### CORRECTION

The Success has been requested by the Parent Teachers Association to say that the Association only sponsored the Picture Show last Monday afternoon and night and not on Sunday afternoon.

The above picture was taken on a ranch near Ft. McKavett, and could be taken of almost every ranch in Schleicher County. It was used in the Farm and Ranch in their story of this section a few weeks ago, and as wool growers are trying to further the interest of the use of woolen clothes from Nov. 9 to 14, we call attention anew to the great sheep industry of our county and the need of its support from our citizenship.

The Rev. Paul Ray was out from San Angelo the first of this week shaking hands with old friends.

Perry Johnson was in the city Monday spreading good cheer.

## Ozona Lions Trims Eagles, 25 - 0

By Jack Ratliff

Eldorado journeyed to Ozona last Saturday only to get tromped by Ozona. Ozona put a much better team on the field there than they did here. Ozona made a touchdown early in the game. They made the first touchdown on running. Then they took to the air, with a passing attack. They recovered a lot of fumbles that Eldorado fumbled. Eldorado carried the ball well as long as they kept it. They had no trouble making the touchdown. They had trouble in keeping their hands on the ball. Lefty Smith made a long run after intercepting a pass, almost up to the goal line but the team failed to put it over. The Ozona boys certainly did play the boys a clean game. There was very few personal fouls called and very few made that was not called. We played on such a dusty field that the referee could not see what was going on. The defeat was hard to take, but Eldorado can't win all the games. They must go at the rest of the games fighting and determined to win.

## Deer Wrecks A Car On Highway

Mr. and Mrs. Walter Bindseil and baby, Mrs. Zerher and son, Robert, while driving on the New Braunfels highway, had a bad spill Sunday night near Smithsons Valley, when their car struck a large doe and capsized in the ditch. The doe was killed, the car badly wrecked and all except the baby received scratches or bruises. Mr. Bindseil got a bad cut on his mouth.—Blanco News.

## MRS. BEN HEXT ENTERTAINS

Mrs. Ben Hext was hostess to the Eldorado Bridge Club Thursday, Oct. 29 in Eldorado, at the home of Mrs. Lewis Ballew.

Several games of Contract Bridge were played and delicious refreshments served to the following: Messdames H. T. Finley, Van McCormick, Melvin Crabb, Lewis Ballew, L. T. Barber, James Hoover, J. C. Crosby, J. W. Lawhon, Luke Thompson, Tom Henderson, Joe Williams, W. D. Gregory, and Miss Agnes Rae.

High score for the games was awarded Mrs. Melvin Crabb.

"Uncle Bill" of the Sterling City News Record says a bank to a town is what a storage battery is to a Ford, it makes the thing go. If that be the case, we guess the people is the gas that keeps the thing popping off.

### for Better Cookery . . .

If you were offered better meals, cooked in but a fraction of the time now required, and assurance that your foods would be always of the same delicious perfection—you'd insist on an immediate realization of this ideal, at any cost, wouldn't you?

Here's a way you can have all these important advantages—and actually save money! Are you interested?

Then, drop in at the Merchandise Showroom and ask a Trained Representative to explain the many superiorities of the new Electric Ranges. You'll marvel at the automatic features that give you hundreds of leisure hours each year . . . you'll appreciate the controlled heat that enables you to bring all your meals to the same delicious completion . . . you'll enjoy the prospect of clean electric heat that eliminates all scrubbing of soot from pots, pans, walls and ceilings. With all these important advantages—plus the fact that modern Electric Cookery will save money for you each month—shouldn't you install your range without delay?

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

THE SUCCESS  
 NOVEMBER, 6, 1931

The Success mailed out subscription statements in October and we have had a good response to same, but yet there are many who have not responded. These accounts are small to each of you but when 400 or 500 are put together will help remove some of our past due accounts, so we are trying to make November a banner subscription month.

Nov. 9 to 14 has been designated as wool week. Schleicher County produces the best sheep and wool of any county in Texas. You may think this is a broad statement, but our exhibits show that substantiate the statement. What Eldorado and Schleicher County needs, is a wool warehouse and a real shipping point established here. But lets get back to the subject. Let us buy our woolen winter wear and help strengthen the wool market, by making a demand for woolen goods. Five dry goods merchant should take advantage of the occasion and run a special on wool goods.

The Eldorado Eagles went wrong last Saturday, after defeating Ozona, 25-0 in a previous game, they were defeated Saturday by the Ozona boys 25 to 6. Those who attended the game from here said the Eagles were full of errors and that the Ozona boys were up-to-the-minute and took advantage of them all.

With the Turkey market opening up at 12 to 15 cents, and a big Turkey sale season approaching, it means several thousand dollars more for Schleicher County, from what we can learn Schleicher has a very good crop of Thanksgiving meat.

John Williams took advantage of our clubbing rates and renewed his Success, Standard-Times and ordered the Dallas Farm News.

Mr. and Mrs. G. C. Crosby were in from the ranch Saturday shopping and visiting.

Mr. and Mrs. W. H. McClatchey were in from the ranch Sunday.

Ed Finigan was in from the ranch Saturday trading. He reports that he had frost at his place.

Miss John Alexander, worthy matron of O. E. S. Chapter No. 140 Eldorado, returned from Houston Saturday, where she attended Grand Chapter last week. A number of delegates left San Angelo Oct. 25, among them was Mrs. Mary Ellen Hughes, delegate from the Merton Chapter. She and Miss John made the trip together and report a large attendance at the meeting in Houston. Quite a number from other states being present. She says they had a wonderful time in spite of the very warm weather.

## HOLDING COTTON NOT A PANACEA, MCDONALD AVERS

Farm Chief Warns That Surplus Must Be Reduced

AUSTIN, Tex., Nov. 3.—Warning that the cotton holding plan of southern bankers does NOT contemplate the reduction of the available supply of cotton by a single bale is being voiced by J. E. McDonald, commissioner of agriculture, in a series of addresses over the state.

Commending the plan of the bankers as a boon to farmers, the commissioners pointed out that nevertheless the plan does not consume a single bale of cotton, and, in the final analysis, only retards its sale.

Success of the plan, therefore, is contingent upon two things, he said: reduction of production, and increased consumption. Otherwise the relief would be temporary.

"Bankers, business men and farmers alike," he said, "must remember one all-important fact in regard to the bankers' cotton holding plan. The plan does not lessen the available supply of cotton by one single bale. It does not consume a single bale.

"I have only commendation for the bankers' plan. But, in the last analysis, holding cotton only retards the marketing of cotton. The only things that can reduce this surplus—a surplus which has brought about present conditions—is consumption, aided by curtailed production.

"With these self-evident facts in mind, you can readily see the necessity of strict compliance in southern states with laws to curtail acreage. All that is gained by this year's holding movement would be lost if next year should see another addition to our surplus. Always in the vast financing of cotton and its removal from the market has proven impractical and unsatisfactory, simply because there was no definite and positive means of curtailing next year's production.

"I have been watching the drift of this holding movement, and I find farmers holding cotton with their own means, farmers and others holding cotton with the assistance of banks, men with money buying spot cotton speculatively in amounts from five to 500 bales, and a considerable amount of trading in cotton futures. All of this tends to weaken the technical position of cotton, to ultimately result in financial loss, unless there is a concerted and united effort by bankers and others to be sure that next year's planting is reduced in accordance with laws."

McDonald expressed the opinion that farmers were worrying less than some others about what they would do with their excess acreage under the cotton reduction law.

"Farmers are not so greatly worried as some newspapers and persons in other professions seem to be about what will be done with the excess acreage brought about by reduction of cotton," he said.

"I do not think it wise to attempt to tell the farmer what it shall do with this land, what he should plant on it, because it is an individual problem. Most farmers have in their own community the proper person with whom to advise, the county agent, working with the resources of A. & M. College at hand.

"It is my personal belief that a

## Truck Law Upheld By Federal Court

HOUSTON, Oct. 26.—The Texas statute placing private contract carriers under supervision of the State Railroad Commission was upheld in a decision handed down today from a three-judge federal court.

Speaking through Circuit Judge J. C. Hutcheson, the court held the power of the state regulate motor vehicles in the interest of public safety was "of the widest scope."

The majority opinion added the system of regulation at issue would "operate to bring highway order out of highway chaos," would "protect the roadways and the people on them from the results of reckless and careless operation," and would give the state "a safe and dependable system of transportation for the carriage of freight by highway." Federal Judge Duval West of San Antonio concurred with Judge Hutcheson.

Dissenting, Federal Judge T. M. Kennerly of Houston said he felt some provisions of the act were in fact "a restriction of the right of contract."

Injunctions to restrain enforcement of the law, sought by J. H. Stevenson and intervenors, were denied. Attorneys said an appeal would be taken to the supreme court.

large amount of land should be allowed to rest. It might be planted to clover, or other cover crop, and turned under to improve the soil. In the black belt, grain sorghums might be good. Farmers who don't want the expense of harvesting this crop, could construct temporary fences and pasture it. Livestock may be secured through the feeder-breeder movement sponsored by bankers.

"Generally things are looking better right now than they have for a long time. Farmers as a whole are more optimistic. They all agree that they are going to cooperate, and work as a unit in reducing the cotton surplus to the end that values in cotton may be restored."

## ON TEXAS FARMS

By W. H. Darrow, Extension Service Editor

Cotton from certified seed grown in demonstrations with the county agent in Taylor county is producing from 1-16 to 1-8 inlb better staple, and is taking 75 to 125 pounds less to turn out a bale than ordinary seed, early ginings showed.

By watching his market closely Charlie Morrow of Houston county has been obliged to take less than 20 cents per dozen for his eggs but once this year. He is a poultry demonstrator whose 400 seven-month-old white leg-horn pullets have laid 350 dozen eggs. Well balanced laying mash and a special effort to provide green feed in his explanation.

Jones county home demonstration club women expect to help from 700 to 1,000 of the housewives on 2,804 farms to have well-stocked pantries this winter.

Declaring that his 15 acres of permanent pasture was worth \$34 to him in a recent month, August Margot, dairy demonstrator at LeMarsue, Galveston county, explains that when he took his 22 cows off this pasture they dropped 8 1-2 quarts in milk flow the following day.

Farmers in Van Zandt county butchered and canned 300 beeves in 1930 and this record will be doubled this year, according to the home demonstration agent.

In getting a large number of fall garden demonstrations established the county and home demonstration agents of Baylor county have been showing home demonstration club women how plaster lathe irrigation tiles give good sub-irrigation at small cost.

John Williams made a business trip to San Angelo Monday.

SPORT SLANTS

By Jack Ratliff  
Ozone certainly did get sweet revenge last Saturday, when they beat the Eagles 25-7. The Lions put a much better team on the field there than they did here. When they were here they had only three weeks practice. They had new men and new coach to get together. They were not together when they were here.  
—E.—H.—S.—

Eldorado fumbles cost them most of the touchdowns. Eldorado would fumble when they would get started to carrying the ball. These are excuses but Eldorado has only three big statements to make about the Ozona team. Ozona played smarter football, they kept together in every thing they did, and they fought hard.  
—E.—H.—S.—

Eldorado should take the defeat out on Big Lake. They play Big Lake November 11, at Big Lake. Big Lake has not won very many games, but they have a team that is liable to beat any one.  
—E.—H.—S.—

When the paper goes to press, them Mason game has not been decided. We would like to play them this week.  
—E.—H.—S.—

Marshall Chick certainly did some real defensive playing at Ozona. They very rarely made yardage over him. Joe Turner Hext also did some real blocking. He stooped a man that had been breaking up a lot of our passes.  
—E.—H.—S.—

At present we have no games for

the next two Saturdays. We play Big Lake on Wednesday.

The team will go through a stiff practice this week. They will let down next Monday and Tuesday in order to get rested up for the game with Big Lake.

I wonder if we'll ever know what pedagogues have done for us who into the world must go and toil beneath the sun.

With you, O Junior, I'll agree that all are not so fine but just keep looking and you'll see in each some virtues shine.

You say a teacher is no sport—She always is provoked. But I've seen many who were the sort that smiled whenever you joked.

And now we seniors wish to state that these we will hold dear; We ever shall appreciate The things they gave us here.

PEP SQUAD GIRLS NAMED

By Ruth Clark  
The Pep Squad girls have decided to call themselves "Eaglets". The football boys are Eagles, and there is no

reason whatever why they should not be called Eaglets as they are always screaming for them. Each day at noon each one makes an effort to be back on the school grounds at twelve-thirty for practice of yells and stunts.

SQUAWKS FROM THE PEP SQUAD

By Thelma Taylor  
Well we are all wondering if we are not going to get to see but one more game this season. But folks, we will all get to see a real football game if you will help us bring the district 12. A winner here so we can beat them. We're bound to win but the job will be much easier if we are on home ground. I am beginning to think we have a team almost as good as Knute Rockne's.  
Those Eagles are real fighters even though they do get a hard knock some times. Did you ever hear the little birds go tweet, tweet, tweet? Well, if you have not, Jack Kerr has and he might tell you how it felt. He was completely knocked out in the Menard game, and as some one said "He couldn't do any thing but yell with the pep squad" and that dear people, was when he heard the birdies. What a slam on our beloved pep squad but just you wait, we will get even with him for his ungrateful remarks.

"SO THEY SAY"

By Thelma Taylor  
Jim West: "Do you need any gas?"  
Ruth Nix: "Hon, you can't do that."  
Hassell Ratliff: "Aw, I wasn't taddlin'."  
Miss Meyer: "Vd. No habla en Ingles."  
Miss Allen: "Now that's enough of that."  
Jack Ratliff: "I'll take 10 for my paper."  
John Alexander: "How about a date tonight, Nell?"  
Mr. Holt: "You are supposed to use your dictionary."  
Albert McGinty: "Come on gang, let's go!"  
Gerald Gafford: "Ingos!"  
A. J. Roach: "I thought she said to go to the board but I guess she said go to the board."  
Mr. Williamson: "Yes, we'll have a quiz."  
Miss Bradshaw: "And by the way, who didn't hand in a paper?"  
Mr. Smith: "Let's have order."  
Pokie Kent: "I must have lost my paper."  
Anna Ruth Spurgers: "Why shouldn't you?"  
J. R. Conner: "Well, dernit, I did!"  
Billie Kerr: "Well ain't that just too bad?"  
Miss Allen: "For heaven's sake."  
Grace Ratliff: "Oh, I know but I can't say it."  
—E.—H.—S.—

Mr. Williamson: "Goodness, I wish those boys would quit fumbling."  
Raymond Smith: "Ats the old pep in there, now, gang!"

A MATHEMATICAL NIGHTMARE

By Thelma Taylor  
Of all nightmares I have ever had I can easily and truthfully say that this was the worst. I can think of none in the whole wide world who can feature Bernard Carr as Cyldes mother. Well, now I saw it and I know that it is true. He had a pair of silk hose and a pair of bedroom slippers on and a beautiful orchid dress which was partly covered by a little white apron go to the board. He had a wig of beautiful brown hair and was he pretty? I should say so! looked wasn't any part of him that looked like Bernard except his face and the only change in it was that it was a bright red. I don't know why but so it was. Another thing which I couldn't figure out is why a person had to learn mathematics of several different kinds. Well, you can ask me that one now and I can really explain it to you. In this nightmare about six people were out of a job on account of not knowing how to work problems (Continued on last page)

Dr. H. Z. Pennington and family, of Floydada, Texas, have moved to our city and have rented the stucco house owned by the West Texas Lumber Co., in front of the school building. The Doctor will practice medicine in our community. We trust that their move to our city will be profitable. He will also run a small Sanitarium at his home. He comes well recommended by physicians at Floydada.

MAPLE FIG PUDDING

Don't get into a recipe-rut! If you have been serving the same dishes for dessert, month after month, try out these two new recipes and watch the smiles that greet their appearance.

1/2 lb dried figs 3/4 cup self-rising flour  
3/4 cup maple sirup 1/2 cup sugar  
1/2 cup boiling water 1 1/2 tsp. shortening  
6 tsp. milk

Soak the figs in cold water to cover, until soft. Then cut in halves. Place the figs in a greased baking dish and mix the maple sirup and the boiling water and pour over the figs. Cover the dish and steam for one-half hour. In the meantime make a dough mixture as follows: Mix and sift together the self-rising flour and sugar. Work in the shortening and when well blended add the milk sufficient to make a soft dough. Remove the baking dish from the steamer, cover the figs with the dough, cover the baking dish, return to the steamer and allow it to steam for one hour. This pudding should be eaten hot and may be served with whipped cream, although the fig sirup makes a rich sauce. Serves 6.

Hawaiian Delight.  
1 1/2 cups self-rising flour 1 egg  
1 tsp melted butter 1/2 cup milk  
1/2 tsp cinnamon 1/4 tsp sugar  
1 cup grated pine-apple 1 tsp. sugar

Measure and sift together the self-rising flour and sugar. Beat the egg until light and to it add the milk and melted butter. Add gradually to the dry ingredients, stirring constantly. Beat, spread in a greased pan and sprinkle the top with a mixture of one tablespoon of sugar and the cinnamon. Bake at 400 degrees F. for twenty minutes, or until done. Cut in squares and serve hot with the grated pineapple over it. Serves 8.

### School Notes

which were easily worked if you can work math.

Folks, if you are wondering what this is all about I'll tell you. The Mathematics club gave a program in Assembly called "The Mathematical Nightmare" where a high school boy, Donald Jones, did not like Math (can you imagine a thing like that?) and after putting off a problem in Arithmetic until tomorrow he went to sleep and during this peaceful slumber of his he had a nightmare. His sister, brother, and father all lost their jobs because they couldn't work certain kinds of math essential to their line of business. When this young man awoke the next morning he resolved to learn his math even though it did take a little bit of effort. I believe the moral of this as Miss Bradshaw meant it to be taken is learn your math or take the consequences.

Come to our Assembly programs and get some good laughs. They're guaranteed, Mr. Williamson has charge of the program next week and it is sure to be a good program although it will not be a Scientific Nightmare because they all learn science and Coach has no kick coming. No, not much.

**YOU HAD BETTER LOOK OUT OR THE GOBLINS WILL GET YOU**

By Thelma Taylor  
Yeah, I know Hallowe'en is over but I'm talking about something that happened before Hallowe'en was over. You'd of thought the same thing if you had of seen the ghostly look that was cast over Keeney's house when we arrived there on the night before Hallowe'en. All the shades were down with just little streaks of light coming through the cracks. If this made you have a creep feeling then you would have really passed out when you went inside and saw the awful looking ghost which was in plain view of any one coming into the room by the front door. We had a grand band and so forth. Jess Ella looked like a little balloon in a clown suit and Loleete was a pretty little Scotch Girl. Pauline Rape was a clown too and you needn't think you could hurt her by hitting her because she had reinforcements in form of two pillows, one in front and one in back. This party was greatly enjoyed by a goodly portion of the pep squad and football boys.

**BOOST THOSE EAGLES, GANG!**

By Thelma Taylor  
Gang, the Eagles seem to be getting in the hole worse and worse. I guess we can't win every game but the losing goes hard. Now, when we play Mason we have got to win or bust. The Mason team has not lost a game this year but they're going to lose one when they play us, I hope. The boys will play Mason before Thanksgiving and I hope that Mason gang can't enjoy their turkey Thanksgiving for thinking about the game that they lost to us. The boys will each get a small gold football for winning the conference games of this district and if they beat the by-district the school will be awarded a silver cup with the boys names carved or printed upon it. If this cup is awarded to Eldorado High School it will be placed in the East in the front of the Study hall with the Eagle, our Symbol. Come, on folks and help us make a success of it by boosting the football boys. They will fight just a teeny bit harder if they know you are with them.

### County Court Proceedings

County Court met Monday for the first time since it had been re-established to the County and the following cases were heard.

State of Texas vs. Oliver Russell, for cold check, bond forfeited.

Mrs. Kate E. Robinson vs Mrs. A. H. Green, continued by agreement.

T. K. Jones vs John Flynn, suit on contract, dismissed at Plaintiff's cost.

Ben Ellis vs John Gray, suit for debt, and foreclosure of attachment lien, judgement for plaintiff.

Roy Andrews has moved his meat market from the Joe Williams building to his Grocery Store and will continue to keep all kinds of fresh home killed meats as he has here-to-fore.

Vance: That horse knows as much as I do.

Lawrence: Don't tell anybody, you might want to sell him sometimes.

—E.—H.—S.—  
Miss Allen: (shaking student by the collar) "I believe Satan has got hold of you."

—E.—H.—S.—  
Lucile: My cheeks are simply on fire.

Morris: I thought I smelt paint burning.

—E.—H.—S.—  
Mr. Holt: What were the first birds the Pilgrims saw when they landed?

J. R.: The turkey.

—E.—H.—S.—  
Miss Bradshaw: I doctor myself with the aid of medical books.

Coach: Yeah, and someday you'll die of misprint.

**QUACK! QUACK! WHERE IS THE DUCK?**

By Lola Davis  
No, it is not a duck this time—(but come to the High School Auditorium Friday night, November 6th and find out all about it. What hard times and no money! Well, if you knew what I did you would pick a hundred pounds of cotton before Friday. Just think a one act play and "Music and love of all lands" just thirty five cents and fifteen cents. If you have not laughed since the hard times began I'll guarantee you will laugh Friday night if you'll come to our play. Have we had anything like this performance before? No, not exactly. We decided to give this because we want something new. Everyone likes new things even if not many of us have anything new, but just look what's coming. Can the characters act? Whoopee! Anyone would get their money's worth just to see Bill Sprout as Dr. Slicam. He is a professional man and wants everyone to act accordingly. Well, I know I have not told you enough but I might run out of space to do that so be at the High School November the sixth and see for yourself. Don't take my word.
