

THE ELDORADO SUCCESS

OF AND FOR ELDORADO AND SCHLEICHER COUNTY. ALL THE TIME

VOL. XXXIII

Eldorado, Schleicher County, Texas. Friday July 21, 1933.

No. 28

Eldorado To Vote On Beer August 26th

The following order was passed by the Commissioners Court at their regular meeting on July 10th, 1933.

"It is hereby ordered that an election be held on the 26th day of August 1933, for the adoption or rejection of the four Amendments to the Constitution of Texas, as per Governors Proclamation and for the purpose of electing 31 delegates and Alternates to a Convention to be held in the City of Austin on the 90th day after the 26th day of August, which Convention shall pass upon the question of whether or not the Amendment to the Constitution of the United States of America shall be ratified by the State of Texas. And it is further ordered that an election be held in and for Schleicher County, on the 26th day of August, 1933, for the sale of vinous and malt liquors of alcoholic contents, of not more than 3.2 per cent by weight shall be legalized in the County aforesaid."

On June 27th 1903 the people of Precinct No. 1, of Schleicher County, Texas, voted out the open saloon or voted for local option, therefore all the rest of Schleicher County has never voted on local option and need not be included in the order of the Court, if we understand the law. If repeal carries in Texas on August 26th, we are of the opinion that any place in Schleicher County outside of Precinct one, and it has been changed since local option was voted, could sell liquor, and it is our opinion that nothing but Precinct one should have to vote on its return, just why the order was made County wide we do not know. Of course, the laws have been changed often and we have not tried to keep posted, but from reading the daily comments from papers we are of the opinion that the other three precincts would have no right to try and vote liquor back in precinct one, we ask for the petition that was presented to the court asking for the election and were told there was none, and the records showed none was offered. To those interested in prohibition you have not only a National fight on but you have a local fight on. Do you want a saloon back in Eldorado?

Since the above was written we have had several debates with Judge Bradley and he says it was an economy move and not to bring beer back to Eldorado, but we still claim that unless precinct one votes wet it will be dry regardless of the county vote. We have received an opinion later that says Precinct one will be dry until it is voted off in this precinct, and in case county votes dry all will remain dry.

CHESTER BURK OPERATED ON FOR APPENDICITIS

Chester Burk, a son of Mr. A. J. Burk, was carried to Brady Monday where he was operated on for appendicitis, in the Brady Hospital. He was carried to Brady in the Ratliff Ambulance and underwent the operation in good condition and unless some complication sets in it is thought he will soon be home again. But it will three or four days before they can tell.

Eldorado Wool House Cleans Up Holdings

With a sale of approximately 70,000 pounds of wool to F. J. Solis for Wright Bros. late last week the Eldorado Wool Company cleaned out its warehouse of 1933 spring wool. The price was 26 1-2 cents per pound.

This makes around one and a half million pounds of wool handled by the Eldorado Wool Company for this season besides the Mohair it has handled. It has been handled under the supervision of Mr. J. E. Hm, vice-president of the First National Bank, and has been a great saving to the wool growers of this county. This is the second season for its operation, and it will need a larger warehouse in the near future.

DELINQUENT TAX-PAYERS CAN SAVE MONEY UNDER NEW LAWS

The 43rd Legislature passed a new law dealing with school taxes. In the first section of the law the statement is made that Boards of Trustees of school districts may release interest and penalties on delinquent taxes provided, the taxes are paid on or before September 30, 1933. If such taxes are not paid by September 30th the penalty goes up one per cent, and after December 31, 1933, the penalty goes up to three per cent on unpaid taxes; if not paid by March 3, 1934, the penalty goes to four per cent and if not paid by June 30, 1934, the penalty goes to six per cent. These remissions are optional with the local school boards.

The same legislature also passed a law which makes it possible for a tax payer to pay school taxes, either delinquent or current, without being forced to pay other taxes that are due.

BAILEY RANCH TO BEGIN MEETING SUNDAY

Rev. Tension Nixon of Ingram and Rev. Rae of San Angelo will begin a meeting at Bailey Ranch Sunday. Everyone is cordially invited to attend these services.

Mr. and Mrs. D. E. DeLong were called to San Angelo Thursday afternoon to the bedside of Mr. DeLong's aged mother, who is critically ill in a San Angelo Hospital, where she has been for several weeks.

Mrs. Vina DeLong came to Christoval in the seventies and is above 90 years of age and the end of a useful life is closing. Everything has been done that could be done for this saintly mother but the chapter is almost finished.

Mr. and Mrs. W. N. Ramsay and Mrs. R. L. Sample are visiting in Gonzales this week. Mrs. Sample will also visit her mother and father at Yokum. R. L. is getting tired of eating light bread and is longing for the early return of the visiting people.

STOCKMAN'S FLY DOPE

Keeps flies away, cures sore mouth, will not blister. Put up by Frank Murphy & Sons, McCamey, Texas, and sold by Eldorado Wool Company, and Hoover's Drug Store. —Adv. (p 31)

Mexican Killed Eldorado Man's Arm Amputated

R. L. Bricker Seriously Injured In Mason Car Smash-Up

MASON, July 14.—A Mexican man was dead, a Mexican woman was seriously if not fatally injured, and R. L. Bricker of Eldorado was in the hospital here tonight with his arm amputated at the elbow as a result of a car crash six miles south of Mason this morning.

John Smith, East Avenue G, San Angelo, was also injured, but not seriously.

The names of the Mexicans were not learned immediately but they were thought to be from Brady.

According to the story told by John Smith, driver of one of the cars, he was going north toward Mason. The Mexicans were going south on the wrong side of the road. Smith attempted to pass them on the wrong side when they suddenly swerved to the right side and a head-on collision resulted.

Authorities investigated the accident and filed a charge of negligent homicide against Smith, pending a hearing. Smith was released on his own recognizance and continued to Sonora this afternoon.

John Smith, an employe of the circulation department of the Standard-Times, had been to Gonzales to get R. L. Bricker and take him to Sonora for the funeral of Mrs. W. C. Bricker, who died at a local hospital Thursday night. R. L. Bricker is a brother-in-law of Smith.—San Angelo Standard-Times.

HAL KNIGHT OF STERLING HEADS POSTMASTERS

Hal Knight of Sterling City was elected president of the Postmasters Association of Texas, last week, according to the Sterling City News Record. Mr. Knight is a son-in-law of Mr. and Mrs. T. C. Sproul of our city.

STATION A LOSES GAME TO MERTZON

W. A. Hampton was in from Station A Saturday and reported that his baseball team lost a 1 to 2 game at Mertzon Friday. The Station A team being represented on the mound by Gardner and Ard, but any time a ball game is played 1 to 2 it is a good game regardless which team wins.

Mr. Hampton also reported that they lost a game to Sonora last week.

Rain Falls On Dry Portion Of Schleicher County

The West side of Schleicher County which has had no rain to get up crops with, had rain Monday afternoon, ranging from a half-inch to 2 1-2 inches. Mark Holland reports two inches or more, Don McCormick reports two inches, Dickens ranch reports two inches or more and other portions of the county report good rains. It even rained on Henry Speck and Joe Reynolds and Marvin McDonald. Well, any way it has found out that it could rain again and much good will come from this rain although it will take several like it, if a crop is raised in that portion of the county.

The rain was general over a large portion of this section of Texas, cars coming from Junction said it rained all the way from Junction to Eldorado. In Eldorado, between a third and a half-inch fell. Mr. Bacon from Shell Pipe Line Station reports a good rain out there.

PRESBYTERIAN CHURCH NEWS

Though the weather is unbearably hot at times, those who attend church services regularly find a spiritual experience that calms their spirits and gives them a tranquility of life.

Next Sunday the morning sermon will be "The God of the Living," and at night the subject will be "Samson". We begin a new series of Sunday night messages.

The Vacation School has been conducted very successfully in Eldorado, and it is hoped that the final program on Thursday night, July 20th, was well received. Miss Martha Taylor of San Angelo has been conducting the school with the help of Miss Tom Smith, Miss Celeste Tisdale and Mrs. Bert Page with the Juniors; Mrs. Will Eaton, Miss Wilma Bruton and Miss Maxine Wilton with the Primaries; and Mrs. W. A. Mullett, Mrs. H. T. Finley, Miss Marjetta Sessions and Mrs. J. E. Tisdale with the beginners.

Sunday School meets at 10:00 o'clock, the men meeting in the manse. Bible study Wednesday night at 8:15, after which the choir will have its rehearsal.

Ray Jones reports that the Marvin McDonald ranch got a good rain Monday putting water in some of the lakes. It joins the Jones ranch and they should have gotten a good rain also. They have been in the dry belt and have nothing up in the field up to today.

Lions Club Talk Barbecue

The Lions Club at the luncheon Wednesday discussed mostly the coming Barbecue to be held July 27th, and is being sponsored by the Club.

All Committees reported favorably reports and that everything would be in readiness for the days program as scheduled.

The Committee on Concessions reported that all concessions were sold to Mitchel and Lebrick and that they would have charge of what was sold on the ground both in the Fair Park and at the dance at night.

Sheriff Conner said all arrangements were taken care of for special police force for the day that he had secured the aid of some rangers now at San Angelo who would come over for the day.

Other committees reported that meats and eats would be ready and that entertainment for the day would be far better than expected at first especially the horse races.

Visitors for the Luncheon included J. B. Winn and Roy McClury of the State Highway Department, and Ben Hext of Eldorado, and Mr. Taylor of Big Lake. Mr. Taylor is looking for a location for a picture show. Winn and McClury are expected to top the sidewalk from the school building to town, and Mr. Hext was just getting something to eat.

METHODIST CONGREGATION TO BEGIN MEETING AUGUST 16TH

The Methodist Meeting that was postponed in June will begin on August 16th, the Rev. E. P. Neal of Sonora will do the preaching. Brother Neal is well known to most of us, as he held a meeting here several years ago. He is a fine speaker, a Christian gentleman, and an earnest worker. All Christians are invited to come and assist in the meeting, and especially the song service.

CELEBRATION BREVITIES

Sam Roberts says there will be some good races here for July 27th. Mr. Roberts has a horse he will enter. There will be at least four races in the afternoon. If you enjoy good racing be at the Fair Park July 27th, the day of the big celebration.

Another feature of the day will be a roping contest between men over fifty years of age. We understand that Ack McCarty will lead if this event. We understand also, that W. H. McClatchey will be barred as he is not quite 50.

Buck Bailey had an accident in practicing for the Rodeo, but will likely be on hand with heavy up, July 27th, although it was down the other day.

The Big Ball game in the morning will be worth your morning going. Anything that carries a thrill it is a ball game with two Baileys in it on opposite sides.

Don McCormick with his bucking broncs always furnishes the best. "Dina" says they are fat and easy this year and are sure to make the skillet rustlers put leather.

After the days entertainment has subsided, Palmer West is to see that the Big Dance at the Rock Filling Station, gets off on schedule time, for those that delight in dancing.

To make a long story short, if you miss the Eldorado July 27th celebration, you will miss a treat.

BATTERIES RECHARGED AND RENTED

I am prepared to recharge your battery and also rent you one. We solicit your Battery service.

MONTGOMERY SERVICE STATION

Arch Jeffries Badly Hurt By Aged Driver

Arch Jeffries was run down Sunday morning on Main Street in our city, and badly hurt when a car driven by Mr. W. A. Brown, whose home is in Missouri. Mr. Jeffries was coming down Main street when he heard a car honk. He stepped to one side thinking he was getting out of the way. The man was wanting to turn into the West Texas Service Station and Mr. Jeffries stepped into his path. Mr. Brown was not driving over ten miles an hour, but Mr. Jeffries fell in front of the car and the car moved upon top of him. Mr. Brown was accompanied by his wife and daughter and was on his way to Carrizo Springs to visit a daughter.

The accident was considered unavoidable and Mr. Brown was permitted by authorities to go on his way, but asked that he be notified at Carrizo Springs how Mr. Jeffries was.

After a thorough examination it was thought there were no bones broken and he has been taken to the home of J. H. Rodgers where he is being cared for.

SCHLEICHER TO RECEIVE \$70,455.50 WHEN COTTON IS PLOWED UP

Below is a telegram received from the College Station in regard to the cotton reduction of his county.

July 18, 1933. J. Snell County Agent, Eldorado, Texas.

The secretary of Agriculture has authorized acceptance and approval of all producer contracts where the same are approved by County Agent and County Committee stop Printed instructions and emergency permit blanks on way to be used by farmers to secure permit for County Agent to destroy immediately cotton without having to await arrival of formal acceptance blanks stop Instructions and emergency permit blanks should reach you Friday stop In no event shall producer begin destruction of crop until his application has been approved and permit issued by County Agent un quote stop All contracts that have been signed by County Agent and County Committee are accepted even though they have not been sent to Washington stop Use same caution in accepting contracts as before.

O. B. Martin, Schleicher had 133 contracts, which amounted to 11,844 acres of cotton planted by those signing contracts, 5,507 acres of this amount has been offered to be plowed up. It was estimated that 183 pounds per acre was raised on this land and that was what the estimate was based on. The farmers will get \$58,171.50 in cash when the cotton is plowed up, and \$12,380.00 was taken in cotton option, estimated at 462 bales of option cotton. This will be paid later on in the year, which will make a total of \$70,455.50. Of course none of this money will be paid until all contracts are accepted and the cotton plowed up.

Those serving as committeemen in this county are V. H. Humphrey, Chairman; J. F. Isaacs and John Williams.

The community Committeemen are: For Reynolds Community, Marvin McDonald, Dick Ramsel and Perry Johnson; For Bailey Ranch Community, Charlie Murd, H. W. Finley and Claude Meador; for Eldorado Community, B. E. Moore, Hugh McCaugus and Joe Edens.

Only slight opposition on the part of the farmers here was registered.

Rev. W. H. Marshall will go to Freedonia Friday to begin a ten days meeting, which will keep him away from his pulpit here for two Sundays, however, he hopes to have some one for the Sunday morning service each Sunday.

COME TO ELDORADO RODEO July 27th

JULY 21, 1933.

The boys who go to Washington to sound out Roosevelt some times come back and try to sound off, but they don't know how off they do sound.—Dallas News.

Let's see who did go to Washington lately.

Our friend Lark McClary gave us a Ferguson Forum this week, and here is a statement found on the front page of this issue: "If the Federal and State Governments taxed this traffic (speaking of the liquor traffic) we should not be called upon for any income taxes whatever."

This is just what The Success has contended, that the Big Guys were trying to put over all the time, to get all the tax for the government from the masses of the people and let the big boys out of the income tax. They don't mind paying them in England, but here oh, no, just pass the buck to the poor devil, let him pay it on his gas, his beer, his flour, his tobacco, his chewing gum, his every day needs. Let the boys in New York off for several more moons. As long as you are suckers enough to be told to like salt don't blame anyone but yourself. Don't be deceived, the beer and liquor interest is wrong and will not save America.

Out in El Paso they are having quite a lot of talk about Sunday amusements. An attorney for the Athletic Association asked the City Commission for a permit to give dances on Sunday in the public parks. The City Commission refused the permit. Now comes the gentleman and said that he would seek to enforce all the blue laws and stop golf, baseball and swimming parties at such places. Just where to draw the line on such amusements is for the public sentiment to control. Sunday amusements are like bootleggers, they couldn't exist without patronage. Those who take part are as guilty as those that provide the amusement. If wrong has been done.

Just as soon as one Hollywood star gets married another gets it undone. Jack Dempsey married an actress, and David L. Hutton is suing Amiee, his turtle dove for a divorce.

That Old Crazy Boy Says:

If you are loose in your thinking you are getting on dangerous ground.

A hog roots in the ground. That's why some of us have our back-yard of faults plowed up by our neighbors.

When a man betrays your confidence he has lost a friend.

If we were as little in God's sight as He is in our sight, what kind of a God would we have?

Heaven and Hell may pass away, but your sins live on forever.

You can always tell what a man is by what he advocates, and sometimes by the way he smells.

If you say there is no heaven, for you there isn't.

"Mamma, I've got a stomach-ache," said Peggy, aged five.

"That's because you haven't had any lunch yet," answered Peggy's mother.

"Your stomach is empty. You would feel better if you had something in it."

That afternoon the minister called, and in the course of conversation remarked that he had been suffering all day from a severe headache.

"That's because it's empty," said Peggy brightly. "You'd feel better if you had something in it."

Ed. Hill who has been in San Antonio on business for several days is back in Eldorado.

How All the People Played a Part In Building Nation's Credit Structure

Banker Describes the Way Loans and Securities of Banks Are Based on the Hopes and Plans of All Classes—Values Dependent on Public's Ability to Meet Obligations

F. H. SISSON

By FRANCIS H. SISSON, President American Bankers Association in The Forum

CREDIT may be informally described as future hopes, plans and good intentions converted into present purchasing power. The farmer, the manufacturer, the home buyer, the purchaser of household goods, the investor and the speculator all borrow at times. They plan to repay with the earnings of their crops, proceeds of the sales of their goods, incomes from their wages and salaries

or profits from the resales of their securities at enhanced market values, each as the case may be. The greater part of these various forms of credit is obtained by the borrowers directly or indirectly through the expansion of the loans and investments of the banks. It is this which creates the notes, securities and mortgages in the portfolios of the banks. The banks are able to extend these loans because a great many people deposit money with them.

Even under the best conditions the plans of a small percentage of borrowers go wrong through mistakes, hard luck or dishonesty, and the judgment of the banker in such cases is proved by the after event to have been at fault. The losses caused under such conditions are ordinarily fully met by funds set aside out of the earnings of the banks for just this purpose and do not affect the money of the depositors, who seldom hear anything about such losses.

In the vast majority of cases and in the overwhelming volume of business involved the confidence of the bankers in their customers and the confidence of the customers in their own ability to carry out their plans and obligations to successful conclusions are wholly justified. This is the normal economic situation and it constitutes the conditions under which the use of credit adds to public welfare and progress.

The Faith of the Banks
 Such was the structure of hopes, good intentions and common confidence in one another that existed among all classes of the nation's community life when the series of economic shocks began to shake the nation's social fabric in 1929. The people had deposited billions of dollars with the banks because they had confidence in them. The banks had loaned large volumes of these deposits on farm and home mortgages and on notes of manufacturers, business men and finance concerns, and had invested in the standard securities of the nation's corporations, state and local government units and the national government itself, because they had confidence in the citizenship and business condition of the nation.

Their mortgage and other loans to owners of farms aggregated \$6,500,000,000. Loans on urban real estate were \$4,000,000,000. Loans to individuals secured by U. S. Government, municipal and corporate securities totaled \$11,000,000,000. Loans to industrial and commercial enterprises in connection with the production and distribution of the nation's infinite varieties of goods amounted to almost \$19,500,000,000. Investments in Federal, State and municipal bonds were almost \$6,000,000,000, and in various kinds of railroad and corporate securities \$11,000,000,000. These made total loans and investments of \$58,000,000,000.

This great credit structure was built while the country was at peace, while the farms and factories were productive, while the nation and the world provided great active markets for their outputs, while the earnings of all kinds of enterprise were large, while the

FARM ACCOUNTING CONTEST LAUNCHED

Bankers Evolve Plan for Stimulating Important Aid to Farm Success

THE Cache county, Utah, bankers recently added a stimulus to banker-farmer cooperative work by launching a farm accounting contest. At a meeting of the Clearing House Association the project was put before the bankers, and methods and plans formulated.

Each bank in the county agreed to enroll a minimum of five farmers in the farm accounting project. The names of the farmers when enrolled will be sent to the Secretary of the Clearing House, and also to the Extension Division of the Utah State Agricultural College. The bankers agree to cooperate and keep in close touch with each farmer they enroll so as to insure the completion of a maximum number. The bank which succeeds at the conclusion of the contest in enrolling the largest number of farmers completing the project will be given a special recognition at the annual meeting.

working people of the nation were fully employed, while wages and salaries were steady and generous, while prices of commodities were strong and while the minds of the people were dominated by faith in the future and confidence in one another.

Great Changes Came to the Nation
 Then suddenly, almost as if the sun itself had lost part of its vitality, everything changed. Foreign markets failed and disappeared. Industry slackened. A rapid drop in all kinds of commodity values set in. The earnings of business fell. Unemployment developed. Wages and salaries went down. Domestic markets shrank. Fear became general. The securities markets became panic-ridden as the prices of stocks and bonds withered to fractions of their former values. It was the greatest disintegration of human plans, economic conditions and worldly values that history had ever witnessed.

These destructive changes cut right through the qualities and values of the loans and investments, the notes and securities in the banks. Business men and manufacturers could not repay their notes to the banks as due. Many governmental units and corporations defaulted the payments on their bonds. Property underlying real estate mortgages became worth less than the face of the mortgages. The market values of standard securities became less than the banks had paid for them as investments or accepted them as collateral for customers' loans.

This meant, in fine, that the ability of borrowers to carry out the future hopes, plans and good intentions that I have deemed above as the basis of credit, had become impaired to a far greater extent than had ever before occurred in the nation's history. The resulting losses could not be absorbed by the banks alone out of the normally ample funds that had been set aside against the expectancy of a certain inevitable percentage of human plans gone wrong.

Banks Showed All Reasonable Care
 It was in loans and investments, whose values thus became so unforeseeably impaired, that the banks, in all confidence, in all good faith, in all humanly reasonable care and good judgment had entrusted the billions of dollars of deposits which their customers had entrusted to them.

Those loans and investments were, under all normal conditions, as good as gold itself. Indeed, if the banks instead had filled their vaults with gold bars, and then some unknown cosmic ray had transmuted them into lead, the results would have been scarcely more startling than the depreciation that was caused in the assets of the banks by the unforeseeable economic forces which permeated and debased them.

The inevitable result was that, when the banks urgently needed the money they had entrusted to those assets, so that they could meet the unreasoning demands of their depositors, they could not get it back.

It was not that our banking system and methods were of themselves weak or reprehensible, apart from the rest of the life of the nation, as has so much been made to appear.

It was not that our banks were permeated with incompetency or dishonesty or with lower standards of business ethics than were the other forms of human activity with which their own fate and activities were inextricably interwoven, as, it almost seemed at times, there was a concerted national conspiracy to lead our people to believe.

The great fact of American banking is that it shared fully in the plans and hopes and hazards of the American people,—and when those plans went wrong, the banks carried their share of the burden and suffered their share of the misfortune.

The banks of Cache county have agreed to subscribe to an award fund, which will be presented to five winners as follows: first prize, \$35.00; second prize, \$25.00; third prize, \$20.00; fourth prize, \$12.50; fifth prize, \$7.50.

Recognition for Good Farming
 In addition to the cash prizes, every farmer customer enrolled, who scores sixty per cent or more, will be awarded a special certificate issued by the Clearing House Association and the Extension Service jointly in cooperation with the Agricultural Committee of the Utah Bankers Association.

The scoring will be done on the following basis:
 Farm and home account records (accurate and complete) . . . 50%
 Success of year's operations as brought out in the summary of the year's business . . . 25%
 General appearance of farm and improvements and condition of livestock and poultry, (judging to be done during the summer months) . . . 25%

The contest will end December 31, 1933. The judges will be the County Agent, the County Key Banker, a representative of the Clearing House Association, and two representatives selected by the Extension Division of the College.

Gulf lets you take your choice!

ANY Gulf station selling Gulf products exclusively offers you a choice of three gasolines and four motor oils—at three different prices.

And, whatever price you pay, you'll get the finest product that highly advanced refining can produce at the price. You'll get an amazing value!

So—come to Gulf and get gasoline and oil that pleases your pocketbook—and your motor.

★ THEY'RE FREE! ★

Every Gulf station gladly cleans your windshield, fills your radiator, inflates your tires and checks your oil... FREE

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 cts. and 35 cts. packages. All dealers. (Adv.)

Mrs. Ida West and husband from Florida came in Sunday for a visit with friends and relatives in Eldorado. She was formerly Miss Ida Anderson.

QUICK RELIEF FROM SOUR STOMACH, HEARTBURN
 Stomach pains after eating and gas disturbances can be stopped quickly with Dr. Emil's Adla Tablets. Banish heartburn, sour stomach. Give quick relief.—Hoover's Drug Store.

Miss Eddi. May Finley and Miss Doll Weatherly of Ft. Worth come in Tuesday for a visit with friends and relatives in Eldorado.

INSURANCE

CAN WRITE YOUR FIRE INSURANCE AND LET YOU PAY MONTHLY, QUARTERLY, SEMI-ANNUALLY OR ANNUALLY.

J. L. RATLIFF

Mr. and Mrs. R. T. Crain returned last week end from San Antonio where they had been visiting for several days.

Mr. and Mrs. J. T. Ballew of San Angelo were visitors in Eldorado Sunday, guest of Mr. and Mrs. Van McCormick and Mr. and Mrs. G. L. Ballew.

DIZZINESS

relieved by Black-Draught

"I decided to take Theford's Black-Draught, as I had been having bilious spells," writes Mr. Charles E. Stevens, of Columbus, Ind. "When I got bilious, I feel sleepy and tired and do not feel like doing my work. It is hard to tell how I feel, but I do not feel good. I get awfully dizzy. I know then that I had better take something. After I found how good Black-Draught is, that is what I have used. I guess it rids me of the bile, for I feel better—don't feel like I am dropping off to sleep every time I sit down. That, to me, is a very bad feeling." Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

CREAM WANTED on Wednesday and Saturday.—Andrew's Store

Mrs. J. O. Willoughby was in from the ranch Monday afternoon enjoying the rain.

Mr. and Mrs. Ben Hext were in from the ranch Saturday visiting and shopping.

Mr. and Mrs. Leonard Isaacs were in from the ranch Saturday shopping and visiting.

Mr. and Mrs. F. B. Gunn were in from the ranch Saturday shopping and visiting.

Mr. and Mrs. W. H. McClatchey were shopping in the city Saturday.

Eliminate the Drudgery of Scouring Pots and Pans . . .

The tedious and never-ending job of scouring pots and pans, you'll agree, is one of the most irksome of household duties. It is a messy, disagreeable job to begin with—and roughens your hands, irritates your disposition and wears out your utensils.

This drudgerous household task can be eliminated once and for all time from your daily routine . . . by the simple expedient of eliminating the old-fashioned cooking method that causes the grime and soot to collect.

Progressive homemakers throughout West Texas have found the superlative cleanliness of modern Electric Cookery one of its outstanding advantages. There's no flame to blacken utensils and cause you hours of disagreeable scouring work. And this same cleanliness also eliminates much of your other kitchen cleaning. Think of the time and money this will save!

Ask about the remarkable cleanliness of the modern Electric Range. Ask about the sixteen startling superiorities of Electric cookery. You'll find that this modern "Electrical Servant" do more for you than you'd imagine anything inanimate could do . . . and it'll do it all and save money in the bargain! Investigate present LOW PRICES and CONVENIENT TERMS . . . TODAY!

Call us for an individual investigation of your use of electric service to determine the cost of cooking by electricity in your home. You may be surprised to know that there are many cases where electric cookery actually decreases the total of electric and gas bills.

Firestone

FIRST CHOICE FOR SAFETY and
BLOWOUT PROTECTION

BLOWOUTS are caused by internal heat resulting from friction between the cotton fibers. Firestone Gum-Dipped Tires are the only tires made where every cotton fiber in every cord in every ply is saturated and coated with rubber, preventing internal friction and heat—the greatest enemy of tire life. This patented Extra Process makes the tire stronger—safer—and gives it greater protection against blowouts.

NO OTHER HAS SUCH BLOWOUT PROTECTION TIRE

Performance Counts—Every winner in the 500-mile Indianapolis Race for fourteen consecutive years, has chosen and used Firestone Gum-Dipped Tires on his car.

Performance Counts—Every winner in the daring Pike's Peak Climb, where a slip meant death—for six consecutive years, has chosen and used Firestone Gum-Dipped Tires on his car.

Performance Counts—Firestone Gum-Dipped Tires hold all world records, on road and track, for Safety—Speed—Mileage—and Endurance.

Don't risk your life or the lives of others on your holiday trip.

We'll give you a liberal trade-in allowance on your old dangerous tires, in exchange for Firestone High Speed Tires—the Safest Tires in the World. Tire prices must go up. Take advantage of today's low prices.

THE MASTERPIECE
OF TIRE CONSTRUCTION

DR. WALLACE BASSETT AND DR. W. R. WHITE SOUND CALL TO BATTLE

(San Angelo Morning-Times)
The eighteenth amendment, bringing greater blessing than any movement ever instituted in this country, can be retained if the people will throw off their lethargy, will remember the evils of the open saloon and will vote their true convictions, declared speakers at a dry rally last night at the municipal auditorium. Before an audience estimated at between 600 and 700, Dr. Wallace Bassett of Dallas and Dr. W. R. White of Fort Worth fired the second round in active warfare in behalf of prohibition that will be waged locally. A subscription was taken, half to be used at home, half to be sent to the state headquarters.

National leadership was commended save in its efforts to legalize liquor, speakers emphasizing that citizens have the right to disagree on moral issues. Dr. White, pastor of the Broadway Avenue Church of Fort Worth, cited figures tending to show that there is more drinking in wet countries, that taxes are higher and that the depression has been worse than in the United States. Parents who permit their sons and daughters to see all kinds of books and go anywhere at any time with anyone were held responsible for drinking by some youths. A large section of the press and the movies were fronting America morally is due to the apathy of good people and to the insidious movement of the wets from the inception of prohibition to make it unpopular, said Dr. Bassett, pastor of Cliff Temple Baptist Church of Dallas. The eighteenth amendment was not an accident, he said, but the result of a century of temperance education. Nothing that is morally wrong can be made legally right, and those who vote to legalize liquor will be parties to all crimes for which drink is responsible. Those who contend that as much booze is consumed now as before prohibition either have short memories or are too young to know what they are talking about. Until six months ago prohibition was enforced as well as any law against a charged with spreading wet propaganda.

No "New Deal" For Liquor
"The liquor proposition has none of the elements of the 'new deal,'" said Dr. White. "They ask us to go back to the old deal. The efforts of certain industries in the larger cities to end cutthroat competition and not prohibition brought the racketeer. If we defeat repeat and beer in Texas it will be a notice to officers to enforce the law. In proportion to the population and the number of automobiles in use England has four times as many accidents as the United States; Canada two and one-half times our number."

The serious situation, a major crime, except bigamy, it was contended.
Five Indictments of Booze
"Some argue that if you prohibit a thing, more folks will want to do that thing," said Dr. Bassett, adding that "such false reasoning is wrecking the nation. If a parent teaches his son it is wrong to steal and he is the boy more likely to become a thief or to be dishonest" it was asked. The decrease in the number of homes for alcoholics in the United States from 400 to 12 was cited as proof that there is less drunkenness under prohibition.

Dr. Bassett gave five indictments of liquor: its history, its company, its motives, its methods and what it does to the individual. Quoting Scripture in

Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women: "I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day. "My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."
Cardui, the purely vegetable medicine which so many women take and recommend, is sold by local druggists.

THE JOB AHEAD OF TEXANS

"The job immediately ahead of all Texans, whether they be producers or consumers," remarks the Oak Cliff Tribune in an editorial headed, "Texans, Let's Know Texas," "is to do their own thinking and their own investigating about whether or not Texas-made things are as good as or better than things from elsewhere."

Texas manufacturers today are producing articles that are ready sale throughout the United States, some of them, indeed, throughout the world, on a purely competitive basis. And yet there are Texans, surfering from an industrial inferiority complex, who believe that only from a distance can come the best of things and that the farther they are shipped the better they are.

Progressive Texans, Inc., seeks to build no brick wall about Texas. It merely seeks to aid in the development of the industries of the State on a simple basis of quality, price and service, and it believes that where price, quality and service are equal, the Texan is unwise to his own advancement who fails to give consideration to Texas-made wares.

The list of first-class Texas-made articles is long. It includes many articles that find ready acceptance in other sections as proof of their quality. Texas manufacturers are furnishing markets for scores of Texas raw materials; they would furnish more if there were a general recognition on the part of Texans of the fact that the future advancement of their State is indissolubly bound up in its development along industrial lines.—Progressive Texans, Inc.

RUPTURE

H. L. Hoffmann, Expert, former associate of C. F. Redlich, Minneapolis, Minn., will demonstrate without charge his "Perfect Retention Shields" in SAN ANGELO, SATURDAY, August 5th, at the ROBERTS Hotel From 10 A. M. to 4 P. M. come early.

Any rupture allowed to protrude is dangerous, weakening the whole system. It often causes stomach trouble, gas and backpains.

My "Perfect Retention Shields" will hold rupture under any condition of work and contract the opening in a short time.

Do not submit to avoidable operations and wear trusses that will enlarge the opening. Many satisfied clients in this community. No mail order.

HOME OFFICE:
305 Lincoln Bldg., Minneapolis, Minn.

condemnation of intemperance, he reminded that plots to assassinate President Lincoln, Garfield and McKinley were hatched in saloons. Legalized liquor, gambling and prostitution are termed triplets, and one only has to cross the Rio Grande to find them. The reason why people want liquor is to make money, and the rich want the eighteenth amendment repealed in order to shift their income tax loads to others. Such a step will place in the hands of the radicals the biggest stick that could be given them.

Brewers Spending Millions
"A book issued by the brewers divulges their plan to spend 100 million dollars to recreate a taste for beer," disclosed Dr. Bassett. "They consider the schools and colleges their most fertile field. Do you want your son and daughter to acquire the appetite for the stuff?" In closing the speaker told how drink caused his father to lose a fortune, then led to his death and of a fulfilled promise by Dr. Bassett and his brother to their mother never to take a drink and always to fight booze.

The above speaking was attended by quite a few Eldorado people Friday night at the San Angelo City Auditorium. The meeting was presided over by Edwin S. Mayer, son of Sol Mayer, who is doing what he can to help retain the 18th amendment. The speakers were applauded many times during the speaking, and it does a fellow good to see young men like Mr. Mayer leading the forces of right and standing for the moral forces.

F. R. KEELE LEASES ROACH RANCH

F. R. Keele has leased the John Roach ranch at 65c per acre, and has bought about 1,000 ewes from 4 years old down through the Evans Commission Co., from G. W. Sofgee, at \$3.50 per head and 50 old ewes at \$1.00 per head and about 500 lambs at \$1.00.

Evans Commission Company also sold for Mertzon parties about 450 ewes to The Fry Brothers here at \$3.60 and \$4.00 per head. These sheep will be put on the W. D. Swift ranch now leased by the Fry Brothers.

Mrs. W. F. Ford and daughters, Misses Ena, Oma and Una, who have been at Denton for the past four years, have moved back home. Their many friends are glad to see them back home again.

LET'S CLEAN OUR SIDEWALKS

The City officials and those in charge of the Sanitary work have requested that The Success announce that it would be nice if our business houses would keep the sidewalks clean in front of our place of businesses. Mrs. C. E. Poer who has this work in charge was around Tuesday inspecting the street and sidewalks.

THE BEST IS NONE TOO GOOD

We have built our business on the plan that the best is none too good for our customers. That's why our rich cream from our State tested herd gives entire satisfaction. Call for it, or phone your order to 8104.

SAMPLE DAIRY

Box seats at the Grandstand are on sale at the City Drug Store.

Mr. and Mrs. A. L. Stewardson and daughter, Miss Sammie, left Thursday afternoon at Santa Anna. This is an annual feat of the Stewardson family and other relatives.

PARENT TEACHERS TO GIVE PARTY

The Parent Teachers Association will give a party at the Ford Garage Saturday night for the benefit of the Association. A small admission of 15c or 2 for 25c will be charged. Everyone is cordially invited to attend this benefit "42" party. The building will be divided to accommodate both the young and the older people.

COLLEGE STATION SHORT COURSE TO BEGIN JULY 24TH

A. D. Jackson of the Texas Agricultural and Mechanical College of Texas, writes The Success stating that the Short Course will begin at the College on July 24th, and will last until July 29th, and invites us to attend for the special program for the Press. We need the association of those College guys, but we also need something besides an invitation to go on. But we will try and get our friends Snell and Howell to represent us and Grand Old Schleicher, if it doesn't get any hotter.

ADAMS HOME CLUB

The Adams Home Demonstration Club met at the home of Mrs. Bailey Montgomery, July 13th.

There were 10 members present, 5 new members and 6 visitors.

Miss Howell was present and gave a demonstration on canning corn.

Tried and tested recipes were also copied by some of the club members.

Then Miss Howell gave a talk on pickles and how to can them.

The next meeting will be at Miss Minnie Martins, July 27.

Announcements were received in Eldorado this week, announcing the marriage of Mary Matilda Young to Miles Edward Bingaman, on June 30, 1933, at Cotulla, Texas.

Miss Tillie, as she was known here, has many friends in our city who join us in extending best wishes and happiness to her and her choice. Miss Tillie, the daughter of Rev. and Mrs. J. C. Young graduated from our school while Bro. Young was pastor here and finished four years in McMurry College. She is a fine lovable young woman and her husband is to be congratulated on his winning her hand.

Mrs. Ben L. Isaacs, who has been visiting in Dallas for several days, returned home last week end. She was accompanied home by her sister, Mrs. W. D. Price, and daughter, Mary Louise and son, Sonny Boy.

W. T. Bryan, of Sealey, Texas, was here Wednesday looking after the interest of the W. L. Gray estate, which at one time owned a sixth interest in the townsite Company.

Mr. and Mrs. R. D. Holt, who attended the World's Fair, at Chicago, are home again, coming in last Friday. They report a splendid trip but lots of hot weather.

ON TEXAS FARMS

By W. H. Darrow,
 Extension Service Editor

A "poor man's garden" irrigation system" which uses tin can pipe to distribute the waste water from the weekly washing to irrigate 75 feet of tomatoes has been devised by Joe Macha, Hockley county farmer. He slashes the bottoms of tin cans obtained at the city dump heap to make flanges that fit to the mouth of the next can. The sections of pipe thus made were laid 2 or 3 inches in the ground and the water seeps through the joints for about 2 feet on each side. When plowing he removes pipe

For \$2.49 obtained by selling seeds, Sibyl Garrett of Soutes Chapel 4-H Club in Upshur county has a brand new bed room. An old walnut bed was cut down to her size and she refinished it, stained the floor, varnished a straight chair, put extra slats in the bed, and remodelled her clothes closet. She is typical of thousands of Texas farm girls who have made beautiful bed rooms at small cost this year.
