Commissioner Mike Britten

### Bush - Quayle Ticket Carries Carson County

Precinct 1 voters took advantage of the nice, sunny temperatures Tuesday as 452 of them cast ballots in the General Election.

Precinct 1 elected Mike Britten as their County Commissioner. Britten ran as a write-in candidate against Art Britten, the Democratic candidate on the ballot. Voters cast 298 votes for Mike Britten and 93 for Art Britten. Two other write-ins, Don Smith and C.L. Wieberg, received 16 and 26 votes, respectively.

Carson County's choice for Sheriff is Terry Timmons, who received 2077 votes to his opponent's 1020. Republicans George Bush and Dan Quayle took the majority of county votes, 2100 to 1034 for the Democratic candidates, Michael Dukakis and Lloyd Bentsen. All newly-elected officials will take office in January.

## Groom Tigers Win Season Finale

The Groom Tigers scored 38 points in the first period on their way to a victorious game over Lefors on Friday night. At the end of the third quarter, Groom had scored 58 points to Lefor's 12.

The win ended the season for Groom with a second place finish in District 2A Six-Man.

A three-way tie for first place left Groom, 2-3 in conference play and 3-7 overall, in the runner-up spot.

"We played a pretty good defensive game," Coach Jimmy Branch said. "We finally played the way we should have been."

Groom's Kevin Kerlee topped all rushers and scorers with 188 yards and three touchdowns on 16 carries. The Tigers found 305 yards on the ground and 83 through the air for a total offensive effort of 388 yards.

Quarterback Michael Rose had quite a game as he rushed for 49 yards on three carries, completed 4 of 7 passes for 71 yards-including two TDs, a 30-yarder to Jay Britten and a 17-yarder to Stoney Crump and inter-

cepted two passes, returning one of them 45 yards for a touchdown.

Richard Koetting and Jason Eschle each added a scoring run as well.

Groom scored 38 points in the first period on runs of 50 and 38 yards by Kerlee, TD

passes to Britten and Crump from Rose, and the interception return by Rose. The Tigers led 52-12 at intermission following

Others elected were: Chuck Campbell, Judge, Court of Criminal Appeals, Place 1; Dick Waterfield, State Representative, District 88; H. Bryan Poff, Jr., Justice, 7th Court of Appeals District, Place 1; John To. Boyd, 7th Court of Appeals District, Place 2; John Forbis, District Judge, 100th Judicial District; David McCoy, District Attorney, 100th Judicial District; Ed Hinshaw, County Attorney; C.L. Sterling, County Tax Assessor-Collector; and Jerry Strawn, County Commissioner, Precinct 3.

In Carson County, there were 2417 votes FOR, 292 AGAINST Proposed Constitutional Amendment 1, concerning state highway funds; 1446 FOR, 1167 AGAINST Amendment 2 in using state funds to offset shortfall in revenue; and 1351 FOR, 1288 AGAINST Amendment 3, concerning using school-related funds for economic growth, etc.

Of the 3236 votes cast in Carson County, 483 were absentee ballots.

### Absentee Votes Delay County Returns

Nearly 75% (3236) of Carson County's 4316 registered voters cast ballots in Tuesday's General Election — an outstanding turnout for any county.

This was the first year that registered voters were allowed to cast absentee votes without a valid excuse

for not voting on Election Day. Four-hundred and eighty-three chose that method of voting in Carson County. It has been said in the past that the absentee votes showed the overall election results and they were usually the first posted on the board.

Not so this year. All Carson County returns were in by 9:30 — except for the absentee totals.

By that time, it was evident that the County has chosen the Bush/Quayle Presidential ticket and Terry Timmons as County Sheriff.

## Former Resident Receives Heart Transplant

Richard M. Hall, D.O. of Eden, Texas sent the following article to the Groom News to share with our readers.

Richard Martin is a native of Groom, Texas.

Richard Martin spent the summer of 1987 in an easy chair with heating pads under his feet to keep them warm. His son installed a phone next to his chair because it was an effort for him to get up. He didn't

sleep well and had no appetite, his weight dropped from 155 to 126 pounds. His family and neighbors took care of his lawn. All he could do was read and watch television.

Richard Martin spent the summer of 1988 walking up to two miles a day, mowing his lawn and that of his church and a neighbor with back problems. He also works one day a week as a volunteer for the Seton Medical Center Auxiliary, assisting elderly and disabled visitors, delivering flowers and being a friend to patients and their families facing surgery.

Richard Martin had a heart transplant on October 3, 1987, less than 24 hours after he enrolled in the Seton transplant program. "I'm

the fastest gun tet" he

said. "Immediately, when I came out from under the anesthesia (following the 2 1/2 -hour transplant surgery). I felt good."

After eight days in the hospital, the 57-year-old Groom, Texas native went home, and by April, six months after the transplant, he was volunteering at Seton, the first and only heart transplant patient to be a member of the auxiliary.

The fact that he has been through something major like a heart transplant is encouraging to other patients, said Artha Zunnwalt, director of volunteer services. "I think it's a very positive effect. It's encouraging for someone he is working with that, if he could make it, then they could also."

Martin, who has lived in South Austin for 17 years, returned from Mobil Oil after 36 years. He said he found out firsthand the importance of support from

## Lighthouse News

The Lighthouse Church group traveled to the Ralph Graves ranch for a campout and slumber party, nine boys and four men camped out at the river. Eight girls and four ladies had a great time at a slumber party at the ranch house. The Men had a big fish fry from fresh caught Bass, the boys caught that day.

On Sunday morning the Lighthouse Church held their a.m. services on the river bank with 35 in attendance. Pastor R.L. Winebringer brought a message on being a profitable servant.

Ralph and Sharon Graves invited the entire group to Sunday dinner, ranch style and they reported to have all enjoyed the meal.

Sunday evening found the group back at McLean for Sunday p.m. services. Some were a little worse off for wear and tear but thirty made it and were rejoicing in

the lord.

Pastor R.L. would like to thank all those who helped in making this outing a big success, especially youth pastor, Bill and Jerry Billingsley and Steve and Cris Stone.

Oma Trew just returned from visiting with her son and family the Don Trews in Palo, Pinto, Tx.

Delbert and Ruth Trew returned this week from Canton were they attended a flea market.

## Care Center News

Sunday Bro. Z.A. Myers of the First Assembly of God Church was here to conduct services.

Monday afternoon the following residents played bingo, Kittie Hessey, Lillie Knox, Ora Billingsley, Adell Walker, Dick Wheeler, Frank Hambrigh, Earl Tolleson, Teresa Richardson, Stella Gibson, Eula Morrow, Annie Eudey and Ruby Ayers. Our volunteer helpers were Mildred Giesler, Bertha Smith and Loree Barker. In the evening we had our Halloween party. The residents were dressed in different costumes along with the staff members. Cupcakes were baked and decorated by Ginger Morilla.

Ladies serving were Ginger Morilla, Louise Turner, Lynda Syfrett, Loyce Murray, Jerry Corbin, Isabelle Cousins and Marie Immell. Also serving were Amanda Crawford who came dressed as a witch and Karen Brown dressed as a clown. Resident Lillie Knox was dressed as a clown and did some somersaults for us and Jeremy Thomas did the round off back hand-springs. A special thank you to all mentioned above for making our party a lot of fun also to all the goblins that came and paraded for us and bobbed for apples.

Tuesday Ted Robertson, Lena Carter and Brenda MacLain were here to assist the following resident in dominos; Eula Morrow, Inez Fields, Dick Wheeler, Earl Tolleson, Teresa Richardson, Leon Burch, Imogene King, Annie Eudey and Adelle Walker.

Wednesday afternoon Ted Robertson returned to assist in dominos once again.

Thursday morning the residents enjoyed their donuts donated by Leta Mae Hess. Several ladies had manicures. In the afternoon Lois Myers was here for a sing a long, Paul, Sarah and Holly Myers sang several solos.

Friday Martha Parker was here to show her great movies.

Saturday was our bake sale and bazaar. The McLean Care Center Auxillary ladies working in shifts were Isabelle Cousins, Wanda Will, Totts Henley, Leta Mae Hess, Louise Turner and Betty Lowe. Ginger Morilla spent the full day working in the craft dept. We would like to thank everyone for their support in this project. Proceeds from the bazaar goes

into the activity fund to purchase needed material for the residents to make crafts. The proceeds from the bake sale goes into the auxillary fund to purchase larger items needed for the benefit of the residents. A special thank you to Inez Trostle for making and donating an afghan for us to sell chances on. Resident Teresa Ricardson did an outstanding job on selling chances and we all say "Thank You Teresa". Resident Lillie Knox drew the lucky name and our winner was Lou Morris. Many thanks to all who donated pies, cakes and candy for the bake sale and to all of you for purchasing the many items from our craft dept. as the residents worked very hard making these items.

### Card Of Thanks

We would like to thank everyone for the cards, flowers and visits while Creed was in the hospital. Words can not express how much you all mean to us.

# Groom School Honored In Top 1.8 % State Wide

The Groom Independent School District has been recognized for the high achievements attained on the state-wide TEAMS (Texas Education Assessment of Minimum Skills) Tests. Lists have been published in many state, regional and local magazines and newspapers attempting to evaluate the results. The State of Texas provides the standard tests to be administered to students across the state in order to assess on a minimal basis mastery or non-mastery of the skills deemed necessary for the grade level.

"In the 1986-87 school year," states Rex Peeples, Superintendent of Schools, the test results averaged for the Groom School District were 836.3, with a 1000 being a perfect score. However, in the 1987-88 school year, the school district improved its internally averaged score to an 867.5.

"This score placed the Groom School District in the top schools statewide and placed the school name on a great number of published lists.

As a matter of fact, the

867.5 score was second highest in the state on the lists of high scoring districts which graduate students. The highest score of 870.2 was attained by Lindsay ISD, a district of 351 students located in Cook County near Gainesville."

According to Kenneth Sweatt, the Texas Education Agency has other criteria on which to base success. "It is more than a simple averaging of a district's test scores.

"They have a complex formula," he says, "taking into account the number of students taking the test, numbers of migrant or minority students, pupil-teacher ratios, and other factors.

"Some of the lists of successful schools are simply of schools which have scored higher than the Texas Education Agency predicted the district would score, based on all the various factors computed into the formula. The Texas Monthly magazine gave some favorable publicity to schools in this category.

"The Region XVI Education Service Center, which includes the Texas Panhandle, placed 27 districts in the

success.

On the whole, however, small and medium-size districts have a much greater success rate."

Judy Babcock, administrative assistant for Groom Schools, recently attended a seminar held by the Texas Education Agency in which high-achievement schools received information regarding the evaluation of successful schools on the TEAMS scores. In addition, the successful school districts served as informational models in advising the Texas Education Agency of any factors the School District deems pertinent to their success in providing students with basic minimum skills.

"Being a part of this group, and being recognized by the State of Texas as an educational leader, should be a point of pride with every resident of our district," reported Babcock.

"There are approximately 1,100 school districts within this state and the great majority are divided into elementary, junior and high school campuses. The state's school system is comprised of 6,000 such campuses. Groom, being a one-campus school, is one of the 6,000 campuses across the state.

"To this seminar, the State invited the top 109 campuses whose success on scores—not necessarily percentage of successful students. Success on the TEAMS tests," continues Sweatt, "is not predictable by locale, district size, or by any of the various formulas the Agency uses to predict top 25 percent, 25 districts in the middle 50 percent and 6 in the lowest 25 percent. These rankings were based on internally averaged test

the TEAMS test were evaluated using all the various judging criteria. Being in the top 109 of 6,000 places Groom in the top 1.8 percent of all the state's school districts.

"The conference leaders pointed out that not all districts with low teacher-student ratios or low migrant population achieved at a level which would qualify the district to participate in the seminar.

"They constantly stressed the fact that the school district's who were scoring this well on the TEAMS tests were instructionally successful and must be doing all the right things in educating children.

"For instance, the conference leaders attribute the success to instructors and administrators, both in the style and the substance of the curriculum," concludes Babcock.

"Our administrative and instructional staffs are successful," according to Superintendent Peeples, "only as a reflection of the commitment to education made by this entire community. The elected Board members have consistently demonstrated the community values in their voting. Our record exemplifies the Board's—and the district's—total commitment to academic achievement.

"It is no accident that a committee of this community's parents, students and others chose as our school's motto: 'Excellence Now: A Commitment to the Future.'

"We have demonstrated the importance this community places on education with our success in this high state ranking.

"The future will surely continue to prove that our motto has been a prediction of greater success."

**Football**  
scoring runs by Kerlee and Koetting in the second quarter.

The game was halted by the 45-point rule two minutes into the third quarter when Eschle's three-yard run put Groom up by 46.

"The kids learned a lot about the six-man game this year," Branch said. "That will help us adjust a little better next year. It looks like we'll have more quickness next season, and that's what we need for the six-man game."
