## JUDGE CAMPBELL FOR GOOD ROADS AND SCHOOLS.

To the voters of Schleicher County:

I am taking this means of addressing you with reference to my candidacy for County Judge of this County. As most of you know, several years ago, I was County Judge of this County for four years. For the past six years I have been, and am at this time, Commissioner from Precinct No. Three. I believe I am as familiar with the Laws governing the duties of county judge as any man in the county and I feel confident that I am as familiar with the affairs of Schleicher County as any man in it. I make this statement without any conscious sense of egotism whatever. I am simply stating what I believe to be a fact, a fact that I believe would be admitted by every person that is well acquainted with me.

It is said that when a man thinks he is going to be drowed that all the mean things he has done in his life, pass in a panorama before his mind, so in like manner, as soon as I announce myself as a candidate, my mind began to run back over my past record. It even ran back to the time I was county attorney of this county, and I am compelled to admit that it dug up a great many errors and mistakes on me. I had made as County Judge and mistakes I had made as a member of the Commissioners Court, but nevertheless, in all that long record, I could remember not a single official act of mine that I was ashamed of or one that I would not be glad to have investigated and inquired into. Then too, I began to remember the times I had disagreed with my friends and neighbors on politics or some current event and, I remembered that sometimes we disagreed violently. I have decided that if every person with whom I have disagreed on politics and current events, votes against me, I will not get a single vote in the county, because the chance are, that at some time, on some question, I have disagreed with every man and woman in the county. But let me say that however much we may differ on details, if you believe in the absolute enforcement of every law on the statute book, then in the main, you and I stand agreed on that question. If you believed that we should strive to better the schools of this county, to the end that every child in this county should have the opportunity to at least get a high school education, then in the main we stand agreed on that question. If you believe that we are greatly in need of an aroused public sentiment that will put the nation, the state and the county on a higher plane of civic morality, then in the main we stand agreed on that question. I have often been asked by my friends when I expected to get out and go to electioneering. I have been told that I would especially have to go around and electioneer with the women. That they would not vote for a man that did not electioneer with them. I do not believe it. I do not believe the thinking men, much less the thinking women, are going to elect a man to the important place of County Judge, the man who will be at the head of your whole county administration, on his ability to electioneer.

## FISHING PARTY LANDS 35 POUND CAT.

Last week A. B. Wilson and family and Elmer Bezell and family of Midland, Texas, wired our friend L. T. Wilson to get ready, also J. M. Doyle and family of Mason phoned he would come also. After all parties reached El Dorado it was no trouble to decide where to go next, so the visitors with Mr. L. T. Wilson and family and J. M. Logan and wife accompanied, or led the visiting parties to the Rio Grande, where they landed a 35 pound cat. After feasting there they went to the Llano where they enjoyed a squirrel hunt and also a visit.

The gentlemen from Midland were well pleased with the Schleicher county crops and report that they had seen none better not even at Midland. Mr. Bezell is the cotton king of the Midland country and a great booster for the Chamber of Commerce. Our friend Wilson here says he sees nothing wrong with the Midland boosters except they had the Ma favor.

There is no one that will more deeply and sincerely appreciate the votes I shall get in this election but this is absolutely no test of my ability and qualification to hold the office. I might waste my time and yours too in going to see you personally and telling you that I would appreciate your support, but that would absolutely be no test as to my qualification to be placed at the head of the schools and all school affairs in the county. When the subject of electioneering is brought up, I always think of a young man who had applied for a school. It was back under the old law when the Board of Trustees examined the applicant orally to determine his qualification to teach. They had asked him every question they could think of when finally an old man back in the corner asked: "Young man do you teach the earth is round or flat." The young man wanted that school so bad, so he answered: "I am prepared to teach it round or I am prepared to teach it flat, whichever way the trustees want it." In my time I've seen too many office seekers like that, they were either round or flat to get the office. In my judgement, a man like that would not be worth his salt as County Judge of this county or any other county.

If I am elected your next County Judge it will be my purpose to have the administration of the county, in all of its different departments, run on a strictly business basis. I believe the county's financial affairs should be run under the budget system that is the County Judge and the Commissioner's Court should closely estimate the amount of money necessary to run the county on a most economical basis, and then set the tax rate at the very lowest figure that will raise that amount of money. This year the Commissioners Court lowered taxes five cents on the \$100.00 valuation, from last year. This was made possible, because of the fact, that each year we pay off the road and court house bonds as they become due and every bond paid off means that much less interest the county has to pay. For the same reason, the Court should be able to make a still greater

reduction in taxes next year. I believe that my knowledge of the law and my long experience on the Commissioner's Court, four years as County Judge and six years as Commissioner, especially fits and qualifies me for the place.

If I am elected your next county judge it will be my purpose as Ex. Official Superintendent of schools, to work in co-operation with the school trustees of the county, for the advancement of the schools of this county. I know from actual experience, of some of the hardships and difficulties of people trying to educate their children in a sparsely settled county like ours. I taught school for five years during my younger days, the last two of which I was principal with several teachers under me. The experience I gained as a teacher was of great benefit to me when I was former County Judge and I believe it will be of great benefit to me in dealing with your schools and school affairs in the future.

I am for good roads. With the exception of good schools,

there is nothing that adds more to the welfare and prosperity of a county, than good roads. We now have a fifteen cent road tax which is the constitutional limit. This tax has been levied practically every year since the organization of the county. I believe that this tax should be kept and the money spent in building good permanent public roads, and not spent in temporary patch work road building.

I am very sorry that in trying to do my duty on the Commissioner's Court, as I saw it, I have made a few people in the county mad at me. I might have been in error. It might have been another mistake, but as I saw it I did the right thing. It is like the story I have heard your present County Judge tell. In the days of reconstruction, after the civil war, when white men were not allowed to vote, a negro was elected Justice of Peace. He served his term and was a candidate for re-election. In a speech to an audience of other negroes he said: "Fellow citizen for the past two years I have been your most honorable Justice of Peace. I have tried many important cases and I want to say that I have always given entire satisfaction to both sides in every case." While I have never been able to come to that

## Saffron Skin from Sour Bile

South Georgian Drives Out Enormous Quantity Sour Bile with Dodson's Liver Tone

After a long period of the worst form of weakness and the terrible feeling of sickness that comes from a system loaded with sour bile, Mr. Sam Puckett says: "When I kept getting those bilious attacks reckon I took enough calomel to kill a mule. Got worse all the time. Finally I turned saffron color all over. My wife happened to read about Dodson's Liver Tone in the Weekly Constitution, so we drove to town and got a bottle. It was like magic. It drove quarts of sour bile out of me as black as ink. From that day I have felt as if I had a new liver, and whenever I begin to feel weary and bilious, with no appetite, a dose of Dodson's Liver Tone puts me to rights." This wonderful, quick-action, liver starter ought to be in every household, if for no other reason than to stop the use of dangerous calomel. Dodson's Liver Tone is pleasant to take, even for children, and never makes you sick.

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

THE CHILDHOOD AND EDUCATION OF MOSES

LESSON TEXT—Exodus 2:1-10; Acts 7:22.  
 GOLDEN TEXT—Train up a child in the way he should go and when he is old he will not depart from it.—Prov. 22:6.

PRIMARY TOPIC—The Baby Moses.  
 JUNIOR TOPIC—A Little Girl Helps.  
 INTERMEDIATE AND SENIOR TOPIC—Training for Life's Work.  
 YOUNG PEOPLE AND ADULT TOPIC—The Blessing of a Religious Home.

I. Moses' Parentage (v. 1).  
 Both father and mother were of Levitical stock. Being from the same tribe, they had a common bond of interest and sympathy. Amram had the good judgment to choose for a wife a woman who possessed sympathies and ambitions in harmony with his own.

II. Moses' Birth (v. 2).  
 Two children were born to Amram and Jochebed before Moses—Aaron and Miriam. However, Moses was the first one that his mother was assured was to be the deliverer of the chosen people. There was something striking about this child which caused her to believe that it was sent of God. She saw that he was a "goodly child." In Stephen's speech (Acts 7:20) he asserts that the child was "exceeding fair," or fair to God. No doubt his mother believed him to be the deliverer of his people and instilled that truth in his mind from childhood. Because of this belief she had confidence that somehow God would save him from the cruel hand of the king.

III. Moses' Preservation (vv. 3-8).  
 Though Pharaoh's edict was in force, his mother's faith was such as to cause her to ignore it and hide Moses for three months. The hiding of the child was not because of fear, but because of faith (Heb. 11:23). It was her faith which made her brave to ignore the king's edict. Though Moses' mother had faith, she did not ignore the proper use of means. Pharaoh's plan was that every male child should be destroyed, but God had planned otherwise for this child. Perhaps the story of how Noah and his family were saved in the ark suggested to his mother the expediency used, namely, the ark of bulrushes. Doubtless she was familiar with the place where Pharaoh's daughter came to bathe, and believed that somehow through her the child would be saved. She placed the ark at the particular place where it would attract attention. It is interesting to note the steps as pointed out by another, by which God's plan was carried out.

1. The mother's wit.  
 She placed the baby at the proper place and at the opportune time. Then, too, Miriam was no doubt stationed as a watch to aid in the affair (v. 4).

2. A faithful sister (v. 7).  
 Had Miriam not been faithful, humbly speaking, Moses' life would not have been preserved and properly nursed and educated at the proper time. This should be a worthy example for every sister, causing her to exercise watch and care over her brother.

3. A woman's curiosity (v. 5).  
 This strange object among the flags attracted the attention of Pharaoh's daughter and she directed her maids to bring it to her.

4. A woman's compassion (v. 6).  
 When the ark was brought and opened the baby wept. That woman has lost her feminine instinct who is unmoved with compassion at the cry of a lonely, motherless baby.

5. The baby's tears (v. 6).  
 The tears aroused her womanly instinct, and at the suggestion of Miriam the baby's mother was hired to nurse her own child. No one can nurse a child so well as its own mother.

IV. Moses' Education (v. 9).  
 1. Moses was first educated at his mother's knee.

During this time his character took form. Here his mind was filled with the Word of God and he was made acquainted with the Jewish hopes and prospects. In these early years no doubt the indomitable purpose was fixed to suffer affliction with the people of God rather than to enjoy the pleasures of sin for a season (Heb. 11:24-26). Seeing by faith the destiny of her child, Jochebed made good use of her time.

2. At the Egyptian court (v. 10).  
 It was here that he became acquainted with all the wisdom of the Egyptians (Acts 7:22). This was of great importance. It peculiarly qualified him to be the lawgiver and historian of his people.

If a man is so pure-minded that he will not have anything to do with people who are not pure-minded his purity takes him out of the category of humanity.—Henry Ward Beecher.

**Nervous**  
 hot flashes

"SOME time ago when in a very nervous, run-down condition," says Mrs. Martha F. Marlow, of Broken Bow, Okla., "I tried numerous remedies to try at least to keep going, but I could not. I was weak and tired—just no good at all. My back ached and I had hot flashes until I was so very nervous I smothered."

"I couldn't sleep and I was never hungry, and I kept getting weaker. I couldn't stand on my feet. This was an unusual condition for me as I had been pretty strong all along. I knew that I would have to do something, and that pretty soon."

"Some friend suggested that I take Cardui, and it certainly was a good suggestion, for after taking one bottle I could tell I was stronger and better. I didn't quit. I kept it up all through the change and did fine. I felt like a different person after I began taking Cardui."

Cardui has helped thousands of suffering women.
