Eldorado, Texas... "Down-Home Living at the Top of the Divide!"

March 18, 1993

Older Worker Week

Proclamation

As the year 2000 quickly approaches, Texas must conserve and nurture our natural resources in order to meet the economic and social challenges which lie ahead. Among our most valuable resources are the skills, talents, and abilities of our senior Texans.

Older Texans want to be active partners in the labors of tomorrow and we must provide them with the opportunity to share their years of experience, hard work, and dedication. We must invest in their resourcefulness, their talents, and recognize their contributions.

Since 1965, the Senior Community Service Employment Program, through organizations such as Texas Farmers Union Green Thumb, has provided senior Texans with their training and employment opportunities to showcase their strengths, their wisdom, and their productivity.

Therefore, I Johnny F. Griffin County Judge of Schleicher County do hereby proclaim the week of March 14-20, 1993, as Older Worker Week in Schleicher County.

I urge all Employers, both public and private, to Invest in Experience - Hire an Older Texan!

"E-Day" Nearing

by The Chamber Pride Committee

Saturday, April 3rd is The Great Texas Trash-Off and Eldorado's City-Wide Clean-Up. This is the day all Adopt-A-Highway Groups across Texas are to clean their highway.

We're so proud of our nine new Adopt-A-Highway groups who will be participating! Groups will need to call Carolyn Scroggins at Sonora T-DOT office, 387-2848, to have your bags and vests delivered to the Eldorado office. After cleaning you will need to call her again in order to receive credit for your group. Please register at 9:00 a.m. on Saturday, April 3rd on the north side of the courthouse, receive your badge for a free lunch, clean your highway when join everyone for lunch at the Memorial Building at 12:00 noon. After lunch, please join in the city-wide clean-up, we need you! If you will donate food or help serve lunch call Nancy Lester at

853-2132.

Volunteers for City clean-up, please bring mowers, gas weed-eaters, rakes, brooms, etc. Bags are being furnished by Coca-Cola. Filled bags that day may be placed curb-side or in the alleys by dumpsters. Please DO NOT put bags in the street, or block the alley. City trucks will be picking up that day. The Sanitary Landfill will be open from 8:00 a.m. until 3:00 p.m. for larger items. We need pick-ups and flat-bed trailers to haul off larger items. Please register at 9:00 a.m., receive badge and come to the workers lunch.

Neighborhood captains are being called to contact their neighbors. If you are willing to be a captain please call Cynthia Sauer at 853-3618.

Eldorado Pride is alive and well! Citizens are cleaning and beautifying daily. Won't you join in helping to KEEP ELDORADO-BEAUTIFUL?

Texas Employment Commission

by Becky Lux

Why travel to San Angelo to file your unemployment claims when you can do so right here in Eldorado? The Texas Employment Commission will be at the Community Resource Center on

Thursday, March 18, 1992 from 9:00 a.m. to 12:00 noon. Call 853-2574 for more information.

April dates for the Texas Employment Commission are the 1st, 15th and 29th.

Pictured above are the Green Thumb participants in Schleicher County. They are: (L-R) Edna Ory and Lydia Elkins, with the Schleicher County I.S.D., Betty Creel, with the Schleicher County Extension Service, Clara Mae Donaldson, with the Schleicher County Public Library and Rachel Martinez with the Schleicher County Senior Citizens Center.

Head Start Open House

by Dawn Andrew, Secretary - Parent Involvement Committee - Eldorado Head Start

The residents of Eldorado are cordially invited to attend the 1993 Eldorado Head Start Open House. Activities will begin with a short program and a film of some of the activities from the year. Refreshments will be served.

The Head Start Program is a valuable new asset to our community. It gives a "head start" in education to some of our preschool age children who might otherwise be at a disadvantage when they enter public schools. An early interest in learning could make a lifetime of difference in these children's lives.

Eldorado's Head Start Program is still young, but we are growing and achieving new goals every day. The greatest reward is to

see the difference in these kids as they progress throughout this program. We aspire to instill in these kids a hunger for knowledge. We thrive to make their first experience with education one that they yearn to continue for years.

But, it also takes you, the honorable members of our community, to make programs such as these succeed. That is the purpose of this open house, to show you what a worth-while program this is.

Please come and join us on Thursday, March 25th at 6:00 p.m. at the Eldorado Head Start Building (Catholic Church Annex), so we can "show our stuff."

There will also be a bake sale, with all proceeds going to the Head Start Graduation and Activities fund.

Donations gladly accepted.

"McCulloch County Ag Day"

The McCulloch County Extension Program Council is sponsoring the Second Annual "McCulloch County Ag Day," Saturday, March 20 at Brady High School. Registration and Commercial Booth Viewing will begin at 9 a.m.

Again this year there will be concurrent programs that will relate not only to producers and their families, but to all rural citizens.

A noon luncheon will be served with a featured keynote speaker. Another noon highlight will be a style show.

Lawn and Gardening programs will be presented for local lawn and garden enthusiasts. Anyone interested in participating or attending the Second Annual McCulloch County Ag Day may contact the McCulloch County Extension Service at: (915) 597-0733 ext. 122.

Social Security Representative

Garland Gregg, the Social Security Representative, will be at the Community Resource Center on Thursday, March 18th from 1:30-2:30 p.m. Please

come and let him answer all your questions about Social Security, filing for your Social Security Numbers, etc. If you have any questions, call the Community Resource Center at 853-2574.

Texas Farmers Union, sponsor of the Senior Community Service Employment Program, Green Thumb, Inc., and its President, Joe Rankin encourages local communities to celebrate Older Worker Week, March 14 through 20. "Employers who look to the future and focus on maintaining a competitive edge are discovering the value of experienced workers," according to Mr. Rankin. "Let us recognize and highlight the contributions of our senior workforce as we strengthen our commitment of investing in their talents and resourcefulness," he added.

Operating primarily in the rural areas of 132 Texas counties, the Green Thumb program provides over 1,000 older workers the opportunity of sharing their years of experience, hard work, and dedication through community service training and employment projects. Funded through the Department of Labor, Green

Thumb emphasizes the transition of its senior workforce back into private sector employment.

According to Green Thumb State Director, Diane Cowan, "Green Thumb's Experience Works! training program matches employer needs with participant skills, abilities, and interest. At no cost to the employer, Green Thumb provides recruitment, screening, and referral of qualified applicants. We tailor the training to the job and share in the training costs."

"Not only during Older Worker Week but every other week, employers should utilize the skills and abilities of our senior jobseekers; hiring experience, dependability, reliability, and dedication is just good business," concludes Mr. Rankin.

For more information regarding senior employment and training opportunities, contact Green Thumb, Inc., P.O. Box 7898, Waco, Texas 76714, 817/776-4081.

Speak Out Eldorado

On Sunday, March 14th someone deliberately started a grass fire in a field behind my house. I know they were only trying to burn off the grass and weeds, but to start a grass fire on a windy day in a field with no water access and no fire trucks nearby shows extremely poor judgment. If it had been allowed to burn and had gotten out of control, my house would have been directly in the path of the fire.

Every year we know of people who lose ranchland and houses because of grass fires. For someone to set a grass fire on purpose is something I can't understand.

Please think before you do anything so careless.

Thanks to the fire department for their quick action in getting here.

Sincerely,
Darlene Dacy

Editor's Journal

TOP OF THE DIVIDE by Thomas Giovannitti

I guess, because of the surgery, I have been continuing to think about all my Mom has meant to me and my siblings. Without boring you with a lot of details about our lives (which are no more significant than the details of any other family of nine children, just more plentiful) I want to tell you about this four foot eleven inch former star basketball guard and field hockey striker was pretty nearly super Mom, at least to me.

Of course, I was operating on the stories given me by my older siblings, but in my eyes she was a wonder

to behold. She found me my first job when I was only ten. (She didn't exactly find it, she created the job.)

Some of you, I am sure remember the Fuller Brush man. He would come to Paulsboro, New Jersey about twice a month. Our little blue collar town of nine thousand was just the sort of fertile ground a good brush salesman liked. We children loved to see him since we always received some special gift, such a new pocket comb or a grapefruit knife. (Remember those grapefruit knives with the serrated edge and the curved end so it could cut around and under the

meat?)

Well, my Mom asked the Fuller Brush man if he didn't think it would be a good idea to have his catalogues delivered to the homes about a week before he came, thus giving the folks a chance to look them over so he could make even more sales involving less of his time showing off new products and such. She knew of a young fellow who, on his bicycle, could blanket the home with the catalogues quickly, insuring that the books were placed in the hands of the housewives a week before his arrival. She arranged that I would get

seventy-five cents for each block I would cover. That came to seven fifty every ten blocks and, get this, seventy-five dollars for one hundred blocks. Let me assure you that I figured this was a considerable amount for a boy of ten. Either the Fuller Brush man needed my Mom's business or good will more than he needed the money, but he paid me for these deliveries for several years, until he retired. Now, you may not be too impressed by all of this, but I was and the Fuller Brush man was. I think my Mom would have invented telephone sales had we had a telephone!

Insights by Dr. Lee Brewer

Life is not fair. That is not a complaint, but a reality. It is, however, one of the most difficult of lessons to learn and to deal with constructively. Until we understand and appreciate the truth of this statement we will never find happiness in our lives.

There are those of you who immediately agreed with my initial statement. "Boy, do I know life isn't fair. Just let me tell you about all of the horrible things that people have done to me. I still get so angry I can't sleep at night." And, you have completely missed the point.

When we say life isn't fair, what we often mean is "Life is not giving me what I think I deserve." So? Life does not give any person

what they deserve. In fact, much of what we receive in life is better than what we deserve. Do we ever complain about that, or even notice it? Do we really want absolute justice in life? Think about that carefully.

We look for life to be something which is designed around our comfort. We expect for people to act in ways which please us. We long for events to conform to our expectations and mope when they do not. We fume in traffic, grumble at the line in the grocery store, gnash our teeth because the boss is unfair, and the list goes on interminably (which also makes us mad).

Do you see the absurdity of it? Until we make peace with the fact that

life is *not* designed for our personal ease, and live peacefully in its actuality, we cannot be happy.

This is not a surrender to circumstances but a willingness to work within the realms of reality. If I cannot change a factor in my life, why waste the energy and the time making myself sick and angry? Would not our time be better invested in things which we *can* do something about?

There are so many changeable, worthy areas of endeavor in life. There are a multitude of joys and positive pursuits to focus upon. We will find life is much more livable, and us more easy to live with, when we see life as it is.

Open Letter

Dear Citizens of Schleicher County:

I am sure that most of you are aware of the situation with Allan Sallee. As a member of the committee to help raise funds for the medical expenses for Allan and his family, I would like to share some of the things we are doing and would like to ask your help. I know some have read about the Golf Tournament that was held last week and a big thanks goes out to everyone who helped and/or played in this tournament.

We have asked people and organizations to pledge a minimum amount each month that the Sallee family can depend on each month to pay bills. Several other projects are in the works: things like volleyball tournaments, car washes, cookbooks, etc. If you have any ideas for fund raisers, please contact a member of the committee or send it to the Success Office at P.O. Box 1115, and it will be passed on to us.

If you would like to be

a part of the group who have pledged an amount for monthly expenses fill out the following pledge and mail to the paper or to me at:

The Allan Sallee Fund
c/o Ken Thomas
Box 514
Eldorado, TX 76936

Then each month mail a check for that amount to me, the First National Bank, or any member of the committee (or hand it to one of us). This donation cannot be tax deductible according to the IRS without Allan paying taxes on it. So we are asking that you give without claiming a deduction on the gift.

Fill in, cut out, and mail the following pledge. Be sure that you have pledged an amount that you can afford and are committed to giving each month, as this may last

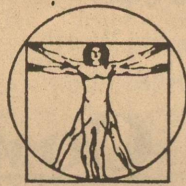

several months.

You have been generous in the past and I know you will continue to do so in the future.

Sincerely,
Ken Thomas

Woman's Club News

by Ethel Etheredge

The regular monthly meeting of the Woman's Club was held in the club room of the Memorial Building on March 9th at 2:30 p.m.

Imogene Edmiston, president of the Woman's Club, announced that Ora Deal was second place winner in the "Today's Woman - The Outstanding Club Woman/Volunteer" award program of the Texas Federation of Woman's Club.

Following a short business meeting, club members moved into the Auditorium to enjoy the art exhibit and program featuring works of Schleicher County artists.

Jerri Whitten, Jackie Napier, Susan Buchholz and Mabel Blaylock presented a program on the many forms of art, as well as proper framing, cleaning and care of the paintings.

The selections of oil painting, water color, bronze and clay modeling, china painting, photography and other art forms for this show exhibit the remarkable talent of local artists.

As the show came to an end refreshments of sandwiches, cookies, coffee and punch were served by Ora Deal and Isabella McCutcheon.

The meeting adjourned with members and guests reading the club collect.

The members of the Woman's Club thank the Art

League for making the art exhibit a success.

"If better is possible, Good is not enough."

SWTEC Essay Contest

An all-expense-paid trip to Washington, DC, in June will be awarded to two young people from this area by Southwest Texas Electric Cooperative, according to Jim Martin, general manager.

Winners of an essay writing contest will be awarded the trip which begins June 10. All high school students in the system's service area are eligible to enter the contest. Southwest Texas Electric Cooperative's service area included the following school districts: Schleicher, Sutton, Reagan, Menard, Crockett, Iraan, and Sheffield.

Contest entrants will be required to submit an essay

on the subject: "Electricity: A Powerful Choice."

Resource materials that may be helpful to contestants are available from school libraries and the Cooperative office, according to Eddie L. Albin, who is in charge of the contest.

Essays will be judged on the basis of knowledge of the subject, originality, composition, neatness, and grammar.

Local winners will join other co-op sponsored youngsters for the June 10-22 adventure. Being a Youth Tour participant in Washington, DC, is special. The Texans will visit with their respective congressmen. They will place a wreath at the Tomb of the Unknown Soldier in Arlington National Cemetery. A special tour of the White House and a possible meeting with the President are also scheduled.

Other tour highlights are visits to Mount Vernon, the National Archives (home of the Declaration of Independence, the Constitution, and the Bill of Rights), The Smithsonian

Institution, the Bureau of Engraving and Printing, the FBI Building, and many other famous monuments and memorials.

For more details about the Youth Tour program, contact Southwest Texas Electric Cooperative, Box 677, Eldorado, TX 76936; or (915) 853-2544.

"It is one of the most beautiful compensations of this life that no man can sincerely try to help another without helping himself."

1993-94 SCISD Gifted & Talented Program

At this time of year, Schleicher County I.S.D. students are identified for next year's Gifted and Talented program and parents may nominate their own child for the program.

Nomination forms are available in the principal's office, and may be obtained between 8:05 a.m. and 3:04 p.m. to pick one up. The form must be returned by April 8, 1993.

Please be aware that high grades are not always an indication of giftedness. In this program we are trying to identify those students who

have outstanding abilities in reasoning and understanding and who can also use their imagination.

The identification procedure includes nomination by parents, teachers; achievement and abilities test scores; an individual portfolio.

If you have any questions about the Gifted and Talented program, please inquire at the school. Also, remember if your child was in the program this year, they will not need to be re-nominated.

Golfing News

by Mabel Freitag

Folks tell me that Alaska is cold, however, I'm sure that Sunday, at the St. Pat's Play Day Tournament, it was much colder. Forty (40) degrees and 25 mile-an-hour wind on the "Top of the Divide" was equal to Alaska or the North Pole!

We had a great day! 53 golfers turned in good scores - despite the weather.

Spring is always an exciting time of changes. Right now, the Elementary building is making some especially innovative changes. Our former Elementary Multi-Purpose Room will soon be the new Elementary Kitchen/Science Lab.

The new kitchen is unique because everything is designed and scaled so that small children may have "hands-on" experience. All appliances will be completely operational and safe enough for "little people" to use them safely with close adult supervision. Cabinets are being built low (29 inches) so that children can use the counter top without standing on a stool or in a chair. The entire kitchen was designed for the convenience and safety of small children.

Since only 5% of information presented in lecture format is retained, it makes sense to build a facility that will provide safer

and more numerous "hands-on" experiences. Lessons in all curriculum areas can be taught in the new kitchen. Language arts, math, science, social studies, health and art lessons can be made more fun, interesting and convenient for teachers and students. In addition to making lessons more fun and interesting, teachers will be able to address special needs children more effectively.

The floor has been laid, the appliances have arrived and the walls have been painted. The cabinets are being ordered this week and will be completed soon. With any luck, the Elementary Kitchen will become a reality, not just a dream before this school year ends! The Elementary staff is excited about our spring changes. We are especially grateful to Mr. Steele, Mr. Barton and the School Board for their support and help with our special project.

Buy A Birthday Book

by Jeri Whitten

Dale Preston, Juanita Taylor and Delbert Taylor bought a book for the Schleicher County Public Library on their birthday. Remembering the library on your birthday is one way the library grows and readers for years to come can enjoy your birthday gift.

If purchased through the library we will not have a duplication and will be given credit for another book of same value through a grant program.

Also, the library gets books at a very good discount which we pass on to the "birthday person."

COMMUNICATE BEFORE YOU EXCAVATE.

Before you dig, drill, blast, shovel, tunnel or backhoe, look out below! For buried natural gas pipelines, that is.

To provide your community with a clean, efficient source of fuel, natural gas pipelines are buried underground in many areas. Although these pipelines are built to meet the highest safety standards, an unknowing person who is excavating can cause accidental rupture.

In many areas, especially road

crossings, our company has posted warning signs to indicate the presence of an underground natural gas pipeline.

But you can always confirm the safety of your excavation site by calling us at one of the numbers below at least 48 hours before breaking ground. This way we can determine for sure whether you are in any danger of rupturing one of our lines.

Everyone—not just those involved

with excavation—should be alert to signs of a ruptured natural gas pipeline. These telltale signs include dying vegetation, blowing dust, persistent bubbles through water, a distinctive smell, high-pitched noises, and, in severe cases, fire or explosion.

So before you drive anything underground, get on the horn! In fact, call us collect to report any conditions that concern you in the vicinity of our pipelines.

AVOID POWER LINE CONTACTS!

FLYING RIGHT - Kites

Don't let a pleasant outdoor activity like kite flying result in an electrocution injury. Avoid contact with high-voltage power lines by choosing the right time and the right place to fly a kite.

LOOK UP FOR SAFETY!

1. Closely supervise children when they are flying kites.
2. Avoid flying kites in wet, stormy weather. A wet kite string is a good conductor of electricity and may cause electrocution if it touches a power line. Metal lines should never be used near power lines.
3. Kites should be flown only in open areas—never near power lines.
4. If a kite falls into a power line, abandon it. Attempting to remove it is dangerous.
5. Don't use metalized kites. This type of kite has been banned by the Consumer Product Safety Commission.

PUBLIC NOTICE

NOTICE OF RATE CHANGE REQUEST AND STATEMENT OF INTENT

Notice is hereby given that SOUTHWEST TEXAS ELECTRIC COOPERATIVE, INC. (the "Utility") intends to change rates for electric utility service effective March 12, 1993, or as soon thereafter as may be permitted by law. Based upon a test year ending June 30, 1992, the increase requested over test year revenues is \$569,706 or 5.9%. Based on an adjusted test year, the revenue increase requested is \$655,726 or 6.9%. The Cooperative has not had a general rate increase since 1984. The changes are applicable to all areas, all customer classes.

The Utility intends to change its service rules and regulations including rules relating to obtaining service, line extension and line extension charges, the provision of electric service, service fees, and discontinuance of service.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at 101 East Gillis Street, Eldorado, Texas 76936.

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION MAY 1, 1993

PROPOSITION NO. 1 ON THE BALLOT

Section 1 of Senate Joint Resolution 7 proposes a constitutional amendment that would allow the legislature to redistribute among other school districts ad valorem taxes levied and collected by a school district. The amendment would also allow the legislature to create county education districts with the taxable property of existing school districts in one or more counties combined. County education districts may levy, collect, and distribute ad valorem taxes as authorized by general law. The legislature would be allowed to set the rate of the ad valorem tax to be imposed in a school district or county education district or it may authorize the board of trustees of each school district or county education district to set the rate, provided that the rate of county education district ad valorem taxes may not exceed \$1.00 per \$100 valuation of taxable property, unless a higher rate is approved by the voters of the district. The amendment also provides that the amount of ad valorem taxes redistributed among school districts by the legislature and effectively redistributed within a county through county education districts may not exceed 2.75 percent of the sum of the state revenue appropriated for public schools and the revenue from local ad valorem taxes levied and collected for public schools. The term "state revenue" does not include revenue from ad valorem taxes, revenue for the provision of free textbooks, or contributions to a retirement system. Finally, the amendment provides that it does not affect the distribution of the available school fund under article VII, section 5, of the Texas Constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing limited redistribution of ad valorem taxes for schools, authorizing the legislature or local districts to set

a minimum tax rate in county education districts, and placing a cap on the ad valorem tax levied by county education districts."

PROPOSITION NO. 2 ON THE BALLOT

Section 2 of Senate Joint Resolution 7 proposes a constitutional amendment that would provide that, except for state educational mandates imposed in compliance with the Texas Constitution or federal law, or unless enacted by a vote of at least two-thirds of the members elected to each house of the legislature, a school district may not be required to comply with an obligation requiring expenditure of school district funds unless the obligation is fully funded. The amendment also requires the legislature to provide by law a procedure for determining whether an obligation is fully funded. In the absence of such a procedure, and at the request of a school district's board of trustees, the comptroller of public accounts shall determine whether or not an obligation is fully funded. This amendment applies only to state educational mandates enacted after December 31, 1993.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting a school district from the obligation to comply with unfunded state educational mandates."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 4 proposes an amendment to article VII, section 5(b), of the constitution, which currently authorizes the legislature to provide for using the permanent school fund to guarantee bonds issued by school districts and certain education-related revenue bonds issued by the state. The amendment would repeal the provision authorizing

the use of the permanent school fund to guarantee state revenue bonds, but would permit the legislature to provide by law for the issuance of general obligation bonds or revenue bonds of the state for the purpose of making loans to, or purchasing bonds of, school districts for the purpose of acquisition, construction, or improvement of instructional facilities, including all furnishings. The amendment also provides that the state, pursuant to general law, may forgive the payment of principal and interest on all or part of a loan made to a school district under the amendment to partially finance an instructional facility. The cap of \$750 million on the amount of bonds that could be issued under article VII, section 5(b), as amended, would be retained. The amendment would repeal the current provision of the constitution permitting the legislature to authorize bonds in excess of \$750 million by two-thirds record vote of both houses of the legislature. While any of the general obligation bonds issued under the amendment or any of the interest on those bonds is outstanding and unpaid, there would be appropriated out of the first money coming into the state treasury in each fiscal year, not otherwise appropriated by the constitution, the amount sufficient to pay the principal and interest on the bonds that matured or became due that fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of \$750 million in state general obligation or revenue bonds to assist school districts in partially financing facilities, authorizing the state to forgive payments of loans made to a school district for partially financing facilities, and repealing the authorization for \$750 million in state revenue bonds guaranteed by the permanent school fund."

Este es el informe explicatorio sobre la enmienda propuesta a la constitucion que aparecera en la boleta el dia 1 de mayo de 1993. Si usted no ha recibido una copia del informe en español, podra obtener una gratis por llamar al 1/800/252/3683 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.
