City Council takes first step toward grant for water line

The first step in an effort to get a \$150,000 to \$180,000 Texas Community Development Grant to replace old water lines was taken during a public hearing at a Spearman City Council meeting Tuesday night.

City Manager Jim Murray told the council, Spearman would apply for a \$150,000 to \$180,000 slice of the \$800,000 earmarked for the Texas Panhandle—the top 25 counties in the state.

Previously such grants had been administered by the Federal Department of Housing and Urban Development in Washington, and much of that funding went to areas in South Texas designated as low income areas. But this year this responsibility has been shifted to the state Department of Community Affairs has split the state into zones for this grant, with the Panhandle are applying for portions of this amount on a competitive basis. Murray told the councilmen the grant can be applied only to low and moderate income parts of the city, and that the state was looking closely to insure grants would be on a "most people served for the least amount of money basis.

Murray said the city had decided to ask for the money for water line replacement as there was a very real need for such work and that it would benefit low and moderate income people in town.

The City manager pointed out on the map four areas preliminary studies show need the water line replacement, and would more likely fit the low income criteria set done by the state.

The first area he pointed out was a five by six block area northeast of the courthouse, bounded on the south by Kenneth Drive, on the east by Snider Street, extending to a line a little north of Avenue D, and south along North Bernice to Kenneth.

Another possible area is in the west, central end of town, bordered on the north by Kenneth, east of Barkley on the west by Fifth, and runs north along the alley between Roland Street and Cooke, travels northeast along Hwy. 207 to Kenneth.

A third area under consideration lies southeast of the courthouse, flanked by Kenneth, North Hoskins, Fifth Street and South Bernice.

The fourth possible site consid-

ered for the grant application is on the extreme east side of town, between Oklahoma Street and FM Rd. 760.

Murray said these were just tentative areas that could possibly be used in the grant request and that the boundary lines in each of these areas was also tentative and could be adjusted.

He said the city is obtaining an income map from Texas Tech University showing the low and moderate income areas of the city and would be used before determining which area or areas would be included in the grant request.

Councilman Bob Pearson asked how much water loss there has been in the areas discussed and Murray said the last figures they had indicated as much as 25 percent of the water had been lost, but that since that figure was obtained, "We've replaced a lot of meters," and that this would cut the water losses some.

Murray said that he doubted if the area southeast of the courthouse could be qualified as a low to moderate income area.

He said the city would probably

Spearman gains \$106,138 for fire damage

Spearman gained \$106,138 Tuesday night, when the city council voted to accept the insurance loss for the fire damaged old City Hall.

On a motion by Bob Pearson, seconded by Wilson McClellan, the councilmen voted unanimously to accept the insurance company estimate of \$78,807 for the fire gutted city hall building and \$27,331 for the loss of contents of the building.

The councilmen voted to renew a grass lease of 86.3 acres of city land adjacent to Hansford Golf Course on a motion by Burl Buchanan and seconded by Pearson.

As approved, Ron Clark will continue to lease the land at \$10 per acre as he has in the past.

A lengthy discussion evolved on a request that the city annex property into the city, located between Collier Drive and State FM Rd. 760. The request had been made by a man wishing to establish a mobile home park on the property in question, so that public utilities could be extended to the proposed mobile homes.

Earl Goodheart, a resident of the area, showed up to oppose the location of a mobile home park in the

area. Goodheart said "All I can do is speak for myself and I'm against it."

He said he had never seek a mobile home park, no matter how nice it was when established, that did not deteriorate in two or three years, and in deteriorating the mobile homes would lower the property value in the neighborhood. Goodheart said establishment of a mobile home park in the area would also block possible future construction of homes there.

Pearson said he had driven by the area and spotted some dirt piled up in an alley and some trash littering the same area, and asked Goodheart about this. Goodheart said most of the litter was on rental property, and what he said about mobile homes applied generally to "rental people."

A couple of councilmen said they had looked at well laid out mobile housing areas in Perryton.

Pearson said mobile home parks "are coming" sooner or later. He said he feared they would build just outside the city limits and if not annexed would obtain utilities from other sources.

Councilman Ed Garner said mo-

bile home parks are "going to come, sooner or later", and said when that happens the city needs to "put teeth" into regulations governing these areas.

Councilman Jim Nicholson said he had four or five phone calls from people living on Collier Street, all against locating a mobile home park there.

Councilman Wilson McClellan said he had received only one call on the subject, "and strangely enough, this fellow said he feels like the people who own the property should

(See SPEARMAN, page 2)

Season grid ticket sales begin Monday

Reserved seats for the five 1983 Spearman Lynx home football games will go on sale Monday at the school business office.

Those people who had season tickets last year will have two weeks to pick up tickets for the same seats.

The season ticket prices will be the same as last year—\$12.50

Pringle-Morse school begins August 29

New students to the Pringle-Morse school are asked to register August 22 from 9 until 4 at the school.

All other students will register the first day of school which is August 29.

The school has all of its faculty returning for this year. They include Peggy Wilkinson, kindergarten; Rhema Harris, 1st grade; Colette Trammell, 2nd; Betty Clemmons, 3rd; Shari Wilkinson, 4th grade and librarian.

Junior high teachers are George Snieder, math; Kenton Johnson, science and P.E.; Peggy Lewis, language arts, art, reading; Atila Runyan, social studies and reading; Helen Lee, music and reading.

was presented at the annual awards program for the association in recognition of the dedicated service rendered to vocational agriculture.

Police investigations gamut- umbrella 'theft', skunk termination, meter maul

On Thursday, August 4, 1983, at approx. 2:10 p.m., an officer was dispatched to the swimming pool in reference to theft of an umbrella. Upon arrival, officer was met by the complainant, who advised that during the night of August 4, 1983, someone had taken an umbrella that was located on the North West corner of the pool. Complainant advised that the umbrella was tied down to the life guard stand. Entry to the pool was made just North of the life guard stand. The garbage

can was turned over and the subject stood on it and crawled over the fence. Case still under investigation. On Friday, August 5, 1983, at approx. 1:02 a.m., a police officer found all doors open on the Jr. High Cafeteria. All doors were locked but not closed. Contact was made with someone to secure the building. No further. On Friday, August 5, 1983 at approx. 1:40 p.m., a Spearman resident phoned the Spearman Police Department and advised that there was a skunk in his back yard.

Officer arrived and terminated the skunk. No further at this time. On Wednesday, August 10, 1983, at approx. 10:17 a.m. the Spearman Police Department received a call in reference to a gas meter being hit. Officer was dispatched to the location and met with the subject that had hit the gas meter. Subject advised she was backing her vehicle from 204 1/2 S. Hoskins and had limited vision to the rear due to the trunk of the vehicle being open and had struck the gas meter, requiring minor repairs to the meter.

On Wednesday, August 10, 1983, at approx. 2:43 p.m., officer was dispatched to a Spearman residence in reference to a burglary. The officer arrived and spoke to the complainant, who advised the officer that someone had gotten into her house and had gone through the drawers in the bedrooms however, nothing was taken. The point of entry was not determined due to the fact that various windows were open and one door was not locked. No further at this time. ACCIDENT REPORT:

On Monday, August 8, 1983, an oil field servicing truck and a car collided, when the truck driver apparently attempted to turn right from Kenneth into the alley. No citations were issued. Subject driv-

ing the car was taken to the hospital by private car, as she was complaining of pain in her left knee. No further at this time.

New rule protects handicapped tots' food, medical rights

My subject this month concerns a proposed rule that would help protect handicapped infants from discriminatory denial of food or medical treatment solely on the basis of handicap. The new rule embodies the concept of the interim rule that was published March 7 by the Department of Health and Human Services (HHS), but it has several important modifications.

It is our purpose here to mention a few of the major provisions of the proposed rule. Having done that, we hope some of you may wish to submit comments or observations regarding the revised rule during the 60-day period for comments. Details are supplied at the end of this column.

As HHS Secretary Margaret Heckler stated, "Our civil rights laws and our most fundamental principles declare that no person should be denied sustenance and appropriate medical care simply

because he or she was born into this world with a handicap."

Under the proposed rule, all hospitals receiving federal funds, including Medicare and Medicaid, would be required to post a notice at nurses stations in areas where infants are cared for, stating that Section 504 of the Rehabilitation Act of 1973 prohibits discrimination on the basis of handicap.

In addition to a toll-free telephone number at HHS (Washington) to which alleged violations of the law could be reported, the notice would include the phone number of the appropriate state agency in order to involve the state child protective services agencies in such cases.

The proposed rule includes a preamble and appendix explaining the scope and intent of the regulation with specific examples of appropriate and inappropriate application of the regulation to qualified infants.

Upon receiving a report of an alleged violation, HHS' Office for Civil Rights would investigate the case.

I would like to emphasize that this regulation does not interfere with medical judgment concerning which treatment is beneficial. Section 504 does not compel medical personnel to attempt to perform impossible or futile treatment which merely and temporarily prolongs the process of dying of an infant born terminally ill.

Section 504 preserves the decision-making process customarily undertaken by physicians in any treatment decision. It is only when non-medical considerations, such as subjective judgments that an unrelated handicap makes a person's life not worth living, are interjected in the decision-making process that the Section 504 concerns arise.

The need for effective procedures for protecting and preventing life-threatening violations of the law is compel-

ling. For even a single infant to die due to lack of an adequate notice and complaint procedure is unacceptable.

As Secretary Heckler has stated: "For too long, our society ignored the rights of the handicapped. As we enter the 'Decade of Disabled Persons,' now that we've finally become more sensitive and responsive to older handicapped persons, how can we tolerate the denial of those same rights to handicapped infants?"

"Within each and every child there is something unique. How much poorer in spirit would we be if basic sustenance had been denied at birth to the many handicapped persons who today lead pro-

ductive lives? How much would have been lost?"

For those persons who may wish to study the proposed new regulation in detail, it was published July 5, 1983 in the Federal Register.

Once you have examined the proposed regulation, or even on the basis of this column, and you wish to submit comments, please mail them to: Office for Civil Rights, Department of Health and Human Services, HEW North Building, Rm. 5400, Washington, D.C. 20201. Your written comments should be post-marked no later than September 2, 1983, the end of the 60-day comment period.

NOTICE

The Pringle-Morse Consolidated Independent School District Board of Trustees will meet August 30, 1983, at 8:00 PM, in the school cafeteria, Morse, Texas.

The purpose of the meeting will be to hold hearings on the 1983-1984 school budget, to adopt the 1983-1984 budget, and to adopt the 1984 Tax Rate.

Stories from Page 1

CITY...

be allowed to do whatever they wanted with it."

Goodheart said the trailer parks were coming but that when they did come, he wanted to see "teeth" in codes regulating these parks.

Mayor C. Ralph Blodgett ended the discussion, killing the need for city council action on the matter by saying, "Everybody's had their say about this matter, now I'd like to say something."

He went on to add that he owned the property in question, and that he had already decided, for personal reasons, not to sell the property to the men wanting it for mobile home park, at least not for quite some time.

The council also voted to amend the Hansford Appraisal District budget for 1984 by \$660 to allow purchase of a computer on a motion by Garner, second by McClellan.

On a motion by Garner, second by Pearson, the council voted to accept the monthly fire, ambulances, police, municipal court and animal control reports as presented.

The council also spent a lengthy workshop session on the proposed 1983-84 budget.

SPEARMAN

need to ask for \$150,000 to \$180,000 instead of a larger amount, because "there will be no horse trading" up or down in amount, that the state would either approve the grant for the full amount requested, or reject it, and the Spearman would try to meet the state's aim for the most people served for the least amount of money.

Murray said the money, if Spearman gets the grant, would be used to replace smaller water lines in need of repairing with four inch lines down the alleys, hooking on to six inch lines, and for fire hydrants for a "couple of areas."

As the discussion came to the first of two public hearings for citizen input on for what the city should request the grant money, no action was taken.

Aluminum foil under the napkin in your roll basket will keep the rolls hotter longer.

Attention Joggers and Runners

The Wheatheart 10,000 Meter Run

Come to the Wheatheart Country Run in Perryton on Saturday, August 20. There'll be a 10,000 Meter Run (6 1/4 miles), or a One Mile Fun Run. The 10K starts at 8:30 a.m., and the One Mile Run starts at 8:40. It happens at City Park.

Complete this registration and return it within three days. Pre-registration fee is \$6. Registration on day of the race is \$7. Entrants receive special runner caps.

Make it a fun experience, whether you're a serious runner or weekend jogger. Run with a friend. Bring your entire family. Enjoy the free breakfast, free barbeque at noon, the parade, and all-day Wheatheart events.

Royce Blackshear new head boys' B-ball coach

Royce Blackshear, newly hired head basketball coach for the Gruver Greyhounds, arrived in town over the week-end, and was on duty Monday morning, helping head football coach Barry Haermich and the rest of the staff with the first two-a-day grid practice sessions. Blackshear comes to Gruver from a two-year stint at Levelland High School where he coached junior varsity football and junior varsity basketball, his first coaching assignments. At Gruver he will be head boys basketball coach and will help with

Greyhound two-a-days, then during the upcoming grid season, he will coach junior high football. Blackshear went to Fresno State in California, but after his freshman year transferred to Eastern New Mexico State at Portales, N. M. A 6-2 guard, he started three years at Eastern New Mexico. He was graduated from NMSU with a major in Industrial Arts. He and his wife Debbie, and their 13 month old daughter Kelli have relocated to Gruver. In addition to coaching at GHS, Blackshear will also teach high school drafting.

City to submit application for \$80,000 grant to fund gas line replacement

Following a public hearing on the subject Monday afternoon, Gruver City Manager Jim Ratliff said the city would submit an application to the Department of Public Housing (HUD) office in Austin for an \$80,000 grant to fund gas line replacement.

Ratliff said only one citizen showed up to offer views on the proposed request for a grant, at the specially called city council meeting Monday.

Ratliff said it was decided to ask for the grant to replace gas lines in a big area of the two stretching from Broadway to Hwy.15, and from the east side of Main St. to the west side of Cooper.

He said, "Thirty percent of our total leaks are from this part of town, and half the leaks we have found so far this year have been from this part of the town. "We feel like replacing the lines in this part of town will impact the whole community, because loss of gas there costs everybody, no matter where they live."

He hopes this line of thinking will satisfy the HUD requirement that the grant be only for the lowest income sections of town. In a town the size of Gruver, this is very hard to determine, he said.

The grant request will be prepared in preliminary form by the

10,000 expected for Boys Ranch Rodeo

The nationally-famous Boys Ranch Rodeo is expected to attract 10,000 people to the Ranch when the event is held over the Labor Day weekend. Afternoon performances are scheduled for 2:30 p.m. Sunday, September 4, and Monday, September 5. Nearly 250 boys of the Ranch are the only contestants, riding calves, steers, bulls and bareback broncs. This is the 39th year for the rodeo that also features a Grand Entry of area riding clubs and a homecoming of Ranch graduates who travel from towns and cities all over the United States. It is a rodeo for all of the Ranch's 350 boys. Those who do not compete as contestants will be selling soft drinks, pop corn and barbeque beef plates for \$3.00. Reserve box seats are \$3.50, general

admission is \$2.50, and children age six through twelve are \$1.00.

The rodeo is the only one of its kind in the nation in which the only contestants are boys riding professional rodeo stock under RCA rules.

Ernest Hollings, Senator, (D-SC):

"The all-volunteer military has failed to provide the necessary number of combat troops."

William Brock, U.S. Trade Representative:

"...Sometimes you have to take one step backward in order to take two steps forward."

Two men were college Presidents before they became Presidents of the United States - Woodrow Wilson and Dwight Eisenhower.

How much you have to pay for food—and how much food there is available could depend in part on how much herbicides American farmers use. Fortunately, a government report shows one popular herbicide is safe to apply.

ONE MINUTE SPORTS QUIZ

1. Who won the Canadian Open golf tournament?
2. Who won the U.S. Women's Open golf tournament?
3. Who won the Pro Football Hall of Fame game?
4. Jim Gantner plays pro baseball for what team?
5. Dale Earnhardt is known in what sport?

Answers To Sports Quiz

1. John Cook.
2. Jan Stephenson.
3. Pittsburgh Steelers over the New Orleans Saints.
4. Milwaukee Brewers.
5. Stock car racing.

inflation fighting ideas

NEWS OF PROGRESS

Here's a fact on food costs that's easy to swallow: In the past 30 years, the percent of disposable personal income the average American family spends on food has dropped by nearly 25 percent.

A good deal of the credit for the cost reduction goes to the American farmer and his use of innovative farming methods and manners. A lot of assistance comes from crop protection chemicals. According to one scientist, Norman Borlaug, winner of the Nobel Prize for his work in agricultural engineering, without these chemicals, up to half the U.S. food crop could be lost every year.

One important protector is an herbicide called 2,4-D. It has been used widely and safely for more than 35 years to selectively control broad-leaved weeds in crops, rangeland and pastures. Recently, the United States Department of Agriculture studied the safety of this chemical. It found that if an average 175-pound worker applied the chemical for 30

days a year for 30 years, he would absorb and excrete about a gram of the herbicide, about half the weight of a dime. This is several hundred times less than the acceptable daily intake total for the same person and period, as established by the Food and Agriculture Organization of the United Nations.

Crop protection chemicals help our economy in another way: grain and produce exports contribute \$32 billion to our balance of trade.

H & R Block Tax Course To Begin

H & R BLOCK is offering a Basic Income Tax Course starting September 8th.

There will be a choice of morning or evening classes held at the H & R BLOCK office at 314 N. Industrial-Perryton, Texas. The twelve week course is taught by experienced H & R BLOCK personnel and certificates are awarded to all graduates. While thousands of job opportunities

are available, graduates are under no obligation to accept employment with H & R BLOCK. Courses are licensed by the Texas Education Agency.

Registration forms and brochures may be obtained by contacting the H & R BLOCK office at 314 N. Industrial, Perryton, Texas 79070. Phone 806-435-5616. ADV. 405-6tc

Gruver registration

Work has commenced on locating the old utility lines at the museum. They will be replaced by new ones to correspond to the addition of the depot on the Museum grounds. Much work is entailed.

Those helping on this project are: Daniel Boyd on the backhoe, Irvin Boyd and Ronnie Bullard. Fred Groves is not pictured.

Watch for more progress as time goes on.

The office of Superintendent Jack Weldon has released the registration and in-service schedule for Gruver ISD schools.

Orientation in-service for all personnel will be held beginning at 9 a.m. on Aug. 18 in the school cafeteria. The work schedule for teachers for the rest of the week before school opening will be passed out to teachers at that time, according to the announcement.

Registration for all students, kindergarten through grade 12 will be held from 9:30 a.m. to 12 noon on Aug. 19 at the students' respective schools. Buses will not run and meals will not be served on registration day.

August 25 will be the first day of classes. All buses will run on that day, and the regular breakfast and lunch meals will be served on the 25th, the announcement revealed.

NOTICE OF PUBLIC HEARING

The City of Spearman, Texas, will hold a public hearing at 8:00 p.m., August 23, 1983, in the Council Chambers of temporary City Hall, 514 Collard, in regard to the possible submission of an application to the Texas Department of Community Affairs (TDCA) for a Texas Community Development Program (TCDP) grant to finance improvements to the community.

The purpose of this meeting is to provide citizens with information concerning a proposed community development project to replace undersized and deteriorated water mains in the following area:

North Bernice to North Snider
and
East 'D' Avenue to East Kenneth Ave.

The total amount of funds for the TCDP grant is \$70,397.00.

This meeting will provide citizens an opportunity to review and comment on the proposed application. The final application will be submitted to the Texas Department of Community Affairs by September 1, 1983. Additional information may be obtained from City Hall, 514 Collard, 659-2524.

Faye's Daze

I just saw 103 on the bank temperature sign and have decided that it is too hot for humans to even move, much less work. This was at 2 p.m., no telling what it will be by the time it heats 'up this afternoon.

We've all read and heard on TV about the waste in government in every department. The different studies undertaken by the government by some of its personnel are particularly a waste of time and money.

To make my point here is the conclusion of one study. We recently ran across this comprehensive eight-point gasoline conservation program obviously compiled by some bureaucrat in Washington.

We haven't tried this program ourselves, but it does sound beneficial to everyone but the oil companies.

1. Remove anti-pollution devices (20 percent savings.)
 2. Tune engine for optimum performance (15 percent savings.)
 3. Over-inflate tires by three pounds. (10 percent savings.)
 4. Drive at a steady 50 miles an hour maximum (15 percent savings.)
 5. Avoid jackrabbit starts and stops (10 percent savings.)
 6. Do not use vehicle for short trips (15 percent savings.) (Take your horse, but be sure to carry a shovel!)
 7. Do not use the air conditioner (15 percent savings.)
 8. Install C.I.C. ignition system (5 percent savings.)
- Total savings add up to 105 percent.
- "Therefore," the report continues, "if you observe all these methods and have a 21-gallon gasoline tank, drain approximately one gallon from tank each week in order to avoid excessive gasoline in vehicle."

The most disillusioned girls are those who married because they were tired of working!

SMILES

Ouch
Judge--"Why did you strike this dentist?"
Accused--"He got on my nerves."

Troubles
The teacher was having her trials and finally wrote the mother:

"Your son is the brightest boy in my class, but he is also the most mischievous. What shall I do?"

The reluctant reply was: "Do as you please. I am having my own troubles with his father."

An Old One
Ethel: "But, Papa, he says he cannot live without me."
Father: "Tell him to think up a new one. I told that to your mother."

No Conversation
The telephone operator answered an agitated summons from a pay phone.
"Oh, miss," came a tearful feminine voice, "can I have my ten cents back? Albert won't speak to me."

Band to begin rehearsals August 15

The Spearman Lynx Band will begin its rehearsals in preparation for the upcoming football season on Monday, August 15 at 7 p.m. in the High School Bandhall.

The rehearsals are necessary to prepare the band for its first halftime presentation of the year when the Lynx defeat the Stratford Elks. The music for the first show will be "Cornado" by Bob Cotter, "Cantind Band" from the Star Wars and the Lynx Fight Song.

The Lynx Color Guard, consisting of flag and rifle units has been hard at work already

as they attended camp August 1-4. The members of the Color Guard are: Flags - Angela Coombs, Tischa Pearcy, Pat Ochoa, Rocio Rosales, Kim Branstetter, Kelye McFarlin, Leticia Vela and Laura Coombs; Rifles: Neta Burger, Jennifer Yarbrough, Rhonda Matthews, Tommy Sheilds and Denise Rojas.

Some of the popular musical selections to be played this year are: "Ewok Celebration" from Return of the Jedi, "Flashdance...What A Feeling," "Gloria," "Always on My Mind" and "Down Under by the Australian group, Men at Work.

Big Bass Tournament near

The first annual BIG BASS TOURNAMENT staged by CAMP TEXARKANA on LAKE WRIGHT PATMAN is only three weeks away -- Sept. 3 & 4 -- Some of the most dedicated bass fishermen alive haven't entered.

--THAT'S THE BAD NEWS!--
--THE GOOD NEWS IS--

You can still enter for a fee of \$65.00 per day for one of two days of fishing for a GURANTEED \$100,000 PLUS in cash and prizes with \$50,000 in first place money.

There will be bonuses of \$100.00 on the hour for the biggest bass and other challenges.

LAKE WRIGHT PATMAN has always, in the past accommodated tournaments with big bass and --

TEXARKANA can accommodate a tournament full of big bass fishermen.

Allsup's collecting for muscular dystrophy

Through Labor Day, September 5th, Allsup's Convenience Store will display Muscular Dystrophy collection canisters in all stores in New Mexico, Texas and Oklahoma. This fund raising activity, along with many others, will help find estimated one million Americans of all ages.

The programs of the Muscular Dystrophy Association are funded almost entirely by private contributions and corporations. And the research is working! MDA recently announced the first breakthrough in the treatment of amyotrophic lateral sclerosis (ALS) -- also known as Lou Gehrig's disease. While the drug -- TRH -- is classified as experimental, it is the first treatment that has ever resulted in significant improvement in ALS patients and it represents a glimmer of hope for people with this terrible disease. Allsup's is proud to be a part of such worthwhile research.

Again this year, Allsup's invites area youngsters to participate in the annual "Door Bell Brigade for

MDA". Kids are encouraged to pick up collection kits at their local Allsup's store on August 27th & 28th. After collecting donations for MDA and "Jerry's Kids", return the collections to the store and each youngster will receive a free fountain drink of their

choice. It's Allsup's way of saying thank you to all the kids who care about helping "Jerry's Kids".

From Jack Crow, Director of Public Relations for Allsup's, "Thanks to all of our friends and customers for your generosity in helping to fight neuro-muscular diseases. Your nickels and dimes add up to millions for research and treatment, so look for the MDA coin collections canisters and give to 'Jerry's Kids'. Your change can be the key to the cure".

Area Art Show planned

The First National Bank, Perryton, Texas, is sponsoring its second Area Art Show on September 8, 9, and 10th. The response given to the 1982 Art Show was so favorable that the bank is again sponsoring this show, to be held in the Community Room of the Bank.

This will again be an Open Show. All amateur and professional artist (including photographers), as well as artists in other fields of wall hangings, are invited to submit entries for this show. Works previously displayed at other art shows may be submitted. There is no specific item for this show.

The Ochiltree County Art Association is again participating in the show. It will coordinate the displays of the works in the exhibition. Mrs. Jim (Nancy) Lamb, Perryton, is the new president of the organization.

Invitations have been mailed to all Ochiltree County Art Association members, and all 1982 entrants from the area. All interested persons who would like to participate in the show may contact Mrs. Juanita Brillhart, First National Bank, Perryton, Texas, for further information and entry forms. Applications should be received for registration by September 2nd.

As in the 1982 show, there is no age limit, and the only stipulation is that the entrant lives within a 100-mile radius of Perryton. The artwork should be delivered on Thursday, September 8th.

Judges from outside the immediate area will select the best artworks in the major media categories. Cash prizes will be given for the 1st through 5th places in each category. Ribbons will be awarded to all entries. The overall

"Best of Show Award" will be \$100.00 cash.

Judging of the entries will be held on Friday morning, September 9th, from 9:00 A.M. until 12:00 noon. The doors will then be opened to the public for the remainder of that afternoon (until 4:00 P.M.) and will again open on Saturday September 10th, from 10:00 A.M. until 4:00 P.M. The artists works will be on display for potential art purchasers during these hours.

Concluding the Art Show, artists may pickup their work after 4:00 P.M. on Saturday, September 10th, or on the following Monday, during banking hours.

Similar
The biggest trouble with success these days is that the recipe is just about the same as that for a nervous breakdown.

Museum needs donations

The Stationmaster's House Museum Board met at 9:30 Monday August 1st at the Museum. Helen Boyd called the meeting to order.

Minutes of the previous meeting were read and approved. Ruby Jo Wilbanks gave the financial report. Gus Renner reported that hopefully work will be started this week removing the old utility lines and laying new ones--all this in preparation of excavating for a basement under the depot. That will be the next big step.

Due to the Labor Day Holiday the next meeting will be postponed one week to September 12th at the Museum. Members present were:

FNB celebration runs set

Upwards to 175 runners are expected to compete in the third annual Wheatheart Country 10,000 meter run and fun run, to be held Celebration Saturday, August 20. The First National Bank of Perryton is again sponsoring the event.

The 10,000 meter run begins at 8:30 a.m. August 20, about an hour and a half before the celebration parade. The fun run will start about 10 minutes after the distance runners start. This year, runners will be following a 10 kilometer course which has been certified by the Road Runners Club of America-Amarillo YMCA Running Club.

Run directors are Ronnie Kear and Kelly Wolf.

Divisions for the 10K run include men's under 14; 15 to 19; 20 to 24; 25 to 29; 30 to 34; 35 to 39; 40 to 49; and masters; while for the women there will be divisions of under 14; 15 to 19; and 30 and over. The divisions in the mile run are the same for both men and women and will in-

clude 8 and under; 9 to 10; 11 to 12; 13 to 14; 15 to 16; 17 to 19; 20 to 29; 30 to 39; and 40 and over.

Trophies and medals will be awarded to the top finishers in each division. Overall winners will be riding in the Wheatheart parade.

The First National Bank will be providing running caps to the runners and entry fee is \$7. Pre-registration is encouraged for all area runners, although entries will be accepted the day of the runs.

The 1983 Wheatheart Country races should attract a record field. Some of the top runners from the Panhandle area are also expected to be on hand.

The 10K run covers a distance of exactly 6.214 miles. The runners will have a police escort and will be starting at the courthouse corner at Sixth and Main. They will run to Twenty-Fourth and then proceed around the East Loop Road back to Hwy. 15. From there, it will be west to Main street and

then the race will end at City Park.

The mile fun run begins in the 800 block of S. Main and will proceed north to the First National Bank corner at Second and Main and then circle back to City Park.

Wheatheart REACT will be trailing the 10K runners to minimize the chance of traffic danger to the runners. First National Bank employees and members of the Jaycee organization will be supplying the manpower to staff the running events.

Split times will be at 1 mile and the half-way mark and there will be water and first aid stations located at the 2-mile and 4-mile running points.

Runners should report at City Park, Ninth and Main, by around 8 a.m. Late registration will close at 8:15 the morning of the race.
