### **Shearers Must** ANNOUNCEMENTS The Stockman has been authorized to make the following an-**To Leave State**

# Application Will Be De- Operators Now Subject nied if Shearing in **Texas Not Complete**

John W. Reed, district manager, suing a directive to all operators of sheep shearing equipment providing that such operators must secure prior approval from the district manager of ODT from whom they received their certificates of War Necessity before leaving the district in which they are located; and that under no circumstances must they leave the State of Texas until such approval is granted by the ODT.

Mr. Reed pointed out that in order for this type of operator to secure approval from the ODT they must produce factual information that they have bonafide contracts with wool growers in other sections of the country; and

that when such proof was established that approval would be given; but in no case would approval be given when their services were they are located

It was necessary that this direcive be issued on account of the shortage of motor vehicles, re-Wednesday placement parts, tires, and gaso-

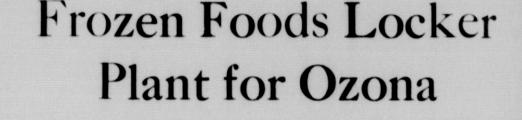

line. Mr. Reed is asking the wool growers to cooperate with the ODT by notifying him of any sheep shearers that were planning to eave the state before the shearing

10 a.m. Evening Worship Ladies Bible Class 4 p.m. Perner Wednesday afternoon,

8:15 p.m.

It is with a great deal of pride that we are able to announce the prospective installation of a Frozen Foods locker plant for the convenience of the citizens of Ozona and surrounding territory.

We are now securing pledges from prospective users of these lockers who are producers of foods, either meats, fruits or vegetables, in sufficient quantities to win approval of the War Production Board for priority on the necessary equipment. At least 60 per cent of the lockers to be installed must be rented in advance of installation before government authority for such installation is given. We have found a ready demand from Ozona people and feel confident that the necessary number of users will be found.

# Accurate and Complete **RANCH RECORDS** Are More Important

Today Than Ever

Government regulations and new war tax programs make it more important today than ever before that every business keep accurate records of it operations.

The ranch business is no exception. Your government must necessarily levy stiff taxes to finance the gigantic war effort now under way, and tax agents are going to be stricter in demanding compliance with all regulations. Records of all operations are going to be increasingly important in proving up your income tax returns.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

# Easy To Keep - Complete Record - In 1 Volume THE STOCKMAN **RANCH RECORD BOOK**

The locker plant, containing 300 units, plus a cooling room and quick freeze compartment, is to be installed in our store. Customers will have free access to their individual lockers during business hours for storage or withdrawal of food supplies, meats, fruits and vegetables. Each locker represents storage capacity sufficient for approximately 250 pounds of meat.

In addition to the frozen storage, our plant will afford the additional service of cooling out, cutting, wrapping and quick freezing of your homekilled meats. This process of cooling and quick freezing insures retention of maximum flavor and quality for your stored meats and conditions them for storage for an indefinite time without danger of spoilage. The entire service of cooling, cutting, wrapping, quick freezing and transfer to your own locker will be rendered at a charge of only 3 cents per pound.

Individual lockers are offered on a rental basis, upper tier lockers at \$15 per year and lower drawer type lockers at \$18 per year, all with approximately the same storage capacity and all of the same low temperature.

Customers interested in securing one or more lockers are urged to communicate with us immediately to avoid possible disappointment. We hope to be able to install a plant large enough to take care of the possible local demand, but we urge you to speak for your locker in advance of installation and thus make sure of your enjoyment of this modern and, money-saving system.

Customers who have pledged locker boxes are urged to send in their checks in the amount due as soon as possible in odrer that there may be no delay in submitting the necessary requests for government approval. Money thus paid will be placed in escrow in the Ozona National Bank until actual installation of the plant begins.

# **Another VICTORY GARDEN** Special Water Rate — 2,000 Gallons Water FREE!

As a means of cooperating in the war effort by encouraging Victory Gardens in this community, the Board of Directors of Crockett County Water Control and Improvement District No. 1 have authorized an offer of 2,000 gallons of water FREE, after the first 5,000 gallons, to persons planting Victory Gardens of 125 square feet or more.

The new Victory Garden rate is in effect on April bills. In other words, the 2,000 gallons of free water will be shown on April billing, on statements mailed May 1st.

These are the only conditions:

Your Garden must be 125 square feet (10 by 12<sup>1/2</sup> feet) or larger. 2,000 gallons Free after the first 5,000 gallons used.

PLANT A VICTORY GARDEN AGAIN THIS YEAR

## Water Supply— (Continued from Page One)

been so recognized by the depart-

ment. "It is with a great deal of pleasure that we are able to advise you that your public water suply has received an A or excellent rating," Dr. Cox wrote. "This has been due largely to the improvements which you have effected, and represents a greater increase in the factor of safety of your public supply.

"Therefore, in testimony of this satisfactory condition, we are willing to authorize the erection and maintenance, on all public highways leading into the city, or a permanent marker, notifying the citizens of Ozona, as well as the traveling public, that your public water supply has received the ap proval of the Texas State Department of Health, provided you sign the attached agreement blanks, which we are submitting to you in duplicate, and return them to us at your earliest convenience.

"As soon as we receive the signed agreement blanks mentioned above, we shall send you the specifications for the construction of the highway markers which you can have made locally.

"This public approval is a distinct honor for your water supply system, and has been awarded to only a small number of supplies within the state at the present time. Any public announcement that you may care to make concerning this compliment which is being paid to you will meet with our approval."

The agreement blanks mentioned provide for regular checks on the supply and maintenance of present standards.

### Cities Rewarded for Low Accident Rates

AUSTIN-C. J. Rutland, chairman of the street and traffic sec tion of the Texas Safety Association, today announced the winners for 1943 of the intercity traffie safety contest.

This contest is conducted annually by the Association and winners are selected on the basis of reports furnished to the Department of Public Safety by competing cities, Dallas, with 29 traffic fatalities, was awarded first place for cities of over 100,000 population. Waco, with 2 traffic fatalities was the winner for cities of a population from 50,000 to 100,000 and Lubbock with only one fatality led the cities in the 25,000 to 50,000 population class.

Seven cities in the 10,000 to 25. 000 population finished the year with no traffic fatalities. They were Cleburne, Del Rio, Denton, Greenville, Sherman, Terrell and Texarkana.

DON'T BE NICE TO PRISONERS

MADRID- German newspapers appealed to the German people to stop being nice to Allied prisoners. and French and Italian workers in the Reich.

"Although we have many times recalled that it is forbidden to speak to war prisoners," said the Hamburger Fremdenblatt, "still the Germans do it. Again we must remind them it is forbidden. Moreover, French and Italian workers must be considered as prisoners." "This call is particularly addressed to German women and young girls." said the paper.
