

THE ELDORADO SUCCESS

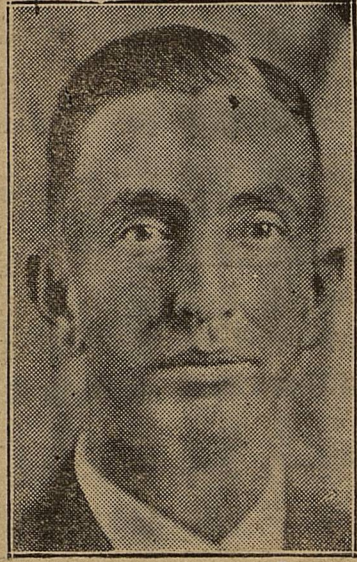

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIV

Eldorado, Schleicher County, Texas, Friday, March 23, 1934.

No. 12

Penrose B. Metcalf For State Senator

In response to numerous strong petitions and many personal requests from people throughout the district Penrose B. Metcalf of San Angelo announced today that he would be a candidate for election to the State Senate from the 25th district which is composed of the following counties: Brown, Colman, Coke, Comanche, Concho, Kimble, Gillespie, McCulloch, Mason, Mills, Runnels, Schleicher, Sterling, and Tom Green.

Mr. Metcalf is a ranchman and farmer, born forty years ago in Tom Green County, and has spent his entire life in this section. He is a Democrat and has always voted the party ticket straight. He is a graduate of Texas A. & M. College, served as a private and officer in the Army Air Service during the World War, and has been actively identified with public affairs for many years. He was a member of the County Board of Education of Tom Green County and has been a member of the House of Representatives of the Texas Legislature in the 41st, 42nd and 43rd Legislatures. During his period of legislative membership he has taken an active part in the proceedings in all the sessions and has been a member of numerous important committees such as Appropriations; Live Stock and Stock Raising; Public Lands, Oil, Gas and Mining; Elementary Institutions; Conservation and Reclamation; and others as well as on many important conference committees which had charge of writing major measures.

He is the author of the law for the state-wide eradication of the cattle fever tick; the State Livestock Sanitary Code; the amendment to the Constitution authorizing counties to tax University land within their borders; joint author of the present Franchise Tax Law which has recently been upheld by the United States Supreme Court and means an annual revenue to the state of from \$1,500,000.00 to \$2,000,000.00; he led the fight for five years to reimburse the farmers for their expenses by reason of pink boll worm quarantines, this work upon the part of these farmers was a benefit to the entire cotton-growing south; one of the principal sponsors of the Children's Tubercular Hospital that is located at the State Tuberculosis Sanatorium and is the greatest of its kind in this country; secured the passage of the appropriation for the control of the biteweed on the ranches of West Texas, joint author of the measure which is designed to prevent the transportation of stolen livestock on trucks; wrote the bill which divided the state into congressional districts thereby securing for West Texas its just number of two new districts and saving the people of the state the cost of an election of three congressmen at large which had been allotted Texas by the Congress; he was one of the original movers in the House for a material reduction in governmental expenses and assistance in the last legislature when the cost of state government was re-

(Continued on last page)

E. E. (Pat) Murphy of San Angelo writes The Success this week that he will soon send his announcement as a candidate for Congress from this district, he made the race race before and ran a good race. He has many friends throughout the new Congressional District.

WILLIAM E. DAVENPORT SPEAKS HERE

William E. Davenport who is making the rare for District Attorney, spoke here Friday night at the court house. Mr. Davenport began his talk in explaining the situation that he found himself in the past week falling trial for Disbarment, he was acquitted by the jury which was only out a few minutes, he had previously been convicted and given a two year sentence for miss use of funds, that case is on appeal and he thinks this case will be reversed.

He said his trouble began when he began to unravel the Mrs. Minroe Smith case that involved the big oil field in Pecos County, and read papers to substantiate his remarks. He said he was not asking the people to believe what he said, let the records speak for themselves. It is a sordid story of greed and crookedness that will make Tea Pot Dome look like thirty cents.

Al Capone appear an amateur, and Tammany Hall a well regulated Sunday School Class as he refers to the matter.

Mr. Davenport said he had taught a Sunday School Class most of his life and that up until he began to uncover fraud that involved parties which he named he was a respectable citizen.

The court house was pretty well filled, for the speaking and he arrived late and did not have long to get word to the people, he spoke a little over an hour.

Glenn R. Lewis present District Attorney was present and after Mr. Davenport concluded his talk Mr. Lewis spoke for a few minutes, which was followed by a short reply from Davenport.

In his talk Mr. Davenport attached the part Lewis took in the Smith Oil Case and other public acts of the present district Attorney and Lewis was speaking in his behalf telling the acts as he did them.

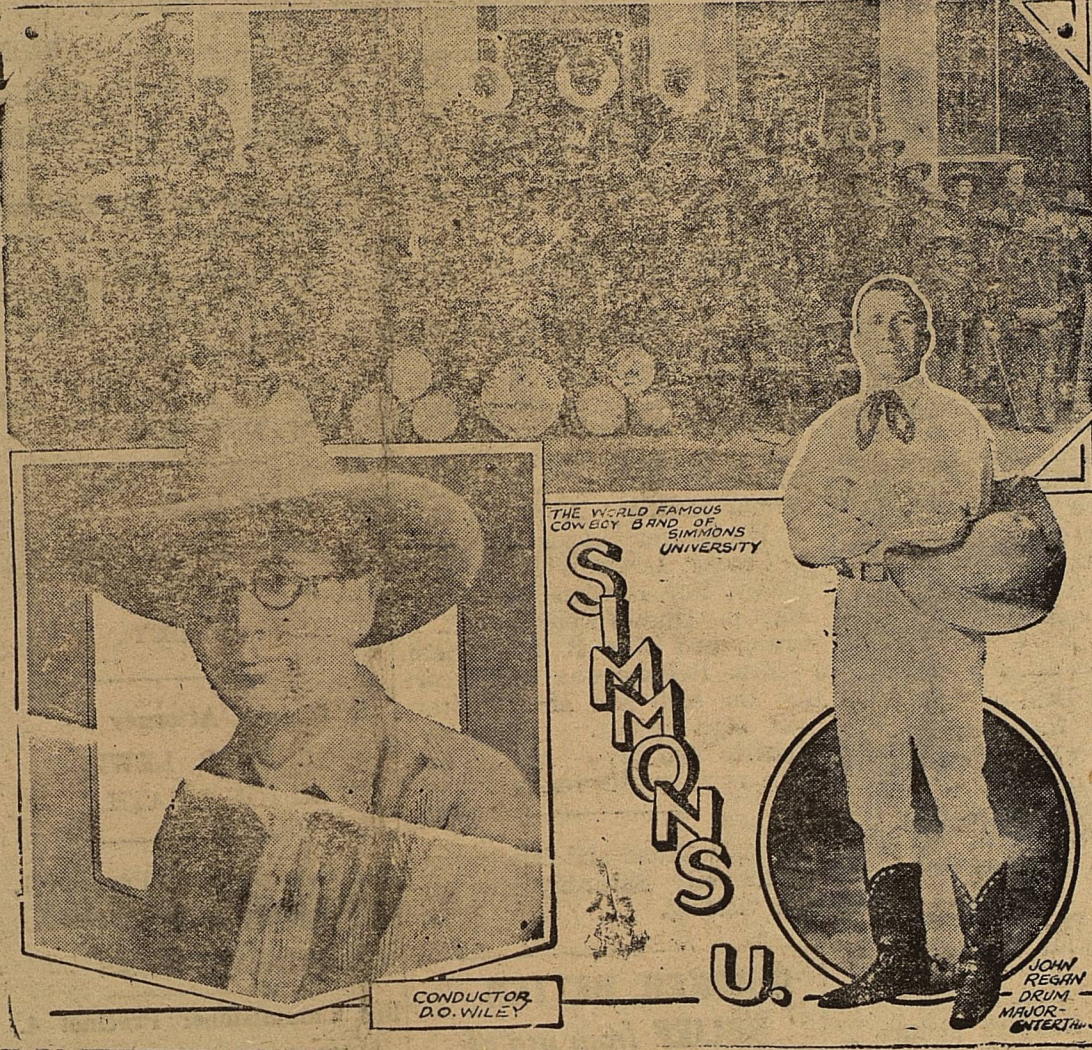

At present there are three men in this race, Lewis, Heath, and Davenport.

Government Registered Station "Baalbec", Thoroughbred, will make the season at my ranch 4 miles West of Eldorado. Register No. 103973. For further information see T. H. Alexander.

PRE-EASTER SERVICES AT PRESBYTERIAN CHURCH

There will be pre Easter Services at the Presbyterian Church, beginning Monday evening and continuing each evening throughout the week with an Easter Service next Sunday morning also services Sunday night. The Rev. B. B. Hestir, of San Angelo, will do the preaching. Everybody is invited and urged to attend these services.

Glenn Ratliff of the Ratliff Store, made a business trip to San Antonio, Thursday.

When the Cowboy Band of Simmons University appears in concert here on March 27, in the School Auditorium at 2:30 p. m. the musicians will be directed by the man who has been their conductor since the beginning of his famous organization. That man is D. O. Wiley.

Prof. Wiley is a violinist and originally came to Simmons as head of the violin department. He received his early training under Carl Venh, "dean of musicians in the Southwest" and later studied with E. Clyde Whitlock and Jacques Gordon.

In 1922 he was asked to take over the struggling college band at Simmons. He took the request rather as a joke, considering a band nothing more than a lallyhoo organization, incapable of really artistic performance. However, he worked faithfully with the amateur musicians and soon began to discover the artist's possibilities of brass ensemble.

He was chiefly responsible for the naming of his bunch of western boy players and has worked untiringly since it was

rained. The Cowboy Band to make it one of the finest concert as well as parade bands in the country. Born and reared on West Texas ranch sold himself, Prof. Wiley has always held the Cowboys close to his affections.

Several years ago he spent a year in Chicago studying band conducting and repertoire and repertoire and perfecting his knowledge of band ensemble work through study of great bands of the metropolitan centers.

ANNOUNCES FOR COMMISSIONER PRECINCT 4

We are authorized to announce Henry Mittel as a candidate for County Commissioner of Precinct No. 4, subject to the Democratic primary in July.

Mr. Mittel has resided in precinct four for the past six years and ranches near Hullaate.

He stands for economy and the general welfare of the county and against any unnecessary expenditure. He will strive to please the public to the best of his ability in every act.

Mr. Mittel is well qualified to fill the office should the voters see fit to elect him. He will appreciate your support and influence.

- These cars all in good mechanical condition and good paint. See BENTON & WILLIS West Texas Service Station

H. W. FINLEY ANNOUNCES FOR COUNTY JUDGE

H. W. Finley makes his announcement this week for County Judge. He has served in this capacity by appointment before and has served this county as tax-assessor and county commissioner. It is at the solicitation of friends that he enters the race, he announces subject to the action of the Democratic Primary in July.

Mr. Finley needs no introduction to the people of this county as he has lived here some 25 years or longer, served as public official in several offices and is known throughout the County. He will appreciate your vote and influence in his behalf and if elected will try and make you an efficient officer.

JUST FROM THE BORDER LAND

The Success Office was visited Thursday afternoon by Editor J. Travelstead, of The Del Rio Evening News, who was passing through to San Angelo. You have often heard the Bible story of the folks that reached the border land, well our friend is on the borderland and as we know has not crossed over into the promised land. Del Rio is a fine town and is well represented in Mr. Travelstead.

Page Oil Well Rig Burned Tuesday Morning

Monday night or Tuesday morning the oil rig over the Page oil well eight miles east of Eldorado burned to the ground, the well was being drilled deeper by J. M. Cooper of Los Angeles California, he having taken the well over recently. It was abandoned about three years ago by Munger-Wilson Oil Co. at 5,026 feet, work had just begun on the new contract, the loss estimated at around \$8,000, although they do not believe they can replace it for that amount. Mr. Cooper announces that he will rebuild the rig, he had spent several thousand dollars in getting the old rig ready to run. The well had been shut down since 1930 and some of the lines and tools had to be replaced by new ones.

STOCK NOTICE!

The City Council at a meeting Tuesday night, passed an order asking all people to remove their stock from the city limits those that have milk cows must keep them up and the lots and stalls kept in a sanitary condition, and chickens must not run at large. If the citizenship will co-operate with the city officials it will avoid some unpleasantness, as stock and fowls must be kept up, not even herded in the city limits. J. N. Davis, Mayor.

Mrs. Ruben Dickens and Children are visiting Mrs. Sam Calhoun at Christoval this week.

Culberson Deal Announces For Congress

Culberson Deal of San Angelo has formally announced his candidacy for Congress from the new Twenty-first district. He is a native Texan, a lifelong Democrat, and has resided in what is now the Twenty-first district since childhood.

Deal was born in Angelina county April 14, 1894 and moved with his parents, Dr. and Mrs. E. O. Deal, to this district when he was seven years old. He received his high school diploma at Sherwood and then attended a business college at San Angelo.

Three years ago he became manager of the board of City Development at San Angelo and under his direction the organization became section-wide in its activities. Included is the annual San Angelo Fat Stock Show devoted primarily to 4-H Club boys and Vocational Agriculture students, which has become larger and more important in each of its three expositions.

His activities in recent years on behalf of West Texans' interests have placed him in the wide circle of friends and acquaintances throughout the district. He has made several successful trips to Washington in behalf of landowners, wool and mohair growers, and other farmers and ranchmen. The candidate volunteered during the World War and was discharged at Camp Bowie with the rank of sergeant. He is married and has two sons.

ELEMENTARY SCHOOL PUPILS PRESENT TWO PLAYS FRIDAY NIGHT

Sponsored by Parent Teacher Association

High School Girls Choral Club To Sing

The pupils of the elementary grades of the Eldorado Public school present two plays at the school auditorium on Friday night, March 23rd, beginning at eight o'clock. March 23rd, 1934.

A cold wave hit Eldorado Saturday afternoon following a sand storm from the north west, it made ranchmen look worried and wonder if real spring with its inviting rains and green grass would ever appear again.

Those who have gone through many years in this section can recall such weather before as we are having now, 1917 was about the same kind of a spring, the continued west winds is sapping the ground of what little moisture it did have, grass may start when warm weather comes but it can't grow long unless we have some additional moisture. Lambing time is here for the sheepmen, planting time will soon be here for the farmer and that much needed moisture will be welcome along with that early desired springtime. So mote it be.

The political situation is warming up in our state and National office seeking jobs. Many of the would be representatives are asking the soverig voters to aid them in their aspirations, and now comes our young firend Pat Murphy over at San Angelo stepping into the Congressional race, seeking a place from this new district, which make thre out for the place.

Jim Ferguson is seeking to become State Head of the Democrats in Texas. Jim has always voted as he pleases and bolted the ticket when he wanted to and told the Democrats to go to hell when he was running on the American Ticket, and we are really in favor of putting Ferguson at the head, we admire him for his gall.

We admire Jim for voting as he pleases, it shows that he is more of an American citizen than the man that can be led by the nose, when American citizens get to voting for men and not parties we will have a better government.

There should be a city election some time about the first of April, if you are displeased with the present city government now is the time to act or forever hold your peace, as far as The Success is concerned we are proud of the acts of the city government. We have no desire to put in a new bunch of officers no matter how much the present officers may want to get out. Our little city has accomplished a great deal through its incorporation and we need it and need to elect officers for it, someone must serve, and we have had a faithful set and congratulate them on their achievements.

Culberson Deal of San Angelo has entered the race for Congress, he is well known to West Texas as he has been active with the San Angelo Board of City Development during the past three years, and has been here a long time. Up to this writing he has two opponents, South of Coleman and Murphy of San Angelo.

The Will Rodgers picture at the Lone Star Theater last Thursday and Friday night drew a large crowd. Will Rodgers always draws a crowd, his pictures are full of humor, suitable to most of us and brings out many instances in real life.

W. H. Parker went to San Antonio to see a specialist about his eyesight. He received several treatments before returning home, and expects to return there again this week end. He was accompanied by his daughter, Mrs. Mary Davis.

J. E. Martin of the Martin Glover Co., of San Angelo, was visiting friends and looking after business in the city Monday.

Mrs. R. T. Crain visited relatives and friends at San Saba and Richland Springs over the week end.

ENTERTAINS WITH BRIDGE

Mrs. Ben Hext entertained four tables of guests with bridge Friday March 16.

Mrs. J. C. Crosby was high score for the afternoon, Mrs. Van McCormick won the high cut and consolation went to Mrs. Luke Thompson.

Delicious refreshments were served to the following, Mesdames V. G. Tisdale, Lewis Ballew, Lewis Whitten, R. T. Crain, J. W. Hoover, A. G. Morgan, J. C. Crosby, Armor Heffley, Luke Thompson, Ray Howland, Van McCormick, J. W. Lawhon, A. P. Bailey, Oscar Martin and L. T. Barber.

HOSTESS TO BRIDGE CLUB

Mrs. Luke Thompson was hostess to her bridge club, Thursday, March 15 at 2:30 o'clock.

Six games of contract bridge were enjoyed and refreshments served to the following club members, Mesdames, H. T. Finley, Armor Heffley, J. W. Lawhon, J. W. Hoover, Lewis Ballew, J. C. Crosby, Roy Howland and Oscar Martin. Guests were Mrs. R. T. Crain, and Mrs. B. B. Brittain.

Mrs. Heffley was high score for the club and Mrs. Brittain was high guest. Mrs. Sam Roberts and Miss Annice Putman were guests for tea.

Charlie Mund and family were in the city Saturday shopping and visiting.

QUICKER, BETTER RELIEF from use of Black-Draught

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

P. S. - If you have children, give them the new, pleasant-tasting SYRUP of Theford's Black-Draught.

SCHOOL PLAYS FRIDAY NIGHT, MARCH 23
At 8 O'Clock

HIGH SCHOOL CHORAL CLUB
E.—H.—S.
THE SEVEN OBJECTIVES OF EDUCATION

Education is guided growth. It begins by helping young children acquire simple habits of daily living. It continues to develop these habits and attitudes into the fine character of worthy manhood and womanhood. The ideal of the American public school — working hand in hand with home, church, and all other positive forces of the community — is to guide human growth into the following seven-fold way of life. The school seeks to prepare every child, regardless of race or condition, to relieve for himself:

- (1) A sound mind in a strong and healthy body.
- (2) A home life that is happy, unselfish, and democratic.
- (3) The ability to read and write, to think, study, and act.
- (4) The knowledge and skill needed to earn a good living.
- (5) The use of free time for worthy activities and pleasures.
- (6) An informed citizenship dedicated to the common good.
- (7) Find spiritual character that is trusted and admired.

This enriched plan of education, the Association and the National Congress of Parents and Teachers. It helps to make possible America's ideal of a fair start in life for every child.

COUNTY TYPEWRITING CONTEST HELD

Last Friday afternoon, March 16, a contest was held to determine the winners of the Schleicher County Meet in typewriting. Only six writers were entered in the final contest, the remainder of the thirty-five typing students being eliminated in two other tryouts a day or so before. For the first tryouts a fifteen-minute test was given to each student taking typewriting during the regular class period. The highest ten students were then given a fifteen minute test on Thursday afternoon. The six highest students from this group were entered in the final contest on Friday afternoon. The errors and words per minute of the five highest ranking students in this contest were as follows:

| Name | Errors | W.P.M. |
|-------------------|--------|--------|
| Johnnie F. Isaacs | 6 | 49.5 |
| Maxine Wilton | 4 | 47.2 |
| Jetty G. DeLong | 2 | 38.6 |
| Ruth Newlin | 0 | 33.4 |
| Helen Stanford | 2 | 33.6 |

Johnnie F. Isaacs received a blue ribbon as first place winner; Maxine Wilton a red ribbon for second place; and Jetty G. DeLong a white ribbon for third place winner of the County.

Contests to determine the writers to represent Eldorado High School at the District Meet in San Angelo will be held within about two weeks. This is the first year the District typing tournament has been held in San Angelo, and Eldorado should have a better chance of winning, since we will not have to compete with such schools as Midland, Big Spring, Colorado, and Abilene.

Sonora High School is bringing its team to Eldorado for a practice contest this coming Friday, March 23.

The Cowboy Band of Simmons University Here March 27th.

By Zora Clare Koy
The Cowboy Band of Simmons University from Abilene, Texas, is coming to Eldorado. This widely celebrated Cowboy Band represents in costume, tradition, and music the immortal spirit of the Texas cowboy and lays substantial claim to the title, "Best known University band in the world."

They have had six years constant activity and travel. The university musicians gained the distinction in the summer of 1930 of being the first college band to go to Europe on a concert tour. The tour lasted eight weeks, the cowboys were greeted with enthusiasm in the theat-

ers and concert halls of England and the continent. The Texas boys wore chaps, boots, and ten gallon hats.

John Regan sensational trick rider fancy roper, soldier, etc. formerly of England, Austria, and South Africa, is a very exclusive feature of the Cowboy Band. These peppy cowboy Musicians will give you two hours of entertainment.

The Cowboy Band will be at the School Auditorium March 27th at 2:30 P. M. The admission will be 10 and 25 cents. 25 per cent of the proceeds will go to the school for new books for the library. Everyone is cordially invited to attend this program given by The Cowboy Band of Simmons University.

DRUM AND BUGLE CORPS
By Jack Rape

The Drum and Bugle Corps are now going stronger than ever before since we have a new director. He is Mr. H. G. Menden from San Angelo. He has been directing bands for the last thirty-two years. He has been located at Comstock, Longview, and now he is at San Angelo. He comes to Eldorado twice a week, on Monday and Thursdays. There has been a good increase in the number of pupils taking part in this since Mr. Hollis only had twenty-six, and there are now about forty.

Eldorado High School is the only school in this section of Texas to boast an organization of this kind. The neighboring schools are watching its development with interest and perhaps some envy.

SMALL POX VACCINATION
By Bill Smith

The Doctors of Eldorado have been giving the Small Pox Vaccinations each Saturday at the School Auditorium. The serum is very cheap, only 25 cents each and the school is at the head of this because the students who intend to attend college are required to have the Small Pox Vaccination before they can enter.

The doctors that are helping with these vaccinations are Dr. Wiedenmann, Dr. Patton, and Dr. Pennington.

There has already been several members of the senior class who have taken the serum and are now ready to do the preparing for the College work. The other grades even to the freshman have been paying a visit to the Auditorium and they are wise in doing this because it is cheaper than it will be for a long time. One can take the serum and then his worries are all over about Smallpox.

SENIOR CLASS PLAY
By Glen Green

The Seniors have decided upon their class play. "The Family Upstairs", a three act comedy by R. A. French.

The cast is composed of nine people and besides these places there are to be three managers. The stage manager, the advertising manager, and the make up manager. Miss Zimmerman the play director has ordered a number of books and expects to have the class practicing soon. The play will be given on April 27th, according to present plans.

BOYS TO BARNHART MEET
By W. C. Spurgers

There were seven boys to represent Eldorado at Barnhart, four seniors and three juniors. The seniors Bill Smith, Harold Susen, John E. Rodgers, and Hollis Nutt got twelve points. The juniors lost the cup we got last year. Bill Smith got a first place in 440 yd. run and second in 100 yd. dash. Harold Susen came near getting second but lost by a foot or so and got third in the half-mile. John E. Rodgers got third in discus throwing. Hollis Nutt was unlucky by drawing a fast heat and was eliminated in 220.

We need some backing by the town people. Since we now have more and better prospects we need ways to go to these meets.

SPRING FOOTBALL PRACTICE
By Felix Susen

Spring football practice will begin at Eldorado Monday March 26th. Practice will begin with some passing, along with track until the district track meet is

IT'S GOOD

YARD DEMONSTRATOR AT WORK

Mrs. Paul Nixon, yard demonstrator of the country woman's club has begun her yard improvement by enlarging her front yard so that there will be more space for grass. Two Italian Cypress that are now planted on the side of the front walk are to be moved to the back yard. This will make an unbroken lawn in front and will aid in making a back ground to the house. A mixed border of shrubs is to be planted on the north fence, serving as a screen for the barns.

Rose bushes that are now scattered over the front yard are going to be moved to a rose garden in the backyard. This will give a more unified appearance to the yard and at the same time the bushes will not mar the yards appearance when not in bloom.

over. The regular practice will begin about Monday, April 16.

The High School will have a game with the Eldorado ex-students, probably May 4th.

Some of the new prospects for next year's team are: John E. Rodgers a member of the basketball team this season and Bill Stockton who proved himself to be a fair player in the interclass football. Robert Lee Anderson and Raymond Spurgers who will be freshmen next year, are fair prospects.

SCHOOL PUPILS ON LION'S CLUB PROGRAM LAST WEEK

Numerous Eldorado School pupils have entertained the Lion's Club during the past few years. On the program last week appeared Zora Clare Koy, high school junior, and Imogene Evans, seventh grade pupil.

Zora gave two piano selections and Imogene gave a reading, "Old Fort Phantom Hill," by Larry Chittenden.

STUDENTS TO REPRESENT ELDORADO AT DISTRICT MEET

By Lois Whitley
This year we had quite a few students to enter the Interclass Athletic League. A great number of them are looking forward to the San Angelo District meet, where they will try for higher honors.

In the Grammar School we had the following: Eloise Wintgen, for grammar school essay writing; Johnnie F. Isaacs, for grammar school boys declamation; Imogene Evans, for grammar school girls declamation.

In High School the following students will represent our school in San Angelo: Johnnie F. Isaacs for high school essay writing; R. L. Sample, for high school senior boy declamation; Ollie Ruth Newlin, for senior girl declamation; Jennie Louise Page, for junior high school girls declamation.

We are glad to see the students taking such an interest in League work this year. Surely it is worth the trouble to try, because look what has been done in past years. The above mentioned students will receive medals in San Angelo. (We hope) These students would appreciate your presence at the district meet, so be sure and go to San Angelo to see Eldorado students bring back the honors.

T. H. Alexander who ranches west of Eldorado ten miles was a business visitor in the city Saturday.

HALF A CHICK

WHAT can you do with HALF a CHICK? Nothing--of course!

And yet, the value of half a chick represents the difference in cost between RED CHAIN Chick Starter and most other starters of doubtful quality and even more doubtful results.

You KNOW that RED CHAIN raises more chicks to be healthy pullets and cockerels; other starters may--and may not.

So, why take chances with sickness, death and financial loss--when HALF a CHICK is the price of success and profits?

RED CHAIN Feeds are SUPERIOR Feeds

R. K. Finlay McCulloch County Pioneer

—San Angelo Morning Times, Brady, March 8. —R. K. Finlay, pioneer McCulloch county ranchman and full-fledged Scotchman, has economists outclassed in his conception of thrift.

Economists advise the saving of ten per cent of one's earnings, but Finlay's Scotch-tinged maxim is "Spend only half if what you make." He has actually practiced this rule. In his native accent he loves to tell about it. And he really has something to show for his savings.

In the Fife community where he has lived for more than a half a century, he owns approximately three thousand acres of fertile black soil, large herds of livestock a comfortable home and a substantial amount of other property.

Celebrates 89th Birthday
Finlay celebrated his 89th birthday in February. He has lived in the United States for seventy five years. When he was fourteen years old he left Scotland with his parents. After spending their first winter in the New Country in Felz, New Jersey, they located in Illinois not far from Chicago. The aged ranchman still recalls vividly the opening of the coal mining area. As many as a hundred carloads of coal every half an hour were hauled over one of the big railroads near which the Finlay domicile was located.

Another unforgettable episode in Finlay's memory is the Civil War and its terrible ravages. The Finlays lived in the border state of Missouri at that time. Only one home escaped being burnt in Jasper County, Missouri, Finlay recalls. Homes were reduced to ashes all the way to Kansas City. First the Confederate soldiers destroyed the homes of all Union sympathizers and the Union soldiers retaliated by burning the homes of Southern sympathizers. Finlay espoused the Southern cause.

Coming to Texas in 1873, Finlay settled in Austin. He lived in the Horst Addition, located between the University of Texas campus and the State Capital grounds.

Could Have Made Fortune
"Some one offered me some land in this addition for thirty dollars an acre," he recalls. "Had I bought it, I could have realized a fortune on this investment. Eight years later the University was built and real estate prices soared upward." Today this pasture plot of sixty years ago lies in the heart of Austin.

In those days the state fair was held at Austin. The Fair Grounds were located on the present site of Hyde Park. Finlay built the first fence around the fair grounds. He is still enthusiastic fair fan.

The foundation of the present Finlay fortune was laid on a 565 acre cedar brake farm, which the thrifty young Scotchman purchased from his first

savings. The farm was located six miles North of Austin within easy hauling distance of a flourishing market for railroad ties and cord wood. During his four-year operation of this farm he derived a revenue of approximately \$25,000 from the sale of railroad ties. This was just one item in his prospering business. He also supplied cord wood to manufacturing concerns and to a great many homes in Austin.

Pushes Farther Westward
Possessed of a pioneering spirit, Finlay in 1882 pushed 150 miles farther west to the unfenced ranges of Northern McCulloch county where he has resided ever since. He started a flock of 250 sheep and increased his flock to 3,100 within five years. He is still a sheep man, although farm crops have supplanted to a greater extent the sheep industry. Approximately two thirds of his land is tillable and fertile crop producing soil.

Always quick to grasp an opportunity, Finlay built a cotton gin in 1894 when rancoring gave way to farming in this territory for 22 years he and his sons ginned cotton, charging \$3.50 a bale for ginning.

Although he himself had only a meager education, Finlay has always been an ardent supporter of good schools. He built the first school in his community and helped to build other schools in that section. His hobby at the present day is to spread good cheer among teachers and pupils. Annually he awards prizes to the most inquisitive pupils in the Fife school. Every school child in the community attended his recent birthday party as a personal guest of "The father of Fife" as he is known among his fellow citizens.

A county commissioner in McCulloch county may receive a salary of one hundred dollars per month but when Finlay held that office for fourteen years about forty years ago, there were no such fabulous wages for precinct politicians, he recalls. He served as commissioner from 1887 to 1900 and received a three dollar per diem wage when court was in session and not more than thirty dollars a year for reviewing roams. Living twenty miles from the county seat, he was compelled to spend the night in Brady during commissioners court sessions. By the time he paid \$1.50 per day for a livery stable and a hotel bill and musing other expense, his three dollar a day did not have much left.

Mr. Finlay subject of the above sketch is the father of Mrs. W. L. Isaacs and Mrs. F. M. Bradley of Eldorado, and they recently attended his annual birthday feast which all the children look forward to each Feb. 22.

ALEXANDER HOME DEMONSTRATION CLUB

Demonstrating the making of concrete tile blocks at Mrs. W. J. Stewards, Friday March 16, for Alexander club members. Miss Hoowell used one part cement to four parts crushed rock. This was moistened with enough water to make a stic mixture. The form was lined with paper, a small amount of mixture was lightly tamped in on this, the pipe was put through and then the form was filled with cement, pressing with the fingers every time cement was put in. The pipe was turned occasionally while filling the form to be sure it was movable. Put a board on top, invert board and form, remove to a table or bench, take out pipe, remove side pieces, end pieces, lift form up. She said "The tiles should be sprinkled about three hours after they were made, and wet sacks thrown over them after the first day to supply moisture. They will cure in two weeks."

There were four present. Cake and coffee was served by the hostess.

Got Over Weak, Painful Condition By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Baranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor. My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all." For over 50 years, Cardui has been helping women just as this Texas lady describes above. Cardui is sold at all drug stores.

Mrs. Otis Smith of Brownwood was here the first of the week guest of her mother, Mrs. S. W. Holland and her sister Mrs. S. M. Oglesby.

P. B. Metcalfe.

duced over \$13,000,000.00 for the biennium; he also assisted in passing through the House the measure reorganizing the entire state departmental and bureau structure and reducing the number from 120 to 19, this would have saved millions yearly to the tax payers of the state; he assisted in the authorization of the greatest support for the rural schools ever made in the history of the state; he supported the measure which lowered the license fees on farm operated trucks and worked for the measure which the House passed reducing the license fees on passenger cars; he worked for the measure designed to give better regulation of public utilities and during the last session helped pass the measure which gave small cities and towns the right to regulate utility rates therein; he sponsored in the House during the 41st Legislature the "Pipe Line Bill", which was the first legislative recognition of the rights of the independent oil operator; he supported the Submission of an amendment to the Constitution abolishing the fee system of payment of county officers; while personally he is a total abstainer, he has always been a Democrat politically, and as such was one of the authors of the resolution which gave the people the right to vote upon legalizing the sale of beer and also voted to submit the question of repeal of the Texas Prohibition amendment for a vote of the people; he is the author of the new gasoline tax law which is designated to eliminate evasions of this tax and is now working so splendidly, recent reports from the Comptroller's Department indicate that this measure will result in the state's receiving annually an additional \$5,000,000.00 or more dollars of which \$1,250,000.00 will go to the schools and a like sum for the interest and principal of county road indebtedness. Counties of this senatorial district alone will share in this fund for interest alone to the extent of over \$140,000.00 annually.

Mr. Metcalfe states that he does not believe in a lengthy platform or in proposing a great number of chimerical ideas that are impossible of fulfillment, merely for the purpose of vote-getting, but that he points with pardonable pride to his record of years of accomplishment as an indication of his future stand. He intends to work for a further reduction of governmental costs and a decrease in governmental functions. He is opposed to the levy of new and burdensome taxes but favors the better collection of taxes now levied and their reduction through proper economies. He also stands for a more equitable distribution of the tax burden. He has consistently supported the schools throughout his service in the belief that education of the youth is necessary for the proper maintenance of our government. He believes in the conservation of public funds for absolute necessities and to assist our people who are in actual need.

W. M. S. PROGRAM

March 28, 3:00 o'clock P. M. Missionary Topic: Does Brazil constitute a missionary opportunity —Mr. Wright and Mrs. Cloud. Bulletin Reports —Miss Tom Smith. Scripture: Is. 56: 6,7 and John. 10: 16 Hymn Study: "Come thou Almighty King." Prayer. Leader: Mrs. Neill. Hostess: Mrs. Currie assisted by Mrs. Marshall and Mrs. Green.

C. M. Reynolds ranchman of the Reynolds Community was trading in the city Saturday. He has been in the west most of his life and looks forward to a better day.

Mr. W. E. Caldwell of Sonora, was here Sunday mornig and poke at the Methodist Church in Kingdom extension work, he is a district layleader and made a fine talk.

Mr. and Mrs. Sam Oglesby enjoyed a visit from Mr. and Mrs. Everett Lovelace of Brownwood the first of the week. Mrs. Lovelace is a daughter of Mr. and Mrs. Oglesby.
