TO THE LIONS

Ozona Lions and their Jerry Wilkins, who have led a successful football team, deserve a pat on the back. "Well done!" of approval from local people who know the right kind of football is the kind that keeps its vaunt. The kind that puts forth ahead of winning, that keeps character up and refuses to cut any corners to win games. I mean the football that used to be, the modern cult of "win-at-all-costs" has cheapened the game so that it has become a national mark.

The thing to play football, the thing to be afflicted with, we believe that Coach Wilkins Lions have played the game in a straight honorable way. We are, our boys did not win their games. But we should look the fact that they are trying out of their true nature. On the basis of the fact of the Ozona Schools, we are in a lower athletic class. Due to distance between towns and other local factors it is best for us to play against unequal

There have been no regrettable incidents this year. So far as I know the Lions have lived up to the best standards of sportsmanship. The courtesies between visiting sections and bands during games have been genuine. Much of the credit for this fact goes to coaches Peltó and Womack and superintendent and principal of the school. For, after all, school players usually have a pride that the coaches and parents have.

There may be some who are displeased that there were no victories. But they are in a minority, and it is doubtful if they could have been too happy when a winning team.

We are handing out the trophies, we should say a good word for Coach Womack and Peltó team. They showed the line spirit and determination of these lads will give an account of themselves in years to come. The performance of our band and cheering were also of a uniformly high type.

One of the finest compliments that the town of Ozona has received since I have known it were at the banquet given by the Ozona Junior team. Coach Womack said, "The people of Ozona more than any other town I have ever known, have been loyal to their team, even though it was a losing team." Coaches Womack and Peltó also expressed appreciation for the support of the teams by the town. Mr. Hatley, the Principal of the Ozona High School said, "The Ozona and young people in our town are of high quality. We are working with them, and we believe that your parents should be proud of them."

When we close a football season that kind of attitude, I say we have had a successful season. What do you say?

Highway Dept. Designates F-M Work In County

Vaughan Field to FM 33 on Slate for Next Biennium

Road 865 from Vaughan Field northwest to intersect with FM 33, the Midway Lane road, a distance of 9.2 miles, has been officially designated by the State Highway Commission for construction during the next biennium, according to announcement by the Department this week.

The Commission's action designates the stretch of contemplated road construction "subject to the availability of funds in the Farm-to-Market Road Fund of the State Highway Department" during the biennium from September 1, 1951, to August 31, 1953 and subject to the further condition that Crockett County will furnish all required right-of-way free of cost to the state.

"Upon acceptance of the provisions of this order by the proper officials of Crockett county, the State Highway Engineer is directed to proceed with the preparation of plans for construction and when right-of-way and funds are available, to proceed with construction and to assume the road for maintenance upon completion of construction."

"The work contemplated will be a part of the continuing State financed and State constructed Farm road program," D. C. Greer, State Highway Engineer, said in a letter accompanying the notice of action on the Crockett county road. "It is a cooperative program in that right-of-way necessary for development of the road is furnished by property owners and the county. The selection was made after a careful cooperative study by your county officials and this Department, the objective being to include the most important county roads in the State Highway System."

"Each year, as additional funds have been made available to the Department for this specific purpose, we have been able to extend more and more of these important feeder roads into the rural areas of Texas. At the present time the State has added 19,000 miles of these roads, which were formerly county roads, and this new program will add an additional 2,500 miles, making a total of 21,500 miles of rural roads which have either been constructed or financed for construction by the State since the close of World War II."

"While it took this state 35 years to build a primary highway system of 16,000 miles, a large mileage of State Farm-to-Market roads has been achieved in approximately six years. Thus the Farm-to-Market roads are generally new; the primary highways generally old. The FM roads tie into the main primary highways, giving the citizens of this state a connected paved road system."

Lions Meet Iraan On Local Court to Open Cage Season

First Basketball Game Of Season Set for Tuesday Night

With the football season at an end, Ozona High School's athletes turned attention to basketball this week.

Twenty-six cage hopefuls reported Monday afternoon to Coach J. A. Peltó and first workouts were held Monday. Coach Peltó is being assisted in shaping up his hoopers by Football Coach Larry Wilkins, a sort of reciprocal arrangement since Peltó added Wilkins during the football season.

The Lions are matched for their first game against the Iraan Braves on the Memorial gym court next Tuesday night. The season's schedule calls for 17 games for the Lions, ten of them at home, plus participation in three tournaments, at Menard, at Eldorado and as hosts at the annual Ozona tournament.

Coach Peltó says his boys are enthusiastic and are working hard to get the feel of the round ball. He says the squad is short on speed and experience, but these handicaps may be minimized by hard work and determination on the part of his squad, the coach predicts.

Coach Peltó will build his cage squad around seven lettermen. Veterans from last year's crew include Joe Bailey, Tom Piner, Bobby Womack, Bill Schneemann, Virgil Machado, Charles Garlitz and Bill Maness.

District play will begin January 15, with Sonora here for the district opener. A double round-robin will be played to determine the district championship, with Sonora, Eldorado, Ozona, Junction and Menard composing the district contenders.

The season's schedule as announced this week is as follows: Nov. 27 — Iraan Here, Nov. 30 — Big Lake There, Dec. 4 — McCamey There, Dec. 6 — Del Rio Here, Dec. 7 — Iraan There, Dec. 8 — Big Lake Here, Dec. 11 — McCamey Here, Dec. 14 - 15 — Menard Tournament.

PMA Committee Named; Outline 1952 Program

\$56,500 Alloted to Crockett Co. for Approved Practices

Crockett county ranchmen participating in the Production and Marketing Administration soil conservation practices last week elected members of the county committee to administer the program in 1952.

Jess Marley was re-elected chairman of the committee and Bill Seahorn, regular member last year, was named vice chairman. Abe Caruthers was elected regular member, Marshall Montgomery, first alternate, and Joe Tom Davidson, second alternate.

Crockett county has been allotted \$56,500 for soil conservation and range improvement practices in 1952, a reduction from \$87,000 initially allotted the county last year. Last year's total allotment for this county reached \$102,000 with additional sums made available near the year's end.

Four practices have been approved for use in the county in 1952. These include drilling water wells and installing pipelines for better livestock water distribution, eradication of noxious brush and plants such as cedar, prickly pear, lechuguilla, mesquite, etc., and deferred grazing.

A new ruling will be in effect for next year which requires operators to make prior designation of practices which are most needed on their ranches and which they will be interested in carrying out.

A news letter will be prepared soon by Mrs. Mary Dunlap, administrator, which will be mailed to all county ranchmen. The letter will outline the approved practices and ranchmen will be required to check which of these practices they feel a need on the operator's ranch and in which he is interested in having PMA aid. These letters must be so checked and in the office files before an operator can begin a practice under the 1952 program.

Ozona Lions Trim Sonora Broncs 27-6 To End '51 Season

7 Ozona Seniors End H. S. Grid Careers in 'Big Game' Win

Ozona High School's Lions slammed the Sonora Bronchos deep into the cellar in District 6-A standing when the two teams met at Lions Stadium here last Thursday night to ring down the curtain on the 1951 football season.

The Lions took the contest 27 to 6, winning their first district game of the season, and sealing off Sonora's hopes for a district win. The two teams were vying for the next-to-cellar slot in district standing.

Seven 1951-52 Seniors of Ozona High School wound up their high school football careers in the victory over Sonora. They are Kenneth Bledsoe, Onesimo DeHoyas, Joe Bailey, Allen Haire, Virgil Machado, Pete Cisneros and Bobby Womack.

The Lions leaped ahead on the second play of the game when Virgil Machado stole the ball from Branch Halfback Crites on the Sonora 20 and raced the distance for the first touchdown. Machado scored again in the opening quarter when he took a handoff from Joe Bailey and again scampered 20 yards to the double line.

Charles Garlitz gathered in a Bailey pass in the third quarter for another marker and Tom Piner lunged over from the two for the final score. DeHoyas kicked three extra points.

It remained for Sonora's Crites to turn in the most spectacular run of the evening, a 63-yard gallop through the entire Ozona team to score his team's lone touchdown. The try for extra point failed.

Sister of Ozonan Dies in Car-Train Crash at Monahans

Mrs. Myrtle Hammer, a sister of Jake Young of Ozona, died at 9:45 o'clock Monday night in a Monahans hospital as the result of injuries suffered earlier in the day in a car-train crash at Monahans.

Funeral services were held at 4 o'clock Wednesday afternoon from the First Baptist Church in Monahans, with burial following in Monahans Memorial Cemetery.

The accident occurred at a street crossing in the eastern outskirts of Monahans at about 9 o'clock Monday morning. Mrs. Hammer was driving a 1950 model sedan which was struck by a Texas and Pacific troop train at the crossing. The car was hurled from the tracks and crashed into a telephone pole. Mrs. Hammer was thrown from the vehicle, landing on a switch track.

Mrs. Hammer is survived by two daughters, Mrs. Doris Nell Russell of Monahans and Mrs. James Jones of Texarkana; one brother, Jake Young of Ozona; one sister, Mrs. Mildred Graham of Monahans; three half brothers and three half sisters.

Groff Noses Out Altizer In Sun. Matched Roping

Fast Times Registered By Top Hands in Afternoon Program

Roping fans sat on the edges of their seats at the fair grounds here Sunday afternoon as one of the most spectacular matched ropings of the year reeled off between Buddy Groff of Ozona and Jim Bob Altizer of Del Rio. The afternoon's program was sponsored by the Ozona Roping Club.

In a six-calf match, Groff nosed out Altizer 80.3 seconds to 81.5. Groff's average was 13.4 seconds per calf.

Cliff Lowry of Del Rio hung up the best time of the day which saw some of the southwest's top ropers in action and near record times set. Lowry tied his calf in 11.5 seconds to win a jackpot event.

The day's results were: First jackpot — Groff, 13.7; James Leonard of Del Rio, 13.9; Louis Powers of Carlsbad, N. M., 15.8.

Second jackpot — Lowry, 11.5; Don McLaughlin of Fort Worth, 12.3; Mac Clananahan, Ozona, 12.8. Third jackpot — Bill Low of Crane, 12 flat; Groff, Tom Powers of Ozona and McLaughlin tied for second with 12.2.

In the first matched roping, Groff and McLaughlin finished in a deadlock with a total time for six calves of 101.9 seconds. Buz Doland of Big Lake won the second matched contest by roping six calves in 95.4 seconds. His opponent, Leonard ran into tough luck on his first calf and totaled 165.4 seconds.

The Groff-Altizer thriller was final matched roping of the day.

Two Angelo Youths Die In Car-Truck Crash Near Ozona

Third Seriously Hurt As Car Crashes Rear Of Hiway Truck

Two San Angelo youths, both 18 years of age and both Seniors in San Angelo High School, were killed almost instantly, and another youth, also from San Angelo, seriously injured in a truck-car crash on Highway 163, about 12 miles north of Ozona, late Friday afternoon. Three Ozona men, employees of the State Highway Department and occupants of the truck, were slightly injured.

Dead were W. Hollis Keeton, Jr., son of Mr. and Mrs. W. H. Keeton of San Angelo, and Kenneth W. Parsons, son of Mr. and Mrs. Burt Parsons of San Angelo.

Raymond Bolf, 18, son of Mr. and Mrs. M. B. Bolf of San Angelo, received treatment in the Ozona Hospital following the accident and was moved to a San Angelo hospital early this week. His condition is reported satisfactory.

Ivy Smith, J. C. Bird and Thomas Garza, all of Ozona, were dismissed from the hospital after treatment for cuts and bruises.

The accident occurred at about 5:30 o'clock. The car in which the three boys were riding crashed into the rear of the highway department truck. The car apparently struck the left rear corner of the truck and drove under the truck bed past the rear wheel. The truck overturned twice and settled on its wheels on the west side of the highway. Both vehicles were traveling in the direction of Ozona.

The car was demolished. It landed in the bar ditch on the east side of the highway, the top, body and seats stripped from the twisted frame, with pieces scattered nearly a hundred yards along the highway.

Sam LeBaron of Ozona, traveling in the direction of Ozona behind the truck, witnessed the crash and, with the three men in the highway truck, assisted in caring for the injured lad and the bodies of the dead pair. Sheriff V. O. Earnest, who was a few miles from the scene of the crash, traveling north, learned of the crash from a passing motorist and summoned the Cody ambulance by radio. The injured Bolf was rushed to the hospital for treatment and the bodies of the other two lads brought here to be prepared for burial.

Funeral services for young Parsons were held at 4 o'clock Saturday afternoon in San Angelo and for Keeton at 2 o'clock Monday afternoon.

The death of the two young men brings to a total of three highway fatalities in Crockett county so far this year.

Your car, too, needs a "fur coat" so to speak, for the cold winter months ahead.
Old oils and greases tend to thicken in cold weather and your car can not perform at highest efficiency. ANTI-BRITISH DEMONSTRATION IN CAIRO... This throng of Egyptians is taking part in one of the demonstrations touched off by the demand of Premier Nahas Pasha of Egypt that parliament abrogate the 1936 treaty with Great Britain and take over the Sudan. Parliament acceded to his demand. The crowd shouted for the ouster of British troops from the Suez canal zone and rioted briefly in front of the British embassy. Circulating for samples at 7,727 feet in the Ellenburger was under way Monday in a central north Crockett county wildcat after it recovered free oil on a deep test.

Continental No. 1-A Harris, Wildcat 5 1/2 miles southwest of the Lula (Devonian) field, showed gas to the surface in 55 minutes, and recovered 400 feet of free 37 gravity oil and 100 feet of heavily oil and gas-cut mud on a one-hour drillstem test from 7,643 to 7,696 feet. There was no water.

Open flowing bottom hole pressure was 100 pounds, shutin pressure 2,700 pounds. On its first test in the Ellenburger, the project recovered 60 feet of mud on a test from 7,644 to 7,696 feet. A hole was found in the drillpipe on a test from 7,644 to 7,696 feet.

The wildcat is 3,300 from south, 1,980 feet from east line of section 1, TCRR survey.

In the Elkhorn Ellenburger field Conoco No. 6-A Shannon was drilling at 5,415 feet in shale, Conoco No. 8-A Shannon at 3,983 feet in shale. Conoco No. 5-A Shannon was preparing to take electric log survey to 7,380 feet in lime and dolomite.

A wildcat in the extreme south-western part of the county, Sun No. 1 was Mrs. Myrtle Mitchell of

Ozona was drilling at 3,217 feet in lime.

Conoco No. 2 L. P. Powell, north offset to Conoco and Humble No. 1-E Powell estate, opener of the Powell Strawn field, drillstem tested from 8,182 to 8,210 feet for 1 1/2 hours. Gas surfaced in 43 minutes. Eight dry stands and three stands with muddy sulphur water were pulled. The project is 1,980 feet from south and west lines of section 62-BB GC&SF survey.

Question of the Week

By Norris Pogue

The question of the week is: What do you think can be done to improve our school spirit?

When you consider this question you must take into consideration the things which go into making up school spirit. School spirit is not simply backing a football, basketball or volleyball team. School spirit is backing every phase of your school life from its newspaper to the School Dance Band. You must feel this is your school, a vital part of your life and so long as you treat it as simply another building it will remain that.

This is the way some students answered the question of the week.

Kay Kirby — "Get everybody interested in the school, and try to make them feel a part of it. Try to make them feel it's their school. Ask everyone to take part in improving school spirit."

Charles Garlitz — "I think they should let all the student body take an interest in all social activities and all sport events."

Pete Cisneros — "I think everybody should attend the pep rallies and really back the team up."

Jo Ann Allen — "I think our school spirit should be improved because when the boys go out there to play a game they don't think we want them to win because we don't yell enough. I think we should have an organized pep squad."

Jody Jones — "During school pep rallies go over fine, but pep rallies after school are flops. I think we need to organize a pep squad of OHS students that are not participating in other activities."

Scott Hickman — "I think that the school spirit could be improved by having more assemblies and other such things in which the student body would be together and take part."

Billie Chandler — "I think we should attend all the basketball games and really back the teams."

Fads and Fashions

By Jane Adams

For girls: Hair almost always short.

For boys: Uncut hair for a longer time, due to prices.

Hardly ever seen: Loafers in any texture of leather besides suede.

Looks we like: Shirley Kost's way of always being perfectly groomed. Doris West's neat, typical, American-girl-look. Alena Fare Powers' way of wearing bright colors.

Seen more and more: Corduroy shirts in bright colors, worn by boys and girls, too.

To be thought about during Thanksgiving holidays: What you are going to give for Christmas.

Beat Sonora Week Climaxed by Rally

Body burned at sundown! Yes, all the students were on hand the eve before the big game with Sonora to see the football boys burn a replica of the Sonora football team. Amid cheers from all sides the "Sonora Lineman" breathed his last.

The burning of the Sonora player was the climax to all activities of "Beat Sonora Week." Pep rallies every day helped school spirit which was rallied for the game. For a minutes there we had almost decided to bury "Mr. School Spirit." A coffin was especially prepared for the purpose, but Ozona students rallied at the last minute and raised him from the dead.

TOO MUCH TALK

By Doris West

No, in this gossip business, there never is a dull moment. Someone is always talking. About what? Let's see.

Some people think Nancy has a slight "school girl" crush on Lynn Parker. You would be surprised, though, if you knew for how long. Huh, Nancy?

June Hallford, have been bearing from you lately. When is Lemuel Barefoot coming down?

"Lost, one male. Reward, if brought back alive." Yes, Marion would offer a reward if she could take Wayne away from the "snook" hall. Other people — girls in particular — should hang out the same signs too for some of these rovers around OHS. Ah, boys, come on and give in, will ya?

Around corners — behind doors — yep, Reta is always checking on Bill lately. Couldn't be because she doesn't trust him, or could it?

Oh no! Barbara Bonn is having trouble with her "love affairs" again. Cheer up, Barbara.

Question to ponder — Why is Jan Jones so anxious for Wednesday to come? Couldn't be Steve, could it?

Snoopy Susie signs off but in closing am wishing all you Lions a happy holiday. Be lazy. You can do it now.

Mr. and Mrs. T. A. Kincaid, Jr., and Tom are spending the Thanksgiving holidays in Comanche, visiting Mrs. Kincaid's sister, Mrs. C. B. Baxter, and family.

Seven Seniors Play Final Game for OHS In Win Over Sonora

Thursday night seven football players who never again will play for Ozona High walked off the field. They boys were Kenneth Bledsoe, Oleo de Hoyas, Joe Bailey, Allen Haire, Virgil Machado, Pete Cisneros and Bobby Womack.

As sad as it may seem it was probably the most exciting event that has happened to these seven boys in all of their football years. For the first time since 1946 we defeated Sonora, 27-6! There could not have been a better way to end a football season.

The only thing that these boys had to say about it being their last OHS game is:

Kenneth Bledsoe, "I was sorry to see the season end."
Joe Bailey, "I was sorry it was the last game, but I was glad it ended like it did."

Oleo de Hoyas, "I think it was a very good game for the seniors."
"That was my last game and I wish I could be back next year," was Virgil's only comment.

Allen said, "It was the best game I've ever played and I think we had a good team but we just jumped on somebody bigger than we were."

THANKSGIVING 1951

It's been 330 years since the first colonists gave thanks for the new freedom they had found in this land.

This freedom had democracy added to it and through the years it has been enriched and improved and given to us. Now we hear so much about the threats to way of life and how it's up to us, the youth, to preserve it and we hear we take our good way of life and our freedom too much for granted.

Small things make up the democracy and happiness that is possible only in our country.

Small things like dates and listening to any kind of music we like. The thrill of seeing our purple and gold football team line up for the kickoff, running into a dear warm place called home. The fun of riding around with a bunch of kids and laughing . . . Church . . . The good feeling of well being it gives you. . . Learning new things each day is part of it but it's laughter and jokes and unhappiness, too. And it's character and body building athletics.

All familiar things, yet they make up the freedom we, the next generation know. In them are the things that are forming our character, everyday, strengthening and broadening and building us.

This Thanksgiving we should be thankful for these things, because they are the small parts of the big things we soon take for granted.

Do the Homemaking III girls have the right spirit in showing appreciation for the work of the Superintendent and the Board of Education? You decide. When the Board is working so hard to give the girls a new Homemaking Cottage, the girls have the Board take on the added job of being guinea pigs for their cooking.

At the last regular board meeting Homemaking III girls served dinner. The men were pleasant enough to endure the torture; even telling us it was OK.

Jackie Y., did you have fun at the dance Monday night?

I wonder why Durwood always gets Don L. and Robert R. pencils, maybe because of jealousy.

What is this we hear about Gwynell W. and Royal C.?

What's this we hear about Martha Bailey and Gail Garlitz?

Alma, have you and Clayton Friend had fun in Choral?

What would Miss Samuelson think if all the 7th grade boys minded her?

Durwood, when was the last time you saw Tommy Kay at the show, maybe?

Mary Lou J., did you and Tom have fun Monday night?

Yvonne, what was in that box Melton gave you the other day? Nice, wasn't it?

What's this we hear about Barbara Guthrie and Earl Berry?

What was Tom Robison doing with Mary Lou at the dance Monday? What will Don say?

Wonder why Gail wouldn't walk Martha to the door Monday night?

Who have Durwood and Joe P. been fighting over? Could it be Peggy Trotter?

Does Mary Lou want the football pin or does Tom Robison?

SPORTS

Last Monday night the Junior High football boys had their banquet. The menu consisted of tomato juice, turkey, dressing cranberry sauce, hot rolls, butter, fruit salad, mince meat pie and coffee or milk. The speaker for the evening was Mr. Bock Jones. Rev. Troy Hickman gave the invocation. After the meal there was a picture of fishing and it was very interesting.

There was a dance after the banquet at the Country Club. It was given by the yell leads' mothers of Junior High and was over at 10:30. The two football captains were Mike Clayton and Benny Friend.

After such a grand finale last evening, we feel that our football season was a success.

7TH GRADE NEWS

The Seventh Grade is not doing much now.

We are still studying kinds of sentences in English.

Some of the girls in Homemak-

We are all looking forward to the Thanksgiving holidays. Wednesday, Nov. 21, 1951, the fifth grade is putting on a play about the Pilgrims. As soon as the play is over we are dismissed for the Thanksgiving holidays. — Cecilia Cooke.

PRETTY EXPENSIVE !

Seems like a high price to pay for a pound or so of porcelain, doesn't it? Yet that's just what it cost one co-op recently to replace an insulator broken by a very thoughtless fellow with a rifle and nothing else to shoot at. It took over 75 man-hours and 180 miles of line inspection to locate and repair the insulator.

The man who fired the shot just couldn't realize that he would cause all that trouble and expense. More important, he probably couldn't realize that the outrage his stupidity caused would work a real hardship on many consumers on that line.

And "hardship" doesn't just mean that those folks wouldn't have any lights. In the present emergency, farmers and ranchmen are depending more and more on electricity to help them do the job of producing the food and fiber that is needed.

Our job is to keep the farmers and ranchmen supplied with electricity, and to extend service to farms not yet electrified. Please don't make us take time from that job to repair equipment that wouldn't be damaged except for useless shooting.

We would like to ask every member of this community to do one thing: When you use a gun, use your head. Don't sabotage vital electrical equipment.

Marksmen Clip Heads Of 20 Turkeys to Make Posse Shoot a Success

A game animal as big as a buck deer might as well roll over and give up if any one of a group of Crockett county marksmen should point a rifle at him.

At least twenty such marksmen clipped off as many turkey heads at 90 and 100 yards with rifle bullets in the Crockett County Sheriff's Posse turkey shoot staged at the Gene Williams ranch west of Ozona Monday afternoon.

Behind a steel barrier and standing in a dug pit, the turkeys showed only a head to the riflemen but that was enough to bring sudden death to twenty of the birds in the afternoon's shoot.

The Posse profited a total of \$42 above turkey costs on the novel event.

A PARODY ON 23RD PSALM

A reader sends in the following parody on the 23rd Psalm. Perhaps you have read it before, as we have, but it may be even more appropriate in the light of recent disclosures of rotten spots in high places and deserve reading again.

"The government is my shepherd I need not work. It allows me to lie down on government jobs; it leadeth me beside still factories; it destroyeth my initiative; it leadeth me into paths of the parasite for politics sake.

"Yea, though I walk through the valley of laziness and deficit spending, I will fear no evil, for government is with me, its doles, and its votegetters they comfort me.

"It prepareth an economic Utopia for me by appropriating the earnings of my grandchildren.

"It filleth my head with balony, my inefficiency runneth over.

"Surely the government shall care for me all the days of my life and I will dwell in a Fool's Paradise forever."

Draft-Examined Men Get Last Chance at Marines Enlistment

Draft-examined men from Ozona and vicinity will be given a "last chance" opportunity to volunteer for service with the United States Marines on Saturday, November 24, when S-Sgt. Jack Harmon, of the Marine Corps, office in San Angelo, visits the Ozona Post Office.

S-Sgt. Harmon said in advance of his visit that this will be the last opportunity men from Ozona will have to conveniently volunteer for the Leathernecks in their home town, prior to the Nov. 30 deadline. After Nov. 30, men who have been examined for the draft will be able to get into the military only through induction.

Enlistments open to men are the reserve "indefinite" enlistment where a man serves 17 months active duty before being returned home, and the regular Marine Corps enlistments of three or four years.

The recruiter expects to be in Ozona from 10 a. m. to 3 p. m. Saturday.

IT'S A FIREBALL ENGINE

How to make old roads seem NEW

PICK a road that you know by heart. Not too good a road. One that has some bumps—some unbanked turns—a tough hill or two.

Then get in touch with us, and let us put you behind the wheel of a Buick, with Dynaflo Drive.*

Now you're all set for a new experience. You'll find out this:

Those bumps seem to lose their bobble. You just take them with a smooth and level stride.

Those unbanked turns don't seem so sharp, and those hills seem almost to flatten out.

How come? Well, a lot of things are different when you travel in a Buick.

You're riding on big, soft coil springs that let every wheel dance beneath you, without passing on the jolts to you in the car.

You're driving a car that's plenty inches broader than it is high—a sure-footed road-hugger if there ever was one.

And you're riding behind a Fireball Engine — Buick's time-tested version of a high-compression valve-in-head—engine that packs more power than most people ever need to use.

With this power — and Dynaflo Drive* — you don't have to "rush" a hill at the bottom to soar serenely over the top. You just feed the power as you need it — climb with a

sure, steady swoop without buck or bobble all the way up.

There's a lot more that we could tell you about a Buick. But such things as room, and comfort, the confident way it steers, and the way it shortens the miles are things you can best discover from personal experience.

So why not follow the routine already suggested? You supply the road—we'll supply the car — and let it speak for itself.

*Equipment, accessories, trim and models are subject to change without notice. †Standard on ROADMASTER, optional on other series.

KOREAN POWS HOLD SERVICES . . . Chinese and North Communist prisoners of war voluntarily attend a camp religious service conducted by Chaplain Harold Voelkel, a former missionary in Korea (right, with book), in Pusan, Korea. Many of the prisoners, including Christians who had been forced into the Communist armies, have even built their own churches. Christian services, conducted in Korean and Chinese tongues, consist chiefly of morning prayer meetings. Non-Christian POWs are encouraged to hold services in their own rites by the chaplains of the United Nations forces and some have done so.

Dwight liked Eda Ann like Susie wants him to?
Rosie would act like a human being and wear shoes?
Janice didn't want somebody to like her?
Jean Price would have as many dates as she says she has?
Mr. Clark wasn't the handsomest teacher in Junior High?
Certain out-of-town boys would keep their eyes off Carolyn Stuart?

Darlene would quit visiting Lillian so she could see Doyle?

EIGHTH GRADE

We have been working hard these days, the girls in H. E. have been working on skirts, jackets, jumpers and coats. The boys in Shop have been making tables, book-ends and lamps. We've been studying prepositional phrases in English and in Math if we talk over our lesson is standing at the board with our noses in a ring. We hope that our hard work proves helpful and that our grades are worthy of our hard work. — Martha Bailey and Brock Jones
