Stuart's Speech Results in Launching Housing Plans

Hitler Youth Throng Hails Chief

Greeted by their chief, Chancellor-Adolf Hitler, 60,000 members of the Hitler Youth delegations from all parts of Germany assembled in convention in the Nuremberg stadium, a por-

ELKIN CHAIRMAN OF PRELIMINARY PLANNING GROUP

Action Follows Talk At Joint Meeting Of Clubs

Visions of new homes, freshly painted and renovated homes where run-down property now stands—employment of tradesmen who have been unemployed for several years—in fact, the first real vision of prosperity seen since the end of the year 1929 broke through the depression-seared haze through which Midland business men have looked for months as R. A. Stuart, of Fort Worth, district director of the Federal Housing administration, addressed the joint luncheon of Rotary and Lions clubs today.

As result, a general chairman was named and committees were appointed to take steps toward securing with all possible speed a unit for lending federal funds for the construction of homes in Midland.

F. F. Elkin, who has made a keen study of the housing situation, was named by Dr. W. E. Ryan, chairman of commerce president, as general chairman. Ryan was joined by officers of the two luncheon clubs in proposing committees as follows:

Executive committee, Percy J. Ryan, chairman, Dr. W. E. Ryan and R. M. Barron.

Advisory committee, Elkin, Barron, W. E. Simpson, Fred Wemple, James Nolan, W. A. Yeager, Chas. Berry, A. Harry Anderson, J. H. Martin, Clarence Scharbauer, Addison Wadley, Mims, Dr. John D. Thomas, Ryan and M. C. Ulmer. Naming a field manager was left to the local material dealers, through suggestion of Director Stuart.

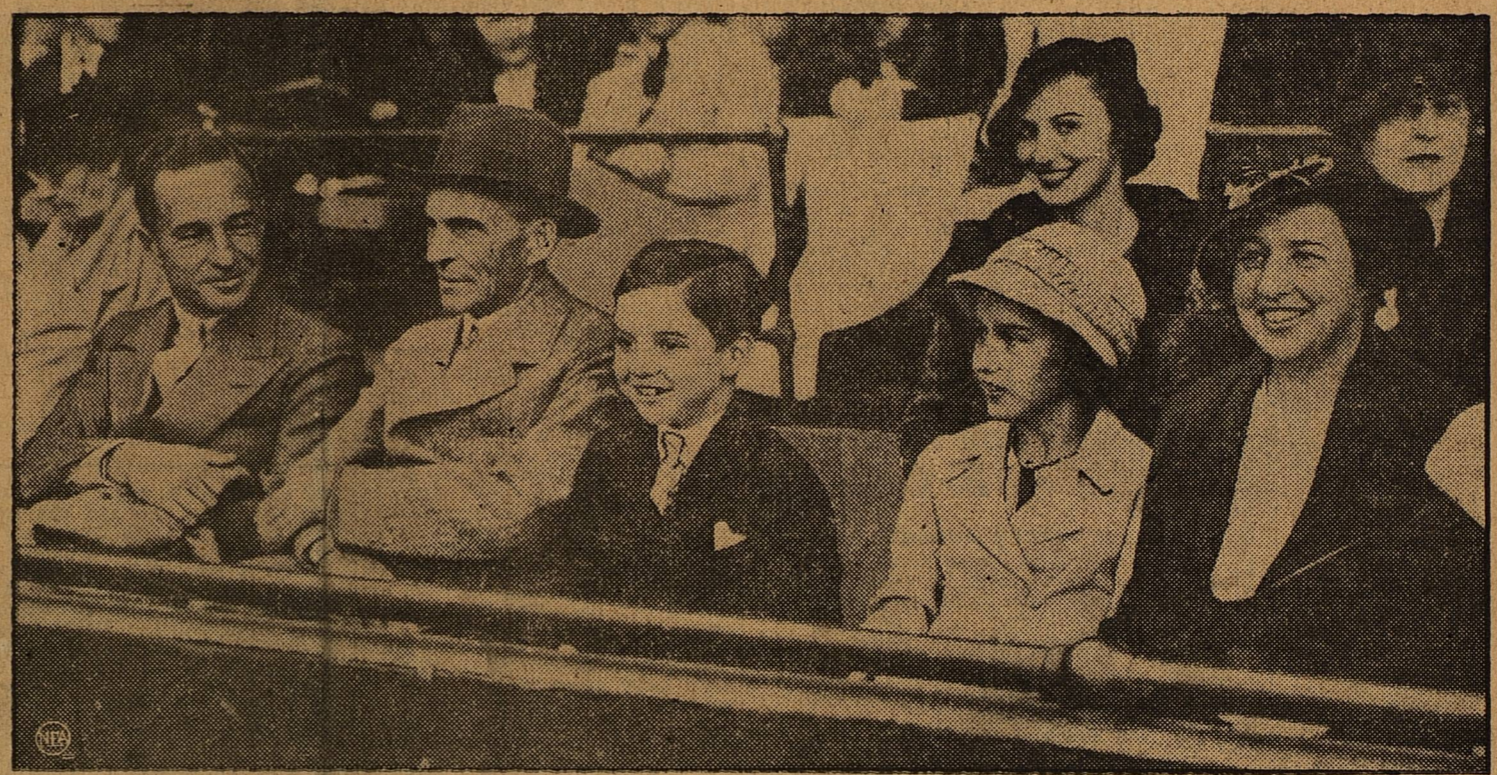

The preliminary organization was launched, not by the two luncheon clubs, but by citizens who attended the meeting after it had completed its program, upon suggestion of M. C. Ulmer.

Director Stuart, in his address, described the three sections of the federal housing act, taking up first section one which makes possible federally-guaranteed loans by banks for repairing and renovating houses, the repayments to be made by the borrowers over a one to three year period.

He then outlined the plan of section two for creation of new homes, with private capital joining that of the federal government in advancing money at a reasonable interest rate for home construction. He said this section of the act was what appeared to be most badly needed by Midland and other growing West Texas cities.

The rapid turning of every dollar spent for repairing or construction (See HOUSING PLAN, page 4)

Even the Ford Family Catches That Tiger Pennant Fever

Henry Ford has caught the baseball fever that has delirious Detroit in its grip, with the Tigers pennant winners, and here the motor magnate sits, intent on the battle raging on the diamond at Navin Field. Keenly enjoying the game with him are his son Edsel, left, two of Edsel's children, William and Josephine, and Mrs. Edsel Ford, right. For the first time in history, broad-

ARRAIGNED TODAY ON AN EXTORTION OF MONEY CHARGE

Bond Set at \$100,000; Lindbergh Views The Suspect

NEW YORK CITY, Sept. 27. (U.P.)—Bruna Hauptmann pleaded not guilty when arraigned before the Bronx county court today on a charge of extorting \$50,000 from Dr. John Condon ("Jafsie") Lindbergh ransom negotiator.

Bail was set at \$100,000. James M. Fawcett, Hauptmann's attorney, said he had been threatened with death unless he withdrew as the defense attorney.

Col. Lindbergh viewed Hauptmann, as the condemned man was being led to court for arraignment, but Hauptmann did not know the famous flyer was there.

In Washington, the department of justice prepared for sensational new developments in the case, including the expected arrest of an accomplice of Hauptmann.

Ask That Hunting Ban Be Lifted

Fifty letters asking that the ban against quail shooting in Midland county be lifted have been addressed to Rep. Frank Stubbeman and to Sen. Ken Regan. Hunters, joined by business and professional men, feel that the adding of nearly counties to the ban makes for too many hunting restrictions.

Midland county is closed to quail hunting until 1934, as are Gaines and Andrews counties; Glasscock, Borden and Archer counties are closed until 1936.

The ban was extended to Andrews county during the recent special session of the legislature, when Sen. Duggan of Littlefield, in response to a petition of 250 names from that county, pushed through a senate bill shutting out hunters for three years.

Red Cross Set-up Given by Neblett

Harry J. Neblett, Red Cross roll call chairman for Midland county, announced chairman for Seminole, and Odessa and zone majors for Midland, before leaving Midland today for visits with relatives and friends in San Francisco, Los Angeles and Salt Lake City. He will visit a brother, Roy Neblett, at Salt Lake.

Mrs. F. D. Stark is chairman at Seminole, Mrs. F. M. Givens at Odessa.

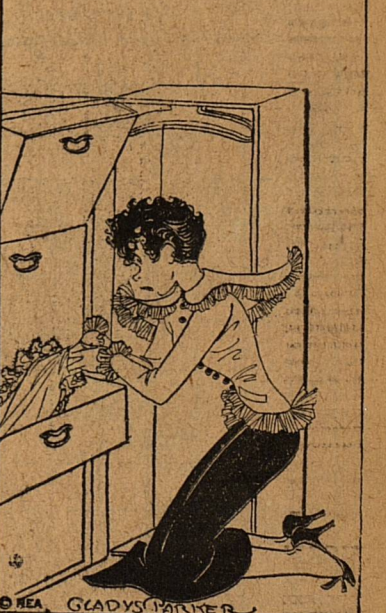

There will be four zones in the Midland setup, commanded by Mrs. Ab. Hendrickson, Mrs. E. F. Cowden, Mrs. Clarence Scharbauer and Mrs. Roy Proctor. Each zone will be divided into four equal sections, a committee being named by zone majors for each.

Garner to Capitol Early in October

DALLAS, Sept. 27. (U.P.)—Vice President John Garner will go to Washington early in October if summoned by President Roosevelt to aid in the preparation of the administration's program for the next congressional session, Rep. Sam Rayburn said.

The Bonham man, candidate to succeed the late Speaker Rainey, visited here briefly after his return from Mexico City, where he went with Raymond Moley, en route to Mexico, he conferred with the vice president at his Uvalde home.

FLAPPER FANNY SAYS

The modern girl packs her hope chest with college clothes.

OIL NOTES

By F. D. GARDNER

In Andrews county, Bond et al No. 1 McCarthy, wildcat test in section 29, block 3, public school land survey, is trying to work 10-inch casing to the present total depth of 1570 feet in sandy shale. Another increase in water occurred at 1530 feet, the first hole having been encountered at 1475 feet.

Drill-pipe has been loosened in the Humble No. 1 J. S. Means, south offset to the discovery well in section 2, block A-35, public school land survey, Andrews county. Drill-pipe had been stuck for about a week at 2623 feet. In section 8, block A-43, Humble No. 1 Walker is drilling below 2280 feet in salt and anhydrite.

Fritz L. Aurin, vice president of the Southland Royalty company, was here this morning.

Flow of gas is reported decreasing somewhat in the Landreth No. 1 Scharbauer, much discussed test in section 20, block 44, township 1 north, Ector county. The well, which is fishing for drill-stem and bit lost in the hole, was gauged at 14,500,000 cubic feet of gas per day over a week ago. Late estimates place the flow of gas now at around 1,500,000 feet.

Glasscock county's recently spudded test, the Wahlemaier No. 1 Boyd, in section 9, block 36, township 5 south, T. & P. survey, is shut down at 110 feet to complete moving in tools.

An estimated 30 to 40 barrels per day, which is flowing by heads, is being drawn through tapered tubing by the Tex-Mex No. 1 Nettterville, recent Pecos county discovery. The well is bottomed at 2291 feet in lime and sand. Location is in section 59, block 8, H. & G. N. survey.

Skelly's Reagan county Ordovician test, the No. 1-D Grayson, in section 33, block 8, University survey, is drilling below 2058 feet in hard limestone. This wildcat is scheduled to drill to about 8700 feet.

Broderick & Calvert No. 1 Homer National Bank, Upton county wildcat, is drilling below 4700 feet in gray limestone. The well is still making about one-half barrel of oil per hour from 4405 feet. Top of lime was reported to be at 4600 feet. Location is in section 22, block 43, township 4 south, T. & P. survey.

Also in Upton county, Gulf No. 103 McElroy, Texas, test, is drilling in section 18, block D-11, public school land survey, is drilling at 2547 feet in lime.

SWENSONS RETURN

Mr. and Mrs. F. E. Swenson have just returned from a trip to Arizona and New Mexico. They are now visiting Mrs. Swenson's mother, Mrs. N. W. Bigham, but plan to return to Houston within a few days.

Stubbemans Are Back from Austin

Rep. and Mrs. Frank Stubbeman have returned from the special session at Austin, undecided as to when they will be called to the fourth special session of the 43rd legislature.

The representative said solons gave most attention of the last called session to passage of the bread bond relief issue, and the clock was turned back several times Tuesday night as legislators sought to complete formalities under the constitutional time limit.

One house member, a bit tired of the vigil, climbed into the balcony and undertook to prevent the clock's being turned back, but the sergeant-at-arms recruited help and shoved back the hands, Rep. Stubbeman said.

The Colorado and the Brazos river authority likely will come in for additional attention at the next special session, along with other bills that failed in the recently adjourned session, Rep. Stubbeman says.

School Classes Name Officials

Organization of classes in the senior high school has been completed, the following officers having been chosen:

Senior class president, Robert Rankin; vice president, May Beth Jenkins; secretary and treasurer, Annie Johnson; reporter, M. A. Neale; sergeant-at-arms, Darrell O'Neal.

Junior class president, Frank Cowden; vice president, Sam Midkiff; secretary, Betty Mintzer; treasurer, Jane Marie Johnson; reporter, Dorothy Barnes; sergeant-at-arms, Roy Jones.

Sophomore president, Adale Reiger; vice president, Verma Leona Williams; secretary, Anna Beth Bedford; treasurer, Bill Willis; reporter, Mary Beth Struggs; sergeant-at-arms, Bill Estes.

Freshmen class president, Jack Walton; vice president, Frank Nixon; secretary, Zama O'Neal; treasurer, Frederick Mitchell; reporter, Billy Harris; sergeant-at-arms, Joe Long.

Death Fence Kills Big Spring Cattle

BIG SPRING.—George White has a "death fence" on his ranch west of here.

Ten of his white faced 3-year-old cows and seven calves were found dead Monday morning, the victims of a lightning bolt.

Apparently the stock had stood against the fence during the rain storm of Sunday night. A flash of lightning left them dead in a perfect line along the fence.

A month ago Harry Wilkerson lost seven cows along the same fence in an electrical storm. Montgomery lost one in the same manner on the identical fence.

MINISTER RETURNS

The Rev. J. D. Jackson returned Monday from Longworth, Texas, where he conducted a three-weeks revival.

Methodist, Baptist, Presbyterian and Christian churches cooperated in the meeting, which was successful, it was said.

GIRL'S SLAYER SOUGHT IN EXTENSIVE HUNT

11-Year-Old Girl of Detroit Is Found In Trunk

DETROIT, Sept. 27. (U.P.)—A vast hunt for Merton Ward Goodrich, suspected attacker and slayer of eleven-year-old Lillian Gallagher, spread over Michigan and surrounding states. Goodrich occupied the apartment where Lillian's body was found yesterday.

The body of the girl, who had been missing since Thursday, was found bound, doubled up, and stuffed into a small trunk in the Goodrich apartment, six blocks from her home.

The description of Goodrich tallied with that of a Merton Ward Goodrich who had twice been a patient in the Lima State Hospital for the Criminal Insane.

Goodrich and his wife, now being sought intensively, had lived in Detroit since last spring.

TEXTILE LABOR BOARD NAMED

WASHINGTON, Sept. 27. (U.P.)—President Roosevelt today named a new textile labor relations board composed of Judge Walter Stacy of North Carolina, chairman, James A. Mullenbach of Illinois and Admiral Henry Wiley.

The board was authorized to investigate cases of alleged discrimination against returning strikers to the textile industry. The new board was planned as a medium for settling disputes between the management and employees and has full authority to investigate violations of section 7-A of the recovery act, also the codes of competition.

THE FORECAST

WEST TEXAS: Partly cloudy, warmer in north. Portion tonight.

Another Drought Would Find Farms In Better Shape

AMARILLO, (AP)—Should another drought hit the Panhandle-Plains region, farmers will know better how to combat it.

Judges who made a 1,200-mile trip over the area in connection with the annual Balanced Farmer contest sponsored by the Amarillo News and Globe reported that farmers in practically all communities had adopted methods, some of them ingenious, of producing crops and livestock in spite of the long period of dry weather.

Bud Hardin, Hemphill county farmer, found a way to stir hard ground. He developed a chisel plow which turns the deep soil that could not be touched during a long drought with ordinary plows.

R. B. Duckett of Tyrone, Okla., who has used a similar chisel plow, said churning up the deep soil conserves moisture and prevents sand from blowing.

One farmer with a large family kept a record book of expenses. He had spent \$9 for groceries during the year.

"We had plenty to eat, too," he said. "We raised it all of it."

Many farmers in the Plainview section have installed water pumping and storage facilities.

W. D. Muncey of Porter county made big money off the drought. He irrigated a 25-acre produce farm. The drought caused a shortage of fresh vegetables and therefore an advance in prices, and Muncey "cashed in." He raised over 60 bushels of corn to the acre, while bushels across the land were as bare as the denuded range.

Dogs, Posse Trail Oklahoma Convicts

McALESTER, Okla., Sept. 27. (U.P.) Scores of officers and bloodhounds trailed seven convicts who escaped from Midland to the Oklahoma prison by tunnelling under the walls.

One fugitive, Earl Williams, is charged with robbery with firearms and kidnapping at Vernon, Texas. He was one of four accused of looting a cafe there Jan. 14 and kidnapping M. D. McCuley, employe, and a customer.

TO RECRUIT 3000 CCC'S

AUSTIN, Sept. 27. (U.P.)—Nearly 3,000 junior members of the civilian conservation corps in Texas will be selected between Oct. 1 and 15. Supervisor Neal Guy announced. Approximately half will be sent outside the state.

CRITIC OF N. R. A. ROASTS JOHNSON

CHICAGO, Sept. 27. (U.P.)—Clarence Darrow, bitter critic of the NRA, believes that a revolt of the people may have been averted by the "timely resignation" of General Johnson.

He told the United Press that the "unfair, impossible" NRA is doomed to complete collapse without the domineering leadership of Johnson. He sees in Johnson's resignation a vindication of the report of his national review board made last spring.

"General Johnson, crude, but shrewd, stepped out just in time," Darrow said today.

Evans Director in Baltimore Bank

BIG SPRING.—The continued rise in the world of business affairs by a former Big Spring citizen is noted in the recent election of Sullivan A. Evans to the board of directors of the Baltimore, Maryland National bank. Advances to this effect have been received by Big Spring friends.

Mr. Evans, resided in Big Spring a number of years ago, the son of a Methodist preacher, who held the pastorate of the First Methodist church here. Later in life he became interested in the newspaper business and after a few years, became staff correspondent of the Fort Worth Star-Telegram. He later became connected with the American Airways, resigning this position to become fourth assistant postmaster general of the United States under Postmaster General James A. Farley. Several months ago, Mr. Evans gave up this government place, to accept the presidency of the Maryland Casualty company at Baltimore. Announcement of his election to the board of directors of the Baltimore National bank was received here Tuesday.

Scotch Foursome At Country Club

A Scotch foursome will be staged at country club Sunday afternoon, the first foursome teeing off at 1:30. The Midland Women's Golf association, which sponsors the match, will break its two-month inactivity by holding a meeting at the clubhouse at 10 o'clock Tuesday morning.

All members of the club are invited to play in the Sunday tournament.

SECRETARY WARNED

AUSTIN, Sept. 27. (U.P.)—Joe Burckett of San Antonio, notified secretary of state W. W. Heath that contempt proceedings will result if the secretary certifies Allied as the democratic candidate for governor.

KILLER GIVEN DEATH

McALESTER, Okla., Sept. 27. (U.P.)—Dunn Riley, Canadian farmer, was convicted of murdering three highway laborers last June 22 and 23, a district court jury giving him the death penalty.

IN THE FACE OF DEATH

One of the most delightful human interest stories of the year comes—of all sources—out of the horror of the Morro Castle fire.

A passenger on this steamer was a fireman named Kempf. Testifying at the inquiry, Mr. Kempf told how he went overboard to escape the flames, accompanied by two girls. They drifted away from the ship, and one of the girls asked him, "Well, big boy, do you think we'll make it?"

And Mr. Kempf added, at the inquiry: "And if that girl is still alive I hope she will drop me a postcard right away. She was one swell red-head."

There is something so refreshingly human about this story—this undaunted wisecrack in the very shadow of death—that one is inclined to agree, offhand, with the fireman in his estimate of the red-head. Let's hope he gets his postcard—and, for that matter, a nice date for himself.

Side Glances by Clark

"If you're looking for that list of things you'd do if you were dictator, I tore it up."

The Town Quack

(Reserves the right to "quack" about everything with taking a stand on anything).

And about an hour later the old country boy appeared back on deck. "Did you break up that dice game?" the officer demanded.

"Yes, sir." "But why were you so long about it?"

"Well, sir," the old Texas boy explained. "I only had two bits to start with."

"Maybe the good old days weren't so hot after all."

A physician says that several hundred chewed bullets have been dug up recently at places where our colonial armies camped during revolutionary times. In those days a wounded soldier who had to undergo a major operation, such as having his leg or arm cut off, was given a bullet to chew on.

Many of these bullets show they were chewed flat by human teeth.

An old country boy was telling about a friend of his.

"He's too slick for his own good; it will get him in trouble one of these days. Why, some time back he went to New York to slick some of those folks back there and he started out trying to sell the Brooklyn Bridge. But the first man he struck was the owner of the bridge and he had to pay off \$10 to keep from being arrested."

Convalescent Child Should Be Cared For

BY OLIVE ROBERTS BARTON A mother asks about her little girl going back to school when she "isn't quite strong yet" after a severe illness.

Her problem may be and likely is that of many other mothers whose children are run down or have not quite come back after an operation or a sick spell.

I am going to hit from the shoulder at the school or school officials who puts education before life and health, and refuses to recognize the necessity of physical fitness of a child to attend.

There still are communities where the very sight of a doctor's certificate to the effect that a child is not able to go to school is neither welcomed nor respected.

Change Is Needed

However, as children come more and more into their own, the more humane side of education is making headway. Child care is skipping right up beside the 3 R's and it is time indeed that it did.

It is well known today that convalescence is as important as cure if there are to be no future ill effects. Hearts and organs need rest after an onslaught of disease, especially if there has been continued temperature, nerve shock, or a long depletion of blood and tissues. These need rebuilding before they are called on to stand more strain.

If school sessions and study will retard progress or do actual damage, such a child should continue on the regimen of rest, mild exercise and mental content prescribed by the doctor.

Pity Sick Child Should Hide What is truly a tragedy is to see a little girl or boy hide in the house

because the other children going to school see them out and say they are going to "tell the teacher." And there is the fear of the taut officer too. He may have the doctor's certificate in his pocket, yet if he hears that Johnny is out with his wagon, he may declare anyone able to be out is able to walk to school. But as I have said, times are changing. The doctor's word has more weight in such affairs today than was formerly the case.

On the other hand there are cases where the convalescent child frets more about staying out of school than can be compensated for by rest and idleness at home.

If this happens some arrangement might be made by which he can attend half a day, or part of each session.

It is quite true also that a child will occasionally improve faster once back into regular routine.

Regular short walks, and an interest in simple lessons that do not worry him, may have a salutary effect.

The weak child wores easily, however, and the third mind is less able to retain or to reason.

"Talk it over with the doctor," is my advice to this mother, and then talk it over with the teacher and the principal. Unless I am very much mistaken you will find them sympathetic and eager to cooperate.

This does not mean in any case that a child be allowed to "play off" without reason. I speak only of the child who is really under par and who would be benefitted by a prolonged vacation.

Such a vacation should be arranged for by an understanding with the doctor, the teacher and the principal. It should not be undertaken on the parents' responsibility alone.

Personals

Mrs. Bivack of Odessa was in town Wednesday.

Mrs. Chris Hamilton was here from Station Wednesday.

Mr. and Mrs. Billie Compton of Dallas were in Midland Wednesday transacting business and greeting friends.

Mr. and Mrs. P. E. Haynes of Odessa were in town Wednesday.

Mrs. Harry L. Smith was another visitor from Odessa Wednesday.

Announcements

Friday The Belmont Bible class will meet Friday afternoon at 4 o'clock at the home of Mrs. Herbert King—the first house west of the Midland Hatchery.

Saturday The Minuet club dance will not be held Saturday, Sept. 29, as formerly announced.

TYPEWRITER AIDED MARRIAGE

SPRINGFIELD, Mo. (U.P.)—The Rev. E. C. Sechler can't be stumped. When Myrtle Lawson, 21, and Archie Bredow, 34, both deaf and dumb, went to him to be married, he typed out the vows on his typewriter. The bride and groom nodded their heads to make the necessary answers.

HOLE-IN-ONE AFTER 11 AND 12

DAYTON, O. (U.P.)—As a golfer, Mrs. H. W. Alexander may not be consistent, but at least she accomplished something difficult. After taking 10 strokes on the fifth hole, 11 on the sixth and 12 on the seventh, she made a hole-in-one on a 146-yard eighth hole. She used a driver.

Scotland's population totaled 4,843,000 in 1931.

Germany's population totaled 53,400,000 in 1931.

Only relatives and close friends attended the ceremony.

The couple will make its home at Odessa after returning from a honeymoon trip.

MEET POSTPONED

The regular meeting of the Health Board scheduled for Monday, Oct. 1, has been postponed until Monday, Oct. 8.

SLEEPING SICKNESS TAKES 4

TOLEDO, O. (U.P.)—Sleeping sickness has claimed its fourth fatality of the year in Toledo with the death of Mrs. Dorothy Westfall, 23, in County Hospital.

SOCIETY

American Opera Studied by Fine Arts Club

"The American Opera" was the subject of study at the Fine Arts Club's first meeting of the season held at 3:30 Wednesday afternoon at the home of Mrs. T. Paul Barron.

Roll call was answered with the names of outstanding American musicians and their native states. In the absence of Mrs. Paul Moore who was ill, Mrs. Elliott Barron was leader for the afternoon. She discussed Deems Taylor, foremost American composer.

Mrs. Geo. T. Abell discussed the American opera "The King's Henchman" by Deems Taylor.

Miss Stella Maye Lanham spoke on the opera "Peter Ibbetson" by Deems Taylor.

The meeting was closed by the recitation in unison of "A Collect for Every Club Woman."

Officers for the two-year term now opening are President, Miss Lydia G. Watson; first vice president, Mrs. Alden Donnelly; second vice president, Miss Stella Maye Lanham; corresponding secretary, Mrs. Harvey Conner; recording secretary, Mrs. Paul O. Moore; historical secretary, Miss Leona McCormick; treasurer, Mrs. Johnson Phillips; parliamentarian, Mrs. John Dabbs; reporter, Mrs. Roy Parks.

Miss Long and Mr. Chambers Wed

Miss Katie Bella Long of Midland and Mr. Walter Franklin Chambers of Penwell were wed here Tuesday afternoon, the Rev. Winston F. Borum of Midland reading the ceremony.

The bride is a daughter of Mr. and Mrs. W. L. Long of Midland, the groom a son of Mr. and Mrs. W. F. Chambers of Odessa.

Mrs. Long was graduated from the Midland high school, the groom from the Odessa high school. He is connected with the Humble at Penwell.

Only relatives and close friends attended the ceremony.

The couple will make its home at Odessa after returning from a honeymoon trip.

FEMININE FANCIES BY KATHLEEN EILAND

These Matsuma pieces with the burned-in pictures are pretty enough to make even a girl who boards away from home want to start investing in dishes.

If you entertain frequently, you'll like the new hostess trays with a cheese tray and four individual service dishes.

Reading Miss Myrtle Miller's suggestions for a winter garden makes us want to rush right out and plant something. But ever since four pepper plants, and two cacti-lopous, and seven pea vines we planted one summer withered gently away one by one, we've had an awful suspicion that maybe gardening isn't our great gift.

Another time when we feel foolish is when we've put on a summer dress and go out to find a norther-whistling up Main street and every one else wearing winter clothes.

Most times laziness is bliss but there's one time when its price is high. That is when you wake up cold and half-freeze the rest of the night because you're too lazy to get up and put another quilt on the bed.

100 Attend Relief Force Barbecue At Cloverdale

About 100 members of the relief office force and their families were present at a barbecue picnic Wednesday evening at Cloverdale.

During the evening guests played outdoor games.

Mr. W. B. Taggart was an invited guest.

Misses Lucille Cole and Josephine Skeen were in charge of entertainment plans.

Messrs. R. O. Taggart and Romans presided over the barbecue pit.

Gym Class to Meet Tonight

The first meeting of the girls gym class at 7 o'clock tonight will be held in the Crystal ballroom of the Hotel Scharbauer and not in the dancing studio of Miss Georgia Goss as formerly announced.

The gym work is being sponsored by the Naomi Sunday school class for the benefit of its welfare projects.

WASH OUT 15 MILES OF KIDNEY TUBES

Win Back Pep...Vigor...Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep you healthy.

If you have trouble with too frequent bladder passages with scanty amount causing burning and discomfort, the 15 MILES of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, leg pains, loss of energy and vitality, getting up nights, lumbago, swollen feet and ankles, rheumatic pains and dizziness.

If kidneys don't empty 3 times every day and get rid of 4 pounds of waste matter, your body will take up these poisons causing serious trouble. It may knock you out and lay you up for many months. Don't wait. Ask your druggist for DOAN'S PILLS, which have been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 MILES of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes, for they may seriously injure and irritate delicate tissues. Insist on DOAN'S PILLS...the old reliable relief that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist. © 1934, Foster-Milbura Co.

Electric Motor Hatches Chicks

STRATFORD. (AP)—Three chickens were hatched without benefit of a hen or an incubator at the Cross F. Dairy here. Heat from an electric motor did the trick. To prevent loss of eggs, C. R. Foster nailed boards over all holes in the feed room. Two weeks later he heard the cries of chicks under the room. He ripped off a board and out marched three baby chicks from a nest directly under the motor that pulled the feed mill. The chicks are growing rapidly, Foster reported.

Values Pitcher's Love at \$50,000

Charging Pitcher John Vernon Welch, of the Boston Red Sox, with a "balk" in their romance, Miss Bernice A. Nieman, above, of St. Louis, has filed suit, demanding \$50,000 from him. Her charge is that Welch and she were to be married last May, but that he married Miss Frances Geekie, instead. Miss Nieman is a photographer's model.

UNUSUAL HOBBY

VERNON. (AP)—Raising double-pawed cats is Marvin R. Taylor's hobby. He has a Persian, known as "Prissy," which has produced two litters of unusual freaks. Each of the latest litter of three kittens has double front paws and an extra toe of each back paw. The mother cat has identical characteristics. The father of the litter was a Maltese. "Prissy's" first litter numbered four, but only two of them had double-paws.

STOP! TROUBLE AHEAD

CLEVELAND (UP)—After at least 40 traffic signs had disappeared in fashionable Cleveland Heights, police of the suburb moved to stop purloining of the decorations for college and high school boys' rooms. One boy, caught in the act, told officers the signs were used for room novelties. City Manager Harry Cantfield, of Cleveland Heights, asked that a heavy penalty be provided for theft of such signs.

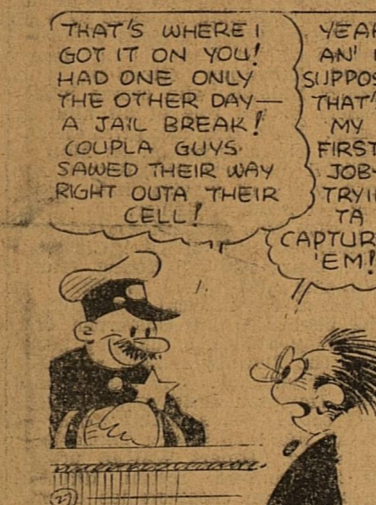

FINED FOR KILLING TURKEYS

ALBANY, Ore. (UP)—Ed Pedersen was fined \$25 for killing two turkeys. Police said the turkeys didn't belong to him.

PRESCRIPTION

A physician's formula for compounding and administering a medicine. Your physician's prescription receives the most cautious attention by our pharmaceutical experts.

MIDLAND DRUG CO. L. A. Arrington, Prop. Phone 258

Home Brewed

BY R. C. HANKINS

It was not known early today whether Midland would have a football game for Friday. A brief resume gives the low down on what contributed to the indecision. A verbal contract was made with Fort Stockton last summer, provisions setting forth the game was to be played in Midland this Friday. Stockton turned about several weeks ago and matched Ozona for the date. Midland approached McCamey with the idea of going there for a night game. As the costs would have necessitated a \$100 guarantee, McCamey decided instead to take on Alpine, which required only a \$35 guarantee. Lamesa and other clubs were not available. Rankin, which had withdrawn from the league because the club is bankrupt, seemed the best, the only possibility at the moment.

This agency watched von Baumgarten put the Dogs through their paces yesterday. The mentor is not so much on theory as on work. He never stands back in civilian dress and allows that x equals any given quality. He demonstrates a body block, bowls over two or three hopefuls and says, "There, x is where the body lies."

Seeing the coach work with his men was an enjoyment. Refreshing. He talks in a conversational tone. Even a subdued tone. Always in action, but nothing of the spasmodic. "Look," he'll say, taking the No. 1 backfield position. "This way." He runs the assignment, then goes out in front of the play and watches it duplicated. We notice little talking and wisecracking and other evidences squads reflect in killing time. Every man who is not running in the drill lines up in a crescent and listens. Baumgarten is hard boiled, but not like other 15-minute eggs. He is an exudation, not a broadcast. The only time this department saw him have to tighten down was when an end tried hard several times to carry out a blocking assignment against a fast target. "I'm afraid I'll have to boot you on the lumbar hinge," he said. The end grinned and tried again. There was a hole you could have floated the Morro Casie through on the next down.

There's relaxation along with the tenseness indicated by the driving coach. He sat on the ball when the boys became mentally tired, and wisecracked, but he was still dish-ing out football while the boys were

laughing. If he tells a story it's always about football. The boys like it. And they're doing something we like to observe in a light and pea green club; they're working their heads off for Baumgarten—and they're listening to everything he says.

We noticed a bunch of small boys on the field, booting and passing the ball. If the oval fell near him he paid little attention. "They've got to like football early to be good football players—and we'll be needing them," he seemed to say. Backing him up on this hypothetical rejoinder, we saw some young boys who can pass better than any member of Baumgarten's backfield. Passing, in fact, seems to be the main weakness of the club, and he had the backs doing a lot of chunking yesterday. Punting is passably good, and improvement is noted.

Football teams of District 3 are continuing their warming up projects this week. Although the competitive element has not been entirely overlooked.

Sweetwater, only team in the sector that has not knocked the lid off, gives the Java hounds something to talk about when the Panthers entertain the Abilene Eagles Friday.

The Mustangs are reputedly weak this year and the big Odell Bell team will be out to seek revenge for defeats in years previous.

The Eagles knocked over Coleman 27 to 0 last week and are gunning for the West Texas title.

The Cisco Lobos are to go to San Angelo Friday night. If Cisco lies or loses, then the dope will indicate that the Lobos are weaker than Eastland, which last week packed away the Bobcats 12 to 6.

Taylor's Cats will more than likely find the Ciscoans all they can handle.

The important clash from a local angle on the district 3 slate, and the one in which the competitive spirit will be most rampant, will be the Big Sping-El Paso battle to be staged at Big Sping Friday afternoon.

The Steers and the Border City Austin high team frothed to a 13-13 deadlock last fall, and after sizing up the situation from all angles, the Bovines appear to have a big edge over the Panthers in almost every department.

However, Erikson, Brown and Moffett will have no easy time, as last Friday's game gave indication that the Herd still has much to learn in a football way, both offensively and defensively.

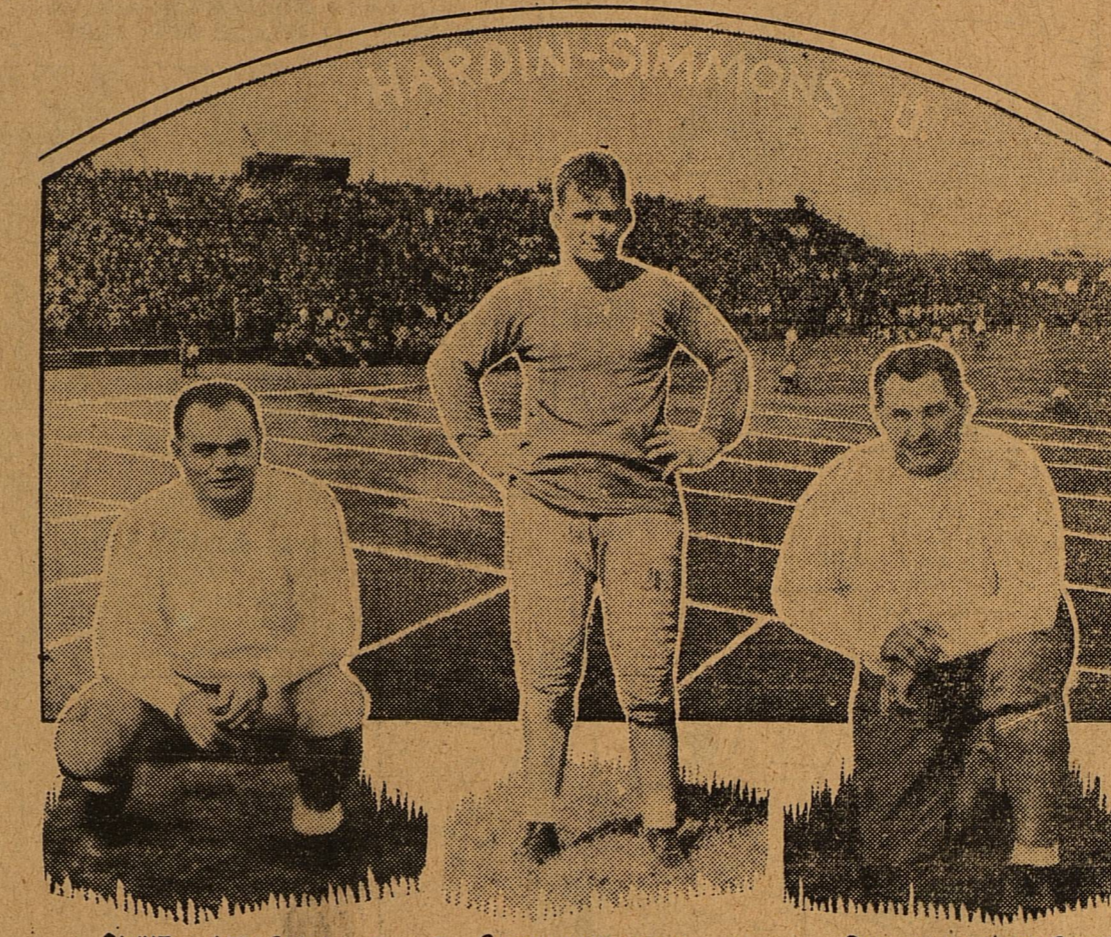

It will be the third non-conference affair for the Steers, who have been victorious in only one of their two starts.

The McCamey Badgers go into their second practice affair, with Alpine, supposedly Friday night. The game was first scheduled for Saturday, but since the installation of heaters on the McCamey grid, it has been understood that the game was shifted to Friday.

Jim Reese's Colorado's Wolves, apparently just a mediocre outfit, will play host to the Class B Roby combination.

All of the teams with the exception of the Steers have their first game to win.

Coaches See Good Year at H-S

Above are shown football leaders of Hardin-Simmons university for this season. Odell 'Scatter' Winters, captain is playing his third and last year at right end. He was all-conference selection last year. Coach Cranfill and Line Coach Vic Payne, who together coached the Cowboys to a championship in 1926, are associated again after seven years. With a squad of 38 men—exactly twice as many as he had last year—including some fast and promising sophomores, Cranfill hopes to put out

Yucca to Show Pryor, Angel in Clever Comedy

An unusually clever, clean and wholesome comedy is Universal's 'Romance in the Rain,' a romantic screenplay with music, which comes to the Yucca theatre Friday and Saturday.

Roger Pryor (of 'Moonlight and Pretzels') fame and Heather Angel, lovely young English actress, are happily mated as the romantic couple in the film. They make a very attractive and appealing screen pair.

Interspersed in the story is plenty of good, wallowing chuckles by Victor Moore, Vice President Throttleton of 'Of Thee I Sing' fame, noted Broadway comedian, and Esther Ralston, who scores handsomely in the role of an alluring vamp. Ruth Donnelly gives an excellent characterization as Moore's faithful secretary who, despite her long years of service, has never lost her sense of humor.

Others who contribute good performances are Paul Kaye, Christian Rub, Clara Kimball Young, Gunn Williams and David Wray.

One of the musical highlights of the picture is the Cinderella ball, featuring a flock of dancing beauties, the Downey Sisters and The Five Cinderellas. Jay Gorney and Don Hartman have supplied several catchy songs, with 'Love at Last,' the theme song particularly appealing. Stuart Walker, prominent stage and screen director, turned in an excellent job of this film.

FROGS MEET DENTON

FORT WORTH.—If the weather is favorable it is expected that the largest crowd ever to attend an opening game will be present when the T. C. U. Frogs meet the Denton Teachers here Saturday afternoon.

Athletic Director Raymond B. Wolf has announced that a price scale of only 25c and 50c will prevail for the game, and at this figure fans are expected to flock to the stands.

Coach Dutch Meyer, pleased at the way his cripples are rounding into shape, is expecting to have a stronger squad to send against the Eagles.

Cast-iron roads are common in Dulsberg, center of the German iron industry.

Doc Kitchens on Fort Worth Card

F. WORTH.—Tommy Collins, the barefoot boy from Junction City, Kan., has accepted a return match with Buddy Dyer on Promoter Woodie Taylor's boxing program tonight at the South Side open air arena.

Collins knocked out Dyer in the eighth round of their bout last week, but is scheduled to travel only six rounds with him Wednesday night. Dyer, who led Wednesday's fight, requested the shorter distance.

Bob Kirkland and Ike Tucker have been matched for a four-rounder.

Doc Kitchens and Ralph Sikes will meet in the 10-round main event with Ruffy Barnett and Logan Smith down for the six-round semifinal.

TO ENTERTAIN OIL MEN DALLAS, Tex. (U.P.)—The American Petroleum Institute will hold its annual convention here Nov. 12 to 15. More than 1,500 of the 5,000 delegates expected have made hotel reservations. R. B. Whitehead, chairman of the reservations committee, said indications were the 1934 meeting would be the largest in the institute's history.

Look what's back of the "PRICE" claims -and don't worry, you'll get this famous "G-3"

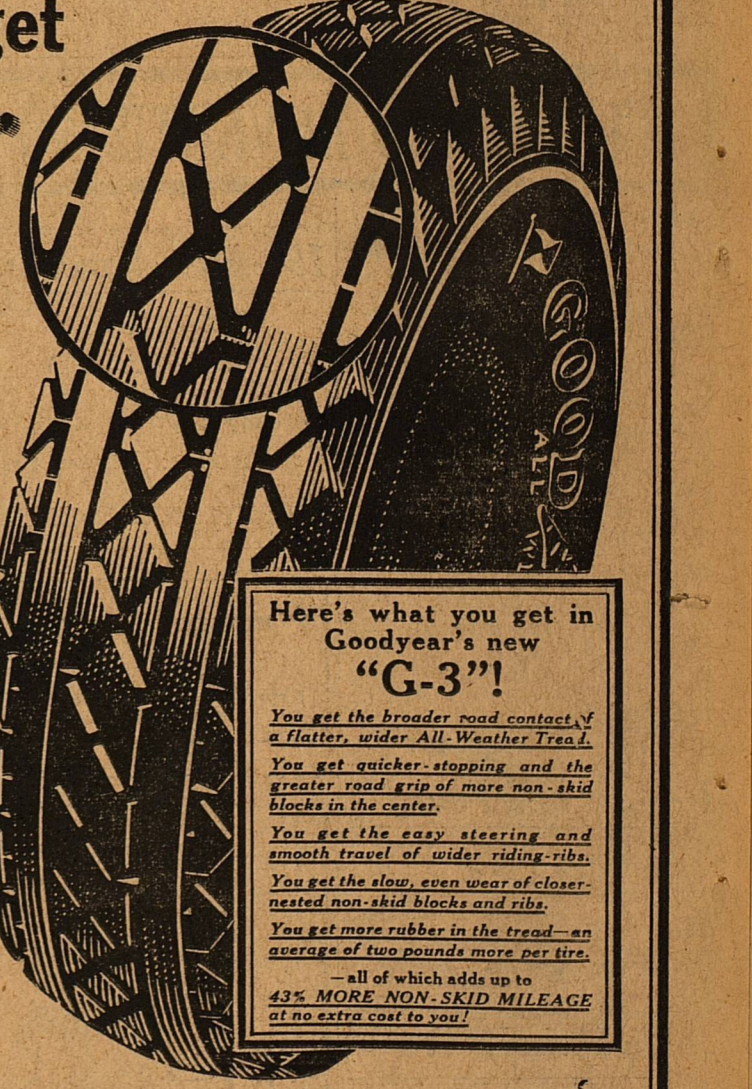

SURE, you'll hear a lot of talk about "special discounts"—"floor level" prices—and other so-called bargain claims.

Did it ever occur to you that our friends talk so much about price because they know that their tires can't stand up against the biggest sensation of the year—our "G-3" All-Weathers?

Don't let them kid you—the tire to buy is the tire with 43% longer non-skid mileage at no extra price!

That's what the "G-3" gives you. Come in and see for yourself!

GOOD YEAR Let us MARFAK your car Lowe's Service Station Corner West Wall & Colorado—Phone 700

Here's what you get in Goodyear's new "G-3"! You get the broader road contact of a flatter, wider All-Weather Tread. You get quicker stopping and the greater road grip of more non-skid blocks in the center. You get the easy steering and smooth travel of wider riding-ribs. You get the slow, even wear of closer-spaced non-skid blocks and ribs. You get more rubber in the tread—an average of two pounds more per tire. —all of which adds up to 43% MORE NON-SKID MILEAGE at no extra cost to you!
