HISTORICAL SOCIETY MEET

The Crockett County Historical Society will meet Monday, April 13, at 7 p. m. in the museum, first floor courthouse annex, for its second quarterly meeting of 1959.

RED CROSS DRIVE LAGS

The annual Red Cross Fund drive was to have been completed in March but for the first time in years Ozona has failed to meet its assigned quota in support of the mercy organization.

Drive Chairman Martin Harvick reported this week that the drive is "several hundred dollars" short of the goal.

The Red Cross was not late in coming to Ozona's aid in the 1954 flood disaster. But on time or late, the 1959 Red Cross quota should be met in full by a community which received such generous assistance in its hour of greatest need five years ago.

Workers have been scarce in this years drive and you may not have been solicited. Don't let that keep you from giving to the Red Cross. Just mail it to this newspaper or hand it to us or the bank and it will still be added to the drive fund.

BUT WHO WILL BOSS BERLIN?

"The need, as we reach for a lasting peace with justice," President Eisenhower told the 10th anniversary meeting of the NATO. "is the abandonment of the Communist purpose of world domination." This is a thought that has needed expression for all of NATO's ten years, but we can't think of a more unimpressive, unemphatic, completely ho-hum way of putting it. Nor can NATO preen itself for resisting the Reds when it failed to secure the Hungarian victory after the freedom fighters had won it.

We do not think that Comrade Khrushchev is yet pacing the Kremlin in the small hours and muttering to himself, 'Curses! The jig is up!'

The standard of the world in

Character

The moment a Cadillac comes into view it begins to say wonderful things about the man at the wheel. It tells of his fine taste . . . his good and practical judgment . . . his achievements in his chosen field. And the reasons for this are found in the character of the car itself. For longer than fifty years, *goodness* has been the watchword; *craftsmanship* the creed. In the lexicon of motordom — Cadillac is the world's best synonym for quality!

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Apr. 10, 1936

Mrs. Ashby McMullan was the victim of a highwayman last Thursday afternoon when she was held up within a few miles of her ranch home by two men who demanded money. Mrs. McMullan was returning home after attending a party at the ranch of Mr. and Mrs. Charley Black. The two men stood in the middle of the road leveling pistols and ordered Mrs. McMullan to stop. When she told

them she had no money they allowed her to go her way without further molestation.

Next Saturday, April 12, Crockett county voters will pass finally

on the question of whether or not \$375,000 in bonds shall be issued to finance road construction work in the county. This will be the third attempt on the part of voters to get such an issue approved, the first, approved by a 9 to 1 majority, having been disapproved by the attorney general and the second called off just before the election because of an error in the form of the election order.

LET'S TALK LIVESTOCK BY TED GOULDY

Fort Worth, April 6 — A large offering of lambs was on hand for the opening session of the week at Fort Worth Monday and the trade found local national packers as well as shippers active and prices were generally steady on slaughter kinds. Nearly two-thirds of the run was milk lambs of the new crop, with about one-third old crop lambs. Sheep were in very small supply.

Good and choice slaughter spring lambs cashed at \$20 to \$21.50. Cull to medium springers sold from \$14 to \$19. Stocker and feeder and spring lambs sold from \$16 to \$18.50.

Good and choice old crop shorn lambs cashed at \$17 to \$19 and cull to medium old crops sold from \$10 to \$16.50. Stocker and feeder old crop lambs cashed at \$15 to \$17. A few slaughter ewes sold from \$6.50 to \$8, and old bucks sold from \$7 to \$8.50.

Fed Steers, fed yearlings and heifers and fat calves opened slow but were generally fully steady as clearance was affected. Cows, bulls and stocker and feeder classes of cattle and calves cleared readily at firm prices from the start.

SENIORS OF THE WEEK

By Camille

Ladye Lillian Everett and Mills Tandy are our two distinguished Seniors this week.

Ladye is the daughter of Mr. and Mrs. R. J. Everett. She was born in Del Rio on August 18, 1940. Ladye lived at Panhandle until she was in the third grade when she moved to Ozona.

She has participated in many clubs while in high school. Some of these are: Future Homemakers of America for four years and the 4-H Club for two years. This year Ladye is on the annual staff. She was the manager of the basketball team for the first time. Of course, it was our first year to have basketball!

Ladye plans to attend a business college in Austin in June. She is really getting an early start.

Mills is the son of Dr. and Mrs. H. B. Tandy. He was born in Ozona on September 22, 1941. Mills received all of his grammar school education in Ozona public schools. He has attended Ozona High School for most of his secondary school training with the exception of the first semester of his sophomore year which was spent at Graham-Eckes School in Palm Beach, Florida.

Mills has been on the Ayer staff for three years and is photographer for Ayer. He was in the Junior play last year and is in the Senior play this year. His hobbies are speology, photography and marine science. Mills is one of the founders of the Ozona Grotto of the National Speleological Society.

He was vice chairman of the Grotto during 1957 and 1958 and is chairman for 1959. He was 1959 convention chairman for the Texas region of the N. S. S. and has been secretary for the region for 1958 and was re-elected to the same post for 1959. Mills has kept marine life in his home for several years and last summer he worked as research assistant to Dr. Carl H. Oppenheimer at the University of Texas' Institute of Marine Science. He often uses his knowledge of photography to further his explorations of his other two hobbies.

Mills plans to attend the University of Texas next fall. His probable major will be either zoology or geology.

THE VOLLEYBALL GAME

By Janet

Friday night the Ozona Lions volleyball team defeated the Reagan County Owls, 20-15.

The Owls took the lead at the beginning of the game. The Lions soon got ahead. The game continued with one team and then the other ahead. When the game was over, the Lions were five points ahead.

The Big Lake Owls played Sonora and won in District play. Ozona beat Big Lake, thus making Big Lake ineligible to win District. Ozona plays the winner of the Junction-Menard game.

If the girls win district, we will go to Lubbock for the regional tournament. Let's back the girls to district.

JUNIOR AND SENIOR BANQUET AND FROM

"Ole Seniors!" The Juniors saluted them in style Saturday night. The Spanish theme of the banquet was carried out through the program. They were all dining in "La Plaza de Toros." Ronnie Beall gave the invocation. Tommy Williams, Junior Class president, gave the "bienvenidos." Jerry Jacobs, Senior Class president, gave the "respuestas." We were to have special entertainment of Mexican music, which failed to show up.

We enjoyed a wonderful meal of steak, baked potatoes, green beans and hot bread. Iced tea was served and dessert was angel food cake with lemon jelly, topped with whipped cream. After we had given (Continued on Page Six)

Establishing credit is neither difficult nor embarrassing for trustworthy people. Even if you are able to pay cash for everything, it is desirable to establish your credit as a matter of convenience and prestige.

It should be remembered that credit is a convenience extended to enable you to take advantage im-

en thanks of appreciation to our Junior Class mothers for preparing this meal. Mr. Harlan gave the "risotada."

Becky Davidson was called upon to give "lahitoria" for the Senior Class and Alleane Young the "testamento." June Bunger read the "profecia" which we all know will come true! Roy Neil Killingsworth ended the program with a "benediccion."

Haskell Leath served as "Maestro de ceremonie." Afterward everyone had their pictures taken for favors. Thank you, Miss North. Everyone was invited to the prom. The Sul Ross Band played for us. A good time was had by all!!

The Junior Class wants to thank Mr. Leath and Miss Powers for the work they did to help us.

PROPHECY

Let's look into the future and see where the Senior Class of 1959 finds itself. The year of 1960 finds this class running a concession stand at the bull fights, still trying to scrape up enough money to take a trip. We turn the dial a little further and find El Presidente Jerry Jacobs making a name for himself by raising registered jumping beans. His motto is "If you want a bean that will jump, get a Jerry-built jumping bean."

The old flute playing Becky Davidson seems to have planted ivy in her flute and gone to greener pastures. She makes a dashing lady bull fighter. Her partner in the ring is Senor Manolote Hagelstein who is known throughout the land for his ability to side-step the bulls.

Holden and Miller formerly Deer-slayers Inc. are still in partnership — they hire out with their 30-30s and scope sights to make unsuccessful bullfighters look good on the kill.

Frances Childress, Alonzo Lopez, and David Sikes have also made their way to Mexico. Frances is head Mexican hat dancer at the La Paloma Muerta, which translated for Gringos means "The Dead Dove." In addition to this, Frances has also won three gold medals in the Castanet marathon at the Olympics. Along with Frances is the famous dancing teacher, Alonzo Lopez, who helps her train her troupe of dancers.

Sikes decided several years ago to turn over a new leaf. He is now chief of police at the Tajuana Jail. His main duty is to keep watch over Mexico's modern Pachucho Villa, Juan Grande Cooper. It seems that Cooper was the founder of Harlanism, a new form of government, which the President of Mexico, Kenneth Deland did not take a liking to.

Crossing the ocean to Europe, we find Ercilia Perez designing her exclusive I-SPY hats for hooky-playing students on the dodge from Principals the world over. These hats have an ultrasensitive nose on top that sets off an alarm when it smells cigar smoke.

Also in Paris we find Donna Joe Powers on a national tour with the world famous Villa Acuna Cats who have consistently finished first in the Hot Tamale league.

Tommye Spurgers has given up the life of being a lady and has

gone to Cuba to head a second band of Rough Riders. Her two generals are Daria and Molly Sue, who have a known weakness for the armed forces.

Not all of our seniors have left the country, however. Mills Tandy and Socty Moore have decided that underground caves are for the bats, so they knocked the top off of Carsbad and made another Grand Canyon.

Diane Phillips has gained fame as the world's champion bowler. Her highest score is 407. How does she do it??? It's simple, she cheats!

Bobby Sutton is still a college man, famous for his maneuvers on the gridiron. He is A-no. 1 drum major for the Fightin' Aggie Band.

Dr. Donald McCaleb is in Spain doing research on a project for developing Tear-away turnings for clumsy matadors.

Ladye Everett is with the Jose Freco troupe of Spanish dancers now touring the U. S. Ladye carries the first-aid kit when one of the dancers gets carried away and stomps his partner.

Cico is foreman of a fighting chicken ranch. He guarantees his product. They're guaranteed to fight and if they lose he guarantees that Owen Wagner will buy them for his market in Villa Acuna.

This class hasn't gone completely without a TV personality. Coline Duer is getting top pay for eating 24 hot tamales in one hour to show the clean, finely-honed edge on teeth brushed with Gezzard Gravel toothpaste.

Alleane Young has given up her baton and joined the Circus as a lady fire eater. She entered the field quite by accident. It seems one day she gave her fire baton too high a toss, zigged when she should have zagged and well, you know how those things go, she acquired a taste for it.

Mr. Barber, Mr. Moody and Miss Tuggle have decided that sponsoring is such an easy job that they decided to go into the sponsoring business. They will sponsor anything anywhere. Of course, they do have their preferences.

Mr. Barber still likes to sponsor Pig Farming, or pigs of farmers. It doesn't make much difference to him.

Mr. Moody is backing a love-lorn agency. He meets the most fascinating people there!

Miss Tuggle is head of the bubble gum department at Feelers Doodle Bubble. If anyone doesn't know how to blow a bubble, she is giving lessons three times a week.

Well, this ends the prophecy of our distinguished Seniors. We know these predictions will come true because our crystal ball has told us so.

Fighter-Interceptor Squadron In Louisiana Assigned To Defense

OKLAHOMA CITY, OKLA. — The air defense capability of the 33rd Air Division will be increased significantly this summer with the assignment of an all-weather fighter-interceptor squadron at England AFB, Alexandria, Louisiana, according to an announcement by Colonel John T. Fitzwater, Commander of the 33rd.

Colonel Fitzwater, who is responsible for the air defense of Texas, Oklahoma and most of Arkansas and Louisiana, identified the unit as the 332nd Fighter-Interceptor Squadron. This squadron is based presently at McGuire AFB, New Jersey.

The 332nd squadron is equipped with the Convair built, supersonic F-102A, Delta Dagger. The F-102A is powered by the J57-33 Pratt & Whitney turbojet engine which develops up to 10,000 of thrust. The relocation of the 332nd squadron will involve some 25 aircraft and 400 officers and airmen.

"The actual movement of the squadron is scheduled for the first quarter of fiscal year 1960," Colonel Fitzwater said. "Upon its arrival at England Air Force Base, it will begin as soon as possible to operate on an active air defense alert basis, 24-hours a day."

The 332nd squadron will be the second all-weather fighter-interceptor squadron assigned to the 33rd Air Division in the past year. The 331st Fighter-Interceptor Squadron was transferred from Stewart AFB, Newburg, N. Y. to Webb AFB, Big Spring, Texas in August, 1958.

Colonel Fitzwater pointed out that with the arrival of the two fighter squadrons and with sixteen aircraft control and warning squadrons already operational within the division, this region will be provided with active air defense in depth.

All air defense units within the boundaries of the 33rd Air Division operate 24-hours a day, 365-days a year under the operational control of Colonel Fitzwater, who has his command post at Oklahoma City.

3. Broad taxation would include upping levies in areas suggested by the governor — natural gas, liquor, cigarettes, corporations — but at a lower rate than suggested by the governor. In addition, many new items would be added, in keeping with the "spread thin, hurt little" principle.

4. Piece-meal taxation is unfair, inadequate to the present challenge. State government should not reward political favorites. New taxes should be "spread across as much of the Texas economy as possible."

5. Likewise on appropriations. If college professors and state employees get a raise, public school teachers should, too.

Carr's speech was regarded as public announcement that he is taking the reins of leadership to get a tax program passed.

Gov. Price Daniel's comment on Carr's statement was in the vein of "why didn't you say so before?" Daniel said, "I am in agreement with much of it and only wish it had been made 30 days earlier."

House Taxation Committee Chairman V. L. Ramsey of Beckville named a five-man committee to write a tax bill and have it ready next week.

Given the task are Reps. Wesley Roberts of Lamesa, H. J. Blanchard of Lubbock, Joe Burkett of Kerrville, Ben Atwell of Dallas and Warren C. Cowen of Fort Worth.

Abandoned Property Bill — bill has been reported favorably by the house tax committee, but sponsors claim it has been "gutted" by committee action.

As originally proposed, the bill would have allowed the state to take over bank accounts and money and property held by banks, insurance companies, oil and gas

companies, etc., if unclaimed for seven years.

As amended, the measure cut out all holdings except bank accounts and upped the waiting period to 20 years.

Texas in 1980 — Creation of a vast "government center" that would cover most of an area seven blocks long and four blocks wide is the aim of the Capitol Hill Master Plan.

Legislators (whose assent will be needed to make the dream a reality, got a preview of the 20-year plan from architects and building commission members.

Governor Daniel said the \$37,000,000 project could be financed with no new income taxes. Income he said, would come from the Confederate pension fund, funds of state agencies now paying rent for privately owned buildings and funds now available to the building commission.

Recommended steps for 1960-61 are buying up several more blocks of land and remodeling the Capitol to provide offices for House members.

Party Registration Fight — A watered-down party registration bill is in line for House consideration after approval of the elections committee.

Original proposal by Rep Jamie Clements of Crockett would have required that a voter state his party preference and have it stamped on his poll tax at time of purchase. Thereafter, the carrier of a "Republican receipt" could not vote in a Democratic primary and vice versa.

Attorney General Will Wilson ruled this unconstitutional. He said it set up requirements for voting not authorized in the constitution.

As amended, the measure provides that a voter would have his receipt stamped when he voted in

a primary or participated in party conventions. This would prevent his participating in the convention of a different party until he bought a new poll tax.

Liberal Democrats, particularly DOT spokesmen, were very dissatisfied, even called the attorney generals' opinion "dead wrong."

Midland Chapter Of Ninety-Nines Meets; Ozona Woman Member

The Midland Chapter of the Ninety-Nines, Inc., met Saturday at their newly decorated clubroom at the Midland Airpark. The following officers were elected: Chairman, Mrs. Everett Copeland, Jr., of Midland; Vice Chairman, Mrs. Dee Adcock of Lamesa; Secretary - Treasurer, Mrs. Tom Schneider of Midland; Membership Chairman, Mrs. Randolph Powell of Pecos; Reporter-Pub-

licity Chairman, Mrs. John Butts. The Ninety-Nines is an international women's flying club. To be eligible for membership, a woman must hold a private certificate or better. To be granted a charter, a club must have at least five members.

The Midland chapter boasts eleven women in the area who are qualified members. This does not often happen since most clubs begin with barely five members. The area women pilots are Mrs. Adcock of Lamesa, Mrs. Powell of Pecos, Mrs. Schneider, Mrs. Copeland, Mrs. Butts and Mrs. Roger

Center, all of Midland, Mrs. Mike McMichael of Del Rio, Mrs. Doyle Bynum of Big Spring, Mrs. Jimmie Barber of Ozona, Mrs. Fred Cutts of Eagle Pass and Mrs. Nancy Brumlow of Kermit. Besides these eleven women, there are about 15 student pilots who are interested in the organization.

The first Saturday of each month has been designated as the regular meeting date of the group.

The group has been invited to a three day fly-in conference in Omaha, Nebraska, May 1-3 sponsored by the Missouri Valley chapter of the Ninety-Nines. The main

feature of this meeting is a special tour of the United States Control Center at the Air Command Headquarters at the Witt Air Force Base near Dallas. Plans for attendance are under discussion.
