OZONA SCHOOLS OPEN WITH GOOD ATTENDANCE

The Ozona Public School opened at nine o'clock Monday, September 3rd. A goodly crowd of parents and other interested persons witnessed the opening exercises at the high school auditorium. Judge Davidson represented the school board in an address outlining broad school policies for the term. Rev. Maxwell represented the organized churches of the town in a brief address urging co-operation between church and school forces. After these addresses teachers met pupils for purposes of registration and classification. Parents generally showed a commendable attitude in leaving this difficult matter in the hands of teachers.

The first day netted a registration of 240 pupils in all departments. 152 of these were enrolled in elementary rooms, and 88 in the high school. The enrollment by grades is as follows: first grade, 27; second grade, 24; third grade, 31; fourth grade, 28; fifth grade, 22; sixth grade, 19; seventh grade, 17; eighth grade, 26; ninth grade, 14; tenth grade, 20; eleventh grade, 11. It is interesting to note the third grade is larger than either the first or second, that the eighth is much larger than fifth, sixth or seventh, and that the tenth is larger than the sixth, seventh or ninth.

The Mexican school enrolled 20 pupils the first day.

A comparison of this year's registration with that of last shows an increase of about ten per cent over last session at its high tide. An influx of new pupils is the explanation. These new pupils happen to congregate for the most part in the third, fourth, eighth and tenth grades, producing the curious situation referred to above.

Announcement was made Monday morning that neither a domestic science nor a music teacher had been employed. The domestic economy teacher employed in the Spring resigned lately, and it has proven impossible thus far to satisfactorily fill the place. The Woman's Club has the matter of selection of a music teacher under advisement.

Following is a list of teachers by rooms and grades:

First Grade, Miss Elizabeth Fussell, Ozona.
Second Grade, Mrs. Mary Meinecke, Ozona.
Third Grade, Miss Hassie Davis, Haskell.
Fourth Grade, Miss Gertrude Morgan, San Angelo.
Fifth Grade, Miss Isla Mae

GEOLOGISTS SURVEY ON THE PECOS

Three geologists of the Texas Company have just completed a survey of the lease holdings on the Pecos river, on the ranch of Ben Ingham. The survey was very thorough, and the geologists were very careful to make every measurement of the most accurate kind.

From the Ingham ranch the geologists went to Rankin to engage in further geological work for the Texas Company. Before leaving, the chief geologist stated that all indications were very favorable in that section for the discovery of oil, according to Mr. Ingham. However, it is Mr. Ingham's belief that no development in that part of the country

is to be expected at any near date, owing to the fact that at present the Texas Company has as great a supply of oil as is required to meet all demands. Of course, in the event that other companies begin development in that section, it is likely that the Texas Company will follow the lead and develop their holdings.

Mr. Ingham stated that range in his section of the country is fine, having recently received rains that surpass any that have fallen in the last three or four years. Stock of all kinds is in excellent shape. Mr. Ingham states that he will begin shearing about the tenth of the month.

Ozona is the Hub and Center of the Greatest Stock-Raising country on earth.

Chitwood, Haskell
Sixth Grade, Miss Nell Neblett, Stephenville.

Spanish and History, Miss Bertha Deal, Alto.

Mathematics, Mrs. Nan Grimmer, Ozona.

English, Mrs. H. Q. Lykes, Ozona.

Natural Science and Athletics, E. J. Powell, Jr., San Angelo.

Manual Training, Jerry Phillips, High School Principal, Ozona.

Second year Latin and Senior High School History, C. C. Minstra, Superintendent.

Expression, Mrs. Mauldin, Ozona.

Two-thirds of the elementary faculty and one-half of the high school faculty is new. Practically all of the elementary and half of the high school faculty have attended school either during the last regular session or the last summer. This is quite an unusual record, greatly exceeding the requirements set by the State Department of Education.

Our Expression teacher, Mrs. Mauldin, has also spent the summer in pursuing professional courses at Colorado State Teachers College.

Grand Schools to Hold One Institute.

The school board has decided that the local school faculty may hold its own institute on Saturdays, and plans are under way to hold the first program soon.

All institute programs will be published in advance, and every effort made to interest the public and to secure its co-operation. Professional literature will be studied and discussed, and local problems attacked in the light of these discussions. The law requires that a teachers' institute be held yearly. The faculty means to prove to the public the worth of institute work by actual demonstration.

Next Week Patrons' Visiting Week.

Patrons' visiting days were well attended last year. But a day proved too short a period for attaining the best results. This year a week at a time will be marked out for concentrated visiting. The second week of the school, beginning September 10, will be Patrons' Week. Parents and interested persons generally are cordially invited to visit the schools and observe actual school operations at any time during this week. The grand climax of visiting is expected to occur on Friday, the last day of Visiting week.

OZONA, TEXAS, Sept. 6, 1923

The recognition of Mexico, which has been much desired in Texas since the foundation of a steady government by President Obregon, became a fact a few days ago with the resumption of full diplomatic relations between Mexico and the United States. For almost ten years, because of revolutions and internal strife, Mexico has been compelled to forego the pleasure of basking in the sunlight of Uncle Sam's recognition, but having obtained that much-to-be-desired recognition, it is hoped that further future developments in the Republic across the Rio Grande will have a tendency to bind the two republics together in a friendlier relationship, and not, as in the past, to cause a feeling of restraint, and sometimes actual enmity, between the peoples of the respective countries.

Rent houses are so scarce in Ozona that it has been brought to the attention of the writer that at least one or two families have had to move to some other place in order to give their children the advantages of a school. This is a woeful condition of affairs, and should not be tolerated any longer than possible. In case a family wanted to move to Ozona to send their children to school, it would not be attempted, simply because it would be known at the time that it would be a useless waste of time to look for a place in which to live during the school session. What this town needs is more rent houses and it ought to have them in spite of every obstacle. How can anyone expect the town to ever grow any larger, or ever have more money if other people cannot come to Ozona to live, even during a part of the year? How can we expect our school to continue to grow, when there is no chance for other people to come here to send their children to school? We believe that a few more houses should be built, even tho it should happen that no money should immediately be made on the investment, because the town is suffering from an absence of houses.

A newspaper without a mistake is one of the rarest things in the world—so rare, in fact, that we believe there "ain't no sich an'mile." Consequently, we can't see the need of apologizing for every mistake, unless that mistake is likely to cause harm, in which case we are anxious to do everything in our power to correct a wrong or harmful impression. But in the case of the typographical errors, all we can do is to promise to keep the paper as free from them as possible, and ask the people to overlook them as much as possible. What we would like to have, however, is the cooperation of the entire community in making The Stockman one of the newest papers in West Texas. There is a possibility of such a thing being accomplished, but not without the help and assistance of our readers. One of the readers of The Stockman asked us last week, "Do you REALLY WANT people to send in little news items to The Stockman?" All we can say is that we have contracted a case of writers' cramp begging the people of this community to help us out in the mat-

ter of local news in the town and county. We do not care what you send in to us—as long as it is of interest to even a part of the citizenship of the town, and causes no harm or trouble for anyone—we will be glad to find space for it in The Stockman. If you have visitors or other news items, tell us about it—if your neighbors have visitors, tell us, because he probably will not—and we will let the world know that Ozona is on the map.

School opened in Ozona last Monday with a good attendance, with most of the teachers at respective places. Everything is now going along smoothly and indications point to a first class school in every respect, equaling if not surpassing any other session in the history of the town. It has ever been th aim of Prof. Minatra to have the school with as high affiliation as was possible to secure, and it is believed that within a very short time the school will have attained that end.

It will be the effort of The Ozona Stockman to keep its readers informed of the weekly progress of the school, through the cooperation of Professor Minatra and others of the faculty. We believe that the progress of the school along lines of educational and athletic achievements should and probably does form one of the most important topics of interest in the life of a town, and the more publicity that is given to school matters, just so much more will the town as a whole be benefited. Help The Stockman and the school faculty to keep the interest in the school alive and before the public at all times.

Many of the teachers of this session are home folks, or have been here for previous terms, so are well acquainted with the town and the people. But some of them are new to us, and are total strangers to everyone and everything. You can help the school and the community by helping these teachers to become better acquainted with the people among whom they are compelled to remain for the next nine months. This school teaching is a thankless job at best, for we have tried it and know. And just a little indifference on the part of the school patrons will make it a thousand times worse, especially in the case of those teachers who have come from distant parts to labor for and with your children. Give them a helping hand, and we can assure you that results of your interest and attention will be very quickly shown in the progress of your child in its school work. Anything that helps the teacher to make his or her burden lighter will help you and your children, and, incidentally, the town. So don't wait for someone else to show an interest in these new teachers. Help them yourself to get started out right among Ozona people and affairs.

Advertising is a good thing. Any person who has had occasion to use it will agree that the above assertion is true. But advertising, in order to properly show its real worth, must be used properly and with an eye to the effect it will have on the buying public. Unless advertising is used in such a way that the person who has money to spend will be attracted, the purpose of advertising is lost to a great extent, and instead of being an asset, it becomes a liability. Consequently we say to all who would advertise, use it in such way that the people will be attracted, and not because it is a duty you think you owe to your home paper.

Don't consider advertising as being money given away to the newspaper, just because you are of the belief that you ought to patronize the home paper to a certain extent. While it is true

that you ought to advertise in your home paper, at the same time you ought to use all advertising to put money in your pocket as well as to help out the editor.

There are a few rules which every advertiser ought to know and abide by. The chief rule is to use enough advertising space to attract the eye of the prospective purchaser. A little advertisement stuck down in the corner of some page, which is necessarily inconspicuous, will not result in as much good as would a larger ad in some other place. In fact, a five dollar advertisement in a good position will do more than ten times as much good as a dollar ad in a less desirable position. So it will pay the advertiser to take a larger space and reap a richer harvest.

Another good thing to remember is to advertise seasonable goods. Don't advertise overcoats in July. You probably will not ave many calls for them, unless a clearance sale is in progress.

Advertise good goods. People had rather read about a good article for ten dollars than a medium grade article at a third the price. This is a good thing to bear in mind.

When you place an advertisement in the paper have every word, and every phrase, tell nothing but the truth. People like to know that they can depend on the statements found in your advertisements.

It is better to advertise one article well than it is to advertise a whole store of goods in a general way. People like to know what you have to offer and like to read about a real bargain, not necessarily in price but in

quality. So if you have a real good line of stuff, even though the price is rather high, tell the people about it. You can attract their attention and interest and a prospective customer is secured.

CLAYTON--PNER WEDDING

A. W. Clayton, Jr. (Warren) and Miss June Perner were married at the Methodist parsonage last Wednesday night, September 5th, Rev. Maxwell performing the simple but impressive ring ceremony. Only the relatives and a few friends were present at the wedding. At the conclusion of the ceremony, the couple left for the ranch where they will make their home.

Warren is the eldest son of Dr. and Mrs. A. W. Clayton of San Angelo, and was born and reared in Crockett county. He has innumerable friends and acquaintances who will rejoice with him in the capture of one of Ozona's loveliest prizes.

The bride is one of the most popular young ladies of Ozona, the youngest daughter of Mrs. Mary Perner, and has a host of friends all over this section of the State who wish her success and a long and happy married life.

Get that child a pair of our Kiddy-Alls. It will save you money. Roy Parker.

If you want to get serviceable clothes for the little tot, come in and look over my line of Overalls and Kiddy-Alls. Roy Parker.

PREPARE FOR A LIFE WORK NOW

"Are you going to college?" This question was recently asked a young man who had just returned from his freshman course with a good record and who is prepared to enter either his State University or his State college of agriculture with full credits for the freshman class. With out a moment's hesitation he replied: "No sir, I'm going to work. It takes a lot of money for a fellow to get on these days. I can't afford to spend four years in college."

"What work will you do?" he was asked. "I don't know. You see, I am looking for a job now."

"What kind of a job are you looking for?" was the next question.

He had become more serious but was not prepared for the next question. "Why, anything I can get, if it pays enough."

"What can you do? What experience, what training, have you had?" Further questions brought out the fact that this boy's parents had not asked or encouraged him to prepare for any definite life work and that in only the most vague way did he himself have any predilection or leaning toward any specific occupation, vocation, profession or business. His one ambition is to get a job. Without an engine, sail, rudder or compass, he is chafing to embark upon the sea of life with no chart and no chosen port.

And so it is with thousands of men and women from one end to the other of our Southland. Their greatest life problem, if they but knew it, is to find themselves, to have a definite purpose in life, and to prepare for its attainments. When boys or girls can be brought to the point of seriously considering their future and decide upon some definite lifework, they are preparing to decide their greatest problem, that of deciding what they will make of themselves.—The Progressive Farmer.

Crockett County is bounded on the West by the Pecos River.

WOMAN'S CLUB HOLD MEETING

The Woman's Club held its regular meeting last Tuesday afternoon, September 4, at the High School Auditorium. Reports from all the standing committees were received.

Probably the most important business coming before the club at this meeting was that of attempting to build a community house in Ozona. Toward that end, the co-operation of all Crockett county citizens will be sought in order to secure as much aid as possible. Each member of the Club was authorized to draw one dollar from the club Treasury, and in any way that was thought fit to increase the dollar as much as possible, selling of different articles, such as bread, cakes and fancy work being suggested.

It was decided to ask every person in Ozona to contribute to the cemetery fund.

The dumpground was discussed, but no action was taken in regard to having it removed to a less conspicuous location.

Data for this article was given to The Stockman by the Press Reporter of the Club.

FALL OPENING AT THE ROACH-McLYMONT CO.

The new Fall Styles in Women's Wear are now on display at the Roach-McLymont Company. They differ in many respects from last year's models and show the daintiness, artistry and the pleasing new effects in color tone which the midsummer advance notices of the Autumn and Winter styles forecast. These selections at Roaches, all of them, come from New York, Fashion's headquarters on this hemisphere, and, as usual, New York has taken its cue from Paris. And they are the best that New York offers in the way of dresses, suits, coats, millinery.

Roaches will not hold a formal Style Exhibition this year, because experience has shown that ladies prefer to inspect the Fall Styles informally and at their leisure. From now on, every day will be an informal style exhibition at the store. The ladies of the district are cordially invited to drop in whenever they please, and the salesladies will only be too glad to show them the new styles.

The Men's Department at Roaches is now showing the Hart, Schaffner & Marx Fall Styles in suits and overcoats. Believing that every man wants good style in his clothes and ought to have it, believing also that real economy in suit buying means selecting the suit that will last longest for the least money, the Roach-McLymont Company pins its faith to Hart, Schaffner & Marx. These clothes are always authentic, in perfect taste, and best of all, they are best values for the money.

Store Opens With Sale.

The J. O. Hightower General Merchandise store opened last Saturday with a Fall Invitation Sale, which will continue until Saturday night of this week. The staff of clerks and other operatives were on the job early Saturday to attend the wants of the large crowds of purchasers and visitors. Several of the young ladies of the town were engaged as clerks and performed creditably. The appearance of the store is good, and is a credit to the town. Mr. Hightower proposes to operate his Ozona establishment on the same plan in force in his stores at Sonora and Eldorado—strictly cash throughout. This cash business permits Mr. Hightower to carry much larger stocks of merchandise and gives the customer the benefit of the saving effected in buying and merchandise stocks on a cash basis.

Mr. and Mrs. Frank Friend visited in San Angelo last weekend.

CITATION BY PUBLICATION

THE STATE OF TEXAS: To the Sheriff or any Constable of Crockett County--GREETING: YOU ARE HEREBY COMMANDED TO SUMMON Phil Miller, his heirs and assigns, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if

not, then in any newspaper published in the 83rd Judicial District; to appear at the next regular term of the District Court of Crockett county, Texas, to be held at the Court House thereof, in Ozona, Texas, on the 2nd Monday in October, A. D. 1923, the same being the 8th day of October, A. D. 1923, then and there to answer a petition filed in said Court on the 13th day of August, A. D. 1923, in a suit numbered on the docket of said Court, No. 336, wherein J. W. Owens is plaintiff and Phil Miller, his heirs and assigns are defendants, and the cause of action being alleged as follows:

to-wit: Trespass to try title, and for damages, Plaintiff alleging that he is the owner in fee and entitled to possession of all that certain tract of land, situate, lying and being in the County of Crockett and to State of Texas, and being all of Abstract No. 2826, Survey 15 Certificate 1408, Original Grantee, Phil Miller, containing 320 acres of land; plaintiff alleging that on or about the first day of January, 1923, he was lawfully seized and possessed of the land aforesaid, holding and claiming the same in fee simple; that on said last date, defendants unlawfully entered upon said land and premises and ejected plaintiff therefrom, and withholds plaintiff from possession thereof, to plaintiffs damage \$100.00, and the reasonable rental value of said land and premises is \$100.00, Plaintiff alleging that he and his assignors has had and held said land continuously for more than five years, last past, in possession, peaceable and adverse, cultivating, using and enjoying the same and paying taxes thereon, and claiming same under deeds duly registered; Wherefore plaintiff prays Judgment against defendants for title and possession of said premises, and that Writ of restitution issue, and for rents, damages and costs, and for such other and further relief special and general, in law and in equity, that he may be justly entitled to.

HEREIN FAIL NOT. But have you before said Court, on said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

WITNESS MY HAND AND OFFICIAL SEAL At my office in Ozona, Texas, this 13th day of August, A. D. 1923.

TOM NOLEN, Clerk, District Court, Crockett County, Texas. Issued this 13th day of August, A. D. 1923.

Are You Willing to Pay the Price of Success?

Somebody has said, "Success comes in cans; failures in cans. I have a clipping on my desk--I don't know who is the author--which reads as follows:--

"Success is sold on the open market. You can buy it--I can buy it--anyone can buy it who is willing to pay the price for it. Are you willing to pay the price? How much discouragement can you stand? How much bruising can you take? How long can you hang on in the face of obstacles? Have you the nerve to attempt things that the average man would never dream of tackling? Have you the persistence to keep on trying after repeated failures? Can you cut out luxuries? Can you do without the things that others consider necessities? Can you keep your mind steadily on the single object you are pursuing, resisting all temptations to divide your attention? Are you strong in the finish as well as quick at the start?"

And all this reminds me of the twelve rules of success that I read in a church paper nearly 30 years ago, copied down on an old

MANY MUTTON LAMBS ARE SOLD

San Angelo, Texas--Missouri, Kansas and Ohio sheep buyers in the past few weeks have invested between \$200,000 and a quarter million dollars in this section in spring lambs, it is estimated. One resident buyer in this time has purchased between 20,000 and 25,000 young sheep, and it is believed that other sales have swelled the number that has changed hands to 40,000 to 50,000.

Prospects of good feed crops through the middle west and recent rains in West Texas, insuring better range for sheep to graze on, until delivery in October, are assigned as the principal reasons for the increased activity. Nine cents a pound, on the basis of weight, and \$5 per head are about the average of prices being paid. One block of 2,000 to 2,700 lambs, averaging 51 pounds in weight, is reported to have commanded 9 cents per pound, making them worth \$4.87 per head. A few of the sheepmen have received \$5 per head. These prices are as good as last year and are expected to increase slightly unless middle western orders are filled soon.

Elton B. Holland of San Angelo, who branches in Val Verde county, sold 1,800 lambs to E. Magruder of this city at \$5.00 per head. Bob Hewitt also received \$5 each for 350 mutton lambs. Few of the many deals have yet been announced, however, the livestock commission men asserting that making the figures public before they fill all the orders will give them.

There have been so many Missouri buyers in the field as from Kansas and Ohio combined.-- Ft. Worth Livestock Reporter.

sheet of foolscap at the time and have kept ever since. The heading is simply "Twelve Rules from the President of the London Chamber of Commerce." Who that "President of the London Chamber of Commerce" was, I don't know, but of course he was a business man of distinguished success, or he would not have occupied that position.

Here are his twelve rules which I have never seen published in any book or paper for about 30 years now, but which I think exceedingly good:--

1. Have a definite aim.
2. Go straight for it.
3. Master all details.
4. Always know more than you are expected to know.
5. Remember that difficulties are only made to be overcome.
6. Treat failures as stepping stones to further efforts.
7. Never put your hand out further than you can draw it back.
8. At times be bold, always prudent.
9. "Men say." What do they say? Let them say.
10. Make good use of other men's brains.
11. Listen well, answer cautiously, decide promptly.
12. Preserve by all means your power: "A sound mind in a sound body."--Clarence Poe in The Progressive Farmer.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved--Dangerous and Sickening Qualities Removed. Perfect Tablets Called "Calotabs"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel the most generally useful of all medicines, thus enters upon a wider field of popularity purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles, calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water, that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small trial size. Your druggist is authorized to refund the purchase price as guarantee that you will be thoroughly delighted with Calotabs.--(Adv.)

FOOTBALL STAR TO ATTEND SIMMONS

John L. ("Bullet") Camp, of Breckenridge, Texas, first choice for all-T. I. A. A. half-back by all those selecting team of Texas stars, has been declared eligible for the Simmons College Cowboy Squad the coming session.

A telegram has just been received by Coach Hays from D. A. Shirley of W. T. S. N. College, Canyon, vice-president of the T. I. A. A., announcing his ruling on Camp's eligibility for another year in Texas football. Camp has been the star of stars of the Simmons gridiron for two years. On account of injury and sickness last year he was forced out of school at the close of the first term and was unable to attend for the rest of the year. Under Vice President Shirley's ruling, Camp will re-enter Simmons for the big grid session predicted for this school in the fall. Coach Hays announces that training will begin for the Cowboys September 11.

It became the province of Mr. Shirley to pass on the eligibility of Camp, in view of the fact that A. E. Chandler, president of the Texas Interscholastic Athletic Association, was connected with Simmons College.
