## Seven Volunteers Await Turns For US Army Training

### First Crockett Trainee Is Accepted At El Paso Post

Seven men and boys who seek voluntary enlistment in Uncle Sam's one-year training army are on the waiting list of the Crockett County Selective Service board, awaiting their turns at induction in the nation's fighting forces for a year's training under the terms of the Selective Service act.

One volunteer, Grover Hignight, has been inducted into the army at Fort Bliss in El Paso, the first to go from this county under the draft act. He filled this county's quota of one man in the first call making it unnecessary for the local board to call up any registrant for involuntary service.

The seven who have signed applications for voluntary induction, with their respective ages, are Jesus Aguirre, 17; Jose Tobar, a registrant; Felipe Flores, 18; Leo Phillips, 20; Alfredo Tijerins, 18; Alberto Tijerina, 19; and Gordon Rendall, 16. Six registrants were classified as Class 1A, first available, from a list of 25 questionnaires returned last week. These were the first 25 order numbers on the local list.

## Patrol Leaders Named By Scouts In Tuesday Meet

Patrol leaders were selected by the four different patrols at the regular meeting of the Boy Scouts in the cabin Tuesday night. The Scouts opened the meeting with the Scout oath and dues were paid in.

Adjourning to patrol meetings, Wayne West, Jr., was named patrol leader for the Senior patrol. The Sophomore patrol chose Leslie Nance as its leader, and the Freshman patrol elected Jim Ad Harvick as leader. Jimmy Read was named patrol leader for the Seveventh grade group. Instructions to Tenderfoot Scouts occupied the time after the patrol meetings.

## Quiet Observance Of Thanksgiving Indicated Here

### Football, Feasting and Just Plain Loafing On Day's Chart

Ozonans are observing Thanksgiving Day today in a variety of ways, some in Austin to witness the Southwest's annual grid classic between the Texas Aggies and the University Longhorns, some anticipating the traditional turkey feast at home, and just plain and fancy loafing on the day off from usual duties.

At nine o'clock this morning, church people of the community will join in the annual Union Thanksgiving service at the Methodist church. Rev. J. D. Moss, minister of the Church of Christ, will preach the Thanksgiving sermon, Rev. Eugene Slater, pastor of the Methodist church, and Rev. Clyde Childers, pastor of the Baptist Church, will assist in the services.

Practically all places of business in the city will observe the holiday by closing. The postoffice, which observed the Roosevelt proclaimed holiday November 21, will be open all day. The Ozona National Bank, on the other hand, did not observe the first Thanksgiving and will be closed today in observance of the holiday. Schools also are taking this week-end for the Thanksgiving holiday, school children to have efrom Wednesday afternoon to Monday morning off from classroom duties.

Mr. and Mrs. P. T. Robison had as their guests last week Mr. and Mrs. Ford Miller and Mr. and Mrs. Short Anders, all of Huntville.

## Nazi Bombers Overhead

A scene repeated night after night throughout England as Nazi bombers, taking advantage of darkness, stage raids meaning death and destruction. A 4.5 anti-aircraft battery of the western command goes into action. An elongated flash from the gun in the background knifes through the blackness. In the foreground are the predictor and range-finder.

## Football Awards For 26 Gridders To Be Given Mon.

### 15 First String Jackets, 11 Reserves To Be Awarded

Football awards to 26 members of the 1940 Ozona Lions squad will be given next Monday afternoon at 3:30 in exercises in the High School auditorium.

Fifteen members of the first string squad will receive handsome purple and gold jackets, with horseshoe sleeves as their reward for their part in absorbing the bruising as regulars in the lineup. For their faithfulness in warming the bench and being always ready to go in to pinch-hit for the regulars, eleven other players will receive reserve sweaters.

Receiving the first string letter awards will be Donald Wilson, Lloyd Coates, Roy Coates, Shorty Colquitt, L. B. Cox, III, Billy Hannah, Floyd Hokit, Bobby Lemmons, Mervin McLaughlin, Elton Smith, Louis Wardlaw, Wayne West, Jr., Byron Williams, George B. Armentrout and Coach Dan Patterson.

Reserve letter men who will receive gray V-neck sweaters with purple letters are Tom Ed Montgomery, Lorain Wyatt, Charles McDonald, J. J. Stephens, Leslie Nance, Jr., Jim Ad Harvick, Bland Tandy, Henry Patrick, N. J. Wardlaw, Basil Dunlap, and Calvin Williams.

## Red Cross Roll Call Total Goes Over \$350 Goal

### \$358.50 With 317 Members New Record; One Report Not In

A corps of enthusiastic workers, under the leadership of Miss Mildred North as chairman, the 1940 Red Cross Roll Call went to an all-time record high in membership and total funds contributed, and beat the self-imposed goal of \$350 set by the workers themselves.

With one committee yet to report, a check-up at noon Wednesday showed a total collection of \$358.50 for the mercy organization in this county, and an enrollment of 317 members. One committee in charge of solicitation in the Todd oil field sector had not yet reported.

The Roll Call officially ends with Thanksgiving Day but if there are still some who have not had opportunity to enroll, memberships will continue to be accepted for a time, and proper disposition made of such funds.

Darlene Lovelace, daughter of Mr. and Mrs. Boyd Lovelace, is recovering this week from an attack of pneumonia.

## Christmas Holidays For School Children Set For Dec. 20 to 30

Christmas holiday period for school children of Ozona will be from December 20 to December 30, with another holiday granted for New Year's Day, it was announced this week by Supt. C. S. Denham. Schools will be dismissed at the close of the day Friday, December 20, and reconvene Monday, December 30. Wednesday, January 1, will then be observed as a holiday.

These holiday periods were decided at a meeting of the board last week. The date for the close of schools next spring was also set for May 16.

## Tax Collections For 1940 Nears \$100,000 Mark

### Nov. 30 Last Day For Split Payments; 2 Pct. Cut In Nov.

Crockett county tax collections neared the \$100,000 mark this week and with Saturday, November 30, the deadline for split tax payments and Monday the last day on which to pay taxes with the November 2 percent reduction, tax officials were confident that total collections would go over that figure by the end of the week for another new two-months collection period record.

October collections hit a new high for this county when a check-up showed a total of \$90,778 paid in during the first month of the tax collecting period. This unusual rush to pay up the tax bill was occasioned by the state and county grant of a 3 percent reduction from the total bill if paid during the first month.

Collections have slowed down in November, Claude Russell, deputy in charge, reports, but \$5,957 have been paid in during this month up to Tuesday afternoon.

The discount rates made effective during the first three months of the period have reduced considerably the number of taxpayers taking advantage of the split payment plan. Only two Crockett taxpayers had paid the first installment under this plan up to Tuesday.

## Visiting Minister Preaches Sunday At Church Of Christ

Dr. G. C. Brewer, well known Church of Christ evangelist, now minister of the Broadway Church of Christ in Lubbock, will speak at the 11 o'clock hour in the Ozona Church next Sunday morning, it was announced last night by the minister, Rev. J. D. Moss.

Dr. Brewer has done extensive evangelistic work in churches throughout the West Texas area and members of the local congregation are looking forward with interest to his visit here. All friends of the church are cordially invited to hear him.

## Proposed Sale Of Water Works Ok'd By Stockholders

### State Board Water Engineers Hear Dist. Proposal Dec. 2

Approval of the proposed sale of properties of the Ozona Water Works to the Crockett County Water Control and Improvement District No. 1 in the event such district in finally created and approved was given by stockholders of the concern in a called meeting here Tuesday afternoon in the office of Judge Charles E. Davidson, majority stockholder in the firm.

A hearing has been ordered by the Board of Water Engineers at Austin on December 2 on the petition of voters for creation of the district. If the board acts favorably on the application, an exclusion hearing will be held here to finally fix the boundaries of the proposed district and then an election on confirmation of the district creation at the hands of voters will be ordered.

In the event the proposal runs the gauntlet of voters at the initial election, it is proposed to hold another election to name a board of directors of five members and to issue revenue bonds in the amount of \$85,000 to buy the water works property at \$50,000, the sewer system at \$10,000 and put \$25,000 worth of improvements in the water plant and distribution system.

## Buffalo Horn Found On Davidson Ranch

What may be the last buffalo horn to be found in Crockett county was picked up the past week by Houston Smith, Ozona attorney, on a hunt on the Davidson ranch south of Ozona.

The badly weathered horn, about five or six inches in length, was found on top of a small knoll. It is to be placed in the Ozona High School museum.

Mr. and Mrs. Joe Oberkampff will attend the Texas-A&M game in Austin today.

## "Everybody's All-American"

John Kimbrough

More than 25,000 pairs of eyes will be turned on big John Kimbrough when he plays his last Southwest Conference game with the Texas Aggies in the Southwest's greatest grid classic today on Memorial stadium field in Austin between the Aggies and their traditional rivals, the Texas University Longhorns. Kimbrough, already on NEA's All-American, is likely to find a place on almost all of the mythical elevens this year. In the stadium will be a large number of Ozonans to witness the Southwest's outstanding game of the season.

## Fine Assessed Four Big Lake Youths On Trespassing Charge

Four Big Lake youths were brought here Tuesday by Game Warden V. E. Smith and charged with trespassing.

The youths were arrested by Smith on the J. W. Owens ranch. They entered pleas of guilty in justice court and one fine of \$10 and costs was levied, the four making up the \$19 to pay the charge. In the group were Rollin Jones, Lester Beach, Thurman White and Marshall Rackley.

## Matty Bell May Be Ozona Grid Banquet Guest

### Fathers To Be Invited To Annual Feed Dec. 10th

Matty Bell, football coach at Southern Methodist University, has been invited to Ozona's annual football banquet to be staged by girls of the Homemaking department of the high school Tuesday evening, December 10, it was announced this week by Supt. C. S. Denham and Coach Dan Patterson.

Coach Patterson played on SMU teams during his four years at the Dallas school under Coach Bell and the SMU mentor, in a recent talk with Patterson expressed a desire to attend the local banquet. Final confirmation of the date, however, has not yet been received from Coach Bell.

This year's fathers of grid players on the Ozona High School team are to be guests at the banquet, with each player having the privilege of inviting one guest. Other special guests are also to be present, including members of the school board.

The banquet is to be managed by girls of the Homemaking department under the supervision of Miss Allena Kinney. Tables are to be set in the hallway on the third floor of the high school with about sixty guests anticipated.

## Must Complete Range Program Work By Nov. 30

### Estimate 80 Pct. Finished Here; No Extension Made

With but two more days remaining after today for completion of approved practices under the 1940 range conservation program of the AAA to qualify for government payment crews engaged in cutting prickly pear, lechuguilla, cedar, etc., making tanks and other projects under the program are working at top speed this week, according to reports from the office of C. J. Van Zandt, county agent.

Approximately 80 percent of participating ranchmen in this county have already completed work and secured approval of results, according to a check by Miss Katherine Goodwin, secretary in charge. The other 20 percent who are engaged in the work are expected to have all complete in time for final inspection this week-end, she said.

Two groups of ranchmen, numbering about 40, have already received payment for this year's work. These groups were those who had completed 100 percent of the year's allowance and secured early approval. The forty received an average of approximately \$1,000 each.

A third group of 100 percent completions were mailed in for payment during the past week, Miss Goodwin announced, with around 16 ranchmen applying for payment. Checks for these participants may be received by Christmas, the office announced. A total of 117 Crockett county ranchmen signed up to participate in this year's program and most of them have done at least some of the approved work. About 1,700,000 acres were included in the program in this county.

Max Schneeman, chairman of the county committee, Mr. Van Zandt and Miss Goodwin attended a district meeting of Soil Conservation officials in Big Spring last week, receiving instructions on compliance checking and other matters in connection with administration of the program. No extension of time is to be allowed after the Saturday deadline for compliance, it was indicated by state officials attending the Big Spring conference. County mass meetings of participating ranchmen are to be held December 13 and 14 to select county committees to administer the program in 1941. The local meeting will be held on one of the days, the date to be announced later.

## County's Range Lands Are Again Soaked By Rains

### Area Missed Freeze but Is Given Another Drenching

Crockett county range land received another soaking over the week-end, this area being blessed with a warm rain in moderate amount while a wide section of East Texas was being inundated by torrential rains, in some sections unprecedented, and in the Amarillo section a heavy coating of ice was doing thousands of dollars in damage.

A heavy shower early Saturday morning, followed by a slow drizzle throughout most of the day and again Sunday to bring a total of .6 of an inch of moisture. The fall was general throughout the territory and, on top of the already moistened soil, will go far toward providing a splendid season for winter range land.

Mr. and Mrs. Hubert Baker left for San Angelo Tuesday to attend funeral services for Mrs. Baker's nephew, 7-months-old son of her sister, who died at his home in San Angelo.

Go Forward in Peace

In the opinion of a number of the commentators, the President's Madison Square Garden speech of October 28th was one of the most effective of his campaign. It had much to do, they feel, in turning the tide in his favor. In that speech, the President declared that his policy was one that would safeguard our country's peace in a torn and warring world. His last two sentences were these: "We shall continue to go forward in firm faith. We shall continue to go forward in peace."

The issue that confronts us today, is the issue of peace or war. That is the most terrible issue that any president, any government, any nation, can face.

Those polls which proved so accurate in forecasting the result of the election, indicate that an overwhelming majority of Americans are opposed to war. The Congress is a peace Congress, with almost every member committed to the principle that we shall not again participate in a foreign war. The President has said he is a peace president.

We can stay at peace if we set ourselves dead against aggression and make ourselves so strong that no aggressor will dare attack us. That must be the American policy. That must be the ideal in which all Americans share, from the President to the lowliest of us.

My, How He's Grown!

Electoral College

It was not surprising that Britons, whose attention was focused on the American election, were mystified by the electoral college set-up. Some Americans do not know how it works, and still more do not have the slightest idea why there is such a thing except for the fact that it was written into the Constitution. The main reason it was put there was a good one in 1787, and it may be better today than it was then. There was more back of the plan when it was devised than difficulty of communication. It was and is fundamental to the federal idea. It provided for the exercise of a sovereign State's will in the election of a chief executive. The principle gives the States of Arizona, Delaware, Nevada, New Mexico, Vermont and Wyoming three votes each in the electoral college. The influence of each in popular vote would amount to less than one. Henry

Cabot Lodge has called the electoral college a "relic of the past" and has said it serves no useful purpose. It serves the same useful purpose as giving representation in Congress beyond a share of the population basis. That representation is by the two senators. The extension of this principle to a second of the three branches of government is basic to the plan of the republic. The structure is republican, not purely democratic. When Senator Lodge gets over the shock of seeing so small an electoral vote in the face of the enormous Willkie popular vote, he may change his mind. The plan works both ways. It nearly worked to the advantage of the Republican party this time. But that is not the major consideration. The electoral college is part of the original plan. The American political philosophy supports it.—Indianapolis News.

Minor Power, but—

As modern nations go, Greece is a minor power. But it has set off some world explosions. So it is not outside the possibilities that the Axis may have taken on more than it bargained for when Mussolini attacked the Greeks. In our age the organization of the Balkan League of 1912 by the Greek, Venizelos, and the conquest of nearly all of European Turkey by the Balkan allies, was the curtain-raiser for World War No. 1. Near-effects were the end of the Hapsburg monarchy and of the Moslem caliphate, the one nearly a thousand years old, the other an outstanding human institution for 13 centuries. It was the Greek revolution, 120 years ago that virtually put an end to the Holy Alliance, organized after the downfall of Napoleon to suppress liberalism on the European continent and to keep the French Revolution "liquidated." Some tall historical oaks have sprouted from that Greek acorn.—Chicago Daily News.

Long Trousers

One of our contemporaries publishes an indignant letter from a woman who inveighs against what she calls "the hideous practice of dressing little boys up like midgets in long pants." She argues that boys were "never meant to wear long pants any more than men of today were meant to wear short pants." She holds that boys "should have to run and play, and this is not possible with long pants." Here, obviously, is a brave new issue, something entirely fresh to argue about, and for that reason the crusade of the anti-long-pants woman, perhaps should be welcome. But we may as well warn her that she will have her

Not All Serene

Hitler surely cannot be as jubilant at the moment as when his armies were literally marching through Poland, Norway, Holland, Belgium and France. In rapid succession he has had several things happen to the dream he walked in which are nothing less than reverse. His Axis partner lost prestige for the alliance by the mess of things made in Greece. Rumania is now a liability and will be at least for months. Turkey is more defiant than ever. General De Gaulle has won at least encouraging victories in Africa and General Weygand has evidently kicked over the traces. No matter how strict censorship may be in Germany, rumors of these things are bound to filter

in to the people. They are going to do a lot of wondering by their firesides on heatless days this winter. Hitler better have the answers, for he exists alone on victories. Maybe the tide has turned. Maybe the reverse are only for a time. But now Hitler has his worries. In a worrying match, we bet on Churchill. His has been the uphill fight. Hitler can only go one place by all signs from now on. And that road runs downward.—Boston Post.

Fifty nine cents of each dollar earned by a Texas oil worker is spent with the retail merchants of his community. Of the remainder, 15 cents goes for rent, 15 cents for savings and insurance, 7 cents for public utilities and 4 cents for professional services.

### New Recruits for Uncle Sam's Army

A raw batch of new recruits are pictured as they arrived at Fort Devens, at Ayer, Mass., ready to go through the routine that will turn them out as soldiers of the line within a few months. There are 3,400 soldiers and 100 officers housed at present at Devens. Meanwhile more than 3,000 artisans are working night and day to complete the first of 27 new barracks to accommodate the 1940 batch of draftees. Each building will house 63 men.

### Passage Of "Truth In Fabric" Bill May Revive Wool Advertising Plan

#### Associations May Cooperate To Popularize Woolens

COLLEGE STATION, Nov. 27.—Seven months hence a Federal act, already popularly captioned "Truth in Fabrics," will become a law of the nation. Effective June 14, 1941, manufacturers will be required to stamp, tag or label their products to show the proportion of the types of wool as well as the content, other than wool, in it. "This act," says W. R. Nisbet, Extension Service Animal Husbandman for Texas A. and M. College, "opens the way for women to know precisely the wool content of the fabric, especially wearing apparel, they are buying. Moreover, they can demand labeling of any fabric placed on sale as 'woolen.'"

"Manufacturers are obliged under the law to state the percentage of virgin wool in any fabric so labelled, as well as the amount of reworked wool, or shoddy. If wool content is not claimed for the fabric placed on sale, it may be merchandised without labelling."

Passage of the bill, which culminated a 35-year effort by the National Wool Growers Association for "truth in fabrics," is comparable in its scope to the enact-

ment of the pure food law. It will prevent any misrepresentation of the staple content of cloths offered in retail commerce.

Although bills similar to this, which will be known in the statutes as "Wool products labelling act of 1929" have been introduced in practically every session of Congress since the turn of the century, progress toward realization was more halting than enactment of the pure food law.

The law defines the term "wool" to mean the fibre from the fleece of the sheep or lamb or hair of the Angora or Cashmere goat, (and may also include the so-called specialty fibres from the hair of the camel, alpaca, llama and vicuña) which has never been reclaimed from any woven or felted wool product.

Enactment of the law may revive the program of the National Wool Growers Association, with which the Southwestern Sheep and Goat Raisers Association cooperates, to raise a fund for the campaign to advertise wool. Mr. Nisbet said. Different proposals have been offered to that end, including a voluntary tax on each bag.

Manufacturers will be required to keep records showing the fabric content of goods placed on sale, which must be retained for at least three years. Those re-

ords are to be available to the Federal Trade Commission at all times. Refusal to maintain or preserve such records makes the manufacturer liable to forfeiture of \$100 each day of such failure. Persons willfully violating the act are liable to a fine of \$5,000, a year in jail, or both.

### 50 Die Each Year From Careless Use Gasoline in Homes

AUSTIN, November 27.—The improper use of gasoline in Texas homes has caused an average annual death toll of approximately 50 persons, Marvin Hall, state fire insurance commissioner, reported today. Thirty-six from this cause were reported during the first ten months of 1940.

The average death toll resulting from the improper use of kerosene stands at about 55, but the report for the current year may be somewhat below the average, as only 25 deaths from this cause was re-

corded through October 31. "It is extremely hazardous for any person to attempt to use gasoline in the home for such purposes as starting or quickening a fire, cleaning clothes, woodwork and floors, as gasoline vaporizes at ordinary room temperature and the inflammability of gasoline fumes and its explosive power is nineteen times greater than dynamite," he said. "The mere opening of a door between a room where gasoline was being used to clean gloves and a room in which was a lighted hot water heater caused a destructive explosion."

Dynamite in the home can be much safer than gasoline, the Commissioner warned, because the majority of people have learned to fear dynamite.

Hall also advised home owners against bringing kerosene in contact with a lighted match, open flame or hot coals.

### Navy Enlistment Now Open To Boys From 17 To 18 Years Old

The Navy Department has authorized the enlistment of young men between seventeen and eighteen years of age to serve in the Navy until their twenty-first birthday. Men between eighteen and thirty-one years of age may enlist only for the regular six year period as heretofore. All men under twenty-one must have their parents consent in order to enlist.

A young man seventeen years of age who enlists in the Navy and decides to make a career of it, may, after twenty years active service, return to civil life in a reserve status at the age of thirty-seven, and if he has taken advantage of his opportunities in the Navy, his retirement pay will be approximately \$63 per month. He will still be a comparatively young man and by using the trade he learned in the Navy he should be able to earn a good salary, in addition to the retirement pay, for many more years in civil life. After ten years in the reserve status his retirement is automatically raised to \$110 a month for life and he is transferred from reserve status to the retired list.

As a result of the new instructions authorizing the enlistment of seventeen year old boys, Navy Recruiting Stations in this District have been swamped with applications from boys who have been waiting until old enough to enlist; however, the recruiting machinery has been well oiled for many months now and there will be no delay in handling the additional applications of the seventeen year old boys who are applying for enlistment.

## Save 2% On Taxes By Paying In November

In order that those who desire may take advantage of the saving offered, this notice is given taxpayers of Crockett county regarding the discount schedule on state, county and school taxes.

Discounts inaugurated last year on state taxes and followed by the county with similar discounts on county and school taxes, are to be operative again this year, with 3 per cent, 2 per cent and 1 per cent savings possible by prompt payments.

The discount dates, with the amount of discount allowed on the total tax bill, for the balance of the tax-paying period are as follows:

### 2 Per Cent Discount

On taxes paid Nov. 3 to Dec. 2, inclusive

### 1 Per Cent Discount

On taxes paid Dec. 3 to Jan. 1, inclusive

No discount is allowed on first half payments under the split payment plan. However, the same discounts are allowed on second half payments, payable before July 1. Second half payments made in April are discounted 3 per cent; in May, 2 per cent, and in June, 1 per cent.

**THIS BUSINESS OF Living**

BY SUSAN THAYER

**"A FREE ENTERPRISE"**

That's a literal description of this little book with the red, white and blue cover called "How Can I Help?"

The authors wrote it out of the love of their hearts and the disturbance of their minds. An artist read the manuscript and designed the cover without thought of recompense. The publisher whittled the cost of paper to the minimum and his printers offered to work on a holiday without charge in order to get it out on schedule.

It seems to have met a very definite need and swept the country as soon as it was out. It is being bought by all sorts of groups as well as by individuals. The Boy Scouts have distributed 5,000 copies and 5,000 more are earmarked for them. Schools have bought it and factories and clubs.

It talks in a language so simple

a child can understand it but so intelligently the wisest person finds it food for thought. It talks what you and I and our neighbors down the street and our cousins in other states can do for our country now—this winter without leaving home or making any great change in our way of living. It tells what to do with our mind and our body to stabilize them for any emergency; it discusses the various good organizations in the community and how to organize the town still further for the good of America. It analyzes propaganda and fifth-columnism and tells how to meet them. It talks of sound labor relations and how to check unfair abuses of business. It suggests how to work with new comers to this country who are still having trouble with our language and it talks of way to know our South American neighbors much better.

It ends with a two-page "Crystallizing of our creed" which high spots the activities that all of us can undertake and which will help us become a part of a "flood tide of national unity." And it is that unity that will mean as much to our national security and to our entire future as the army or the navy or even a sky dark with planes.

**All Aliens Must Register By Dec. 26 Or Face Penalties**

Alien registration will end on December 26 and all non-citizens who have not yet registered are warned that severe penalties will follow failure to comply with this Federal law.

All aliens, 14 years of age and older, must register in person and be fingerprinted.

Alien children, under 14, must be registered by their parents or guardians.

Registration takes place at the post offices.

There is no charge of any kind connected with alien registration.

The Department of Justice warns aliens to beware of racketeers.

The Post Office Department and the Department of Justice will willingly assist the alien in every possible way.

Earl G. Harrison, Director of Alien Registration of the Department, suggests that those aliens

who have not yet registered to do so as soon as possible and avoid the Christmas rush at the post offices.

All aliens are also warned that, having registered, they are required to report any change in their permanent residence address within five days to the Immigration and Naturalization Service of the Department of Justice in Washington. Forms for this purpose are obtainable at all post offices.

No alien need be unprepared for the questions he will be asked. Sample registration forms which show him exactly what information he will need at registration are available at all post offices.

THANKSGIVING

The words "Thanksgiving Day" mean exactly what they say. Thanksgiving day is a day set apart annually for the giving of thanks to God for the blessings of the year. Originally, it was a harvest thanksgiving; and while the time in the last two years, has become less specific, the festival still takes place in the late autumn, with the same significance. It might have been an outgrowth of the harvest-home celebrations in England many years before the coming of Pilgrims to America.

The first Thanksgiving might well be an example to many people of today. The first Pilgrims, as the story goes, had passed the winter before with a good many hardships. Many had died from hunger and cold; yet they all found a great deal to be thankful for at the next harvest time. They invited the Indians to share their good fortunes.

For many years after the United States was formed, Thanksgiving wasn't annually celebrated and recognized by all states. Finally, a Mrs. Sarah Josepha Hale became intensely interested in a nationwide Thanksgiving Day. For twenty years, she sent out pleas through the columns of her journal for such a day. Nor did she stop at this. She wrote letters to the Presidents; and finally in 1864, her efforts were rewarded for President Lincoln proclaimed the last Thursday in November as Thanksgiving Day. It was thus Mrs. Hale won the title of "Mother of Thanksgiving."

Since President Roosevelt changed the date last year, the people who really had the Thanksgiving Day spirit have been celebrating both days.

Editor's Musings

By ADELE KEETON

I think that one of the greatest achievements that one can have is that of being able to pronounce his words correctly. This week the junior class has been studying a list of one-hundred words that are frequently mispronounced. They were such words as attached, drowned, exquisite, poignant, peony, theater, and idea. Check up on your pronunciation of these words and be sure that you are not mispronouncing them.

There is a speech program on the radio on Sunday evening. On this program someone gives the correct pronunciation of many words that are mispronounced. I am sure that all of us would profit by listening to this program.

Many of us don't realize the value of using good English and correct pronunciation. If you were to meet some person who is very well educated and who uses very good English and pronunciation you would want to do so too; if, however, you have always been in the habit of using bad English and pronunciation you wouldn't know how to do otherwise at a time like this. It is very embarrassing to be in such a position. So let's do all we can to improve our vocabulary, pronunciation, and English.

Home Ec. Girls Entertain Boys With Scavenger Hunt

The Home Economics Club girls were entertained with a scavenger hunt at eight o'clock on Friday, November 22, 1940, in the Tom Owens home. First prize was given to Norma Lovelace, Byron Williams, Dorothy Capps, and George B. ArmentROUT. The second prize winners were Joy Coates, Bland Tandy, Lottie Jo Owens, and Roy Coates.

Refreshments were served to Helen Mayes, Bill Carson, Gem Ella Dudley, Billy Hannah, Norma Lovelace, "Mustard" Williams, Joy Coates, Wayne West, Lila Lee Cooke, Harold Keeton, Mary Faye Lucas, Eddy Cooke, Peggy Holt, Tom Ed Montgomery, Melba Cullins, Jim Ad Harvick, Judith Williams, Basil Dunlap, Mary Frances Bean, Louis Wardlaw, Alene Hokit, Mervin McLaughlin, Mary Elizabeth Gray, Billy Laxson, Florence Luther, Alene Cooke, Bertie Sue Brownrigg, Miss Allene Kinney, Mrs. Tom Owens, and Mrs. Fleet Coates.

Volley Ball Team Enters Ranch Dist.

The girl's volleyball team of the Ozona High School has joined the Ranch District League this year for the first time since the girls have been playing volleyball ball. Sonora, Junction, Eldorado, Rock-springs, and Ozona are the five towns that make up the league, which is the same as the boys' basketball league. The Ozona basketball boys have won the cup each year that they have played, and the girls are planning to win their games, also.

The high school girls have been playing volleyball for only three years. They previously played basketball. Mr. Denham said that this is the first year he has permitted the girls to play in the league because, heretofore, there hasn't been enough girls interested in volleyball. Not enough girls participated in the activities to develop a winning team, and Mr. Denham saw it useless to make the trip to Junction and Rock-springs unless they expected to win the games.

Miss Kinney, the girl's volleyball coach, has proved to be a very efficient coach and is well liked among all the girls. She states: "I see no reason why we shouldn't win the league championship if the girls continue to work as hard as they have been in the past."

Mary Elizabeth Gray, Mary Perner, Florence Luther, Gem Ella Dudley, Lottie Jo Owens, Joy Coates, Alene Hokit, Ethel Mayes, Rozelle Pharr, Helen Mayes, Lila Lee Cooke, Sybil Luther, Alene Cooke and Billy Laxson are the girls that may be seen each afternoon in the gymnasium practicing volleyball.

THE Prowler

By Gem Ella Dudley

For what reason were you going to El Paso, Claudia? It could not be to see the owner of the ring you have been wearing, could it?

Adela, for goodness' sake, what did you do on Friday night to make you so sick on Saturday and Sunday.

Little girls that need spankings should get them. And little girls that write notes should also get spankings—Confucius say.

Popular Stanley shouldn't be popular. He had three invitations to the party and none, mind you, did he accept. Whereas, Bob was the lone wolf Friday night.

George, why were you so anxious to change sides during volleyball practice Friday. It couldn't be because Mary E. was on that side, could it?

News: Rozelle was doing fine. Better yet, Herndon was doing wonderfully. Reason: They dated. Mary, was being the center of a sandwich date until Margaret was picked up, Sunday night. Oh, well, two was one too many, eh, Mary?

Florence, why do you always seem to give Rozelle the giggles? You're surely not a Charlie McCarthy, are you?

Action Pictures Taken of 1940-41 Grid Squad

Mr. Lovelace took action pictures on Monday of the football boys for the annual. Some of the boys waited until Thursday evening for their pictures to be made. Each boy posed for an individual picture, some catching passes and some charging. The boys were Donald Wilson, Pee Wee Smith, Bobby Lemmons, Stanley Lemmons, George B. ArmentROUT, Byron Williams, Wayne West, Lloyd Coates, Floyd Hokit, Leslie Nance, Jr., Shorty Colquitt, L. B. Cox, Tom Ed Montgomery, Billy Hannah, Lorain Wyatt, Calvin Williams, Charles McDonald, Henry Patrick, and N. J. Wardlaw, Jr. Next he took a picture of the whole group with the coach. Then he took a picture of the coach talking to one or two of the boys. Altogether he took around thirty pictures of the football boys.

Montgomery

Former Lion Now Is Potent Froggie

By Eddy Cooke

"The Dallas Morning News" reports: "Beecher Montgomery, substitute Christian quarterback, was a duplicate of Gillespie in the time that he played." Gillespie is rated as a star, so Montgomery must be pretty good. Having acquired the name of "Beech-Nut" Montgomery soon discarded this name and started using the name of "Rubber-legs."

The above quotation is reported from the Dallas Morning News after Rice had mauled the Horned Frogs in a death struggle over Rice's slippery turf to turn in a victory of 14-6.

The Fort Worth Star-Telegram stated: "Beecher Montgomery went to quarter for the Frogs late in the third and gave the folks a show. Little 'Rubber-legs' circled end for 18 yards and made a first down on the Owl's 38 yard line. He raced six more at the other end but then slipped on the slippery turf of muddy slobber on two plays and the ball went over on the Owl's 37 yard line. Beecher looked very dangerous on the new wide stuff Coach Meyer has 'cooked' up."

Playing quarterback and receiving the position of captain in his last year in Ozona High School Little "Rubber-legs" received his first knowledge of football from Coach Ted White, now resigned.

"Beech" will go over big if he keeps up the good work and gets a little faster on his feet. If he can't do anything else on the field, he can certainly give the folks a good time at trying hard. Beecher has certainly given the "frogs back home" a thrill at even seeking anything about him in the papers. One boy said, "Just think, he was my best friend when he was here, and I even talked to him." Such statements are often heard in the halls of O. H. S., but the chief place O. H. S. gridders would care to see Beecher is on their team.

Library Collects Fines

The Ozona High School library has been collecting fines. No, not speeding or parking fines, but book fines. Whenever a book is kept from the Ozona High School library over ten days, including Saturday and Sunday, a fine of 5c per day is charged the individual who has the book. "This year, the students have been the most careless concerning fines," reports Miss Terry, librarian.

At the last check the junior class had been the most careless in compiling library fines, the seniors least careless, and the sophomores and the freshmen tied. The chief purpose of the fines being charged is to make the student realize the responsibility to the library.

A number of students pay no attention to the library rules. To refresh their memories, following is a copy of the library rules taken from the bulletin board in the library.

1. Books are to be kept no longer than ten days, including Saturday and Sunday.
2. A fine of 5c per day shall be charged against individuals who keep books overtime.
3. Students who fail to take care of their fines shall have no library privileges until fines are paid.
4. Reference books are not to be taken from the library without special permission from the faculty librarian.
5. No one is to go behind the

BASKETBALL BOYS KEEP IN TRAINING

As the basketballers will not start practice until after the Thanksgiving holidays, Coach Patterson decided to keep the boys of O. H. S. in good condition by boxing, wrestling, shooting goals with the basketball, and with gymnastics. Coach Patterson likes boxing, for he can use his "mitts" very well. Coach does not want scrimmage before the basketball season officially starts; he only wants practice in shooting goals. One of the most popular gymnastic is "jumping the horse." The coach cannot jump the horse very well, for he is too large. We have one very fine wrestler in O. H. S. Number forty-eight in football came out red after taking five boys on. Broken necks, fingers, and toes are results from wrestling. Broken noses, ears, black eyes and bloody noses result from boxing. Broken necks, noses, and arms result from jumping the horse. Coach Patterson coaches all athletics. You may well believe the last few lines!

FOURTH GRADE NEWS:

The fourth grade enjoyed seeing three films on the screen Friday. These films were of special interest because they showed how the plants, animals and insects change from season to season. We saw the little bear cubs soon after they arrived in spring; they grew fatter and fatter through the summer months. When winter came they found a home for the long cold months.

Mrs. Smith had a surprise birthday party last Thursday for Estes. He was ten years old. She served cake, punch and candy to the pupils in the fourth grade. We hope you have many more happy birthdays, Estes.

Mrs. Hillery Phillips sent the fourth grade a surprise last Friday. She sent us candy bars. We enjoy surprises.

FIFTH GRADE NEWS:

The fifth grade made some turkeys to put in our front board. We made autumn leaves. We put a turkey and then tree leaves. On the back board we have leaves. We are very happy that we won two dollars. We are going to buy Christmas decorations.

Girls Victorious Over Boys In Assembly Thurs.

A quiz program sponsored by Miss Mildred North, was the assembly program Thursday, November 21, in the O. H. S. auditorium. The classes in high school selected two students, a boy and a girl, to represent each class in the program.

Judith Williams and Burl Sparks represented the freshman class. The sophomore class selected Ethel Mayes and Roy Coates as representatives. Gem Ella Dudley and Billy Hannah represented the junior class. The senior class selected Sybil Luther and George B. ArmentROUT as representatives in the program. Four college students, Betty Lou Coates, Posey Baggett, Mary Frances West, and Howard Lemmons acted as students who answered the questions which the high school students missed. Mr. Carruthers and Mr. Sikes were score and time keepers for the quiz. Mrs. Neal Hannah played sketches of music pieces which the students had to recognize. Mrs. Moore led the audience in "America" while the judges were adding the scores.

Miss North asked questions on Thanksgiving, geography, current events, music, English grammar, and sports.

The girls won with a score of 196 points; Sybil Luther, with a score of 65 points, led among the girls. The boys had a score of 187 points with Billy Hannah as their leader, having a score of 75 points. The highest possible score for each person was 85 points.

This quiz evened the score between the boys and girls since the boys won a quiz last year.

Ten New Scouts Ask Membership

The scout meeting of November 19 was called to order by Scout Master Guinn Carruthers at 7 o'clock.

The meeting opened with the Scout Oath led by Bobby Lemmons and was followed by the roll call. Those present were Billy Hannah, Roy Coates, Bobby and Stanley Lemmons, James Chapman, Leslie Nance, Lorain Wyatt, L. B. Cox, George ArmentROUT, Bland Tandy, "Buddy" Russell, Wayne Babb, Pierce Reese, Lowell Sweeton, "Chappo" Morrison, Jim Ad Harvick, Jimmy Reed, Charles Ratliff, Billy Sparkman, Tom Montgomery, Joe Corbell, Leroy Borto, Charles McDonald, and Harold Keeton. The "grown-ups" present were Coach Patterson, Mr. Pingleton, Mr. Sikes, and the Scout Master. After the roll call was finished, the Boy Scouts that had the money paid their registration fee. There were ten new scouts that applied for membership.

The next subject that was taken up was that of dividing the scouts into four patrols. It was finally decided that the 7th grade would make up one patrol, the freshmen another, the sophomores another and the juniors and seniors another. The patrols are going to elect patrol leaders next meeting. The Scout Master then appointed a few scouts to teach the tenderfoots to say the Scout Oath. When the "tenderfoots" had learned the Oath, each stood and said it to the other Scouts. Mr. Carruthers also asked for volunteers to teach the tenderfoots to tie the nine required knots. The meeting closed with the "Scout Benediction."

Some very cold weather the last few days.

Jim Ad Harvick Host to Press Club

The Press Club held its regular meeting last Wednesday night at the home of Jim Ad Harvick. George ArmentROUT, president of the club, called the meeting to order and Rozelle Pharr, secretary, read the minutes of the last meeting. New and old business was discussed and then the roll was called. Each member answered with a current headline.

The program for the evening consisted of a talk on society by Lila Lee Cooke; a talk by Frances Bean on getting a news article in the paper; and the usual singing. The members sang such songs as "Ten Pretty Girls," "Call of the Canyon," and "Blueberry Hill."

Tom Montgomery volunteered to have the next meeting of this club at his home. Jim Ad Harvick then made the motion that the meeting be adjourned.

The hostesses served refreshments, which included olives, cocoa, sandwiches, and cookies, to Lottie Jo Owens, Gem Ella Dudley, Mary Faye Lucas, Claude Everett, Adelle Keeton, George ArmentROUT, Lila Lee Cooke, Bertie Sue Brownrigg, Mary Elizabeth Gray, Tom Ed Montgomery, Frances Bean, Helen Mayes, Ethel Mayes, Bland Tandy, Florence Luther, Jim Ad Harvick, Calvin Williams, Rozelle Pharr, and the club sponsor, Miss Bess Terry.

SENSES OWENS-MAYES

HEARD: Margaret asking what a female sheep was called. It is not a "he" that pesters Mary E. to death. It is a "him." That Helen was spied on Friday night. It wasn't by her mother, either. Rozelle saying she is allergic to uniforms.

When Bland and Roy have dates at seven forty-five, they show up at ten after eight.

That Lila walked out on her date Friday night. That Shorty and Pee Wee ran after raccoons with two girls in their car. Most people do it vice-versa, boys.

Gem Ella asking if it's etiquette to hold hands in the show. Joy and an "ex-senior" seem to think so. Especially at Sunday afternoon romances.

Boothchie found only one "dear" over the weekend.

Little squeaks of surprise. If you want to know what cold steps feel like on a cold day, just ask Gem Ella.

That a torn note caused quite a mystery during the last class Monday. People shouldn't write notes, anyway, Eddy.

Pee Wee getting quite upset (poor boy) over some things put into this column. You shouldn't do such things if you don't want them in the paper, Pee Wee.

Tom Ed was very warm and cozy Saturday. What about it, Tom Ed?

A certain sony girl crying every time anyone hurts her feelings.

Bill Carson gets embarrassed every time he looks into his ice box. He has a chicken in it that is undressed.

SEEN: Dorothy spanking her horn because it squeaked. Dot, did you ever think what is on the other end of it? (Hint, you are).

Joy on the run Saturday afternoon. For whom could this "wild goose chase" have been.

Rozelle stepping out with Herndon Friday night. Joan stepping out with her honey to the dance at Sonora.

Some very loving love letters being passed around. Alene, Joy and Margaret had better be careful with those.

Mary crawling around in the floor board of the car hunting a dime. Pee Wee, weren't you down there too, (hunting a dime).

"Little sister" chaffing "Big brother" and his sweetheart around Sunday afternoon. From what was heard, "Little sister" knew nothing about driving.

TASTED: Some good pumpkin pie, spice pie and mints at the scavenger hunt.

Roy's tea must have tasted better than anyone's at the scavenger hunt after he put all his mints in it.

FELT: Some very cold weather the last few days.

#### Historical Club Holds Second Meeting

President Wayne West, Jr., called to order a meeting of the Ozona Historical Club on Monday, November 25, in room one-hundred and twenty.

The secretary, Adele Keeton, read the minutes of the first meeting, and the second meeting was devoted to a discussion of the future year's trips and programs.

Mr. L. B. T. Sikes, who is sponsoring the program he had planned for the year, said that the society would go on several exploring trips to examine Indian caves. He also had planned to have a number of book reviews. From these the members will learn more historical facts of the surrounding country as well as in their own vicinity.

Mr. Denham also told his views on the subject field trips for the club.

When the society was formed last year, it received its membership certificate, which named it the fifth charter member of "The Texas Historical Association."

The society hopes to have a very busy and successful year, and that the entire student body of the Ozona High School will back them as much as possible.

#### Advice On Love and Stuff

By Sophie Pillows

Q. Will I be happy with my boy friend who is bowlegged?

A. The bowlegs are something I can't straighten out.

Q. I am in love with a surgeon, quite a cut-up. Do you think he would be a dependable husband?

A. No. Marry an X-ray specialist. He'll see you through.

Violet Rae.

Q. If you found yourself in hot water, what would you do?

A. Take a bath.

Aunt Climax

Q. Does love come but once in a lifetime?

Minnie Mistakes.

A. So they say, but I seem to sense something wrong somewhere the last few times.

Q. Is love very contagious?

John Marrymore.

A. Well, you surely catch it if her father walks in.

#### LEAGUE GIVES PARTY

The Methodist League entertained the members with a scavenger hunt at the Methodist Church, Monday, November 28. High prize went to L. B. Cox, Mary Perner, Tom Ed Montgomery and Mustard Williams.

Mrs. Tom Owens and Mrs. Fleet Coates served refreshments to the following: Mary Louise Perner, L. B. Cox, Lottie Jo Owens, Bland Tandy, Joy Coates, Tom Ed Montgomery, Helen, Mayes, Jim Ad Harvick, Ethel Mayes, Roy Coates, Nan Tandy, Joyce West, Judith Williams, "Mustard" Williams, Margaret Russell, and Chapo Morrison.

#### STUDENTS BUY APRONS

The chemistry students received aprons last week to protect their clothes while they are working with chemicals. The black, lightweight, and water-proof aprons cost each of the twelve students thirty-five cents. The pupils in the class that received these are the following: Wayne West, Byron Williams, Ed Leatherwood, Floyd Hokit, Lloyd Coates, Norma Lovelace, Mary V. Graham, Helen Marie Mayes, Bill Carson, Stanley Lemmons, Billy Hannah, and Shorty Colquitt.

The chemistry students have been progressing very much this year. Mr. Carruthers is their in-

#### SUCCESSFUL DEER SEASON

Ozona High School has plenty to talk about since deer season opened.

There haven't been many deer shot so far, but some of the lucky fellows who have killed a deer are surely strutting.

Bill Carson shot a four point deer on his ranch last week. Marvin McLaughlin and Dick Henderson nearly killed one the other day, so Bill's is the only deer that has been killed so far, proof in hand.

Others who have been hunting and haven't killed anything larger than a grasshopper are the following: Elton Smith, Bootchie Coates, Joe B. Chapman, and Donald Wilson. As long as the season lasts there is still a chance.

#### Prowler--

Playing hands in study hall. It couldn't be sealing a bet, could it Lila and Sunny?

Sybil, where did you learn to dance so well? These out-of-town dances teach you plenty, don't they? (She can do a neat rumba).

Congratulations to Billy, who was the first person that persuaded "Suzie," Sug's parrot, to "climb aboard."

Jim Ad, what a wonderful dancer you are. That is, when your dancing on your all fours.

Shame on you, Claudie, for even thinking of breaking Norma's wonderful picture. San Antonio produces the best looking fellows, doesn't it, Norma?

mystery. Feyn, can you straighten mystery. Faye, can ou straighten us up a bit on this? (Are they from Barnhart).

#### Masons Convene In Grand Lodge Meet At Waco Next Week

WACO.—Masters, Wardens and Secretaries of 896 Masonic Lodges in Texas, representing a membership of over 100,000 Master Masons in good standing, will convene in Waco at 4 p. m. Dec. 3, for an unusual conference preceding the

formal opening Dec. 4 of the 105th annual communication of the Grand Lodge.

Grand Master Leo Hart of Gilmer will preside over the conference. The meeting will be an informal discussion of vital and timely interests of the lodges, including special meetings, attendance and other matters of importance.

An impressive ceremony for the formal opening of the Grand Lodge Dec. 4 at 9:45 a. m. will include a grand procession of the Grand Master, past Grand Masters and Grand Lodge officers; followed by a salute to the United States flag. Grand Junior Warden Rogers Kelley of Edinburg will deliver the address.

Six Waco Blue lodges will have charge of the pre-opening program which will include presentation of the Baylor A Capella choir under the direction of Prof. Robert Hopkins. The A Capella choir of 75 voices, founded 10 years ago, is recognized as one of the outstanding musical organizations of the southwest.

Dr. George W. Truess, pastor of the First Baptist Church, Dallas, and Dr. Max Strang, pastor of the central Congregational Church, Dallas, will address Masons on the first day of the two-day communication.
