No. 27.

Precinct 4 to Get Two Asphalt Roads

Two farm roads in Precinct 4 of which McLean and Alameda are a part, will be hard-surfaced in the near future.

Winds Cause Heavy Damage In Pampa Area

That high wind, which carried rain along behind it, was bad enough to break up the political rally (fortunately just as the rally was about to end anyway) Thursday night, and it was much worse in other areas not far from McLean.

The damage by the wind in McLean was negligible, but in Pampa, Lefors, and Alameda the wind took its toll. The rainfall in McLean totaled 2.2 of an inch Saturday night. A trace of rain was reported Monday by Pete Fulbright, local weather observer. Then Tuesday morning, starting about midnight and continuing until 5 o'clock in the morning, McLean received another 50 of an inch. Still another rain came early Wednesday morning, between 2 o'clock and 4:30, when .46 of an inch fell. High winds accompanied the Wednesday morning rain, and the storm warning was sounded in McLean. The three showers brought the total for the year to 11.4 inches of moisture.

Pampa apparently was the hardest hit Saturday night. Winds exceeding 60 miles per hour brought 1.07 inches of moisture (with some of it hail), knocked over 10-inch trees as if they had been bowling pins, ripped several large signs from business houses, blew down the walls of the unshaded J. C. Daniels building, and crushed the north wall of the new municipal swimming pool. At the M. Manness place five miles east of Pampa on the Wheeler highway, considerable damage was done to the house, a barn and a machine shed. On the Miami highway, two miles east of Pampa, winds blew down a garage, and destroyed a metal pantry.

Hail and wind damage was reported at Lefors, where a number of large-sized trees were snapped off. Details of the damage there was not learned, although a 5-inch rain was reported.

The same was true at Alameda, it was reported here. The winds whipped trees around and broke them off, and some hail and rain damage was reported. Most crops in the Alameda area ruined or hauled out.

The damage in McLean was light. A few small trees were damaged, and numerous small limbs were blown from trees, but no serious damage was reported.

Legion Plans Member Dance

A special dance for members of the Andrew H. Floyd post of the American Legion—and their invited guests—will be held at the Legion Hall Thursday night, July 13. Commander George W. Terry led this week.

Each Legionnaire will be allowed to have one couple as his guest, it was explained, and the dance will be closed to the general public.

The dance will start at 9 o'clock. Music will be furnished by the Sunset Ramblers.

BIRTHDAYS

July 9—Burnis Stokes, Tommy Watkins, Neil Bentley.
July 10—Ezra Lou Carpenter, Jackson Ray Hall.
July 11—Mrs. R. F. Sanders.
July 12—Laura Brown, Gene Ford.

July 13—Mrs. Johnny Haynes, Bonnie Dale Smith, Lester Campbell, Shari Lynn Barker.
July 14—Mrs. Irvn Alderson, Bonnie Trout, Gerald Stowell.
July 15—Mrs. R. T. Dickinson, Mrs. Earl Stubbfield, Joan Hill, G. W. Beck, Wayne Melroy, Bobby Duster.

Funeral Rites Held Here for Sam Bonner

One of the largest crowds ever to attend a funeral in McLean paid tribute Sunday afternoon to R. L. (Sam) Bonner, popular field superintendent for the Warren Petroleum Corporation at Kellerville, who died last Thursday morning in Highland General Hospital in Pampa. He had suffered injuries in an accident at the Tom Harlan ranch the previous Sunday.

The services were held Sunday afternoon at 2:30 o'clock in the First Baptist Church in McLean, with A. C. Little, student at Abilene Christian College of Abilene, officiating. Interment was in Hillcrest Cemetery in McLean. Bonner was born November 1, 1897, in Little Rock, Ark. He was known in Pampa oil fields as a driller, pumper, and field superintendent. He had been with the Warren corporation for a number of years, and was making his home in Kellerville at the time of his death.

He was injured Sunday afternoon, June 5, when a charging bull knocked him from his horse while participating in rodeo activities at the Harlan ranch. He suffered a fractured skull, broken ribs, and a broken shoulder, and seven broken ribs. He was in critical condition for four days before death came. Survivors include his wife, Reda of Kellerville; three sons, D. M. of Sunray, J. R. of Pampa, and R. L. Jr. of Graham; one niece, Mrs. G. L. Simmons of Alameda; nine sisters, Mrs. Carl Cummings of Borger, Mrs. Teddy Carl of Okmulgee, Okla., Mrs. Robert Brown of Norfolk, Va., Mrs. Ella Steiner and Mrs. Mark Hazelrigg of San Francisco, Calif., Mrs. Ada McMin and Mrs. Clarence Bowers of Oklahoma City, Mrs. Ollie Hammond of Okmulgee, and Mrs. O. J. Flick of Wesoka, Okla.; and nine grandchildren.

Palbearers were Ruel Smith, Henry, E. D. Morris, Sid Hazelrigg, Luther Gise, and H. W. Clodfelter. Honorary palbearers were H. F. Bofford, Bob Thompson, Bill Watson, Frank Rodgers, Roy Sullivan, Jim McClintock, Jack Voyles, Vernon Hobbs, Henry Ellis, Bob Erving, T. N. Holloway, and Bud Monzingue.

Students honored are Keith Myatt, son of Mr. and Mrs. C. A. Myatt, with his poem, "Life"; Mary Ann Back, daughter of Mr. and Mrs. Johnnie Back, with her poem, "Thanksgiving Prayer"; Darlene Shadd, daughter of Mr. and Mrs. W. W. Shadd, with her poem, "Our Cross in the Canyon"; and Barbara Barrett, daughter of Mr. and Mrs. H. E. Barrett, with her poem, "My Thanks to God."

White's Mother Dies in Stephenville

Mrs. H. G. White, mother of Attorney Sherman White of Pampa, died Sunday in Stephenville. Her home was at Huckaby, near Stephenville.

Mr. and Mrs. White left Pampa for Stephenville after receiving news that his mother has suffered a stroke. Funeral services were to be held Monday at Huckaby.

Joyous confidence and eager anticipation both shine in the eyes of 8-year-old Virginia Lee Brown, Borger, Texas, polio patient in the out-patient clinic of the Texas Scottish Rite Hospital for Crippled Children in Dallas. L. R. German, brace maker (left) has assured Virginia that she will soon walk again. Her father, T. A. Brown, (right) lends a helping hand in fitting the specially made braces. Many children, polio victims and others, get the best possible medical care and attention at the Scottish Rite Hospital. The charity hospital, now serving humanity for 27 consecutive years, is supported by contributions from kind-hearted Texans all over the state.

Absentee Ballots May Now Be Cast At Clerk's Office

Absentee balloting for the first Democratic primary July 22 began Sunday and will continue through July 18. Gray County Clerk Charlie Thut said this week.

The ballots will be accepted in person at Thut's office thru July 18, or, if sent through the mails, they will be accepted if postmarked not later than midnight July 18.

Thut stated that he will open his office at night for those who work during the day and will be unable to call in the daytime.

No absentee ballots were cast on the first day, although Thut mailed 20 ballots. Four of the ballots were mailed to England to Cabot Carbon company employees who are now working there.

Large Crowd Attends Rally For Candidates

The last few of the speakers were practically blown off the platform by a high wind, but outside of the weather interference, the political rally, sponsored last Saturday night by the McLean Lions Club, went off in good style.

No accurate check of the attendance was made, but it was estimated that between 300 and 400 people stood around, sat around, and occupied cars to listen to S. B. Kiser auction off the pies and cakes and hear the candidates briefly outline why they wanted the various offices which they are seeking.

The Lions Club netted \$134 on the pie and cake auction to aid the club's activity fund, which has been practically depleted during the past few months. The Lions had help in the project, with Kiser doing the auctioning, Jack Ayers furnishing the truck for a platform (and, incidentally, Ayers painted the truck bed especially for the affair), the McLean schools furnishing the public address system, and Callahan's furnishing the record player for pre-gathering music.

Huelyn Laycock ably handled the job as master of ceremonies. Laycock is unopposed for re-election as county superintendent.

Three of the four candidates for the Democratic nomination as Congressman from the 18th district were present. They were Walter Rogers of Pampa, LeRoy LaMaster of Perryton, and J. Blake Timmons of Amarillo. Mrs. Altavene Clark of Amarillo phoned shortly before the rally that she would be unable to attend, and M. D. Bentley spoke briefly in her behalf. The candidates were limited to five minutes each, and as a result, none of the three Congressional candidates attempted to outline his platform in detail. Other candidates who spoke were H. B. Hill and Lewis Goodrich, candidates for district judge; Tom Braly of Pampa, candidate

Fireworks Display Given by Cooke At Softball Field

Residents of the area had the opportunity of viewing a beautiful display of fireworks Monday night, as C. E. Cooke of the Cooke Chevrolet company treated a group of several hundred people to a colorful show at the McLean softball field.

The display was fired in between the two regularly scheduled softball games, and required about 45 minutes to put on. Fireworks included numerous sprays, screeching bombs, Roman candles, and other types. A total of 150 different pieces were fired by a group of eight men.

To add to the excitement, sparks from one spray ignited an entire box of the fireworks, including about 15 pieces, at one time, and those who had approached the firing area too closely quickly retired to a safe distance.

Softball Tournament Will Begin Monday Night on Local Diamond

Woman Killed Near Shamrock During Duster

A blinding sandstorm cost the life of a Dewar, Okla., woman Saturday night about four miles west of Shamrock on U. S. Highway 66.

Killed was Mrs. Sally Johnson, 69 years of age, of Dewar. She died in the Shamrock hospital about 30 minutes after a heavy truck had hit the back of the car she was in. Her son, Robert W. Johnson of Amarillo, suffered back injuries and severe bruises. His condition was described early this week as serious. Mrs. Robert Johnson and their three children were injured, but not seriously.

Members of the Johnson family had been visiting in Dewar and were returning Mrs. Sally Johnson to Amarillo for a visit, it was explained. Highway patrolmen said the Johnson car, a 1949 Chevrolet coach, driven by Johnson, was stopped on Highway 66 because the blowing dust and sand made driving difficult. Their car was hit in the rear by a heavy truck driven by Bertram Melton, 30 years of age, of Amarillo.

Johnson children injured in the collision were Burt, 13 years of age, who suffered a brain concussion; Bobby, 10, and Jimmy, 5, both of whom suffered skull lacerations. Mrs. Robert Johnson suffered bruises, but was not hospitalized.

In addition to the son in Amarillo, Mrs. Sally Johnson is survived by two other sons, Jesse of Dewar and Ben of Sand Springs, Okla.; a daughter, Mrs. Mabel Hatfield of Dewar; and a brother, Frank Arrendale of Ranger.

POLIO!

That dreaded disease has hit in McLean for the first time this summer.

Victor Craig, 7-year-old son of Mr. and Mrs. Jack Craig, was taken to the Plainview Clinic suffering from a severe case of polio this week, and was in critical condition late Wednesday.

Mr. and Mrs. Craig and family, who moved from here about two years ago, only recently moved back to McLean from Hereford. The child became ill early this week, and a diagnosis revealed that he was stricken with polio. He was rushed immediately to Plainview.

Young Craig's condition was described as very critical. He was able to breathe somewhat easier Wednesday night, however, reports from Plainview said.

An Editorial—

ANOTHER FLOP?

AWAY BACK in our somewhat feeble mind, we seem to recall that the citizens of the area were asked to vote on and elect a board of directors for a McLean area chamber of commerce.

We also recall that this board was elected and held several meetings, but that apparently little, or nothing, has been accomplished.

For this inaction we blame no one in particular. It should be remembered that the editor of this little but loud weekly newspaper was named to the board of directors, and we believe he is as much at fault as anyone else.

But it does appear to us that some action should be taken, and should be taken at once. The first thing which needs to be done, in our opinion, is to stage a membership drive, get some money together, and then start doing things. A chamber of commerce is only as good as its officers and directors, and the officers and directors are only as good as its members. We have the officers and directors but no members, which would lead this newspaper to believe that the present chamber of commerce is not worth much.

It is high time for the directors to get something started, or quit. These two avenues seem to us to be the only roads which can be taken. One road can lead to something good for the area. The other can amount to another flop. Which shall it be?

REV. JOE NORTON of Hamlin, who will conduct revival services at the Church of the Nazarene beginning Wednesday night, July 12. The services, to be held each evening at 8 o'clock, will continue through Sunday, July 23.

Boyd Suffers Burns From Gas Well Fire

Arthur Boyd suffered second degree burns on his hands and face Monday afternoon when a gas well became ignited on the Phillips lease on the Colebank-Morse place 13 miles northwest of McLean.

E. H. Kramer, driller, also suffered burns on his face and hands, but his injuries were not serious. Boyd was reported as recuperating as well as could be expected this week. He was only a short distance from the well when the blaze started.

Members of the McLean Volunteer Fire Department answered the call to the fire, and were able (Continued on back page)

Revival Begins On Wednesday

A revival meeting will begin Wednesday night, July 12, at the Church of the Nazarene in McLean, Rev. L. M. Seay, pastor, announced this week.

Conducting the services will be Rev. Joe Norton of Hamlin, an evangelist who devotes his entire time to evangelistic work. Rev. Seay will lead in the song services.

Services will be held each evening at 8 o'clock, with both morning and evening services each Sunday. The revival will end Sunday night, July 23, the local pastor said.

'Eight Teams To Battle for Cash Prizes

McLean softball addicts will have a full week of top-notch play unreel before them beginning next Monday night, when a softball tournament is held here under the sponsorship of the McLean Lions Club.

Eight teams have been entered in the tournament, and two games will be played Monday night, two Tuesday night, two Thursday night, and two Saturday night. The opening rounds will be played Monday and Tuesday nights, the semi-finals Thursday night, and the finals and play-off for third place Saturday night. Games will start each night at 7:45 o'clock.

Monday night games will be as follows: Berger V. F. W. vs. International-Harvester of Amarillo; Tom Rose of Pampa vs. 66 Bar of Borger.

Tuesday night games will be McLean A-E-F vs. Lefors; McLean All-Stars vs. White Deer.

The winners in the two Monday night games will play in the semi-finals Thursday night, and the Tuesday night winners will also meet in the semi-finals on that night. Saturday night the semi-final winners will meet for first place, and the two losers in the semi-finals will meet for third place.

First place winner will receive a cash prize of \$100, second \$50, and third place \$25. An entrance fee of \$25 is being charged for each team.

Admission to the games each night will be 25 cents for adults, and 10 cents for children 12 years of age or younger.

The Lions Club will be in charge of the gates. The north road is to be barricaded, and no one will be allowed in other than through the front entrance gates on the south side of the football field. All fans who plan to attend are requested to observe the barricade.

All money made by the Lions Club during the tournament will be used in improving the softball field for this and next year's play.

The McLean All-Star team was chosen this week by balloting by the managers of the league teams. The results are as follows:

Pitchers: Sonny Back and John Cornett; catchers, C. B. Lee and Doug Groves; first base, Red Wells and J. C. Claborn; second base, Buddy Hill and Hershell Smith; third base, Felton Webb and Ralph Britton; short stop, Sammy Haynes and Art Britton; fielders, Johnny Haynes, Roy McMullen, Don Leach, Marvin Hindman, Thomas Bailey, and L. M. Watson.

Softball--

This Week's Results:

Thursday night: Alameda vs. M. and K. rained out.
Monday night: A-E-F 22, Warren 4; Post Office 6, Lela 5.
Tuesday night: Methodist 16, 5-Mile Station 1; Holloway 16, M. and K. 3.

Next Week's Games:

Thursday night, July 6: Baptist vs. Alameda.
No other games are scheduled for next week, due to the softball tournament which will be held. Regular league play will be resumed Monday night, July 17.

Standings:

Team	W	L
Methodist	7	0
Alameda	3	1
Holloway	5	2
Lela	4	2
M. and K.	3	3
Baptist	3	3
Post Office	3	3
A-E-F	2	3
5-Mile	0	7
Warren	0	7

The true test of civilization is, not the census, nor the size of cities, nor the crops, but the kind of men that the country turns out.—Emerson

TWO WHEEL DRIVING

FROM TIME TO TIME this newspaper has carried articles and editorials concerning reckless driving on our highways, urging people to slow down while making that vacation trip, warning people to watch the other car on the open road. But perhaps we are overlooking a great danger right here under our own nose.

It has been brought to our attention in recent weeks that there is entirely too much reckless driving within our city limits—in the residential section of the town in particular.

It has also been brought to our attention that this reckless driving is being done by youngsters who believe that it is harder to turn a corner on two wheels than on four wheels—when actually it requires much more skill to make a corner on four than on two wheels, for any fool can turn a corner on two wheels. Part of the time, at least.

We do not condemn all young people of the town for this type of driving, for that would be a mistake. Actually, the reckless driving is being done by a relatively few of the younger people. For some reason or other, this type of driving seems to be a "stage of life" through which some young people have to pass sooner or later. But if such is so, why is it that all young people do not pass through this stage? No one knows the answer to that, although we believe there is an answer.

The correct answer, we believe, lies not with the youngsters, but with the parents. Some parents insist that their boys and girls drive carefully and safely, and then go further and enforce that insistence with various types of punishment. Some parents insist, but do nothing about it. And some do not even request safe driving. The latter group is rearing the youngsters which give the most trouble.

One law enforcement officer is wondering what can be done about the reckless driving. And we have no answer to his question if the cooperation of all parents is not forthcoming. There is one way which might awaken the youngsters and parents alike, and that is a bad accident. We sincerely hope, however, that this will not be the solution in McLean.

Lions Hall - Visitors Welcome

Mr. and Mrs. Custer Lowary visited in Pampa Sunday with Mrs. Nellie Brown.

Mr. and Mrs. E. L. Anderson of Borger are visiting in the Buel Watt home this week.

party-line telephone

Every person with a party-line telephone at home knows at least three things about the service.

He knows the line must be shared fairly to be useful to everyone—just as a street is shared by those on it.

He knows he appreciates courtesy from others on the line—such as not interrupting, and recognizing his emergency needs for the line now and then.

He knows whether party-line service meets his needs. About half our customers have always preferred party-line service.

Today, out of each four families with telephones, about three have party-line telephones and one of them has asked for a different type of service.

We'd like to be able to give it to them. We are working toward that, and are making some progress despite the continuing heavy demand for telephones from those still without any service.

We have on file thousands of requests for some other type of service. Wherever local conditions permit, we are meeting these requests, and are keeping a careful record of all requests, to act on at the first opportunity.

The Southwestern States Telephone Co.

LES TALK

BY LESTER
My very good friend, Mrs. Mattie Graham, was wearing a big smile last week-end. And for a good reason. Her family had presented her with a new Plymouth. Naturally, Mrs. Graham is proud of that car, but she is more proud of the fact that her children think that much of her. I sincerely believe that Mrs. Graham deserves such a gift, for I know that she has been a wonderful mother. Congratulations on that new car, Mrs. Graham.

Every two years, candidates for the various offices, including county, district, and state offices, do lots of campaigning. Peculiarly enough, it's a rare occasion when of the candidate visits our town that he or she doesn't visit the newspaper office.

We really don't know just why this is so. Personally, I only have one vote, and Eunice Stratton only has one. That's only two votes from the office. Yet the candidates always make this a stop.

Perhaps they think we have influence. But we don't. We still only have one vote each. Chances are that this newspaper, and few other small newspapers, will ever publicly support any one candidate, unless that candidate is a home town product or home county product running for a state or national office. One thing for sure, we wouldn't pick out a candidate for a state office and publicly support him—that is, not if we didn't want to get scapled. Personally, I don't believe I am any more qualified to tell you for whom to vote in most of the races than you are to tell me. So, unless I have a personal interest in a candidate, the chances are this newspaper will not support any of them to a great extent. Along this line, incidentally, I do have a personal interest in the campaign of Preston Smith of Lubbock for lieutenant governor. He is not a personal friend, but one of my cousins-in-law is driving for him in his campaign, and we all would appreciate your vote and influence. He is a West Texan, by the way, the only one of the 12 in that lieutenant governor's race.

But anyhow, I don't quite understand why the candidates do always drop by here. I am glad to see them, of course, and see what they look like, but I don't care to spend a great deal of my time chatting with them. I seldom learn anything by so doing. The strange thing is that once they are in office, they seldom come by—except at election time.

I would much rather they would come by and visit, not just with us but with all of their constituents, once in a while when they are in office. In that way, they could find out what we, the people, would like for them to do. They can read in the paper, but how are they to know whether this is the general opinion of the people. Usually it is, but not always.

So it is my humble opinion that an office holder—a politician, so to speak—could profit greatly by visiting his constituents when in office, rather than just once every two years. When he or she

comes around then, he or she is always wanting something—a vote.

Meant to mention this last week, but forgot it. The Korean situation brought it to my mind again.

I visited, while attending the Texas Press Association meeting in Fort Worth a couple of weeks ago, the Convair plant, where are made those giant B-36 bombers. We ran a picture of the interior of the plant in last week's paper.

The huge planes are so large they have to be moved down the assembly line at an angle. The 4,000-foot long building was made to manufacture B-24's. I think, and it is not wide enough to accommodate the assembly line of the B-36 in a normal manner.

The planes cost the government approximately \$4 million each, and the rate of delivery to the government is about one per week. The plant employs some 14,000 men and women. The Convair plant makes only the frame of the plane—the fuselage and wings. The guns, radar, radio, and engines cost about \$2 million, and the Convair plant gets about \$2 million for the frame, making the total cost the \$4 million I mentioned above.

Each B-36 has six piston engines which generate a total of

21,000 horsepower. In addition, each plane has four jet engines with a pound thrust equal to another 21,000 horsepower when the plane is making 375 miles per hour. The combined horsepower of 42,000 is greater than all the city buses in Fort Worth can generate at one time, according to a representative of the Convair plant. That horsepower is the power on just one plane.

For defense, the B-36 carries 16 and 20 millimeter guns. For those men who were in the last war, the size of these guns means something. A 20-millimeter bullet is fairly sizeable, much, much larger than a 30 caliber bullet.

The B-36, at an altitude of 40 to 45 thousand feet, which is their best flying altitude, can outmaneuver a fighter plane.

Each plane is capable of carrying thousands of pounds of bombs. Each plane can carry sufficient fuel to make a round-trip to Russia without refueling. These planes are already in production, not just on paper. The air force already has a number of them, and has about 100 more on order.

We, too, have been preparing—in our small way—in the event of another war.

SOCIETY

New Laws Aid Texas Schools

Texas' new school laws, in force one year, have had the desired effect of providing better education and of bringing more children into the classroom.

Average enrollment skyrocketed more than 100,000, L. P. Sturgeon, state associate commissioner of education, said in Austin this week.

"A renewed interest among educators in getting children into the schools, plus more attractive programs offered the pupils, have had the desired effect," Sturgeon said. "The spotlight of publicity thrown upon the schools while new education laws were being studied by the public and enacted by the legislature has caused Texans to take more interest in their schools than ever before."

"An illustration of this is the fact that in some districts members of civic clubs have designated themselves as attendance officers. They have been extremely helpful to the school administrators in urging attendance so that Texas children can have a better education."

Every district in the state has waged intensive campaigns to get children in school and keep them there, Sturgeon said.

Schools have expanded or instituted classes in shop work to interest older children.

Classes for handicapped children have increased 50 per cent. They, like many other special school services, were made possible by allocation of state funds under Gilmer-Aikin school laws.

Visual aid facilities have been augmented, Sturgeon said, increasing in the interest of children in school work.

CARD OF THANKS

We wish to take this means of expressing our sincere thanks to the members of the McLean Volunteer Fire Department who answered the call to our well fire so promptly Monday and did such an excellent job of extinguishing the blaze. Your fine cooperation will always be remembered.

Earnestine Dickinson of Dallas is visiting with her parents, Mr. and Mrs. R. T. Dickinson, this week.

Mr. and Mrs. W. S. Lentz spent July 4 with Mr. and Mrs. W. C. Meharg in Hereford.

Are You A Flirt?

"Most women," says Alice-Leone Moots, "are born flirts. A village maiden of fourteen may well have the skill of a Cleopatra." Alice, who obviously has her share of natural qualifications, outlines the "six stages in a flirtation" in the May issue of Cosmopolitan magazine. She tells why "women flirts are often admired, although men flirts are invariably condemned by society." While admitting that flirting is an art, she laments that it "has fallen into the same class as the art of beaming ornamental, chroming, in aesthetic delight a joy to the connoisseur, but almost a source of confusion in this machine age." One look at Alice, we must admit, could take the old-fashioned men out of a hundred.

Opal Little Gets Award at A. C. C.

Opal Little, daughter of Mr. and Mrs. Ben Tedder of McLean, received an award for excellency in art education for work done in the art department of Abilene Christian College during the 1949-50 session.

This award was presented by

Don H. Morris, president of the college. Mrs. Little is a junior student in ACC majoring in elementary education.

Mr. and Mrs. Granville Boyd spent Sunday in Amarillo with Mr. and Mrs. Thelmer McPherson.

W. W. Shaddid made a trip to Oklahoma City Sunday.

N. A. Greer and George Terry made a business trip to Amarillo Monday.

Dr. and Mrs. L. M. Jones and son Earl of Lubbock spent the week-end with Mrs. C. A. Watkins.

Mrs. Jewel Carey has returned to her home in Freer after a week's visit with her daughter, Mrs. W. S. Lentz.

June Bender has returned to her home in Oklahoma City after visiting with friends and relatives in McLean.

Mrs. Irene Wade and son Damon of Borger are visiting in McLean this week.

Bill Miller of Canyon was in McLean on business last week.

Uncle Sam Says

Many of you are sleeping soundly these nights, secure in the knowledge that your home is paid for, that there's an education fund ready to draw upon for that son or daughter ready for college. It doesn't take a financial wizard to figure out that the regular purchase of U. S. Savings Bonds is a safe, profitable and sure way of saving, one of the best ever invented. Today is the time to join the Payroll Savings Plan at your office or the Bond-A-Month Plan at your bank. That spells financial security.

Kit Cooper Was the Prankster in 1910

100 Years Ago—
IT HAPPENED HERE

Taken from the Files of The McLean News, June, 1910.

How the Mayor Saved Our Town
Saturday afternoon the town was celebrating the even tenor of its way, unmolested and undisturbed by any exciting experience other than the fact that McLean and the town were playing a game of football and the town was full of

FOR GOVERNOR

ALLAN SHIVERS

575,674 Texans voted for him for Lieutenant Governor in 1946 • 883,700 Texans voted to re-elect him in 1948 • They believed in him then • They believe in him now • That's why Texans will vote on July 22 to give ALLAN SHIVERS a term of his own as Governor of Texas.

country people doing their weekly shopping. But alas, this condition of affairs was not destined to last and a few of the restless spirits got their heads together and business began to pick up for the mayor.

A telegram conveyed the intelligence that a person of doubtful designs was supposed to have taken the passenger train at Sayre and hopped off at Ramnadel, from where he was making his way on foot towards McLean. The message came from the Rock Island depot and was said to be a copy of a wire from Sayre. The mayor, being a man of action and prone to leave no stone unturned in the discharge of his official capacity, immediately called the justice of the peace into council, saying in his best stage whisper, "Now, 'tis something serious." The justice of the peace, being the author of the message, was of the same opinion and by the free use of the telephone the mayor soon had his wires working with marvelous precision, forming a net into which the unwary desperado could hardly fail to fall—and fall hard and fast. The city marshal was first armed to the teeth with a smoke pole that would cripple a camel to carry. Then the constable was called into action with one at each hip. Not being of a disposition to be caught unprepared, J. L. Crabtree was also deputized and pistolized.

The next step was to procure the key to the chamber of commerce rooms and the permission to use it as a hold over. This was strongly garrisoned and thoroughly equipped with hobbles, handcuffs, gun cotton, dynamite, and other things too dangerous to mention.

All the preliminaries being arranged, these grim and determined men settled down on the death watch with countenances depicting their unholy designs. It is said they even bade their families

good-bye and cast one last look at the home and the many old landmarks that just at this time looked so good to them.

In the meantime Kit Cooper and Will J. Hodges were perfecting their plan on the quiet. Kit was to dress to fit the description of the desperate character and appear at some important place just about dark. After being arrested and—of course—convicted, he was to unmask and turn the laugh on their move that the mayor was to receive the bust of the joke. However, their plan in that regard went flat as it was rumored around that the watchers were on to the racket and intended to do some fancy shooting. This was a mistake, but the miscreants believed it and left the unfortunate men—with the exception of Littleton—to continue their vigilance watch until the wee small hours.

Citizens gathered in little knots over the town to watch the thrilling spectacle, but as the night wore on they dropped out until few remained to witness the high—which never came. Once a train was heard to whistle, and immediately guns were jerked to the surface and the march of attack was commenced. As the freight slowed down at the station, the mayor pulled a big gun and leveled it on the cow-catcher of the engine with the remark, "Stand there, dem you, if you move a notch, I'll blow a hole thru you." While he thus delayed the steam monster the others went through all the empty cars with cautious step and stealthy men, but to no avail. Reporting this fact to the leader, the engine was released and the train pulled away into the night. They slowly returned to their posts and renewed the siege, only to be rudely jerked into action again by the arrival of another train, which was held up in the same manner and with the same results. As night wore on and morning began to approach they decided to turn in and take a little rest.

Had they not come to this conclusion it is probable they would have found their man in a most startling manner. Some other miscreant had manufactured a straw man and placed him in the old shack house by the stock pen, and the constable, who was next to the game, was to lead the others into this den where they would have had a deadly battle with the straw man, he being equipped with a large Colt 45, which he held across his lap. Before this man had himself settled the watchers had given up hope and fled to the safety of their homes.

Sunday morning friends broke the news to the marshal as gently as possible and assured him of the fact that it was the mayor the joke was laid for. The marshal had suspected as much the night before, but kept mum and did not interfere when the mayor got the drop in the engine.

Later in the day the mayor was also told of the joke, and being called by the name of Billie Patterson, his Irish immediately arose and he threatened dire things to the offenders, but he soon overcame this feeling and told the boys it was one on him and he did not blame them as he was aware that no stone had ever been left unturned by him that would result in landing a good joke on someone.

The thing that stuck in the mayor's craw more than all others was the fact that this was not the first offense. On clean-up day some joker had turned over the marshal's wheelbarrow while he escorted a load of cans down the street to the dump, and a few days later others had perpetrated a game on the

Uncle Sam Says

Planting time is over and farmers and gardeners are now tending those crops carefully. But, despite all this care there is one worry—the weather. A heavy storm or drought can wipe out all the work that has gone before. So it is with you. A crippling accident or a long illness can seriously affect you financially. In either case there is one sure-safe way of providing for a contingency—the purchase of U. S. Savings Bonds. You CAN guarantee future security by enrolling today for the Payroll Savings Plan where you work or the Bond-A-Month Plan at your bank. U. S. Treasury Department.

court by bribing a convict who was working the streets to make a run for his liberty, which he did, and most successfully, too. Taken all together it occurred to the mind of the town magistrate that his court was being made the means of too much practical joking. We concur with the gentleman in that opinion and strongly believe that the joking is all over in that direction. We enjoyed the joke on the mayor as much as anyone, having in mind the time, one year ago, when the said mayor had been instrumental in rolling a barrel on us in the Christian-Cousins building stairway, but we hope it will be the last one as the city should have a real court and not a kangaroo court as this one seems to be considered.

In talking with the ring leaders of this escapade, we are informed that it was not their intention to bring discredit on the city—it was simply a chance, and about the only one the wary mayor would not have suspected, to get at him good and plenty for his many similar failings in the past. If it was detrimental to the town's good, the boys did not realize that fact and will show themselves ready to uphold the city court in all things from here out.

Mrs. Mary L. Thompson of Lubbock visited last Friday night in the home of her sister, Mrs. Jim Back. Mrs. Thompson was en route to Coffeyville, Kans.

Sunday visitors in the home of Mr. and Mrs. Lester Campbell were Mrs. Laura Campbell and Tom Salem of Turkey, and Mrs. L. C. Jones, Mrs. Lucy Crow, Mrs. M. M. Nix and June Ann Nix of Shamrock. Mrs. Salem and son Tim, who have been visiting here, returned to Turkey Sunday afternoon with Mr. Salem and Mrs. Laura Campbell.

Mr and Mrs E. L. McElroy and daughter Beverly of Vernon visited in the home of Mr. and Mrs. Clifford Allison Sunday. They returned Shirley Allison, who has been visiting them.

Mr. and Mrs. Ernest Beck and daughter Virginia, Mrs. George Beck, and Mrs. Fred Patterson made a business trip to Amarillo Monday.

For Constable, Precinct 5: LUTHER (LUKE) HENLEY
 J. A. (Jim) WHEELER

Boyd—
 (Continued from page 1)
 to extinguish the blaze quickly. However, machinery and equipment in the area had become heated to such an extent that considerable cooling was necessary before the fire was thoroughly put out.

Kramer estimated the loss in damage to the machinery at about \$2,000. He and Charlie Gray are the drillers on the Phillips lease.

Rally—
 (Continued from page 1)
 for district attorney; Dee Patterson for district clerk; Ola Gregory for county treasurer; Rufe Jordan and Horace Johnson for county sheriff; John Studer and Bill Waters, for county attorney; Earnest Beck, Jesse Roberts, Clyde Brown, and L. G. Waldrop, for commissioner, precinct No. 4; C. S. Rice and S. G. Robinson, for justice of the peace, precinct No. 5; and Luke Henley and J. A. Wheeler, for constable, precinct No. 5.

Near the end of the program, a high wind carrying a great deal of sand hit the town, and was followed soon by rain. A storm warning was given on the siren, and the crowd quickly scattered.

Iva Davidson of Wheeler spent the week-end in the home of her sister, Mrs. F. L. Bones.

Mr. and Mrs. Nolan Satterwhite and daughter of Marshall, and Mr. and Mrs. J. M. Tidwell and children of Hedley were week-end guests in the home of Mrs. Hester Adams and family.

Mr. and Mrs. Roger Powers and Mr. and Mrs. Carl Jones attended the football game at Pampa Tuesday night.

Wong, used by at least 150,000,000 Chinese, is the world's most common family name.

Literal translation of the word "mortgage" is death pledge.

MARINE AIR RESERVE MOBILIZATION * 1950

11 U. S. MARINE AIR RESERVE SQUADRONS, based at 25 U. S. Naval Air Stations throughout the nation, are poised to make the two largest coast-to-coast mass air movements ever planned for American reserve air fighter units in peacetime. 21 Western squadrons will leave home stations (black arrows) simultaneously, July 8th, 1950, for maneuvers lasting to July 22nd at Cherry Point, N. C. 20 squadrons at bases east of the Mississippi (white arrows) will leave simultaneously August 5th, 1950, for maneuvers lasting to August 19th at El Toro (Santa Ana), California. Fast moving Marine mobile radar equipment will be set up in radar networks in the field to direct interception of "attacking" planes.

Two Attending Field Training

Two University of Texas dental students from McLean, James W. Carpenter, son of Mr. and Mrs. C. M. Carpenter, and Harold L. Meador, son of Mr. and Mrs. J. A. Meador, attending the Medical Department field training program given at Medical Field Service School, are among the first 800 ROTC cadets to start processing at Brooke Army Medical Center, Fort Sam Houston, for training at the first two of four summer encampments planned for medical, dental, veterinary, and pharmacy students, from universities and colleges throughout the United States. The six weeks program will cover armed forces medical procedures and hospital techniques.

Commanded by Major General E. A. Nye, who also commands Brooke Army Medical Center, the ROTC camps will cover two areas of training, one at Brooke General Hospital and one directed by Medical Field Service School. The clinical clerkship course at the hospital is under the command of Deputy ROTC Commander Col. Allan A. Craig. The Medical Department ROTC field training program under the direction of Medical Field Service School, is commanded by Deputy Camp Commander Lt. Col. Donald E. Carle.

One hundred fifty cadets, those with previous field experience and those in the junior and senior pre-medical college levels, will take the clinical clerkship course. In addition to Brooke, seven other general hospitals of the armed forces are giving this type of ROTC instruction. The cadets will attend medical staff conferences and accompany doctors on ward visits to observe diagnostic and treatment procedures.

A. J. Dauer Dies At White Deer

August J. Dauer, 74-year-old pioneer resident of White Deer and father of Mrs. Horace W. Brooks of McLean, died in a Pampa hospital Wednesday morning at 9 o'clock following a long illness.

He was president of the Farmer's National Bank in White Deer, and had lived in that community since 1908, when he moved there from Illinois. He was one of the founders of the bank. He was a member of the Presbyterian church, and was a prominent rancher in Carson County.

Survivors include his wife, of White Deer; two sons, Roland of Pampa and Paul of Panhandle; three daughters, Mrs. Brooks of McLean, Mrs. L. C. O'Neal and Mrs. George Coffee of White Deer; one brother, Theodore of Pullman, Wash.; and two sisters, Mrs. Lena Woods and Mrs. Doyis Campbell of Centralia, Ill.

The good man's hope is laid far—far beyond the sway of tempests or the furious sweep of mortal deceleration—H. K. White.

Human hope and faith should join in nature's grand harmony, and, if on minor key, make music in the heart—Mary Baker Eddy.

Human hope and faith should join in nature's grand harmony, and, if on minor key, make music in the heart—Mary Baker Eddy.

Two Are Hurt In Car Crash

Two persons were injured early Tuesday morning in a two-car collision about 7.5 miles west of McLean.

Injured were Lillian Houk, 22, of Los Angeles, Calif., and Buddy Conner, 13, of Knoxville. Extent of their injuries was not learned, but they were not believed to be in a serious condition.

The collision occurred when James Crawford Conner, 21, of Knoxville, slowed down to avoid mud which had been washed onto Highway 66 by rains during the night. James Edward Houk, of Los Angeles, was traveling behind Conner, and failed to slow down in time. Conner was driving a 1946 Chevrolet coach, and Houk a 1942 Buick sedan.

The occupants of the two cars were traveling together as a party and were proceeding to Tennessee, it was reported.

Two on Honor List at Tech

Two McLean students at Texas Tech, Lubbock, were named to the spring semester honor roll of the college, it has just been announced. The roll includes the upper five per cent of students, scholastically.

James L. Cooke, junior business administration major, had a grade point average of 2.95, while Royce Isaycock had 2.75, with 3.00 as the highest possible. Laycock was a senior arts and sciences major last semester.

SOCIAL SECURITY NEWS

"Working on a job without showing your social security card to the employer is as big a gamble as putting money in a bank without giving your name," says J. R. Sanderson, manager of the Amarillo social security office. "Your wages can't be posted to your old-age and survivors insurance account without your social security number."

"Every three months," Sanderson says, "your employer must report your wages to the Social Security Administration to be posted to your old-age and survivors insurance account. During this month he will make his quarterly report of wages paid during April, May, and June. He must show the number of your account on the same line with your name and the amount of wages he has paid to you. The number on your social security card is the number of your insurance account. If you don't show your card to your employer, he can't have your account number on his report. And you can't get credit for your wages."

"You want to be sure that all your wages are posted to your account," Sanderson said, "because the retirement or survivors benefits that you and your family will collect is a percentage of the wages that have been entered into your account. The way to assure that all of your wages will be posted is to show your social security card to each employer at the time that he puts your name on his payroll."

Three People Say Saucer Was Light—Not a Saucer

Last week we told you about the flying saucer seen flying about one night during a softball game.

This week we give you an explanation offered for the saucer by three different people. The people are Bill Day, Mrs. Joe Bidwell, and Edward Ayers. Their stories were exactly the same.

These three, who gave us the explanation at different times during the past week, say that the peculiarly-acting light in the sky was a light atop one of the drive-in theaters at Pampa, which moves in a manner similar to that described by the saucer viewers. The light can be seen that distance when atmospheric conditions are correct. It was explained.

That's the way it was told to us. Some of those who reported seeing the strange light during the softball game still don't agree. Any more explanations?

Clothing Clinic At Alanreed

A clothing clinic for all mothers of 4-H Club girls and adult leaders in the McLean, Alanreed, and Lefors communities is being held at the Alanreed school today. This clinic will be continued on Monday, July 10.

The mothers will have an opportunity to see up-to-date sewing equipment and to make a garment for their 4-H Club girl, using the newest sewing techniques.

It is hoped that the clinic will stimulate mothers to a greater interest in the 4-H clothing program. Mary Anne Duke, Gray County home demonstration agent, said.

He who shall introduce into public affairs the principles of primitive Christianity will change the face of the world.—Benjamin Franklin.

Benjamin Franklin said that the face of the world would be changed by the introduction of primitive Christianity. He was right. The face of the world is being changed by the introduction of primitive Christianity.
