

# THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIV

Eldorado, Schleicher County, Texas, Friday February 2, 1934.

No. 5.

## Cotton Signing Contract Time Extended

According to press reports and Radio reports, the government has extended the time for signing the 1934 cotton contracts to Feb. 15th. County Agent Snell said Wednesday he had not received the notice.

There will be no Clinic for school children at school house this week. Date of clinic will be posted later.

If there is any one who wishes their children to have diphtheria toxoid and have not signed a slip for it please do so.

Diphtheria slips may be secured from Schleicher County relief office third floor of court house.

Routh Jones C. W. A. nurse. There will be a regular meeting Tuesday of the P. T. A. All members are requested to attend. Mothers of pre-school children are invited. Mrs. Robert Milligan will talk on health. Miss Jones C. W. A. nurse will be present.

## ANGELO NETMEN TRIM ELDORADO

San Angelo tennis men won all but one match in play with Eldorado racquet welders Sunday afternoon at Santa Fe park. Clinton of San Angelo beat Williamson, 6-1, 7-5.

Pettus of San Angelo defeated Smith, 6-0, 6-1.

Butcher of San Angelo downed Alexander, 6-0, 6-0.

Green of San Angelo trimmed Hoover, 6-1, 6-0.

Barber of Eldorado knocked off McKissick, 3-6, 6-4, 6-4.

Haynes of San Angelo trimmed Kent, 6-4, 6-0.

The doubles team of Clinton and Pettus dumped Williamson and Smith, 6-1, 6-0.

Butcher and Green turned back Alexander and Hoover, 6-3, 6-3.

Haynes and McKissick played one set with Barber and Kent, the San Angelo duo winning, 8-6—Evening Standard.

## ISAACS — WAKEFIELD

Saturday afternoon Mr. Conn Isaacs and Miss Mildred Wakefield, two prominent young people of our city, motored to the Methodist Parsonage and were united in the Holy Bonds of wedlock by the Rev. W. H. Marshall, pastor of the First Methodist Church.

Mr. Isaacs is the oldest son of Mr. and Mrs. Ben L. Isaacs and has been reared here. After graduating from the Eldorado High School he attended McMurray College in Abilene where he received his degree in 1932, since his graduation from College he has been making his home here and is at present engaged in the Humble Service Station with his father.

The bride came to Eldorado from Groesbeck with her mother, Mrs. Lena Wakefield and has made many friends in our midst.

Mr. and Mrs. Isaacs will make their home in the Beare Apartments. The Success joins in congratulations.

## ELDORADO AUTO LAUNDRY TO MOVE TO NEW QUARTERS

Preston Bailed announces this week that he will move his business, the Eldorado Auto Laundry, to the Old Ford Garage Building. He has secured the Ford Dealer Agency for this County and will soon have a stock of parts and cars on hand.

Buff Orphington Baby Chicks, first hatch Feb. 19 at 6c each. Custom hatching \$3.00 per tray of 152 eggs.

Mrs. Geo. Williams. O. W. Duncan was in from the farm Saturday buying supplies.

## 3 Texas Farm Boys Honored

College Station, Jan. 27.—Two West Texas boys have been highly honored in the selection of outstanding farm youths of the State on the records made in 1933. These boys made their fine records with livestock. One South Texas boy has been honored because of his record in growing corn.

Jimmie Hajovsky, champion corn grower of Fayette County, and Cecil Moore, of Schleicher County, champion Texas 4-H Club lamb raiser, have been named to represent Texas 4-H Club boys at the National 4-H Club Encampment in Washington, D. C., next June. Arvie Elliot of Lubbock County, has been selected as the 1933 Texas Pig Club champion and will receive a trip to the Fort Worth Fair Sock Show in March.

The awards were announced by E. C. Martin, state boys club agent of the Extension Service, Texas A. & M. College. The Washington trips are financed by the agricultural committee of the Texas Bankers Association and the Fort Worth trip by Swift & Co.

Returns Under \$1,000 For the first time in club history the Washington rip winners this year made less than \$1,000 in three years of club demonstration work. Hajovsky's return on labor and investment was \$413.93 for three years of corn growing. Moore netted \$506.47 in addition to prizes totaling \$415 in three years of lamb and calf raising.

"This is no reflection on the boys," Martin said, "because their production was excellent. Their profits simply reflect the low price levels reached by most farm products."

Hajovsky, whose address is La Grange, Route 6, increased the size of his corn field and his acre yields from one acre making 72½ bushels in 1931 to five acres making 125 bushels an acre in 1933. In 1932 he grew two acres of corn which yielded 101 bushels an acre. For the three years he produced an average of 113 bushels of corn on eight acres. Last year he bought a few hogs to balance his farm program so he might sell his corn through hogs.

Grand Champion Lamb Moore, of Eldorado, fed eight lambs in 1931, one of which was adjudged grand champion lamb in both 4-H Club and open classes at the Fort Worth Livestock Show, and sold for \$2.50 a pound.

Others of his lambs won second, third, fourth and sixth in club and open classes, and three of them won champion group or three. His profit that year, exclusive of \$190 in prizes, was \$289.20. The next year he fed two baby beeves that made a return on labor and investment of \$43.77. Last year he fed 65 lambs which won for him grand champion carload at both San Angelo and Fort Worth shows and prizes of \$225. His profit on this demonstration, an outstanding example of good livestock rearing, came to \$173.50.

## ENTERTAINS WITH BRIDGE

Mrs. A. G. Morgan entertains a group of friends with bridge on Thursday Jan. 25.

Three tables of guests enjoyed several games of contract bridge and delicious refreshments, carrying out the Valentine motif, were served to the following: Mesdames J. H. Jarvis, Roy Howland, L. Whitten, Seth Ramsay, J. W. Hoover, H. T. Finley, A. P. Bailey, Oscar Martin, Cooper, J. C. Crosby, Sam Roberts, and Lewis Ballew.

Prizes for the afternoon went to Mrs. Cooper, high score and Mrs. Oscar Martin high cut.

## Cecil Moore Receives Additional Honors

Cecil Moore has been honored again, rewarded for his excellent showing he has accomplished during the past three years in 4-H Club work, now he has been awarded a trip to Washington, D. C. next June. Below is a clipping from the Sunday Fort Worth Star Telegram giving a detailed description of his winnings the past three years and of his being awarded the trip next June.

## Cotton Growers Signing Up Well

County Agent C. Snell reports that about 100 of the Schleicher County cotton growers had signed up on the cotton contracts and Mr. Snell thinks that the government will soon be sending in the checks as the contracts have been approved. Last year there was 133 signed up and Mr. Snell thinks there will be several others yet to sign up.

## GRAMMAR SCHOOL ROLL OF HONOR FOR 5th MONTH

- First Grade: Bobby Barber, Ruby Butler, Marylin Frazier, Jimmie Mae Patton, Daphne Snell
- Second Grade: Ollie Alexander, Tom Bradley, Elizabeth Graves, Katherine Bodine, Elouise Luckett
- Third Grade: Thelby Morgan, Bettie Jo Bryant, Sarah Hill, Pauline Jones, Marguerite Newlin, Frances Thompson
- Fifth Grade: Jo Ed Hill, Mary Heffley
- Sixth Grade: Earl Bryant, Venita Morgan, Genevieve Ramsey, Wanda B. Rape
- Seventh Grade: Edward Reynolds

## MEXICAN FOUND DEAD

A Mexican man was found dead Tuesday on the San Angelo Road just north of the Rest Top Station. Sheriff Conner and Judge Bradley went out and brought him to town, he could not be identified, but he had papers in his pocket that indicated he was from Fort Stockton. He was buried here Wednesday.

It was thought that he died of exposure and heart trouble.

Hop Cheatham was buying farm supplies in the city Saturday.

## George Dickens Turns Flip in Ford

George Dickens, stockfarmer west of Eldorado about 20 miles, turned a Ford Coupe with pick up bed over Tuesday on the way to San Angelo, near Hulkaia.

The car was badly wrecked and Mr. Dickens reserved a broken leg. He was on his way to San Angelo the day of the sleep and snow, the roads were wet and slippery. He was picked up by Luke Thompson and carried to San Angelo Hospital.

## H. M. FREUND FOR COUNTY JUDGE

H. M. Freund makes his announcement this week for County Judge, and said he was making it at the solicitation of some of the best substantial citizens.

Mr. Freund has been a resident of this County for 17 years during which time he served as commissioner from precinct 4 three years. He is well known to most of the voters of the county and is a capable man for the office should the voters see fit to elect him at the coming July primary. He would appreciate your vote and influence in his behalf and promises to do as near right by all if elected as he knows how.

He owns a small ranch about 14 miles south east of Eldorado and takes much interest in the county affairs.

## MR ORLIN JOINER NEW TELEPHONE MANAGER

Mr. and Mrs. Orlin Joiner of San Angelo have moved to our city to make their home. Mr. Joiner is the new manager of the Telephone System, taking Mr. Taylors place. Mrs. Joiner previously resided in this county and has her mother here with her. She is the daughter of Mrs. Allen Hobbs and at one time resided in the Rudd neighborhood.

## B. L. WILLIAMS DIES

B. L. Williams, 81 years of age, and for five years an invalid, died Saturday morning about 11 o'clock at the home of a niece, Mrs. Eva Rape, who has been taking care of him for the past five years, or since he was stricken with paralysis.

Mr. Williams was born in Texas and has lived here all his life. He was never married, was a member of the Church of Christ. He is a great Uncle of Mrs. Rape and is survived by a sister Mrs. Annie E. Luman, of Houston, Texas who has paid for his care since he was stricken with paralysis.

His body was taken to Bear Creek Cemetery in Kimble County by the Ruffin Funeral Service for interment Sunday afternoon.

## LIONS VOTED PRIZES FOR 4-H CLUB SHOW

The Eldorado Lions met at regular luncheon Wednesday with a good attendance present, and two visitors.

The visitors were Mrs. Mattie Cozzens and Mr. Orlin Joiner. Mrs. Cozzens was seeking aid for the Federal relief project and Mr. Joiner is the new Telephone manager here.

The committee on Fair Park property reported and asked for further time in which to make recommendations, and were granted additional time.

C. Snell reported that the 4-H Club boys wanted to put on a home show before taking their lambs and sheep and calves to the San Angelo and Fort Worth Fat Stock Show, and wanted the Lions Club to raise some \$20.00 for prizes to be offered.

The Club voted to make the \$20.00 prizes available to the Club, the show will be held Saturday March 3rd at the Fair Park. Then the show stock will be loaded out for San Angelo for the show there on March 4th.

The Lions were entertained by two selections from the local Lions 4 man band.

## Federated Missionary Society Meets

The Missionary Societies of the different churches of Eldorado met at the Presbyterian Church, Monday Jan. 29. The Methodist Ladies furnished the program for the afternoon, the Presbyterian Ladies the refreshments and the Baptist Ladies were guests.

The societies organized a federated society and elected the following officers; Mrs. Bert Page, president, Mrs. Dollie Edmiston, Secretary and Treasurer, Mrs. Susie Gibson, reporter.

The Society is to meet the fifth Monday. The next meeting will be April 30, at the Methodist Church. Methodist ladies are to be hostess, Baptist ladies will furnish the program and Presbyterian ladies will be the guests.

## SLEET, SNOW AND RAIN TUESDAY

Schleicher County had their first Sleet and Snow Tuesday of this winter. Sleet and snow together fell through most of the day completely covering the ground white, and some rain. About a half inch of moisture fell throughout the day, this will greatly help the small grain and

range, with the continued warm weather of the past green feed will be forth coming at once. This winter has been exceptionally warm and ideal for wintering stock, with exception of the dry weather. This was broken about two weeks ago and since that time the grass and weeds have begun to come out, and with this the ranchman is assured of early feed. Early feed makes a good lamb crop, and with the present prices being paid for lambs our ranchmen live in hopes of that better day.

## MORGAN-HELVEY SHOW IN BIG TENT THEATER HERE ALL NEXT WEEK

The J. Doug Morgan-Neale Helvey Show will be here next week for the entire week, showing in a big tent theater located on the lot next to Davis Filling Station, according to announcement by the advance man, Al Harris, who is here this week arranging for the show's appearance.

The Morgan-Helvey show is classed among the leading group of traveling dramatic companies, being composed of forty people traveling in ten big trucks.

Mr. Morgan is well known all over the country as a result of his stage career. He has quit the stage however, and is managing the company organized by Mr. Helvey, himself a well known actor. Mr. Helvey, who was born in New York, began his stage career in that way, his dramatic and musical talents later bringing him engagements as accompanist for such stars as Sophie Tucker, Eva Tugney, Frank Fay and Dorothy Jordan.

Al Harris, "from the Everglades," as he styles himself, says the Morgan-Helvey show is a different show, its personnel made up of high class ladies and gentlemen, its plays of the highest type and its vaudeville numbers a credit to the big-time circuits.

## CARD OF THANKS

We take this means of thanking the good people of Eldorado who have shown us so many kindnesses and courtesies, during the long illness and death of our Uncle, B. L. Williams. May providence be as kind to you and yours.

Mr. and Mrs. D. Rape and family

Mr. and Mrs. Fred Mathews were honored with a shower, at the home of Mrs. D. E. DeLong, given by the Ladies of the Methodist Church, Saturday afternoon.

Harold Isaacs, son of Mr. and Mrs. J. F. Isaacs, who has been in the army at Ft. Clark has his discharge and is at home again.

Friday February 2, 1934.

The 60c dollar came to many of our citizens three years ago, now it is about to come to Wall Street. Maybe it will even things up.

Several big silver dollars which has been hiding for several months has made their way back to the bank and are doing some good work since put back in circulation.

The Success is contemplating the purchase of some new machinery, type, etc., if any of our readers can pay up their subscriptions it would be appreciated at this time. All subscribers in the county will be \$1.00 for 1934, and those that go out of Schleicher County -1.50. This difference is on account of postage.

We need your support and patronage to give you a better paper.

One or two dollars from each reader of The Success would give us ample funds to get our needed improvements.

The cold wave predicted and looked for last week did not reach us, it was a weed growing and fuel saving week instead.

The mild winter thus far has been a money saving to the ranchmen of this county, all we need now is some additional moisture.

With lambs selling at 7 cents per pound it looks at this time that our sheepmen are scheduled to make some spending money this year.

Quite a few of our people have been suffering from colds and some serious sickness has developed in our city the past week.

We gave two lengthy statements from two of our candidates

for Governor last week and will give others as the time passes, for we would like to acquaint the readers of The Success with our candidates and will publish statements from others as we get them and see fit to publish them. We have several men seeking the governor's office, any of which would make a good official, but only one of them can be elected, many of us will likely support a loser, in the first run off, just now The Success sees a wonderful opportunity to get a good governor by the election of Jimmy Aldred.

The Editor of the Bronte Enterprise, Bro. West, is entering his twelfth year as editor and proprietor of the Bronte Enterprise, and after reading the paper for a number of years we believe we can say that Bro. West is its Editor and Chief, he asks no man what to say and write, just simply says it and awaits for the echo. He says some times the echo is sweet and some times a brick is received, but he is kind enough to remember the roses only.

Bro. West one time resided in our city and we learned to admire him then and have always admired his paper, its stand for the right against the wrong and that even made Christ unpopular and was crucified for teaching the truth. We trust that this Brother will live to see another 11 years of Journalism, for the world needs his kind.

In reading about 25 or 30 exchanges we have read many comments of the Roosevelt Ball, for the Warm Springs in Georgia, to aid the Foundation for Infantile Paralysis. Some like it, others comment unfavorably not the cause but the method in raising the funds. Others have abandoned the dance and are raising the funds by other methods, Warm Springs will take the cash, you furnish your own method of raising it.

## FOR JAPANS ATTENTION

It looks as if this country is headed for the ownership of the biggest navy in the world. We are going in the direction of a sea force equal to the full amount allowed us by treaty. When treaty revision time comes, it is indicated, Japan will demand equality. Nobody expects us to grant any such demand, or suppose that Great Britain would allow it. If, then, there is no treaty, it is a case of each country for itself and the devil take the hindmost. In such a case the devil usually does. —Dallas Journal.

Miss Lucile McWhorter was in from her school at Rudd Saturday and Sunday visiting friends.

Charlie Yancy was in from the farm Saturday, he reports that Mrs. J. H. Rodgers who was operated on in Temple, last week was doing well at that account from home.

## CLIFF YARD DEMONSTRATOR TO USE NATURAL RESOURCES

Mrs. S. D. Harper, yard Demonstrator of the Cliff Home Demonstration Club is planning to make use of native materials in her yard improvement project. Redbud, sumac, native cedar, and salt cedar, are to be used as screen and border plantings in her yard and Flagstone walks made of natural rocks are to be used for the necessary walks.

To secure an unbroken lawn in the front a rose garden is to be made in the rear of the house and a perennial bed made in connection with a border planting.

Canning sausage in bulk has proven to be very successful according to Mrs. Otto Williams of the Adams Home Demonstration Club. The sausage is molded into about one and one fourth pounds to fit the can. This is slipped into the can and packed firmly down, running a knife around the sides of the can to avoid air spaces. The meat must be thoroughly heated before it is sealed and this may be done by stacking cans in cooker, cover but leave pet cock open, or place in a moderate oven. Remove from cooker, seal, and replace in cooker and process, No. 2 cans and pint jars 45-50 minutes, at 151 lbs. pressure.

## TENANT IS BENEFITED BY COTTON CONTRACT

The tenant farmer, along with the landlord, is benefited by the operations of the cotton adjustment program now being put into effect throughout the South.

Tenants who pay cash rental to landlords, or those who are known as managing share tenants, furnishing their own work stock, equipment and labor in operating a farm, are eligible along with their landlords to sign contracts, as are other producers, and thus may share in the distribution of the rental and parity payments offered by the Agricultural Adjustment Administration. Share tenants or croppers also are expected to receive their proportionate part of the parity payments to be made on cotton produced and sold.

In addition, share croppers are protected in the contract to such an extent that all reductions in acreage are to be made ratably among the tenants on a farm. In other words, it is not expected that a landlord will produce all of his cotton on the land farmed by one or more tenants and thus deprive another tenant of the opportunity of growing some cotton.

"It is expected that the landlords of the South will maintain as nearly as possible the normal number of tenants and other employees and will permit tenants to live in their houses on the 1934 and 1935," says Cully A. Cobb, head of the cotton section of the Agricultural Adjustment Administration.

## Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."  
Cardui is sold at drug stores here.

"It is our purpose that the acreage reduction campaign shall not upset the usual good feeling prevailing between share croppers and the landlords. We feel that landlords will have definite understandings with their tenants so that no hardship will be placed on any one tenant through the operations of the adjustment program."

Mr. Cobb also points out that the tenant will share in the better price to be received for cotton by reason of the acreage reduction and will have the use of the contracted areas on which to raise his home supplies. Even though a tenant reduces his acreage for 1934 by 40 percent, the better price received for the cotton grown on the smaller acreage is expected to bring him a greater total income for his share of the crop. As a result of those provisions, the tenant on Southern cotton farms should be eager to cooperate with his landlord in making the reduction program successful, Cobb says.

A nice lot of lunch meats, Swift's products, the kind you need for quick meals at Wright's Cash Store.

Mr. and Mrs. E. W. Brooks returned from the Sealy Hospital at Santa Anna Friday. Mrs. Brooks is doing nicely since her return, she stood the trip home.

# REMOVAL

REYNOLDS 4-H CLUB

The Reynolds 4-H Club girls met at the Reynolds school with the sponsor Miss Newlin in charge.

There were seven members and one visitor present. Each member brought a recipe which was exchanged.

The sponsor gave a talk on how to make our recipe files.

We decided to meet at the homes instead of the school house. The next meeting will be Feb. 10.

Reporter.

BENTON ABSTRACT CO., DECLARE DIVIDEND

W. F. Meador, who is in charge of the Benton Abstract Co. of our city has mailed the stock holders a dividend check, which amounted to 15 per cent. This is an excellent showing for any business during the past year.

Mr. Meador received letters of commendations from stock holders who received the dividend check.

VALENTINES. We have a nice assortment of Valentines at prices to suit any pocket book. From 1c up. Wright's Cash Store.

The Hi-School Tattler

January, 26, 1934.

MANY STUDENTS COME TO SCHOOL IN CARS

The mother who walked for miles in a buggy to school now has a daughter that pursues the 3-R's with gasoline and on rubber tires.

There are in all about twenty five families who send their children to school in cars. Some of them have a long distance to come every morning. Some of them have as far as twenty miles. This makes it hard for them to get to school in time every morning, especially when it rains and the roads are muddy.

At the rate of 5c per mile it costs each family an average of about \$200 a term to send their children to school with a car.

SENIOR CLASS TO HAVE PLAY IN SPRING

Recently the Senior Class met in the English room and decided about their play. It was placed as a vote before the class by President Hoot Gibson. The vote passed placing the date of the play around the 1st of May.

Other business which they looked up was the President's selection of Aurora Willis, Anna Ruth Spurgers, and Aris Carr to serve on committee to select class flowers and colors. He also appointed Jack Meador, Glen W. Green, and R. L. Sample Jr. to serve on committee to select class motto.

SCHOOL LIBRARY PROVIDES MAGAZINES

Due to the fact that many students have regardless of how many times they have been told not to be cutting pictures out of magazines and books in the library. Miss Knight has asked us in a nice way not to do this anymore.

We have a number of magazines for the idle moments of the students. If you will only call at the library we can assure you of a good magazine to occupy your mind and keep you out of mischief.

The assistant librarians and Miss Knight have been very busy for the past week getting the magazine shelves straightened and it has certainly helped the looks of things in the library too.

Perhaps the magazines are one of the most important parts of any present-day school library. The magazines are not for pleasure alone but carry vital discussions of present happenings, about which students should be informed.

184 IS SOMETIMES BUSY TELEPHONE NO.

The school telephone number is 184. The usual average of calls is about 20 a day. It takes much of one person's time to answer them. The calls are of various natures and comparatively few of them are not important.

The majority of the calls are made on Friday. This is because a number of students stay in town on school days and their parents want to know if they plan to come home or if they have a way home.

BIG LAKE BEAT EAGLES IN LAST MINUTES OF GAME

Thursday, January 25, the Eldorado High school boys' team left at 4:15 p. m. to go to Big Lake to play basket ball. The players that went were Junior Isaacs, Billy Kerr, John L. Ro

gers, W. B. Gibson, Aris Carr, W. C. Spurgers, Arnold Farrington and Paul Davis.

The first half of the game was very tight; ending with a score of 14 and 15 in favor of Big Lake. During both halves the Big Lake coach kept two entire teams going in and out trying to run the Eldorado team down. The last few minutes of the game he succeeded to some extent owing to the lack of transportation and mainly because two of the players had to stay in at school, the Eldorado team was handicapped for lack of reinforcements.

PROSPECTS ARE FAIR FOR 1934 TRACK

The track season started last Monday with several boys starting to work to try to win all the meets this year. The meets already scheduled to attend are Barnhart, Ozona, Angelo invitation, district meet and possibly the Fort Worth Stock Show meet.

The Juniors have two trophies left that they have won and if they win again this year will be able to keep them permanently.

The boys that have already started training are: Samuel Smith, Joe T. Hext, Jack Meador, Harold Susen, Jack Hext, (Jr.) Station Skinner, (Jr.) Louis Kerr, Cecil Moore, Dee DeLong. The boys still coming out for basketball will begin track at the end of the cage season.

GIRLS PLAY INTER-CLASS BASKETBALL

The girls are having contests between the classes. The Fish girls play the Sophomore girls and the winning team of that game (best two out of three) will play the winning team from the Senior and Junior girls.

Tuesday the Freshman girls lost the game to the Sophomores 8 to 2. Wednesday they tied 8 to 8, but in the run off the Fish won, making the Freshmen one and the Sophomore one. Thursday the tie was played off and the Fish won 14 to 8.

HOW MUCH MUD IS BROUGHT TO SCHOOL ON RAINY DAYS

"When it rains, it pours," is the old saying which is well demonstrated at the school building when it rains. A stranger, passing in front of the building and looking for the walk would have to look twice before he could tell there was a cement walk in front. On the inside of the building however it is usually worse. When the pupils come in off of the muddy roads and streets they either forget to look for the mud scraper on the walk, or do not want to stop and take a few seconds to clean the mud from their shoes.

This mud in the building and on the walk not only mars the looks of the building, but also makes about three times as much work for the janitor to brush and scrape the mud from the floors to keep them clean. By each student cooperating

Black-Draught Clears Up Sluggish, Dull Feeling

"I have used Theford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

Draughton's Business College SAN ANTONIO, TEXAS

More than forty years of Honest Business Dealings has won Draughton's Business College in San Antonio unquestioned supremacy in Business Education. The proof of their popularity is in their steady increase in enrollment, and the exceptionally high standard of students found in the class rooms.

Draughton's have a plan whereby worthy boys and girls from out of town may earn room and board while attending school.

Call or write Draughton's Business College in San Antonio. It's spelled D - R - A - U - G - H - O - N - S. If interested, return today.

NAME ADDRESS

and taking a few moments and cleaning their feet it will save much time on the part of the janitor and also improve the looks of our building.

JOKES

Mr. Williamson: What is the center of gravity, Patton? Patton: The letter 'v'. Charles: Well, clothes don't make the man. L. E.: No, but they're likely to break him if the prices jump as high as they look like now.

Margaret: What do they mean by a "first class" post office? Jack Hext: I think it means where the post master is allowed to read the mail.

Inez Cobb: I just adore caviar, don't you? Joe Turner: I have never heard him except on the radio.

John I: A dollar goes a long ways now a day, don't it? Alton Page: Yes, it goes so far that it never comes back.

Frank Bradley: I have a capital idea. Cecil Moore: Well, you can't use any of my capital to try it out.

Miss Ford: What are you taking for your cold? John Lueddecke: What are you offering me for it.

Dee: Money talks, I tell you. James: Yes, but it never gives itself away.

Harmon: What's the difference between ammonia and pneumonia? Samuel: I don't know; what it is.

Harmon: One comes in bottles and the other in chests. Coach: Don't you know that Washington never told a lie. Jim Edgar: No sir; I only heard it.

We had many compliments on our veal cutlets last week, a boneless veal steak. Try them. Wright's Cash Store.

STOP GAS PAINS! GERMAN REMEDY GIVES RELIEF

Acting on BOTH upper and lower bowels Adlerika washes out all poisons that cause gas, nervousness and bad sleep. One dose gives relief at once. Hoover's Drug Store

IN MEMORY OF LITTLE VERNON WILLIAMSON

(By his Aunt Bessie L. Grimes.) If I were to ascend to the highest Star, And go to the Land where Little Vernon are, I'm sure I'd find him happy there, With a golden halo round his hair, His little angel face all wreathed in smiles, And Golden sunshine gleams for miles, 'Tis that land of Joy and peace and rest, And with these things little Vernon is blest, God took him out of this miserable place, Gave him a crown and an angel face, There'll be no more misery up there to bear, No suffering or pain or lone despair, Here he was happy in his little throne, In a neat little village where he made his "home", Here a sweet sister and a brother dear, And loving parents and friends so near, But God knows what is best they say, And I know he does and so some day, I hope to go to that land above To be with my loved ones that I so loved, If God will all my sins pardon, I want to go to that beautiful Garden, For little Vernon will be a sweet little rosebud there, With a golden halo round his hair, Written January 16 1934. Ivan Vernon Williamson Died Jan. 3, 1934. Born Jan. 25, 1933.

ALEXANDER NEWS

W. J. Steward and son Aaron were in town Thursday finding out about the cotton campaign.

Miss Christelle McAngus visited her sister Mrs. Charlie Suddeth over the week end.

Paris Baker spent a few days with her grandmother last week.

### ECONOMIC HIGHLIGHTS

(From Industrial Review)  
Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual.

It is an unfortunate thing that President Roosevelt's budget message to the Seventy-Third Congress will, like all such documents, receive only the most cursory reading. Few budget messages have been as unusual or as important as this one, though statistics, so well illustrated an Administration's aims and purposes.

The budget situation has three distinct phases: First, the government is to borrowings made when we were in the thick of the war; second, at end of the fiscal year we will have the largest peace-time deficit in our history—\$7,000,000,000; third, beginning with the next fiscal year in July, the financial policy will be entirely reversed so special expenditures of any moment, and Treasury receipts above those actually needed for routine operation of the government, will be used to reduce the deficit.

Mr. Roosevelt thus believes that by the middle of this year extraordinary measures will no longer be required to speed recovery. He is as awake as anyone to their terrific cost, and he has implicit faith that time will prove them to be worth a great deal more than the people have had to pay for them. Part of their cost has been alleviated by his insistence on drastic economy so far as ordinary federal expenditures are concerned. The President has advised members of the House, where all appropriations must be inaugurated, that further expenditures would be extremely undesirable.

The Treasury is looking forward to 1934-35 with hopes for increased revenues. Estimates forecast a rise in income tax returns which will bring them to \$1,265,000,000, as compared with \$864,000,000 this year. The processing tax on farm products is expected to jump 30 per cent, customs receipts 17 per cent. Internal revenue taxes, because of liquor, should swell substantially. The President has said that he contemplates no new taxes and that some of less important ones may be reduced or eliminated.

Two of our most important industries have more than a usual interest in the current Congress. The industries are the railroads and the public utilities.

The utilities are in the most difficult position. They face increasing government competition through federally subsidized, tax-free plants, more municipal plants, stricter regulation, demands for lower rates in spite of government policies that have forced substantial rises in operating costs, and efforts to change their financial set-up.

Not so very long ago the total of public utility bonds in default reached the highest figure in history. Some of the companies represented went broke because of poor management, as in the case of any other business—the majority were crippled by inelastic regulation and legislation, and regular and special taxation. The fact that

some outstanding electric systems have been successful in weathering the business depression, doesn't answer the question as to what is going to happen to a privately financed, heavily taxed plant when Federal, state and municipal governments go into business next door with tax-free plants whose deficits, in any, are paid for by the public treasury.

Leading utility executives advocating resistance to what they consider unfair demands and legislation, are finding allies in other fields, notably life insurance, which is a heavy utility investor. No other industry is asked to lower the cost of its product to the consumer at a time when all overnment effort is being given to raising prices and wages.

The railroads are likewise striving for a fair deal themselves, and in this they seem to have the support of both the President and able, hard-bitten, Federal Co-ordinator of Transportation Eastman. Heart and soul of the railroad request is quality of federal regulation with motor and water carriers. They say this is not possible unless all carriers are regulated in the same way by the same agency—preferably the I. C. C.

An important phase of this will be an effort to have Section 6 of the Interstate Commerce Act, which requires 30 days' notice of a railroad's intention to change a rate, modified. Buses and trucks and water lines are free to change rates at will, with out notification. Also, it will be asked that the Commission's authority to prescribe minimum rail rates be abrogated.

Mrs. E. P. Sweatt, reports that her daughter O'ella, Mrs. Roy Williamson, of Ft. Worth was operated on Monday of this week. The operation was serious but at last reports she was doing nicely.

Mrs. R. D. Holt underwent an operation in San Angelo last week for cancer. Last report, were she was doing nicely.

Mr. and Mrs. Jess Davis and son Baker, and Mrs. Kimble were visitors in Eldorado Wednesday from Station A.

Mr. and Mrs. G. C. Crosby were visiting in the city Saturday, guest of Mr. and Mrs. J. C. Crosby.

Otto Williams was in from the ranch Saturday buying supplies and looking after business.

Leslie Jones and mother Mrs. Raggio of the old Black Ranch near Ft. McKavett, were in Eldorado Saturday shaking hands with friends and looking after business.

Ed Ratliff and Dutch Olenburg were in from Station A Saturday meeting friends and trading.

Roy Nance was in from Station A Saturday and spent the afternoon howdying with the boys.

Mr. and Mrs. J. A. Enoch were in from Oakdale stock farm Saturday shipping and visiting.

### 'CRACKING DOWN' ON PAYROLLS

Albert Johnson, publisher of Grays Harbor Washingtonian, Hoquiam, Washington, established in 1889, makes editorial New Year's observations worth reading.

After pointing out that his paper has been pleased to receive advertisements from various public service corporations in the regular course of business, just as it accepted any other advertising, and after remarking that corporations are hard pressed for money for capital investments today, Editor Johnson says:

"We are moved to these few remarks by the action of this state's (Washington) Department of Public Works, which has ordered the public service corporations to cut their advertising appropriations drastically and has ordered book accounts of such expenditures opened for examination.

"The first thing we know these corporations will be forbidden to advertise at all, and then it will be too late for us to kick."

Speaking of the telephone advertising in his paper, Editor Johnson said, we are glad to take the "company's money, right over our counter, over which many thousands of dollars pass every single month, and are paid out to men, women and boys who get out this sheet, and do fine commercial printing as a side line.

"By the way, we are incorporated, and it is not pleasant for us to see all the other corporations that do business around here 'cracked down' on to the breaking point. When they are one to death, we will go broke, so will you. And this little city is likely to face from the map."

"As long as the state takes their tax money, we hope to see a Square Deal, which is just as important as a New Deal."

"The public, through its governmental agencies, can 'crack down' so hard on those who make the wheels go round, that the public may get an awful crack itself."

"What we are trying to say is that business begets business. We, all of us, live with, by and for each other."

"How many people realize that the pendulum of hue and cry is swinging very hard just now against the corporations? Those who lead the hue and cry forget that these corporations pay salaries, provide payrolls, keep up the steam and are the sole excuse for the existence of more than one city and town."

"These corporations are loaded with general and special taxes, fees and federal and state regulations, which are costly and often unnecessary."

"To make matters still worse, the state governments and the United States government are going still more into business in opposition to corporations. Our state legislature, at this very minute, is putting the state into the power business, without the slightest regard as to who will take care of the inevitable smash-up."

"We would not be surprised at all to see the government in the newspaper business. It is already in the printing business, and the news bulletin business."

"Believe it or not, we lie awake nights wondering if the people of the United States realize that they are really willfully or sleepily standing by and permitting a situation to arise where the state will have to do it all—run everything, from railroads to weekly newspapers. Then, a lot of us who are either owners, salaried people, or persons on the payrolls, will learn something."

#### Industrial News.

Mr. and Mrs. E. W. Mund were visiting and shopping in the city Saturday.

Arthur Mund was in from the ranch Saturday buying supplies and shaking hands.

Mr. and Mrs. Henry Mund were visiting in the city Saturday from Bailey Ranch.

Mr. and Mrs. F. B. Gunn were in from the farm Saturday discussing the cotton reduction program.

Perry Johnson was in the city Saturday looking after business.

### ALLRED

present problems. A dreary winter is in store for most of our people. The burdens of taxation and the problems of everyday existence bear down heavily upon us. In my judgement, every public official, indeed every candidate for office, should dedicate himself to the work in hand. There will be time enough for the people to fully inform themselves on issues and men when the work of luring for our distressed people through the winter months is done. I shall, therefore, continue to attend to the important affairs of the Attorney General's office and let the campaign for Governor wait.

"For these reasons, I shall not at this time burden you with a detailed statement of those principles for which I stand and the progressive measures I shall advocate. It is customary in announcements, I notice, to deal in platitudes and catchy phrases. For instance, it would be easy for me to advocate in general terms, as have some, 'taxation, reforms,' and say that I stood for a 'better distribution of the tax burdens' and favored 'taking the burdens off the backs of those who are already overladen and putting it onto those who are able to pay.' No one believes more conscientiously in doing just that than I. But the trouble is that the people have been hearing about it for years and have had no action whatever. It reminds me of what Mark Twain said about the weather 'lots of talk about it, but nothing done about it.' The people are not going to swallow that kind of bunk any longer. They are going to require every candidate to specifically state just how he proposes to carry out his glowing promises."

"This ever present, aggravating and painful problem of taxation, which has impoverished owners of nonrevenue producing properties and others less able to pay, should be met squarely. Personally I expect to handle this subject specifically and without gloves."

"A great deal is being said about a 'New Deal,' in Texas politics. This is a very appealing phrase, but as generally uttered it means nothing. I, too, am in favor of a 'New Deal' in Texas politics, but it ought to be from a new deck and with some new dealers in the game."

The trouble is that lobbyists for the oil companies, the sulphur companies and the public utilities have been dealing too many jokers. To my mind this is the greatest issue today before the need of Texas today is for patriotic men in every office, particularly in the Legislature of Texas.

"I make the ancient and inherently fundamental proposition that a man cannot serve two masters. Candidates for Governor, Lieutenant-Governor and for the Legislature should all they want about tax reform, about 'new deals' and a thing will be when they are elected to office, but the people will get no relief, in my judgement, so long as even a small bloc of members of either House permitted to draw retainers from privileged corporations and persons whose interests are opposed to those of the general public."

"N worth while measure is ever introduced in the Legislature, but an effort is made to slip a joker into the bill. Nearly every tax bill and almost every progressive measure runs the gamut of attempted amendments that will later form the foundation for court attacks upon them. It is a well known fact that certain selfish interests in Texas maintain high-powered lobbies in Austin, the primary purpose of which is to cripple such legislation inimical to their interests as cannot be defeated."

"So far as I am personally concerned the people have a perfect right, if they see fit, to elect men to the Legislature who feel that they can draw retainers from privileged corporations and at the same time take money from the public treasury. I submit, however, that the people ought to know the facts about it when they vote. Our progressive President has laid down the principle that a public officer should stand ready at all times to disclose the sources of his income. Since the people are entitled to the facts, I shall recommend, therefore, the passage of a law that will require the publication by a candidate for office

#### AN UNUSUAL VISITOR

He dropped in my office With a grin on his face. He talked about the weather And the college football race. He asked about the family And told the latest joke, But he never mentioned anyone Who's suddenly gone broke. He talked of books and pictures And the play he'd been to see. A clever quip his boy had made He passed along to me. He praised the suit of clothes I wore And asked me what it cost, But he never said a word About the money he had lost.

He was with me twenty minutes Chuckling gayly while he stayed. O'er the memory of some silly Little blunder he had made. He reminded me that tulips Must be planted in the fall. But calamity and tragedy He mentioned not at all. I thought it rather curious When he had come and gone, He must have had some tales of woe, But he didn't pass them on. For nowadays it seems to me That every man I meet Has something new in misery And moaning to repeat.

So I write these lines to him Who had his share of woe, But still could talk of other things And let his troubles go. I was happier for his visit— In a world that's sick with doubt 'Twas good to meet a man Who wasn't spreading gloom about. And who this is you'd like to know? It's Al Harris with the J. Doug Morgan and Neale Helvey Show.

Mellie Pointer and wife were in from the Don McCormick ranch Saturday.

Mr. and Mrs. W. H. McClatchey were visiting and shopping in the city Saturday, from the ranch 10 miles northeast of Eldorado.

R. J. Hill ranchman, was a business visitor in the city Saturday.
