Delbert Trew Reports On Status Of Museum

In response to many inquiries about the status of the proposed Barbed Wire Museum in McLean, Delbert Trew, local agent for the museum, states that the museum is a reality. We are working with the city of McLean on a lease, and double checking the insurance coverage necessary. No problems have been encountered and details are being worked out. We have been incorporated by the Secretary of State, but are working on requirements by the IRS to achieve tax exempt status.

A Board of Directors from across the United States has been selected and a slate of executive officers will be presented to the membership on July 20 at Moriarity, N.M. at the next wire show. Pledges have been called for and are being deposited in the Bank of Commerce in McLean.

A basic floor plan has been tentatively adopted and will be adjusted as exhibits are finalized. Planned at the present is a 6000 sq. ft. area for barbed wire and related items, including almost every known patented wire related item, patent information, salesman samples, wire cut medicine bottles and cans, all related tools, history of all organizations, art work of all mediums related to barbed wire. Also included will be the Barbed Wire Hall of Fame and the Barbarian Award recipients display.

A 1200 sq. ft. area will feature the Old Route 66 Association of Texas exhibit. It will show a map of Old Route 66 from Chicago to L.A. with many actual pictures and historical items from the past. Memorabilia

from Old 66 around McLean is being restored now for display also.

A large lobby and store will be in the entrance area. It will be handicap accessible with restrooms and sitting area included. TV Video areas are planned with one in the Lobby, telling the story of Barbed Wire and one in the Old 66 exhibit room telling about Old 66. Store sales will include almost every type of souvenir for barbed wire and Old 66 known. Local crafts and art will be offered for sale also.

Trew states that the north 3000 sq. ft. adjacent to the lobby and restrooms will feature the Western Heritage Community room. This area is to be used for Collector's shows, wire shows, Old 66 conventions, art shows and local community events. Facilities for catered meals will be included.

The Wire Museum and the Old Route 66 areas are pretty well provided for financially, but help is needed for the Community room. Labor is already donated, but to have tables and chairs for a show or banquet, we need some donations from the local area. Anyone wishing to help financially on the Community room, please contact me at 779-3164. Any donations raised locally will be used only in the Community room and will be recognized by a plaque displayed in the room.

Renovation on the Old Sears factory is expected to start approximately August 1, with a completion date in late fall. Grand Opening will depend on exhibit delivery and construction progress.

Clean-Up And Fix - Up Week June 4-8, 1990

The City will again haul away trash and tree trimmings of such size that can be handled by one man during "Clean-Up and Fix-Up Week." Please do not throw dirt or large objects into trash barrels. Stack the large objects alongside the barrels and keep the alleys clear so the trash trucks can move through the alleys.

Lions To Sponsor Journey For Sight In June

The 1990 McLean Lion's Club Journey for Sight will be held June 9 and will be under a slightly different format as it will be a 5 mile journey this year.

The event which is conducted as a fund raiser for the local Lion's Club, has previously been a 10 mile trek and was shortened in the hope that the shorter distance would attract more participants. The funds raised are used by the Lions in sight conservation projects and in the past year the club has paid for eye examinations and purchased eye glasses for several local youngsters who could not

have afforded the expense.

Each entry must obtain a pledge sheet upon which they will get pledges of dollar amounts per mile to be paid when the trip is completed. We would ask everyone to be generous in making pledges for the hard work these people will be doing.

Every entry who finishes the course will receive a Journey-For Sight T-Shirt and there will be Olympic style medallions in Gold, Silver and Bronze for the first three male and the first three female finishers. There will also be a special

McLean United Methodist Church Gets Soviet Sister Church From Estonia

A lengthy and often frustrating quest by the First United Methodist Church of McLean for a sister church in the Soviet Union has come to a successful conclusion. A relationship has been formed with a United Methodist church in the Soviet Baltic republic of Estonia. The church is in the capital city of Tallin and is pastored by the Rev. Olav Parnamet.

The Rev. Mark Wilson, pastor of McLean UMC, began searching for a sister church over a year ago. His objective is to find two such churches: one Methodist and one Russian Orthodox.

Upon learning that the Tallin church and an Orthodox church in Kiev were possibilities for a sister church relationship, Rev. Wilson mailed letters to the pastors of both congregations. He did so without having any idea if the letters would reach their destinations or if he would ever receive a response.

After a long wait, Rev. Wilson attempted to call the pastors. However, he discovered that phoning the Soviet Union was no bargain either. "It seemed the circuits to Russia were the busiest in the world," said one McLean resident.

Persistence paid off and Rev. Wilson finally got through on March 26 of this year. Rev. Parnamet's daughter, Ulla, answered the phone. In halting English, she informed Rev.

Wilson that her father was in the United States! Rev. Wilson wasn't sure why Rev. Parnamet was here or where he was but he was delighted at the progress.

That same day, Rev. Wilson also reached the Very Reverend Boris Udovenbro in Kiev. Rev. Udovenbro was interested in a sister church relationship and requested a letter be sent to him explaining more about the relationship.

A call was placed to InfoServ, requesting information on Rev. Parnamet. A day later he was located. He was in the United States as a World Missioner and his host church was Pleasantview United Methodist Church in Abingdon, Virginia.

Everything at this point happily went according to plan and when Rev. Parnamet was reached, he readily agreed to the sister church proposal.

Essentially the two congregations, for a period of perhaps one year, will endeavor, primarily through correspondence, become acquainted with one another. This will bring an appreciation of one another's church, culture, country, etc. It is hoped that this will bring the congregations closer together and be conducive to a peaceful and mutually beneficial relationship between the United States and the Soviet Union.

The letter sent to Rev. Udovenbro proposed an

association of similar nature and with similar aims. (Rev. Wilson has learned that mail service to and from the Ukraine should be about three weeks in transit. He is hopeful that a second sister church relationship will be established in two months.)

It is understood that the congregations in Tallin and Kiev are considerably larger than that in McLean, but Rev. Wilson has indicated that if those churches can tolerate a little sister, his church won't mind having some big ones.

Vice-President Stumps For Waterfield

Speaking before an overflow crowd at the Amarillo Civic Center Thursday night, Dan Quayle stated President Bush supported State Representative Dick Waterfield's campaign for congress "100 percent."

Quayle said, "I am here this evening on behalf of a man whose resume reflects his deep roots in the panhandle and his close ties to the people of the 13th Congressional District. He is a hardworking family man, who is active in his church,

and is accessible to the people of his district."

The Vice President noted Waterfield was "the kind of person who you could trust to send to Washington and be sure his heart always stayed true to Texas."

Quayle said Waterfield had a strong record as a state legislator. "He was named one of the ten outstanding freshmen in the Texas House of Representatives where he worked on economic development and rural health care legislation."

During his introductory

remarks, Representative Waterfield promised that what he said in Texas would be how he voted in Congress. "I am opposed to increasing your taxes and when I am in Washington I will vote against tax increases. Its important to protect our Texas values and in Washington I will vote to protect those values."

Waterfield and his wife, Gail, accompanied the Vice President aboard Air Force Two from Dallas to Amarillo.

Misty Coleman Placed Second In State 6-Man Meet

The second annual State Six-Man Meet belonged to the Valley boys and the Jonesboro girls as records were shattered in almost every event Saturday at Tarleton State University track facility.

McLean's Misty Coleman placed second in the triple jump at 33-11 1/2.

"That was my best jump ever," Coleman said.

Coleman, who was McLean's lone representative in the girls division was also fifth in the 100.

In the boys division, Lefors finished in a seven-way tie for 11th and with 18 points, while McLean scored eight points to finish in a tie for 22nd.

"Both of us Lefors and McLean had some bad luck in the preliminaries of the 400-meter relay," said Lefors coach Dale Means. "We jumped and McLean messed up a handoff that got us both disqualified."

Lefors, however, recorded a 3:34.19 in the 1600 relay, which was good enough for second place.

"We sucked it up and came back pretty good," Means said.

In the pole vault, Dusty Roberson of Lefors placed fifth with a 12-0 jump.

Treadwell, Britten Elected To School Board

Groom Independent School District voters on Saturday selected Tony Treadwell and David Britten as new trustees for the district.

Treadwell garnered the most support, with 132 votes. Britten followed with 127 votes.

Defeated were Charles D. Fields, with 75 votes and Barry Fields with 122 votes.

"I feel it will be a challenge to serve on the board," said Treadwell. I also would like to see my kids graduate from GHS, commented Treadwell. Treadwell is a 1975 graduate of GHS and employed by

RGM Ag. and Grain Inc. Tony and wife Mary Moranic Treadwell have three children currently enrolled in Groom school; Melissa, Tricia and Daniel. Treadwell is active in many areas of Groom life. He has and continues to serve on the volunteer fire and ambulance departments. He is currently serving as Fire Chief and helps out, as a coach with the Summer Program.

"I plan to do the best job possible for the students and parents of Groom" said David Britten. Britten is a 1980 graduate of GHS along with his wife Shelley

Barnett Britten. He is currently president of the Groom Ambulance Service and also a volunteer fireman and a member of Groom Lions Club. Britten is employed by Wheeler-Evans Elevator.

Business Manager Joyce Hutsell reported 212 Groom voters turned out for the election which was down from last year when 329 voters cast their deciding votes.

Groom's City Secretary, Pat Ashford, reported a light turnout of 160 for the city election Saturday.

All three aldermen were seeking re-election unopposed, which could be faulted with the low turnout. Jimmy Britten received 139 votes, Bill Homer 131 and Greg Lamb 135.

All three aldermen will continue to serve on the Groom City Council.

Tigerettes Scored 21 Points In State Meet

The second annual State Six-Man Meet belonged to the Valley boys and the Jonesboro girls as records were shattered in almost every event Saturday at Tarleton State University track facility.

Both teams had plenty of depth to spare. Valley compiled 83 points, scoring in eight events to claim the boys title by 43 points over second-place Cherokee. In

winning the girls championship, Jonesboro picked up medals in seven events for 78 points. Marathon was a distant second with 44 points.

The Groom Tigerettes made the best showing among the area teams, scoring 21 points for eighth place.

Jenni English took fourth for Groom in the shot with a throw of 31-3 1/2.

"Jenni threw 34-1 last year in this meet, which would have won it. But you never know what's going to happen in the shot put," said Groom coach Jimmy Branch. "That's pretty good. There were a lot of kids that stayed home that would have liked to have been here."

Groom's Marie Conrad picked up a sixth-place medal in the 800. The Tigerettes' 800-meter relay team of Shannon Fields, Melinda Burgin, Heather Patterson and Lesa Sweatt finished fifth with a time of 1:53.28. The Groom girls had won back-to-back regional titles coming into this year's state six-man meet.

Delbert Trew Reports On Status Of Museum

In response to many inquiries about the status of the proposed Barbed Wire Museum in McLean, Delbert Trew, local agent for the museum, states that the museum is a reality. We are working with the city of McLean on a lease, and double checking the insurance coverage necessary. No problems have been encountered and details are being worked out. We have been incorporated by the Secretary of State, but are working on requirements by the IRS to achieve tax exempt status.

A Board of Directors from across the United States has been selected and a slate of executive officers will be presented to the membership on July 20 at Moriarity, N.M. at the next wire show. Pledges have been called for and are being deposited in the Bank of Commerce in McLean.

A basic floor plan has been tentatively adopted and will be adjusted as exhibits are finalized. Planned at the present is a 6000 sq. ft. area for barbed wire and related items, including almost every known patented wire related item, patent information, salesman samples, wire cut medicine bottles and cans, all related tools, history of all organizations, art work of all mediums related to barbed wire. Also included will be the Barbed Wire Hall of Fame and the Barbarian Award recipients display.

A 1200 sq. ft. area will feature the Old Route 66 Association of Texas exhibit. It will show a map of Old Route 66 from Chicago to L.A. with many actual pictures and historical items from the past. Memorabilia

from Old 66 around McLean is being restored now for display also.

A large lobby and store will be in the entrance area. It will be handicap accessible with restrooms and sitting area included. TV Video areas are planned with one in the Lobby, telling the story of Barbed Wire and one in the Old 66 exhibit room telling about Old 66. Store sales will include almost every type of souvenir for barbed wire and Old 66 known. Local crafts and art will be offered for sale also.

Trew states that the north 3000 sq. ft. adjacent to the lobby and restrooms will feature the Western Heritage Community room. This area is to be used for Collector's shows, wire shows, Old 66 conventions, art shows and local community events. Facilities for catered meals will be included.

The Wire Museum and the Old Route 66 areas are pretty well provided for financially, but help is needed for the Community room. Labor is already donated, but to have tables and chairs for a show or banquet, we need some donations from the local area. Anyone wishing to help financially on the Community room, please contact me at 779-3164. Any donations raised locally will be used only in the Community room and will be recognized by a plaque displayed in the room.

Renovation on the Old Sears factory is expected to start approximately August 1, with a completion date in late fall. Grand Opening will depend on exhibit delivery and construction progress.

Clean-Up And Fix - Up Week June 4-8, 1990

The City will again haul away trash and tree trimmings of such size that can be handled by one man during "Clean-Up and Fix-Up Week." Please do not throw dirt or large objects into trash barrels. Stack the large objects alongside the barrels and keep the alleys clear so the trash trucks can move through the alleys.

Lions To Sponsor Journey For Sight In June

The 1990 McLean Lion's Club Journey for Sight will be held June 9 and will be under a slightly different format as it will be a 5 mile journey this year.

The event which is conducted as a fund raiser for the local Lion's Club, has previously been a 10 mile trek and was shortened in the hope that the shorter distance would attract more participants. The funds raised are used by the Lions in sight conservation projects and in the past year the club has paid for eye examinations and purchased eye glasses for several local youngsters who could not

have afforded the expense.

Each entry must obtain a pledge sheet upon which they will get pledges of dollar amounts per mile to be paid when the trip is completed. We would ask everyone to be generous in making pledges for the hard work these people will be doing.

McLean United Methodist Church Gets Soviet Sister Church From Estonia

A lengthy and often frustrating quest by the First United Methodist Church of McLean for a sister church in the Soviet Union has come to a successful conclusion. A relationship has been formed with a United Methodist church in the Soviet Baltic republic of Estonia. The church is in the capital city of Tallin and is pastored by the Rev. Olav Parnamet.

The Rev. Mark Wilson, pastor of McLean UMC, began searching for a sister church over a year ago. His objective is to find two such churches: one Methodist and one Russian Orthodox.

Upon learning that the Tallin church and an Orthodox church in Kiev were possibilities for a sister church relationship, Rev. Wilson mailed letters to the pastors of both congregations. He did so without having any idea if the letters would reach their destinations or if he would ever receive a response.

After a long wait, Rev. Wilson attempted to call the pastors. However, he discovered that phoning the Soviet Union was no bargain either. "It seemed the circuits to Russia were the busiest in the world," said one McLean resident.

Persistence paid off and Rev. Wilson finally got through on March 26 of this year. Rev. Parnamet's daughter, Ulla, answered the phone. In halting English, she informed Rev.

Wilson that her father was in the United States! Rev. Wilson wasn't sure why Rev. Parnamet was here or where he was but he was delighted at the progress.

That same day, Rev. Wilson also reached the Very Reverend Boris Udovenbro in Kiev. Rev. Udovenbro was interested in a sister church relationship and requested a letter be sent to him explaining more about the relationship.

A call was placed to InfoServ, requesting information on Rev. Parnamet. A day later he was located. He was in the United States as a World Missioner and his host church was Pleasantview United Methodist Church in Abingdon, Virginia.

Everything at this point happily went according to plan and when Rev. Parnamet was reached, he readily agreed to the sister church proposal.

Essentially the two congregations, for a period of perhaps one year, will endeavor, primarily through correspondence, become acquainted with one another. This will bring an appreciation of one another's church, culture, country, etc. It is hoped that this will bring the congregations closer together and be conducive to a peaceful and mutually beneficial relationship between the United States and the Soviet Union.

The letter sent to Rev. Udovenbro proposed an

association of similar nature and with similar aims. (Rev. Wilson has learned that mail service to and from the Ukraine should be about three weeks in transit. He is hopeful that a second sister church relationship will be established in two months.)

It is understood that the congregations in Tallin and Kiev are considerably larger than that in McLean, but Rev. Wilson has indicated that if those churches can tolerate a little sister, his church won't mind having some big ones.

Vice-President Stumps For Waterfield

Speaking before an overflow crowd at the Amarillo Civic Center Thursday night, Dan Quayle stated President Bush supported State Representative Dick Waterfield's campaign for congress "100 percent."

Quayle said, "I am here this evening on behalf of a man whose resume reflects his deep roots in the panhandle and his close ties to the people of the 13th Congressional District. He is a hardworking family man, who is active in his church,

and is accessible to the people of his district."

The Vice President noted Waterfield was "the kind of person who you could trust to send to Washington and be sure his heart always stayed true to Texas."

Quayle said Waterfield had a strong record as a state legislator. "He was named one of the ten outstanding freshmen in the Texas House of Representatives where he worked on economic development and rural health care legislation."

During his introductory

remarks, Representative Waterfield promised that what he said in Texas would be how he voted in Congress. "I am opposed to increasing your taxes and when I am in Washington I will vote against tax increases. Its important to protect our Texas values and in Washington I will vote to protect those values."

Waterfield and his wife, Gail, accompanied the Vice President aboard Air Force Two from Dallas to Amarillo.

Alanreed Resident Proud Grandma

Clent and Lesli Goldston, of Canyon, announce the birth of a daughter, Whitney Dawne, born Sunday, April 22, 1990 at Northwest Texas Hospital in Amarillo. The little miss weighed 6 pounds 7 ounces and was 20 inches long.

Grandparents are Al and Peggy Lemons of White Deer and Jim & Frankye Goldston of Memphis. Great-grandparents include Lyla Haskel and Veck Haskel of Beaver, Okla.; Mason Lemons, Brooker; Pansy Srygley, Memphis; and Mr. and Mrs. Laverne Goldston, Alanreed.

"That was my best jump ever," Coleman said.

Coleman, who was McLean's lone representative in the girls division was also fifth in the 100.

In the boys division, Lefors finished in a seven-way tie for 11th and with 18 points, while McLean scored eight points to finish in a tie for 22nd.

"Both of us Lefors and McLean had some bad luck in the preliminaries of the 400-meter relay," said Lefors coach Dale Means. "We jumped and McLean messed up a handoff that got us both disqualified."

Lefors, however, recorded a 3:34.19 in the 1600 relay, which was good enough for second place.

"We sucked it up and came back pretty good," Means said.

In the pole vault, Dusty Roberson of Lefors placed fifth with a 12-0 jump.
