## State Capital NEWS

Senate hearings on a multi-million-dollar tax are under way, and where they stop nobody knows. Gov. Ben Barnes indicated they may continue for a week or two.

Key argument as hearings centered on whether the state should have a corporation income tax. Texas economy will be slowed down by the corporate income tax, argued Tom Sealy of Midland, representing the new Texas Association of Taxpayers, at hearings before the State Affairs Committee.

Corporate profits tax, counter-acted by a six percent corporation profits tax, which would raise \$600 million over the next two years, business, said Sealy, already pays 34% of the state sales tax. Consumers and non-business interests, said Brown, pay 62% of all state taxes, while business pays 31.7% in direct levies, including its share of the sales tax.

Minimum tax bill, said Sen. M. Alkin Jr. of Paris, based the Senate's Finance Committee budget proposals, would be \$4 million for the coming session.

Lieutenant Governor Barnes led the hopes to have the bill the Senate floor for debate April 12.

House of Representatives, said appropriations Committee Chairman Rep. W. S. Heatly of Pampa, will have the budget bill by for debate by Easter.

ELFARE CUTS ORDERED  
True to advance warnings, the Elfares Board ordered a cut in the welfare payments, effective May 1.

Average grant of \$118 a month will be reduced to approximately \$80, about one third of current payments. Cutback will eliminate 4,500 families from AFDC rolls.

Gov. Preston Smith expressed regrets, but said he has no authority to alter the cut, since the state has reached the \$9 million a year ceiling in welfare outlays.

Smith gave his endorsement to the constitutional amendment (3) to be voted on May 18 which will raise the ceiling.

APPOINTMENTS  
Governor Smith designated K. Butler of Houston chairman of Texas Board of Mental Health and Mental Retardation.

Dr. Robert W. Baker of Houston fill the unexpired term of Man-uel C. DeBusk of Dallas on the coordinating board, Texas College University System.

He named Dr. Leonides Gonzalez Cigarroa of Laredo, Dr. Alvin Burr Gober of Temple, Dr. Walter Allen Brooks of Quanah and O. J. Baker of Prairie View as members of the board.

COURTS SPEAK  
State Supreme Court upheld an injunction against a Coleman businessman who sold liquor and food in the same building. Texas attorney general's office is studying the case to determine how far-reaching it is.

High Court rejected a Bryan discount store's appeal to stop district judge from ordering it closed for failing to observe Sunday blue laws.

Court of Criminal Appeals held in a San Patricio County case that inmates serving life sentences are eligible for parole after 15 years if sentenced before the 1967 change of law.

Same court, reversing its own ruling, knocked out murder convictions of two men for a Weslaco knife slaying.

AG OPINIONS  
A special district judge elected during one term of court who continues to serve without objection during the next term without being re-elected by members of the bar should be paid for all his services, Atty. Gen. Crawford C. Martin has held.

In other recent opinions, Martin concluded that:  
\* Bill to allow counties to collect either a county registration fee of \$5 per vehicle or personal property taxes on the vehicle is unconstitutional.

\* State Board of Registration for Professional Engineers does not have authority to make and enforce a rule requiring every applicant for a professional engineer's license to take a written examination.

\* Bill authorizing state-supported colleges and universities to close a street or alley running through the campus would be valid and a constitutional law.

\* A barber school teacher may be employed in more than one school.

\* Commissioners Court has authority to sell unimproved U. S. government bonds belonging to the permanent school fund of the county for their present market value if the value is now in excess of the price paid for the bonds yet less than par value.

CRIME FUNDS RECEIVED  
Texas has received an additional \$10.78 million for funding crime-fighting projects in the state during fiscal 1971.

New award was made on approval of the 1971 Criminal Justice Plan for Texas prepared by the staff of the governor's office. It brings to \$18.393 million the total block action grant for crime control projects for the current fiscal year.

Texas' plan sets out a five-year program for upgrading criminal justice with 12 broad programs subdivided into 62 categories. Funds are administered by the governor with advice of a 22-member Criminal Justice Council.

INSURANCE PAYBACK ORDERED  
Attorney General Martin has directed 105 insurance companies to pay back \$2 million in premiums to state political subdivisions for property damage liability coverage.

Martin advised the companies they issued policies in violation of the Texas constitution. Under the tort claims act, Martin noted, local governmental units are liable only for personal injury liability in connection with motor vehicle accidents and not for property damage.

Attorney general said he intends to file suit within 10 days if premiums are not returned to the local governmental units. Course of action was determined before Martin was hospitalized with a heart attack.

DEATH TOLL RELEASED  
Department of Public Safety said 3,460 Texans died on streets and highways in 1970, more than for 1969.

In addition to the death toll, there were 223,000 injuries last year, about the same as in 1969. Economic loss from traffic mishaps was \$1,042,200, compared with \$955,300 in 1969.

DPS noted there were many more miles traveled in 1970 than in the previous year.

## NEWS

County Agricultural Agent Texas A. & M. College Extension Service

By FOSTER WHALEY

EMERGENCY DROUGHT PROGRAM  
Although it is doubtful as to how much good it will do, the Gray County emergency drought committee requested that Gray County be designated a drought emergency area.

The emergency committee is made up of Paul Bowers, chairman ASC committee, Evelyn Mason, secretary, ASC office, Bob Koewan, supervisor, Gray County Farm Home Administration and Foster Whaley, County Agent.

By paying a nominal fee CAP acres can be grazed. We have only about 500 acres of CAP land. Much of this has been grazed very closely since all had been approved to graze these acres up to Dec. 31st.

There hasn't been a feed program for areas designated in this region since the 1950's. We asked that Gray County be given this aid also if other counties in the Panhandle are approved. We don't have much detail on how a feed program works today. We know it is quite different to what it was back in the 50's when we had surplus of cotton seed meal and cake. Only foundation herds are eligible to receive emergency feed.

We will keep you informed just as soon as we receive any details.  
My honest opinion is the program can't be of a great deal of help. We base these on the fact that being able to graze CAP land and set aside acres is of no value if there is nothing to graze on these acres. Since our cow-calf numbers are about the lowest on record there are only a few people eligible for emergency feed at reduced prices.

CATTLE PRICES  
The fat cattle market is showing some strength in spite of the fact we are turning out record numbers of fat cattle out of the Texas Panhandle feedlot. Last week the largest movement of fat cattle ever recorded were delivered out of Panhandle feedlots. A good big portion of these cattle were shipped to packers in midwest. This reflects the low placement rate in the combelt last fall we mentioned to you earlier. The market is showing more strength this week and we see the beginning of another price rise that should be continue on into the summer.

In spite of the fact the drought is covering a wide area there seems to be a ready market for light calves. In a price list dated March 24 from an Eastern concern I noted these posted prices. Three hundred pound number one Oldie steer and bull calves were listed at \$45.00 per cwt. Three hundred fifty pound weights cost \$42.00. This keeps the stocker and feeder operator in a straight jacket.

Donations Needed For Scale Fund  
The scales at the rodeo grounds have been repaired and are now in working order. Approximately \$80 is still needed to pay for this. Anyone wishing to donate may leave it with Bob Massey or at the American National Bank.

## McLEAN'S FLOAT WINS ANOTHER FIRST PLACE AT SHAMROCK

CITY OF McLEAN  
First Place Winner - Community Service Division

### National F. H. A Week Observed

The members of McLean Future Homemakers chapter observed national F. H. A. week March 28 - April 3rd. The Teacher Appreciation Brunch was held between 7:30 and 8:00 a.m. Monday. Home making II class arrived sleepy eyed at 7 o'clock to prepare to honor the high school faculty. Plans for the usual morning devotional for the high school was cancelled when the intercom system failed. F. H. A.'s unplanned project at this time is to aid the Jesse Roberts family after their house was destroyed by fire Sunday. Plans to honor their mothers are underway for the first Monday night in May.

### Rev. Lee Eudey Talks On Careers

The F. H. A. chapter turned out almost 100 percent recently when Rev. Lee Eudey, presently stationed at McLean with the Air Strategic Command, talked to the girls on careers open to girls in the Air Force. Several girls were interested in becoming Air Line hostesses.

### Country Club To Have Stockholders Meeting April 7

There will be an annual Stockholders' meeting at the McLean Country Club, on Wednesday, April 7, 1971 at 8 p. m. for the purpose of electing three new Directors. Any other business may be brought before the Stockholders at this time. Before any business can be conducted a quorum of 20% of the paid-up members must be present.

### TEXAS CATTLE NUMBERS CONTINUE UP - For the sixth consecutive year, the number of cattle in Texas on January 1, 1971 was up, this time by three percent. At the same time, the Texas Crop and Livestock Reporting Service released figures on the 1970 calf and lamb crops. For the first time since 1961 lamb and sheep numbers were up by two percent. The calf crop was estimated at 5.4 million head in 1970. Texas cattle on feed on Feb. 1 numbered 1.6 million head, 12 percent above a year earlier.

### Future Homemakers of America was founded June 11, 1945 as an incorporated, nonprofit organization supported by membership dues. Nationwide in membership and effort it is co-sponsored by the U. S. Office of Education and the American Home Economics Association and was developed for the purpose of providing experiences that broaden the home economic education program in the high school. High school home economics teachers, members of the state home economics education staff, and leading home economists serve as advisors to chapter, state, and national youth officers, giving guidance and counseling to the program.

### The annual state meeting of Future Homemakers of America, an organization of high school homemaking students, will be held in Memorial Auditorium, Dallas, Texas, April 23-24, 1971.

### Our local FHA chapter leader is Mrs. Dony Baker.

### Large Attendance During School Open House

Eighty-seven guests signed the F. H. A. book registered in the Home Economics Department on visitation night held recently during Public School Week. Officers Martha Ellison and Angela Winegart were in charge of this event. Others on the committee were Gale Harkins, Loretta Howard, Lynn Foshee, Becky Bohlar, Kathy Bailey and Kim Bailey. Scrapbooks, F. H. A. History Book, posters, garments, etc. were on display. Hostesses served punch and cookies from the brightly decorated serving table.

### Jack Bell, 58 Buried In Amarillo

Funeral services for Jack Bell 58, of Amarillo, were held Wednesday, March 24 in North-West Texas Hospital, Amarillo. Born in Lockney, he had lived in Amarillo for the past five years.

### Judy Saunders To Tour With LCC Chorus

Judy Saunders, daughter of Mr. and Mrs. George Saunders will leave on a one week tour April 2 as a member of the Lubbock Christian College A Cappella Chorus. Under the direction of Wayne Hinds, the chorus will perform in Albuquerque, Los Alamos, Farmington, Grants, Alamogordo, Carlsbad, and Clovis, New Mexico, before returning April 9.

### Commissioners Court Meeting Today

Notice is hereby given that the Commissioners' Court of Gray County, Texas, will meet at 10:00 o'clock A.M. on the last day of April, 1971, at its regular meeting place in the County Courtroom, Court House, in the City of Pampa, Texas, for the purpose of considering:

1. Approve bond of independent Public Weigher William L. Groves
2. Approve bond of independent Public Weigher Nancy Lee Putman.
3. Discuss authorizing Judge E. L. Anderson to pay over to County Treasurer \$1,950.56 in special account J. P. 2-2 in First National Bank
4. Discuss authorizing Judge E. L. Anderson to pay over to County Treasurer \$285.28 in J. P. 2-2 account in Citizens Bank and Trust Company
5. Depository Contract having been approved by Texas Comptroller of Public Accounts, authorize order designating First National Bank as the county depository and that contract be filed with the County Clerk
6. Discuss authorizing resolution to Governor Smith declaring Gray County a drought disaster area - Foster Whaley
7. Discuss accepting offer and executing contract with Texas Aeronautics Commission for \$4,500.00 for McLean-Gray County airport
8. Discuss audit
9. Discuss waterpipe break at Courthouse on March 26
10. Discuss authorizing John W. Warner to file suit in connection with bridge damage in Precinct 4
11. Discuss hospital losses for February
12. Discuss taxes
13. Discuss revaluation and equalization
14. Pay salaries and bills.

### FOOD EXPENDITURES

Consumer expenditures for food in 70's decade could go up by as much as 70% including meals at home and away. This compares with 50% increase in the 1970's.

### Nelson Dwyer On Tech Honor Roll

Nelson Dwyer, a junior student at Texas Tech, was listed on the honor roll recently. He is the son of Mrs. Mary Dwyer and the late John E. Dwyer.

## Vote In City - School Elections Saturday

### Fire Destroys Home Of The Jesse Roberts

Fire once again hit McLean this week, as the home of Mr. and Mrs. Jesse Roberts, 9 miles north of McLean, burned to the ground Sunday night. Mr. and Mrs. Roberts were very fortunate to escape with their lives although they did lose their home and household belongings. At the present time they are living in a small trailer at their place 9 miles north of town. Anyone having anything such as linens, furniture or any household articles, canned goods or anything they would want to donate to the Roberts may leave it there.

This is the second major fire to hit McLean in the past month.

### Don't forget to exercise your right as a voter this Saturday.

This Saturday the school and city elections will be held starting at 8 a.m. at the city hall building and the school cafeteria. The polls will close at 7 p.m.

Those in the running for the office of mayor are Boyd Meadows and John C. Haynes. For the two councilmen offices will be R. L. Brown and W. A. Bentley.

On the school board election there will be three trustee offices open for election. On the ballot for the offices will be Johnny Haynes, Casper Smith, James Ellison, Leslie Darsey and Creed Lamb.

On the ballot running for the office of trustee on the County School Board is Finis Dalton. A lanreed will also hold their school election this Saturday at A lanreed. On the ballot for the school trustee offices will be Phillip M. Gibbons and Warner A. Phillips.

### McLean Youth To Have Sunrise Service

The youth of McLean will participate in an Easter morning service. The group will assemble at the country club parking area just before Sunrise Sunday morning, April 11. Group singing, messages in song and a devotion will make up the program. Mr. Lee Eudy will be the speaker. After resurrection meditation, the group will return to First Baptist Church for a breakfast. Youth from all the McLean churches and surrounding area are urged to attend.

### Changes In McLean 1970-71 School Calendar

The McLean Schools will observe the Easter Holidays on Friday, April 9th through Monday, April 12th. Due to the snow storm in February, the changes were necessary in order to make up the days missed. The Easter Holidays were originally scheduled for April 8th through the 13th.

Parents should please note the changes as the students will go to school on April 8th and 13th. The last day of school for this school year will be May 26th. The date was May 25th but has been changed to May 26th because of the days missed during the snow-storm. Please remember: April 9-12 Easter Holidays May 26th Last School Day.

### Swine Producers To Meet At Texas A&M

Texas A&M University's 20th annual Swine Short Course is slated for April 5-6 in the Memorial Student Center, according to Dr. W. B. Thomas, Extension swine specialist and program chairman.

Registration for the two-day course begins at 8 a.m. Monday. Approximately 200 persons are expected for the course that will feature about 20 swine authorities, including Extension specialists, pork producers, and veterinarians, and others.

A highlight will be selection of the 1971-72 Pork Queen during the pork producers banquet, 6:30 p.m. Monday. Presentation of the Master Pork Producer's Award will also be made at the banquet, Thomas says.

Wives of those attending will be involved in the Porkettes' program featuring a campus tour at 9 a.m. Tuesday. Ben Glazer, hog specialist with Merrill Lynch, Pierce, Fenner & Smith, Inc. of Chicago, will speak to producers about hedging as another profit tool.

Dr. E. J. Stevermer, Extension swine specialist, Iowa State University, and Dr. M. J. Twiehaus, head of the Department of Veterinary Science at the University of Nebraska, will present programs on reproduction and disease.

### Wheat Referendum Producer Board Election Scheduled

John C. White, Commissioner of Agriculture, today certified the Texas Wheat Producers Association to conduct a referendum and producer board election in 34 Texas Counties under provisions of the Agricultural Commodity Act of 1969 according to Bill Nelson, TWPA Executive Vice President of Amarillo. The certification authorizes the association to sponsor and conduct a referendum whereby producer of wheat in the designated area vote on a proposition of self assessment not to exceed five mills per bushels for research, market development, disease and insect control and more efficient production and marketing practices for wheat. Such a referendum has been set by the Association on Tuesday May 11, 1971 according to Leo Witkowski of Hereford, TWPA farmer-elected president. Witowski said that at the same time of the assessment referendum, an election will be held to elect a 9-member producer board to administer the program and direct the use of funds generated. Any producer may have his name placed on the ballot for election to the producer board by having his request signed by ten other producers and submitting it to the association thirty days prior to the election.

Witowski said that Texas is now eighth in wheat production, but is one of the only major wheat states that has not had a producer funded promotion and development program. He said that now producers will have an opportunity to initiate such activity in an all-out unified effort to increase individual growers income, by a yes vote. The Texas Wheat Producers Association was founded in 1950 and has since been funded and directed by producers in the High Plains and Rolling Plains areas that produce over 75% of the States wheat. First headquarters office and full-time professional staff for the organization was established on Jan. 1, this year in response to needs and demands by producers to gain more income from domestic and foreign markets. In addition to Witkowski and Nelson, other TWPA officers are Dwight Hamilton, Vice President, Olney; Ken Kendrick, Stratford, Vice President; and C. L. Edwards, Panhandle, Secretary-Treasurer. Headquarters offices are located in Suite 600, Bank of the Southwest in Amarillo.

Counties included in the area certified for the referendum and producer board election are: Roberts, Dallam, Gray, Hansford, Hartley, Hutchinson, Lipscomb, Moore, Ochiltree, Sherman, Briscoe, Armstrong, Carson, Castro, Deaf Smith, Floyd, Hale, Oldham, Farmer, Potter, Randall, Swisher, Archer, Baylor, Childress, Clay, Foard, Hardeman, Haskell, Knox, Throckmorton, Wichita, Wilbarger and Young.

### TAX MAN SAM SEZ:

The Internal Revenue Service is noted for being an efficient collection organization, but they are also in the book and publication business on a big scale. The leading book they sell (as a service—not for profit) is "Your Federal Income Tax." At 75¢ it continues to be an annual best seller. A companion publication is the "Tax Guide for Small Business," which also sells for 75¢.

When you know that the common 1040 income tax forms and the accompanying schedules are printed in the hundreds of millions, you have to realize that the IRS printing job is a big one. IRS has several hundred free publications that discuss various tax problems. They have an estimated 6500 different forms, instructions and publications to cover the complex tax laws. Every day they have to throw away several tax forms that have been made obsolete by a change in the law, regulations, or by court decision. Just be thankful you only have to fill out a few pages of forms for your individual income tax return. A lot of other folks have to fill out quite a few more.

United States is the world's oldest existing republic that began with a President as its chief executive.

### Marilyn Mounce Is Tops Weekly Queen

By Lucille Cullison, Reporter  
The Derby Town Tops Club members met Monday at 8:30 p.m. in the fire hall building for their weigh-in by co-leader Cheryl Smith. They then went to the Hospitality Room of the American National Bank for a combined installation ceremonies, Kop graduation and salad supper at 7 p.m.

The room decorations for the installation were white candleabra with tall white candles entwined in greenery, before a ecru lace covered table laid with a spray of yellow roses and the new officer colored pendant ribbons.

The installation was led by Ann Smith, the out-going treasurer. She presented the new officers with their pendant ribbons, naming their offices

and each officer taking their oath. The new officers were Marilyn Mounce, leader, Cheryl Smith, co-leader and weight recorder; Mary Lou Glass, secretary; Linda Pearson treasurer; Lucille Cullison, assistant reporter, stood in for Deloris Bailey who was unable to attend.

There was a graduation exercise for Viola Glass. The leader, Marilyn Mounce presented Viola a certificate, a crown charm and a spray of yellow roses and she was proclaimed an official "Kop" with a 16 pound weight loss for the past year. She attained her required weight. She was previously awarded a charm bracelet and 4 charms.

Mary Lou Glass was also presented a certificate in division 4 for a 16 pound weight loss the past year.

Muriel Moore received a certificate in division 4 with a 14 1/2 pound weight loss the

past year.

The club had 13 1/2 pound loss and a 3 pound gain. Marilyn Mounce received the fruit basket with a 4 1/2 pound weight loss and is the weekly queen.

The indoor pig went to Mary Bybee for the largest gain. Others gaining weight were penalized.

The club members finished their meeting with a "diet" salad supper.

Present for the meeting were Marilyn Mounce, Cheryl Smith, Mary Bybee, Ann Smith, Viola Glass, Mary Lou Glass, Lucille Cullison, Pearl Dickinson, Gladys Smith, Nola Crisp, Muriel Moore and guests, Pearl Lamer and Wanda Smith. The Tops Club welcomes any new member.

Chinese gold rush workers gathered jade at the diggins and shipped it to China, leaving the gold to the Americans.

### Methodist WMS Have Meeting

The Women's Society of Christian Service met March 31, 1971 at 11 a.m. in the First Methodist Church, for a birthday luncheon and the continuation of the study of the Book of Psalms.

The meeting was opened with prayer by Margaret Coleman. Rev. Robert Brown gave the program "How Majestic is Thy Name in All the Earth", for the third session of the

study.

After the luncheon Mrs. Van Horn gave a report on the annual conference of the Woman's Society of Christian Service which was held at Pampa on March 23rd.

Those present were: Mesadames Elton Johnston, George Humphreys, Charlie Carpenter, Callie Haynes, W. R. Ferguson, J. O. Coleman, Ben Brown, Frank Wilson, Lena Pettit, Bob Glenn, Mary Dwyer, Van Horn, Miss Jewel Cousins, and Rev. Robert Brown

The staging of two one-act comedies -- a joint presentation of the McLean High School Junior class and the Curtain Club -- will be held Friday night, March 30, in the high school auditorium. The play will begin at 8 p.m.  
James L. Cooke, son of Mrs. Vida Cooke of McLean, has received one of the highest honors ever bestowed on students at Texas Tech College in Lubbock, where he is attending school.  
Rev. William A. Smith of Barington, New Jersey has accepted the pastorate of the First Presbyterian Church in McLean, and will assume duties here April 8.  
Sufficient contributions were made Wednesday to the push the Red Cross drive "over the top," according to a last minute report from workers. The goal of \$981 was exceeded slightly during the day.  
**30 Years Ago**  
For the second successive year, the McLean float won first place at the St. Patrick's Day parade at Shamrock.  
A Gospel meeting will be held at Kellerville Church of Christ next Sunday, to continue through April 3.  
Dr. A.W. Hicks has moved to Fort Worth where he will practice his profession as a dentist. Dr. Hicks is retaining his office here in McLean, and will be in McLean Fridays and Saturdays of every other week for the present.  
A rough stonewalk reinforced with concrete has just been completed through the city park. City workers are also preparing for new trees to be planted.  
Mrs. Willie Boyett's piano students attended the Panhandle Music Festival in Amarillo last week. They played a total of 36 solos, making an average grade of 95 1/2.

**Mary Martha S. S. Class Have Social**

By Lucille Cullison, reporter  
The Mary Martha Sunday School class of the First Baptist Church met for their monthly social in the home of Mrs. J.F. Hupp on Saturday, March 27, at 3 p.m.  
Mrs. Garland Ramsey gave an inspiring devotional about "Easter and Immortality," and Mrs. Hupp led an interesting bible guessing game, titled, "The Bad Girls of the Good Book."  
After the class business, the group had a good time visiting with each other.  
The decorations were in the Easter motif, the main feature being a large Easter Bunny, an "Easter Tree" and a large basket full of brightly colored Easter eggs.  
Refreshments of Lime, Lemon and Pecan Jello Salad, Easter candy eggs and Strawberry punch were served to Mesdames, Margaret Chapman, Helen Ramsey, Verna Hudgins, Kate MacDonald, Lucille Cullison and the hostess, Clara Maude Hupp.  
The meeting was closed with a prayer by Mrs. Margaret Chapman.

**Market Report**

Take advantage of special sales, and buy foods in heaviest supply to help keep your food costs down, advises Mrs. Gwen-dolynne Ciyatt, Extension consumer marketing specialist at Texas A&M University.  
And planning before your shopping trip is a good habit to develop if you are sincere about getting the most food for your money.  
Since the 1970 turkey crop was an especially large one, turkeys are still available at attractive prices. Consider turkey as a special mealtime treat for your family.  
Fryers remain at the same economical levels as last week, but you may find frequent specials on eggs. Remember that the Grade A Large size is the best combination of economy and quality.  
The beef counter should be well stocked, with more attractive prices this week. Best values include arm and blade pot roasts, round steaks and roasts, chuck steaks and roasts, rib steaks and roasts, ground beef, and liver.  
Ample supplies of pork are to be found, with best values on Boston butt roasts, hams, picnics, chops, shoulder steaks, loin roasts and bacon.  
At the fruit counter, you will find good values on still-plentiful supplies of grapefruit and apples. Prices on winter pears and avocados remain moderate, and the supplies are larger than a year ago. The supply of cantaloupe is increasing, making them a better choice. Other good selections include oranges, bananas, and strawberries.  
Broccoli, cabbage, carrots, celery, yellow onions, potatoes, sweet potatoes, turnips, and some varieties of cooking greens are the more economical fresh vegetable choices. Fresh asparagus is available, but the price levels are relatively high.

**LEGAL NOTICE**

**NOTICE OF HEARING ON PRELIMINARY REPORT OF AIRPORT ZONING COMMISSION OF THE McLEAN-GRAY COUNTY MUNICIPAL AIRPORT, McLEAN, TEXAS**  
Notice is hereby given that the Airport Zoning Commission of the McLean-Gray County Municipal Airport at McLean, Texas has filed with the McLean-Gray County Joint Airport Zoning Board of the Gray-County Municipal Airport, McLean, Texas, in its offices at McLean, Texas, a preliminary report and recommendations of the boundaries of the hazard areas and the various zones to be established and the regulations to be adopted therefor appertaining to McLean-Gray County Municipal Airport as provided by provisions of Chapter 391 of the Acts of the Regular Session of the 50th Legislature, 1947, and amendments thereto.  
Notice is further given that a public hearing will be held thereon at the hour of 2 p.m. to 3 p.m. on the 16th day of April, 1971, in the City Council Room in the City Hall in the City of McLean, Texas. At such time and place parties in interest and citizens shall have the opportunity to be present and to be heard.  
Notice is further given that the preliminary report, together with all maps, plats and regulations recommended for adoption may be examined in the office of the City Clerk of McLean, Texas.

**Mangum Rattlesnake Derby To Be Held April 16, 17, & 18**

The Mangum Chamber of Commerce has announced the sixth annual Rattlesnake Derby to be held at Mangum, Oklahoma on April 16, 17, and 18. The "Flea Market" will again be held this year in conjunction with the rattlesnake hunt. These, plus other special features, are planned to provide interest and entertainment for the entire family.  
Bob Jenni, noted Curator of Animals, naturalist, adventurer and writer, will again lecture in the "snake pit" full of venomous snakes. He will demonstrate "Milking" of rattlesnakes and give instruction on catching and handling. He will also bring his "exotic animal" show to Mangum. His position as "Derby Professional" adds much to the hunt.  
Since the Mangum hunt is still relatively new, many large "rattlers" remain in the extensive hunt area. This was evidenced by the hundreds of snakes caught last year.

**New Marriage And Divorce Laws**

For more than a year, a new code has governed marriage and divorce practices in Texas, announces Jane Fleischer, Extension family life education specialist at Texas A&M University.  
The new Family Life Code, which became law in Jan. 1970 emphasizes reconciliation in divorce cases. For example, when the judge receives a divorce petition, he can order the couple to consult a marriage counselor.  
The couple, in turn, must report their progress to the judge, who may then postpone the hearing up to 60 days for additional counseling.  
The new code also alters divorce courtroom proceedings, attempting "to remove the battlefield nature of these cases," Miss Fleischer said. The cases, for instance, are now titled, "In the matter of the marriage of John Doe and Mary Doe," rather than "John Doe vs. Mary Doe."  
Grounds for divorce have been expanded under the new code. If a marriage fails because of personality conflicts, the couple does not have to contrive cruelty as a defense. Insupportability is also grounds for divorce under new law. Insupportability means that the marriage practices in Texas. A man 19-years-old can now legally marry without parental consent, the age for women, however, remains 18.  
Boys, 16, and girls, 14, have always been able to form common law marriages without parental consent, if they meet three requirements: agreeing to be husband and wife, living together as husband and wife, and holding themselves out to the public as husband and wife.  
The only change in the new law is a provision for recording these common law marriages. This practice will preserve the existence of the marriage in order to prove legitimacy of children and to obtain benefits, such as social security.  
The new law actually give parents a greater control over their teen-agers," Miss Fleischer says. Parents can now file annulment suits when underage youths marry without consent. These suits apply to both ceremonial and common law marriages. Under the old law, parents had not legal right to sue for annulment.  
Other provisions of the new Family Life Code include requiring that a spouse be absent only a year instead of 3 years to qualify a divorce on grounds

**WATCH FOR OAK POISONING**

Cattle grazing in pastures in which sand shn oak is growing should be watched carefully. Dr. James M. Armstrong, Extension veterinarian, warns that the plant is very palatable and toxic to cattle when it first buds in the spring. The blossoms, buds, leaves and stems are all toxic. Since grazing is very short in areas where the oak is found, stockmen should take special note if cattle are grazing the plant.  
**SHEEP FIELD DAY**  
Sheep producers should find the program for the Sheep Field Day at the Agricultural Research Station, Sonora on April 1 to their liking. Among the major topics up for discussion are four on the management of sheep during drought.  
The following relatives present at Mrs. Luther Petty's Saturday and Sunday were Francis L. Petty of Midland; Mr. and Mrs. H. M. Billingsley, and Mr. and Mrs. Vernon L. Kennedy and daughter, Tina, all of Amarillo.

DIANE COX of Pampa, receives a plaque from Curtis Schaffer, chairman of Gray Co. SCD, for winning the Conservation Essay Contest.

**Preserve & Protect Our National Environment**

Diane Cox of Pampa was the recipient of the Gray County Soil and Water Conservation District Essay contest award for 1971. She is a high school senior and is the daughter of Mr. and Mrs. Glen D. Cox of Pampa. Curtis Schaffer, chairman of the Gray County SWCD, presented the award to Diane. She will compete for regional and state honors with her essay entitled, "Our Natural Environment-Preserve and Protect It," which is printed below.

The black cloud outside the window hangs ominously, seemingly to never end. No foliage is to be found on the now dead vegetation. The water canister is almost empty. The water's supply is nearly gone. Will this be the scene in a few short years? The job before man is to preserve and protect his environment.

Pollution is the one largest problem now facing modern man. His natural environment has developed into his greatest enemy. The quest for supremacy in every mode of engineer-

ing and science has left a scar across our land.

Man's goals must be altered. His goal must now be to clean up his cluttered environment. The filth in the water and air of our land must be removed. Forests must be replenished. Wildlife must be protected. The future of man is in jeopardy. What good is economic wealth without a land in which to enjoy it?

The wastes of factories, the pollution of air by automobiles, the destruction of natural resources have all put man in a position of environmental destitution. The governmental control of industrial pollution is beginning to restrict the waste which factories may emit. Auto makers are also limiting the emission of gases from new cars. These factors have influenced the slow change from destruction to replenishment.

Man has to learn to live in an environment which he has practically destroyed with his own pollution. The job of cleaning up these wastes is a sizeable one. This tremendous job is necessary for the survival of mankind. Man must preserve and protect his natural environment.

**Baptist WMS Have Meeting**

By Lucille Cullison, reporter  
The Womens Missionary Society of the First Baptist Church met in the church parlor on Wednesday, March 24 at 9 a. m. They had bible study and finished their week of prayer started at the previous meeting on March 11.

Mrs. A. C. Wood was in charge of the program. The lesson was from the book of Matthew, 13:45, about the Two Parables of man finding a treasure as to the kingdom of heaven. One was the accidental finding of a treasure. The other was how man seeks for the perfect pearl. The comparison of how man searches for a better way of life, which is when man finds Jesus as his Savior.

Inspiring letters were read from Missionaries from the states of Kansas and Illinois and about their work there. Present for the Bible Study were Mesdames Homer Abbott, A. C. Wood, Walter Miller, Luther Petty, Herman Bell, Lee Gibson, Elizabeth Kunkel, Essie Glenn.

The meeting was closed with a prayer.  
Miss Emma Lou Carpenter is at the home of her brother, Milton Carpenter, recuperating after a long hospital stay. Cards from any of Miss Carpenter's friends would be enjoyed by her.

**Methodist Church Brings Program For Historical Society**

By Mrs. Luther Petty, Reporter

The Alanreed Historical Society met Sunday afternoon at the elementary school cafeteria with the president John C. Haynes, calling the meeting to order.

The program was presented by members of the Methodist Church headed by their pastor, Rev. Robert Brown. The opening was by a sextette, Mrs. H. F. Fabian, Mr. and Mrs. Sammy Haynes, John B. Rice, and S. A. Cousins who sang: "Camping in Caanans Land", "Love of God", and "Lover of My Soul", with 33 being present.

The church history was written and read by Mrs. Clyde Magee, who stated that with a number of interested ones meeting to worship in 1902 on the south side of the tracks in the school-house on the ground where Finis Dalton's now live, and organized in 1903. This building was erected in 1906 at the present location. Was renovated in 1957. During this time the women had a very active part as well as at the present. In 1951-52 the present building was built. At the end of the first year they had 31 members. They now have about 360 members.

The steeple tower and bell were installed as a gift of Mrs. J. L. Hess in 1956, the year before the church building was dedicated.

The regular church mens quartet closed by singing, "We Shall Overcome".

**FBLA Attends Houston Convention**

The McLean Future Business Leases of America Chapter recently attended a FBLA state convention in Houston. The convention was held the nineteenth and twentieth of February in the Shamrock Hilton Hotel. The McLean Chapter was well presented in the contests and received many awards. The Scapbook won second, the exhibit placed fourth, and the Parliamentary Procedure Team came home with a third.

Other than entering the many contests, the McLean members were busy campaigning for David Haynes, who ran for FBLA State Vice-President, and Becky Adams, who ran for State Secretary. With much support, David Haynes was elected as the FBLA Vice President for the State of Texas for 1971. Since David was elected, Becky Adams had to withdraw from the election.

The members not only worked hard, but also had a very good time. During our stay at Houston, we were able to visit the Astrodome. This was one of the highlights of our trip. Everyone had a great time, despite of being stranded in Memphis and Amarillo, but we were glad to get home.

**F. H. A. See Films On Europe Trip**

At a recent F.H.A. meeting, David Haynes entertained the group by showing movies made by his brother, Mike Haynes of the group from McLean touring Europe last summer. Many historic sights served as background for our own students and graduate students who made the trip with Mrs. Mary Tom Riley during the Summer of 1970.

Beef cattle which have been on dry ranges for the past six months are faced with serious nutritional deficiencies, advises U. D. Thompson, Extension beef cattle specialist. The first deficiency is a lack of sufficient forage or range grass. Low quality or absence of sufficient total digestible nutrients is another complication. This kind of roughage contains little or no protein, energy, phosphorus or Vitamin A, he says.

This insecticide is described by Dr. R. L. Ridgeway, leader of USDA's cotton insect research at Texas A&M University, as the best soil-applied systemic chemical available for cotton insect control. It can be used in the furrow at planting time for control of early season pests, or as a side-dress application for mid-season insects. It is particularly effective against fleahoppers, lygus bugs, leaf perforators and boll weevils.

Control of early season pests, or as a side-dress application for mid-season insects. It is particularly effective against fleahoppers, lygus bugs, leaf perforators and boll weevils.
