10th Anniversary Of Woman's Club Observed At Meet

Past Presidents, Charter Members Honored In Program

The Ozona Woman's club met Tuesday afternoon at the home of Mrs. George Bean to honor the members of the first woman's club in Ozona, the Thirteen club, and the past presidents of the present club.

Mrs. Bean greeted the guests while Miss Elizabeth Fussell, president of the club, Mrs. W. E. West, Mrs. W. R. Baggett, Mrs. Bright Baggett and Mrs. W. E. Smith, members of the old club formed the receiving line. Mrs. J. B. Smith and Mrs. Frank Friend of San Angelo, also members of the original club arrived later.

Mrs. Carl Colwick conducted the program, which consisted of two songs by Mrs. Bryan McDonald, accompanied by Mrs. Neal Hannah, a reading by Mrs. A. W. Jones, "A Friend or Two," composed by a former schoolmate of Mrs. Jones; club reminiscences by Mrs. W. E. West. In the course of Mrs. West's talk, those who had been club presidents were called upon for their own memories of their administrations. These past presidents were Mrs. Frank Friend, Mrs. W. R. Baggett, Mrs. W. E. West, Mrs. Paul Perner, Mrs. N. W. Graham, Mrs. Joe Pierce, Jr., Mrs. W. E. Smith, Mrs. A. C. Hoover, Mrs. Lee Childress, Mrs. Ira Carson and Ms. George Bean.

Mrs. West, in recounting the history of the growth of the club, told of its beginning in 1908, and tracing its activities up to the present time. Mrs. J. B. Smith of San Angelo was a leader in federating the club and its first president after federation. Mrs. Frank Friend of San Angelo, also a past president and charter member, spoke of the worthwhile activities of the club that would live long after the members have gone.

The program was closed with the singing of "Blest Be the Tie That Binds." The tea table was decorated with purple asters and a birthday cake for the club commemorating the thirtieth anniversary of the formation of a club in Ozona. Miss Fussell and Mrs. W. E. West presided at the table. Mrs. George Montgomery was also a hostess.

Others who were present were Mrs. A. E. Deland, Mrs. Chandler, Mrs. Hillery Phillips, Mrs. Stephen Perner, Mrs. Scott Peters, Mrs. V. I. Pierce, Mrs. P. T. Robinson, Mrs. Clyde Childers and Mrs. Evert White.

Ozona Girl Named Member Of College Group Of Singers

Mary Margaret Harris, daughter of Mr. and Mrs. Tom Harris of Ozona, has been selected as a member of the Tarleton chorus at John Tarleton college, Stephenville.

The chorus, composed of some seventy of the best singers in the institution, is directed by R. Berton Coffin, professor of voice and director of ensemble singing.

Every year the chorus gives a series of public performances in towns throughout Texas. Near the end of school the members plan to give an operetta.

Ozona Pastor Holds Revival at Barnhart

Rev. Clyde Childers, pastor of the Ozona Baptist church, is conducting a revival meeting this week at the Barnhart Baptist church.

The meeting opened with the evening services Monday and will continue through next Sunday. Song services are being led by B. Kilpatrick with Mrs. R. R. Montgomery as pianist and Mrs. Homer Martin as assistant songleader.

New Hearing On Suit On Shannon Estate Set Nov. 7

Amarillo Court To Hear Appeal of Trustees From Judgment

A dispute involving an approximate \$1,500,000, in the J. M. Shannon estate, consisting largely of Crockett county lands, will be reopened November 7 when the Court of Civil Appeals in Amarillo hears evidence to be presented by the Board of Trustees of the Shannon hospital of San Angelo. Judgment had previously been given in favor of Mrs. Lula Hill Griffith, who sued for recovery of property belonging to her late husband, Mrs. Griffith, as plaintiff in the earlier suit, contended that her husband was joint owner with J. M. Shannon and A. F. Clark of Sonora of the Capital Freehold Land and Investment Co., which traded the State of Texas its Capitol building for three million acres of land.

Suit was first brought by Griffith in 1923, 37 years after the last dealings between the two men. The court held against Griffith in that suit on the ground of limitations. District Judge Louis Reed last November rendered judgment for Mrs. Griffith, from which the present case has been appealed.

Driver's Hand Is Badly Mangled As Car Jack Slips

Dee Finley Imprisoned 15 Minutes In Freak Accident

Held prisoner for between fifteen and twenty minutes on the highway, with his hand inextricably pinioned between bumper and jack, with the full weight of the car resting on his hand, Dee Finley, Fort Worth commission man and Crockett county rancher, was rescued about daybreak Tuesday morning a few miles north of Ozona by a passerby.

Arch Cooke, Ozona truck operator, and a companion, returning to Ozona, discovered Mr. Finley's plight, lifted the car and released the hand. He was brought to Ozona for medical attention.

His one hand imprisoned, Mr. Finley waved with his free hand to stop the passing truck. Mr. Cooke thought from his position over the fender that a "drunk" was hailing him and would have passed him by had he not heard Mr. Finley's call for help as he passed.

Mr. Finley was attempting to jack up his car to change a flat tire and in some manner the jack slipped and caught his hand between the thumb and forefinger. No bones were broken, but the flesh was badly lacerated.

Steve Perner Snaps At Heels Of Brother Paul In Lamb Weights

Stephen Perner snapped at the heels of brother Paul in this matter of delivering heavy lambs from Crockett county.

Stephen Tuesday shipped out 1945 head of lambs at Barnhart that averaged 75½ pounds. Ewe lambs averaged 74 pounds and muttons 77.

Paul Perner still holds the year's record with an average weight of 79.3 pounds.

Baptist Society Assigns Members To Circle Groups

New Membership Alignment Made For Year

Realignment of members into the two circles of the Baptist Woman's Missionary Union was completed at the session of the organization this week.

Shape Plans For Dist. Convention Of Music Clubs

Local Executive Board Confers With Dist. President Here

Plans for the Sixth District Music clubs convention to be held in Ozona November 3, 4 and 5 were discussed by members of the executive board of the Ozona Music club, host organization, with the district president, Mrs. R. P. Wyche of Abilene, at a meeting of the group Monday morning at the home of Mrs. Bryan McDonald.

Business sessions of the convention will be held in the auditorium of the Baptist church on November 4. Plans have been laid for a number of entertainment features in connection with the convention, and committees to shape definite plans for various features of the three-day program are to be named within the next week by Mrs. S. M. Harvick, president of the Ozona club.

Among functions planned will be a dinner for the executive board and district officers with the local board as hostesses. This dinner will be held in the Lee Childress home. On November 5, a luncheon will be served at the Methodist church, and in the afternoon a tea will be held for all visitors and local members in the Ira Carson home, with the Ozona Woman's club as hostesses.

The Fine Arts program, one of the outstanding features of every district convention, will be given in the evening of the final day in the high school auditorium, with a Fun Frolic to follow at the Methodist church with the Woman's Missionary society of that church in charge.

Junior day will be observed Saturday with a barbecue dinner served at the Boy Scout cabin.

Winters Girl Is Bride Of Ozonan

Drennan Slaughter of Ozona and Mrs. Pauline Servance of Winters were married last Thursday evening by Justice of the Peace W. M. Johnigan at the Johnigan home. The ceremony was performed at 6 o'clock in the presence of a few friends.

The bride is a daughter of Mr. and Mrs. Sam Jenkins of Winters. Slaughter is employed at Jones Saddlery and is also caretaker of the Methodist and Baptist churches.

BACK FROM DALLAS

Mr. and Mrs. W. S. Willis returned early this week from Dallas where they went to bring back their daughter, Adelia, who recently underwent an operation to correct a stiff knee joint. The preliminary operation on the joint was pronounced a success by the Dallas specialist. A second operation is to be performed in January, which is expected to completely restore flexibility to the knee joint.

Another Test To Be Spudded In New Oil Pool In Crockett

Gilcrease Oil Co. of San Antonio, recent purchasers of four leases in the new oil pool in the northwest corner of Crockett county from Choate and Hogan, discoverers, was preparing to spud No. 1 University this week. The well is to be an offset to Black and Eubanks No. 1 University, most southeasterly well in the pool.

The test is to be 2,310 feet from the south, 330 from the west line of section 13-14U.

Ozonans Attend Sale Of Candland Sheep In Mt. Pleasant, Utah

Mr. and Mrs. J. W. Owens of Ozona and Mr. and Mrs. Nelson Johnson of San Angelo left Monday for Mount Pleasant, Utah, to attend a sale of sheep from the W. D. Candland flock at Mount Pleasant. Candland is placing at auction some 3500 bucks and ewes from his registered flock. Mr. Johnson, who has been auctioneer at the Ozona sales each year for several years, will auction the Candland sheep.

Enroute, the party will visit another sale to be held in Albuquerque, N. M. They drove thru by auto.

Woodrow Wilson Hurt In Army-Wichita Game

Woodrow Wilson, No. 1 back on the Army football team, and a son of Lee Wilson, Ozona Buick dealer, suffered a slight concussion Saturday in a game in which Army beat Wichita University 32 to 0 at West Point.

Wilson, who has been mentioned as one of the outstanding contenders for all-American honors this year, is expected to be back in condition for hostilities this weekend.

Ozona Junior High Mauls Sonora 25-0

By EDDY COOKE Junior High

There was a ferocious battle on Ozona's football field Wednesday afternoon in which the Ozona Junior high team raked Sonora's black and red squad 25 to 0. Ozona players were L. B. Cox, Jim Ad Harvick, Perry Hubbard, Roy Coates, Lorraine Wyatt, Bland Tandy, Vernon Williams, Henry Patrick, Leslie Nance, Gene Tyler, Arthur Byrd Phillips, Tom Ed Montgomery, Jimmy Read, Nat Read and Basil Dunlap.

Sonora was unfortunate in losing one of their best men. Weights were limited to 110 pounds and this boy weighed 114 pounds. He bought a pair of tennis shoes to keep from weighing over the minimum. After all they did to reduce him he still weighed 111½ pounds. He stayed out of the game.

After the first half, the Ozona boys went to work. Roy Coates took a pass from Tom Ed and ran 90 yards for a touchdown. Roy Coates made another 70-yard run near the end of the game for the last touchdown of the game, for a total score of 25 to 0. Proving that you can't beat Ozona Junior high at home.

Sol Jones, who recently sold out his Crockett county ranch holdings and bought a place in the Davis mountains near Alpine, was a visitor in Ozona this week. Mr. Jones has sold the exclusive hunting rights on his newly acquired ranch lands to a group of Houston men, he said.

Mr. and Mrs. Hubert Baker attended a Piggly Wiggly convention held in San Antonio Monday of this week. They returned by way of Austin where they visited friends.

Mr. and Mrs. W. E. Lucas had as their guests this week Mrs. Lucas' brother, C. B. Sanderford, and her sister, Mrs. I. B. Boydston, both of Killeen, Texas.

Lions Open At Home With Tough Junction Eagles

First District Tussle Is Scheduled On Home Lot Saturday

Ozona fans will have their first opportunity to see the 1938 edition of the Ozona high school Lions in action on home soil next Saturday afternoon when they meet the challenge of the always powerful Junction Eagles in the first district game for both teams.

The game is slated for 3:30 Saturday afternoon. The Eagles, coached by Clayton Hopkins, have three non-district victories to their credit this season, and are rated as the chief threat to the supremacy of the defending champions of District 41-B, the Eldorado Eagles.

But the Lions of Coach Ted White are also feeling somewhat chipper, with victories over the Iraan juniors and the San Angelo Junior high school teams in their first two starts of the current season. Local fans, then, are confident that the locals will give the invaders no little argument when the battle gets under way Saturday afternoon.

The Lions defeated the Iraan Juniors 19-0 in their opening game at Iraan and last weekend laced the San Angelo juniors 25 to 6. In that game the Lion aggregation was paced by Beecher Montgomery and Jim Dudley, with Schneemann, Escue, Wilson and Colquitt turning in creditable showings in the afternoon's performance.

The student body and fans of Ozona are planning a hundred per cent backing for the Lions in their first district game. A pep rally has been planned by the Pep Squad for Friday night, with pep talks, yells and songs to get the thunder rolling in advance of the kick-off.

One other District 41-B game is slated for the weekend, the Sonora Bronchos being set for a go with the Menard Yellow Jackets Friday night at Menard. The Eldorado team, rated to repeat for the district flag, will be host to the Abilene high school's second string Saturday afternoon, while the Rocksprings Bulldogs will visit Eagle Pass Friday night for a non-district tussle.

OUR PATIENCE IS EXHAUSTED TOO!

"Regarding the Sudetens my patience is exhausted," Adolph Hitler told the world.

So say we all—but we go farther. Our patience is exhausted with the silly egotism of Adolph Hitler. That he would risk the lives of five million of the young men of his own nation, that he would risk the entire fatherland, over merely the method of acquiring the Sudeten territory is so idiotic that the world must exercise great self control to bear with Adolph Hitler.

If there is a world war next week the man who will be responsible for it is Adolph Hitler. He can brag and prate about his army, about his secret gasses—of the bacteria he has stored away to spread disease over Western Europe, but if it brings war he is still the loser. He can beat his breast over the millions which his legions will kill—but after all they will be innocent human beings, people who do not want to fight and people who have no grudge against fellow man in other nations and no face to save with the people at home. War spells only R-U-I-N for Europe, for victor as well as vanquished.

Hitler says Communism is the one great curse of the world—but if he turns the armies of Europe against each other—the Communist will be the only one to benefit. In 1943 when the vanquished are bombed out of their lair, dugout and the victors are staggering under the load of the price of victory, the agents of the Kremlin will stir up the next revolution and the exasperated people of the old world will fall victims of the Moscow commune.

War is not inevitable. There are no spoils of war left for any victor. Might has settled no questions permanently—and in this day of modern warfare might must be coupled with resources of an everlasting character, to be sufficient to show even a semblance of victory. Germany needs peace—not war. Adolph Hitler should watch

THE FAMILIES OF G-MEN

An able agent of the Federal Bureau of Investigation, otherwise a G-man, resigned from the service a few days ago with a statement that the American people might well ponder. He said: "Despite the efforts of Mr. Hoover to make crime detection a career, the FBI, hamstrung by Congress, offers no security to the man of a family. I owe my family something—something the FBI will not permit me to give them. That is security."

Disregarding the charge that Congress has failed in its duty to the FBI, which is necessarily more a matter of opinion than otherwise, it is a fact that the G-man who goes after a desperate criminal does not do so with any assurance of what will come to his wife and children if he dies in the performance of his duty. There is no doubt that the G-man may die, either, for the records of the last few years prove that many of them have been killed in battling desperadoes.

In effect, at least, the people of the United States insist on the type of protection the FBI affords and in common fairness they should insure the reasonably comfortable future of any FBI agent's family when they ask him to assume uncommon risks. The money necessary to set up satisfactory safeguards along these lines would be as nothing compared with the sums that are being spent right and left for purposes no more necessary and constructive, to say the least of it, but it should be forthcoming in any case.—Pittsburgh Press.

Planning Board To Aid O'Daniel With Industrial Program

AUSTIN, Sept. 28.—The Texas Planning Board today was prepared to throw all its resources behind the industrial program of W. Lee O'Daniel, nominee for governor.

O'Daniel met with the planning board in Fort Worth and appeared to be particularly impressed with the work of the board in aspect to mapping and the assembling of information required by financial interests which might make industrial investments in Texas.

"I can see where your board and its program fits into the plan I have for the industrialization of Texas," O'Daniel said after hearing members of the board report on their activities.

The planning board's 10-point program for the social and economic development of Texas was outlined to the gubernatorial nominee by W. M. Massie, Fort Worth, chairman; E. A. Wood, Austin, director; E. L. Kurth, Lufkin, who is in charge of the board's forestry work; C. S. Clark, Austin, chairman of the board's water resources committee; Hull Youngblood, San Antonio, who stressed the need for correction of freight rates and better health control, and Tom Cotton, Amarillo, who discussed the need for encouraging mining.

Since its creation in 1935, the planning board has gathered a mass of information and data on the resources of Texas and much of this information already has been disseminated to industrialists who have requested information

on Texas resources. Numerous industrial surveys have been made by the board's technical staff and these will be used by O'Daniel when he launches his campaign to bring new

industries to Texas.

Annual Meeting Of Baptist Assn. In Alpine Tues.

Many Ozona Members To Attend Important Session

The annual meeting of the Pecos Valley Baptist Assn. will convene at 10 o'clock Tuesday morning, Oct. 4, at the First Baptist church of Alpine, Rev. Clyde Childers, pastor of the Ozona church, announced this week. This meeting will climax one of the most successful years in the recent history of the association, the pastor reported. "There has been a thorough, organized effort toward evangelism on the part of all the churches in the body. New churches have been organized throughout the territory in many districts where there formerly was no church. The churches which already were members of the body have reached out into many other mission fields winning many souls for Christ," Rev. Childers said.

"Likewise, there has been a very definite emphasis upon Stewardship and there has been a good response in gifts for mission causes. Several times this year the district of which the association is a member, has led the whole state in percentage of churches giving to missions."

The meeting will feature messages by associational, district and state leaders. Such leaders as Robert Cooke Buckner from the Buckner Orphan's home of Dallas and G. S. Hopkins of the state Sunday School department will be presented to the body. It is believed that many other state leaders will be present at different times during the meeting.

A large attendance is expected for this inspirational and informative

Food Supply Gone, Hawk Hordes Migrate To Southern Climes

NEW YORK. — With ground squirrels beginning their winter hibernation, and grasshoppers dying laid their eggs in the ground, the food supply of the big soaring summer hawks is rapidly vanishing. Not being equipped as are some of the smaller, faster hawks, with the ability to catch other food, these big, lazy, soaring fellows are now starting to move south.

First come the great flocks of Swainson's hawks, one of the few hawks that travels in company with hundreds of its kind. Lucky is the farmer whose fields are visited by a flock, as their appetite for grasshoppers is enormous. A single Swainson's hawk has been found to have as high as 200 grasshoppers in its stomach, after a single meal. Even if a flock of 200 or 300 hawks for only one meal, the result will be a lot less grasshopper eggs in the ground to hatch next spring.

Swainson's hawks cannot be expected to stop for very long at this season as they have a long trip ahead, and must keep moving if they are to be in their winter home in Argentina, South America, by Christmas. However, they do have to eat and rest as they travel, and some times every fence post and telephone pole for miles will have a resting hawk perched on it.

Following the Swainson's hawks, come other big soaring varieties, red-tails, ferruginous rough-legs and marsh hawks.

They also have found squirrels, gophers and other small rodents harder to find, and being birds, the natural thing to do is to migrate. All during the fall these hawks will be a common sight perched on posts along the roads.

Here and there a dead hawk will be found, hanging from a fence, shot by some foolish person without sufficient curiosity to open the bird's crop and stomach, and see for himself what it had been eating. Somewhere, however, a rancher or farmer will have one less helper next summer, in combatting crop and grass destroying ground squirrels, gophers, mice, rabbits, crickets and grasshoppers.

OZONAN PLEDGES

AUSTIN, Sept. 28.—Fraternalities at The University of Texas "pledged" 382 men at the close of a three-day rush period. The list of "pledges," or probationary members included Maurice A. Lemmons of Ozona, who "pledged" Sigma Alpha Mu.

1231 Arrests Made For Truck Overload

AUSTIN, Sept. 28.—License and weight officers of the state police department made 1,231 arrests in August for violations of the 7,000 pound truck load limit.

One hundred forty-four other charges for commercial registration violations were filed, police officials announced. The special unit of truck law enforcement officers was created last June 1 so

that uniformed patrolmen might deal with other traffic violations exclusively.

Ozona Music club met in the home of Mrs. Lee Childress Tuesday afternoon with Mrs. Childress and Mrs. J. Lowell Littleton as hostesses.

Mrs. S. M. Harvick, president of the club, introduced Mrs. R. P. Wyche of Abilene, president of the Sixth District, who was here to arrange plans for the district convention, to be held in Ozona November 3, 4 and 5. Mrs. Wyche announced that Mrs. Harvick had been appointed convention chairman; Mrs. H. B. Tandy, Sixth District chairman of Juniors, and state composition chairman, and Mrs. Lowell Littleton as district publicity chairman.

Mrs. Neal Hannah was leader of the afternoon's study on Walter Damrosch and Deems Taylor. Mrs. Madden Read gave the "Life and Works of Walter Damrosch" and Mrs. Hillery Phillips discussed the life of Deems Taylor. Mrs. H. B. Tandy sang "Was Ever Maid of Spain To Sleep."

Miss Dixie Davidson gave as a vocal solo, "Danny Deever" and Mrs. R. A. Harrell played the selection "A Kiss In Xanadu." Mrs. L. B. Cox played a symphonic record. A plantation love song, "My Rose," was sung by Mrs. Paul Perner. Mrs. Charles Williams, Mrs. V. I. Pierce, Mrs. John Bailey, Mrs. Lee Childress and Mrs. H. B. Tandy, with Mrs. Neal Hannah accompanying.

Missionary Executive Board Holds Luncheon

Quarterly reports of officers of the Woman's Missionary society were prepared at a meeting of the executive board Wednesday at a luncheon given at the home of Mrs. Joe Pierce. Hostesses were Mrs. Pierce, Mrs. Alvin Harrell, Mrs. Stephen Perner, Mrs. J. A. Fussell and Mrs. N. W. Graham.

Others present were Mrs. L. B. Cox, Mrs. John R. Bailey, Mrs. W. R. Baggett, Mrs. Welton Bunker, Mrs. Chas. Williams, Mrs. Madden Read, Mrs. V. I. Pierce, Mrs. Scott Peters, Mrs. Bright Baggett, Mrs. Eugene Slater, Mrs. John W. Henderson, Mrs. Paul Perner and Mrs. Lee Childress.

At the regular hour Wednesday afternoon, the society continued its study of the missionary book, "The American City and Its Church."

T. C. U. Has Six Letter Ends for 1938

Coach Dutch Meyer of Texas Christian ought to get the job well done at ends. He is better fortified with lettermen for the wing positions than at any other spot. These six "T" wearers are all hot contenders for the first-string call, and all of them are likely to see considerable action before the season ends. Hensch, Jordan, Snow and Williams are all seniors; Horner and Looney are juniors.

The officers and teachers of the Sunday school will be consecrated to their tasks at the morning service this Sunday. You are invited to show your appreciation for the work that this group is doing by attending the service, and sharing in the Holy Communion. Our teachers, in trying to measure up to a higher standard of christian efficiency, need your prayers and consistent cooperation. One of the finest ways of cooperating with them is for every member of the family to come to Sunday school every Sunday. Let's make that our aim throughout the new Sunday school year!

Scout Notes

By MILES PIERCE

The meeting of September 27 was opened with the Scout oath, which was led by the junior assistant Scoutmaster, Norman Rendall.

A talk was made by Norman, which gave the idea of scouting. In his talk he included that scouting was started in the United States by Lord Baden-Powell in 1910. There are over seven million scouts now registered in the United States alone.

Rev. Eugene Slater, the troop advancement man, made a short talk on the advancement for the coming year.

Mr. Van Zandt, the 4-H club leader, told of the merit badges and their requirements that can be had in the 4-H club work.

In our library we have all the merit badge books on "stock feeding and raising," hog production and sheep raising. All scouts are requested to check out these books and use them for your help in advancement. A cabinet for these books will be built by Bobby Lemmons.

The roll was called and the meeting was adjourned, while in the patrol rooms, the senior patrol decided to have a party for the Fox patrol next week.

MRS. FRIEND IS CONTRACT HOSTESS

Mrs. W. E. Friend, Jr., was hostess to her contract club at her home Tuesday afternoon. Miss Dixie Davidson held high score and Miss Wayne Augustine second high. The other guests were Mrs. Jimmie Blaylock, Mrs. J. W. North, Mrs. Chas. E. Davidson Jr., Mrs. Welton Bunker, Mrs. J. A. Brashear, Mrs. Lowell Littleton, Mrs. Walter Augustine, Mrs. Sherman Taylor and Miss Wayne Augustine.

WHAT IT MEANS TO BE A SENIOR

By Ora Louise Cox
 My being a Senior holds a greater meaning for me than I ever dreamed that it would. I realize how very little I know and that our Senior motto, "We finish to begin," is quite true.

We Seniors know that unemphatic faces Youth and that we have a fight ahead of us—a fight for success and happiness. Some of us may go to college; others may not. However, the majority of us realize that our future isn't going to be a bed of roses, but a struggle for all that we hope to gain.

Although it is difficult to conceive, most of us Seniors have little time left for us at "home." Next year, there will be college for some, Jobs for others. We begin to realize how much we owe to our parents, how much they have sacrificed to give us the advantages and privileges that we needed. Our generation lives in such a mad haste that we never stop long enough to say "Thanks, Mom and Dad." When we are away from home, either on our own or furthering our education, we shall appreciate the goodness of home, parents and old friends.

There are also other regrets. If we "had it all to do over again," we would make the most of our opportunities, try to grasp all the knowledge possible in order to prepare ourselves for future life. However, that is past and we face a new life, thankful for all that has been offered to us at school and at home thus far.

Music Test Given Students

Mr. Burgess Brown of the educational department of H. M. White company, conducted a music test in the high school auditorium, Wednesday afternoon from one to two o'clock. The purpose of the test was to discover those students who have a great deal of native musical ability. Those students making a grade of above 60 are eligible to the high school band, and those who made a high grade are being sent a letter this week, concerning the opportunity they are missing by not taking the subject. All pupils above the fourth grade were given the tests which were filed in the office. Musical training was of no aid whatsoever to pupils. The test concerned harmony, rhythm, pitch and melody.

LIONS WIN OVER SAN ANGELO 26-6

Montgomery, Dudley Lead For Ozona

Led by Beecher Montgomery, quarterback and Jim Dudley, halfback, the Ozona Lions romped to a 26-6 win over San Angelo Junior high's Crimson Tide at San Angelo.

The Lions got off to a quick start. They received the opening kickoff and returned it to their own 40. On the first play Montgomery hauled the ball to Dudley on a reverse around Angelo's right terminated post. Dudley tucked the ball under his arm and jaunted 60 yards to score. Montgomery scored the extra point by scooping up his blocked try for extra point and running it over the goal line.

The Lions scored again in the first quarter when Montgomery intercepted a Tide forward pass and galloped fifty yards to score. His try for extra point was low. The Lions scored again, this time in the second quarter, before the befuddled Tide could recover. Montgomery skirted Angelo's left terminal for forty yards to score. Montgomery failed to drop kick the extra point. The Tide meanwhile could go nowhere due to numerous fumbles and the Ozona line.

In the third quarter the Tide came to life. A halfback hit sharply over Ozona's left guard, turned to his right and galloped goalward. He was cut down by Jim Dudley three yards from the goal line. The play netted nearly 50 yards. However, the Ozona Lions held and the ball went to Ozona on their one-yard line after four downs. Montgomery punted out as the quarter ended.

The Tide came back strong and again found themselves close to the Ozona line as a fault of end runs and pass plays. The Lions held the Tide for three downs, but on the fourth down, the Angelo quarterback ploughed over. The try for an extra point was wide. The final Ozona tally came in the fourth quarter as a result of a 15-yard pass from Montgomery to Escue who ran the remaining distance to the goal line. The try for the extra point failed. The outstanding defensive players for Ozona were Dudley, Schneemann, Coates and Montgomery.

On Saturday afternoon of this week, the Lions play their first district game with the Junction Eagles. Junction with a heavy and veteran ball club, is a heavy favorite to mop up the Lions. Even though the Lions are rated little chance of upsetting the favored Eagles, it could be an interesting game should the Lions present a stonewall defense.

Capt. I. B. Hale, largest Horned Frog (245 pounds), will lead the largest football squad in the history of T. C. U. (59 boys). Capt. Hale was named last season on Liberty Magazine's player-selected all-American eleven, and is one of the Frogs' best bets for national honors this year. Line Coach Mike Brumelow says of Hale: "He hasn't a single weakness; he does everything right!" I. B. plays left tackle and has already won his "T" at that post twice. He played his high school string at Woodrow Wilson, Dallas.

GRADE SCHOOL NEWS

SECOND GRADE

Edith Lou Piener entertained with a birthday party at the home of her aunt, Mrs. Joe T. Davidson, Wednesday afternoon, Sept. 21. Little Miss Piener received many interesting gifts. The guest enjoyed a delightful plate of ice cream and pink cake, with favors of balloons and small umbrellas. Those present were the second grade, Ann Harvick, Patsy McDonald, Roy Piener, Jr., Tom Piener, Miss Demmer and Miss Spain.

THIRD GRADE

The third grade pupils are reading Billy Boy on the Farm and we are constructing a farm. Max Word has made the hay wagon; Joe Ross Hufstetler, the hen house; James Flemons, the pig pen, and other children have

made animals of different kinds. Preston Williams is building the house, and Joe Perry the fences. We hope to complete the entire farm during the next two weeks.

The third grade had a nice surprise on Friday afternoon, Sept. 23. Our room mother, Mrs. Bill Hoover, came to school and served ice cream to us just before we went home.

SIXTH GRADE

Ozona Junior high boys are going to play Sonora here at 4:16 o'clock Wednesday. The boys have been practicing very hard, hence feel that they will win especially if they have a good pep squad.

SEVENTH GRADE

The Seventh grade has been making note books about explores.

Assembly Program Presented By Local School Organizations

The assembly program for September 29, was given by the officers of the different organizations of the Ozona high school to inform the student body about these organizations. Phillip Schneemann, president of the Senior class, acted as master of ceremonies; Posey Baggett, vice president of the senior class, gave the history of the Senior class of 1938-39. Crystelle Carson, pep squad leader, gave a talk on the pep squad; Ora Louise Cox, band president, discussed the band and its possibilities. Jeff Fussell, editor of the Lion's Roar, talked on the Press club, and Beecher Montgomery, football captain, told about the ball club. Master of Ceremonies Schneemann, then recognized the officers of the Junior, Sophomore and Freshman classes.

Football fan: "What does 'not transferable' mean on this ticket?"

Stanley: "They won't let a man in unless he comes himself."

Officer: "Young man, did you hit this pedestrian?"

Till: "Naw, he fainted when I stopped to let him pass."

The American automobile industry uses 150,000,000 yards, or 40 per cent, of the annual mohair supply in the United States to make upholstery according to the Texas Planning Board which points out that Texas mohair producers benefit most as they produce more than 80 per cent of the domestic supply.

FIRST PEP RALLY TO BE HELD SAT.

State Band Contest To Be Held In April

The first pep rally of the year will be held in the gymnasium on Friday night at 7:30 o'clock, in preparation for the game with Junction on the home ground, Saturday. The band, drum corps, and pep squad will be there in fine style. The town is invited and as many as can be there are urged to come to help stimulate a little spirit.

The band and drum corps have been drilling almost daily for the game Saturday afternoon. The march, which is planned, is being made more perfect every day.

Mr. James B. Nevins, who attended the band clinic in Sweetwater the past weekend, has brought back word about the state band contest to be held in April. The place is to be either San Angelo or Abilene. However, the latter is preferred by the officials and will probably be decided upon.

The piece which all class bands are to play is Cliffe by Max Thomas.

As you all know, the band is in the regular school curriculum this year. Up to this time, there have been about 45 regular enrollees. In a month, we hope to have two bands, a first band and a second band. The second band will be composed of beginners, and the first band will consist of those doing more advanced work. Those students whose names are newest on the roll are Laura Graves, Buddy Russell, George Armentrout, Mary Faye Lucas, Louise Bean and Little Jo Owens.

FACULTY PICNIC

Last Thursday, Sept. 22, members of the teaching staff enjoyed the fifth annual faculty picnic at the Baggett grove. The affair is provided by the men of the faculty as a courtesy to the women teachers. Those enjoying the affair were:

Miss Norine Allison, Guinn Caruthers, Miss Stephena Demmer, Mr. and Mrs. C. S. Denham, Eugene Hollon, principal elementary school, Mr. and Mrs. Arthur Kyle, Miss Margaret Martin, Jake McCulley, principal Mexican school, Miss Mildred Morris, Miss Ada Moss, Mr. and Mrs. C. E. Nelson, principal high school; James B. Nevins, band; Miss Mildred North, Miss Dorothy Spain, Miss Bess Terry, Mrs. Ted White, Mr. and Mrs. Ted White, Miss Ruth Graydon, and Mr. and Mrs. Neal Hannah, special guests.

Paper covers for books were first used in the sixteenth century.

Pep Squad Gets New Uniforms To Start Boosting

The Lion's pep squad is beginning work this year with new uniforms of purple satin blouses and gold skirts. All of the squad is being furnished with small megaphones to make the boosting louder and stronger. The leaders, Crystelle Carson and Ora Louise Cox, and the drum major, Dorothy Hannah, will be dressed in all-white uniforms.

The squad, as a whole, has been working hard, and showing much enthusiasm at recent drills and yell rehearsals.

If this enthusiasm lasts with its fire and spirit, O. H. S. will have a pep squad to be proud of.

An Orchid To You

An orchid to you, Mr. Nevins, you are starting out as if you meant business with the band and pep squad. We wish you the luck and success that your energy and interest deserve.

SENIOR RINGS ARRIVE

On last Monday, Sept. 26, the Senior class of Ozona high school was made very happy. Their rings arrived! The rings are replicas of the Senior class of 1937-38. They are gold with a red stone in them.

The rings, which were ordered through the Star Engraving Co. of Houston, were selected before school closed last spring and, therefore, were received at an early date.

—: The Prowler :—

By Drake and Lemmons

We've always known that Fort Worth is a good cow town and all of that, but not until lately have we realized that it had so much appeal for Our Gang. Some young ladies of Ozona high have been displaying stormy tempers of late; there's Mary Louise who was in a rage Friday night, Betty Lou in a like state Thursday night, and Bess with flashing eyes on Friday. Could it be this beastly weather?

A handsome stranger (to us) escorted Lela Mae home Saturday. I wonder if he has a brother.

Will somebody who knows Bill Carson really will please let us know if he has attended a class meeting recently and at night? Our files are incomplete.

Toots, don't you realize that loss of sleep will make you wrinkled before your time?

Some girls wear tiny shoes as decoys, some bright-eyed bugs, and some bouquets of various vegetables, but it won't be long now before a new style is set. Dorothy Hannah is contemplating wearing a small calendar with the Thanksgiving and Christmas holidays circled in red ink. Watch for a following in Vogue.

Don't expect too many epistles, Billie Gene. After all, a stamp costs three cents.

Apologies to Phil Schneemann. A fellow can't afford to be on the scandal sheet too often.

The Freshmen girls don't have large vocabularies, Shorty, but some of them can say "No."

That's right, Gemella, you cheer your football hero.

That last year's Senior is interesting is he, Naomi?

Instructions Given To Home Owners For Painting Houses

Home owners planning odd jobs of painting around the house may avoid waste of time, labor, and materials by observing a few simple rules.

The first thing to be done after deciding to paint a room or some interior or exterior woodwork is to approximate the surface to be covered and the color desired. Then, after getting the paint in the quantity recommended by the dealer, the surface should be prepared.

If it is an interior job and the woodwork is new, the surface should be cut smooth with sandpaper and dusted clean. Then the priming coat should be applied. If it is old woodwork and shows bad cracking, checking, or scaling, the surface should be stripped with a good paint and varnish remover and cleaned with benzine or turpentine. If the wood is greasy or coated with wax, this should be scrubbed off with benzine or turpentine.

The next step is to putty up all nail holes, cracks, and other defects. This is done after the priming coat has dried. Then a semi-finishing or second coat of paint is applied and allowed to dry thoroughly before the third or finishing coat is applied. If a gloss finish is wanted, the finishing coat is enamel. When the color is to be other than white, both finishing coats are tinted.

COVER PLANTS USED ON LAWNS

Usually there is a spot or two on the lawn area about the home where it is difficult to cultivate healthy grass. Such conditions may be caused by trees such as the beech and the chestnut. The north side of buildings and steep slopes are also locations where good sod is difficult to maintain.

In these areas it is frequently found desirable to plant low-growing hardy shrubs, vines or perennials. While almost any shrub will prove satisfactory as a ground-cover plant, the following general characteristics should be helpful to home owners in selecting plants best adapted to this purpose.

Such plants should be inexpensive and should transplant, grow, and propagate readily. Usually the denser and lower-growing varieties will prove most satisfactory. Among the more common types of ground-cover plants are the Japanese spurge, periwinkle, Winter-creeper, English ivy, American bittersweet and moneywort.

The use of hardy, self-perpetuating ground-cover plants will insure an attractive appearance in

Completely Modern Kitchen

It may be hard to realize after more than 5 years of viewing streamlined kitchens but the room shown in the upper picture was once described as a "modern kitchen." The room had plenty of light and ventilation, a modern four-burner gas range, generous-sized sink and a good cabinet. Of course it had not been planned to minimize the effort of preparing meals and washing dishes and there was no storage space to speak of but it was typical of the times.

The lower picture shows the kitchen after a complete modernization. The equipment has been rearranged, mechanical refrigeration installed, the sink with under cabinets and large work top substituted for the unhandy old one. Venetian blinds, new floor covering, and a large modern built-in cabinet has replaced the old one.

Funds for modernizing kitchens may be obtained from private lending institutions under the Property Improvement Credit Plan of the Federal Housing Administration.

areas which otherwise would be barren and unsightly. Utilization of such cover plants also will reduce the maintenance costs of the grounds, because such plants require little or no care and are self-perpetuating.

ACTIVE LENDERS

More than 4,600 banks, savings, building and loan associations, finance companies and other lending institutions in all 48 states, the District of Columbia, Hawaii, and Alaska hold contracts of insurance with the Federal Housing Administration Credit Plan, under which amounts up to \$10,000 may be borrowed by private individuals for repairs, alterations, and improvements to property.

QUESTIONS AND ANSWERS

Q. The leaders on my house burst last winter. I am going to repair them but would like to know what caused it before making the repairs. Can you tell me?

A. The leaders must have been clogged with leaves, twigs, and dirt and became filled with water, with water, which froze, expanded, and burst the leaders.

Q. How effective are lightning rods?

A. Properly installed rods of adequate size are a distinct protection. An inadequate installation might be dangerous. If you are considering having them installed go to a reliable concern and let them figure your needs.

Q. What is a good way to conceal grease spots on a painted kitchen floor?

A. Add a splatter finish. This is done by splattering different-colored paints over the surface. It should be done by a painter.

Q. Will the use of radiator covers cause a loss of heat?

A. Covers with openings at the bottom and grilles either on top or at the top of the front face with the balance of that face closed, while cutting down radiated heat, will increase convection heat. Such a radiator cover acts as a flue and sets up a draft over the radiator that carries the warm air quickly into the room.

Q. Is it possible to install a bell under the dining room table that does not require cutting a hole in the rug?

A. Yes. If a stationary button

If you will want to move the button about, a movable plate with a crown contact that is very flat can be plugged into the floor-button connection with a length of wire that makes it possible to move the button wherever you want it.

Q. Is it possible to install extra floor plugs in a room?

A. Yes. Call in a reliable electrician and he can determine how it should be done. Do not attempt this work yourself, as you might overload the circuit or make a bad connection that would create a fire hazard.

Q. Can paint be applied to a surface that has been calcimined?

A. Not without first washing off the calcimine and thoroughly drying the plaster.

Patrolmen To Carry Ice Water To Cool Off Irrate Motorists

AUSTIN, Sept. 28.—State police plan to "clean up" on Texas motorists—but in a manner expected to be pleasing to the motoring public, it was announced today by the public safety commission.

W. H. Richardson, Jr., safety commission chairman, said plans are being made to equip patrol cars with soap, paper towels and containers of iced water. Then when state police assist motorists with repairs to disabled vehicles there will be a general hand washing scene followed by refreshing drinks of water.

The safety chairman said the idea is part of a plan to impress Texas and visiting motorists with the state's hospitality and to permit patrolmen, whose hands are dirtied many times a day assisting travelers with repairs to their automobiles, to "keep clean and cool."

"We agree there is hardly a task as unpleasant as changing a tire, but it can be made more agreeable if there are means of washing hands and being refreshed with a drink," he commented.

State police expressed the opinion that a cold drink of water may even soothe the hurt feelings of drivers arrested for traffic violations.

GIANT BANNER DISPLAYED FOR LEGION MEET

LOS ANGELES, Calif.—Said to be the largest flag in the United States and the only one of its kind in the world, a giant banner bearing the insignia of every Division and every Army Corps that made up the American Expeditionary Force is on display in this city. A sign of welcome to the thousands of veterans who gathered in Los Angeles for the American Legion national convention, the flag is 90 feet high and 80 feet wide, weighs over a thousand pounds and reaches from the roof to the second floor of the eight-story building from which it is suspended.

Junior Woman's Club Studies Art In Home In Meeting Thursday

Mrs. Sherman Taylor and Mrs. Ed Bean entertained the Ozona Junior Woman's club Thursday afternoon at the home of Mrs. W. E. Smith. Mrs. W. E. Friend, Jr., was elected recording secretary to fill the vacancy left by the resignation of Mrs. J. O. Lusby.

"Arts in the Home" was the subject of the program taken from "Personality of a House," by Emily Post. Mrs. C. E. Davidson, Jr., gave the history of houses in America. Mrs. Ele Hagelstein spoke of the fundamental principles of architectural beauty and Mrs. Massie West had as her subject, "If You Are Going to Build."

Others present were Mrs. Richard Flowers, Mrs. H. W. Baker, Mrs. Ralph Jones, Mrs. C. J. Van Zandt, Mrs. W. E. Smith, Mrs. Douglas Kirby, Miss Wayne Augustine, Miss Ada Moss and Miss Wanda Watson.

Baylor Bears Take On Okla. Aggies In Weekend Tussle

WACO, Sept. 28.—The Baylor Bears, over their first hurdle with Southwestern last week, turned their attention to their battle with the Oklahoma A. and M. in Wichita Falls Friday night.

Aiming at their perfect record of not having lost a nocturnal game in the history of the school, the Bears are not expected to have very much trouble with the Aggies who were handed a 27 to 7 setback at the hands of Arkansas the past week.

Coach Morley Jennings was highly pleased with the work of his sophomores in their opening game and is expected to give them plenty of service before they hit their conference schedule the week following the Aggie tilt.

Conservation Of Water Resources Conference Topic

AUSTIN.—Conservation of Texas' water resources is of paramount importance in the program of stabilization of agricultural and industrial expansion, Gov. James V. Allred commented in inviting civic leaders of the state to a general water resources conference in Austin, Oct. 5 and 6.

"One of the major problems facing us today is that of prudently conserving and putting to proper use the water resources of Texas," Governor Allred said. "Unless this is done, we cannot materially hope to expand our industrial status, nor increase the population in many sections of the State."

The importance of water conservation has been emphasized by Gov. Nominat W. Lee O'Daniel, who will address the conference in one of his few public appearances prior to his inauguration. Mr. O'Daniel's subject will be "The Industrial Development of Texas Dependent on the Conser-

vation and Prudent Use of Water Resources."

The conference will be held in the senate chamber of the state capitol, starting at 9:30 Wednesday morning, October 5, and continuing through the sixth.

Mrs. C. C. Luther and daughters, Mertis, Sybil and Florence, and Etta Lee Harrison, have returned from a visit in San Antonio. Mrs. C. W. Barbee of San Antonio, another daughter of Mr. and Mrs. Luther, returned with them to home there after a visit here.

"Just a Little Better Service"

An ADDED SERVICE

HUMBLE OIL & REFINING COMPANY

A Texas institution manned by Texans

As an added service to its friends, customers and employees throughout Texas, the Humble Company has again arranged to bring you radio accounts of Southwest Conference football games. Each Saturday afternoon, the Conference games and the more important non-conference contests—as many as four on one afternoon—will be broadcast over an extensive network of Texas stations, so that you will be able to follow the fortunes of your favorite team throughout the season.

Humble urges you, however, not to be content to sit by the fire and listen to the radio; we suggest that you plan to see, with your own two eyes, as many of the games as you can.

On your way to and from the games you see, you are cordially invited to stop for service where you see the Humble sign. Restrooms at Humble Service Stations are noted for their spotless cleanliness; station salesmen are prompt, helpful, friendly—sincerely interested in making your trip more pleasant . . .

Follow the Humble route to football games this fall!
