

PLAIN TALK

By BILL PERKINS

We went back to school Tuesday and enjoyed every minute of it.

Actually, we didn't get to see all of the grade school classes and did not get to the high school at all, because we became so interested in the student displays in Mrs. Beck's room we spent most of our visit right there.

Many of the students had written biographies of famous persons of today and of the past. All were displayed along with photographs, letters or gifts from some of the dignitaries.

Then there is the display of all the famous legendary characters which the junior high school students have gathered to portray story book subjects. Some of the subjects are William Tell, Robin Hood, Gulliver, Black Beauty and Robinson Crusoe without Friday. In addition to the display the students have written reviews of each of the stories and compiled them in a book.

Another highlight of the room was the "English Channel," a cleverly devised electric lighted television type box with which a portion of a class can compete with another while studying English.

It is similar to the Tic Tac Dough quiz on television and lights of green, white and red are lighted when correct answers are given.

A library of questions on various categories such as verbs, adjectives and adverbs and other types of sentence structure are maintained and are used when the students use the "English Channel."

This unique teaching device was invented last year by Mrs. Beck and her students and the job of wiring for the various colored lights was done by Larry Fuller.

By the time we had finished with our visit in this room our time was about gone but we did manage to visit briefly with McLean's spelling champion, eighth grader, Phyllis Flowers. Phyllis will compete for McLean in spelling bees scheduled later this month and we don't think that a more capable speller could be found anywhere. Principal Dale Parvin explained that they only have one problem now, that is finding someone to pronounce the words for Phyllis to spell.

Visit the schools this week and take advantage of the open house and band concert tomorrow night.

Apparently everyone is happy with the performance of the McLean city council and the school board. There is no opposition to the re-election of any of them. We certainly have no complaint because it seems to us that conditions in general are improving all the time.

Cooper's Foods recently topped their parking area for the convenience of customers on damp days. Dick Dickinson said Wednesday that construction of Puckett's new building would probably get underway about the end of the month.

Hillcrest Cemetery Association Meets; Called Meeting Set

The Hillcrest Cemetery Association met March 4 with the following members present: Jerry Everett, Mr. and Mrs. E. L. Sitter, Mr. and Mrs. W. E. Hogan, Boyd Meador, Mrs. Luther Petty and S. A. Cousins.

Officers elected for the coming year are: President, Perry Everett; vice president, W. E. Hogan; secretary, treasurer, S. A. Cousins.

Directors: Hickman Brown, Mrs. Willie Boyett, Mrs. Nida Green, Mrs. Pearl Johnson, Mrs. Frances Kennedy, Mrs. Loula Ladd, E. J. Lander, Rev. H. A. Longino, Boyd Meador, Boyd Reeves and Mrs. Boyd Reeves.

The following persons were named to the landscaping committee: Mrs. W. E. Bogan, Mrs. C. E. Cooke, Mr. and Mrs. E. L. Sitter.

President Everett has called a meeting for March 18 at the City Hall for the purpose of making plans for the coming year. All interested persons are urged to be present.

Miss Pat Shelton of Amarillo spent the weekend with her parents, Mr. and Mrs. Jimmy Shelton. She was accompanied by Richard Hager of Hereford. The two, Hager and Pat's sister, Jeanne, attended services at the Church of the Preterite in Pampa Sunday.

Miss Susie Trout to Represent McLean in Colleen Contest

Susie Trout, McLean High School senior student, will represent local students in the "Miss Irish Rose" contest this year at the annual St. Patrick's Day event at Shamrock.

The contest and celebration are scheduled for Monday, March 17.

TIGERETTES DROP BI-DISTRICT TITLE GAME TO WHITE DEER

Coach Jack Riley's McLean Tigerettes ended a very successful season here Tuesday night when they lost the girls bi-district championship game to the White Deer Does 72 to 56.

A large crowd, possibly the largest ever to fill the Municipal Building in McLean for a game, was on hand to see the district 2-A champions and the 1-A champions tangle here.

Top scoring honors for the Tigerettes went to Laura Mae Switzer with 27 points, followed by Sandra Burnett who dropped in 17. Geraldine McPherson scored 10 points and Adella Vineyard added two.

The following girls made up Coach Riley's district-winning team this year, in addition to the four above-named: Flo Nell Crockett, Natalie Herndon, Almada Gibson, Marsha Andrews, Lou Vera Taylor, Jeanene Shelton, Linda Grimsley, Nancy Meacham, Judy Wyatt, Judy Glass, and Elizabeth Boston.

Miss Billie Brown is the faculty sponsor of the team and Bobby Jean Turner is manager.

During the 1957-58 season the Tigerettes played 30 games, lost four, and three of the four last were to the White Deer girls. Their other loss was to Lefors.

The city election has been called for Tuesday, April 1, and the school board election will be held the following Saturday, April 5.

McLean Lions Visit Schools Here Tuesday

Members of the McLean Lions Club were guests of the local schools Tuesday at noon when the meeting was held in the school cafeteria.

Following a delicious meal of hot biscuits and ham with all the trimmings, a short business session was held. Bill Reeves was named to replace Larry Fuller on the rodeo committee and will work with C. P. Hamilton and John C. Haynes on the 66 Round-up and Rodeo this year.

Arrangements are being made by Lion Flea Simpson for the club's annual beauty contest, and arrangements for local Lions to attend the district convention at Dalhart are being handled by Lion Boyd Meador.

Creed Lamb had the only guest present Tuesday and Oran Durham, a senior and honor student at McLean High School was introduced as Cub of the Month for March.

Lions Jim Hathaway and Boyd Meador met Monday night with a group of men at Samnorwood who are interested in forming a Lions club there, and plans were made for an organizational meeting for March 24.

Ted Simmons' committee has placed the new bicycle rack at the elementary school for the club, and Lion Boss Amos Page read a letter of appreciation from the Crippled Children's Camp at Kerrville expressing thanks for the recent contribution.

Following the business session Boss Page turned the program over to Lion Freeman Melton, Jr., who welcomed the group to the schools and expressed appreciation on behalf of the schools for the cooperation received from the club.

Principals Harold Bunch and Dale Parvin extended further invitations to the Lions to visit the classrooms and the remainder of the meeting was devoted to visitation.

Miss Susie Trout To Represent McLean in Colleen Contest

Susie Trout, McLean High School senior student, will represent local students in the "Miss Irish Rose" contest this year at the annual St. Patrick's Day event at Shamrock.

The contest and celebration are scheduled for Monday, March 17.

Mrs. Omer Smulter is in Groom with her mother, Mrs. W. M. Tibbets. Mrs. Tibbets is a patient at the Groom hospital.

COOK LISTS PROGRAM FOR BAND CONCERT

A free concert is to be given this Friday evening at 8:00 o'clock immediately following the open house at the schools.

An interesting program has been prepared by the junior high and high school bands. The junior high band will select a program from the following numbers: Scouts on Parade, Graduation Day, Aura Lee, Mexican Folk Song, Playtime Waltz, and Go Down Moses.

Following an intermission the high school band will present a program from the following: A Mighty Fortress Is Our God, Sarabanda and Gavotte, Black Knight, Air for Band, Beguine Festival, United Nations March, Raunchy, Fascination, Saratoga March, Thunder Song, Death and the Maiden, and King John.

Immediately following the concert there will be a very short meeting for the Band Boosters Club.

Director Bruce Cook urges everyone to attend the concert and support the bands.

Persons

Jerry Guyton of WTSC in Canyon visited his parents, Mr. and Mrs. C. R. Guyton, the first of the week.

Mrs. Bert Beasley and daughter, Suzanne, of Temple, Mrs. Jim Johnson and children of Beaumont, and J. F. Eustace of Amarillo visited in the Earl Eustace home over the weekend.

OPEN HOUSE, BAND CONCERT AT SCHOOLS FRIDAY NIGHT

Open house will be observed from 6:00 to 8:00 o'clock tomorrow night at both the elementary and high schools in McLean, Superintendent Freeman Melton, Jr., has announced.

Teachers will be in each class room during the open house to show all visitors through the schools and to explain the work that students are doing and their various studies.

At 8:00 o'clock following the open house, a concert featuring the McLean bands under the direction of Bruce Cook, will be held in the high school auditorium.

The program will get underway with selections by the grade school band. The high school band will present a varied program of contest, popular and march selections.

There is no charge for the concert. Supt. Melton and Principals Harold Bunch and Dale Parvin said that parents are always welcome to visit McLean schools but that a special invitation is extended to everyone to attend the open house and band concert Friday night.

McLean Engineers Utility Detachment Gets Superior Rating

The 237th Engineers Utility Detachment of McLean received a superior rating on an Ordnance Inspection held February 13. This inspection covered all equipment and the orderly room.

Four new men joined the reserve January 4. They are Kenneth Gossett, Bob Orrick, Eddie Brown and Oran Durham. These men along with several other high school seniors will leave for their six months active duty in June.

The Engineers meet every Monday night at 7:20 in McLean. They are now the strength of one officer, one warrant officer and 20 enlisted men. The Engineers wish to invite everyone to come to the American Legion Hall any Monday night and sit in on a class with them.

TRUSTEE ELECTION SCHEDULED

A trustee election to fill two vacancies on the McLean Independent School District board will be held Saturday, April 5. Charles Cousins has announced.

The terms of J. W. Meacham and Clyde Brown expire this year and both has filed for re-election.

The local board is composed of seven members including Bill Cash, Sammy Haynes, Hershel McCarty, E. J. Windom, Jr., and Faris Hess, in addition to Meacham and Brown.

Two Woods Boys Place 3 Calves At Pampa Show

McLean boys placed three calves and one pig at the Top o' Texas stock show at Pampa Wednesday and sales started at 9:30 with Col. Walter Britten crying the sale.

David Woods placed two calves and took third and fourth places. One of his calves was sold to Cabot Carbon Company for 40 cents per pound and the other was bought by Cooper's Foods in McLean for 41 cents a pound.

Don Woods, David's brother, had a calf that placed sixth and was sold to the American National Bank in McLean for 39 cents a pound.

Both boys are sons of Mr. and Mrs. June Woods.

Gerald Tate, son of Mr. and Mrs. O. O. Tate, was the only boy from McLean to place a pig in the show and his 18th place winner was sold to Brown's Drug at 32 cents a pound.

The McLean Lions Club bought six unplaced calves at 30 cents and the American National Bank bought five at the same price.

Mrs. Bill Stubbs and Mrs. C. O. Goodman attended an executive meeting of Presbyterial in Canyon Monday.

1958 RED CROSS FUND DRIVE SET TO BEGIN HERE MONDAY

The 1958 Red Cross Fund Drive in McLean will get underway March 10, Freeman Melton, Jr., drive chairman, has announced. Goal for the local chapter this year is \$931.00, with \$506 of this amount slated for national use and \$425 designated for use in this area.

An organizational meeting of the Red Cross fund drive for McLean and surrounding area was held in the McLean high school auditorium Wednesday, Feb. 26, at 4:00 p. m.

Cliff Day, who is chairman of the McLean chapter of the American Red Cross, gave a very interesting talk on Red Cross and its work.

Freeman Melton, Jr., who is chairman of the fund raising drive for this year in McLean, presented plans and discussion on the fund drive, and the following plans were worked out.

Eleven McLean ladies will serve as team captains and each lady in return will ask from one to six more ladies to work with her on her team. Each team will have a list of people to call upon for the fund drive.

The 12 team captains are: Mrs. Guy Beasley, Mrs. Harold Bunch, Mrs. Odell Mantooth, Mrs. Raymond Glass, Mrs. Douglas Groves, Mrs. Truitt Johnson, Mrs. Hershel McCarty, Mrs. Miro Pagan, Mrs. Evan Sitter, Mrs. Frank Simpson and Mrs. Jim Hathaway.

"I hope the people of McLean will back their Red Cross as they have done in the past and when these ladies begin to call upon you that you will have some contribution to give to a very helping and worthwhile organization," Chairman Melton said.

By VERN SANFORD
Eventually every owner of an outboard motor boat faces this problem: Should I leave my boat in the water, or should I buy a trailer?

That's exactly the question that was asked by one of the readers of this column. And I'll try to answer it.
Leaving the boat in the water continually calls for the monthly payment of a stall-rental fee. It's either that or ownership of a dock. And owning one is far more expensive than renting. But there are many other angles to consider, besides the docking cost.
A fellow who keeps his boat in the water all the time always has it available for immediate use. He saves time launching and loading, not to mention the cost of buying a trailer. Something else, too—he eliminates the problem of where to store the boat and trailer. Also the problem of transporting trailer and boat from home to lake.

Loading and unloading a boat, at best, is no easy matter. It requires at least two persons to do the job, even for the smallest runabout. And usually it necessitates leaving your car in a not too desirable location—with the added possibility of theft or damage to car and trailer.

Also well worth considering is the possibility of damage to the boat while loading and unloading, as well as in transportation to and from the boating locals. Time Element is important.

Important to most of us is the fact that it takes far more time to get aboard—from the moment you decide to go boating—if you have to be bothered with hitching and unhitching a trailer, and unloading and reloading the boat. A boat already in the water is ready for instant use—or almost so—depending on whether you first have to remove a tarp and tidy up a bit.

Then there's the maintenance problem of the trailer—small but ever present.

WATSON'S GULF SERVICE

Phone 104
McLean, Texas

Finally, and as important as any feature to most of us, is the matter of finance . . . the cost of buying a trailer, an annual license, and insurance.

Now, let's look at the other side of the picture . . . the advantage of having a trailer . . . and not keeping the boat in the water all the time.

In the first place the cost of building a dock, or the expense of small rental eventually would pay for the trailer.

Another mighty important point to consider is the advantage of moving the boat from one lake to another. In Texas with its many lakes and rivers and the Gulf Coast area, available for fishing or boating, this is a highly important point in favor of trailer ownership.

I kept a 14-foot, fiberglass Fleetform boat in the water for a year before buying a trailer, so I speak from some experience when I say that keeping a boat in a public dock has its worries, even though the dock be well guarded. While there isn't as much fear of someone stealing your boat or your motors from a public dock, as from a private dock located in some remote spot on the lake, there is the ever-present worry about pilfering.

If you are going to have your boat readily accessible so that you can take your friends and

business acquaintances boating on a moment's notice, you must leave in it all the necessities of boating. Namely, gas tanks, a battery, several life preservers and a couple of oars.

In addition, a fellow should take along a few extras. For instance, I never go out day or night without an emergency spotlight with a built-in red blinker—a Bugess radar-lite—and I've been mighty glad on more than one occasion that I had it along. Ever present is an extra long coil of rope, an anchor with rope attached, several bumpers, and at least two mooring snubbers.

In toto that's not much. But they are "loose" items, and they can be stolen. All of which adds up to the fact that pilfering items from a boat is a constant worry unless the dock is well guarded. I have heard of more than one person who has lost a motor, not to mention the smaller items.

Beware of "Borrowers"
Then there's another problem. The temptation to joyriders.

Very so often one reads of thrill-seeking kids who, out of sheer devilment, "borrow" a boat. Some are not too careful with them, either. It was only last year that four boys commandeered a brand new runabout and, after a wild midnight ride, finally sank it in Lake Austin. The boat was less than 24 hours old, and the kids were less than 21 years.

More and more outboards are coming equipped with keys. But a youngster bent on borrowing can short one out in short order. Sort of like locking your motor to your boat. If they are going to steal it, a lock won't make much difference.

There is another kind of "borrowing," too. The honest kind. Some people think nothing of asking you to loan them this or that. How valuable it is makes no difference. No man likes to loan his boat. But your borrowing friends are more likely to ask for the loan of your boat if it's already in the water.

A regular problem of all motor boat owners is "gassing up." You gotta have the petrol to percolate. Some of the lakeside gas stations are virtually inaccessible to all but the expert boatman. Far too many are in difficult to reach locations.

With our trailer, however, we just drive up to a station, gas up the car, tell 'em to put white

gas in the boat's tanks (along with outboard motor oil) and roll on our merry little way. Sure lots easier than trying to fill up while in the water.

Not all stations carry outboard oil and white gas. But most Humble stations do. If not, they have regular gas. It's next best. But avoid the high octane, treated stuff. It tends to gum up your motor, especially after long periods of inactivity.

There's something else to consider. If you leave your boat in the water, keep your eye on the weather. Heavy rains may fill your boat. And a sudden rise in the lake level may cause you plenty of trouble, even sinking.

Once a year every boat owner should take his boat out of the water and give it a good cleaning. Scum will collect on the bottom of any boat—fiberglass, metal or wood. Some boats need painting every year. All boats and especially the motors, need at least an annual examination. If you own a trailer this is a relatively simple matter. Otherwise it is a problem of borrowing a trailer, or renting one, or paying for transportation and an inspection-overhaul.

To put it briefly, we like the trailer idea. But if yours is a big boat, or an inboard, leave it in the water. It's a big job to move a large boat! So if it's an 18-footer or over, better let 'er float.

Reduce Delinquency
THE BIGGEST FACTOR
(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

JUDGE HUGHES
What is the biggest factor in juvenile delinquency?

Every person, adult or child, needs most of all a sense of his own significance, his own individuality. An adult wants to be recognized in his home, his church, or his club, or he loses interest.

Most Important in Youth
It is even more important for boys and girls to have a sense of their own significance. Failing to get it starts many on the road to delinquency—doing things to be considered "smart"—to be recognized by someone.

I have had many cases where I thought the main reason the boy was there was that he had been given no recognition as an individual. There had been a failure in the home to make him feel that he "belonged," was valued.

Always Something Good
There is always something to praise a child for—to make him feel important and wanted—even if he's unusually faulty . . . always the chance to listen to him with interest and affection, to make him feel that he belongs, to give him the RIGHT KIND of attention, of affection, of KINDLY but FIRM DISCIPLINE and guidance.

That is what these youngsters need—to be wanted by somebody, to be important to their friends and parents, to have guide-posts in a puzzling world.

Next: An illustration.

RED CROSS DEFINED

The following eloquent tribute was written by Virginia Burdick, public information director of the Portland-Multnomah County (Ore.) Chapter, for the chapter publication, "Panorama."

WHAT IS RED CROSS?

It is mercy untarnished and untempered. It is mankind at its finest. It is people everywhere, united by the powerful bond of devotion to a fellow man in his hour of need. Service is its creed, mercy its watchword. Its strength, born of courage and rooted in unselfishness, shall prevail against the ravages of fire, flood, famine and war. On all the farflung shores of the world, its banner is held proudly by millions of hands, and is known with thanksgiving by all men.

No lone cry in the night shall ever be too weak for it to hear and to heed. Nor can a thousand voices shrill with terror overwhelm it with confusion. Neither thundering cannon nor whining bullet shall make the Red Cross falter or fall back. Though it must often travel with death, it protects the living with all the resources at its command.

Where there is despair, Red Cross instills hope. Where there is suffering, it brings healing. Where there is destruction, it builds anew. It penetrates the creeping shadows of a confused, tormented world with the clear light of brotherhood, and with outstretched hands offers the brand of peace, vaulting over the walls that men create about themselves through fear and ignor-

ance, casting out prejudice and offering understanding in its stead.

Red Cross is countless trained, willing hands guided by hearts and minds dedicated to their particular task of mercy toward others . . . the blood donors, the doctors, the nurses, the Gray Ladies, volunteer nurse's aides, the Canteen volunteers, the disaster workers, the first aid and water safety instructors who teach the skills that save lives . . . the social welfare aides and home service staff workers who form the link between servicemen and their families and help veterans . . . the production volunteers who lovingly embroider tiny garments so that babies they will never see will look wanted and cherished; who knit and sew, and wrap Christmas packages in August for soldiers and sailors who will be on the high seas December 25 . . .

The arts and skills volunteers who guide the faltering fingers of hospital or homebound patients to new strength and usefulness, creating beauty, too . . . the nursing services instructors who teach others to care for the sick and the injured, to prepare for disaster, or to care for the new baby so that parenthood will be a joy . . . the volunteer nurses who serve beyond the call of duty . . . the Junior Red Crossers learning through service to be the good citizens of tomorrow . . .

The laboratory workers testing blood with utmost care . . . custodians dispatching that blood . . . the motor service drivers who make emergency blood deliveries to hospitals, transport children and adults to therapy treatments, and drive thousands of miles each month to do these and many other things . . . the overseas workers at the side of our armed forces who are far from home and country . . . the people of the press, radio, television, and other media who help to tell the Red Cross story . . . the men and women who capably direct the Red Cross program by their service on committees and the board of directors.

It is the thousands of people in this area and the millions of people elsewhere whose contributions of money have been translated into humanitarian service, here and abroad.

Red Cross is that part of each of us that reaches out beyond consideration of self to serve humanity.

Burgess House Burns
 The house on the Burgess place north of town was destroyed by fire Monday morning. The fire started while Mr. Burgess was at the barn feeding the stock and

he thinks it originated from a mouse and a match.
Flour Sales Limited
 I am just in receipt of a telegram from the food administrator advising that flour can be sold only in 12 pound quantities to town people and in 24 pound quantities to country people.

Please take notice to this and do not insist on your groceryman violating this rule.

We have dear boys who are holding up the flag of liberty for our land. They are fighting for your homes and mine, and the best is not good enough for them. If they need the flour, you and I should be glad to give it to them. Let's everyone do his bit—W. T. Wilson, local food administrator.

Supt. Moves to Farm
 Prof. Frank Wilson, efficient superintendent of our public school, who plans to extract wealth from the soil during vacation, moved to the farm Saturday. He now comes to school on horseback. We did not get to hear him express his sentiments about the job of moving, but Sunday he wore a sort of worried look as though he might be glad day every day isn't movin' day.

Rev. Reagan, new Baptist pastor, and wife now occupy the house in the southeast part of vacated by Prof. Wilson.

Red Cross Day Big Success
 Even if it did drizzle rain all day Saturday, the Red Cross day was a success from every standpoint. A total of \$544.94 was raised.

The dinner which was served in the old News building netted \$105.01.

A collection was taken among the crowd in town that day by Jake Hess, Scott Johnston and L. O. Floyd to pay rent for a year on the building where the dinner was served, which has been fitted out as a work room this week. This collection, together with the donations from the merchants, amounted to \$396.43.

The auction, which was conducted by J. W. Sherrard, brought \$45.50. Only articles of small value were sold.

The leaders in the Red Cross work are elated over the success of the day, and are to be congratulated.

Meat Restrictions Eased
 W. T. Wilson of the Gray County Council of Defense has a letter from the proper authorities regarding meat restrictions which says:

"All meat restrictions temporarily suspended, except meatless Tuesdays, which must be strictly observed as to beef and pork products."

This should be self-explanatory. It is good news to many who have found it difficult to adapt themselves to substitutes.

Heard Items
 J. M. McKinzey and wife, who have been visiting in Oklahoma and are on their way home to

New Mexico, are visiting this week with their son, Tom McKinzey.

Mrs. W. L. Haynes and little girls and Grandmother Haynes visited with Uncle Johnnie Haynes and wife, and at the McKinzey home the first of the week.

Several of the Heald people went to Alanreed Feb. 28 to see the boys off to training camp. Mr. and Mrs. A. P. Rippy have

returned from Arkansas where they attended the funeral of Mr. Rippy's brother, who was killed in a mining camp.

Personals
 Mrs. Chas. Carpenter returned Tuesday from Wichita Falls, where she visited her mother.

Mrs. Tom Bodine of Lefors came over Monday to spend the week with her mother, Mrs. W. C. Phillips.

AIRPORTS

HIGHWAYS

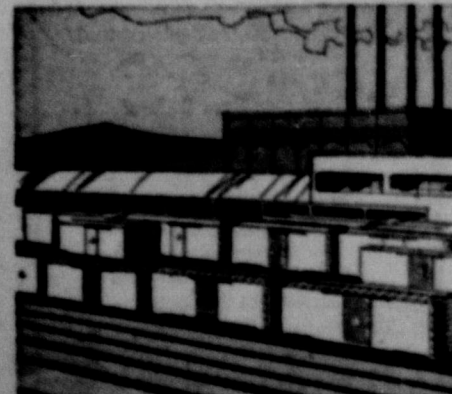

WATERWAYS

Billions of your tax dollars are annually spent to build and maintain the nation's airports, highways and waterways. Air, truck, bus and barge carriers thus have their "rights-of-way" provided at public expense. Yet the bulk of the taxpayers seldom have

occasion to use all of these modes of transport. And these carriers operate with more flexible rate structures and under milder government controls than those regulating the self-supporting rail industry.

WE PAY FOR THIS...

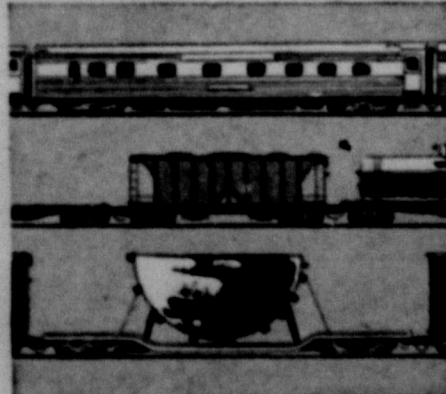

(also for your use if you choose)

MODERN TERMINALS

MODERN RIGHT-OF-WAY

MODERN CARS

Between 1937-1957, Rock Island Lines spent \$330 million to modernize completely its 8000-mile railroad. \$130 million was spent providing new or improved bridges, signalling, communications, roadbed, rail, warehouses, terminals, yards, etc. \$200 million was invested in new locomotives and cars. These vast sums pale in comparison to government

subsidies to air, highway and barge carriers. BUT railroad maintenance and improvement funds are derived solely from earning capacity (private capital). The Rock Island also pays taxes to all levels of government. Ironically, some of this railroad tax money becomes applicable to the subsidization of other forms of transport.

NOTICE TO PROPERTY OWNERS
 DESIRING CURB AND GUTTER AND FULL WIDTH PAVING

1. No curb or gutter or paving will be laid where paving does not connect with paving.
2. The cost per running foot for property owners for curb, gutter and paving (36 ft.) will be \$2.75 per foot, each side.
3. The City has reduced this cost 1-3 which the City will pay, giving you the cheapest paving that we know of in any town. Original cost is \$4.13 per running foot on each side.
4. The City will not attempt to work this program up. It will be left to the property owners. Each block should appoint a chairman to secure the consent of each property owner for this work and to collect the property owner's share for the work done. When this has been done and the money available, the City will commence work.
5. This cost will include the services of a competent engineer so that paving will be laid correctly on grade and drainage.
6. Paving will be prime coat and two applications which gives you first class pavement.
7. If you so desire, this can be paid for as follows: One-fourth down, balance in one, two or three years. Interest rate 6 per cent which is the rate the City will have to pay for borrowed money to do this work for you. City will execute a paving lien against your property for unpaid balance.
8. This work can only be done during warm and dry weather. We would like to start preliminary work immediately and know the number of blocks of paving which will be laid, so it is up to the property owner to decide now whether or not they want this paving.
9. The above price is contingent upon being able to pave at least 4 blocks and price will only be good for this summer's work.
10. In considering the cost of the paving please realize that it is returning to you in property value much more than the paving cost.

Nazarenes Look To Pilot Point Founding Event

The eyes of Texas—and the minds and hearts of many devout Christians around the world—will be upon Pilot Point, a small village in the north central part of the Lone Star State, next October 13.

On that date, a monument of pink Texas granite will be unveiled there, marking the exact place where the Church of the Nazarene, an international Protestant denomination, was founded 50 years ago. The ceremony will take place with an appropriate program before a throng of visitors that will double the usual village population.

Among the notables invited will be the governor of Texas. The Church of the Nazarene is believed to be the only religious denomination that claims Texas as a birth place.

On the natal day 50 years ago, delegates from 228 churches with 10,414 members in the East, West and South voted unanimously to unite. Their great common bond was agreement in the Wesleyan doctrine of entire sanctification, or heart purity. The Nazarene church now has 4,500 churches with nearly 300,000 members, and 390 missionaries working in 35 world areas.

Plans for the special Pilot Point program are being completed by a committee of two Texans and two church leaders from Kansas City. They are John

Stockton and S. T. Ludwig of Kansas City, Geron Roberts of Pilot Point and Orville Jenkins of Lubbock.

Last Rites Held For W. M. Davis

W. M. Davis, prominent Dozier community farmer and resident of Collingsworth and Wheeler counties since 1909, died at 1:30 o'clock Tuesday of last week in Shamrock General Hospital. In ill health for the past 10 years, his condition had grown worse during the past week. He had been bedfast only two days. Funeral services were held February 26 in the Glen Davis Memorial Methodist Church of Dozier, with Rev. O. C. Evans of Lela and Rev. Carlton Thompson of Wheeler officiating.

"Shure and it's a foine Irish Party we're plannin' in Shamrock for St. Patrick's Day—March 17," says Marvin Tindall, above, general chairman of the 1958 celebration. Plans for the gigantic festival are nearing completion. As in the past, highlight of the day's activities will be the street parade beginning at 11 a. m. Heading the list of celebrities attending the 12th annual celebration will be Oklahoma Governor Raymond Gary and Western Movie Star Tim Holt.

Shamrock Trinity Lutheran Church Dedication Sunday

Trinity Lutheran Church of Shamrock will dedicate its new house of worship at 900 South Main Street, on Sunday, March 9. Services of dedication will be held at 10:30 a. m. and also at 3:30 p. m. A cordial invitation is extended to all residents of McLean and vicinity to attend these services.

The Opening of the Door ceremony will be conducted at the 10:30 service by the pastor of the congregation, the Rev. George Dolak. The Rite of Dedication will be performed by the father of the pastor, the Rev. Dr. George Dolak. Dr. Dolak is the pastor of St. Paul's Lutheran Church of Pittsburgh, Pa. The sermon at this dedication will be delivered by the Rev. Arthur Burns, pastor of Zion Lutheran Church, Pampa.

Dr. George Dolak will be the guest speaker at the afternoon service. The congregation will make its vow of dedication at this service also. Following this service there will be a reception for all the members, friends and guests of the congregation in the Fellowship Hall.

Seventy-Seven Tracts Of Veterans Land Is Offered for Sale

Austin, Feb. 28—Seventy-seven tracts of forfeited land in 23 counties will be offered for sale by the Veterans' Land Board on March 31. The forfeited tracts are located in every part of the state, says Frank Driskill, administrative assistant to Land Commissioner Bill Alcorn. Meanwhile, the veterans' land program is continuing at top speed, Driskill says. 2,750 application forms have been mailed since the board sold \$12.5 million worth of bonds on December 16. About 55 application forms are mailed every day to veterans on the waiting list, Driskill points out. The board reached application number 8,750 today. Tracts of forfeited land to be offered in the March 31 sale are

located in these counties:
East Texas: Cass, Franklin, Nacogdoches, 2, and Upshur.
North Central Texas: Bosque, Brown, 2, Coleman, Comanche, Eastland and McCulloch.
South Central and Southwest Texas: Bastrop, Bexar, 10, DeWitt, Dimmit, 3, Maverick, 6, Medina, 3, Wilson, 3, and Zavala, 31.
Valley: Cameron and Hidalgo, 2.
West Texas: Culberson and Pecos, 2.
Panhandle: Deaf Smith.
Requests for information about the sale may be addressed to Commissioner Alcorn at the General Land Office in Austin, Driskill says.

Oil Allowable

What will happen to Texas without a sure flow of oil money to grease the wheels of government and business? March oil allowable was set at 2,517,249 barrels a day (a drop of 513,814 barrels a day from February) with only nine producing days. Railroad commission said the cutback to lowest level since pre-World War II days was necessitated by excess stocks. Over-supply developed this way, according to officials: Texas production was shoved to record highs a year ago to supply Europe while the Suez Canal was closed. Then Suez re-opened, Middle East oil flowed to Europe again and Texas was left holding unwanted surplus. Further aggravating the situation was the gush of foreign oil into the U. S., taking part of the market from Texas production. Digging into causes and effects is Governor Price Daniel's oil

Imports study commission. At first-round hearings in Austin these views were presented:
BY GOV. DANIEL—Texas is facing its most serious economic threat in 25 years. "Mandatory federal controls" are apparently the only way to stop excessive importing.
BY STATE COMPTROLLER ROBERT S. CALVERT—Continuation of the present oil production pattern for another 90 days would put the state \$20,000,000 further in the red by the end of the current fiscal period. This would mean a \$32,000,000 shortage rather than the \$12,000,000 deficit estimated earlier.
BY MAURICE ACERS, TEXAS EMPLOYMENT COMMISSION—Employment in the Texas oil industry has declined 8,000 since last July. A drop of 5% in oil employment takes \$50,000,000 in wages from the Texas economy.
BY A. T. MULLINS, GENERAL OFFICE—One company has said it will stop seeking oil from state-owned lands, and others have said they will, unless the state reduces lease prices.
BY J. WARREN HITT, TEXAS EDUCATION AGENCY—Approximately 31.3% of state school money comes from the oil and gas industry.
BY MARSHALL FORMBY, TEXAS HIGHWAY COMMISSION CHAIRMAN—Reduced oil production would eventually cut back construction of highways.
BY JOHN H. WINTERS, COMMISSIONER OF PUBLIC WELFARE—Loss of oil revenue could reduce payments to the aged, the blind, and dependent children.
BY REP. MAX SMITH, HOUSE APPROPRIATIONS CHAIRMAN—Next Legislature faces the prospect of spending money it doesn't have or finding new sources of taxation.
BY DR. PHILIP E. COLDWELL, DALLAS FEDERAL RESERVE BAN—Imports are only partly to blame for Texas oil troubles. Problem of oversupply is world-wide and likely will continue for some time.
French Robertson of Abilene is chairman of the study commission. Governor Daniel called hearings held to date "very successful." Next meeting is to be March 18 in Abilene. Meantime, the governor has wired governors of 20 other states asking them to join in the effort to get federal government action limiting imports.
Search for New Industry
Long-dormant Texas Industrial Commission has new members and a new job.

McLean Times
Thursday, March 6, 1958
McLean, Texas Pg. 6

Governor Daniel named E. B. Germany of Dallas chairman and gave the commission the task of enticing new industries to Texas to help relieve unemployment. Originally designed to study labor-management troubles, the commission had been inactive for some years. Its new industry-attracting work is to be financed by private contributions and conducted cooperatively with chambers of commerce and other local groups. Members are Houston Harte, San Angelo Standard-Times publisher; A. G. McNeese, Jr., banker and lawyer, Houston; George T. Hinson, former state representative, Mineola; Chester C. Wine, power company employee, Laredo. **New Receiver**

It is another's fault if he be not grateful; but it is mine if I do not give.—Seneca.

Cora: "I hear you have accepted Joe. Did he happen to mention that he proposed to me first?"
Laura: "Not specifically. He did say he had done a lot of foolish things before he met me."
Sales Manager: "I think you ought to call on the Smiths and try to sell them a new car."
Salesman: "What makes you think they might buy one?"
Sales Manager: "Their neighbors have a new one."
If you have a new car or an old car you want to look like new, bring it in and let us service it regularly. Your new car will stay like new longer if you let us help you take care of it.

Marie Foundations Completes First Year

Today marks the beginning of the second year for Marie Foundations in McLean. The first year has seemed to slip by rapidly. Yet so much has been done. Today there is a group of skilled employees. Today there is skilled supervising personnel. I am happy to have the factory operating with, and supervised by, people from the immediate area.

I am grateful to the City of McLean for their cooperation prior to and during the operation of the factory. I am especially grateful for the interest McLean has shown in trying to be helpful in every possible way. These things will not be forgotten by me.

At best it is a difficult task to train the many operators needed. I am deeply appreciative of the effort and diligence of Tom Greenwood and Estelline Grimsley in doing this job. I have the comfortable feeling that the factory is in loyal and capable hands.

With the bulk of the difficulties of starting such an operation behind, I know that the best is yet to be.
