Just Between Us

We have never in our newspaper written anything that drew such a large number of letters as last week's "Just Between Us."

There have been many telephone calls, cards, letters and visitors with comments on the subject since then.

Each has expressed in one way or another: "My thoughts exactly."

Just this would indicate that such a large number of the McLean News subscribers feel so strongly in this matter, there must be similar thoughts all across the nation.

This being the case, perhaps all are not lost. Up to now, the people themselves possess the greatest weapon of all "persuaders" to keep in line those who directly control the running of America.

That persuader, of course, is the vote.

When you get right down to it, the failure to use the all-powerful ballot is one reason for the situation which exists today.

Another is the failure to tell our representatives in Washington our opinions on the issues which come before them.

Your opinion does count, and don't you forget it! Just fire off a letter to Rep. Walter Rogers or Senators John Tower and Ralph Yarborough sometime.

A lot of times you won't understand exactly what they are saying in reply. But the fact they do answer is proof enough that your opinion has registered.

We protested by telegram to the two senators when the postal rate increase was being considered last year. Shortly, their replies came.

Sen. Yarborough's letter went into some detail explaining his position. But we were never able to figure out exactly what his position was.

So we decided any further protests to him would be to no avail. But Sen. Tower stated emphatically that he thought since the Post Office Department was operating in the red, a hike in rates was necessary to bail the department out.

We confess—this delighted us, for here was something to sink our teeth into.

So we proceeded to write the senator and point out to him that he was elected as a conservative. And, in our opinion, he wasn't doing what the people of Texas had sent him to Washington to do—namely, cut down on government spending. . . . not just join the crowd and gouge the public even more.

In the same letter, we put in a dig against the U. S. Government Printing Office which is in direct competition with us and every commercial printing establishment in the United States.

Though not a gambling man, we even offered to bet the senator a Texas-size 10-gallon hat that the

Rev. Beltz Will Attend Meeting

Rev. Dan Beltz, pastor of the McLean First Baptist Church, will attend the Southern Baptist Convention evangelistic conference next week in Dallas.

This conference, first of its kind to be held convention-wide, will be held in the Dallas Memorial Auditorium Tuesday through Thursday.

More than 10,000 persons are expected to attend, and some 100 leading personalities in evangelism will be in Dallas for the conference.

Theme of the event is "Spiritual Conquest . . . Now."

Meeting on Saturday Girls Ball Teams May Be Organized

All McLean girls 8 years of age and older are invited to meet Saturday evening to form softball teams, it was announced Wednesday.

Sammy Haynes, chairman of the Lions Club recreation committee, said teams would be organized and a regular softball schedule played if enough interest is shown.

Saturday's meeting will be at 6:30 p.m. at the Little League Park west of the football stadium.

The Lions board of directors voted at a breakfast Tuesday morning to sponsor the girls teams, provided there are enough youngsters who want to play.

Haynes said coaches also will be needed for the teams, and he asked adults willing to serve in this capacity to be present at the meeting Saturday.

Citizen Hospitalized Following Robbery

H. W. Harlan Sr., 618 North Rowe, remained in Groom Hospital Wednesday for treatment of injuries sustained when he was robbed at his home Sunday night.

Being held in the Gray County jail at Pampa on charges of robbing Harlan is Dave Barnett, 37-year-old Creek Indian from Henryetta, Okla.

PAULA ANNE GUYTON

Paula Anne Guyton Selected to Appear in D. C. Pageants

Paula Anne Guyton of Samnorwood has been selected as one of 10 drama students to go to Washington, D. C., this fall to present two pageants for the national convention of Royal Ambassadors.

Miss Guyton is the granddaughter of Mrs. W. W. Guyton and Mrs. Z. T. Jones of McLean and a niece of Mr. and Mrs. M. K. Marshall, also of McLean.

She is a senior at Hardin-Simmons University, and is majoring in speech with a minor in English.

The Washington trip is being sponsored by the Southern Baptist Brotherhood Association.

A 1961 graduate of Samnorwood High School, Miss Guyton is a member of the Hardin-Simmons Cowgirls Marching Band and president of Alpha Psi Omega, national honorary dramatics fraternity.

Lions to Meet
The McLean Lions Club will hold its regular noon luncheon meeting at 12:05 p.m. next Tuesday at the Methodist Church Fellowship Hall.

BOND ISSUE IS AIRED AT PAMPA MEET

Local Men Accept Invitation To Discuss Hospital

Four representatives of McLean discussed the upcoming \$150,000 bond issue election Monday night at a meeting of the Pampa Evening Kiwanis Club.

Attending the session on invitation from the Kiwanis Club were Mayor John C. Haynes, City Aldermen Boyd Meador and Creed Lamb Jr. and County Commissioner Truitt Johnson.

Haynes and Meador in brief talks before the club told of the need for hospital facilities in McLean, and a further explanation of the hospital plans was given in the question and answer session which followed.

The bond issue is scheduled for Tuesday, July 16, with polling places throughout the county open from 8 a.m. to 7 p.m.

Absentee Voting Begins
Absentee balloting begins today and will continue through July 12. County residents who believe they will be unable to go to the polls on election day are being encouraged to vote by absentee ballot.

The ballots are available in the office of County Clerk Charlie Thut in the courthouse at Pampa. Persons wishing to vote in this manner may do so at the clerk's office. Absentee ballots will not be available at any other location.

Own Taxable Property
"Only resident, qualified electors who own taxable property" in Gray County "and who have duly rendered the same for taxation shall be entitled to vote at said election," according to the proclamation calling the bond election.

Ballots for the election are printed with the simple "for the issuance of hospital bonds" and "against the issuance of hospital bonds."

If issuance is approved, the bonds will be used to build an addition onto the present McLean Clinic—which is owned by the county—to convert it into a 24-bed hospital.

Branch of HGH
The hospital would be operated as a branch of the county-owned Highland General Hospital in (See BOND, Page 2)

\$11,787 in Bonds Sold During May

Bond sales in Gray County totaled \$11,787 during May, according to George B. Cree Jr., chairman of the county saving bond committee.

Savings bond sales in Texas during the month of May were \$11,844,620. This represents an increase of three per cent over May, 1962.

"I was happy to note the sales increase in Texas during May and feel confident that this is a direct result of the outstanding support given to the Freedom Bond Drive by bond volunteers, newspapers, radio and TV stations, organizations and others. The Texas bond committee salutes these groups for their patriotic support of the bond program," Chairman Cree said.

Lt. Brinson's wife, the former Dorothy Pakan, and son are staying with her parents while he is overseas.

Marie Foundations Needing Employes

More applications for employment are needed at the Marie Foundations factory in McLean, according to Dale Greenhouse, production superintendent.

Greenhouse said Wednesday that despite the rising number of employes at the factory, there still is a need for more to keep up with production demands.

"We could use 50 more women right now," Cal Fraser, factory owner, said. Fraser reported that several new

Traffic Accident Time; Five Here in Past Week

Two young local men sustained injuries early Sunday morning in one of five traffic accidents which have occurred on U.S. Highway 66 in this area the past week.

Jack Mercer of McLean and Robert Harrison of Alanreed were still confined to Groom Hospital Wednesday recuperating from injuries received shortly after Saturday midnight.

Mercer suffered a broken vertebrae in addition to numerous bruises and abrasions. Harrison's injuries were believed less serious, but he received painful bruises and abrasions.

The accident occurred four miles west of McLean, when Mercer's 1967 Chevrolet stationwagon skidded around broadside and over-

turned while traveling west. Highway Patrolman Dave Crosslin of Shamrock investigated the mishap.

Latest in the rash of traffic accidents came at 5:45 a.m. Wednesday when a 1966 Plymouth sedan caught fire 3.5 miles west of McLean.

Highway Patrolman Charles Henderson said the fire resulted after rear wheel bearing trouble developed in the east-bound car, owned by Mrs. Jeanette Hope Brock of Shawnee, Okla.

McLean volunteer firemen answered the call and extinguished the blaze, after it had burned the left rear tire and the back seat and headliner.

A truck driver escaped injury

at 1:40 a.m. Tuesday, as a truck being pulled piggy-back broke loose and overturned 8.9 miles west of Alanreed.

Driver of the 1963 2½-ton Chevrolet truck pulling the other vehicle was Orin Lemons of Plainview.

At 10 a.m. last Saturday, a Pico Rivera, Calif., couple received lacerations when their 1959 Volkswagen panel overturned in Alanreed.

Patrolman Henderson said Mrs. Gladys Adelle Lee was attempting to make a right turn while traveling east on Highway 66.

The Volkswagen flipped over on the right side of the road, injuring Mrs. Lee and her husband, (See ACCIDENT, Page 2)

Lt. John Pakan Is Serving With Army in Germany

Second Lt. John Pakan of McLean has arrived in Germany for duty with the U. S. Army.

Lt. Pakan, son of Mr. and Mrs. Miro Pakan, currently is assigned to an Army unit in Wildflucken, Germany, but is due to go to West Berlin after three weeks of duty there.

Lt. Pakan, who was graduated the past term from West Texas State College in Canyon, served briefly with an Army unit at Checkpoint Charlie at the wall dividing West Berlin and East Berlin after his arrival in Germany.

His wife is also now in West Berlin and plans to remain there during Lt. Pakan's tour of duty.

Also on duty with the Army in Germany is Second Lt. Harris Brinson, a son-in-law of the Miro Pakan.

Lt. Brinson's wife, the former Dorothy Pakan, and son are staying with her parents while he is overseas.

CITY RAINLESS FOR A WEEK

McLean went rainless through the past week, but farmers aren't complaining.

Most were in favor of warm days with plenty of sunshine to give their crops a boost after a siege of wet weather.

Through Wednesday, the city had received a grand total of 4.72 inches of moisture since the first of the year, with 3.84 inches of this coming in June.

To this date in 1962, 9.43 inches had fallen in the city—4.52 in June. With the month fast fading, rains will have to come soon if moisture totals are to push ahead of those for this time a year ago.

Temperatures were on the warm side the past week, but never climbed above 92 degrees. The low was 60 degrees.

No rain has fallen since 30 was recorded on June 19.

PLANS MADE FOR GREENBELT

Water contract elections in the various cities and towns interested in the proposed Greenbelt Dam are expected to be held in August, it has been learned here.

Plans for constructing the dam on the Salt Fork of Red River southwest of McLean are moving forward following a series of meetings in Hedley.

Six Panhandle cities have indicated an interest in participating in the municipal water project—Hedley, Quanah, Childress, Paducah, Memphis and Clarendon.

Four of these are considered "key" cities, with construction of the dam possible with only three participating — Hedley, Quanah, Childress and Clarendon.

No Increased Cost
The Fort Worth engineering firm of Freese, Nichols and Endress reported in the meetings that the dam can be financed without an increase in taxes or water rates even if none but the key cities participate.

This is possible, it was pointed out, since the cost of the dam would be paid with revenue from the sale of water to the cities involved.

A ground crew from the engineering firm was expected in the area shortly to stake the locations of various projects connected with the dam.

These include a pump station, filter plant, company office and home for the lake manager. A million-gallon water tank also is due to be erected in east Hedley to provide equal water pressure.

New Traffic Light Installed in City

A brand new traffic light was being installed at the intersection of Highway 66 and Main Street in McLean Wednesday.

It replaces a cantankerous old light which in the past has become inoperative almost everytime a stiff breeze blows.

Street Supt. Pete Fulbright and city employes installed the new light.

Purchased with the traffic signal was a mechanism which automatically changes the light to a blinker at each midnight.

A timer causes the light to blink red for north-south traffic and amber for west-bound traffic from midnight until 6 a.m. each day.

The blinking red and amber light will remain at the intersection of Main Street and the east Highway 66 lanes a block south.

There are no immediate plans for replacing the blinking light with a regular traffic light.

Pat Window Wins Second in Tourney

Young Pat Window was the only McLeanite to reach the finals in the Shamrock Golf Tournament Sunday.

Pat, 13-year-old son of Mr. and Mrs. E. J. Window Jr., took second place in the third flight of the tourney, losing his bid for the championship on the 18th hole.

The youth defeated five other players to reach the finals. Several McLean players were entered in the Shamrock tournament.

\$572 Contributed To Cancer Crusade In McLean Area

The recent Cancer Crusade in Gray County netted a total of \$5,897.22, according to Mrs. Kermit B. Lawson of Pampa, county unit chairman.

This includes \$572.33 contributed in McLean and the area.

Mrs. Lawson reported that the county reached its minimum goal for the seventh consecutive year.

In addition, the county cancer board set an honor roll goal, the only county in District 3 North to attempt it and met this challenge as well.

Honor Roll Rating
As a result Gray County is one of some 30 counties in the entire state of Texas to achieve the honor roll rating.

Mrs. Lawson said she was proud of this accomplishment—"but above all this is the fact that increased funds will hasten the finding of a cure for cancer."

The breakdown of contributions, besides those collected here, includes:

Pampa advance gifts, \$370; Pampa business, \$950; Pampa house-to-house, \$3,534.22; Pampa teen dance, \$43.25; Hoover, \$10.50; Alanreed, \$30.76; Grandview, \$95; Lefors, \$190.16

printing office was marking up a deficit every year, too.

Naturally, we wouldn't even hint that our letter alone changed Sen. Tower's thinking somewhat. No doubt, there were hundreds of others on the same subject.

However, it wasn't long before the senator wrote again. This time, he wasn't so positive about voting for the increase in postage.

Instead, he was giving much consideration to the legislation before casting his vote.

We don't know to this day how he voted. But we feel our letter helped cause Sen. Tower to have second thoughts on a subject.

Your letter would have the same result.

Now, if you don't want to take the time to write a letter of protest to Washington about the way things are going, we would like to suggest a simpler way.

If the June 20 JBU column expresses your thoughts, too, why not clip it out, write "amen" on it, sign your name and address and mail the clipping to whichever of our representatives you prefer?

BOND

(Continued from Page 1)
Pampa.

An intensive "get-out-the-vote" campaign is being planned in McLean to encourage all eligible voters to cast their ballots in the election.

Approval of the \$150,000 bond issue will mean a slight increase in the county tax rate for two years.

The increase will amount to five cents per \$100 assessed valuation of property. This would be effective during 1964 and 1965, then the five cents would be dropped and the rate returned to the present level.

NEWS OF CONSERVATION

A diversion was laid out for C. L. Wieberg on the farm he operates northeast of Groom. This diversion will empty into a waterway that C. L. shaped and established to western wheatgrass.

A diversion terrace and farm pond were staked for Fayette Seitz on his farm southeast of Laketon.

Elmer Balch has shaped a waterway on his farm southeast of Pampa. Elmer also planted 23 acres of switchgrass in 40-inch rows for irrigated pasture. Elmer plans to

establish about 100 acres of irrigated switchgrass for pasture. He also plans to drill about 15 acres of cropland back to native grass.

Drew Ward sprigged seven acres of Midland bermudagrass on his farm north of Alanreed. The grass was sprigged in 40-inch rows. Drew plans to irrigate this grass.

A number of farmers and ranchers received small fingerling fish for stocking ponds from the Fish and Wildlife Service out of Albuquerque. Anyone wanting to order fish can contact the Soil Conservation Service technicians assisting the Gray County SCD.

STATE CAPITAL Highlights AND Sidelights
 by Vern Sanford
 TEXAS PRESS ASSOCIATION

AUSTIN—(Special)—Former Railroad Commissioner Bill Murray has been exonerated by the Travis County grand jury of any criminal wrongdoing in his personal business relations with the oil industry while a member of the commission.

Murray's duties as one of the commissioners included the drafting of rules regulating the oil industry.

It was the feeling of the grand jury that his personal investments in the oil business had in no way influenced his decisions as a commissioner.

Gov. John Connally previously had released a report, presented to him by Atty. Gen. Waggoner Carr, to the effect that an investigation of Murray's personal income tax reports had revealed that he had made more than \$1,600,000 from his oil investments while serving on the commission.

This report was turned to the grand jury.

Murray resigned from the commission several weeks ago when the conflict of interest question arose. He admitted at the time that he had been making such investments but emphatically declared they in no way influenced his decisions.

DISREGARDING DISREGARDERS—Gov. Connally says the Senate-House appropriations conference committee, which came up with the state budget bill that he protested so vigorously, never bothered to look at his budget recommendation.

Connally claims this was one reason higher education was "short changed" in the appropriations bill.

In a recent meeting of the Legislative Budget Board L. Gov. Preston Smith said the same sort of situation, wherein legislators disregard governor's recommendation, could apply to the Governor's Committee to Study Education Beyond the High School. (No legislators serve on the 25-member committee.)

So the Legislative Budget Board, made up of state senators and representatives, set up its own college study committee, and ordered its staff to study problems of financing the state's 20 colleges.

Sen. Galloway Calhoun of Tyler, who asked for the board study, said he was afraid the state might run private colleges out of business by creating more tax-supported colleges. He also said that students should bear "a more reasonable portion of the cost" of their college education.

This statement could be interpreted as a preface to state-college tuition increases in the fall of 1965.

DEATH KNELL FOR BRACERO PROGRAM—Congress killed the bracero program and set a burial date of Dec. 31, when it refused to extend the agreement to import Mexican farm laborers for two more years.

It may help agriculture workers in other states, but Henry LeBlanc, director of the Texas Employment Commission's farm labor division, says it won't help Texas' farm workers.

It might even hurt local workers, LeBlanc allowed, "because the bracero program has kept the pay rate up."

Absence of the bracero competition, LeBlanc explained, could result in lower wages for this state's workers.

It is rumored that Colorado lawmakers plan to introduce a bill to extend the bracero program there for one year. Purpose is to allow more time for readjustment of the farm labor system.

COASTAL PARK PIER PLANNED—State Parks Board has granted a permit for an elaborate 900-foot fishermen's pier which would stretch across narrow Velasco State Park into the Gulf of Mexico.

Park is a 25-mile-long stretch of sand, of undetermined width, covering the coastal front of Brazoria County in the Freeport area. Developers expect to complete the \$40,000 pier and connect it with a \$25,000 acre land development in two months.

PLEASURE CITY—State School Land Board accepted the only bid it received for a contract to lease state submerged land to build a 10,000-foot-long channel from Corpus Christi to a proposed multi-million dollar pleasure city on Mustang Island.

Bid-winner was Mustang Beach Development Corp. It is the same organization (owned by Piper Aircraft Corp.) that intends to develop 900 acres of Mustang Island into a Marina City, complete with homes, personal boat slips, industry and recreation facilities.

NEW FLUME: The fantastic new \$300,000 Log Flume ride unveiled the past week at Six Flags Over Texas, between Dallas and Fort Worth, lives up to all advance expectations. Named the Aserradero, it is the only one of its kind in the world. The faces of the passengers aboard this eight-foot hollowed-out log reflect the thrilling climax down a 44-foot incline at speeds exceeding 10 feet per second into a trough filled with swirling rapids.

Mr. and Mrs. Ollie Tindal were in Amarillo Saturday on business.

tions and credit unions to publicize dormant accounts in an attempt to uncover lost owners. Unclaimed deposits then are turned over to the state.

So far, this has totaled \$1,340,493.15. A provision in the law allows a person claiming interest in escheated property to recover his money. This has caused \$1,686.68 to be refunded.

Originally, utility companies, county treasurers, insurance firms, court officers and others affected by the first escheat-reverting law reported more than \$3,300,000 worth of unclaimed holdings.

However, by the time public notice was given, the amount had dwindled to \$2,260,691.88. Newspaper publicity relative to the new act resulted in numerous inquiries and claims.

WCS' Birthday Luncheon June 11

The WCS ladies of the Methodist Church met in the C. M. Carpenter home on June 11 for the quarterly birthday luncheon.

All members who had birthdays during the quarter put their money in the Little Brown Church.

Leona Andrews called the business session to order and the delegates to attend Mission School in Lubbock were chosen. They are Maggie Ruth Johnston and Irene Ledbetter.

The pledge service was given. Mrs. Andrews was assisted by Beatrice Foster and Mary Eustace.

ATTORNEY GENERAL RULING—Attorney general has ruled that a recently-passed bill by Rep. Forrest Harding of San Angelo gave the State Highway Commission authority to alter maximum speed limits. Commission could set them as high as 70 miles per hour.

Also it could set minimum speed limits on controlled access highways, whether within or without a city's limits, regardless of any speed limit set by city ordinance.

ESCHEAT PROCESS SLOW—It took the 1961 Legislature two special sessions to pass escheat-reverting laws to insure the state's right to dormant personal property and bank accounts, unclaimed for more than seven years by owners whose whereabouts are unknown.

To date more than \$1,600,000 has been collected by the state.

Most came from the "bank escheat" law, which became effective on May 3, 1962. Law requires banks, savings and loan associations

Screwworm Check Needed on All Animal Wounds

Ground control (immediate treatment of all wounds regardless of cause) is of major importance in the screwworm eradication program at this time.

County Agent Foster Whaley said today it's that time of year when screwworm cases normally begin a rapid increase and cautioned all livestock producers to be even more alert in their checking for possible worm cases.

The screwworm will be eradicated by constant vigilance, Whaley said. He advised livestock producers to treat every wound regardless of cause, including those from castration, dehorning, wire cuts or others, with approved materials.

These include EQ-335 or five per cent Korlan as smears or five per cent Co-Ral as a dust. These are recommended for use on all surgical cases, Whaley said. He listed the use of 25 per cent (twenty-five hundredths) Co-Ral or 5 per cent (five-tenths) Korlan as sprays for control of livestock pests.

Whaley further suggested that all livestock be checked at least once each week and more often if practical for screwworm signs.

He emphasized the need for even better reporting of all worm cases and the importance of taking worm samples from every infested wound. Be extra observant of all new livestock brought onto the farm or ranch, Whaley said.

Mrs. Glen Curry underwent surgery last Friday at Highland General Hospital in Pampa.
