Release Suspect At Kerrville In Theft Willis Car

Filling Station Attendant Fails to Identify Man As Driver

A suspect arrested in Kerrville Tuesday probably owes his freedom to a set of recently grown "side burns."

The man was arrested by Kerrville officers as a suspect in the recent theft of an automobile belonging to Sheriff W. S. Willis of Crockett County. The sheriff's car stolen here two months ago, was found abandoned in a pasture, well hidden from sight, a few miles from Kerrville. The thief bought a few gallons of gasoline from a filling station in Sonora, it was learned after the theft.

Responding to a call from Kerrville officers, Sheriff Willis went to that city Tuesday to interview the suspect, picking up the filling station attendant who sold the thief gasoline at Sonora. The station attendant, however, was unable to identify positively the suspect as the man who was driving the sheriff's car because the man had grown the "side burns." Otherwise, the descriptions obtained of the thief tallied perfectly with the Kerrville suspect, Sheriff Willis declared. The man was released after questioning.

No trace has been found of the handsome pearl handled revolver taken from the sheriff's car by the thief when he abandoned it.

Lubbock Professor Thinks Skeletons Of Cave Dwellers

W. C. Holden Says Material Similar to Finds In Big Bend Area

Another opinion that the skeletons found in an isolated cave on the Noelke ranch along the Pecos River recently and placed on display here are those of Texas cave dwellers, whose age is variously estimated above and below 3,000 years, is contained in a letter received yesterday by Supt. C. S. Denham from W. C. Holden of the department of history and anthropology of Texas Technological College at Lubbock.

"My knowledge of the matter is not to be taken seriously," Mr. Holden modestly prefaced his opinion, "but I am convinced that you have a distinct cave dwelling Indian." Mr. Holden's letter was written after Mr. Denham had forwarded to the Lubbock college a small representative sample of the material taken from the cave with the skeletal remains.

"I think what you call the wool-on strip is twisted rabbit fur," the

Child Hit By Truck Is Only Slightly Hurt

Dick Lee McDonald Escapes Serious Injury In Accident

Dick Lee McDonald, small son of Mr. and Mrs. Bryan McDonald, narrowly escaped serious injury at noon Wednesday when he was knocked down by the wrecker truck of the North Motor Company near the school building.

The lad darted out in front of the oncoming truck and the driver, Ross Culpepper, shop foreman of the North Motor firm, was unable to stop in time to avoid striking him. The child was knocked down but was not seriously hurt. He suffered minor bruises but was able to return to school after the noon hour.

SCHOOL TO GET TWO HOLIDAYS THANKSGIVING

Classes To Be Dismissed Wednesday Afternoon And Resume Monday Morning

Those of us who are weighted with the responsibilities of family and business may see little for which to offer thanks at this season, but pupils of Ozona's school system see plenty.

As has been the custom for many years past, a double holiday has been declared by school authorities for the Thanksgiving period. Classes will be dismissed Wednesday afternoon to be resumed Monday morning.

The week-end will see the Texas State Teachers Association in convention in San Antonio and a number of members of the Ozona school faculty are planning to attend. The convention will be in session Thursday, Friday and Saturday of next week.

Liberal School Curriculum PTA Program Topic

Work Of Vocational Departments Outlined For Parents

Approximately fifty members and guests were present for the regular program of the Ozona Parent-Teacher Association held in the High School auditorium Monday afternoon.

"The Liberal High School Curriculum" was the program topic for the day, developed under the leadership of Mrs. C. J. Watts. The program opened with a playlet presented by pupils of the second grade under the direction of Miss Frances Northcutt, teacher.

"For What Are We Training Our Children" was the subject discussed by Mrs. Bryan McDonald, Guinn Carruthers, head of the science and manual training departments of the High School, Miss Ada Moss, head of the home economics department, and Miss Mildred North, head of the commercial department, discussed their respective departments, giving interesting summaries of the type of work undertaken in each department.

Orchestra music was furnished by the school orchestra under the direction of Joe Haddon. School news was given by Mrs. Madden Read. The closing prayer was by Rev. Ira Garrison.

Refreshments were served in the home economics department by the hostesses, Mrs. Bruce Drake, Mrs. Ray Duffin, Mrs. Ira Carson, Mrs. Ernest Sparkman, Mrs. Evert White and Mrs. Hillery Phillips.

Teachers Assigned For Interscholastic League Preparations

Assignment of teachers in the Ozona school system to have charge of the different divisions of the Interscholastic League contests, looking to the county and district competition in this field next spring, have been made by Supt. C. S. Denham, the superintendent announced this morning.

The assignments are as follows: Debate, Clarence Nelson; Declamation, fourth grade, Mrs. C. S. Denham; Junior High boys, Gerald Williams; Junior High girls, Miss Grace McMillan; High School, junior boys, Mr. Nelson; High School junior girls, Miss Mildred North; High School senior boys and girls, Miss Myra Bishop; Ready Writers (Essay) Miss Bishop; Spelling and Music Memory, Miss Elitabel Tillory; Picture Memory, Mrs. Ted White; Three R contest (Arithmetic) Gerald Williams; One-act Play, Mrs. Gerald Williams; Typewriting, Miss North; Story Telling, Miss Elizabeth Fussell; Athletics, senior boys, Ted M. White, Junior boys, Gerald Williams; art contest, Guinn Carruthers.

Lions Will Wind Up Grid Season At Eldorado Sat.

Locals Out of Running But Determined To Finish In Glory

Although their district championship hopes went a-glimmer with the 19-0 defeat handed them on the local gridiron last Saturday by the 1934 champion Rocksprings Bulldogs, Coach Ted White's Ozona Lions will journey to Eldorado next Saturday afternoon with a determination to end their 1935 football season in a blaze of glory by trouncing the strong Eldorado Eagles in their own nest.

Although they were far outweighed by the husky Bulldogs and turned in one of their best performances of the season against the overwhelming odds presented by the Rocksprings team, the Lions came out of this tough battle with few casualties. The full team will be in readiness for the coming scrimmage with the Eagles, including Parker, captain and end, who has been out of the local line-up for several weeks until the game Saturday with Rocksprings. Parker suffered an injury in the Junction game that kept him out of the game three weeks.

The Eldorado team is admittedly tough and since the Eldorado-Ozona game as the wind-up of the district season has come to be somewhat of a classic in this district, the coming game this weekend is expected to be one of the best of the season from the standpoint of local fans, and a sizable crowd of team backers likely will accompany the squad for the closing game of the current season.

Second Period Report Cards To Be Given to Students Here Tues.

Report cards for the second six-weeks period of the current school session will be handed to students Tuesday of next week, Supt. C. S. Denham announced yesterday.

Supt. Denham stressed the importance of close study on the part of parents of these reports as a means of attaining closer cooperation between parents and school. The reports are primarily to parents to advise them of the progress the student is making in the various departments and from these reports the parent is able to detect deficiencies, if any, in the student's work and co-operate with the school toward its correction.

Lions Eliminated From Dist. Race By R.S. Bulldogs

Earwood Shows Way in Shellacking Locals Here Saturday

It was Earwood vs Ozona Lions here Saturday afternoon—and the score was Earwood 19, Ozona Lions 0, and if the locals still had district championship hopes, that score blasted them.

The big, bruising, bushy-haired back from Rocksprings, behind the effective blocking of hundreds of pounds of beef from the Plateau region, flung out in crushing phalanx ahead of him, literally swept the lighter Ozona squad off its feet to drive over successively on the second, third and fourth quarters for three touchdowns, with one converted point for a total of 19 tallies.

Earwood was practically the whole show, making all three of his team's touchdowns, converting one extra point and missing his kicks for the other two. He was the most consistent ground gainer

Capitol Gets Its Annual Bath

The Capitol building in Washington is undergoing its annual cleaning, both inside and out. This picture shows members of the District of Columbia fire department playing their hose on the majestic building "on the hill."

FRIEND OR ENEMY? This Wonders "Believe It Or Not" Constable Smith As Someone Claims His Gun Found

Somebody claims to have the lowdown on Tom Smith, Ozona's famous "Believe It Or Not" gun-less constable.

A gun barrel, of the type known as the "English bulldog" revolver, found recently by an old timer here, was placed on exhibit in a downtown store window with the accompanying legend, "Tom Smith's gun."

Now, Constable Tom Smith owes his nationwide fame, and possibly his long tenure of office, to the fact, as quoted by Mr. Ripley, that he has served as constable of Ozona precinct 23 years and never carried a gun nor made an arrest. At the risk of plunging the community into political turmoil, it has been suggested that the claims of the finder of the ancient gun, if pressed, might well become an issue in the 1936 race for the political seat held these many years by the veteran constable.

Pioneer Crockett Resident Is Dead At Walters, Okla.

Frank Lantz, Former Partner Jones Miller, Early Day Rancher

Word of the recent death of Frank Lantz, one of the earliest settlers of Crockett County and a resident here when the county was organized, was received this week by old-time friends here from the widow.

Mr. Lantz died at his home in Walters, Okla., where he had resided the last several years. Word of his death came in a letter from Mrs. Lantz received by Mrs. Fayette Schwalbe of Ozona. Funeral services were held in Walters Sunday.

Mr. Lantz came to Crockett County when the country was just being developed into a ranching area. He owned a ranch adjoining the Childress ranches northeast of Ozona and was for five years in partnership in the ranching business with Jones Miller of Ozona, a pioneer of this section. The Lantz family left this county around twenty years ago, but he visited the Jones Miller family here about three years ago.

MODERN FILLING STATION

A modern filling station front has almost been completed at the Ozona Tire and Battery Shop, operated by Frank James. The station recently moved to new quarters on the highway west of Flowers Grocery. When completed, the station will be among the most up-to-date in the city.

INSPECTORS HERE WATCH STOCK MOVES

Clint Hamer, Bob Summerall Employed By Crockett County

TO CURB THEFTS

Special Officers To Keep Check On Livestock Trucking

Two inspectors who are working as special deputies under the sheriff have been employed by Crockett County to check all movement of livestock by truck in an effort to curb theft from ranches in this county and to co-operate with adjoining counties in running down those responsible for recent widespread activities of livestock thieves.

Clint Hamer, son of Harrison Hamer, former Texas Ranger and now livestock inspector for Sutton County, and a nephew of Frank Hamer, colorful former Texas Ranger and famed Texas peace officer, and Bob Summerall, also a former Texas Ranger and experienced peace officer, are the two men now employed by this county in checking the movement of livestock from and through the county.

Mr. Hamer and Mr. Summerall are covering the entire county and are making close check on all trucks moving livestock. Inspection forms have been prepared by the Sheriff's department for their use in recording facts concerning each shipment inspected and official "manifests" or forms to be filled out by the owner of livestock and operators of trucks hauling them are to be prepared soon by the county. These manifests are in the nature of permits for hauling a certain owner's livestock and will be required of all truck operators by the inspectors. The form is to be so prepared that each stock owner will have the permit on which his signature appears returned to him, assuring him that the permit will not be used illegally later.

A record of the brands of Crockett County producers is also in the process of preparation by Sheriff Willis and his men. Brand books, containing outlined pictures of sheep, cattle and horses on which fire brands, wool brands and ear marks may be recorded have been prepared and ranchmen are being asked to record their brands in these books over their own signatures. This will enable officers to familiarize themselves with brands and to be in better position to apprehend thieves.

Sunrise Service By Churches Plan For Thanksgiving

Churches Unite In Annual Service At Baptist Church

The annual Sunrise Thanksgiving Service, a feature at the Ozona Baptist Church for the last several years, will be a union service this year, it has been announced by the pastor, Rev. Ira Garrison.

The service is scheduled to start at 7:30 Thanksgiving morning with prayer and praise service, Scripture reading and testimony of personal blessings by individuals will be other features of the service.

Rev. R. A. Taylor, pastor of the Methodist Church, will preach the special Thanksgiving sermon. Special music for the occasion is being arranged by a union choir.

Teachers Meet In Regular Faculty Conference Wed.

Members of the faculty of Ozona schools met in regular faculty conference in the home economics rooms of the high school building Wednesday afternoon. Girls of the seventh grade home economics classes served coffee and cake to the faculty members at the conclusion of the program.

Supt. C. S. Denham discussed accomplishments to date in the program of curriculum revision in Texas. Mrs. Ted White spoke on the making and use of units of study in the social sciences and Miss Frances Northcutt discussed the importance of art in the school curriculum.

Scheduled Carnival Sponsored By Lions Postponed To Spring

Indefinite postponement of its fall carnival event, scheduled for Friday night of this week, was announced this week by the Ozona Lions Club.

Plans had been made to include the San Angelo Lions Club Cowboy Band, internationally famous group of entertainers, as one of the major attractions at the carnival. The San Angelo entertainers were unable to be here this week, however and decision was reached at a conference yesterday afternoon to postpone the event until sometime in the Spring.

STOCKMAN TO ISSUE EARLY NEXT WEEK

Next Thursday being Thanks giving Day, The Stockman will go to press Wednesday instead of Thursday in order that the holiday might be observed.

Persons who have material for publication in next week's issue are urged to get it to the office as early as possible and not later than Wednesday noon.

THURSDAY NOVEMBER 21 1935

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN, Nov. 20—Massed in the east gallery of the house of representatives, lobbying brains that are paid perhaps \$250,000 a year and expenses to influence Texas lawmakers, smirked at each other last Thursday night, as they watched the hands of the big house clock move ponderously to the midnight adjournment hour. Thruout the evening, they watched the house anti-sales tax majority, snarled in a parliamentary tangle, struggle futilely to extricate the revenue bill from a hopeless conference deadlock. Speaker Coke Stevenson ruled that nothing could be done about the dying tax bill unless the conference committee reported formally a deadlock, so a new committee could be named that would bring in a tax bill without a sales tax, as the house had instructed its conferees.

The lobbyists cheered as they heard this ruling; they cheered as they heard Bob Calvert, Hillsboro legislator, regarded as an administration spokesman, who has always opposed the sales tax, waver and offer a resolution instructing the conference committee to take a "reasonable sales tax on luxuries." They cheered again as Calvert's resolution went down to defeat, but by a narrow margin of only eight votes. They had cheered previously, when Walter Weir, the lieutenant governor, broke a tie vote in the senate, and put the sales tax into the revenue bill.

These developments marked the denouement of the lobbyists' plan, outlined two weeks ago in this column, of offering the house the alternative of accepting a sales tax or passing no tax bill at all. The house took no tax bill. The governor announced another special session for January to raise revenue. The lobbyists immediately began making plans for their biggest push in January. Opponents of the sales tax began making plans to force thru an income tax along with the sales tax. They recognized that Texas will have a sales tax next year, unless a miracle happens and the people turn loose tremendous pressure on the legislators in the next 60 days. They do not believe that will happen, because the people are unorganized and the sales tax lobby is highly organized.

week of Dave Nelson, Orange business executive and civic leader, after only two weeks at his new job as manager of the prison system, leaves a large gap for the prison board to fill. It cut short a sweeping experiment in rehabilitation of felons, planned in detail by Nelson, by which he hoped to return hundreds of one-time offenders back to useful citizenship. Nelson was no dreamer, but a practical executive and an ex-soldier who demanded discipline, but knew how to get it without brutality. His passing was mourned by all who knew anything about the complicated prison problem.

Mrs. Ida M. Cook, who has been seriously ill at her home here, is improving nicely, reports from her bedside this week indicated.

Mr. and Mrs. Joe Pierce and their daughter, Miss Esther Kate Pierce, who is a student at Gulf Park school in Gulfport, Miss., are enjoying a trip through Florida, according to word received here by friends. Mr. and Mrs. Pierce went to Gulfport to visit the daughter and she accompanied them on the Florida trip.

**MRS. BEELER BROWN
HONEST AT CONTRACT**

Mrs. Beeler Brown entertained her contract club and a number of guests at the Hotel Ozona Saturday morning. Mrs. R. L. Flowers held high score for the club and Mrs. Jerry Pace, high guest. Mrs. Anston Newberry took out. Other guests were Mrs. Miller Robison, Mrs. Ted White, Mrs. Clyde Newberry, Miss Ada Moss, Miss Sophie Haug, Mrs. Hugh Childress, Jr., Mrs. Hillery Phillips, Mrs. Ralph Jones, Mrs. Bill Conklin, Miss Alma Johnigan, Miss Blanche Robison, Mrs. J. W. North, Miss Totsy Robison, Mrs. Evart White, Mrs. Boyd Clayton, Mrs. J. O. Lusby, Miss Josephine Longley, Mrs. Arthur Phillips, Miss Elizabeth Fussell, Miss Myra Bishop, Miss Elitabel Tillery and Mrs. Warren Clayton.

V-8 LEADERSHIP

ON OCTOBER 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile

within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out, in the United States alone, \$140,119,326.00 in wages and \$523,111,389.00 for materials.

FORD MOTOR COMPANY

BUILDER OF FORD, LINCOLN AND LINCOLN-ZEPHYR MOTOR CARS

THE NEW FORD V-8 FOR 1936 IS NOW ON DISPLAY. THE CAR THAT LED ALL OTHERS IN 1935 HAS BEEN MADE STILL BETTER FOR THE NEW YEAR

Rely on the Judgment of

**ONE MILLION
FORD OWNERS**

A Million FORDS manufactured and sold in a ten-months period is a most impressive proof of the value of the V-8 FORD. A million buyers investigated the market and chose the FORD V-8. Join the ranks of the SATISFIED FORD OWNERS. See the 1936 V-8 now on display at our show rooms.

Beaumont Welcomes Huge New Tanker

All dressed up in gay bunting, the Magnolia, America's newest sea-going tank ship, enters Beaumont harbor for her first cargo of Texas refined petroleum. The huge tanker is two blocks long and transports enough gasoline to put 5 gallons in every passenger automobile in Texas.

At the right is Captain S. W. Woods, commander of the Magnolia, and commodore of the Socony-Vacuum fleet, being welcomed by Mayor P. D. Renfro of Beaumont.

Stephen F. Austin, Father Of Texas, Won Confidence And Admiration Of Mexican Officials In His Colonization Project

Documents In Bexar Archives Reveal Esteem Of Officials

AUSTIN, Nov 20—Young Stephen F. Austin, "father" of Anglo-American Texas, inspired the confidence and admiration of Mexican officials in charge of the province of Texas, it is apparent from documents in the Bexar Archives and among the Austin papers, both collections of which are in the library of The University of Texas. Complimentary terms are applied to the young empresario in the documents which passed between these various officials and Austin and between the officials themselves in regard to his projected colonization program.

The death of Moses Austin, on June 10, 1821, did not materially hamper the development of the colonization scheme which he had initiated. Stephen, reluctantly at first, but more willingly later, took up his father's plan and continued negotiations with the Mexican authorities.

A letter written by Governor Antonio Martinez to Ambrosio de Aldazero on August 19, 1821, reveals the extent of development in the colonization project to that date. The following is a translation of the original copy found in the Archives of The University of Texas:

"Complying with a petition filed by Don Moises Austin, the most Excellent Provincial Council has given its consent for the im-

migration of three hundred families from Louisiana into this province. In obedience to an order of Brigadier Don Joaquin de Arredondo, Don Erasmo Seguin notified Don Moises from Natchitochas of the concession given him. Don Erasmo Seguin is now returning from that city accompanied by Don Estevan Austin, son of Don Moises. Because of the death of his father, Don Estevan, who possesses qualities no less admirable, has taken charge of the project.

"Don Estevan Austin is accompanied by sixteen new settlers, all of them appearing to be honest and industrious. I have permitted him, in compliance with his request, to go to the Colorado River, where he intends to establish a settlement, in order that he may explore the country and select the territory most appropriate for agriculture and industry. He is to inform the government of the place he may select so that the commission which is to make the distribution of land may go there upon the arrival of the new families; they will probably arrive next December. By that time they will have raised their crops, and can make provision for the following year, as Don Estevan has instructed them.

"He has also asked me for permission to sound the Colorado River to facilitate the transportation of supplies in boats or pirogues up the river. I have given him permission to do this with the understanding that he will sound the river only from the point where the settlement will be founded to its mouth. To this end I have ordered the constitutional ayuntamiento of La Bahia to appoint a trustworthy expert to go along with Don Estevan and be an eye witness to his operations and make any reports deemed convenient to the government. I have asked Don Estevan to draw up a clear and comprehensive report of the sounding adding his observations on the matter and submit it to the government.

"In order that, upon their arrival, the aforementioned families may not suffer any losses, I beg you and the Most Excellent Provincial Council to give me all the necessary instructions relative to their settlement. It will be necessary for me to know how to establish the administration by which they are to be governed, what name to give their settle-

ment, etc. It will be necessary to appoint a surveyor for the distribution of land. The Baron de Bastrop, because of his practical information and instruction, his commendable qualities, and the important services he has rendered the government for more than twenty-five years, and since he has been living in this city sixteen years, is entitled to this commission and to a fair living wage. This gentleman has the additional attributes of being able to speak French, English, German, and Anglo-American; he knows our language perfectly. For this reason it would be advantageous to the government to keep him in the new settlement as interpreter, assigning to him a certain annual salary.

"I am enclosing a petition filed by the citizens of Nacogdoches. It has not been translated because the Baron de Bastrop is ill.

"I trust you will be kind enough to communicate your instructions to me regarding all these matters."

After this date plans for the colonization and organization of Anglo-Americans rapidly materialized.

164% Payroll Increase Is Reported by Vicks; Advertising Credited

GREENSBORO, N. C. Nov. 20—For the five months period ending October 31, employment here at the laboratories of Vicks Chemical Company—makers of Vicks VapoRub and other aids to better control of colds—reached an all-time peak, and payrolls increased 164% over the corresponding period of 1934.

This record is all the more impressive in view of the fact that Vicks employment showed progressive upward steps throughout the depression. The company gained national recognition in 1932-33 at the lowest point of depression... in showing an employment increase of more than 100% over the best normal records of pre-depression years. At the same time came the rather startling announcement that no Vicks salary had ever been cut because of "hard times."

This record Vicks has consistently maintained—outstandingly doing its share to speed recovery in employment and wages during the past five difficult years. In fact, Vicks' expansion policies were already carrying out what the Federal government sought with its NRA in the summer of 1933 to increase employment—and it is noteworthy that Vicks still adheres, in all its laboratories and offices, to the five-day, 40-hour week prescribed by a code no longer binding.

While exact figures are not available except for laboratory forces, the office employees, technical staffs and management groups employed by Vicks have also shown marked increases in payrolls and personnel through the years since 1928-29.

All of which reflects a period of continuing increases in volume of Vicks sales. Not only have sales of its leader, Vicks VapoRub, increased, but—with the progressive addition of Vicks Va-tro-nol, Vicks Medicated Cough Drops and Vicks Voratone Antiseptic—now over 53 million Vicks aids to better control of colds are used yearly, in the United States alone.

"Depression?"—said Lunsford Richardson, president of the company, a few years ago when asked about conditions—"Vicks isn't afraid of 'depressions'. Fact is, we were born in the depression of 1907, and since then they've proved stimulants rather than depressants to Vicks."

The record seems to bear him out. And an item in that record of impressive interest to business men is that, throughout depression Vicks has consistently increased its use of newspaper space, always looked upon as the backbone of its advertising. This season Vicks is using the largest amount in its history—over 2600 news papers.

Give Him Time

Wife: "That couple next door seem very devoted. He kisses her every time they meet. Why don't you do that?"

Hubby: "I don't know her well enough yet."

1935 Red Cross Poster

THE compelling appeal of the most famous of Red Cross world war posters has been adapted by the distinguished artist Lawrence Wilbur in the 1935 Red Cross roll call poster. "The Greatest Mother in the World" was the title given to the original creation of Alonzo Earl Foringer, eminent mural artist and illustrator of New York. The poster gave the keynote of the Second war fund drive of the Red Cross, and millions of copies were distributed throughout the nation.

In submitting a design for the 1935 poster, Wilbur, who has painted a number of posters for the Red Cross, placed the shadowy heroic figure of mercy in the background, with the practical Red Cross nurse succoring a sick and wounded child in the foreground. "Still the Greatest Mother" is his title. The posters are distributed through 5,700 Red Cross chapters and 9,000 branches in an appeal to every man and woman to join as a member during the annual roll call.

Going Places

He was an Irishman and had been in Alaska.

"I landed me a boat on an island," he said. "I went ashore, and when I got up to about the middle of the island, I met the biggest bear I ever see in me whole life. There was only one tree on the island, and I made for that tree. The nearest limb was a big one, about 20 feet from the ground, and I jumped for it."

Somebody asked, "Did you make it?"

The Irishman replied, "I didn't make it going up, but I caught it coming down."

W. E. Friend Lambs Scale 8 lb Average In Sale at Big Lake

W. E. Friend, veteran sheepman of Reagan county, had the heaviest April mutton lambs in Texas. The scales showed an average of 80 pounds on 433 head here Tuesday morning sold to Kansas feeders. The lambs had a fifteen-four shrink. The buyer said these were the heaviest lambs known in Texas, and very few in other states exceeded that weight.

Had these lambs been born in

February and weighted at weaning time they would probably have hit the 90-pound mark. They had been weaned a month when weighed here, and it is estimated that they lost about five pounds. The buyer said that the bulk of the animals would go on the market in about forty days, and should scale approximately 100 pounds.

Mr. Friend has refused nine cents a pound for his ewe lambs which weigh about 78 pounds. This would mean close to \$7 per head, the peak since 1929.

There has been a great demand for lambs this year, due to the scarcity, large feed crops and improved general conditions.

Ralph Pembroke has recently bought 2,000 ewes at \$7.50 and

will run them on his new holdings south of town.

Ranchmen are predicting 30 to 35-cent wool in the spring and yearling ewes to sell at \$8 out of the shearing pens.

T. R. Sowell takes the "cake" away from W. E. Friend as he loaded 600 March mutton lambs here that scaled 80 3/4 pounds and were sold to Jess Elrod at 7 1/2 cents per pound. One of the Sowell lambs weighed 120 pounds.—Big Lake Wildcat.

A Planned Program of Saving for the Home

1. Buy In Quantities.
2. Watch For Specials.
3. Save Unused Portions.
4. Have Year-round Refrigeration.

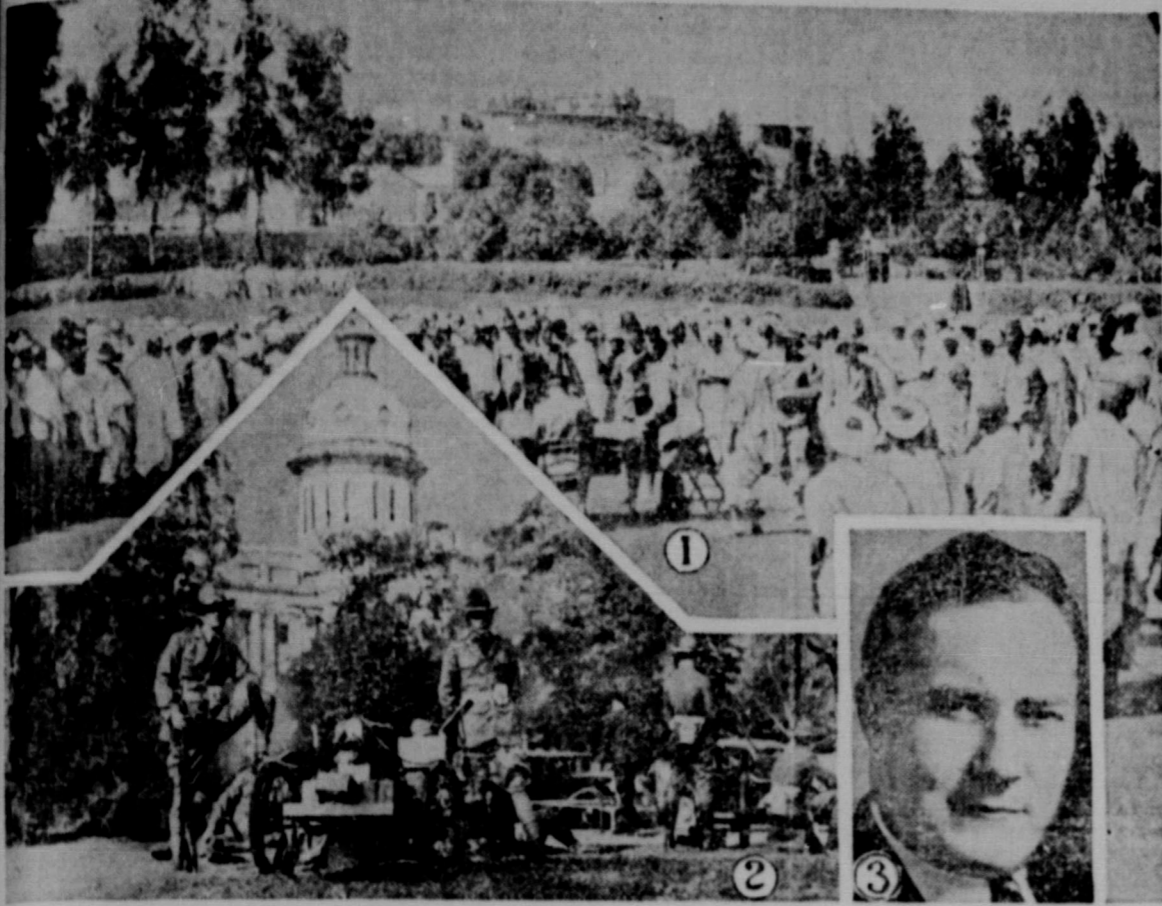

Tests recently made over the country show the necessity for year 'round refrigeration. The Government Weather Bureau reports show that there are only nineteen days in the average winter, when temperatures remain throughout the day at "safety zone temperatures"—below 50 degrees and above 32 degrees.

Natural refrigeration is not dependable. It is always summer in the kitchen. Tests in various cities during the winter season, show an average temperature of 76 degrees (26 degrees above the danger-line).

Electric refrigeration is dependable. It makes possible your planned program of saving.

Baptist Missionary Societies Meet For Interesting Programs

The Lottie Moon Circle of the Baptist Woman's Missionary Society met Wednesday afternoon at the home of Mrs. George Bean. Mrs. H. A. Moore taught the Bible lesson, taken from the book of Exodus. Present besides Mrs. Bean and Mrs. Moore were Mrs. Frank Wyatt, Mrs. John Pettit, Mrs. Tip Smith, Mrs. C. B. Beill, Mrs. John Bowers, Mrs. Hugh Gray, Mrs. R. E. Powell, Mrs. Ray Dunlap, Mrs. Ira Garrison and Mrs. C. J. Watts. The Nelson Circle met with Mrs. M. Patrick for the Royal Service program. Present were Mrs. Charles Butler, Mrs. J. H. McClure, Mrs. Glyn Cates, Mrs. J. S. Whatley, Mrs. O. W. Smith, Mrs. J. T. Eaton, Mrs. Ples Dryden and Mrs. Patrick.

Next week the Lottie Moon Circle will meet with Mrs. Ray Dunlap for the Royal Service program. The Nelson Circle will be guests of Mrs. Charles Butler to study the missionary book, "The Conquering Christ."

LADIES BIBLE CLASS GUESTS OF MRS. BEASLEY

The Ladies Bible Class of the Church of Christ met at the home of Mrs. Sam Beasley for a covered dish luncheon Wednesday. Present were Mesdames Roy Miller, Elbert Lucas, Jones Miller, Jr., Buster

Miller, J. W. Johnigan, Jones Miller, Sr., Clarence E. Nelson, Rob Miller, W. N. Hannah, White, C. W. Barbee, C. C. Luther, W. A. Anderson, P. T. Robison, James Camp, W. C. Gray, Gifford, Dan Wills and Paul M. Hallcomb.

PHYSICAL CULTURE CLASS

Mrs. A. W. Jones will begin her private classes in physical culture after Dec. 1. For full information call 242. 2tc

Scientists Say Earth Neither Round Nor Flat, That Dry Land Tides, Like Marine Tides, Change Its Shape Twice Daily In Ebb and Flow

Like a lofty ship riding the tide the tallest building in the United States rises and falls twice every day on a dry land tide that corresponds with the surge of the sea. Columbus claimed the world was round. "King" Wilbur Glenn Wilbur of religiously zealous Zion City, Illinois, tells the world that it is flat and four-cornered.

Geophysical scientists at the Gulf Refining Company's new research and development laboratories, Harmarville, Pa., painstakingly measuring and graphically recording the undulating ebb and flow of dry land tides 24 hours each day, know the world is not flat; never will be round, even if it stops revolving and loses its centrifugal force which flattens the earth at the poles and bellies it out at the equator. They have definitely established that continental land and marine tides distort the earth's shape like a ball of putty—elliptical at times, egg-shaped at others, depending upon the gravity pull of the moon and sun.

Concerned with dry land tides only insofar as they affect extremely delicate gravity instruments used in locating oil beneath the earth's surface, Gulfmen leave it to laymen to ponder; do earth tides cause earthquakes? When is the high tide at Kansas City? In Death Valley's desert wastes? One thing laymen may readily deduce; the earth is not solid, but plastic. Its thin crust is poor indication of its interior which is, beyond a doubt, a molten mass. Ozona is rising and falling from 23 to 23 inches twice each day, Gulf Oil scientists state.

To Those Contemplating Taking Advantage of the SPLIT TAX Payment Plan

State and county taxes for 1935 are now due and payable.

Citizens who feel that they will not be able to pay their taxes in full before the end of the present tax-paying period, should take advantage of the SPLIT-PAYMENT plan whereby half of the taxes may be paid on or before NOVEMBER 30 and the other half on or before June 30, 1936, without penalty.

However, your particular attention is called to the fact that the law provides that in order to take advantage of the split-payment plan, the first half taxes

MUST BE PAID ON OR BEFORE NOVEMBER, 30, 1935.

Lions Eliminated—

(Continued from Page 1)

for his team—and how consistent he was—but had the assistance of two other hard-driving, fast charging backs H. Brown and Winans, who turned in appreciable gains while the big fellow rested from his ten to thirty-yard twisting, side-stepping, hip-jerking romps through the slippery fingers of would-be Ozona tacklers.

Lions Fight Gamely

Considering the odds against which they were battling, Coach Ted White's charges put up the gamest fight of the season in that fracas. Although the big Earwood was a difficult number to stop in his wild lunges, the Lions demonstrated some of the best tackling they have shown this season. Time after time, the big fellow realized he had been hit as Leath, Davidson, Deaton, Casbeer, Brown or some of the other locals, who, though outweighed by the shaggy lad from the goat country, bounced him for terrific jolts. But the boy could take it, no question about it.

The Lions held the invading Bulldogs scoreless in the first chukker, but it was apparent from early in the conflict that they were in for a heap of trouble. In that first frame, the locals were backed to their goal line where, on the fourth try by the Bulldogs, Casbeer broke through to dump Earwood for a five-yard loss and the locals staved off the first tally for a few minutes.

Brown's kick from behind his goal line was good only to the 20 yard line. The invaders tried two plays without results, a line charge and a pass that was knocked down. Then H. Brown tossed a long heave to Earwood, who was stopped just short of pay dirt, but struck it the next play in an off-tackle thrust. He booted the ball between the uprights for the extra point.

Rally Is Short-Lived

The Lions seemed destined for a rally in the third frame as the Bulldogs took the kick on their 20 yard line, drew a 15 yard penalty and then kicked out on the 42. But in order to avoid useless charges at the heavy Rocksprings line, the local took to the air and that Earwood-again, intercepted a pass and slithered through to his 45. Bad luck then attacked the locals as Leath juggled Earwood's kick after the locals had smeared the invaders on three attempts, and a Bulldog covered on Ozona's 35. A pass was good for first down on the 21. Earwood ploughed up another first on the nine and avoided the clutching hands of practically the entire Lions team to

Miss Moss To Attend Conference of Home Economics Teachers

Miss Ada Moss, head of the home economics department of the Ozona High School, will leave Sunday for San Antonio to be present for a three-day conference of vocational home economics teachers of Texas under the direction of Miss Lillian Peek, director of vocational home economics division of the State Department of Education.

Vocational home economics teachers from all over the state will be present for this conference and many valuable pointers on the modern trend in that field of educational work are expected to be given by the state director. Miss Moss' attendance at the important meeting was provided for by action of the local board of education.

PUPILS IN RECITAL

A group of pupils from the piano classes of Mrs. Neal Hannah will be heard in recital at 4 o'clock next Monday afternoon at the teacher's home. Each pupil will be permitted to bring two guests.

Mrs. W. E. Smith is completing some new interior painting and decorating at her home here.

negotiate the remaining nine yards on the next play for the second counter. His kick was wide for the extra point and the score was 13-0.

Coach White's lads furnished local fans one of their few thrills in the fourth period when they took the ball on their own 20, after it had been punted over the goal line, and Brown tossed a 25-yard heave to Childress. But there the attack stopped as the powerful Bulldog line stiffened. There was an exchange of kicks and late in the final quarter, the Lions took the ball, deep in their own territory, and attempted a desperate passing attack that ended in further tragedy. One of Brown's short heaves was gathered in by that Earwood, who was pushed out of bounds on the one-yard stripe. He galloped around end for the final marker, however, and missed another goal to leave the tally 19 to 0.

As the game waned, Parker gave Lion backers another thrill as he was away on an end-around play for a 25 yard gain. Parker was back in the local line-up after a three-week absence due to a fractured vertebra suffered in the game against Junction.

Lubbock Professor

(Continued from page 1)

Tech department head wrote. "I am not so sure about the one which appears to be horse hair. I think it is extremely doubtful if it is horse hair."

Like Big Bend Finds

"The material as a whole is similar to that found in the cave dwellings of the Big Bend country. A considerable amount of this type of thing has also been found in the Devil's River Country."

Mr. Holden asked that the local superintendent keep on the lookout for some more sites which might offer this type of discovery. "We have practically no material of the Big Bend cave dwellings in our collection and I am in hopes that we can find some east of the Pecos River," he said.

A communication received by The Stockman last week from S. J. Woolford of the San Antonio Light staff and on behalf of the Witte Museum of that city, asked permission on behalf of the museum to make further excavations at the site of the skeleton finds. Mr. Woolford also expressed conviction that the remains were those of Texas cave dwellers.

Westmoorland College President Speaks To Church Groups Here

W. W. Jackson, president of Westmoorland College of San Antonio, made an interesting address before a group of thirty men of the Methodist Church and visitors in the basement of the Methodist Church Saturday evening following a banquet served by ladies of the Missionary Society.

Mr. Jackson's talk centered around the theme of personal responsibility of man to his fellow men, to his government and to his God. He urged a greater feeling of personal responsibility and interest in government affairs, world affairs and the church program. The college president delivered a lay sermon at the morning service of the church Sunday morning.

Westmoorland College is supported by the West Texas Conference of the Methodist Church and has recently adopted a three-year development plan leading to offering of the bachelor degree.

Sunday School Class Guests of Teacher at Banquet and Program

Members of the Rainbow Girls Sunday School class of the Baptist Church and their invited guests were guests of their teacher, Mrs. Glyn Cates, at a Thanksgiving banquet and program at the church Tuesday evening.

Table and room decorations of autumn leaves, pumpkins and cut-out turkeys suggested the season. Place cards, containing the menu, were attractive cut-out pumpkins with brown dance caps.

The dinner consisted of fruit cocktail, chicken and dressing, cranberry sauce, potatoes, peas, celery, rolls, gravy, butter, congealed salad, pumpkin pie and coffee.

Miss Wayne Chapman entertained with a piano number and Joyce Garrison and Adelia Willis presented a vocal duet, "When I Grow Too Old to Dream." An address by Rev. Ira Garrison, pastor, on "The First Thanksgiving," and a reading by Mrs. Gerald Williams completed the program.

Guests present were: Miss Imogene Baker, master of ceremonies, Mr. and Mrs. Fats Heatherly, Misses Margaret Ella Drake, Wanda Dunlap, Jeanetta Willis, Clara Mae Dunlap, Bernice Friday, Joyce Garrison, Adele Galyon, Adelia Willis, Wayne Chapman, Dorothy Johnigan, Rev. and Mrs. Ira Garrison, Mr. and Mrs. Gerald Williams, Mr. and Mrs. Glyn Cates, Mrs. Ray Dunlap, Mrs. W. S. Willis, Byron Stuart, Dennis Coates, D. A. Parker, Leonard Freeman, Fred Watrus and Yeats Causey.

Removal of seats from the defunct Palace Theatre here, located in the Couch building, was completed early this week. The seats were removed and repossessed by the company selling them.

Mrs. Lester Morrow returned this week to her home in Dumas, Texas, after a visit here with relatives. Mrs. Morrow was the former Miss Sarah Rutledge. The couple married recently in Coleman, Texas. Mr. Morrow is a barber at Dumas.

Ozona Negro Fined On Drunken Driving Count at Ballinger

Arch Alexander, Ozona negro employed for the last twelve years by Joe Oberkamp, paid a fine of \$100 and costs in district court at Ballinger Monday on his plea of guilty to a charge of driving an automobile while intoxicated.

Alexander was arrested by Runnels County officers on complaint of the county judge and district attorney of the county who met the truck driven by the negro on the highway near Ballinger. Their testimony was that the negro was "weaving" back and forth across the highway. Alexander denied being drunk but explained that he was arranging a set of chains and a car jack in the floor of the cab while driving. On the advice of attorneys, a plea of guilty was entered and a minimum penalty imposed. The negro's driving license has been withdrawn for six months in addition to the fine and costs.

LEG INJURY HEALED

Mrs. Ben Ingham and son, Dudley Ingham, and daughter Mrs. Bill Littleton, returned the first of the week from Dallas and Fort Worth. In Dallas, physicians made an examination of the broken bone in Dudley Ingham's leg, suffered in football practice here the opening of the season. The injury was pronounced completely healed. Sue, the small daughter of Mr. and Mrs. Littleton, remained in Arlington to visit her grandparents, Mr. and Mrs. J. A. Littleton.

3 reasons for having a telephone

"They're opening the office again! ... surely I'll be there!"

"Please hurry doctor. We're worried about him."

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

How do Calotabs help Nature throw off a cold? First, Calotabs are one of the most thorough and dependable of all intestinal eliminants, by loosening the intestinal tract of the germ-laden mucus and toxins.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

NOTICE!
