# Equity enjoys great year

At the annual meeting Thursday night, stockholders of the Perryton Equity Exchange learned that their co-operative had finished its second best year in net earnings during its 65-year history. The \$3,765,526 net was second only to the 1976 figure of \$3,825,754 earned. The 1983 closing net was \$2,741,319.

Gross revenues were reported at \$13,979,009 and the co-op claims over \$40 million in assets.

Stockholder refunds will be 6.5 cents a bushel on wheat, 15 cents a hundredweight on milo, and 29 cents on the dollar for every dollar accrued on storage. Other refunds on petroleum products, ferilizer, and miscellaneous will total five cents on the dollar.

In his report, board president Nolan C. Holt urged farmers and stockholders to support local cooperatives in order to survive.

Noting that often better prices may be found elsewhere, he said sharing the profits of a co-op can usually negate the price changes. He said it was the farmer's loss when a cooperative is taken over because a private grain company is not going to seek a profit for the farmer, but for itself.

"We are in a tough and unforgiving business," he said of agriculture.

Comptroller Paul Tucker attributed the 41 per cent increase in sales over last year to more grain in the market and changes in the government payment-in-kind program. Tucker also reported that the major expense of the cooperative was for labor, 32.4 per cent; followed by overhead, 16.1 per cent; interest, 13.6 per cent; taxes, 10.8 per cent; utilities, 10.8 per cent; depreciation 10.4 per cent; and storage 5.6 per cent. Tucker was joined by several other Equity office employees who gave reports on their duties. Allen Duggan, who is the internal auditor, spoke on Equity's theft and fraud prevention and investigative

Billi Smith, office coordinator, told of her duties with personel, demand note and bond investment programs.

John Aston, sales manager, reviewed his job of purchasing and pricing of supplies for the co-ops.

Randy Tucker described his main job as that of a safety director who tries to save down time and thus save money.

Vicki Kennedy, an administrative assistant, is in charge of grain merchandising, railroad business, and acts as a liaison between managers.

Gene Burkhart, credit manager, handles billing problems.

Roger Odegaard of Spearman was elected as representative of area 15 on the board of directors. He will finish the term of Fred Groves who resigned.

The meeting was conducted after a barbeque dinner at Perryton high

The best way to describe the Seventh grade Lynx football team at Stinnett Thursday night is to say that they just "done good"!

The high flying seventh graders shook the Rattlers and rolled to a 26-6 victory. Frank Baca scored on runs of 99 1/2 yards, 75 yards, 20 yards and 8 yards. Baca had a record 200 plus yards for the seventh grade team.

Scott Wilkerson passed to Frank Baca for a 2 point conversion. Much credit must be given to the fine defensive players for holding the Rattlers to only 6 points.

Although the eighth grade lost, 0-14, they played excellent defense. Their offense was plagued with penalties.

The JV blanked the Rattlers 26-0 as Carl Urban scored on a 99 yard pass interception return. Carl also ran 3 yards for another touchdown. Jesse Lozano dashed 3 yards for a 2 point conversion. Brett "The Jet" Davis passed to Dusty Hill 40 yards for a spectacular aerial touchdown. Jesse Lozano added another 2 yard touchdown to complete the scoring for the evening. The defense was almost perfect for the JV.

The JV will play Sunray in Spearman at 7:30 p.m. Thursday, September 27. Fans will also get to see the high flying 7th and 8th graders in action as they too will host the Bobcats here Thursday, September 27 beginning at 5:00 p.m. The varsity will go to Beaver on September 28 for an 8:00 p.m. game.

#### Grazing period now extended 30 days

Washington, D.C. - Con-gressman Jack Hightower announced today that due to recent congressional action, the normal period during which producers may graze cattle on their 1985 wheat crop has been extended by an additional 30 days. It will now be up to individual county Agricultural Stabilization and Conservation Service (ASCS) committees in Texas to decide whether to add this extension to the beginning or the end of the normal grazing period.

"This provision, which was added to the 1984 Supplemental Appropriations bill, should be helpful to wheat growers and cattlemen in the 13th District," Hightower said. "It will allow them to utilize their

In April of this year, Hightower held two full days of district hearings on the 1985 Farm Bill and received testimony directly from producers in the field. ### "A Centerpiece"

Here it is the middle of September how the days go by, and by the way the days and nights are much cooler so it seems like fall is hyere and iwnter is soon to follow.

We here at the Center are keeping busy with quilting and crafts. Ladies came Monday and will say again this quilt is a beauty and these volunteer ladies should be commended for their deligent

Just want to say again we do have an assurance program. As part of our duties we call people who live alone just to check and find out if they might need help or if we might be of service to them. So if you know of someone like this and would let us know we will be happy to add them to our calling list.

On Friday all the Green Thumb workers of the district met in Borger for a meeting. Spearman has three Green Thumb workers two at the Center, Alma and Floydean and Ernie at the Museum. Helen Boyd of Gruver is a volunteer worker at the Museum, also attended. The day was cool and everyone seemed to

#### Two Bit Sermons

by James D. Jones, Pastor Fellowship Baptist Church "Titus and Salvation"

Throughout scripture our Saviro promises to return and take us to be with Him. I Thessalonians 1:10, 3:13, 4:15-17, II Thessalonians 2:1-2, I Cor. 15:51-53, and the list goes on and on. Yet in spite of the importance of being ready to meet Christ at His return, everyone seems to want to get ready in a different manner. Doesn't it seem that most churches have their own way? How do you make this important decision? My answer to all is always go to the Bible. Whenever a doubt arises the Bible is right!

Paul in writing Titus had much to say about salvation. Chapter 1: 2-3 shows five areas dealing with salvation. First, we find that we live in hope of eternal life. Our hope is described in Romans 8:18-25. We hope because we live in the expectation of His return, We hope because we are promised deliverence from the bondage of Sin. We hope because we have never seen our Savior.

Second, we find that God can not lie. Hebrews 6:18 shows that

enjoy the get-together, the luncheon and the good program. We have two meetings a year and it is always enjoyable to meet again the employees of the district.

Our director at the Center was also attending a meeting in Amarillo so keeping the enter open for the day were J ane Meek, Dora womble and Mabel Jameson. We do appreciate the generous help and we say a big "Thank you" from the Center.

If you haven't been down for a while do drop in. During the hot summer months our attendance drops off but as the cooler days are here more will attend. We had two ladies from Gruver on Monday. We hope they enjoyed being here as much as we enjoyed having them. Do come again.

Oh yes we do want to remember to thank all the nice people who have shared their gardens with us. We have enjoyed tomatoes, okra, squash, corn, green beans and cucumbers numerous times during the summer months. We do appreciate all these nice vegetables from our friends and neighbors. Thank you.

Alma

God can not lie. God desires for all men to be saved. Eternal life that can be lost or laid aside is not eternal. It would only have only have been temporary.

Third, Our eternal life was promised before the world began. God in his wisdom knew the price of Salvation. He knew that Jesus would have to come and die for me. God created man to walk with and fellowship with Him. Before God created man He loved him and decided to give Jesus as a ransom for us.

Fourth, Manifested His word thru preaching. Romans 10:17 says "Faith cometh by hearing and hearing by the word of God." The many in scripture who accepted Christ did so after the gospel was presented to them. Even the Eunuch in Acts said "How can I except some man, Tell me." It has to come by preaching or teaching.

Fifth, This preaching is committed to us. How will our world here about Jesus and his grace if we don't tell them. Matthew 28:19-20, Acts 1:8 and many other scriptures state the importance of teaching about Jesus. If we tell no one then no one will know.

I now have a new sport. Every night just before I go to bed and turn the lights out I get out my "Raid" and spray for crickets.

This must certainly be good weather for crickets, they seem to be thriving.

Some of my friends wrote me notes telling me the crickets were getting out of hand and that I'd better get home and take care of them. Well, I'm home but afraid I'm not very lucky taking care (getting rid of them).

There is one cricket that I hoped had a terrific stomach ache and then died. Anyway, when I came home from the hospital there was a nice round hole eaten out of my divan. I'm blaming it on a cricket.

How do Lutherans regard the Bible, the Scriptures? Awesomely. We yield to no other Christians in their regard for its authority. We do not allow teachings that bind believers' consciences unless somewhere the Scriptures clearly teach it. Nor do we believe that the authority of scriptures lies with one particular man or from experience. We believe that the scripture is the only source and the only norm for measuring Christain teaching. That does not

# New Pringle-Morse school facility dedicated Monday

The new Pringle-Morse school room addition was dedicated in an outstanding program Monday evening, as an entire area turned out to see Judge R.L. McClellan and school officials cut the ribbon on the new addition. The new rooms have just been finished

this school year, and include a new music room, plus re-modeling of the old school facilities including a new library.

County Judge R.L. McClellan gave the opening address to a near full house in the Pringle-Morse auditorium. The judge recalled early days in Morse and Hansford County when his father had an elevator in the area, and R.L. traveled to Morse on several occasions, and became friends with many of those present at the Monday night dedication.

Board president Allen McCloy made a speech, in which he "gave" the new class rooms to the 77 students and teachers of the Pringle-Morse system.

School Superintendent Roy Harris acted as master-ofceremonies. After the dedication ceremony everyone adjourned to the hall-way joining the old building and the new building for the ribbon cutting. The new building includes 6 new classrooms and a new office for the Superintendent. It was built at a cost of \$350,000. The state actually required that the new facilities be constructed to up-grade the already excellent Pringle-Morse schools.

The Board of Trustees for the Pringle-Morse schools include Allen McCloy, President; Jon Jarvis, Vice President; W.C. (Dub) Womble, Bob Womble, Charles Reid, Don Schrayer and Bob Tolleson.

The school faculty includes: Roy Harris, Superintendent; Peggy Wilkinson; Rhema Harris; Diane Brown; Betty Clemmons; Shari Wilkerson; George Snyder, Kenton Johnson; Peggy Lewis; Atila Runyan; Glynda Johnson; and Jan Vinzant.

The school has grades kindergarten through 8th, with high school students going to Spearman, Gruver and Stinnett.
