McLean For, Alanreed Against Consolidation Of Schools Rejected

Patrons in the Alanreed Independent School District turned down consolidation with the McLean district last Saturday by a count of 848.

McLean patrons endorsed the proposed action 967-42.

In the county, the consolidation proposal had to receive a simple majority in each district.

These classes will continue as usual for the 24 students enrolled in the Alanreed School.

The election had been called by Gray County Judge William J. Long after petitions were circulating in the McLean and Alanreed districts.

Several property owners in the Alanreed district proposed the consolidation to protest a 25 per cent increase in valuation of property and the comparatively high cost of operating the school there.

The Alanreed school budget for the current term is more than \$78,000, but Supt. George Smith said this figure will be reduced by some \$25,000 for the next school year.

Smith said the enrollment also is expected to increase next year.

A new school building, costing over \$100,000, was constructed at Alanreed shortly before the 1961-62 term began.

Just Between Us

At the risk of being labeled as the eternal complainer, there is something that keeps "buggin' us" every time we give thought to the subject.

While the McLean area is considered the center of agricultural activity in Gray County, all federal and county employees involved in this kind of work are headquartered in Pampa.

Not a single one has an office in McLean.

Since travel is one of the most expensive items in any budget, we would like for someone to explain to us why all of these technicians must be situated in Pampa, far from the people who need them.

If someone from here wishes to contact the Soil Conservation Service, the Agricultural Stabilization and Conservation Service or the many agents' office, he must either place a long-distance telephone call or travel the 35 miles to the northwest corner of the county.

We attempted to learn why this was so a couple of years ago, but never got a satisfactory explanation. Actually, there was no explanation at all.

Some of these technicians would do nothing better than to move here, where they could do their job better. The assistant county agent, Mrs. J. D. Channell, lives in McLean now and travels back and forth to Pampa.

The county agent has one day a week to come to McLean. If something comes up unexpectedly on Tuesday, then he has to miss coming down.

The county judge at one time questioned the necessity of the agent coming to McLean at all. Perhaps he didn't realize the importance of Foster Whaley's being in personal contact with the farmers and ranchers in this part of the county.

Had, then, perhaps he didn't know...

The idea of centering all such offices in the county seat is as old fashioned as the horse and buggy.

Those were old fashioned, too, but technicians are on the federal payroll.

Tiger B Team Will Play Here Saturday

TIGER BAND IS RATED TOPS

Junior High Band Going to Hedley

The McLean Tiger Band received a 1 rating from each of the three judges in the 13th annual Hedley Cotton Festival Grand Parade this Saturday afternoon.

The parade starts at 1:30 p. m. The Hedley Festival Booster Carnival visited McLean last week, and invited everyone to attend the annual celebration. Several thousand persons are expected.

Opening Friday morning, the festival will continue through Saturday night.

Director Herb Germer said Wednesday that he was pleased with the students' performance at Mangum, but cautioned that the competition will be keener in the Inter-scholastic League contests on Oct. 27 at West Texas State University, Canyon.

David Lincycomb In Training Exercise

USS BENNINGTON—(Special)—David K. Lincycomb, Navy seaman apprentice, son of Mr. and Mrs. G. E. Lincycomb of McLean, is participating in a Navy-Marine Corps amphibious warfare training exercise called "Hard Nose" at Camp Pendleton, Calif., Oct. 6-17, while serving aboard the anti-submarine support aircraft carrier USS Bennington.

The operation will test the flexibility of 11,000 Marines in an amphibious landing. They will be deployed in 39 ships manned by over 8,000 Navy men.

The scene of the exercise is a hypothetical group of "native villagers." As they are attacked by a 2,000 man "aggressor" force a Marine landing team will practice counter-guerrilla warfare and help restore law and order. American "citizens" will be evacuated; then the 11th Marine Expeditionary Battalion will prepare to land.

Naval forces at sea will be opposed by "enemy" submarines and air attacks. The landing movements will be met with "aggressor" type action, as the marine amphibious force and helicopter units commence their beach assault.

Conrad Cunningham, Jubilee director, said several other regular performers also will be back for the show.

Martin Family Coming

Featured also will be the Martin Family, gospel singers from Pampa, and the Blue Ridge Ramblers of Pampa have indicated they, too, plan to be here for the Jubilee.

The popular Rhythm Makers of Erick, Okla., are slated to return, as well as a Shamrock group, the Irish Town Playboys.

Fiddling will be provided by J. T. Trew of Alanreed, Buck Henley of McLean and Carl Laffin of Wheeler.

Other regulars include Carl Henley, Bob Stubbfield, Ann Terry, M. K. Marshall and J. A. Endsley, all of McLean.

White Deer Bucks Due Friday For First District 2-A Game

ON THE MOVE: McLean Fullback Dickie Crockett tates the ball around the right side of the line in last Friday night's game at Gruver. Blocking for the hard-charging fullback is Quarterback Johnny Fuller. Gruver players waiting to stop the play are Joe Cluck (11) and Tommy Gumfory (76). (Photo by Carlin D'Spain)

Coach Fred Hedgecoke's McLean Tigers have drawn a tough assignment for the opening game in District 2-A competition.

The battling White Deer Bucks come to Duncan Field for the affray, starting at 7:30 p. m.

This year marks the return of White Deer to Class A competition, and the Bucks are strong—as evidenced by their 21-12 victory last week over the previously undefeated Claude Mustangs.

For the Tigers, it will be a night for an attempt to return to the victory trail, after a heart-breaking 12-0 loss to the Gruver Greyhounds last week.

The host Greyhounds struck quickly to score both their touchdowns in the first quarter, then held on and thwarted every attempt by the Tigers.

McLean toughened up, too, but couldn't get its offense working against the fired-up Gruver squad.

The Greyhounds picked up their first TD on McLean's first play from scrimmage.

Halfback Robert McCabe had returned the opening kickoff from the Tiger five to the 24. Quarterback Johnny Fuller started around the right side of the line on the first play, bobbled the ball and Greyhound End Joe Cluck snatched it up and ran the short yardage to the end zone.

The try for extra points was broken up by Tiger Tackle George Green, but the hosts had a 6-0 lead only 18 seconds after the (See TIGERS, Page 2)

BONFIRE TONIGHT

A bonfire and pep rally are scheduled tonight, on the eve of the Tigers' first District 2-A football game.

The rally begins at 6:15 p. m. at the Little League Park, just west of Duncan Field. Everyone is invited to attend.

The Tiger Band and pep club are to leave the high school building at 6 p. m. for the march to the scene of the pep rally and bonfire.

11TH ROOM IS FURNISHED

To Be in Memory Of Ruel Smith

The family of the late Ruel Smith will furnish a room in his memory in the New McLean Hospital, it was announced this week.

Mr. Smith, a member of the McLean city commission and the Gray County hospital board at the time of his death in August, 1962, was a leader in the effort to build a new hospital here.

Mayor John C. Haynes said local residents have now volunteered to furnish 11 of the patient rooms in the hospital, which is expected to be completed late this year.

Estimated cost for facilities for each patient is \$650. The hospital will contain bed space for more than 20 patients.

Semi-Private Rooms

It was pointed out that most of the rooms will be semi-private, with facilities for two patients in each. Each of the 11 donors has agreed to pay for a hospital bed and other equipment for one patient.

Plaques will be placed on the doors of the rooms to indicate who purchased the furnishings.

Workmen are beginning the final phase in the construction of the hospital, located at the site of present clinic building erected several years ago. The clinic building will become a part of the hospital.

game started. In the waning seconds of the first period, Gruver recovered a Tiger fumble on the McLean 42 and moved into scoring position again. Six plays later Halfback Frank Silva finished the drive on a 23-yard run, and the horn sounded as he hit paydirt.

Again the conversion attempt failed.

McLean moved from its 46 to the Gruver 39 early in the second quarter, but another fumble and a recovery by the Greyhounds halted the threat.

Unable to move, the Greyhounds punted to the Tiger 20. Fullback Dickie Crockett lost one to the 19 on his first try, then got out to the 21. On the next try for yardage, a Greyhound intercepted a pass, and it appeared Gruver was headed for the end zone again.

The Greyhounds picked up a first down on the McLean 14, and then moved down to the nine. A five-yard penalty for illegal procedure put Gruver back out on the 14.

Johnny Fuller broke up one pass play, knocking the ball to the ground, and on fourth down another pass missed its mark.

The Tigers took over and moved out to the 33 before being stopped, and the first half ended with Gruver on its own 49.

The second half action almost duplicated the first—without the scoring.

Gruver pushed as close as the nine at one point, but fine defensive efforts by McCabe, Dwight Hathaway, Johnny Fuller and George Green prevented a score.

As the final period opened, the Tigers started their strongest threat from their 15. Crockett on three carries smashed his way to the McLean 37.

An offside penalty against Gruver added another five to the 42, and Halfback Steve Fuller crossed the midfield stripe for a first down on the Greyhound 43.

Another offside penalty against Gruver put the line of scrimmage on the Gruver 39. Crockett was stopped on the 44, and the drive came to a sudden halt when a Greyhound intercepted a pass on the 30.

Gruver started from there on a march of its own.

Back Don Mathews hauled the ball three times to the Tiger 42, then teamed with Gary Wilson to the 29. McLean recovered a fumble on its 22, ending the threat.

Halfback Eddy Windom caught a 23-yard pass from Fuller to the McLean 45; Crockett crashed over to the Gruver 49, then to the 40 and back to the 41.

One aerial missed its mark, but Windom hauled in the next one for five yards to the Gruver 36. A pass on fourth down failed, and the Greyhounds took over to run out the clock.

We know for a fact that County Agent Foster Whaley and Arnel Scott, SCS work unit conservationist, spend much of their own time after hours giving assistance and advice to residents of this area. We feel sure that office space could be made available on the north side of the city hall building. In fact, the city commission at one time offered to furnish this space.

With Skinny Johnston in the hospital at Pampa, out of range, we could talk a little politics this week.

That stubborn-headed Democrat has threatened to cancel his subscription to the News so many times, we've lost count.

We wouldn't want to get him all shook up, so today politics won't be mentioned.

Watching Mickey Mantle in action during the World Series made us realize years even change the appearance of famous baseball players.

The Mick has added quite a bit of weight—and muscles—since we interviewed him in Texarkana 11 or 12 years ago as he began his second year with the New York Yankees.

Since then, we've been an ardent Mantle fan. But our feelings didn't include the entire Yankee team. They're great, but we sort of like to see other clubs win occasionally.

You know, McLean has a really good thing going.

The Derby Town Jubilee not only is proving popular with people of this city and area; it has sparked interest in similar shows elsewhere.

Groom has held two or three, Erick, Okla., a couple, Pampa and Lefors a few, and now Miami is planning one a week from this Saturday.

Most of these places call on the McLean Jubilee planners and entertainers to help out. George Terry, regular master of ceremonies here, has emceed shows in Groom and Erick and will handle the same chores at Miami.

Local Jubilee performers are in constant demand at these other places, too.

The programs are presented every other Saturday night, and there will be one this week, starting at 8 p.m. in the high school auditorium.

If you ever attend one, you go back again and again.

CHURCH GOING

There is an important passage on church going in Hebrews 10:25: "Let us hold fast the profession of our faith without wavering. And let us consider one another, to provoke unto love and to good works; not forsaking the assembling of ourselves together, as the manner of some is..."

The implication is that one church is as good as none—just so you go to church. But this is not so. The Scriptures teach that the true Church is composed of those who have placed their faith in the Lord Jesus Christ as the Savior who died for their sins. Such are told to "hold fast" the faith which they have professed without wavering. This must come from meeting together with unity of mind and purpose to encourage each other "to love and to good works."

It is a truly blessed experience for those who have been saved by the grace of God to assemble to express their praise together in song, to lift their hearts together in prayer and to join together in the study of God's word so as to "grow in grace and in the knowledge of our Lord Jesus Christ."

In these days of tension and confusion there is a tendency for even the most sincere Christians to be so occupied with temporal things that they deprive themselves of the encouragement and uplift that comes from getting together with other Christians. But these are just the times when true believers need the encouragement of each other's company and should particularly remember the admonition of Scripture not to "forsake the assembling of yourselves together..." and so much the more so as ye see the day approaching."

CARD OF THANKS

REGULATION CHANGES NOTED FOR LOCAL SCHOOL STUDENTS

Recent changes have been made in regulations concerning school-sponsored trips and use of automobiles by students, according to Robert L. Green, McLean High School principal.

Green said the regulations have been discussed with all students, he asked that they be published in the News to call attention to the changes.

The regulations follow:

SCHOOL-SPONSORED TRIPS

Many school trips will be made during the school year for the various activities in which the students of McLean High School will participate. Parents and students are requested to study the following regulations concerning these trips and, by your compliance, help to make them more productive and safer.

1. Students will travel to the trip in school-arranged transportation.

2. All students must return from the trip to the school by school-arranged transportation unless the sponsor of the activity for the student to return with the parent or a parent-appointed adult. No student will be allowed to return with anyone except the parent or a parent-appointed adult.

3. Arrangements to return home in other than school-arranged transportation shall be handled in the following manner:

The parent shall personally present the sponsor with a signed notice that he requests permission for his child to ride home with him or his adult appointee. The request forms provided by the school will be available from your sponsor and it is suggested that you use them. However, simply a signed note from the parent will be accepted.

These arrangements must be made before the trip begins so that the sponsor may know, in advance, who will return on school-arranged transportation.

4. Students must be passing in three unit courses in order to be eligible to make a school-sponsored trip. This does not include field trips made as a part of class work.

5. Students missing school on school-sponsored trips will not be counted absent, but they will be required to make up the work missed.

6. Those making school-sponsored trips shall be under the supervision of the sponsor and shall be expected to conduct themselves as ladies and gentlemen of McLean High School.

7. No student may be permitted to participate in school-sponsored activities who has not attended school that day, unless he has the permission of both the sponsor and the principal.

USE OF AUTOMOBILES
Student cars are to be parked

in the school parking area and at no time are they to be parked in front of the main entrance to the high school building or at the east side entrance.

Students are not to sit in parked cars in the campus area.

Student cars are not to be driven from the parking area at any time during the school day unless the student must leave, for the day, before 3:56 p.m. The school day is from 8:30 a.m. to 3:56 p.m.

Students are not to drive cars at all during the school day. This includes any car, regardless of ownership or where it is parked.

For example: You are not to walk home at the noon period and drive a car to the store for groceries, even though that car has been parked at home.

Legal school supervision, in this respect, extends continually from the time you leave home to come to school at the beginning of the day until you reach home after school has closed for the day.

Extreme caution must be exercised by all drivers to protect the lives of others as well as your own.

Never drive in excess of 12 miles per hour in the school zone.

Mr. and Mrs. Luther Petty were in Vernon last week from Wednesday to Friday at the hospital at the bedside of his brother, Horace Petty of Fort Worth. He and his wife were on their way to Altus, Okla., to attend the funeral for George Ballinger, formerly of McLean, when Mr. Petty had a heart attack a short distance from Vernon. The Luther Petties left Horace some improved but not out of danger. While at Vernon the Petties spent nights in the homes of friends, E. A. Miller and Gordon Hardin.

NEWS OF CONSERVATION

Harry Youngblood of Stinnett has completed an irrigation well on the place he operates north of Lefors. Harry plans to establish irrigated pastures.

Stan Kretzmeier has just completed leveling a field for irrigation on his place northwest of Pampa.

The value of stubble-mulch farming was noted following the recent rains. In moisture penetration checks made by Soil Conservation Service technicians where there was fair to good wheat stubble, the moisture was down to 16 inches.

Where the wheat stubble was destroyed by one-waying, the moisture was down to eight inches.

Other benefits of stubble-mulch farming are: Reduction of wind erosion, reduces soil erosion and reduces accidents caused by blowing dust.

The value of litter left on the surface is also important on rangeland. One inch of rainfall over one acre of land weighs approximately 216,000 pounds, or enough water to produce about 540 pounds of blue gramgrass.

This is enough grass to feed one cow for 18 days. Over-grazing can be costly in many other ways.

Mrs. E. J. Windom Sr., accompanied by Mrs. E. M. Ware of Povina, has returned from an 11-day trip through 14 eastern states and parts of Canada. They visited at Niagara Falls, the Worlds Fair, the Capitol and the White House. In Chicago, Ill., they visited with Rev. and Mrs. Kenneth McCall and family.

WALTER ROGERS REPORTS

NATIONAL NEWSPAPER WEEK

You will be reading this newsletter during National Newspaper Week, the week set aside each year for Americans to honor the great service they are rendered by our free press.

Our newspapers do indeed serve us well; they inform, they entertain, they stimulate thought. They make an essential contribution to the democratic processes of our republic.

They help shape the development of their communities and generally do their best to stand firmly on the side of progress, justice and morality, accepting responsibly the obligations freedom imposes.

Freedom of the press is one of the most basic of American rights guaranteed by the Constitution. The First Amendment states: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof or abridging the freedom of speech, or of the press . . ."

From the early days of American history the press has been attacked and criticized for alleged shortcomings, but the fact remains it is a great bulwark of freedom.

The foundations of press freedom were laid early. One of the significant events was the trial for libel, in 1735, of a New

Study Club Program On Edgar Allan Poe

The Alanreed Twentieth Century Club met Thursday, Oct. 8, at the home of Mrs. Lela Sherrod.

The president opened the meeting with the reading of the club collect, led by Mrs. Larue Hambricht.

Two new members, Mrs. Ruby Lilly and Mrs. Ella Mae Trout, were voted into the club.

Roll call was answered with excerpts from the writings of Edgar Allan Poe.

Mrs. Barbara Hambricht was leader of the program on Poe.

Mrs. Lulu Crisp gave his personal life, Mrs. Laura Goodman gave the poems, "Lenore" and "Anna Bell Lee" and Mrs. Barbara Hambricht gave "The Raven."

The meeting was adjourned and the hostesses, Mrs. Sherrod and Mrs. Lucy Goldston, served refreshments to Mesdames Larue Hambricht, Marjorie Fish, Claudia Cooke, Lulu Crisp, Lurah Rhodes, Joyce Smith, Judy Easton, Rose Hall, Ada Simmons, Nola Crisp, Barbara Hambricht and Laura Goodman and Billy Frank, Beth and Kinnette Hambricht.

York printer, John Peter Zenger, who was accused of vilifying the tyrannical royal governor, William Cosby. Zenger's lawyer was the elder Alexander Hamilton who summed up the printer's case for the jury in these words:

"The question before the court and you gentlemen of the jury is not of small or private concern; it is not the cause of the poor printer, nor of New York, alone; No! It may, in its consequences, affect every freeman that lives under a British government on the main of America. It is the best cause. It is the cause of liberty . . . the liberty both of exposing and opposing arbitrary power by speaking and writing truth."

In a great triumph for liberty, the jury acquitted Zenger. The Zenger trial through the years to follow was to have major influence on the feeling of the colonists as to the importance of press freedom and the general concept of liberty.

What is the right of the press? More than two centuries ago, the immortal English jurist Sir William Blackstone defined press freedom as "in laying no previous restraints upon publication, and not in freedom from censure for criminal matter when published. Every freeman has an undoubted right to lay what sentiments he pleases before the public; . . . but if he publishes what is improper, mischievous, or illegal, he must take the consequences of his own temerity." These thoughts generally apply today.

Virtually all American Presidents have been subjected to scathing and bitter criticism from some segments of the press. Stung by a succession of biting personal attacks, Thomas Jefferson said of the press of his day: "I deplore the putrid state into which our newspapers have passed, and the malignity, and the mendacious spirit of those who write them . . . these ordeals are rapidly depraving the public taste."

But then, in the next breath, Jefferson said: "It is, however, an evil for which there is no remedy our liberty depends on the freedom of the press and that cannot be limited without being lost."

A century later, Theodore Roosevelt was to say: "We have all of us suffered from the liberty of the press, but we have to take the good with the bad."

Based on my own experience, I would certainly concur with this observation by a noted Washington correspondent whose expression recently appeared in a national business magazine: "Not every reporter in the land can be portrayed as a pillar of detachment. The objective truth is an elusive quarry and one man's set of facts is another man's list of prejudices. Still, it can be maintained with assurance that the standards of integrity among men who communicate the news are as high as they are in more exalted professions."

In the Texas Panhandle, we are fortunate to have an excellent selection of daily and weekly newspapers doing their best to serve their readers and their communities. On this occasion of National Newspaper Week, I salute the men and women—the reporters and editors in the newsroom, the advertising people, the printers and the pressmen and the carrier boys—who are doing their best in the service of the nation's newspapers and our free press.

AUSTIN—(Special)—Gov. John
 Connally has given new emphasis
 to the long drive to abolish the
 state property tax and leave the
 revenue source to local govern-
 ments.

In two speeches during the past
 week—to county judges and com-
 missioners and to the Texas Muni-
 cipal League—the governor called
 for a "phasing out" of the ad-
 valorem levy by the state. That
 will require a constitutional amend-
 ment, and what Connally termed
 a "period of readjustment."

Although the tax provides only
 2.7 per cent of the state's revenue,
 the Legislature, usually hard pressed
 to balance the budget, has been
 slow to act on abolishing the \$40-
 000,000-a-year revenue source.

"There will never be a con-
 venient time," acknowledged Con-
 nally. "All we need is the extra
 courage to do what should be
 done."

This step, he said, "is the most
 tangible way I know to put mean-
 ing in our plea for more local
 self-government."

Connally also told municipal
 officials that city problems should
 be solved at the local level. He
 warned against continued search
 for solutions at the State Capitol
 level.

The Municipal League, as expect-
 ed, recommended still another
 source of revenue for local gov-
 ernment.

City officials told their TML
 board of directors that legislation
 authorizing cities to levy a munic-
 ipal sales tax, subject to voter
 approval, should be considered.

Directors in a mid-December
 meeting here will consider this
 proposal and almost certainly adopt
 it as one of the league's top legis-
 lative projects for 1965.

**TEACHER PAY RAISES BACK-
 ED**—State Board of Education has
 thrown its weight behind teacher
 pay raises.

Proposal was one of 11 legislative
 objectives agreed on at a meeting
 here. Texas State Teachers Asso-
 ciation is pushing for a \$45-a-month
 raise for classroom teachers.
 Board of Education did not specify
 any dollar amount.

**PRESIDENT'S AUSTIN OFFICES
 EYED**—Offices being readied for
 the President in the new federal
 building at Austin became a cam-
 paign issue last week.

F. Clifton White, national director
 of Citizens for Goldwater-Miller,
 charged that the ninth floor layout
 added \$2,500,000 to the cost of the
 building.

General Services Administration
 reported original contract price was

"REMEMBER THE ALAMO"
 -- the cry that fanned Texas' defeat to victory!

On March 1, 1836, thirty men from Gonzales broke through the lines of
 Mexican Army Commander Santa Anna to increase the Alamo's defenses
 to 187. This little band of heroes held the Alamo against overwhelming
 odds for five more days in one of the most heroic struggles to be found in
 the annals of man.

On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and
 the last of the heroic band of Texans died fighting. Names like William
 Barret Travis, James Bowie, Davy Crockett and James B. Bonham became
 immortal.

The massacre at the Alamo inspired General Sam Houston's men at the
 battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang
 upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

SPEAK OUT FOR FREEDOM
 ... with U. S. Savings Bonds!

Through the years that have followed, other "Alamos" and "San Jacintos"
 have inspired Americans to lead and win the fight for Freedom—Pork
 Chop Hill, Iwo Jima, the Meuse-Argonne Forest.

Today, by purchasing a United States Savings Bond, you can also speak out
 for Freedom as clearly as the battle cries of old. Every Savings Bond you
 buy is an investment in Freedom. Buy Bonds at your bank or on the payroll
 savings plan where you work.

BANGS TESTING
Kick-off date for the massive job of bangs testing our breeding herds in Gray County is Oct. 26. Testing will be completed by Dec. 1.

There are several matters that have developed that we should let you in on.

One of the biggest helps to the program has been the decision by each of the county commissioners to assign a full-time man in each of the precincts to work with the line-up men in scheduling the technicians' work.

Truitt Johnson, county commissioner from McLean, will have Ed Turner assisting in the testing for this area.

Wilson Boyd will be in charge of coordinating the testing for this area. He will have Harvey Taylor in the Alanreed vicinity and Charlie Webb in the northern part of the area assisting him.

Earlier he had reported that Leslie Darsey would be the contact man in the Alanreed vicinity. So make this change. Won't the newly installed phones in the Alanreed vicinity be nice in this case?

Others have been or will be selected in the other parts of the county. We will send a letter to all beef cattle producers in the very near future advising them of the procedure and who they should contact.

We would like to recommend that neighborhood groups get together and work out when they would like to test. Then go to Slick Boyd and work out a date with him.

I have secured a supply of appointment-size calendars for our line-up men. You should tell Slick about how many you will have and how many times it will be necessary to move in order to test your neighborhood.

Working as a group is not essential. Contact Slick and tell him what date you want to test. You will want to provide plenty of help to work your herd.

Since Ed Turner will be working with one of the breeders, there

Sue Green Winner In Table Setting

Sue Green, daughter of Rev. and Mrs. L. R. Green, won first place in the annual table setting contest for senior girls sponsored by Vernal Lynn Gift Shop.

Judges were Miss Lou Ella Patterson, Gray County home demonstration agent, and Mrs. Aleta Thompson, McLean High School home economics teacher.

Judith Going, daughter of Mr. and Mrs. Frank Going, placed second, and Elaine Baker, daughter of Mr. and Mrs. Carl Baker, third.

Each of the girls was presented a piece of her favorite china as awards in the contest.

Miss Green chose a plain white china and crystal with matching platinum band for her table setting. Her centerpiece was a double crystal candelabra entwined with pink roses and Imperial Valley.

The judges were very impressed with the simplicity of Miss Green's table.

Cotton Producers To Meet on Saturday

The annual membership meeting of the Rolling Plains Cotton Producers, Inc., will be held at 2 p.m. Saturday in the government classing office at Memphis.

All members are urged to attend the meeting.

The annual board of directors meeting is set for 11:30 a.m. Saturday at the Big Restaurant in Memphis.

Business on the agenda for the general membership meeting is publicity on the collecting program to be handled by the association this fall.

will be only two helpers other than your crew.

Even if you think you have the finest cattle chute in the country, the technicians of the Texas Animal Health Committee say they had rather have their own wooden head gate. Cattle go in it much better.

They are released faster. This speeds up the big job. So move your cattle squeeze over so the technicians can quickly attach their head gate to your crowding chute. This should be done before the technicians arrive. Have everything in readiness.

Another thing—if you want your replacement heifers (age six to 10 months, vaccinated free, tell Slick how many you will have.

Several people have asked what the cost will be. THERE IS NO CHARGE FOR THE TESTING OR VACCINATING.

However, the only time you can get the free vaccination is while the county is being tested. When the technicians move out of the county, it will have to be done through regular channels.

Don't wait for Slick to call you. I had to twist his arm to get him to accept this free gratis job. I made a lot of promises about how easy it would be, so please make it as easy as you can for him.

GIN REPORT
Only six bales of cotton have been ginned in McLean.

Four of these were for Raymond Smith, one for W. O. Hommel of Alanreed, one for Oscar Tibbets.

All bales have graded strict middling with a 15/16 staple, with the exception of one bale that went 29/32. Guess everyone has been shut down for the World Series.
