurable extent of world science." Besides, it has served as an example to other men who have given princely gifts to promote the spread of knowledge.

In 1904 Smithson's remains were brought from Genoa, Italy, where he died in 1829, and interred in the grounds of the Smithsonian Institution.

Doris Bleyle, 13, of Buffalo was awakened by a strange man tiptoeing through her room. Leaping from her bed, she snatched a shoe from the floor and hurled it. The intruder fled.

Mrs. A. J. McDonald of Butte, Mont., thwarted an attempted robbery of her grocery store when she pulled a six shooter from under the counter and aimed at the intruder. "Then I sat down and had a good cry," she confessed to police.

FOOD SALES HERE RETURN \$14,508 IN HIDDEN TAXES

Families in Schleicher County pay an estimated \$14,508 in hidden taxes annually through their purchases of food, a National Consumers Tax Commission survey showed today.

"Nearly eight per cent of the total food bill represents shifted taxes buried in the price of every purchase," the report, stated. "These unseen levies, for example, take 11 per cent of butter costs, six and one half per cent bread costs, 10 and one half per cent of sliced bacon and 14 and one half per cent of the cost of coffee."

The report was made public through Mrs. Kenneth C. Frazier, of Dallas, Chairman of the Board who leads NCTC study-groups in about 810 Texas communities in the educational crusade against "unnecessary consumer penalizing taxes." The report added:

"Chief offenders, and those that fall most heavily on lower income families, are hidden taxes. These are levied originally against the producer, manufacturer, shipper and distributor. Unable to absorb the load, each must pass on a share of its taxes and the consumer ultimately pays them, usually without knowing it."

The commission, in whose non-partisan crusade groups in approximately 5,100 communities have launched tax study programs, said the hidden tax figure does not include the many other hidden and direct taxes families here have to pay.

The food tax estimate was computed from NCTC averages based on last available U. S. Bureau of the Census figures which placed 1935 food sales in the county at \$186,000. Government estimates of total sales in the county last year approximate the total in the 1935 study, the NCTC said.

Let's Be Thankful for Electric Service, too!

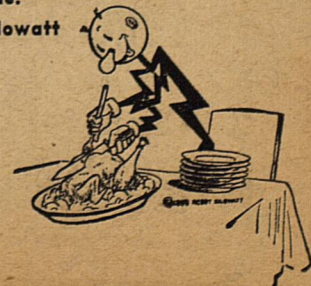

"I am thankful for my electric range. It's so much easier to prepare Thanksgiving Dinner."

Electric Service is something we've all come to accept without much thought. That's because it's so very, very good and dependable. We simply needn't worry about it at all. So it's fitting and proper that we pause at Thanksgiving time to give a moment's thought to the marvelous value—nay, bargain—we get in return for the few pennies a day that we pay for Electric Service. Light is only one of the many items of service included in the monthly statement. Refrigeration, Cookery, Radio, Sweeper, Coffee-maker, Washer, Iron—all these and more cost less today than our grandparents paid for light alone! To use

this Service, we need only turn a switch. And behind the switch are a thousand men and women whose constant labor and research make Electric Service both dependable and economical. Jobs thus are created—a \$1,300,000 payroll in this West Texas area. Taxes are paid—almost a half million dollars annually for the support of local, county, state and federal governments. We can well be thankful for modern Electric Service.

"I serve all the people."

TRAVELIN'?

Yes, we know the vacation season's over, but the holiday season is coming up, and besides, there are thousands of our friends and customers who earn their living "on the road."

So the question isn't out-of-place, after all. Nor is the suggestion which follows: when you travel by car, you'll find it more comfortable if you'll fill up at Humble stations on the way. . . . They are, first, clean. Driveways are scrubbed, brightwork shines, and restrooms are as spotless, as sanitary, as your bathroom at home. Second, they are fully supplied with products which are second to none in performance. Humble offers you your choice of three LEADED gasolines, one for every car, every pocket-book: Humble's Balanced 397 Motor Oil gives perfect performance. . . . Third, you'll like the neatly uniformed Humble Station salesmen you meet. They're capable, prompt, courteous, genuinely helpful. . . . To the traveler by car, the Humble Service Station is a real oasis of the highway—stop for service where you see the Humble sign!

Sacrifice of Thanksgiving "I was glad when they said, 'Let us go into the house of the Lord.'"

The house of the Lord has long been the fountain of gladness. Gladness is the soil fertilized with sacrificial lives of saintly men and women, in which the tender plant has sprung up into a great tree bring fourth its own fruit, The Dear Son of God, our Sacrificial thanksgiving. This stream of gladness has been flowing, with sandal like silence, long before the hem of His garment was touched by a suffering subject and made whole. Thanksgiving morning will send out its light across the slopes of battlefields melting the heart of all who turn their feet into the House of The Lord.

MEN LOVE GIRLS WITH PEP

If you are peppy and full of fun, men will invite you to dances and parties.

BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep.

So in case you need a good general system tonic, remember for 3 generations one woman has told another how to go "smiling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders.

You'll find Pinkham's Compound WELL WORTH TRYING!

ality on the five yard line, when an over anxious blocker was doing his best to help the cause along.

The line looked weak in spots for a few plays at the beginning of the game but got together and their blocking and tackling was very deadly.

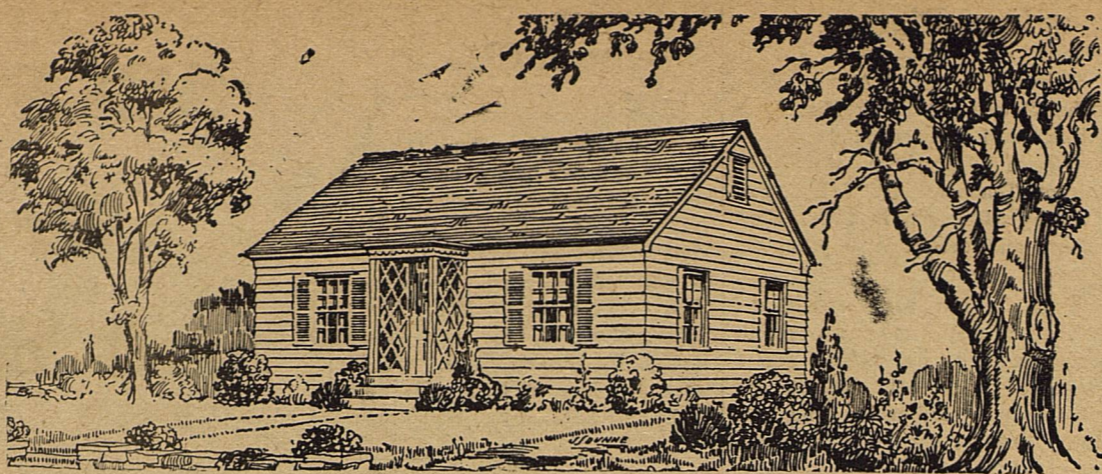

S. E. Jones, running from the blocking position carried out his assignments very well and did some nice work on the defense. He stood out in the second half when the reserves were doing the battling. McCravy, Reynolds, Green and James Burrus were stout defensively. Reynolds and Jones are probably the most improved ball players on the squad. Reynolds, especially is getting very rugged. With this year being his first, his lack of experience has been the only cause for him to take a late seat. He can do a little bit of everything.

A good test will be witnessed this afternoon, when the Eagles square off with the Grandfalls team on the local field. Grandfalls is in the district that the Eagles will have to play for the Bi-District. They have been defeated by both Big Lake and Iraan but only on penetrations by each team. They are a very small bunch of boys but from reports they are

Another New Residence Started In Eldorado

Among the new residences that are now being constructed in Eldorado is the modern colonial 4 room and bath residence started Wednesday for Miss Junita De-

Ford, local school teacher. The new home will feature built-in cabinet and other fixtures, oak floors throughout with in-laid linoleum in kitchen and bath.

Venetian blinds will also be used in this home which will be a combination of beauty and comfort in architectural design. Architect's sketch shown above, supplied by Cameron Lumber Company.

very shifty and handle the ball with all ease.

The Bi-District opponent will be decided at Big Lake Friday night, when Iraan and Big Lake meet in their championship struggle. They are tied so far for top honors. This promises to be a fair battle and quite a few Eldorado fans are planning on going over to see the affair.

The juniors had a bad day at the hands of a heavier San Angelo team Tuesday afternoon. They fought valently but could not keep the heavier backs slowed down enough. The old spirit was there but it could not carry them over.

Did not see Bob Garvey or Tiny Godwin last Saturday afternoon but Dusty Nevills was at ease con-

siderably more than he was the week before. The Aggies won easily over Rice, 19-0.

Speaking of the Aggies they have at least reached the top as the number one team of the nation. TCU last year was in that slot but fell so hard from their perch, they are seldom able to place an entire team on the field that is not crippled. Only Texas University is in the path of an undefeated and untied season. It is to be played on the Aggie field and tradition without the strong team from A. & M. would probably win.

Last week most everything went along according to hoyle but the game at Arkansas. SMU took a neat licking at the hands of the Razorbacks. That just goes to show what can happen in this dizzy old football world. This week, as far as guessing goes does not ease up a bit. The only exception, there are not as many games. Texas, and A.&M. are idle until Thanksgiving. SMU meets Baylor at Dallas, and after the licking they took at Arkansas last week, they should be back and ready. Baylor was pushed to win over a weak Centenary team but does not belittle the strength of the Baylorites any and this game at Dallas should be a dandy. With everything breaking even SMU should win this one. A scramble between the Rice Owls and the TCU Horned Frogs should prove interesting but as far as predicting the outcome, we are not smart enough and will have to take just a wild guess. Rice may accidentally emerge the victor over a crippled and much defeated TCU team.

The Bi-District game between Brady and the Winner of the Wink-Pecos game is hoped to be staged at San Angelo. This would be a very good place as far as the fans in this particular section are concerned. Brady has sacked up their district in great fashion and has in the past won their Bi-District games but have been beaten out in the regional games. We are pulling for Brady and Coach Russ Holland but in case they encounter Wink, it is going to tough on the boys from the Heart of Texas. If it is staged at San Angelo, we hope to be there.

Eagles to Play Con't.

a chance at our Eagles. The Grandfalls team is one of the best looking offensive teams we have watched this year, with their intricate spinners reverses, laterals etc. They really will be hard for our line to stop, and we predict that their offense will give our line its biggest test of the year thus far.

Some of the fans may not understand why we got this game in preference to one with Eden or some other team during the week of Thanksgiving, but some of the boys have made plans to see some of the big games next week, then Coach thought that a game this week, with two weeks for the boys to rest for the Bi-District would be better, too.

Eagles Win - Con't

ie Halbert on a punt return. Taking the ball on his own thirty, he cut to his right and the open down the side line to complete a 70 yard Jaunt. The score was nullified by a clipping penalty on the Ozona five yard line. Bob Williams, took over on the twenty and scampered around, reversing his field and finally went over for another score but this one was voided by an offside penalty. This drive was not to be denied. Williams, two tries from the twenty five, hit two nice holes in the line to carry over and kick the point.

The fourth and last score of the half when Williams passed in the ned zone to Halbert. Williams made it a perfect day of kicking placements, and gave himself a total of 16 points.

The second half was not quite as thrilling from the standpoint of offensive football but the defense was worth watching. The Eagles reservers took charge of the game at the opening of the third quarter and out fought and out gained the Lions throughout the last half. They had trouble in punting and were kept away form pay dirt by this weakness.

The first half gave the Eagles a very large margin in ground gaining from scrimmage. A total of 199 yards was chalked up for the home team, against 60 for the visitors. Eldorado punted only once in the first half for 52 yards. Ozona punted three times for 111 yards. The second half was again Eldorado. The reserves holding the Lions to a net gain of 21 yds., while they were gaining 68. Eldorado made 18 first downs to 7 for Ozona.

High School To Get New Piano

"Ability to Get Along With Others" was a talk by Miss Ruth Howell and the second grade pupils gave a program when the Parent Teachers Association met Tuesday afternoon in the High School auditorium. Approximately 80 were present.

Upon a recommendation from the Executive committee the organization voted to put \$250.00 into a piano for the school, \$150.00 for play ground equipment and donate \$50.00 to the band for payment on their uniforms. A piano will probably be selected by the committee next week.

In her talk Miss. Howell deemed the ability to get along with others more important than superior intelligence. "Children should become good mixers as soon as they can toddle and never be kept alone all the time companionship is essential to happiness", she said. She stressed courtesy as most important factor in getting along with people. Child habits mold personality and parents should be courteous to children as well as teaching them to be courteous. Both should respect the rights of others. She also brought out that gloominess is a sign of self-pity.

Eldorado Juniors Lose To San Angelo

The Eldorado Junior team had a bad day as far as scoring a win was concerned but came out with much praise from the few fans that witnessed the game between a strong team from San Angelo. In the line the teams were well matched in weight but the backfield of the visitors was just too much for the lightweight future Eagles.

A hide out pass completion and a long broken field jaunt by the visitors was the margin of the 13 to 0 defeat of the locals. Otherwise the game was in favor of the Eagles. Twelve first downs to seven was marked up in favor of the home team but that did not win the game.

It looked for awhile as if the Eagles were going to make a battle of it. Taking the kick off on their forty, with some nice ball carrying by Thompson, Edmiston and Davidson and some nice blocking of Clark in the backfield and the front line opening up for the ball carriers, carried the ball to the one yard line before having to give over on downs.

Every one was proud of the way the little fellows battled away. They were just too light to hold on the hard running backs, after they would get hold of them, sometimes for possible losses.

This gives theEldorado midgets an even break in their games. They have won two and lost two. This is not such a bad average considering their first year of play. There is the makings of the future champions for the High School and we are predicting that the opposition along about 1943 and 44 had better start dodging.

Deer Hunters — Con't

Haley and a bunch from Austin left Tuesday for the Big Bend area for four days sport.

Pat Finley, S. D. Harper and J. A. Burselon hunted on the Ed Burselon's ranch, 65 miles south of Alpine. Mr. Harper bagged a nice 8-point black-tail buck. Mr. Burselon brought down a 4-pointer. They arrived back in Eldorado Friday evening, among the first to show up with deer. Those in the party stated that they saw 69 deer the first day of the season.

M. V. Deaton and L. T. Wilson returned from Sanderson last Saturday. M. V. had a 10-point buck and his father a 4-pointer. Dick Bearce and Eldred Roach accompanied by T. J. Bailey of Abilene, returned home Sunday from Edwards County. Mr. Bailey bagged a flag-tail.

Claude Meador, Dutch Ohlenburg, and R. J. Page were a hunting party to Van Horn. John Irvin
