"OUR GIRLS VERY LIKE THE TIGHTS!" This note was pinned on the back of the picture, one of several sent to Mrs. George Cannon of Ozona by the director of the Ham Kwang Christian Orphanage in Kwang-Ju, Chun Nam, Korea. The orphan girls had just received a package of clothing sent by Mrs. Cannon. The lot all donated by Mrs. Beth Boyd of Small Fashions included 22 pairs of leotards. Can you pick the little girls who didn't get tights — as, front row, second from left and third from right, and middle row, fourth from right.

KOREAN ORPHAN GIRLS GO FOR TIGHTS INCLUDED IN PACKAGE OF GIFT CLOTHING FROM OZONA

Several boxes of clothing, some new and some used, gathered by Mrs. George Cannon and shipped to an orphanage in Korea where her husband, Lt. Col. Cannon, was base commander of a new air base, elicited an enthusiastic letter of thanks from the headmaster of the orphanage and some interesting pictures of the children receiving the gifts from America.

Colonel Cannon had visited the orphanage and in his letters to his wife described the plight of some of the children and their needs, hence her effort to supply some of those needs.

One of the boxes was made up of clothing for children donated by Mrs. Beth Boyd of Small Fashions. Included in the lot were 22 pairs of leotards, or tights, for little girls. These made a big hit with the girls.

The letter of thanks came from Kim Ee Man, head of Ham Kwang Christian Orphanage at Wwang-Ju, Chun Nam, Korea.

"Dear Mrs. George Cannon," the letter began. "I hope you'll receive my letter while you are enjoying a sound health.

Geoffrey Dare, 22-year-old Australian youth, in the United States under the International Farm Youth Exchange program, arrived in Ozona the first of the week for a three-week stay as a guest in the ranch home of Mr. and Mrs. P. L. Childress III.

Dare has just completed a three-weeks stay in Lampasas county where he lived with a rural family. He lives on a stock farm or "station" in Australia where his father, Rollin A. Dare, operates a large farm and ranch, with about 2,600 acres in cultivation, raising wheat, barley, oats and lucerne and raising Merine finewool sheep.

He has been a member of the Rural Youth Movement of South Australia for the past five years, serving one year as assistant leader and is Zone Committee Representative for his club. There are 60 members of the club he serves, an organization similar to 4-H Club work in this country. He has been a member of the Young Liberals, a political organization, for two years.

Hail Pounds Ozona Second Week In Row

Hail pounded Ozona for the second week in a row early Saturday morning and brought another 1.41 inches of rain in its wake. Little property damage was reported here in town, but ranches northwest of town, where the hail was as large as baseballs, reported a great deal of property damage as well as dead livestock.

The storm struck Ozona between 12:30 and 1 a. m. and the ground was still covered at daylight. Hallstones piled up to a depth of six inches along sides of houses and abutments and in some places had not melted completely at daylight.

During a four-day period late last week and during the weekend, official rainfall reports amounted to 15 of an inch Friday, 1.41 inches Saturday, .06 of an inch Sunday and .04 of an inch of rain Monday.

Rainfall seemed to be lighter in the northeast part of the county, with up to 3 inches reported in the southern part, which received the heaviest fall, with varied amounts reported in other parts of the county.

Ozona Oil picked up its first win of the season Thursday night, beating B&B Grocers 4-2. Pete Martinez was the winning pitcher and Melecio Martinez the loser. Pete Martinez also led the hitting with 2.

In the second game, Mike Mosley picked up the win for the Ranchers and Tony Connors took the loss for the Oilers. Rick Hummelt led the Flying W victory with a 3 for three performance at the plate.

The second game was more of the same for the Ranchers, with Mosley again getting the win and Pete Martinez taking the loss. Mosley, Flannagan, Stuart, Thompson and Chamness had two hits each for the Ranchers, with Chris Reeves picking up two hits for the Oilers.

In minor league the Astros defeated the Giants 12-5 Friday and the Dodgers 3-2 Tuesday to take over first place. The Dodgers got their first win by downing the Yankees 14-13 Friday. The Yankees came back to drop the Giants 5-3 Tuesday.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

Austin, Texas — Presently there are two major topics of speculation in capitol corridors:

1. When will Gov. John Connally call the legislature into special session?

2. Who will win the gubernatorial runoff race. Conservative Preston Smith or Liberal Don Yarborough?

As for Item No. 1, Governor Connally must call the lawmakers back to the capitol by mid-June at the latest to pass a 1969 budget and a new tax bill ranging in the \$125,000,000 a year bracket. Congressional approval of the 10 per cent federal income tax surcharge may drive the state tax requirement even higher. This because a reduction in income

will affect the sales tax revenue in Texas.

Legislators mention June 6, June 10 and June 11 as probable starting dates. Rumors were widespread at last week's Legislative Budget Board meeting that Connally was considering calling the session before the June 1 runoff election.

Lt. Gov. Preston Smith told reporters that he feels it will be "difficult" for the legislature to pass a major bill in a 30-day special session, starting cold.

House Appropriations Committee Chairman W. S. Healy of Paducah noted that never before have lawmakers been called to pass a complete general appropriations bill in a bottled session. He said he would like to start his committee to work unofficially on budget proposals even before the session begins, in hope of meeting the deadline.

As if the legislature did

not have its hands full with financial matters, liquor-by-the-drink advocates are urging Connally to submit that red hot issue to the special session. Passage of a May 4 referendum favoring mixed-drink-sales by a narrow margin added impetus for early consideration by legislators.

Smith and key lawmakers feel that the referendum was not conclusive enough numerically to be of any great benefit in winning legislative approval of mixed drink sales.

As for Item No. 2 Smith and Yarborough now are engaged in a runoff battle to determine who will be the Democratic candidate for governor of Texas.

Yarborough led by 100 votes in the first primary. But Smith quickly picked up the wholehearted endorsements of third place candidate Waggoner Carr and fifth place runner Earl Locke.

Classic liberal-conservative lines are drawn in the Yarborough-Smith clash. Both contend that turning disinterest and a late turnout on June 1 could prove disastrous to Smith.

Values in Disarray

In these mixed-up, turbulent times that distort truth and real values, the law-abiding and the respectable suffer and the violent and irresponsible receive praise or kind treatment.

An example of this is the pressure successfully applied on the International Olympics Committee to ban South African athletes from the games, even though they had been formally accepted for participation in the summer Olympics at Mexico City. The Olympics, which should stand for good sportsmanship, have had to bend before the winds of politics.

The banning of South African sportsmen is a cruel blow to the South African athletes of all colors and race who would have taken part in the games this summer. They have been discriminated against and denied an opportunity to excel in international competition.

The refusal to let the South Africans compete testifies to the degree to which our world is in disarray. The communist and Afro-Asian nations never miss an opportunity to force South Africa a constitutional republic, into the pillory of "world opinion."

If nations are to be barred from the Olympics on the basis of their political records, responsible men can easily think of some prime candidates for banning. The first would be the Soviet Union, the country that holds millions of captive people in its grip — the nation that swallowed up the little states of Estonia, Latvia and Lithuania and deported millions of men, women and children

to Siberia.

Few of the black African nations would be exempt from banning if a strict political behavior rule were applied. Tanzania is a one-party state that gives communists a base for terrorist campaigns against its neighbors. Guinea is a communist dictatorship, as is Congo (Brazzaville). The Republic of the Congo (Kinshasa) is a tyranny with mixed elements of force and tribal terror.

Ethiopia is an absolutist monarchy where no one has any rights. Almost everywhere one looks on the African continent, one finds cruelty and despotism and backwardness in sub-Saharan Africa. Only in South Africa, Rhodesia and the Portuguese Provinces will one find civilization and the rule of law. These advanced nations and territories are condemned, however, because they will not accept the kind of governmental system that prevails elsewhere in Africa; they will not agree to give up and accept a return of primitivism. That's why the South Africans are banned from the summer Olympics.

The real tragedy is that

some supposedly responsible people in Western countries are delighted that the South Africans are banned. They mistakenly view this vindictive action against a highly modern country, which spends more than any other African country on social services and education of all its people, as a victor for human rights. This reaction only indicates the extent to which logic is ignored in our time.

We see the same phenomenon with respect to the law enforcement authority in our own country. For example, when the New York police finally were called in to remove radical students from Columbia University buildings, they didn't get any thanks for a tough and nasty job. On the contrary, Mayor John Lindsay of New York called for an investigation into charges of "police brutality." He apparently didn't find it expedient to order an investigation into the student groups that ran the red flag up over Columbia, who placed the communist hammer and sickle symbol on blackboards, who shouted "Lenin won; Fidel won; we'll win." No, the ra-

dicals were virtually excused; Mr. Lindsey upheld their right to "dissent."

It is a strange world, all right. Apparently academic freedom doesn't include the right of a university to maintain order on campus, hold classes and end student hoodlums. But, in the view of the prevailing "liberals," academic freedom involves toleration of sit-ins, wrecking college administration buildings, pulling down bookshelves for barricades, and screaming obscenities at police and students who want to study.

Confusion of basic values is one of the worst things that can happen in a free society. It means that society is being undermined. Such confusion took place at the end of the Roman Empire when the Dark Ages began to fall on Europe. Nowadays, it often seems that a new Dark Age is beginning, as the police are condemned, universities are terrorized, riots take place in great cities and anti-communist countries such as South Africa are victimized by political extremists. The outlook is very grim for the forces of civilization.

Now - U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E — 9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the front line of a distant land, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share in every way we can to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

Funeral services for Milton Clayton Puckett, 73, Ozona native, were held yesterday at 2 p. m. from the First Presbyterian Church in Ft. Stockton, with burial in East Hill Cemetery there.

Mr. Puckett died Monday afternoon in Shannon Hospital in San Angelo after undergoing heart surgery Sunday morning. He had been ill about four days.

Mr. Puckett was born Oct. 31, 1894, in Ozona and was married to Thelma Johnson in Brownwood, Oct. 22, 1922. He attended schools in Ozona, San Angelo and Austin.

He was a World War I Marine Corps veteran. After the war he returned to West Texas and ranched in Crockett, Val Verde and Sutton counties. He purchased a ranch in Pecos County in the 1930s and moved to Fort Stockton in 1938. The Puckett gas field was discovered on his ranch.

Mr. Puckett, along with his brother, Dow Puckett, also of Ft. Stockton, furnished the adult reading room in the Ozona High School Library in memory of his aunt and uncle, Mr. and Mrs. Robert Massie. The Massies were among the first settlers in Crockett County.

He was board chairman of Pecos County State Bank and devoted much of his time to civic affairs. A past president of the Texas Sheep & Goat Raisers Assn., he also served as president of West Texas Boys Ranch, Texas Soil and Water Conservation Board, Ft. Stockton Lions Club, Chamber of Commerce and the Pecos County ASC Committee.

Mr. Puckett had served as Republican state committeeman from the 25th District since 1965. He was a member and ruling elder of First Presbyterian Church of Fort Stockton and a Mason.

Survivors include his wife, a daughter, Mrs. Glenna Puckett Robbins of San Antonio; a son, Gerald Clayton Puckett of Fort Stockton; a brother, Dow Puckett; a sister, Mrs. Synna Martin of Fallbrook, Calif., and eight grandchildren.

OZONA BOOT & SADDLERY

LAST FRIDAY MAY 10, WAS AN IMPORTANT DAY

That Day in the month — the 10th — is important to three groups of individuals:

FIRST GROUP: It is important to you who enjoy the privileges of credit being extended to you. If you pay your bills promptly, by the tenth of the month — you are in a "select group", and you maintain your place in this group by continuing to pay your bills on time.

SECOND GROUP: It is important to the merchants who grant you this credit privilege. They learn on whom they can depend to maintain their standard of good business and friendly relationships. They appreciate

the opportunity of being able to choose from this "select group" — the "cream of the customer crop."

THIRD GROUP: It is important to your local Retail Merchants Association — the Credit Bureau — who is able to keep your credit rating in this "select group" only as you yourself maintain it by payment of all bills promptly. We are sorry when we have to drop your name from this group because you have defaulted in your "promise to pay promptly."

NEW TOMORROW

If I had time tonight, I might be a bit frightened. But just now, there's time to feel only excited and happy. It's funny... when you're a little kid, it seems as if you go to school forever. Then all of a sudden, it's graduation night, and you know that this is an end and a beginning all at once.

Mom and Dad will be out in the audience, and so will Dan. He sent me these roses. Our minister will be out there too, and I hope he'll notice the smile I send in his direction will be a particularly grateful one. How often I've gone to him with my childish troubles, only to have him treat them as seriously as if they were of world-shaking consequence. It was he who really taught me how to pray.

He taught me so many of God's lessons. And I am sure that throughout my lifetime I'll be learning them anew and repeating them over and over again. How wonderful to realize that this commencement, this end of an era, is really the beginning of a new tomorrow.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Washington News Letter

Congressman O. C. Fisher

There's a fairly good chance the Congress may hold up and go home at the end of July. The national conventions come in August, and with so much politics in the air, the time for adjournment may be earlier than usual. Moreover, a shorter session would be a good break for the taxpayers.

Not only that, but prospects for the invasion of the capital by a horde of Negro militants, who insist they will beat down in the city parks until Congress quits, is another impediment.

Speaking of the impediment, it's reported that the Secretary of Interior (who must issue permits for marches and use of public land in the District of Columbia) is on the verge of granting permission for the march and the encampment of 1,000 people. Many of us in Congress have urged the Secretary not to do this. It will create a sanitary and health problem, and such land is not designed to serve such purposes. Moreover, it will likely lead to more violence and crime.

By a vote of 306 to 94, the majority of us in the House last week amended a college education bill by denying Federal loans or other aid to college students taking part in campus riots, sit-ins, seminars or other disruptive actions. This, if finally enacted, will cramp the style of a good many who receive assistance from the college aid program. It's become stylish of late for left-

wing students in some colleges to gang up and take over the colleges, disrupting classes, and causing mounting disorders.

No wonder they say there is a literary drought in America. When a book so mediocre as this reaches the top of the best seller list in non-fiction, it must be so.

The summer paving program was discussed at length and 300 feet of new fire hose was approved for the fire department.

What makes a Pontiac a Pontiac?

(And what makes ordinary cars ordinary?)

Only Pontiacs have Wide-Track. Drive a Pontiac and you'll wonder who took all the bumps and curves out of the road.

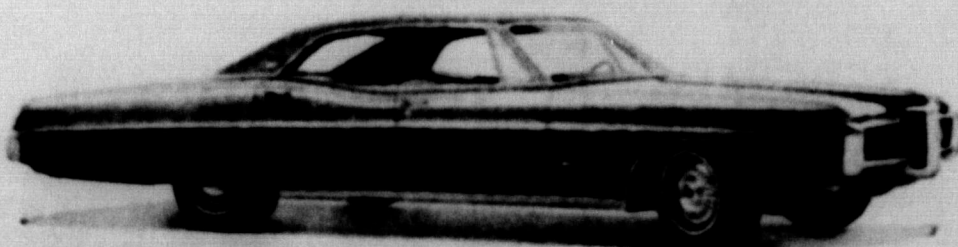

Even our lowest priced Pontiac has a unique 175-hp Overhead Cam Six. Unless you count cylinders, you'll never see a V-8.

Pontiac interiors make you glad you left home—soft Morrokide and simulated wood trim so real only a termite can tell it isn't.

Innovations like GTO's Bumper-of-the-Year make Pontiacs look expensive. But record sales prove we know how to price them, too.

THE GREAT WIDE-TRACK DRIVE IS ON!

See your Pontiac dealer. He's out to smash sales records for the 7th straight year!
