Gruver And Spearman Split

Lynxettes Comeback For 1 Point Victory

Some strong defensive work in the closing minutes by Susan Hutchison and Karen Gibson, coupled with fine floor work by Phyllis Patterson, gave the Spearman Lynxettes a 47-46 win over arch-rival Gruver Friday night.

It was a nip and tuck ball-battle all night with Spearman hanging on to a narrow lead throughout the first half. The Lynxettes led 15-12 at the end of the first quarter and 23-19 at the half.

Gruver came ripping back after the half and some long shooting by Roper, added to States' work around the basket, put Gruver in the lead during the second half.

Spearman was hanging on to a 34-33 lead at the three-quarters mark but Gruver took it away in the final eight minutes and at one point was leading by three points.

Hutchison and Gibson teamed up on States to stop her under the basket and forced the Gru-

ver forwards to shoot from outside. They missed and Spearman managed to get the rebounds.

Spearman got the lead back on a short jumper by Barbara Wilde and then a couple of free shots by Patterson.

Spearman jumped the lead up to three points with only 10 seconds left on the clock. The Spearman forwards and guards just stepped away and let the Gruver six score. Then, guard Bethany Donnell held the ball until the buzzer sounded.

One free shot made the difference. Both teams had 17 field goals. Spearman hit 13 free shots and Gruver 12.

Anita States was the leading scorer. She hit 11 field goals and 11 free shots for 33 Gruver points. Phyllis Patterson led the Spearman scoring with six field goals and 10 free shots for 22 points.

NO BLOCKING — There is no blocking of a shot when Lynx Bob Phillips (11) gets off the floor to put one up. Phillips is scoring two points early in the Spearman-Gruver game Friday night. He got few opportunities to shoot as the Greyhounds put up an airtight defense on the Lynx all night.

PLAINSMAN PHOTO

Greyhounds Press Lynx To Win 52-43

A pressing Gruver defense and Spearman fouls gave the Gruver Greyhounds a 52-43 victory over the Spearman Lynx Friday night in Gruver.

The Lynx had big foul trouble most of the night with Kirkland, Phillips and Crawford all going out by the violation route.

Spearman was called for 27 violations and Gruver was called for 15 miscues.

Gruver capitalized on a fine night of pass interceptions against the Lynx and stole the ball repeatedly on poor passes.

Spearman's Jim Kirkland led the Spearman offense with great outside shooting and was also strong on defensive rebounds.

Wayne Leatherman led the Gruver scoring and put them in the lead early in the game with some fine fall-away shooting from his post position. He scored 17 points.

Gruver was leading 14-10 at the end of the first quarter, then Spearman pulled to within one point, 25-24, at the half.

Kirkland and Phillips led the Spearman scoring surge with long shots from the outside.

The score was tied several times during the third quarter and Gruver was leading only 33-32 at the end of three quarters.

In the fourth quarter, Gruver stymied the Lynx with a full court press and intercepted passes. The Hounds built up their lead to nine points and held on as Spearman ran into a flock of fouls.

Spearman made 11 of 19 free throws and Gruver scored on 18 of 38 gratis shots.

Basketball Scheduled

Spearman basketball teams from the seventh grade through high school will be in action this week all over the Panhandle.

Tuesday, the Lynx and Lynxettes will be in Sunray for games there. The boys' B-team will play Sunray before the varsity games.

Dec. 3, the boys and girls teams from the seventh and eighth grades will go to Skellytown to play there.

Dec. 4, the Lynx and Lynxettes will go to Shamrock for the Shamrock Tournament. The B-teams will play in Morse Dec. 4.

On Dec. 4 and 5, the freshmen boys and girls will play in the Sam Houston Junior High Tournament in Borger.

The Rev. John Robinson

Ex-Teacher's Rites Held

Funeral services were conducted at 4 p. m. Friday in the First Methodist Church of Plainview for William Griffin Akin, 62, a former Spearman school teacher.

Mr. Akin was killed at 8 a. m. Wednesday in a one-car accident four miles south of Plainview. He was enroute to Hale Center where he was an elementary school principal.

Investigating officers said Mr. Akin apparently lost control of his small foreign car and it turned over. He was thrown out and the car rolled over him.

He had been principal of the Hale Center Elementary School since 1953. He had been superintendent at Lenora and had taught in Littlefield and in Oklahoma.

Mr. and Mrs. Akin taught in the Spearman Schools in the late 1940's.

Mrs. Akin teaches in the Coronado Junior High School in Plainview.

Besides Mrs. Akin, he is survived by a son, Dr. W. O. Akin of Galveston; a daughter, Miss Glenda Akin, a senior at Texas Tech; and brothers, Raymond of Plainview, R. E. of Amherst, M. E. of Carnegie and Glen of Orlando, Fla.

Revival Set This Week

The Rev. John Robinson of Waxahachie will begin a Revival Meeting here at the First Assembly of God Church tonight.

There will be services each night through Dec. 13. At each service there will be congregational singing, special music and the gospel message.

The Rev. J. V. Barker, pastor, extends a special invitation to everyone to attend all the services.

Tax Meeting Scheduled

An Income Tax Management meeting will be held Wednesday, Dec. 2 at 7:30 p. m. in the Farm Bureau Building in Spearman. James Murphrey, Arez Extension Farm Management Specialist, from Amarillo will conduct this meeting.

Robert Adamson, Hansford County Agent, urges all farmers, ranchers and tax consultants to attend this meeting.

NEW BUSINESS — This new business, Motor Parts of Spearman, will be open and having its open house Monday. The new business is in the old S & L Motors Co. building on Highway 15. Don Bishop, manager, and salesman Jerald Rutz invite everyone out for a cup of coffee Monday.

PLAINSMAN PHOTO

Lucky Dollar Program Set

Spearman merchants will begin giving tickets for the annual "Christmas Lucky Dollar Days" Monday morning.

This annual program gives some lucky shoppers \$100 in prizes on each of three Saturdays between now and Christmas.

The prizes will be awarded at 2 p. m. each Saturday on Dec. 5, Dec. 12 and Dec. 19. The first and last prize days will be held on Main Street and the Dec. 12 Dollar Day will be in Plains Shopping Center.

Six prizes will be awarded at each Lucky Dollar Day. There will be two \$5 prizes, two \$10 prizes, one \$20 prize and one \$50 prize.

The prizes are in the form of Lucky Dollar script which can be redeemed at each cooperating store. No stubs will be taken at the time the prizes are given. All merchants must have their stubs turned in 15 minutes before the prize winners are selected.

The Lucky Dollar Days promotion is sponsored annually by the Spearman Chamber of Commerce. Merchants participating in the Lucky Dollar contest will have a poster on their door or window concerning contest rules.

No Plain-Jane

Prune Strips Flavor Coffee Cake

Most coffee cakes are plain-Jane breads, ordinary and unimaginative in their sameness.

So a breakfast bread that steps right into the luxury shortcake family is a real find. Queen of this category is Almond Prune Strip Breakfast Cake.

The dough is a buttery shortcake, crunchy with finely chopped almonds. The criss-cross strips on top are more of the same, but with almond paste mixed in for double almond flavor and unblushing richness.

Plump and viney prunes, simmered down with sugar and vanilla, star in the jam-like filling which is spread deep over the shortcake.

You'll find the quantities given are enough for two strips—one to glory in now, one to freeze for later delight.

ALMOND PRUNE STRIP
Filling:
3 cups plumped pitted prunes, chopped
¾ cup sugar
½ cup water
½ teaspoon vanilla
Cake:
1½ cups butter or margarine
1 cup sugar
5 egg yolks
1 cup finely chopped or ground almonds

4 cups flour
½ cup almond paste
To plump prunes, let soak overnight in sufficient water to cover.

To make filling, combine all ingredients and cook over medium low heat until very thick, stirring all the time. Let cool while preparing cake dough.

To make cake, cream butter or margarine with sugar until light and fluffy. Add egg yolks and continue to cream until smooth and thick. Mix in nuts, then add flour, 1 cup at a time, blending thoroughly between additions.

Divide dough into 2-3 and 1-3

Add Shelters In New Home

Home shelters can be built as an integral part of a new home cheaper than it can be added later. Adequate shelter from man-made and natural disasters can be made from basements and storm cellars.

Many Civil Defense authorities in Randall County are available for consultation on shelters. The Texas A & M University Agricultural Extension Service has complete plans for shelter construction. Builders have plans that can be used. Well constructed shelters can serve other purposes while adding to the peace of mind that comes with knowing there is a safe place available for your family when a disaster is threatening.

"Millions of Americans, maybe better than half the population, will be living in two homes by the 21st century," predicts Enzo Palmentola, president of KKS International, group travel planners.

He emphasized that Americans are the "travelingest people in the world."

Laff Of The Week

"... and I'm a doctor. Say, how about trading a little legal advice for some medical opinions?"

Thanksgiving dinner guests of Mrs. Faye Lynch and Arthur were Miss Ella McGuiney, Harold Womble, Judy and Joe, and Mr. and Mrs. Henry Reid of Morse.

Mr. and Mrs. Ray Skinner had Thanksgiving dinner in the home of their son, Mr. and Mrs. Bob Skinner.

Farm Bureau Leader Says 20 Per Cent from Uncle

HOUSTON — Texas Farm Bureau President C. H. DeVaney said today agriculture is faced with the "unhappy spectacle" of close to 20 per cent of farmers' realized net income in 1964 being paid from the Federal Treasury.

In his address to the TFB's 31st annual meeting at the Rice Hotel, DeVaney told the county Farm Bureau leaders from 201 organized counties that the parity ratio in 1963 averaged the lowest since 1939.

"The current parity ratio is 75 per cent and may average even lower for the entire year of 1964 than for 1963," DeVaney said. "Realized net farm income at \$12.5 billions was down \$100 million in 1963 from 1962. The current USDA estimate is that realized net farm income will be down at least another \$200 million more in 1964."

He said that the USDA projection for 1964 is that \$2.1 billion will come from government payments to farmers.

"Thus, we are faced," he said, "with the unhappy spectacle of close to 20 per cent of the realizations will be considered, such as multiple prices for farm commodities, use of certificates and CCC stocks to depress market prices, Brannan-type payments to supplement depressed market prices, transfer of acreage allotments, the sale of acreage allotments to government or other producers, land diversion on a year-to-year basis, the control of diverted acres, minimum allotments for small growers, minimum national allotments, price support policy, U. S. policy with respect to imports of commodities that are subject to domestic control programs, and international commodity agreements.

He stressed that Farm Bureau members should develop definite positions on all of these programs and issues involved.

DeVaney said that both the state and national Farm Bureaus this year will institute a

ed net farm income being paid to farmers from the Federal Treasury."

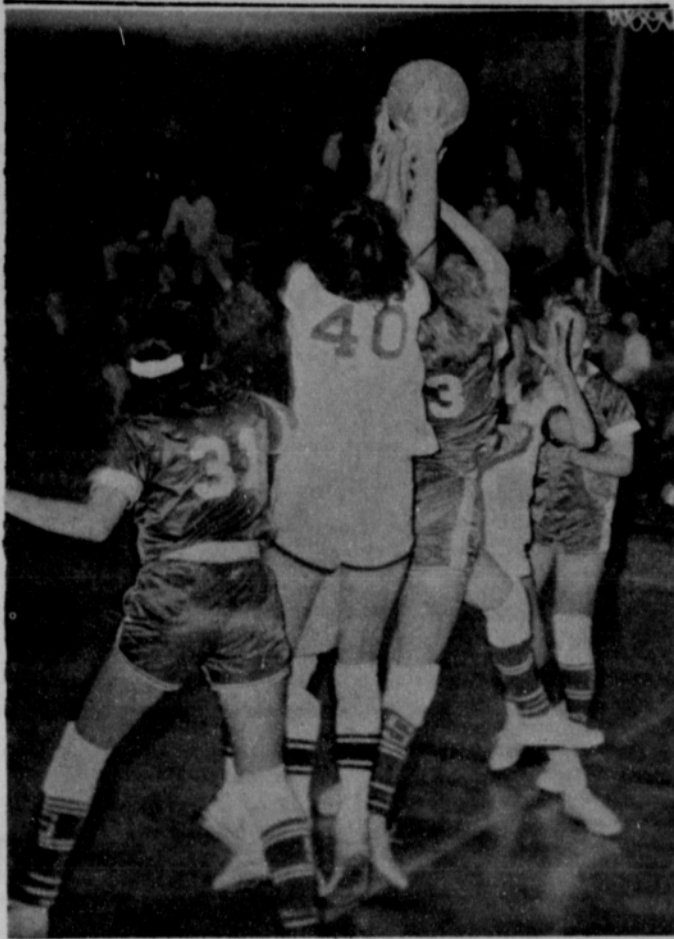

The Texas farm leader pointed out that a long list of government programs will either expire in 1965 or will be up for review.

"When Congress starts considering these programs, many important and controversial sub-

new approach to assure fullest understanding by Congress of Farm Bureau's policies before Congress convenes in January.

He said county Farm Bureau leaders would meet with their respective Congressmen immediately following adoption of national policies at the American Farm Bureau Federation convention in December in Philadelphia.

The TFB leader said that in other years some Congressmen had become committed to other programs before they had an opportunity to understand what the nation's largest farm organization proposes.

REBOUND SCRAMBLE — The shorter Spearman Lynx guards had a real battle on their hands in scrambling for rebounds against the Gruver team. Susan Hutchison is right in the middle of a battle of hands but did come out with the ball. PLAINSMAN PHOTO

Beef Cattle Short Course Scheduled

A beef cattle short course for adult farmers will be held Nov. 30-Dec. 3 under the sponsorship of the Spearman High School Vocational Agriculture Dept. according to James Bramlett, Superintendent and Messrs. Jackson and Felder, teachers of Vocational Agriculture.

Mr. W.W. (Bill) Holtzapple, Beef Production Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Dept. of Animal Husbandry at Texas A&M University will be the instructor for the course. He is headquartered at Texas A&M University.

Mr. Holtzapple is a graduate of Texas A&M. He majored in Agricultural Education with much of his work done in livestock production.

Upon graduation he taught Vocational Agriculture at Hearne for one year. For the

W.W. Holtzapple

past nine years he has served as County Agriculture Agent

in San Augustine County. Holtzapple has had much experience in working with beef cattle and operated his own

farm with beef cattle and poultry as the main enterprises. He has worked with commercial and registered breeders in that area and has carried on a very active education program in beef cattle production.

The shortcourse at Spearman is scheduled to begin Nov. 30 at 7:00 p.m. in the vocational agriculture building. Other meetings in the series of beef cattle will be held nightly. During the dates the shortcourse is in progress, Holtzapple will be available to assist cattlemen with individual problems and to provide on-the-farm instruction, according to Jackson and Felder.

Cattlemen interested in attending the shortcourse should write or call the instructors. An entry fee of \$2.00 will be charged.

Miss Linda Holt, a Texas Tech student, is spending the Thanksgiving holidays with her parents, Mr. and Mrs. Nolan Holt.

Ann Garnett, a student at Baylor University, spent the holi-

Another milestone was passed this year when the Cooperative personnel completed 400,000 man hours without a disabling injury. In the picture above, Ira Harbour, president of the board of Directors, right, is congratulating Bobby McCoy, line superintendent for the fine safety record. The 400,000 man hours was accumulated from June 1953, the date of the last lost time accident, to April 1964, or almost eleven years of operations. With a small crew of 18 employees, the length of time is more significant than the number of man hours worked. The Safety Plaque is awarded by the Co-op's insurance carrier, Employers Mutual of Wausau.

days here with her parents, the Stanley Garnetts.

Mr. and Mrs. Kent Guthrie of Denton spent the holidays here with her parents, Mr. and Mrs. Herb Butts.

Pat Pattison, a student at Phillips University at Enid, Okla., spent the holidays with Mr. and Mrs. Clyde Yearoy of Waka.

Mike Sanders, a WT student,

is here for the holidays with his parents, the Rue Sanders.

Bonnie Driscoll, a student at WT, spent the holidays with her parents, the Robert Driscolls.

Linda Ainsworth spent the holidays here with her parents, the C. W. Ainsworths. Linda is a student at West Texas State.

Carl Nickles of Dallas is here

visiting his parents, Mr. and Mrs. C. A. Nickles.

Dianne Renner, a student at West Texas State, spent the holidays here with her parents, the Clarence Renners.

Rick Collins, a Texas Tech freshman, spent the holidays here with his parents, Mr. and Mrs. Lewis Collins.

Other Editors' **Calm Opinions!**

Wellington is about the only town I know where the visitors sit on the best side of the field. Some towns have facilities where the seats are just as good on one side as the other; but such is not the case here or in Shamrock, Memphis, Canadian, McLean or Clarendon. When we go there we sit on the bleachers but here we sit on the wooden seats while the visitors take over the more modern seats on the west which are cooler on a hot afternoon and warmer on a cold night. However, the Wellington people have gone to the east side of the stadium for so many years that there is no thought of changing. The Rocket boosters would rather fight than switch.

Deck Wells in Wellington Leader

Christmas buying was well underway in November this year. For many it started in January.

The trend which is leveling the peaks of seasonal buying is economically helpful to both retailers and consumers.

Consistent sales throughout the year reduces costs for manufacturers, wholesalers and retailers. Personnel and space is

used more efficiently. Investment risk is reduced.

In a competitive economy, savings made at each step are ultimately passed on to the consumer. Thus, advertising which brings about the purchase of fur coats in August may honestly promise dramatic bargains.

Advertising designed to stimulate off-season buying is always long-range. It may require a decade or more to change fixed shopping habits.

But such advertising has been effective. It has changed the nature of grocery sales. It has created the January white sales. It is now selling Christmas toys in July.

In each case, foresighted consumers have gained from the increased efficiency in production stimulated by off-season advertising.

Ochiltree County Herald

Richie Hudson, a student at Southwestern State College, is here visiting his parents, Mr. and Mrs. Dick Hudson.

A sure sign of old age is when you feel your corns more than your oats.
