### CRIME COMICS

Various places around the country are getting up in arms about harmful comic books sold to children. Sensing this trend had better not be a group of leading comic publishers got together today and formed themselves into a organization to cut out the more objectionable books, and appointed a censor who will be in charge.

Comic books have become an obsession. A few years ago some parents discovered a new market for their young children, who apparently want to find out about our children are so absorbed in comic books now that it is almost impossible to get their noses out of them long enough to eat their

I am not much in favor of censorship of reading matter or pictures made for adults, for two reasons. First, I doubt if there is anything in the world good enough or bad enough to say what an adult should read or see. Most censorship is the result of their own prejudices.

Another reason is that an adult should be able to take care of himself. If he isn't, there isn't much anyone else can do about it. Children are different. We always tried to protect them from harm until they are old enough to protect themselves. We

laws keeping liquor, dope, guns and other dangerous or harmful materials away from them. Although these laws are not perfect and do not always work, they do help some. By the same token we want to keep from the children suggestions that might lead to their minds and morals while they are in the plastic stage.

There may be parents who don't know what can be bought for a child in the comic books. Along with the harmless stories featuring Mickey Mouse and Donald Duck, you can get stories of murder and rape, ghouls who rob banks, perverts who kill for lust, and people who hold up severed heads dripping with blood.

All this may be a part of life. It is not a part of anything we want for our children. We know our young people should and will find out about life. We want them to get the whole picture in a balanced way. We don't want the information to come through a twisted mind before it gets to them.

There is some difference of opinion about the degree to which a young mind is affected by what is read, seen, and heard. But there is every reason to believe that if a young man's mind is filled with filth, it is bound to rub off on

criminal idea is dangerous not only to the child who has it, but also within his reach. There is a record where a couple of boys burned a playmate at stake. They got the idea, they say, from a funny book. To their credit it wasn't funny at all.

Another instance some adolescent boys robbed a store, and did a pretty good job of it. Inquiry revealed that they got the suggestion from the know-how from a crime comic book. There's something strangely inconsistent in the idea of a book that is comic and criminal at the same time, but the publishers apparently didn't see this an-

The average community these days spends a good deal of money on schools and churches to get their young off to a good start. I hope that the same communities would permit criminal adults to dump their trash which tends to do what the home, school, and church is trying to do.

The right of free press, like all other rights, is subject to the needs of public welfare. Publishers of comic books are no exceptions. It is often hard to find or convict publishers of the more objectionable books, because they carry their

## Mrs. Nannie Buck, Pioneer W. Texan, Is Buried Here

### Mother of Mrs. Roger Dudley, Sr. Was 97 Years Old

Mrs. Nannie B. Buck, 97 years old, early day Texas school teacher and West Texas pioneer resident, was laid to rest in Cedar Hill Cemetery here Saturday afternoon following funeral services from the Ozona Methodist Church.

Mrs. Buck, mother of Mrs. R. R. Dudley, Sr., of Ozona, died at 10 o'clock Friday morning in Memorial Hospital in Fort Stockton. Services were conducted here at 3:30 p. m. Saturday by the Rev. J. Troy Hickman, pastor of the Ozona Methodist Church, with burial following under direction of Cody Funeral Home.

Active pallbearers were grandsons, Roger Dudley, Jr., Lee Dudley, Walter Dudley, Emmet Buck, Jr., and J. W. Mansell, and nephews, Claver Brickman, Oswald Brightman and Gene Newman.

Mrs. Buck was born June 11, 1867, in St. Mary's, now Bayside, Texas, and was married to Austin M. Buck in Coleman in 1886.

Prior to her marriage, she taught school in Goliad and Refugio. After living in Coleman for a few years, Mr. and Mrs. Buck moved to Ozona where Mr. Buck died in 1936. Since her husband's death, Mrs. Buck had made her home with a daughter, Mrs. Billy Stewardson in Fort Stockton.

Mrs. Buck was an active worker for 79 years in the Methodist Church and was a member of the Order of the Eastern Star and a past Worthy Matron of the Order. She was an honorary life member of the Ozona order.

Surviving are two sons, P. B. Buck of Omaha, Texas, and E. A. Buck, Sr., of Plainview; and two daughters, Mrs. R. R. Dudley, Sr., of Ozona and Mrs. Billy Stewardson of Fort Stockton.

## Lighting System Is Installed In Ozona City Park

### Buried Cables Provide Electrical Connection Outlets

An underground conduit system with electrical outlets placed at strategic places through the central area of the park was installed this week in the downtown Ozona park.

The new park wiring system will eliminate the necessity for stringing temporary electric service lines to the park each time a nighttime public gathering is staged in the park and will prove a convenience to the public in the use of the park.

The wiring system will get its first use when the Parent-Teachers Associations stages its annual carnival, set for October 25.

A post was set in the east edge of the park to which service wires from the West Texas Utilities lines were strung. The wires were taken down the pole in conduit and ditches were dug to carry underground cable to the various outlets arranged and set at the base of trees so that they will be a minimum of interference in use and upkeep of the park. The outlet boxes are weather proof and locked to prevent tampering.

## Plymouth Locates Project In Crockett

Plymouth Oil Co. has filed application to drill its No. 4-Z University one location west of production in the Farmer (San Andres) field of Crockett County, 10 miles southeast of Big Lake.

Combination drilling to 2,700 feet will begin immediately. Elevation was not reported.

Location, on a 166.08-acre lease, is 1,704 feet from the north and 1,650 feet from the east lines of 5-30-University.

## 6th Dist. President Of P. T. A. To Attend Meeting Here Monday

Mrs. Sidney Bolding, president of the 6th District of the P. T. A. will be present at the next regular meeting of the Ozona Parent-Teachers Association, to be held on Monday, October 18, at 7:30, in the North Elementary School auditorium.

Mrs. Bolding will remain in Ozona and conduct an all-day course on amendments to the congress coming up for a vote soon, Tuesday, October 19, has been chosen for this course, and Ozona will act as host for the other towns in the district.

The meeting will be held in the North Elementary school, and will be of interest to the people of the community. Members of the P. T. A. and various clubs of Ozona are invited to participate in this course. The meeting will be open to the public, and anyone caring to attend will be welcome.

## Still Unbeaten, Ozona Juniors Tap Grandfalls For 19 to 7 Victory

Still unbeaten but scored on for the first time this season, the Ozona Junior High grid squad conquered a stubborn Grandfalls team 19 to 7 at Grandfalls last Thursday night.

Coach Chick Womack's red hot gridders were never threatened by the opposition's offense, the only Grandfalls score being an intercepted handoff in the Ozona backfield and a 70-yard scamper for a touchdown.

Bobby Sutton, fabulous backfield ace of the Juniors, scored two of Ozona's touchdowns in spite of an injured knee suffered in practice a few days before, and one was scored by a worthy running mate of the fleet and shifty Sutton, Kiko Cervantez.

Johnny Jones at quarterback called the Ozona plays in the contest which was a closer game than the final score indicates. The tally was 12-7 at the half and the clinching score for the locals was not chalked up until the final quarter.

The Juniors have a rest this week-end but next week will play host to Eldorado on Lions Field at 6:30 p. m. next Thursday. Grandfalls comes here for a return match in the final game of the season on Nov. 11.

## Carl Runge Speaker For Layman's Day At Methodist Church Sun.

Carl Runge, San Angelo attorney and member of the official board of the First Methodist Church in San Angelo, will bring the Layman's Day address at the Ozona Methodist Church next Sunday morning.

Judge Runge is well known throughout West Texas as an attorney and is in demand throughout this area as a speaker. The Sunday morning service at the local church, starting at 11 a. m., will be in charge of lay leaders, an annual observance in the church. A cordial invitation is extended to all to hear Judge Runge Sunday, the church pastor, Rev. Troy Hickman, said.

## Band Booster Buy Plastic Bags For Storing Uniforms

New plastic bags in which band members may carry their uniforms on long trips and store them during the summer months, have been provided by the Band Boosters. The Boosters recently realized a profit of \$140 from a sweet sale.

At the regular meeting of the Band Boosters Thursday morning at the band hall, Mrs. Joe T. Davidson and Mrs. Sidney Millsbaugh, of the membership committee, served doughnuts, rolls and coffee honoring new members. The Band Boosters meet the first Thursday in each month.

Officers of the group are Mrs. Ralph Jones, president; Mrs. A. F. Burton, vice president; Mrs. Ele Hagelstein, secretary-treasurer, and Mrs. Jake Young, reporter.

## AA Alpine Cops 19-6 Decision In Hard-Fought Tilt

### Bigger Bucks Held Down By Rugged Ozona Defense

By Ernie Boyd

The Ozona Lions dropped a hard fought 19-6 decision to the Alpine Bucks in Ozona last Friday night before a capacity crowd.

The AA Bucks rode two Lion miscues and a strong defense to the victory as the Ozona defense successfully contained the bigger Bucks on all but one drive.

The only Ozona marker came in the third period when a trap play up the middle sprung Ronnie McMullan for 73 yards and the score on the outstanding offensive play of the night.

Alpine broke into the scoring column late in the first quarter when the Lions attempted to go into the air deep in their own territory. Jimmy Matlock intercepted the pass and ran it back a scant twenty yards for the score.

Early in the second quarter, Mike Clayton got off a beautiful kick that was fielded by Jack Burgess of the Bucks and returned 78 yards behind beautiful blocking for the second score.

Offensively speaking the first half was strictly a defensive affair. The Lions garnered five first downs and gained 31 yards in the first two quarters, while Alpine got three first downs and gained 27 yards.

The second half saw both offenses improve but not to the point of altering the nature of the game. Ozona was bothered all night by a new and tricky defense that Alpine had adopted during the two weeks off, the Bucks had before the Ozona contest, and were never able to make any type of threat until McMullan set sail out of a guard trap play.

The Bucks finally put together a short kick and some sharp running by Halfback Frank Leyza to rack up the final tally of the day late in the fourth quarter.

Defensive standouts for the Lions were hard to spot but Jerry Beasley and Johnny Ramirez played well at end and Ronnie McMullan was up to his usual fine form as a defensive linebacker. Jody Jones did a fine job at his center guard post. In the backfield the Lions threw up a very effective pass defense as they allowed only two short completions in eight tries and grabbed three of the Alpine tosses to blunt prospective drives.

In all the Lions racked up seven first downs as compared to 11 for the winning Bucks. Yardage gained rushing was for Alpine 149 and Ozona 134. In the passing department Ozona failed to gain

## Ozona B Team Nosed Out By Big Lake B

By Ernie Boyd

The Ozona B team dropped a hard fought 19 to 12 ball game to the Big Lake B team in Lion stadium Saturday night. It was the first game of the season for both ball clubs.

The Big Lake team scored early in the first quarter after Ozona fumbled the kickoff but the Ozona team stormed back on running power triggered by R. J. Everett to tie the score and then forge ahead 12 to 6.

With fullback Franklin leading the way Big Lake pulled into a tie just before the halftime intermission and went on in the second half to score the winning touchdown.

The Ozona team lost the possible tying touchdown when Orville Paulk's 86 yard touchdown sprint was rubbed out by a penalty.

Defensively Red Brown Robert Martinez and R. J. Everett stood out for the Cubs.

The Cubs go to Junction Saturday night for a try at the Eagle "B" squad. Game time will be 6:30 p. m.

## Chapman and Meinecke Named Enumerators In Crockett Farm Census

Appointment of Ralph W. Meinecke, Jr., and Joe B. Chapman of Ozona, as enumerators in the 1954 Census of Agriculture was announced today by Crew Leader, Hugh F. Rose. They will canvass farms in Crockett County.

The enumerator is the "infantry man" of the Census organization. It is his duty to locate every farm within the area assigned to him, interview each farm operator and obtain an accurate record of all farming operations as well as information covering farm facilities and equipment and related items. Enumerators work a minimum of eight hours daily and must be available for evening work if necessary to complete their assignments.

On Tuesday October 12, they reported to Sanderson, Texas, for a four day training session. They begin enumeration of the farms in their enumeration district on or about October 18. It is expected that the enumeration will take from three to four weeks to complete.

## Girl Scouts Hold Open House In New Home October 21

Ozona Girl Scouts will hold open house at their new Scout House on water works hill next Thursday, October 21, from 4 to 6 p. m. Refreshments will be served and visitors given an opportunity to see what progress has been made toward completion of the handsome new Girl Scout home.

The concrete block building formerly used as dressing rooms when the old water works storage tank was used as a swimming pool, was made available as Girl Scout home by directors of the Water Control District. Installation of plumbing fixtures and furnishings is nearing completion. The Troop is sponsored by the local chapter of Epsilon Sigma Alpha sorority. Proceeds from the forthcoming series of plays to be presented here by the San Angelo Community Players will go toward completing the furnishings for the Girl Scout house.

## Mrs. W. H. Chandler To Serve As Red Cross Home Service Secy.

Mrs. W. H. Chandler was elected home service secretary for the local Red Cross chapter at a meeting of the executive committee of the chapter held Tuesday night. Mrs. R. A. Harrell is home service chairman.

Mrs. Chandler, who is secretary to the county superintendent of schools, maintains an office in the courthouse and will be available there to handle paper work in the job of home service secretary. The home service of the Red Cross has to do with service to men in the armed forces and their families. Mrs. Chandler's office hours are from 9 a. m. to 4 p. m. and the office phone number is 45-W. For emergency calls after office hours, Mrs. Chandler's home phone is No. 113 or Mrs. Harrell may be reached at 182.

## 4-H Club Mothers Organize; To Buy Jackets, Lamb Covers

At a meeting of 4-H Club Mothers at the Courthouse Tuesday, the group voted to form a permanent organization and named a committee to select a name for the club.

Mrs. Ele Hagelstein, general chairman, appointed committee chairmen as follows: Mrs. E. H. Chandler, show catalogues; Mrs. Rill Conklin, finance; and Mrs. Ashby McMullan, concessions.

The Club Mothers voted to purchase new 4-H Club jackets for all members this year and to buy lamb covers for all lambs going to major livestock shows.

There were twenty 4-H Club mothers and County Agent Pete Jacoby present.

## Pan Am Finals West Well To Open New Field

### Ellenburger Discovery Rates 256 Barrels Daily

A new Ellenburger field has been opened in Crockett County with the completion of Pan American Production Co. & Murphy Corp. No. 1 W. E. West, in 11-A-Runnels csl, 12 miles north of Ozona.

It was completed for daily flowing potential of 256 barrels of 44.4 gravity oil, no water, with gas-oil ratio of 1.550-1.

Production was through a 16-64-inch choke and perforations between 8,072-8,088 feet in 5 1/2-inch casing cemented at 8,175 feet, on total depth of 8,247 feet. Completion was natural.

Top of the Ellenburger was picked at 8,006 feet, minus datum point of 5,415 feet.

Tubing pressure was 600 pounds with packer on casing.

The nearest Ellenburger production is in the Vaughan (Ellenburger) field, seven miles to the southwest.

## New Directors For Crockett County Hospital Are Named

Three new directors on the Crockett County Hospital Board were named last week by the Commissioners Court to replace members whose terms were expiring. New members of the board are C. O. Walker, Martin Harvick and Mrs. Evert White.

In a reorganization meeting, Charles Ratliff, serving as vice president, was elected president to succeed retiring president Lowell Littleton. C. O. Walker was named vice president and Mrs. Frank James, secretary. Mrs. Charles Williams and Tom Harris are the other retiring members.

New members of the board will serve two years, terms of the old members expiring in another year.

**DEEPER THAN WE KNEW**

How deeply has government gone into commercial business operations? Here's what Assistant Secretary of Commerce James C. Worthy has said about it: "The actual extent of such operations is unknown, for many of them are buried in the labyrinthine structures of Government departments. Enough has been uncovered already, however, to demonstrate that they are far more extensive and far more deeply entrenched than anyone till now has dreamed."

In other words, for many years we moved nearer and nearer toward socialism without even realizing it. The present Administration, Mr. Worthy continued, is determined to change this, and "to create an atmosphere in which business can flourish and grow". That's good news!

**OIL IS AT YOUR SERVICE**

Oil and natural gas supply power for industries.  
Detergents and a hundred other items of daily use are derived from petroleum hydrocarbons.  
Synthetic fabrics are made from petroleum hydrocarbons.  
Petroleum fuels the machines of national defense.  
Oil governs the U.S. transportation system.  
Natural gas is the fuel for millions of kitchen stoves.  
Printing inks, paints and plastics are petroleum derivatives.  
Cars burn gasoline, use tires of synthetic rubber.

The products of the petroleum industry are literally everywhere. Every hour of the day, oil or natural gas serves you and virtually every other American. Oil is indispensable to our way of life; it makes the United States a better, safer country to live in.

You may wake in the morning in a room warmed by a furnace burning fuel oil or natural gas.

You drive to work, and your car burns gasoline, uses petroleum oils and greases for lubricants, rolls on tires of synthetic rubber which had their beginning in an oil refinery.

The plant where you work may depend on oil or natural gas as the source of its power. The oil and gas industry supplies 65% of the nation's energy requirements.

Meanwhile, if you live in Texas, your children are attending schools to the support of which the oil industry pays heavy production and ad valorem taxes. And your U. S. Army, Navy and Air Force plan the national defense with confidence that the oil industry has developed the proven reserves that can fuel their machines of war. Oil also supplies munitions — TNT for instance.

Finally, the lady of the house may prepare dinner on a stove fueled with natural gas, and you may go to bed in pajamas laundered with a petroleum detergent, after reading a newspaper printed with ink made from oil, in a room decorated with a paint manufactured from petroleum.

... And that's only a beginning.

The products of the petroleum industry, oil and natural gas, head the list of our most useful resources. A progressive, competitive oil industry, encouraged in the future as in the past, will undertake the further development that will keep them there.

### Angelo Players Present 'Arsenic, Old Lace' Sat. Night

from a six-night run in house at San Angelo, and Old Lace." Joseph's enduring 3-act comedy, will be presented in school auditorium here night by the San Angelo Community Players under auspices of the Sigma Alpha Sorority. The show is one of three current season's productions by the Community Players down to Ozona audiences this season. The others are "Thaw" to be presented in April and "I Remember Ma."

Comedy-melodrama chosen for the season is a perennial favorite, having been the subject of hundreds of productions as first given at the Fulton Theatre in New York in 1941. It was then created by Joseph M. Kessel and Alvin Karpis and later given Hollywood treatment — and since the version "Arsenic and Old Lace" has enjoyed voluminous popularity.

play tells the tongue-in-cheek story of two ancient sisters, positive souls but homicidal tendencies who feed elderberry to men they feel sorry for. Everyone involved in the play is cast as pleasantly in those few who aren't are hapless and hilarious human associates of the dear sisters are re-created by Chenault as Abby Brewster, Pearl Morgan as Martha Franklin Rainey as Mordecai, their nephew, and Hoover as Elaine Harper. ### EDITORIAL

By Susie Schneemann

The students of O. H. S. have been saying there is nothing to do in this town long enough. As I remember it seems that Sunday afternoon is always the dearest time of all. After the picture show there is never anything to do. For that purpose we have organized what we call "League".

League is for all churches and for the people of high school age. We meet for one hour on Sunday afternoon; from 5:00 until 6:00 p. m. This time does not interfere with ANYTHING... you are out of the picture show by this time and there are no church activities to interfere. This last for one hour only and then you can go to the church of your choice or have the Sunday night date you had planned.

We have elected officers and they are: Roy Mann, president; Susie Schneemann, vice president; Beverley Killingsworth, Sec. We think that we have very capable sponsors to make this a big hit. They are Sonny Cleere, Judy White and Mary Jo Griffin.

Each time we meet we have refreshments and a good program. Each Sunday different people bring the refreshments. For our main October program this month we are trying to plan a treasure hunt or scavenger hunt. This ought to be great fun.

Our League is still in just the planning stage and that is the reason we are trying to get new members. There is a lot of planning in this and if you don't come it is a lot of work in vain. We want to know what you want because it is your organization. We need to know what kind of programs that you would enjoy most and various things like that.

Next Sunday instead of running up and down the streets after the show come to Granny Miller Hall to league. I think that you will really enjoy it and I know that you will get a big welcome. How about it???

## Dates and Doin's —

Dear Rosie and Betty,

Here we are again this week with less news than the letter had in it last week. During the week there were very few dates so I guess that we will have to start with Thursday and tell you about the full week-end we had.

Thursday night Carol Blackstone had a date with Don Cooper and they were at the drive-in. They are together quite a bit now and it bit now and it is safe to say now is safe to say that they have the sweets.

Thursday night there were some "stag" girls at the show in town to celebrate the passing of six-weeks test. These were: Janice S., Ann Baggett, Carolyn S., and Susie Schneemann.

Friday night was the big night of our football game. We got beat but there was a dance at the Country Club given by Carol Friend. Couples at the dance were: Carolyn S. and Johnnie E., Benny and Jan J., John S. and "Greenie, Becky D. and Dwight O., Liz and Busky, Martha Flowers and Joe C., Mary Jo and Rodney F., Susie and Tadpole, Carol and Jody, Wanda and Stub.

Saturday night was another great gathering. All kinds showed up at Stub's place for an entertainment. But the best surprise of all was the floor show presented by Cecilia Cooke and Jerry Beasley. They really must have practiced hard to have made that "crash" landing at the end of the song look real.

Big Phil honored us by lowering himself to come to a high school dance. His last words were "Oh, if I ever get out of Pelto's algebra II class I will never darken these halls again." (of course he has) It seems that Big Phil drug another ex to the dance, none other than "Hostie". College seems to agree with both of them. Also another college student there was "Duckie", and with him was Wanda, seems like someone was shafted!

It was put to a vote that Busky cut off the flaps on his boots, they kept beating Liz to death.

Later on Stub and Vivian drug up. They had been in Angelo and were quite surprised to find a

mob gathered at his house. They found everyone there but two of our most prominent men. (men??) Who had "jetted" out toward Dallas, to the Saturday game and fair. This could be no other than Stin and Mike. We were all glad to hear this because Martha hadn't been seen and we all thought Minnie had died or something. We didn't see her "cheering little face" all week-end.

Sunday night Charlie and Ann, Janice and Earl were painting the town. These couples are seen together lots, could there be something involved?

See ya next Week,  
Janice and Susie

### ASSEMBLY PROGRAM

By Beverley Killingsworth

Last Wednesday at assembly period the Music Club presented the program. They presented a quartet composed of Ross Hufstedler, Douglas Green, Johnny Clark, and Hubert Baker. The songs they sang were: religious songs, "Empty Mansions," and "Above The Bright Blue." The Negro spiritual were: "Down By the River Side," "Ain't Gonna Study War No More," "Hush-Hush", and "Bullfrog on the Bank".

We certainly enjoyed their program and hope to have them back for another assembly program later in the year.

We wish to express our thanks to the Music Club for a most enjoyable program.

### Social Events

By Martha Bailey and Sandra Brewer

Last week we had a misfortune in football, but to build our spirit back up, we decided to "jet" out to the country club, there Carol Friend was having a dance, soft drinks and cookies were served as refreshments. We want to thank Carol for such a fine dance.

Saturday night after the "B" team boys had a close game with Big Lake, the McMullan hut was crowded with couples for a dance and get together, fun was had by all and thanks goes out to Mrs. Alice McMullan for the use of her playroom.

## THE BAND NEWS

For the Alpine game the Ozona Band decided to do a show a lot different than usual. It was called a feature show.

The band marched on the field playing "Independencia." Taking the first ending the band did a percussion drill. Going back into "Independencia" they took the second ending and came to a mark time while playing at mid field. Doing a life face they played a "Vamp" while the tubas marched to the front of the band. With a drum roll-off they began "Old Gray Mare" featuring the tubas. When finished the band went back into the "Vamp" and the tubas marched back into place while the trumpets marched to the front. With the "Blues In The Night" the trumpets were featured. The trum-

pets marched back into place and with a drum roll-off played "Smear It Up" featuring the trombones. With the band kneeling down the trombones did their part very well. Doing a right face the band played "Rifle Sangers". Marching to the north end of the field the band did a to the rear, march time and played "Bye, Bye, Blues". With another to the rear the band left the field by ranks.

## Facts About Figures

By Beverley Day

It was July 23, 1938 that a brown eyed, brown haired girl bounced into this world. Today she is the Junior class's president she is better known as Carol Blackstone. To date she stands 5' 2" and has a wide smile for everyone. Up

until the third grade Carol was taught by her mother on the ranch. Then she moved here and has been with us ever since.

Carol has several favorite hobbies, gardenias, and basketball. About basketball she says "I like a game that is tied to the last seconds and then Ozona wins." Her favorite subject is home economics. She loves to sew and plan on having home ec for her major or minor in college.

Her ancestors, if you want to go that far back, consist of German and English. When she was born you can see the resemblance to her ancestors. American that is. But people who are proud of their ancestry are proud of Carol at all know her as fast talking, well meaning and yet she can be very mischievous when the mood strikes. (Continued on Page Seven)

Why should it be considered boring to belong to an organization with aims like these? Every vote cast on an important issue sways that issue in one direction or another. Every vote cast is an acknowledgement of the responsibility of the person voting. Every vote proclaims the interest of that person voting.

Working with an organization like the P. T. A., one deals not with "my daughter", or "your son". One deals with the material of which the future is made. Furthermore, one does not have to have a child in school in order to belong to the P. T. A. The requirements are the desire to belong, and the wish to accept a responsibility in the training of children.

Fort Worth—Stocker and feeder buyers again set the pace in the cattle trade Monday at Fort Worth as they apparently had many firm orders in hand and calves and cattle began moving to the scales, soon after the siren's wail signalled the start of trading at 8:00 o'clock.

Most of the slaughter buyers indicated they had orders to trim away part of the \$1 to \$2 per hundred advances of the previous week, but accomplished little along this line. Again it was obvious that packers needed some numbers, too, and soon the trade was in full swing with prices averaging steady with the close of the previous week.

Feeder lambs opened the week's trade at Fort Worth with a market around \$1 or more higher and a top of \$16.25 on feeders. This was \$1.25 per hundred above most sales late last week. Some improved demand for breeding ewes was also noted in the trade, and with some continued improvement in the winter grain field grazing prospects, the sheep and lamb situation is definitely looking up.

Fat lambs and yearlings and older slaughter sheep sold strongly, some shorn fat lambs at \$18.50 were around 50 cents better than most sales late last week. Slaughter yearlings wethers drew \$8 to \$13, and aged wethers sold from \$6 to \$10. Slaughter ewes cashed at \$4.50 to \$6 and breeding ewes were reported from \$6 to \$9, with young ewes quotable to \$10 and above for breeding purposes. Old bucks sold around \$3 to \$4, with some higher for stocker purposes.

Representative sales included a string of shorn lambs at 90 pounds at \$18.50 from C. L. Stephens, Mason County; Leo Hofman, Mason County, had a string of ewes with canners at \$5 and some stockers at \$8. S. J. Carmichael, McCulloch County, had some clipped lambs at \$17.50; Sid Evan, Coke County, had a string of 95 pounds medium to good yearlings out of the wool, at \$12.50.

### America's Musical Heritage Is Topic At Music Club Meet

America's Musical heritage was the topic when the Ozona Music Club met Thursday evening in the home of Miss Wanda Watson.

Miss Cleona Quiett, program leader, touched on the musical heritage from the Dutch and English settlers in New York, from the settlers in the southern cities of Charleston and Williamsburg, and from the Quakers in Pennsylv-

vania. The Dutch "Hymn of Thanksgiving" was sung and an English folk song from the "Beggars Opera." Two records of Bach's music from St. Mathew Passion and B Minor Mass were played.

James Rollins gave an informative talk on the restoration of Colonial Williamsburg. Mr. Rollins was stationed near Williamsburg during his period of service in the armed forces and visited the historic city often.

The hymn of the month, "Faith of Our Fathers," was presented

by Mrs. Clifford Tubbs.

At a social hour following the program, finger sandwiches and coffee were served by the hostesses, Mrs. Q. A. Brentz, Mrs. Clifford Tubbs and Miss Watson. The next meeting of the club will be on October 21 at the North Elementary School auditorium, at 7:30 p. m.

Members present were Mmes. H. B. Tandy, R. A. Harrell, Ted White, H. R. Mock, Doyle Perdue, Ottist Pridemore, Jack Brewer, Roy Killingsworth, L. D. Kirby, George Russell, Jr., Henry Carden, Q. A.

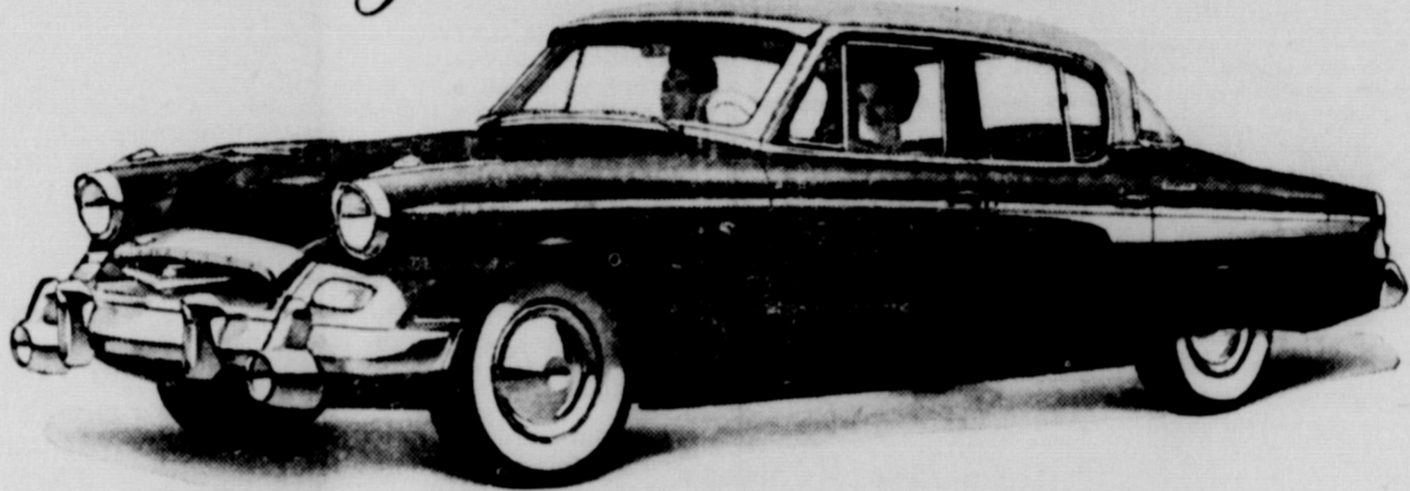

Brentz, and C. V. Tubbs and Misses Wanda Watson, Cleona Quiett, Geneva Knox and Lucille Farmer. New members received into the club were Mr. and Mrs. James Rollins, Mmes. Pink Beal, Alberta Ross, Howard Lemmons, Misses Lotta Swicord, Lois Erwin, Peggy Moore and R. W. Wimberly. Guests were Mrs. Chas. Odom, Miss Marybeth Stubblefield, Dr. H. B. Tandy and Jim Harris.

**Objects of P. T. A.**

Mrs. Jerry Hayes, Publicity Chairman  
The objects of the National Congress of Parents and Teachers  
To promote the welfare of children and youth in home, school, church, and community.  
To raise the standards of living.  
To secure adequate laws for care and protection of children and youth.  
To bring into closer relation home and the school, that parents and teachers may cooperate effectively in the training of the child.  
To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social, and spiritual education.  
That could be more worthy of respect and work? What could be more rewarding? The future of the world lies in the hands of the youth of that nation.  
The future of the whole world lies in the hands of the combined youth of all nations. The future of the world lies in

the hands of the parents and teachers of that youth.

Why should it be considered boring to belong to an organization with aims like these? Every vote cast on an important issue always that issue in one direction or another. Every vote cast is an acknowledgement of the responsibility of the person voting. Every vote proclaims the interest of that person voting.

Working with an organization like the P. T. A., one deals not with "my daughter", or "your son". One deals with the material of which the future is made. Furthermore, one does not have to have a child in school in order to belong to the P. T. A. The requirements are the desire to belong, and the wish to accept a responsibility in the training of children.

Fort Worth—Stocker and feeder buyers again set the pace in the cattle trade Monday at Fort Worth as they apparently had many firm orders in hand and calves and cattle began moving to the scales, soon after the siren's wail signalled the start of trading at 8:00 o'clock.

Most of the slaughter buyers indicated they had orders to trim away part of the \$1 to \$2 per hundred advances of the previous week, but accomplished little along this line. Again it was obvious that packers needed some numbers, too, and soon the trade was in full swing with prices averaging steady with the close of the previous week.

Feeder lambs opened the week's trade at Fort Worth with a market around \$1 or more higher and a top of \$16.25 on feeders. This was \$1.25 per hundred above most sales late last week. Some improved demand for breeding ewes was also noted in the trade, and with some continued improvement in the winter grain field grazing prospects, the sheep and lamb situation is definitely looking up.

Fat lambs and yearlings and older slaughter sheep sold strongly, some shorn fat lambs at \$18.50 were around 50 cents better than most sales late last week. Slaughter yearlings wethers drew \$8 to \$13, and aged wethers sold from \$6 to \$10. Slaughter ewes cashed at \$4.50 to \$6 and breeding ewes were reported from \$6 to \$9, with young ewes quotable to \$10 and above for breeding purposes. Old bucks sold around \$3 to \$4, with some higher for stocker purposes.

Representative sales included a string of shorn lambs at 90 pounds at \$18.50 from C. L. Stephens of Concho County; Leo Hofman, Mason County, had a string of ewes with canners at \$5 and some stokers at \$8. S. J. Carmichael, McCulloch County, had some clipped lambs at \$17.50; Sid Evan, Coke County, had a string of 95 pounds medium to good yearlings out of the wool, at \$12.50.

**America's Musical Heritage Is Topic At Music Club Meet**

America's Musical heritage was the topic when the Ozona Music Club met Thursday evening in the home of Miss Wanda Watson.

Miss Cleona Quiett, program leader, touched on the musical heritage from the Dutch and English settlers in New York, from the settlers in the southern cities of Charleston and Williamsburg, and from the Quakers in Pennsyl-

vania. The Dutch "Hymn of Thanksgiving" was sung and an English folk song from the "Beggar's Opera." Two records of Bach's music from St. Matthew Passion and B Minor Mass were played.

James Rollins gave an informative talk on the restoration of Colonial Williamsburg. Mr. Rollins was stationed near Williamsburg during his period of service in the armed forces and visited the historic city often.

The hymn of the month, "Faith of Our Fathers," was presented

by Mrs. Clifford Tubbs.

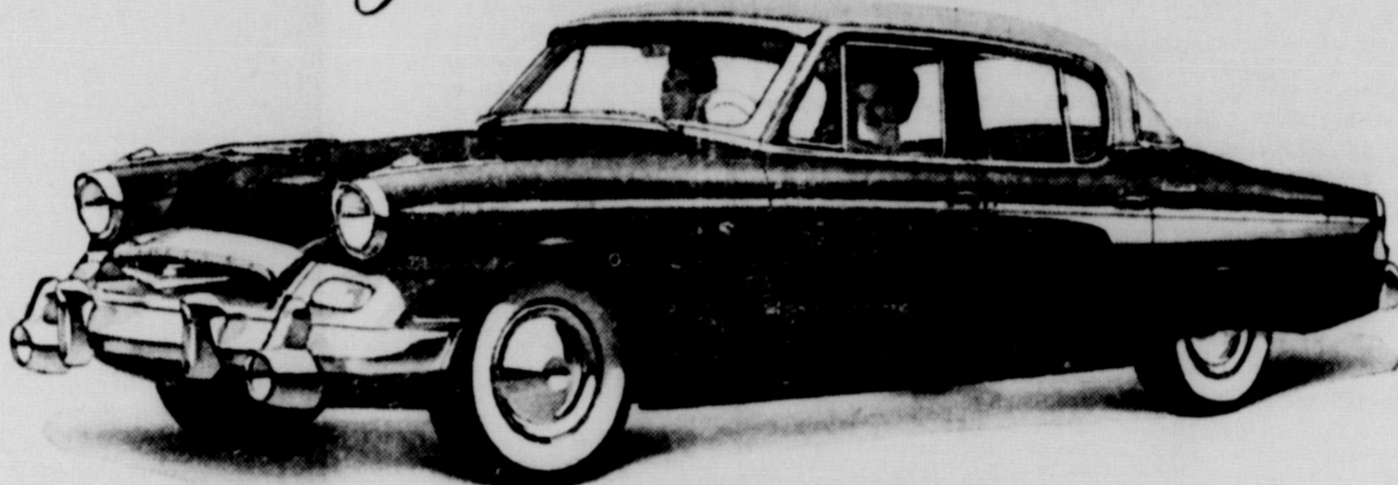

At a social hour following the program, finger sandwiches and coffee were served by the hostesses, Mrs. Q. A. Brentz, Mrs. Clifford Tubbs and Miss Watson. The next meeting of the club will be on October 21 at the North Elementary School auditorium, at 7:30 p. m.

Members present were Meses. H. B. Tandy, R. A. Harrell, Ted White, H. R. Mock, Doyle Perdue, Ottist Pridemore, Jack Brewer, Roy Killingsworth, L. D. Kirby, George Russell, Jr., Henry Carden, Q. A.

Brentz, and C. V. Tubbs and Meses Wanda Watson, Cleona Quiett, Geneva Knox and Lucille Farmer. New members received into the club were Mr. and Mrs. James Rollins, Meses. Pink Beal, Alberta Ross, Howard Lemmons, Misses Lotta Swicord, Lois Erwin, Peggy Moore and R. W. Wimberly. Guests were Mrs. Chas. Odom, Miss Marybeth Stubblefield, Dr. H. B. Tandy and Jim Harris.

### Proposed AMENDMENTS To Constitution

Providing that a member of the armed forces of the United States or component branches thereof may vote in the county in which he or she resided at the time of entering such services.

H. J. R. No. 10

Our Constitution now allows those persons in the armed forces of the United States or component branches thereof, who are not members of the regular military establishment, to vote without paying poll tax during the time this country is engaged in fighting a war, or within one year after the close of the calendar year in which the war is terminated. At other times most of those who are not members of the regular military establishments can vote if they have made timely payment of their poll tax.

House Joint Resolution No. 10, if adopted, would rewrite Sections 1 and 2 of Article VI of the Constitution, and it would repeal Section 2a of the same article. The result would be to permit any member of the armed forces of the United States or of the component branches to vote, provided they are otherwise qualified. They would be required to pay their poll tax in order to vote just as are citizens not in the armed forces; and they could vote only in the county in which they resided at the time of entering service.

Prohibition of voting by active members of the armed forces of the United States has always been in our State Constitution, on the theory that such persons could not be properly informed on state and local issues, and that voting by members of the armed forces could lead to domination of civilian affairs by the military.

Proponents of H. J. R. No. 10 believe that members of the armed forces can and should be made aware of issues in their state and in their home communities, and that they should not be barred from voting on such issues because of their service to their country. This argument has gained force from national draft laws, which require military service of most of our young men.

### Poets And Poetry Woman's Club Topic In Meeting Tuesday

Ozona Woman's Club met with Mrs. B. B. Ingham Tuesday with Mrs. P. O. Hatley co-hostess. Mrs. Max Schneemann presided at the business meeting. She was elected delegate to the Mineral Wells convention in November. A report on the street and house numbering committee was given and plans are going forward.

Mrs. Frank McMullan was elected to membership in the club. The program for the day was Texas Poets and Poetry. Mrs. Ira Carson was leader. She discussed the moods and makings of poets. Mrs. Joe Pierce named the noted poets of Texas history, and important incidents in their lives. Mrs. Stephen Perner read a group of poems

by Texas poets.

Fruit cake and coffee was served to the following members: Miss Mildred Ralston, Mmes. S. M. Harvick, Joe Pierce, J. A. Fussell, M. B. Flippen, N. W. Graham, P. T. Robison, J. R. Bailey, O. D. West, Stephen Perner, Taylor Word, A. C. Hoover, J. W. Henderson, Ira Carson, Charles Williams, Sr., L. B. Cox, Jr., Max Schneemann, and the Hostesses, Mrs. Ingham and Mrs. Hatley.

Mrs. Maurice A. Lemmons of Ozona underwent surgery in a San Angelo hospital last Friday. She was seriously ill for a time but her condition was reported much improved this morning.

#### ALPINE SLIP'S PAST OZONA 17 TO 6

By Fred Shoubrouck

The Lions ran up against a very hard hitting bunch of boys last Friday night but for the difference in school sizes the Lions made a very good showing. The Alpine line was their main body of strength.

The Bucks scored first on an intercepted pass in the first quarter. Then again they scored when a punt was run back 82 yards. In the third quarter the Lions came back and held the Bucks and in the first part of the fourth quarter Ronnie McMullan broke loose through the line to score for the Lions. They failed to make the extra point. The Bucks got possession of the ball near the end of the game and scored to make it 19 to 6.

Dear Annie,  
I am a girl of seventeen. I have a problem which has been bothering me for sometime. I was wondering if you might help me. Should a girl go out with a blind date?

Sincerely,  
Troubled

Dear Troubled,  
No, a girl should not go out with a blind date. She should go with some one who can see.

Sincerely,  
Annie

Dear Annie,  
Each time I have a date with Sam, Robert calls me just as he comes. He talks for long hours and Sam becomes impatient. What should I do?

Yours truly,

#### Fads and Fashions

By Ann Ratliff

Fall clothes are worn more each cool morning. With a straight skirt Jan Jones wore an aqua mid-Cy. Janice Spencer wore a yellow checked manshirt. Beverley Killingsworth is school conscious in a purple skirt and gold blouse. Wanda McCaleb looked very neat in a browntriped blouse and solid brown skirt. Martha Bailey has a red quilted skirt which she wore with a multi-striped manshirt. Genevieve Childress is sporting one of the fashions, the jumper, in aqua twistilene.

To match the new fall clothes, some have spanking new hair cuts. Aleatha Brown traded long red hair for a neat feather cut. Susie Schneemann is fluffing bangs and another blonde, Ann Baggett, is trying ducktails.

We always look first for color, striking colors and new combinations are an interesting change. Jean Price wore a purple skirt and pink blouse which caught our eye. Myrtle Everett is wearing the new avocado in a pair of flats decorated with buttons. The boys have found the pastels, especially pink, good for any occasion.

#### HISTORY OF HALLOWEEN

By Carol Blackstone

The time is fast approaching when witches whizz by on broomsticks, black cats are on the loose, and lighted jack-o-lanterns stare at you in the black of night. Childish peals of laughter are heard as some one recognizes who it is under the mask. The youngsters down the street storm in demanding treats, soon to leave again for the house next door. You know, however, that they will be back soon to play their tricks. The next week is spent in straightening everything up; yet what a glorious night it was and what fun they had.

Halloween originated in the 600's in England by the Druids, an early people of Britain. It was a time of feasting on the summer crops and the custom of decorating for parties with pumpkins leaves and corn stalks is derived from their people.

It was also a popular belief that witches and ghosts came to harm people on this night. Large bonfires were built to scare the creatures away that the "lord of Death" was calling together. This was a night when people tried to see into the future. People born on this day were believed to have the power of foretelling the future and being able to converse with supernatural beings.

Halloween is celebrated around the world, however, it is not always called Halloween. In the north of England it is known as Nutcrack Night. In Scotland it is called Burn's Night and regarded in a highly superstitious light. But, anyway you celebrate Halloween it is a trick or treat night and fun for everyone.

offices under their hats. Having no permanent address, their firms dissolve and reform at will.

If newspapers are required to publish annual statements of ownership, surely it would be no injustice to comic book publishers to require that they register their publications with a federal agency of the Interstate Commerce Commission, publish annual statements of ownership, list a permanent address; and this can be insured by a good stiff publishers bond of — say, Five Thousand Dollars — to be held in escrow to guarantee compliance with law.

If under this system a publisher violated the federal regulations of minimum decency in his product, there would be a way to find and discipline him.

This is properly a matter for federal control, because comic books are marketed across state lines, and because there should be a uniform standard for public welfare which would be the same everywhere.

Local merchants cannot discriminate between a good and bad magazine product, because by the terms of the wholesalers' contract they would lose their agency. Effective control must be at the point of origin — the publisher.

The publishers of crime comics may think they can avert the gathering wrath by setting up their own censor and offering voluntarily to purge their own sins. But we'll watch with fingers crossed and tongue in cheek. What they are hoping for is that they may slide by with some surface improvements and wait until the whole thing blows over, then go back to the old status.

There are signs, however, that a good many people are getting angry enough about crime comics to do something effective and final. We hope the move continues, for it is the only real hope for better comics.

**Young Peoples League Plan Year's Programs In Meeting Sunday**

The young people of the Church of Christ, Methodist, and Baptist Churches met on the lawn of the Ozona Methodist Church last Sunday afternoon for their third meeting of the Young Peoples League. Their sponsors are Miss Judy White, Miss Mary Jo Griffin and Coach Sonny Cleere.

For entertainment the Rotary Club Quartet consisting of Ross Hoffendler, Hubert Baker, Roy Thompson and Sonny Cleere sang a few numbers. Lou Neale Band furnished refreshments of cookies and punch.

For business the league discussed what type of programs they would like to have. They are planning on a big year with Hay rides, treasure hunts, and winter road on special occasions and calling on Christmas. The next meeting will be from 5 until 6 p. m. in Granny Miller Hall next Sunday, October 17. Any new member is welcome.

Present Sunday were: Mark White, Jackie Young, Janice Spencer, Susie Schoermann, Patty Hardesty, Joe Clayton, Joe Pierce, Roy Mann, Genevieve Childress, Martha Flowers, Ann Berggett, Carol Blackstone, Genevieve Walker, and John Hickman. Parents attending were Mrs. C. O. Walker and Mrs. Jake Young. Sponsors were Miss Judy White and Coach Sonny Cleere.

Everyone had a wonderful time and we would be happy if everyone else would come.
