

The McLean News

Serving McLean and the Area Since 1903

VOLUME 75 McLEAN, GRAY COUNTY, TEXAS THURSDAY, JUNE 15, 1978 PRICE 15c NUMBER 24

Editor's Notebook

One of the ideas I had when I began producing The McLean News was someday to have the newspaper files microfilmed. Reproducing the old copies of the paper in that way would give a historical record which would not deteriorate as rapidly as does newsprint. It also would enable us to store the microfilm copy in a different location so that, in the event of a fire, the newspaper files would not be lost to history.

I haven't yet checked on the exact costs of micro-filming the files, which go from 1909 to the present, but I have found that it would be very expensive to do that many years of papers. The way things look, it would be many, many years before I would be able to afford the microfilming--and the files deteriorate more each year. Some of the old copies tear when you try to turn the page.

My purpose in writing this is to see if there might be some reader who knows a way that microfilming might be accomplished. It would be a great public service if someone could afford to pay for the operation and then donate the microfilm to the Alanreed McLean Area Museum. That seems to be the logical place to keep a second copy of the files, and the past newspapers would be on hand for anyone who wanted to do research. And they could peruse the old papers without worrying about tearing the pages.

This is just a thought, but it certainly is of historical importance for something to be done.

Sunday is Father's Day. Many of us will be buying gifts for our dads, some will call long distance, and others will have special meals. The important thing, I think, is to show your dad that you love him and that he is important to you. As many times as it's been said, it's the thought that counts.

So on this and other special days, just stop and think about exactly why you're buying that gift.

I hate to see The McLean Cafe close. It has been a place where many people have gathered to eat, drink coffee, and visit. For many years it seemed to be the only place lit up after dark. McLean won't be the same without it.

Bob Massey and the people who have worked for him, some for many years, deserve a warm thank-you, and we

McLean 66 Rodeo Draws Good Crowds

The weatherman smiled on the McLean 66 Rodeo for a change this year, with every performance in the Felton Webb arena under dry skies. Good crowds attended each of the three evening performances last weekend. Cowboys from all over the area participated in the annual event.

Cowboys taking home prize money and buckles for first and prize money for the other places in each event were:
Bulldogging: first, Bob Lauer of Buffalo with 9.98; second, C.A. Lauer of Buffalo with 10.; and third, David Tolleson of McLean with a 11.69.
Calf-roping: first, Mark Cates of Amarillo with a 9.44; second, Dale Crowder of Throckmorton with 9.89; and third, Rod Crow of Pampa with a 10.11.
Barrels: first, Donna Shelton of Hedley with 17.15; second, Ricki Sue Lynch of Carter, Okla., with 17.34;

and third, Kimber Dorsett of Quanah with 17.36.
Bareback: first, Tommy Cockran of Beaver, Okla.; second, Alan Haney of Buffalo, Okla., and third, Tim Faye of Amarillo.
Saddle bronc: first, Judd Simms of Lubbock; second, Morris Timmons of Childress tied with Joe Advant of Tulla.
Bull riding: first, Bobby Adecock of Canadian; second, David Warren of Fort Worth; and third, Roy Thelan of Clayton, N.M.
Heading and Heeling: first team, Fred Lucero, Jr. of Plains and Gary Knox of Tulla.

Childress with a 6.94; second, Jim South of Pampa and Mike Goad of Briscoe with 7.40; and third, C.A. Lauer of Buffalo and Buster Record of Dumas with a 7.73.

In the kids events, cowboys and cowgirls taking home buckles for first place and money for second and third were:

Kids breakaway roping: first, Elson Rice of McLean and second, Jerry Jo Cloud of Elk City.
Kids Steer Riding: First, Elson Rice of McLean and second, see Ann Smith of McLean.

Area Men Complete Training

Three area men have just completed the first module of paramedic training in the Texas Panhandle. Jim McDonald and J.A. Farber of McLean, and William Utman of Lefors are among 25 graduates of "EMT Special Skills I.V." The

course was taught through the Panhandle Emergency Medical Services, in cooperation with the Amarillo Hospital District. Graduates of the course will be presented certificates at a banquet June 29 in Amarillo.

McLean Council Takes Action On Landfill Ordinance

Trash, cable TV and legal action were on the agenda as the city council met Monday night in regular session. Mayor Sam Haynes informed the council that he had sent a letter of complaint to Pampa Cable TV listing grievances and asking for immediate improvement in the cable system that serves McLean. Since he has re-

ceived unsatisfactory response from Pampa Cable TV, Haynes will forward a copy of the letter to the company head office in Arizona. Attorney Guy Hardin, who represents Mr. and Mrs. J. C. Hefner of Shamrock and Claude Lester of McLean, asked the council to consider the settlement of a suit brought against the city

of McLean, John C. Haynes, and others. The suit, which concerns lots three and four of block 1, city of McLean, alleges that by use and essence a road easement has been created and should be opened and maintained. The suit asks that a finding be made that the lots have a public road and that access no longer be denied. The suit also asks for court costs to be paid by the defendants.

Mayor Haynes stated that a barrier had been removed as requested by the plaintiffs, but that the city had not maintained the area since it was private property. The council took no action on the matter.

Local Cafe Closes

The McLean Cafe, a gathering place for McLean residents for decades, will close its doors for the last time Friday night.

The restaurant, owned and operated for almost 20 years by Bob Massey of McLean, will close after serving the community for decades. Massey began operating the business on Aug. 1, 1958, taking over from Mrs. W. T. Moore. Massey had worked for the Humble Oil Co. for 22 years before going into the restaurant business.

Bob Massey will close the doors of The McLean Cafe for the last time Friday night. (Staff Photo by Mike Haynes)

The McLean Cafe long has been a popular spot for coffee drinkers night or day and, of course, has been even busier at mealtimes. The restaurant is located on the southwest corner of Main Street and the westbound lane of Interstate 40.

It had been located directly across the street to the north for many years until being destroyed by fire in 1971. Massey reopened the business at its present site on April 16, 1971.

Current employees of The McLean Cafe include: Ella Mae Massey, Bessie Boston, Betty Nicholas, Norma Estes, Dovey Simmons, and Viola Holt. Massey expressed his appreciation and thanks for the patronage and support he has received from McLean and the area residents throughout the years.

Commission. Council members voted to change the city landfill ordinance in order to allow community residents to deposit trash at no charge on Saturday from 1 p.m. until 5 p.m. There still will be a minimal charge on Tuesdays and Thursdays. On those days the landfill is open from 4 p.m. until 6 p.m.

Also approved was a motion to take bids on a new city pickup. Funds for the vehicle will come from a recently received revenue-sharing check.

Attending the meeting were Haynes; city councilmen, Dale Glass, Miro Pagan, George Terry, Boyd Meador; city secretary Stella Lee; city superintendent Bob Glenn; Richard D. Back; Mr. and Mrs. Hefner; Lester; and Hardin.

Local Coaches To Host Clinic

Coaches Bill Coward and Vester Joiner are teaching a basketball clinic for youngsters from the fourth grade through the eighth grade at the McLean high school gym next week.

A session for boys will be held each day from 2 p.m. to 4 p.m., and a session for girls will be each day from 4 p.m.

City Baseball Teams Win

The Tigers of McLean defeated Miami's Babe Ruth team in a game in Miami June 6. After an early lead of 6-2 in the bottom of the third inning, the Tigers found themselves behind 12-9 going into the ninth. Rallying, they brought the game under control with nine runs in the ninth inning, ending the game with a score of 13-15.

June 9 the Tigers met Lefors at McLean. Although pitching on both sides was wild, McLean was able to take an early lead of 8-1. At in McLean's previous game, the opposition tied the game and took the lead. McLean fought back, and brought home a final score of 22-21. In Little League action the Cats have an unfinished game that was called because of darkness. At the time the game was called, McLean was ahead 16-15, but Briscoe had one inning remaining. If the game is not continued, however, the final score will be determined by the tally at the end of the fourth, in which case Briscoe would win 13-9. The game will play

to 6 p.m., beginning Monday. Youngsters interested in attending the clinic can register at the gym Friday from 1 p.m. to 5 p.m. There will be a registration fee. Coward stated that those who attend will need to bring shorts and tennis shoes.

Alanreed Homecoming Held Sunday

The community of Alanreed celebrated its annual homecoming Sunday at the Alanreed school. Visitors began registering at 11 a.m. The meeting was called to order by Bill Crisp, president of the Alumni Association. Neva Carter led the group in songs, and the invocation was given by R.L. Leeder.

Harvey Craig gave a welcome address, and Jane Lowe gave a response. Special music was provided by Jackie Worsham. Granville Simmons led the group in prayer in memory of deceased members. After the minutes of the previous meeting were read by Lena Carter, officers were elected. W.O. Hommel gave a cemetery association report, and Bill Crisp presented awards. Lester Carter led the benediction. Mona Jones of Pampa, Amanda Leathers, and Mary Waters of Shamrock provided special music. The person coming the longest distance was Mildred Hill of Arkansas. The oldest resident in attendance was Hattie Terbush who is 96. Approximately 175 people attended. Officers elected were Granville Simmons, president; Virginia Dalton, vice-president; and Lena Carter, secretary-treasurer.

Attending the annual Alanreed homecoming festivities Sunday at the Alanreed Elementary School were four members of the Alanreed Class of 1923. The class originally was composed of nine members. From left to right, they are: Mrs. Annie Brown of Pampa, Mrs. Ruth Chapman of Amarillo, Mrs. Myrtle Schaffer of Groom, and Mrs. Laura Barnes of Ponca City, Okla. (Staff Photo by Mike Haynes)

Charles Brown snaps a picture of a group of oldtimers at the annual Alanreed homecoming Sunday at the Alanreed Elementary School. (Staff Photo by Mike Haynes)

NOTEBOOK

Continued From Page 1

with all of them good luck.

I would like to thank the people of McLean, the area, and subscribers everywhere for the cooperation and support I have received during the first 4 1/2 months since I took over The McLean News.

I also would like to give Linda Haynes and Lisa Patman the credit they deserve. I never could have made it this far without them, and both of them have done fantastic jobs.

Both have been willing to jump into any task that needed to be done, and they have worked many overtime hours, mostly on Tuesday nights, without much financial compensation.

They now know more about many aspects of the business than I did when I started four months ago.

I just ask that you cooperate with them like you have with us in the past, and they will get the job done as well as they can. I don't think I could leave the paper in better hands.

I also ask for your support in our subscription and other rate increases. Everything else is going up, as you know, and it is a necessity that our rates do too.

The recent postal increase hiked newspaper postage more than 25 percent, our cost of printing the newspaper went up significantly not long ago, and practically all other expenses go up constantly.

I really think most of you would understand about the costs without this explanation, but I just feel the need to comment on it.

Again, for everything, thanks.

Four Communities Honored

AUSTIN--The top four rural communities in Texas will be recognized at a special Governor's Luncheon at the Marriott Hotel here June 14.

There are Wildorado in Oldham County, Cause in Milam County, Dike in Hopkins County, and Miranda City in Webb County.

The communities have each been selected as regional winners in the Texas Community Improvement Program (TCIP) conducted by the Texas Agricultural Extension Service and the investor-owned electric utility companies of Texas.

Local leaders from each of the four communities will be presented a special plaque and a check for \$300. The four communities along with 10 others had already won \$100 by being selected the top community in each of their respective Extension Service districts.

The other 10 communities (and their counties) which were district winners and runners-up in the four regions were Imperial, Pecos; Sudan, Lamb Truscott, Knox; East Sweden, McCulloch; Era, Cooke; Lone Star, McLennan; Kendallton, Fort Bend; Lone Star, Freestone; Bayside, Refugio; and Fishing-Peggy, Atascosa.

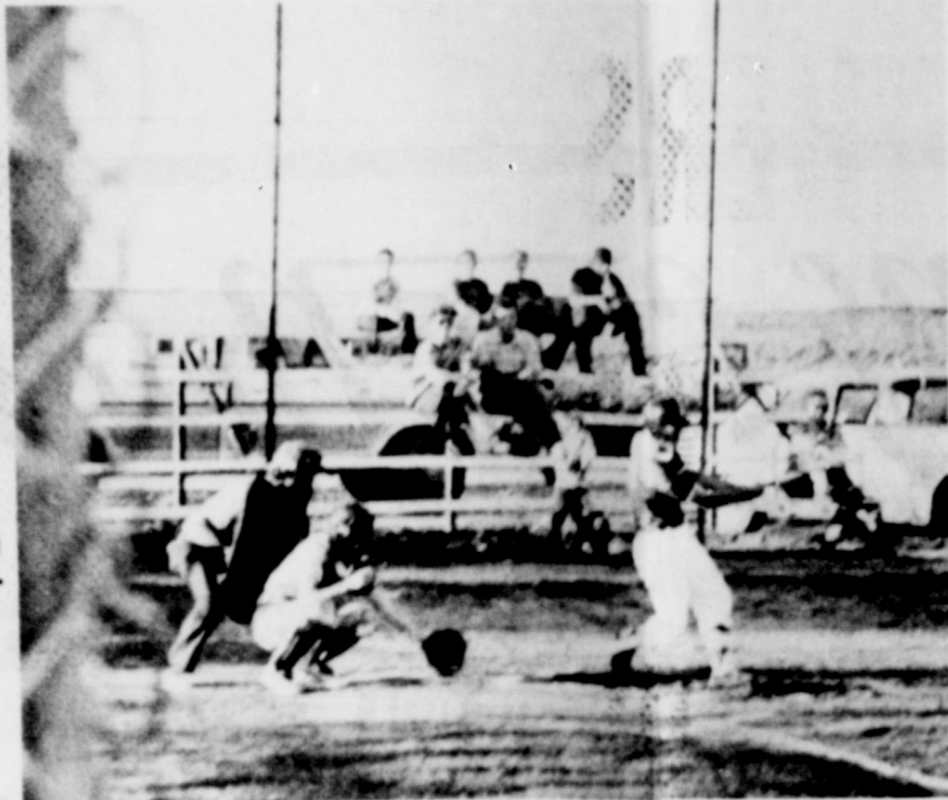

Scouts To Host Leadership Course

Scouts who are interested in learning leadership skills and in becoming boy leaders within their troops are invited to attend a special troop leader training course scheduled June 25-30 at Lake Fryer, near Perryton.

The course is for all senior patrol leaders, assistant senior patrol leaders, patrol leaders and assistant patrol leaders, and prospective boy leaders. It is sponsored by the Adobe Walls Council, Boy Scouts of America. The course director is Jerry Davis of Pampa and the Scoutmaster is Larry Jines of Perryton.

Cost for the course is \$45, which includes all materials and supplies. Any Scout who attends the leadership course will get a reduced rate of \$25 for a week of summer camp in July, and the \$25 fee for Conservation and Aquatics Camp.

In order to participate, Scouts attending the leadership course must be 12 years of age or older. Scouts who are interested should forward a \$25 deposit to Adobe Walls Council, P.O. Box 2479, Pampa, Tx, 79065. For more information, call the local Scout office at 669-6845.

Gray Commissioners Meet Wednesday

Gray County commissioners were scheduled to meet Wednesday (June 14) in Pampa to discuss the following items:

New Arrivals

Mr. and Mrs. J.T. Pennington announce the arrival of a girl, Jennifer Lyn, born June 10. She weighed 7 lbs, 2 oz.

News From Lefors

Mr. and Mrs. Jimmy Mills are the parents of a boy born June 3. Brent Lacy weighed 6 lbs, 14 oz.

Addington's Western Store advertisement listing various items like boots, guns, and hats.

FISHING REPORT FRITCH--Lake Meredith has been considered the top lake in Texas for walleye, but a few fishermen are proving that the Panhandle lake is a super catfish lake, too.

Palo Duro Digging Out

AUSTIN--Extensive areas of Palo Duro Canyon State Park are buried under mud and silt this week after the May 26 flood, but portions of the popular park will remain open to the public.

Livestock Owners Get Tax Break

FORT WORTH--Livestock owners who must sell animals from their herds because of drought conditions qualify for a tax deferral under the 1976 Tax Reform Act, reminds John Armstrong, president of the Texas and Southwestern Cattle Raisers Association.

Steven J. Davis, Sr. D.O., P.A. wishes to announce the relocation of his office to 600 W. Kentucky Pampa, Texas effective June 5, 1978.

My Employees And I Would Like To Express Our Thanks And Appreciation To All Our Customers And Friends. We Have Enjoyed Serving You For The Past 20 Years. Bob Massey The McLean Cafe

WHERE ARE THEY NOW?

A brief look at some former McLean residents and where they are now.

Many people in important jobs all over the world once called McLean home. Former residents live in places as exotic as Turkey, and as commonplace as Amarillo. One of those who have gone one from McLean to make a success of their lives is Norman Trimble.

Trimble is the son of Mrs. Corinne Trimble of McLean. He currently is the vice-president in charge of personnel and employee relations for Ashland Oil Co. in Ashland, Ky.

Trimble lived in McLean from 1934 until 1943, graduating from McLean High School in 1939. He attended West Texas State and received a bachelor of science degree in 1943. He is married to the former Janis Jones. They have two children Lin (Mrs. James H. Hamer) and Gary, a 31-year-old chemical salesman.

In his job with Ashland, he supervises the labor relations division, which plans and directs the corporate labor relations program and represents the company in labor contract negotiations. He is responsible for implementation of personnel programs and policies to insure consistency and uniformity with corporate personnel objectives, programs and policies, and provides broad guidance and direction in the areas of employment, benefits, compensation, and training.

He also is in charge of the personnel selection and development, the medical section which works to protect and improve employee health, and a section dealing with equal opportunity for employees.

In response to a question about the effects of growing up in a small town Trimble

said "In McLean the young people of the 1930's and the 1970's have been individuals. They've had opportunities to take part in community life, to build good reputations for themselves, to be known and recognized for their skills, accomplishment and interest. "Sure, you don't see much big league baseball or attend Broadway plays in McLean - but McLean youngsters have always had opportunities to learn how to get along with others, how to work, how to play. All of these are important to anyone's career in business, industry or professional life."

He continues, "I look back on my own youth in McLean as a challenging time and a happy time. There's no doubt in my mind about it; any accomplishments I've made are at least partly attributable to the lessons I learned as a McLean kid 40 years ago."

"I am a firm believer that the success most people have is largely due to the love, guidance and counseling they receive from their parents and associates, and I honestly believe this can be more readily accomplished in a smaller

community."

Trimble is a member of American Society of Personnel Administration, Associated Industries of Kentucky, Board Member of Junior Achievement; and National Alliance of Businessmen.

Club Activities

The Veterans of Foreign Wars the Johnny Windom Post #8665 in McLean will install officers Tuesday night. There will be music and an ice cream social following the installation. All VFW and Auxiliary members are urged to attend.

The Baptist Women met for Royal Service with Safronia Pettit as hostess. Doris Morgan brought the program. Present were Juanita Smith, Stella Gibson, Joann Miller, Susie Toot, Relia Ayers, Ev Lynn Hunt, Elizabeth Kunkel, Annie Reeves, Essie Glenn, Pauline Miller.

News from Alanreed

Mr. and Mrs. D.D. Patton of Los Alamos, N.M. visited this weekend in the home of Mr. and Mrs. P.M. Gibson and attended Alanreed homecoming Sunday.

F.B. Carter of Pampa visited here and in McLean Sunday. With him were Mr. and Mrs. Lester Carter of Rotan.

Ty Hill of Lubbock is visiting his grandparents, the J.A. Hill's this week.

Mrs. Bill Crisp, Virginia Dalton and Lena Carter accompanied Betty Finley to Amarillo Monday where she entered St. Anthony's hospital for medical tests.

Visiting the L.T. Goldstons during the weekend were their son Fred and his family of Lubbock and their daughter Sharon and her family.

On the sick list this past week was Mrs. Jewel Warner and Mrs. R.L. Leeder.

McLean Briefs

Attending the Williams family reunion last weekend were Mr. and Mrs. Howard Brooks of Medford, Ore., Mr. and Mrs. Frank Bush of Venita, Okla., Mr. and Mrs. Ted Williams of Waco, Mr. and Mrs. Jerry Burnaugh and Jeremy of Atlanta, Ga., Mrs. Janett Johnson of Boys Ranch, Mr. and Mrs. John Murphy of San Antonio, Mr. and Mrs. Harrel Willingham of Amarillo, Mr. and Mrs. LeRoy Williams, Lynn, Steve and Amy Rector of Amarillo, Mr. and Mrs. Carol Williams and Trevor of Shamrock, Mr. and Mrs. Howard Williams, Mr. and Mrs. Everett Watson, Carl Watson, and Mr. and Mrs. Glenn Curry, all of McLean.

Mr. and Mrs. Richard Simmons of Tehachapi, Calif., visited his sister Miss Helen Simmons last week. They visited several friends in the area.

They also visited Mr. and Mrs. John Bayless of Borger.

Three daughters of the late Mr. and Mrs. Wheeler Foster visited McLean last weekend. They were Mrs. E.G. Hooper of Borger, Mrs. Eula Fay Arnold of Batesville, Ark., and Mrs. Wally Almquist, of Charleston, W. Va.

Visiting Mrs. W.J. Foster last Sunday were her grandson and his family Mr. and Mrs. James Foster and Sheila.

Mr. and Mrs. Boyd Reeves were in Amarillo June 10 to attend the wedding of their granddaughter Denise Reeves to Allan Rose of Mesquite. Mr. and Mrs. Jewel Reeves of Abertown, who were visiting the Boyd Reeves last weekend, attended the wedding.

Mr. and Mrs. Billy Jack Bailey, Mark and Joeita, and Mrs. Betty McCurley visited recently with the Charles McCurley family of Marlow, Okla. The group spent the weekend at Lake Texhoma.

Visiting Mr. and Mrs. J.T. Pennington and family this week are Mr. and Mrs. Ed Trammell and Mike of Riverdale, Md.

Sally Haynes received minor injuries in a car-bicycle wreck last week.

Maridale Glass, daughter of Mr. and Mrs. Dale Glass, was listed on the Dean's Honor Roll at West Texas State University for the spring semester.

Mrs. Lucille Cullison has been going to Amarillo for the past six weeks for back treatment.

Douglas "Jocko" Ivy of Pampa visited McLean Saturday night.

The Trew family met at the Bob Massey place northwest of town Sunday for a picnic to celebrate Delbert Trew's birthday and Father's Day. Those present were Thurman and Oma Trew, Delbert and Ruth Trew, Barbara, Dean, Carter, Jamie, Jill and Judy Trew; Glen Oldham; Jerec Boyd; Curtis Simpson; and Diane McAnear, all of McLean; David, Kay, Davey, Jan, Josh, and Steve Trew; Keith and Lee Barlow, Janet Cadwell, and Terry Trew of Amarillo; Mike, Pam, and Clinton Oldham of Pampa; Mr. and Mrs. Mark Brauninger of Paris, Tex.; Mrs. Ida Garrett and Mrs. Virgil Olmstead of Perryton.

Mr. and Mrs. Patrick Windom of Plano were visiting the E.J. Windom, Jr. this weekend.

A bull rider at the McLean 66 Rodeo gives his equipment a last-minute check before the gate swings open. (Staff Photo)

QUICK QUIZ

How accurate is your knowledge of lemons? It's not very sharp, hone it on these pungent questions.

1. The average lemon tree in an orchard yields about (a) 200 (b) 500 (c) 1,500 lemons a year?

2. The practical way to judge lemons in the grocery

store is by (a) weight (b) shine (c) scent?

3. Lemons with large knobs at the end have (a) more juice (b) less juice (c) a coarse pulp?

4. The man responsible for bringing lemons to the Americas was (a) Christopher Columbus (b) Vasco da Gama (c) Ferdinand Magellan?

ANSWERS: 1. (c) When the lemons are picked, their weight is affected by the water they have absorbed. 2. (a) The heavier the fruit, the more juice it contains. 3. (b) The heavier the fruit, the more juice it contains. 4. (a) Columbus.

Safety Sense

The sun's core is, in effect, a huge thermonuclear reactor that creates power by fusion. If this energy were released raw into the atmosphere, it would destroy life. But after fighting its way through the sun's 300,000-mile-thick gases and interacting with other particles, according to a recent *Saturday Review* article, it changes into X-rays and ultraviolet rays. Some of the beams that finally reach earth can harm your skin, but you can protect yours with Sundown brand sunscreen from Johnson & Johnson, a highly protective product that stays on for hours in the sun, even when you are in and out of the water.

Astrophysicists predict the sun will burn itself out in another five billion years, according to the same article, but they've been wrong before and are projecting on the basis of intangible radiations. Meanwhile, don't be scared. Relax and get a tan, while protecting your precious skin with a sunscreen. At least, we know this cheerful orb, the sun, will be around for billions more years, and that's a mighty long time.

SIXTY YEARS AGO
M.L. Moody, editor
Give up your luxuries that the Kaiser may be made to give up his ambitions. In his great mercy, President Wilson refused to have shot an American soldier found sleeping at his post before the battle line in France. It is another token of the man's Lincolnism. He is built out of those things that made Lincoln immortal. Today the world goes with pride on the Man of America upon whose shoulders rest chiefly the burdens and the destinies of humanity. Despite the ironclad traditions of military law, M. Wilson perceived the justifications for consideration to an American lad fresh from his civilian pursuits who violated a necessary army rule because his civilian body had not reached the resistance of military exactitude.

Moore, Jones Henderson, Smith Set Vows Wed Recently For June 29 In McLean

Lori Ann Moore and Ronnie Dean Jones exchanged wedding vows recently at First Baptist Church in Forgan, Okla. The bride is the daughter of Mr. and Mrs. Wayne Moore, of Forgan, and the granddaughter of Mrs. Bill Moore of McLean, and Mrs. Burl Henry of Pampa. The groom is the son of Mrs. Bill Jones of Eva, Okla., and the late Bill Jones, and the grandson of Mr. and Mrs. John Hoskins of Eva.

Mrs. Jeff Roberson of Amarillo announces the engagement and approaching marriage of Connie Henderson to Ernest Eugene Smith, son of Howard Smith of McLean. Vows will be exchanged June 29 at 7:30 in the Assembly of God Church in McLean with the Rev. Z.A. Myers officiating. Miss Hendrickson, who works

for Bank of the Southwest of Amarillo, graduated from Amarillo High School in 1969. Smith, a 1969 graduate of McLean High School, works for Wester Design Builders in Amarillo. The couple plans to live in Amarillo after their marriage. Friends of the couple are invited to attend the wedding.

FREEZING FRUITS AND VEGETABLES AT HOME
Frozen fruits and vegetables spice year around menus with garden-fresh flavor. But the nutritive value and quality of these fruits and vegetables depend largely on the treatment before freezing, storage temperature and method of cooking and serving.

Most fruit can be frozen satisfactorily. Select sound, ripe fruit which is slightly ripener than for canning but not soft or mushy. Tree or vine ripened fruits contain more vitamins and a richer flavor than fruits picked green and allowed to ripen before freezing.

In general fruit is prepared for freezing as for eating. Keep fruit cool until it is frozen. Wash it in cold water but do not allow it to stand in the water. Some fruit loses food value and flavor and some gets water soaked.

Some fruits, such as peaches, apricots, apples and pears, discolor easily. There are ways to prevent this. Ascorbic acid (Vitamin C) is available in tablet, crystalline or powdered form. Use 1/2 teaspoon of this per quart of syrup to prevent this discoloration.

If you don't want to pack the fruit in syrup, sprinkle dissolved ascorbic acid over fruit just before adding sugar. Use 1/2 teaspoon in 1/2 cup cold water to each quart of fruit. Some special commercial anti-darkening preparation of ascorbic acid are now on the market. These materials can be found at drug stores or where other freezing supplies are sold. Most fruits have better texture and flavor if packed in sugar or syrup. Some may be packed without sweetening for use in special diets.

The way you plan to use the fruit determines the method of packing it. Fruit packed in a syrup generally is better for dessert use; fruit packed in dry sugar or unsweetened is better for most cooking because there is less liquid in the products. Quickly getting vegetables from the garden to the freezer is a must for top-quality frozen vegetables. During hot weather, harvest vegetables in the early morning before they absorb much heat. Vegetables at optimum maturity will have best flavor and texture. If you must store vegetables before freezing, spread them out loosely in a cool, well-ventilated place or packing loosely in the refrigerator.

Prepare vegetables for freezing similar to cooking them. Wash thoroughly in cold water, drain and sort, peel, trim and cut. Heat vegetables in boiling water before freezing. Use one gallon of boiling water to each pound of vegetable. The length of heating time varies with the vegetable. This kills enzyme action in the product. The enzymes help the plants grow and mature but if not deactivated the vegetables will develop off flavors and often discolor or toughen during freezing. Place the scalded vegetables immediately into running cold or ice water. When the product is cool to the tongue when tested, it is cool enough to pack. After the vegetables have been heated, cooled and drained, pack in airtight moisture-vapor-proof containers, leaving 1/2 inch headspace. Seal according to type of container you use. Cook all vegetables in the frozen state, except corn-cob which should be partially defrosted. Cook them only until tender in a small amount of water.

AGING COMMITTEE
A Gray County Committee on Aging was organized in May. The purpose of the committee is to look at the needs of senior citizens in Gray County and plan programs and activities to meet these needs. The committee include Mrs. Pauline Beard, Mr. and Mrs. Bus Benton, Daphne Boer, Sue Simmons, Vela Young, Martha Smith, Lena Bailey, Mary Dwyer, Allie West, Ruby Tibbleck, Father Hynes, Joyce Puckett, Alice Grays, and Mary Wilson.

The committee will be a part of the Gray County Program Building Process. This process is people helping people. The committee along with interested resource people meet together to study and discuss the needs of senior citizens in the County. Several areas of concern were

discussed--income, transportation, housing, nutrition, health and spiritual well being. The two topics the committee focused on were telephone ministry and a Meal on Wheels program. There seemed to be a special interest and enthusiasm for a Meal on Wheels program in Pampa. Rev. and Mrs. Joe Turner were called in to share information about a Meal on Wheels program they had worked with. The committee decided to hold the discussion until a survey of Pampa could be conducted to determine if a Meal on Wheels program is needed. Survey forms will be placed in the paper and any one interested should contact the County Extension Office at 669-7429 or Mrs. Reed Echols at 669-9572 or write Star Routh 2 Box 33 Pampa, Texas. In McLean, contact Mrs. Vela Young.

Gray Oil Production Hits Over 5 Million

Oil wells in Gray County pumped 13,823 barrels of oil per day in 1977 for a total production of 5,045,493. Total crude production for the county since 1925 is 594,001,476 barrels.

"Katie-An Impertinant Fairy Tale" by B.J. Chute
By LISA PATMAN
McLean News Staff

If you are looking for something light and cheery to get you through the summer doldrums, this novel should do it.

The story revolves around Katie Thorne, the youngest of four beautiful daughters, each of which is the product of Mama's union with a different husband.

This unconventional family lives in a very delightful and

carefree world, until Katie decides to find herself a husband. Her decision shocks her mother and sisters, all of whom feel that marriage ties a person down. Katie stubbornly embarks on a quest for a potential husband, and these encounters are as adventuresome as they are hilarious.

This novel supplies us with a captivating heroine and a charming story. "Katie-An Impertinant Fairy Tale" is available at Lovett Memorial Library.

Wendi Patton Performs At Dallas Competition

Wendi Patton, granddaughter of two McLean couples, recently participated in a state-wide competition for "singing hands choirs" at Dallas Baptist College.

Miss Patton, who performed in the 13-member Hallelujah Hands Choir from First Baptist Church of Amarillo, has been in the group for two years and is the youngest member.

The choir, which helps the deaf experience music, won first place this weekend in a state-wide competition.

The choir members, all deaf, use sign language, pantomime, costumes, props, and

rhythmic motion to communicate the story, emotions, and rhythms of music to those who cannot hear.

They accompany recorded music, enlivening it for those who can hear.

The choir performed two selections in the competitions Saturday and at the Sunday worship service which culminated the 1978 Texas Baptist Conference of the Deaf.

Miss Patton is the daughter of Mrs. Tomi Patton of Amarillo and the granddaughter of Mr. and Mrs. Johnnie Mertel and Mr. and Mrs. Eb Patton of McLean.

Many people still believe athletes use up their muscle tissue during strenuous exercise, but actually, according to nutrition experts reporting in *Foremost Foods' Professional Nutritionist*, they may increase the size of their muscles as long as they also increase slightly the amount of protein they eat.

Ice Cream Facts & Figures

Ice cream is such a favorite food for people of all ages that America produces nearly 800 million gallons of it every year. That's about 15 quarts per year per person.

A favorite place to get ice cream for many people is at home. A unique home ice cream machine now can give you two flavors at the same time. This Lickety-Split from Norelco also makes frozen yogurt, sherbet and ice milk by using table salt and ice.

DAD'S DAY STEAK

Father's Day is the one day each year we stop to honor the man who means so much to us. On this occasion, beef is just right. The good taste of beef, along with its versatility and good nutrition, make it an excellent entree. In fact, beef is the official Father's Day food, endorsed by the Father's Day Council. The following recipe is served to the national Fathers of the Year at the Father's Day banquet. Why not have your own Father's Day banquet at home and honor dad with Dad's Day Steak?

- 1 beef top round steak, cut 1 1/2 inches thick
- 1/2 cup sherry
- 1/2 cup soy sauce
- 1/4 cup salad oil
- 1/4 cup lemon juice
- 2 tablespoons brown sugar
- 1/2 teaspoon ginger
- 1 clove garlic, minced
- 1/4 teaspoon hot sauce
- 4 teaspoons cornstarch
- 1/2 pound mushrooms, sliced
- 1/4 cup sliced green onions

Mix together sherry, soy sauce, oil, lemon juice, brown sugar, ginger, garlic and hot sauce in small saucepan. Cook slowly 10 minutes; cool. Place steak in plastic bag; add marinade and tie securely. Refrigerate 24 hours. Remove steak from marinade, reserving marinade, and place on grill over ash-covered coals or on rack in broiling pan so surface of meat is 4 to 5 inches from heat. Broil at moderate temperature to rare or medium (25 to 40 minutes, depending on doneness desired), brushing with marinade and turning occasionally. Carve in thin slices, diagonally across the grain. For sauce: stir remaining marinade into cornstarch in saucepan. Bring to broil; add mushrooms and green onions and cook slowly until thickened, 2 minutes. Serve sauce over sliced steak. 10 servings.

When the Mona Lisa was stolen from the Louvre in Paris in 1911, six Americans paid \$300,000 apiece for forgeries, convinced they had the original.

Best results of grub control are obtained when animals are treated as soon as possible after the termination of heel fly activity and when grubs are small. This usually occurs in late May and June.
Before purchasing and using any of these grub control insecticides, read the label and follow the precautions and restrictions on use.

SCREW WORM OUTBREAK
Due to recent widespread cases of screwworm in scattered areas of Texas, there have been state requirements put in effect for cattle movement to other states. These regulations are in effect for the entire state of Texas as follows:

1. Prior to movement of livestock into Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina, Tennessee, Puerto Rico and the Virgin Islands they must be inspected by a State or Federal Inspector or Accredited Veterinarian within 72 hours preceding movement and found free of screwworm infestation and also have been sprayed or dipped with an approved pesticide.
2. Movement of livestock into all other states except those listed above must have a certificate of inspection by one of the aforementioned individuals showing they were inspected within 72 hours preceding movement and found free of screwworms and free of open wounds, unless such wounds are treated with an approved pesticide to eliminate screwworm risk.
3. The term "livestock" is taken to mean all cattle, horses (equines), sheep, goats and swine.

LINES by LEM O'RICKK

When I was yet a mere lad
Exceeding great wisdom I had
The older I grew
The more old folks knew
Especially Mother and Dad.

Zero-Plus Dialing Can Save Time, Lives

Time. It can mean the difference between life and death in an emergency situation. Now, fast-thinking telephone operators are using more sophisticated equipment to save every precious minute for those in trouble.

Even seconds count when a house is burning or an elderly man has collapsed with a heart attack. Telephone operators know the proper emergency authorities and know this information must be delivered immediately.

But obtaining the information is not always easy. The operator must get the necessary information from the person in trouble, who may be frantic, screaming or hysterical.

"First, we get the caller's name and the address of the scene of the emergency," according to veteran telephone operator Joyce McDonald, who has worked for Southwestern Bell for 29 years.

"Many times the police

or fire department will contact us because the victim gave the wrong address," McDonald said.

Southwestern Bell's new system of handling calls is the TSPC (Traffic Service Position System) which provides even more efficient handling of emergency calls.

With the new consoles, more familiarly known as Zero-Plus Dialing, wasted time waiting for an operator to answer is eliminated. Calls are distributed instantly to the first available operator in any of four West Texas cities. This promptness is essential for a heart attack victim.

But TSPS has another big advantage. By pressing a button on the console, the operator instantly knows the number of the placed call. This eliminates the chance of the hurried victim giving incorrect information.

No matter what the crisis, whether it be a car accident or a man locked in the YMCA, the telephone operator can provide fast help for those in trouble.

McLean Cub Scouts Attend Day Camp

Two McLean Cub Scouts are attending Cub Scout Day Camp this week at Camp M. K. Brown. John Bentley, son of Mr. and Mrs. Arley Bentley, and Bob Patman, son of Mr. and Mrs. Ed Patman, are attending the annual event which offers riflery, archery, campcraft skills, swimming, team sports, nature hikes. John Bentley will attend a second week June 20-23.

Boy Scout patrol leader Allen Patman, who is den leader for Den 2 of the local Cub Scout pack is serving the camp as a volunteer helper.

There will be a closing picnic on Friday. Cub Scouts who participated in the camp and their families will meet at Camp Brown for the closing ceremony.

It's A Bonanza!

The greatest oil gusher was the Lucas No. 1 at Spindletop, Texas, in 1901. It yielded 800,000 barrels in the nine days it was uncapped.
