Lynx Win First Game Of Year

Ground Game Grinds Out 21-0 Win Over Ranchers

IN A CROWD - Lynx Fullback Jerry Holton finds lots of Ranchers waiting for him as he rips into the line. The big fullback raced for 113 yards on 22 carries for a

five yard-per-try average. He scored one touchdown on a 21 yard blast up the middle.

Plainsman photo

Chamber Asks Ruling On Water Depletion

The Spearman Chamber of Commerce, Water Resource Committee Jim Burks, Chairman and Johnnie C. Lee, Co-Chairmen stated that they had contacted Ellis Campbell, Jr. District Director, Internal Revenue Department, Dallas, requesting that his office give the Spearman Chamber of

Commerce an opinion and render a decision concerning underground water depletion allowance for tax purposes.

Wayne B. Smith, manager, had requested information previously as to whether a tax case would have to be established or if the South Plains verdict, which allows tax depletion, could be used. If the South Plains court decision can be used as a test case then much time and expense would be saved to the farmers and ranchers of Hansford County.

The tax allowance would also be used in the resale of land and water rights, Chairman Burks and Co-Chairman Lee stated that this matter would be pursued and a meeting would be held when more information is available.

P-TA Having School Night

The Spearman P-TA will have "Back to School" night Monday night, Oct. 10, at 7:30 p.m.

All parents are urged to attend this important meeting.

At the grade school the teachers will be in their rooms to meet with parents and show some of the work being done by their students.

At high school there will be 10 minute class periods and parents will go to each class on their children's schedules.

Booster Club Meets Tuesday

The Spearman Lynx Booster Club will meet at 7:30 p.m. Tuesday instead of Monday night this week. The meeting was changed because of the P-TA Back-To-School Night Monday.

STRENGTH- Lynx Bobby Smith (42) lunges forward in the arms of a Boys Rancher tackler. Smith turned in some sparkling runs in the Lynx ground and scored one touchdown.

Plainsman photo

Spearman's ground troops took the spotlight here Friday night and hotfooted it to a 21-0 win over a tough bunch of Roughriders from Boys Ranch.

It was no place for the faint-hearted as the two teams were both looking for their first victory of the year and went at it from the opening whistle. There were 10 fumbles in the game as ballcarriers were jarred loose from the ball.

Jerry Holton was the workhorse for the Lynx with 113 yards on 22 carries for a five plus yard average.

Spearman's ground game completely dominated the game. The Lynx rolled up 285 yards on the ground and kept Boys Ranch in poor field position all night. The Spearman 40 yard line was the deepest penetration the Ranchers made.

Boys Ranch got the ball five times except on kick-offs and twice it was inside their own five, once at their 20 and once at their 25.

Spearman had two big scoring chances in the first quarter, but the drives died. The Lynx took the opening kick-off and after Spearman recovered a fourth down punt fumble at mid-field, drove on to the Rancher 20 before penalties put them in reverse.

On the punt a Rancher signalled a fair catch, then let the football bounce against his leg. He made no effort to get it and Spearman recovered at the Rancher 47.

Fullback Jerry Holton was the big rammer in the drive, but with a first down at the Rancher 20, the flags started flying. It was 15 yards for holding, then five for being offside and Spearman was back to the 40.

Two passes went high and Randy Moore put Boys Ranch in the hole. He punted high and Karl Kunselman, Ronnie Gray, Ronnie Gilbert and Phil Renner went down fast to kill the ball on the four.

The Ranchers bulled out to the 28 before Bob Smith cut the drive down with a good tackle on third down and forced the Ranchers to punt. The ball went over Rancher Danny Stout's head. He got it on the five and managed to get out to the 28 being hauled down.

Spearman ran four plays and Boys Ranch took over at their 25.

Mike Hendricks dropped Soapy Dollar for a loss of three on a passing attempt, following a penalty. The Ranchers were back to their 17 so they punted out to the Lynx 45.

Holton, Gary Cates and Wesley Jenkins lugged the ball down to the Rancher 21. Holton drove into the middle, exploded into the clear and went 21 yards for a touchdown after faking out the safety.

Charles Shieldknight kicked the extra point to give Spearman a 7-0 lead.

Spearman got the ball in mid-field when Gilbert recovered a Rancher fumble after Dollar had completed a three yard pass to Kit Scarborough. He tried to

lateral as he was hit and the ball went wild.

Spearman could not move the ball either and Moore punted to the one.

Spearman was leading 7-0 at the half.

The Lynx took the kick-off and after four plays fumbled the ball away at their own 45. Alvin Jones recovered for the Roughriders.

The defense held the Ranchers at the Spearman 40 and forced them to punt. The ball went over the goal and Spearman took over on the 20.

Holton, Smith and Jenkins started lugging the ball down field. Smith threw caution to the wind as the limber-legged sophomore went driving over and through tacklers for yards.

The drive went to the one where Smith was jarred loose from the ball in a big pile-up and Boys Ranch recovered.

The Rancher barreled out to their own 41, where on third down Steve Jordan, Moore and Steve Holton combined to drop Jim Petty for a three yard loss after he caught a Dollar pass.

Spearman took the punt on the Lynx 34 and drove in for a score in 10 plays. They covered 66 yards as Jerry Holton got 29 on four carries. The drive almost died on a fumble.

At the Rancher 19, quarterback Charles Shieldknight rolled out around end for 12 yards. He dropped the ball as he hit the ground and it squirted to the three where Jenkins beat the Ranchers too it.

Smith scored on the next play. He was hit three times but managed to keep his feet and bounce into the end zone. Shieldknight kicked the point to make the score 14-0 early in the fourth quarter.

Three plays later Spearman started their final scoring drive. On third down after two incomplete passes, Jerry Holton knocked the Rancher center into the quarterback, forcing a fumble. Shieldknight recovered for Spearman at the Rancher 26.

It took Smith, Jenkins and Holton only four plays to get to the one as the Lynx forward wall opened holes for the backs.

Things got sticky at the one. The Ranchers bunched their defense and pitched back efforts by Holton and Smith. Then Shieldknight started rolling out and pitched the ball to Jenkins who scored. Shieldknight kicked the point to make it 21-0.

Spearman was rolling when the gun sounded. Cates ran a Rancher punt back from the Lynx 30 to the Rancher 38 and Spearman started moving. On the last play of the game Jenkins took a hand-off and on a reverse went to the Rancher 15 as the gun sounded.

TWENTIETH CENTURY CLUB

Country Home is Scene Of Joint Club Meeting

The country home of Mrs. Nolan Holt was the scene for the joint meeting of the Fine Arts and Home Science divisions of the Twentieth Century Club Thursday, Oct. 6 with Mrs. L.S. McLain as co-hostess.

Miss Jenny Lynn Massad, who told of her trip to the Holy Land, showing slides to illustrate her trip and Mrs. Chalmers Porter, who also told of the highlights of her recent visit to the Holy Land.

The serving table was laid with an ecru cutwork linen cloth and centered with an arrangement of Tropicana roses. Silver and crystal completed the setting. Presiding were Meses. Wesley Garnett and L. S. McLain, who served dainty party sandwiches, cake and coffee to the members and guests.

Attending were Meses. C.A. Kleeberger, Everett Tracy, Wesley Garnett, George Buzzard, D.E. Spoonmore, W.J. Massie, Woodville Jarvis, Carl Archer, Dick Kilgore, Johnnie Lee, Chalmers Porter, Joe Trayler, Guy Fuller, H.H. Chevalier, Olin Sheets, C.U. Pope, Frank Davis, Fred Holt, Raymond Kirk, J.T. McWhirter and the guest, Miss Massad and the hostesses.

Weekend visitors in the R.F. Kingsley home were their children Patsy, a student at Lubbock Christian College, Danny a student at Sunset School of Preaching and Mr. and Mrs. Larry Kingsley and family. Larry is teaching this year at Texas Christian University.

Fred Franks

Union Church Holds Revival

Revival services begin today in the Union Church here and continue throughout the week at 7:30 each evening.

The Rev. Fred Franks of Grandy, Mo., will be the evangelist. He recently became a full time evangelist after being pastor of several churches.

The Rev. George Bollinger, pastor, extends a cordial welcome to everyone to attend the services.

Kidneys Gourmet Fare

Broiled kidneys are gourmet fare when they are served with strips of crisp bacon, broiled mushrooms and broiled tomatoes.

Research Foundation Test

Rainfall Eliminates Stage

Wheat irrigated at germination, joint, boot, head, and soft dough stages produced optimum yields and returns in the 1965-1966 wheat irrigation and fertilizer research tests at the High Plains Research Foundation, according to Dr. Earl Collister, Executive Vice-President and Director.

Foundation tests showed that

the last or soft dough stage irrigation can be eliminated if adequate rainfall occurs in the latter half of May. For the second consecutive year, the winter irrigation applied in February to non-grazed wheat was not profitable. The optimum and economic yields of Tascosa wheat, used in the test, were produced with 120 pounds of nitrogen plus 30 pounds of sulfur and/or 60 pounds of P2O5 (phosphorus).

The wheat irrigation-fertilizer study was conducted by Loyd Langford, Associate Agronomist and Dean Howard, Assistant Agronomist at the High Plains Research Foundation at Halfway. The protein analysis

on these tests was conducted by S.N. Vilm, Chief Chemist of Producers Grain Corporation, Amarillo.

This research was conducted to help growers determine the most timely irrigation schedule and efficient fertilizer level for growing wheat with profitable returns under various farming conditions, Dr. Collister said.

Twelve fertilizer levels were applied preplant in randomized complete block design and replicated four times within each of the three irrigation methods. One hundred pounds of Tascosa wheat seed per acre was planted on October 25, 1965 and harvested on June 25, 1966. Under the conditions of the wheat test, sulfur produced high yields and returns. The addition of 60 to 90 pounds of P2O5 produced a significant increase in yield over nitrogen alone at the 80 pound nitrogen rate under all three irrigation methods. The addition of phosphate increased yields sufficiently over nitrogen alone in most treatments to pay for the phosphate cost.

This wheat irrigation-fertilizer test will be valuable this year due to the increase in allotted wheat acreage for 1966-1967.

Mr. and Mrs. Faye Stiles of Clinton, Okla., were weekend guests of their daughter and family, Mr. and Mrs. Ted Widener.

Mrs. Buzzard Hosts WSCS

The Mary Martha Circle of the WSCS met Oct. 5 in the church parlor of the First Methodist Church with Mrs. George Buzzard as hostess.

The meeting opened with prayer by Mrs. Kenneth Williams and the devotional "God And The Church As Equal Partners" was given by Mrs. T.D. Sansing. Mrs. Roy Jones presided at the business.

Mrs. Joel Lee Lackey gave the program and conducted the study "Canada and the Church."

Attending were Meses. W.H. Tarbox, P.A. Lyon, Sam Patterson, Kenneth Williams, Roy Jones, H.H. Crooks, T.D. Sansing, Andy Rhodes, Sid Beck, Joel Lackey and the hostess.

Mrs. Collard Hosts Circle

The Susannah Wesley Circle of the WSCS met at the parlor of the First Methodist Church Oct. 5 at 9:30 with Dorcas Collard as hostess.

Judy Martin gave the devotional with Donna Baxter presiding at the business session.

Sherry Partridge continued the study "The Church Grows In Canada." She was assisted by Linda McLain and Beth Daniel.

Present for the meeting were Donna Baxter, Beth Daniel, Virginia Head, Louene Hutchison, Judy Martin, Sherry Partridge, Patty Sheppard, Linda McLain, Rita Reed, Wanda Reed, Jan McIntire, Nellie Buchanan, Dorcas Collard, Mary Jane DeArmond, Marva Hohertz, Virginia Trindle and Carolyn Messer.

The meeting was closed with prayer by Carolyn Messer.

Vernons Home On Short Visit

Mr. and Mrs. Eldon Vernon have been here visiting their parents, Mr. and Mrs. Pete Vernon and Mr. and Mrs. Everett Greene.

Eldon is a Parachute Rigger second class in the Navy and they are enroute to El Centro, Calif., where he will be stationed.

He just completed a Navy school at Lakehurst, N.J., and will now be working on high altitude and space suits and parachutes.

POWER RUNNER - Eighth grader Tommy Loveday (33) pushes by a Boys Rancher as he rips off some yards for the young Lynx. Loveday scored the only Spearman touchdown as the Lynx had to battle hard for a tie; 6-6.

-Plainsman photo

Eighth Grade Battles WMU Heads Ranchers To 6-6 Tie Make Reports

Spearman Eighth Grade's string of victories now has a tie to go with the record of four wins. A tough, strong group of Boys Ranch Eighth Graders tied Spearman 6-6 here Thursday.

Both teams had scoring opportunities only to see them die in strong defensive efforts by the opposition.

Spearman scored first when fullback Tommy Loveday bulldozed over for six points just inside the red flag of the goal line. Robert Archer was buried when he tried to run over the extra points.

Boys Ranch tied the game when they got a break on a fourth down punt. A Spearman safety man was trying to get away from the ball when it took a wild bounce and touched him. The host of Ranchers fell on the ball at the Lynx 10. The ranchers were not to be

denied and quickly pushed over a touchdown, but the Lynx defense killed the extra points.

Boys Ranch was threatening just before the game ended. They got inside the Lynx 10, but strong defense held them off, then forced a fumble which Eddie Richeson recovered.

Spearman ran the clock out. Coach Jerry King called the Ranchers the best and toughest team his boys have faced this year. He said if anyone had let up the Ranchers would have beat the young Lynx.

The Royal Service Program of the W.M.U. was held Wednesday morning at 9:30 at the First Baptist Church. Betty Uppergrove presided at the business session with Donna Helms reading the prayer calendar. Various general chairman reports were given with plans for the new year.

The program titled "The Search for God Among Language Groups" was under the direction of Donna Helms assisted by Marie Berry, Peggy Archer, Lena Stephenson, Frances Kilgore, Vicki Addison, Frankie Brandt and Gwendolyn Golightley.

Approximately 30 member attended.

B-Team Falls To BR 50-0 Sorority Has 11 Present

The roof fell in on the Spearman Lyn B-team at Boys Ranch Thursday night. Boys Ranch won 50-0.

The B-team fell behind in the first half, but were trailing only 6-0 at the half.

In the second half Boys Ranch started throwing the ball and intercepting Spearman passes and ran the score up to 50-0 before the game was over.

Alpha Delta Kappa teacher's sorority held their regular meeting Thursday at 7:30 p. m. in the home of Ruth Mary Whitson with Eula Goodall and Mathilde Entekin assisting as hostesses. Eula Goodall presented the Founder's Day Program.

Members present were Doris Crum, Martha Coursey, Dee Deere, Charlie Theis, Louise Archer, Lillian Smith, Elva Lee Sheets, Fern West, Barbara Patterson and the hostesses.

BR Defeats Seventh 22-0

A late scoring surge by the Boys Ranch Seventh graders gave them a 22-0 victory over the Spearman Seventh Grade here Thursday afternoon.

Boys Ranch scored twice on passes and once on a short drive through the middle.

There are about 800 different kinds of wood known to the timber trade.

THE HISTORY OF GLASS

Making plate glass in the 18th century required speed and minute attention from every workman. Here the molten glass is poured onto a large table, where two men move a copper roller over it. Other assistants catch and pluck out any bits of dust which might fall on the still soft surface.

Safety glass in aluminum patio doors is now becoming standard; interestingly, it was only 350 years ago that windows which provided some control over room temperature and ventilation became standard. These were crude devices, usually consisting of 15 to 20 square panes divided by horizontal and vertical lead bars. A wrought-iron frame, hinged on one side, allowed the window to swing open.

Glass, itself, is even centuries older. The first man-made glasses were glazes, used as decorative coatings on stone beads; the earliest known examples, found in Egypt, date from 12,000 B.C. The oldest pure glass object in the world, a tiny blue amulet, is 9,000 years old.

To the ancient Egyptians, glass was a luxury item, so expensive that glass beads were considered as precious as natural gems! Glassblowing was unknown. Early Egyptian artisans made glass vessels by winding rods of hot, softened glass around a central core of sand built up on a metal rod.

When the Romans conquered Egypt, they took back to Rome samples of glassware and secrets of glass-making.

During the Middle Ages, no church was complete without beautiful stained glass windows. The first glass mirrors and crude eyeglasses date from about the 13th century.

Plate glass with the clarity we take for granted today, was unknown less than 100 years ago. Today, glass is not only clearer, but safer. Aluminum patio doors which contain safety glass help insure that your youngsters will not be cut should they fall against the glass. If safety glass should break under heavy impact, it crumbles into small granular fragments rather than large, sharp-edged pieces, minimizing the danger of serious personal injury.

Other new ideas in glass include window panes that automatically regulate heat and light. Tomorrow, entire cities may be enclosed in glass domes that can regulate the weather!

Panhandle Aggie Stampede Starts In Guymon October 28

Pioneer Stadium in Guymon will be the scene of the second annual Panhandle Aggie Stampede. The three performances of the NIRA Rodeo will be held at 8 p.m. Friday and 2 & 8 p.m. Saturday, October 28 and 29. The rodeo is sponsored by the PAMC Rodeo Club.

Competition is open to rodeo

cowboys from colleges and universities from the Southwest Region which includes about 12-13 schools from Oklahoma, Texas, and New Mexico. An estimated 200 contestants will be competing for points as well as prizes. Points earned in the rodeo will help the cowboys in accumulating enough points to be allowed to enter the National Finals next summer. PAMC will have 10-15 entries in the rodeo.

Belt buckles donated by area merchants will be given to the winners of each event, and trophies will be presented to the all-around cowboy and cowgirl and to the outstanding men and women's rodeo teams. The men's rodeo teams are composed of six cowboys and the women's teams consists of three cowgirls. To participate in NIRA competition, college students must have a "C" average grade point.

The rodeo will have competition in bareback riding, saddle bronc, bull riding, ribbon roping, tie-down calf roping, bull-dogging, girls' barrel racing and goat tying. A \$30 entry fee will be charged for boys' events and \$20 in barrel-racing and goat tying.

Jack Long, Jr., of Alden, Kans., is the rodeo producer. Hack Webb will be the announcer of the rodeo.

Admission price to the rodeo performances will be \$1.25 per person at the gate, and \$1.00

per person for advance tickets. Children under 12 with parents will be admitted free.

Programs will be on sale at the rodeo which advertise merchants of Guymon, Goodwell, Texhoma, and Hooker, and pictures of the Rodeo Club and teams from PAMC.

First Graders Dismissed

First grade students in the Spearman school will be dismissed at 2:30 p.m. Tuesday, Wednesday, Thursday and Friday, Principal Allen Alford announced today.

Students are being dismissed so teachers may have time to make their regular first six weeks report to the parents in an individual conference.

Alford said parents who have children riding the bus may pick them up at 2:30 or they may remain in the bus period until they are put on the bus.

Parents have been sent a schedule for the time of their conference. Alford asks that any parent who cannot attend at the scheduled time please notify his office, so a new time may be set.

Engagement Told

The engagement of Miss Judith Gayle Stump of Amarillo, to Mr. Larry Wilford Irlbeck is announced by her parents, Mr. and Mrs. J.R. Stump of Waka.

Mr. Irlbeck is the son of Mr. and Mrs. Fred Irlbeck of Canyon. The First Baptist Church of this city will be the setting for the Nov. 5 wedding.

Lady Golfers Meet Monday

The Spearman Ladies Golf Association will meet Monday evening, Oct. 10 at 8 p.m. at the Cattleman's Cafe.

Officers will be elected and Tri-State Play Day plans will be discussed. The play day will be here at the golf club on Oct. 20.

Everyone interested is invited to attend.

Mr. and Mrs. Don Jones, Wanda and Billie spent Friday night and Saturday in Pampa visiting her parents, Mr. and Mrs. W.R. Morrison.

Mrs. Richard Kingsley will be leaving soon for Ft. Worth where she will attend beauty school. While there she will stay with her sister, Mrs. J.D. Covington.

Janie Kirkland moved to Borger recently and will attend Frank Phillips Junior College.

JAY NAMAN

Jay Naman To Present FU Charter

The state office of Texas Farmers Union at Waco announced today that new county units have been organized in Hansford and Ochiltree counties.

State Farmers Union President Jay Naman will present the official charter to the Ochiltree County Farmers Union at the North Plains Electric Cooperative at Perryton, 7:30 p.m. Monday, October 10.

The chartering ceremony for the Hansford County Farmers Union will be at the Memorial Building at Gruver, 8:00 p.m. Tuesday, Oct. 11. State President Jay Naman of Waco will also address this meeting.

Officers for the coming year and delegates to the state Farmers Union convention to be held at Mineral Wells in November will be elected at these meetings. The newly chartered groups will also adopt resolutions to be submitted at the state convention.

The organizational co-chairmen for Ochiltree County are Dean Slaughter of Perryton, Cecil Leicht of Perryton and

Mrs. Mathews Bridge Hostess

The Undecided Bridge Luncheon Club met Thursday with Mrs. Bobby Mathews as hostess.

Mrs. James Linn won high score, Mrs. Lawton Guthrie second high and Mrs. Kent Guthrie the traveling prize.

Members present were Mmes. Bobby Archer, Richard Countiss, Lawton Guthrie, Kent Guthrie, Danny Jackson, Steve Mathews, Bill Strawn, Bill Wilmeth, guests, Mrs. Herbert Butt, Mrs. Tom Etter, Mrs. James Linn and the hostess.

Scouts Learning Embroidering

Junior Girl Scouts Troop No. 82 met October 6 at the Scout House for their regular meeting.

The girls began learning to embroidering at this meeting.

Attending were Debbie Gregg, Angela Craig, Cheryl Gibson, Nikki Jones, Sheryl McCalman, Stacy Pendergraft, Debbie Sheppard, Gina Bulls, Debbie Simmons, Deborah Shelton, Carma Burch, Linda Hamilton, Linda Jordan, Sheila Cochran, Rhonda Nelson, and Julie Calaway, leaders, Mmes. Ann Shelton, Patty Sheppard and Diane Gregg.

Gruver Library Honors Artist

An open house honoring Nelda Sheets, exhibiting artist, will be held Sunday, Oct. 9 from 3 to 5 in the Gruver Library.

Approximately 50 paintings and some sculpture are on display.

Billy Conner of Farnsworth. The organizational co-chairmen for Hansford County are F.A. Shapley of Gruver and Harold Groves of Spearman.

Miss Barkley Nominated For Queen

Miss Mary Ellen Barkley has been chosen as a candidate for Homecoming Queen at Texas Tech in Lubbock.

Miss Barkley will represent her dormitory, Doak Hall in the Homecoming Queen contest.

Miss Barkley is a junior and is the daughter of Mr. and Mrs. Freeman Barkley of Spearman. Homecoming will be Saturday afternoon, Oct. 22 on the Tech campus. The homecoming queen will be presented at the Texas Tech-SMU football game that afternoon.

Five Hurt In Wreck

Five Gruver residents were brought to Spearman Clinic Friday afternoon for emergency treatment of minor injuries.

Brought to the clinic were June Barkley, Janice Flathers, Barbara Cluck, Pat Barkley and Sharon O'Connell. All were treated and released.

Police officers who investigated the accident said the women were in a car driven by Pat Barkley when it collided with a grain truck driven by Tim Myer.

The accident happened on Highway 136 near the highway barn at 2:30 p.m.

Mr. and Mrs. Kiff White left Tuesday for Falcon Lake where they will spend two weeks fishing.

JUMBO COOKIES

Now that school's back in full swing, bake a batch of delicious jumbo cookies for your children's lunch boxes.

To freeze a frosted cake, set on cardboard covered with wax paper or foil. Place in freezer and leave until hard, then wrap. For extra protection, place cake in cardboard box. Store in freezer. Cake portions may be frozen in the same manner.

but ones of 20 or more or not uncommon.

Most notable characteristics of this snake are the diamond-shaped markings along the back and the distinctive black and white rings on the tail, above the rattles.

Its head is broad, flat and triangular. Fangs are about one-half inch long and are recurved, folding flat against the roof of the mouth. This snake can open its mouth until both upper and lower jaws are completely vertical.

Diamondbacks are responsible for more deaths than any other North American snake because they are capable of manufacturing and injecting more toxin.

A lethal dose of venom is about one drop for each 50 pounds of body weight.

Their rattle comes from a jointed string of segments that are interlocked very loosely. Each click of the vibrations is almost heard individually when the tail vibrates slowly. But it becomes almost an incessant hum when the movement is frenzied.

Do not depend on the sound of the rattle to give warning. Some rattlers have been known to remain mute before striking; others might have lost their rattles through some mishap.

A rattler sheds his skin during the active warm-weather season. In winter it hibernates in its den and does not normally shed.

It begins the shed by rubbing its mouth against some object, loosening the lip scale. Then it works the loose skin free from the head and crawls out, leaving the skin turned inside out.

The rattler is a pit-viper, with the heat-detecting pit between eye and nostril.

A rattler has no ears, therefore its strike is directed at a heat source and also at vibrations.

A new line of embroidered flower appliques, made of washable orlon, are available in a wide selection of colorful motifs. They are especially suitable for washable knit dresses and ensembles. For dressier garments, there are now flower appliques in black, white or brown velvet.

The surgeon's traditional white coat with its wraparound look now has moved into high fashion. Designer Rudi Gernreich of California has copied the coat in tweed, unlined, with collarless V-throat, shown over above - knee skirts to match. The skirts are shirred at the waist on drawstring.

Tanners use the term "hide" when referring to a whole pelt from one of the larger animals - cattle, horse and so on. They use the term "skin" when referring to the pelt from a young or small animal - sheep, calf, pig.

JAIME: PARDONAME, POR FAVOR! 102-1p

By Vern Sanford

No creature in Texas is shrouded with so many myths and half-truths as the rattlesnake.

This deadly reptile really has more of an overblown reputation than a true case history.

Facts gathered by the Texas Department of Public Health reveal that more Texans die from insect stings than from snakebite.

But this doesn't discourage those who preach the rattlesnake myth. Even though they have no biological proof they continue to tell stories about this much-publicized reptile. Yet many people accept their statements as fact.

Here are just a few of the more common myths credited to the rattler:

1. A mama rattlesnake will swallow her young upon impending danger.
2. By stretching a Manila rope about your camp at night, you're protected since no rattlesnake will crawl over a hair rope.
3. A large rattlesnake can inject more than a teacup of venom.
4. Extract the fangs of a rattler and it is harmless forever.
5. Rattlesnake broth is a sure cure for pneumonia.

There are many other such myths. But this sampling gives you some idea as to what many people have come to accept as truthful about the rattlesnake. In fact, it has gotten to the point where it is difficult to distinguish myth from fact.

For example, it is common belief that six-foot rattlesnakes are abundant, particularly in South Texas--home of our biggest rattlers. Yet,

WANTED

WANTED-Septic tank pumping and portable disc rolling. Bobby Joe Grayson, phone 659-2209. 80tfc

Jelly-makers should remember to pour jelly into hot sterilized glasses to within 1/2-inch from the top. The added layer of melted paraffin should be 1/4 inch thick. When the jelly is

from an advertisement in Texas Game and Fish Magazine, official publication of the State Parks and Wildlife Commission, a few years back, calling for six-foot rattlers, there was only one answer. And this one just barely made six feet.

Truth is that a rattler over five feet is rare. Many people get generous eyes when they see a big rattler. Many a four-footer has grown to six feet or more after the story has been told a few times.

One of the greatest fallacies about rattlers is that their true age can be determined by the number of rattles they carry. Yet a two-year old rattler may have as many rattles as one four years old. So, the number of rattles actually is a very poor indication of age.

Hunting rattlesnakes has become a popular winter pastime throughout Texas. In some places, such as Sweetwater, rattlesnake round-ups are staged annually. They attract contestants from throughout the state, as well as from other states.

Most hunters capture snakes by spraying gasoline into known rattler dens and catching the groggy reptiles after the fumes have driven them into the open.

Favorite weapon is a snare. It is made from a long piece of aluminum tubing with a piece of wire doubled through it, leaving a loop at one end. This loop is dropped over a snake's head and the loose ends at the opposite end are pulled to draw the loop taut.

Some people even eat rattlesnake. Those who have tried it say it is fairly delectable. It tastes something like a cross between chicken and fish.

Most famous member of the Texas rattler family is the Western Diamondback. This snake has a large and heavy body and will average between three and four feet in length. A litter of young, born alive, will average about 12.

Dee Miller Speaks To Gruver Lions Club

Dee Miller, Democratic candidate for Congress from the 18th Congressional District told members of the Gruver Lions Club Wednesday that he is opposed to any increase in federal taxes.

"We've got to cut down on some of this domestic spending and spend our money where we really need it--to bring this war in Viet Nam to a quick and decisive end. Short of some other measure directly involving national security, I am not convinced that a tax increase is necessary or advisable," Miller said. "I just don't believe it is morally right, when our sons, husbands and brothers are fighting a war, that we should let domestic spending force us into a tax increase which does not directly benefit that war effort."

Miller told the Lions that he was going to Washington to

represent the people of the 18th Congressional District. "I owe no obligation to anyone else, and I will not be subject to any outside pressures."

Republican Candidate Bob Price will speak to the Gruver Lions on Oct. 19.

Mr. and Mrs. Roy Jones and her sister, Mrs. Eula Krutilek of Dallas returned last week from a trip to New Mexico and Colorado. While gone they visited the Jones' son and family, Mr. and Mrs. Roy Lee Jones at Lovington and also visited Carlsbad Caverns. Mrs. Krutilek has returned to her home in Dallas.

Onion, Celery Additions

When you are "boiling" a brisket of beef add a sliced onion and a rib of celery with the leaves.

Margaret Adamson Gives Program

The Happy Homes HD Club met Thursday afternoon in the country home of Adalyn Barnes.

The meeting was called to order by Rose Cummings and the devotional was given by Vaye West. Roll Call was answered by naming a game for children.

The council report was given by Adalyn Barnes and it was announced that the annual meeting will be on Oct. 25 at the HD Clubroom with a salad luncheon. It was also voted by the group to help with the March of Dimes drive in January.

The reports of the delegates to the State Convention were given by Tot Rosenbaum and Rita Reed.

A short program on "Childhood Diseases" was presented by Margaret Adamson.

Attending were Rose Cummings, Margaret Adamson, Do-

rothy Groves, Norma Jo Curtis, Maylynn Schubert, Wanda Schubert, Vaye West, Rita Reed, 2 guests, Tot Rosenbaum and Barbara Harris and the hostess, Adalyn Barnes.

There will be a District W. S.C.S. Meeting at Follett Tuesday, Oct. 11 with registration beginning at 9:30 a.m. Several women of the local W.S.C.S. will be going. If others would like to go, they should call Mrs. George Col-lard.

Tasty Dressing

Mash a small wedge of blue cheese or Roquefort and add it to mayonnaise thinned with buttermilk for a quick-and-easy salad dressing for wedges of lettuce and sliced tomatoes.

Draft Board Calls 47 For Military Tests

Forty-seven men have been called from Hansford, Ochiltree, Lipscomb and Hemphill counties for pre-induction Army mental and physical examinations Oct. 23.

The draft board in Perryton was given a quota of 45 men for physicals in October, and are sending two for re-exami-

nation.

Those going for physicals are: John Jordan Jr., Wesley Eddleman, J. Barton, David Fike, Malcolm Kirkland, Robert Campbell Jr., Glenn Ayers, Terry Brown, Larry Miller, Byron Simpson, Paul Haywood Jr., Freddy Buxman, Edward Robertson, Billy Blackmore, Grant Drake, Orville Mathews, James McElreath, Edgar Rhea III, Jackie Brown, Dickie Moore, Randal McLain, Raymond Miller, Carl Seibel, Bobby Cook, Jeffrey Roper, Roy Stallings, Dennis Harris, William O'Brien, Eldon Cook, Clifton Bell Jr., Jack Hawkins, Larry Trosper, Larry Lewter, Fred Flannigan, Billy Miller, Jerry Krebbiel, Robert Pounds, Jame Firmin, Gerald Yarnold, James Mier, Wayne Leatherman, J. Norris, Dana Duke, Donald Chance, Miller Cunningham, Malcolm Sides and Scotty Jerg.

State draft boards will call 2,339 men from Texas in November. This is below the 2,845 men called in October. This was the largest number called since April, 1953.

Four Spearman men were in the inductees who left Monday. They were Jerry Mitts, Jimmy Beeson, Roy McBride and Eddie Martin.

Roy Ellis of Cunningham, Kan. spent Wednesday afternoon with the Guy Remys.

TIPS FOR OUTDOORSMEN

by Vern Sanford

PROTECTING ROD WINDINGS—To preserve the color of the winding thread and to keep the guides from getting loose, experienced fishermen use a clear Ambroid cement to repair their rod windings.

Apply a couple of coats of the cement, then finish off with a coat of spar varnish.

Let it dry and the rod's ready for use once more.

SLUGS IN A DOUBLE—Contrary to widespread belief, rifled slugs can be fired accurately from any quality double-barreled shotgun.

Every gun has its own individual quirks. Each barrel might vary a little as to center placement of shot, but this can be quickly learned and accommodated.

BIG CRAPPIE CATCHES—For catching more and bigger crappie, use the smallest live minnows in your bait bucket.

SPRING CRAPPIE FISHING—In early spring, slowly drag a live minnow near the bottom. When a big buster is caught, ease the anchor overboard and fish right there. You've discovered a big school of the tasty critters.

MID-SPRING FISHING—In mid-spring, fish the shallows where the crappie spawn. Use small minnows and monofilament line with two stagings of No. 6 hooks.

Anchor your boat a good distance away and cast into the shallow water.

WINNERS - These girls won the Spearman Study Club Fire Prevention Poster Contest this week at Spearman Elementary School. They are first, Kate Crawford, Cynthia Pearson and Lee Ann Uptergrove. This is Fire Prevention Week.

-Plainsman photo

Study Club Sponsors Fire Prevention Contest

A second grader won the Spearman Study Club sponsored Fire Prevention poster contest held in preparation for Fire Prevention Week in the local school.

The winner was Kate Crawford, a second grade student. Second place went to Cynthia Pearson and third place was won by Lee Ann Uptergrove. Stacy Pendergraft received an

honorable mention from the judges.

The winners will receive a prize of \$2.50, \$1.50 and \$1.

This is the second year the study club has sponsored the contest. There were 45 fire prevention posters entered in the event.

Judges were Mmes. Elsie Mathews, Dorcas Collard, and Frankie Sloan.

October 9-15 is Fire Prevention Week.

Gift Box MEMO:

I was gone over the weekend and the help did some of the unpacking of new merchandise. They tell me we have a new patio set, but I do not know what it is, yet. Come in and see what I have bought, I can't remember.

Something you will like is the new pottery canister sets for your kitchen. These are the type gift items you will probably buy only for yourself. We think you will agree they are far ahead of the old tin ones.

We have some gift wrapping paper that is too interesting to be used for gift wrapping. It is reproductions of old Harper Weekly newspapers. We have been reading them all this week and they are humorous. I think the paper would be good for covering wastebaskets, and other uses besides gifts.

There is another shipment of "Kim Coloring Books" for children and adults. We have one book of Heritage Dolls and a second one of "Dolls Around The World." These are beautiful books.
