Musicians Capture Sweepstakes

Choirs Sing Friday Night

Spearman's High School Choir will present its Spring Sing at 8 p.m. Friday in the air conditioned High School Auditorium.

Choir Director Enoch Estep says this program will be new and only one number, "Battle Hymn of the Republic" is being repeated by request.

The choir will be accompanied in the production number by an organ, two pianos and tympany drums. Mrs. Verna Lee Schnell will be the organist, Eddie Martin and Mary Ellen Barkley will be pianists and Pat Pattison the drummer.

Besides the Symphonic Choir there will be performances by the Choralaires, who are Lynne Garnett, Helen Collard, Jane Allen, Pat Massad, Noreen Sutton and Margot Kilgore; the Lynxton Quartet plus two composed of Don Archer, Rennie Berry, Mike Morris, Bari Blewins, Ronnie West and Jim Ownbey; the Men's Glee Club and the Junior High Choir.

The Junior High Choir features 120 voices.

Admission for the concert will be \$1 for adults and 50 cents for students.

SWEEPSTAKES— These two musicians, Lynn Gibner, left, a member of the band and Ronnie West, a member of the choir, proudly display the trophies won by the two organizations last week in Enid. The trophy by Lynn was won by the band for being the best marching band and the trophy by Ronnie was won by the choir as the outstanding choir. The center trophy, signifying Sweepstakes, was won jointly by the Spearman musicians.

PLAINSMAN PHOTO

Spearman music students rolled up a massive 565 points last week in the Tri-State Music Festival in Enid to win the Sweepstakes trophy of the class CCC competition.

Kingfisher, Okla., was the closest school to the music department from Spearman with 439 points.

The award is given to the school whose band, choir, orchestra and other musical groups compile the most points. Every event the different groups earn a rating in counts points toward the Sweepstakes.

Both the band and choir rolled up the big edge in points by capturing the trophies for the outstanding organizations in their class.

The 115 voice choir, many of whom competed also as band members, was one of only two CCC division choirs to earn a superior rating. The Lynx singers were picked as the outstanding choir in the CCC division. There were 13 choirs in the division contest.

Twenty members of the choir were members of the Tri-State Choir.

As a unit the Lynx band was outstanding in their marching performances. The organization earned a Superior rating in field marching, then was named the outstanding marching band of the division. Later the band was selected as the first place band in the Million Dollar Parade.

The ratings are earned against judging standards and not in competition with other bands. The placings in the parade are

earned in competition with the other bands of the division.

The band also earned a Superior rating in Sight Reading and an Excellent Rating in Concert.

Individuals and groups from the band also earned Superior and Excellent Ratings.

Superior Soloists were Helen Collard, Tommy Gibner, Pat Massad, Bonnie Driscoll, and David Knox. Excellent Soloists were Janice Trindle, Bobby Campbell, Robbie Ownbey and Bethany Donnell.

Ensembles earning Superior ratings were: Flute trio, Helen Collard, Terry Hudson and Sandra Kitchens; Flute Trio, Terry Hudson, Janice Trindle and Barbara Kitchens; Mixed Clarinets, Patsy Kingsley, Vicki Kunkel, Stephanie Shaver and Hester Sue Beck; Saxophone Quartet, Bonnie Driscoll, Jane Ann Henry, Phyllis Patterson, and Paulede Hester; Brass Trio, David Knox, Bobby Campbell, Johnry Holland; Trombone Quartet; Mac Crawford, Johnny Crawford, Lloyd McWhirter and Kenneth Faries.

Ensembles earning Excellent ratings: Clarinet Quartet; Debbie Standerfer, Stephanie Patton, Carla Archer and Donna Seymour; Saxophone Quartet, Lynne Garnett, Melinda Pearson, Glen Blodgett and Norene Sutton.

The Stage band tied with an Oklahoma school for the best group in the division. It received a superior rating.

Thirteen members of the band were in the Tri-State (Con't. on page 2.)

Refugee Warns Against Current Latin Policy

If America does not change the way it works in Latin America, in 10 years all of South America will be against this country.

This is the opinion of a fiery Cuban refugee now attending school at Wayland College. Elizabeth Romas was in Spearman Sunday to speak in the

First Baptist Church. She expressed her political opinions in an interview Sunday afternoon.

While speaking only as an individual and from her experiences, the attractive former Cuban school teacher expressed an opinion heard many times from others coming from Latin America.

Miss Romas said in her opinion the Alliance for Progress and other aid programs do little to win friends for this country in South America.

"Your country sends people to work in Latin America who do not even speak Spanish. They associate only with the rich. The rich already like the United States because they have been getting all the money."

"The Russians or Communists send people fluent in the language, they work with and help the masses of the poor. They promise them the things they want. So, naturally, the Communists are the friends of the poor."

The Communists did this in Cuba, the Latin American country with the highest economic income in all of Latin America, Miss Romas pointed out.

There is little chance for the Cubans to rise up and throw off the Communist yoke, Miss Romas said. She lived under the Communists from 1959 until 1962.

"We have no armaments and no one knows who is spying for Castro so there is little chance for organization."

She explained that when Castro took over in 1959 the people were tired of fighting Batista. Castro promised peace, so when he asked for all armaments to be turned in to the government, the people did it.

Castro uses the Communist tactic of dividing everyone

(Con't. on page 2.)

Republicans Stronger

County Stays Conservative In Light Democratic Vote

Republicans gained more voters in the primaries Saturday in Hansford County, polling almost half as many ballots as the Democrats.

The election was almost ignored by local voters as approximately 700 of an estimated 2,500 qualified voters went to the polls.

In the major races the Democrats voted the conservative ticket. Governor John Connally polled 384 to Don Yarborough's 94. Preston Smith got almost all the votes for Lt. Governor with 417 to Albert Fuentes Jr.'s 41.

The Senatorial race was the closest with Gordon McLendon beating Ralph Yarborough 261 to 207.

George Bush carried the day for the Republicans in the Senatorial primary for the GOP. He polled 111 votes.

Bob Price of Pampa beat Hinkson of Muleshoe for the race for the 18th Congressional

District 167-45.

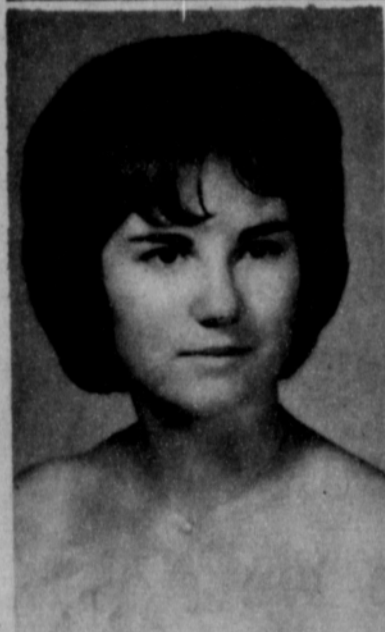

Goldwater was the big leader in the Presidential preference with 193. No other candidate received more than 11 votes. President Lyndon Johnson did receive one write-in vote on the Republican ticket.

Sheriff J.B. Cooke, County Attorney James P. Linn, and Commissioners Joe Day and B. J. Renner had no opposition in their bids for re-election.

J.D. Helms was elected County Democratic Chairman replacing the retiring R.V. Converse. S.B. Hale Jr. of Gruver was re-elected Republican County Chairman.

Two new precinct chairmen were named by the Democrats. F.A. Shapley was elected in Precinct Three and Merle Johnson in Precinct Five.

The votes by precincts for each contested election in both Primaries are presented in a special table in this issue of the paper.

JOYCE SCHICK— upper photo, is Valedictorian of the Morse Senior Class. Sharon Parks, lower photo, is Salutatorian.

CUBAN REFUGEE— Elizabeth Romas warned of the dangers of our present attitude toward Communist Cuba when she spoke at the First Baptist Church Sunday. Miss Romas is attending Wayland College while she is in the United States.

Refugee . . .

(Con't. from page 1.)
against each other, so no one knows who is spying for the government.

"There are mothers in Cuba who have one son in prison for fighting Castro and the other a Communist. No one can trust anyone.

"Even the children are taught to spy on everyone and report to the police. There is a statue in Havana of a young boy who reported his parents for being anti-communist." Miss Romas sadly commented.

Communism is not hated by all Cubans, the dynamic speaker pointed out. There are many who have things better now than before Castro took over and they think Communism is all right, Miss Romas pointed out.

These people include the lower classes, criminal groups, and some groups of intellectuals. The lower classes were segregated and pushed aside before communism as a means of improving their conditions and it is no worse than what they had. Many of the criminals and low moral groups are now the police and are holding responsible positions in the party. Some intellectuals who were working in low paying jobs or were unable to find work in their fields before, now have been recognized and are well paid, so they like communism.

Christian religion is not banned in the country, the communists are simply leading the people away from the churches.

They have parties and games for the little children during the time of religious services. There is entertainment and military activity for the teenagers and meetings and military obligations for adults.

Miss Romas said an adult did not have to go to the meetings, but if they did not attend, then there were no jobs for them.

Her mother lost her position as a teacher because she attended church services instead of a meeting.

The children and young people are turned from Christianity through ridicule. In classes of small children the communists have them pray to God for

cookies and candy, then when they do not immediately receive the goodies, they are told to pray to Castro. They then receive the cookies.

Miss Romas does not think her talking against Castro will have any effect on her mother and father who are still in Cuba. The communists do not need a reason for putting a person in prison. They just do it.

Her father, a teacher, minister and bookstore owner, has been imprisoned, then released. There was no reason given for his being released.

"So many are thrown in prison, sometimes they have to release some prisoners to make room for more," she commented.

Miss Romas was a music teacher and student before coming to this country in 1962. She is attending Wayland College and expects to teach until she can go back to Cuba.

All Cuban refugees hope to return to Cuba, she said and that is why so many will not leave Florida, they want to be as close as possible when the time comes to return.

"We all believe we will return to Cuba," she stated strongly.

Musicians . . .

(Con't. from page 1.)

Band. They are Lynn Gibner, Mary Ellen Barkley, Bonnie Driscoll, Bill Blackburn, Mac Crawford, Stephanie Shaver, Mary Mathis, Patsy Kingsley, David Knox, Nan Sheets, Helen Collard, Bobby Campbell and Phyllis Patterson.

The choir members in the Tri-State Choir were Pat Mas-sad, Nancy Wilmeth, Linda Lesley, Jane Allen, Darla Adkison, Carol Close, Donna Seymour, Betty Powell, Nelda Archer, Lynda Ainsworth, Don Archer, Mike Morris, Ronny West, Rennie Berry, Bari Ble-vins, Jim Ownbey, Mike Skinner, Phil Gable, Jimmy Kirk-land and Harrel Adkison.

The lowest denomination coin in England is the farthing-one-fourth of a penny.

VISIT IN SPEARMAN— State FFA President Benny Mays, center, visited the Spearman FFA Chapter this week and spoke to the local student body. Shown with Mays is Fred Vanderburg, Pampa FFA President, who traveled here with the state officer and Qlo Crum, right, local FFA president.

FFA Leader Visits Here

Today's youth must be prepared to live in the world's most complex society, Benny Mays, Texas Future Farmers of America President told an assembly Tuesday at Spearman High School.

Mays, an outstanding speaker, was accompanied on his visit to the Spearman FFA Chapter by Fred Vanderburg of the Pampa FFA.

Mays, a graduate of Sulphur Springs High School, plans to attend Texas A&M after finishing his year in office. He said he visits about 30 schools a week when he is traveling.

Speaking with the ease of a television master of ceremonies, the East Texas farmer, said today's youth have big ideas, sometimes too big.

However, he told the high school audience that low aims not failures are crimes.

If today's youth are educated, they can meet the problems of the world. He admonished the students to work for better grades, and to use the knowledge they have.

Mays and Vanderburg left Spearman to visit the Gruver FFA Chapter.

First steam railroad was in 1830 between Baltimore and Ohio.

First state to abolish capital punishment was Michigan in 1847.

First bathtub in the U. S. was installed in 1842 by Adam Thompson in Cincinnati.

New School Policy On Filing Questions

A new policy of handling questions and complaints about the Spearman Schools was passed Tuesday night by the School Board.

The policy requires that all questions and complaints concerning the school be taken to the Superintendent and Principals first. If a satisfactory solution cannot be reached, then the person or group will present the matter to the board in writing and in person, if they prefer.

Board members said they did not expect people to stop discussing the school and its problems with them as individuals. However, by having them brought to the board as a whole, then every board member will have a chance to have a first hand report on the problem and ask questions.

Many problems and complaints should be handled by the administration, because they are closer to the situation. Then, if the patrons and administration cannot solve the problem, the individuals or groups will present the problem to the board in writing or in person.

In discussing this policy one board member said such a policy will stop many of the groundless charges and rumors that hurt the school this and in past years. It will also speed up solving real problems in the system.

Mrs. Evalyn Fowler was hired for next year after being recommended by Principal Allen Alford.

The board also voted not to consider Enoch Estep's request that he be rehired as Public School Music and Choir Instructor for the school.

Supt. James Bramlett recommended Estep be rehired. He said Estep's work was outstanding.

On a 4-2 vote the board decided not to consider his request, since they had already accepted his letter of resignation. Lloyd Buzzard and Jack Lovett opposed the majority decision.

A study is being started by the board on many different items needed or wanted as improvements to the school system. A lengthy study will be made into the needs and costs of all these different items.

Founders Day Banquet Set

The Spearman chapters of Beta Sigma Phi will celebrate the 33rd anniversary of the organization's founding May 9. A banquet in which the local chapters will join for the occasion will be held at the First Methodist Church at 7:30 p. m. The Rho Rho ritual will be at 6:30.

Thirty three years ago, the first chapter of the sorority was formed in Abilene, Kans. There are now 7,500 chapters and 175,000 members in fourteen countries.

In addition to the banquet, traditional ceremonies will be observed. The history of the local chapters will be reviewed and the new members will receive their first welcome to membership.

hard to get used to our fruits again."

In Taiwan, the group saw the famous statue of Chiang Kai Shek facing west, going back to the mainland of China.

"I don't believe that day will ever come," Mrs. Lee said. "The younger people were born in Taiwan and they don't feel so strongly about going back because they don't know what China meant. Also, of course, they don't want war."

"We saw many points of interest in Taipei, which is ringed three rivers. Two-thirds of all this island is mountainous and one of the most beautiful sights here were the camphor tree lined streets.

Soon the group winged their way into Hong Kong, one of the most captivating and fascinating spots in all the Orient. Hong Kong is a Free Crown Colony made up on various islands.

"In Hong Kong, one of the most interesting sights was a view of the beautiful harbour and mountainous countryside seen from a funicular railroad. We also thoroughly enjoyed the famous Tiger Balm Gardens, one of the showplaces of Hong Kong, where there are many stone replicas of lions and Chinese dragons. The garden was built in 1938 by a banker, for one of his three wives.

"The floating restaurants were very unusual, although we did get a tiny bit tired of Chinese food."

The group crossed to Kaloan on a ferry and drove to within two miles of the border of Red China. One of the tours included a visit to the Walled City where they saw great poverty and degradation. They also took a boat trip where they saw many thousands of people, many of them refugees from Red China, who live their lives and die on the same little boat.

One of the most modern cities in the Far East, Manila, was the next stop. This city, capital of the Philippines, is Americanized but has also retained many of its Spanish customs. The Philippines are 7,000 little islands, called the Pearl (Con't. on next page)

Around the World in 57 Days

"We made 25 plane flights covering 37,000 miles in our 'thrill of a lifetime' tour of the world," commented Mrs. R. E. Lee upon returning recently from her fourth major tour.

Mrs. Lee had traveled to Europe, the South Pacific and South America before making this world jaunt with some of the same friends who have traveled together before.

"We traveled many hundreds of miles by bus or train but most of our trip was made by jet at 500 to 600 miles per hour, crossing every ocean and covering every continent except Asia."

Mrs. Lee and eleven other tourists (11 women and one man) left 10 days before the rest of the group for an extension trip to Japan.

Leaving the United States at Los Angeles, the group flew to the Hawaiian Islands for two days of sightseeing.

The longest flight of the tour was from Honolulu to Tokyo, the world's largest city which has 10 million inhabitants. In all her travels, Mrs. Lee says the natives always have something they want you to see first, and it is usually a gate or a tower. The Tokyo Tower is unique in that it is 1400 feet higher than the Eiffel Tower. They also were proud to show their Diet Building, which corresponds to our Congress.

Tokyo has a unique blending of East and West and while it has so many millions of citizens, there is still no unemployment problem.

While we have 49 people to each square mile in the United States, Japan has 658, so every inch of ground is utilized.

"I was surprised to learn that Japan ranks first in the world in the movie industry," commented Mrs. Lee, "followed by Hong Kong in second place and the United States in third."

The beautiful Toshogu Shrine in Nikki National Park was one of the loveliest sights in Japan. There are 23 beautiful buildings in the compound where the shrine is located. Two and a half million pieces of leaf gold were used in the shrine which was built in the seventeenth century. There are no guards about the valuable premises, though, because there is no thieving problem there.

Japan is the cultural center of the world with many fine collections of art. Their trains and cars are considered to be the world's finest.

The Japanese are, of course, preparing for the World Olympics to be held in Tokyo next fall. They are completing a stadium for the events that will seat 70,000 persons.

From Tokyo, the group visited Hakone National Park in the area of Mt. Fuji, considered to be one of the most beautiful mountains and surroundings in the world.

At Kyoto, the ancient capital of Japan, much of the color of the country has been retained. During all of the wars, there has always been an understanding and this picturesque city, nestled in purple hills and mountains, has never been bombed.

"The Japanese people believe in education and children are required to attend school until they are 14," Mrs. Lee said. They are taught English three years during that time.

"The Japanese have 148 letters in their alphabet and must learn 18,000 characters. Still that is not quite so complicated as the Chinese alphabet with 8,000 letters."

A sukiyaki dinner in Japan is a must. "We were seated at tables where three burners were lighted for cooking the meal. The waiter cooked the sukiyaki

MRS. R. E. LEE--is shown in the den of her home wearing an Oriental kimono which she purchased on her recent world tour. In the background are two African head sculptures and a colorful drawing from South Africa. Mrs. Lee is holding an elephant, made of ebony, also from Africa. The den of the Lee home has been newly decorated with interesting relics from the many countries she has visited.

PLAINSMAN PHOTO

Day By Day

I guess it's true that you have to be deprived of something before you can really appreciate it. Sunday afternoon our end of town was without electricity for a few hours and while it was certainly not a catastrophe as far as I was concerned, it did quieten, darken and stop things for awhile.

So many don't realize what a fabulous age we are living in and seldom think of the luxuries which pamper us because they have become so commonplace.

Someone has said "Turn a faucet and there is hot water, turn a dial and there is warmth, there is music; the clothes are washed or dried, and with a flick of a switch, darkness is gone.

"Pure magic accounts for this and it is called electricity. Electricity is something that starts the good Lord knows where and ends in the same place. It is said to be 1/36 of a second faster on its feet than its nearest competitor, backyard gossip, and if turned loose in faraway Europe will get to the United States five hours before it starts. Nobody knows exactly what it is, because it has never stood still long enough... but you'll agree with us, it's the most wonderful invention the world has seen."

Speaking of luxuries, sometimes we forget what an extremely wonderful luxury our freedom is.

Elizabeth Romas, a Cuban refugee, spoke at church Sunday morning about how Fidel Castro and communism have taken all the freedom away from her people.

Her accent made it hard for me to understand her, but no one could fail to understand her plea for a return to God and love of country when she said "You are Americans-but you represent Christ to the rest of the world."

Don't forget the Choir's Spring Concert Friday night at the school auditorium. The choir made an excellent showing at the Enid Music Festival last week, being named the outstanding choir in their class. The judges' critical comments about the choir's performance were almost nonexistent I understand. The choir members have worked hard and have made almost unbelievable progress since they were organized last fall.

Spearman is justly proud of the Band and Choir and the Sweepstakes trophy they brought home from Enid. The 180 plus members of the Spearman Music Department compiled an amazing 565 points to lead their nearest competitor by 126 points.

It was my pleasure this week to interview Mrs. R. E. Lee concerning the world tour from which she's just returned.

As I've said before, Mrs. Lee is such an attractive and well-informed person; when you've heard her tell about a foreign country, you feel almost as though you had gone along.

The story of her trip, "Around the World in 57 Days" will be continued in next Thursday's paper. It was so interesting hearing her tell of her adventures that I didn't want to omit any of it. Therefore, due to the length of the article, it will be published in two installments.

The tour ends this week at Malay and will begin next week with their arrival in Bangkok, Thailand.

Engagement Announced

Mr. and Mrs. Ray S. Neas of Guymon, Okla. announce the engagement and approaching marriage of their daughter, Susan Kay to Gerald Dane Mitts, son of Mr. and Mrs. F. E. Mitts of Spearman. The couple will be married June 7 in the Christian Church at Straight, Okla.

Miss Neas attended high school in Guymon, Okla. and at present is employed as office nurse at Murry Clinic.

Mr. Mitts graduated from Spearman High School and is a senior at Panhandle A&M College at Goodwell, Okla.

Around . . .

(Continued)

of the Orient.

A highlight of this stop was seeing Las Pinas Church where Mrs. Lee says she climbed two flights of narrow stairs to see and hear the world's only bamboo organ which was made in 1793.

"We stopped at Saigon, Viet Nam, on our flight to Singapore and had the great pleasure of talking to some boys in service who were at the airport. The conditions there were pretty tragic. One officer who was a pilot, talked to us about how the low-flying helicopters are picked off and how defenseless they are."

In Singapore, the Lion City and fifth largest port in the world, the traveling Texans found the Chinese Dragon New Year was being celebrated. Therefore, all the stores were closed. Mrs. Lee said several of the husbands who were on the tour were delighted.

"I never before brought much back besides pleasant memories of my tours," Mrs. Lee said. "I did buy a brass tea service in South America for Nancy (her married daughter who lives in Colorado Springs) and some alligator bags on that same tour, but on this trip I found myself shopping more and more. Many of the things I purchased have not arrived yet, so I am beginning to be slightly worried."

"Even though many of the stores were closed, we enjoyed Singapore's fabulous jade collection and the lovely botanical gardens. We went across the Causeway which connects the China Sea and the Indian Ocean, to Johore and from there to Jaula Lampur, capital of all Malay.

Here, Mrs. Lee and her group were very fortunate to talk with Dr. M. Naguib Haskad, president of the Afro-Asian Conference on Rural Re-Construction, who stopped at the table where they were playing bridge and visited with them. "He had been to the United States, but not to Texas," Mrs. Lee said.

"From there we went to the Island of Penang. This was the dreamiest little country you've ever seen," remarked Mrs. Lee, "it reminded me of Tahiti." Here the group found Batu Park where they climbed 700 steps to the Shrine on top.

"We also visited a Methodist Church here and were invited in for refreshments at the party being held in the day nursery." (To be continued next Thursday)

Flower Show Will Have Diamond Jubilee Theme

"The Diamond Jubilee" will be the theme of the annual Flower Show sponsored by the Delphinium Flower Club which will be held Friday 15 in the Fellowship Hall of the First Methodist Church. The idea of "Dust to Diamonds" the lovely winning float entered by the Rho Rho Sorority in the parade of the Spearman Cele-

bration will be "borrowed" and featured in the arrangements of the show. Each individual will use her imagination and ingenuity to express her idea of the comparison or contrast of great-grandmother's bouquet and the possibilities of today's arrangements--showing the two arrangements as one entry. This will give an opportunity to use the antique bowls and vases of copper, pewter, glass and china, and the little doilies and accessories prized by this generation of homemakers. This show will not only prove the great changes in the culture and hybridizing of our modern flowers, but will emphasize our ancestors true love of the beautiful in preserving the few precious seeds and sprigs brought from "home" to Hansford County in the days of covered wagons.

Everyone is urged to bring arrangements for the show.

Mrs. Bradford Hosts Circle

Alma Bradford was hostess to the Ted Trent Circle of the First Baptist Church in her home April 29.

Mrs. Bradford read the prayer calendar followed by prayer led by Ernestine Gray.

The final chapter of "Apogee" was given by Mrs. Herb Howe.

Attending were Mmes. Howe, Gray, Mae Cox, Eva Adkison, and the hostess.

Martha Washington, wife of President George Washington was previously married to Daniel Parke Curtis.

Mrs. Jackson Installed As Kimberly Club President

An impressive installation service and salad luncheon was the highlight of the recent meeting of the Kimberly Junior Woman's Study Club when they convened Friday, May 1 at the Home Demonstration Club Room. Mrs. Dick Kilgore, 20th Century Club President, installed the newly elected officers for the 1964-65 club year. An arrangement of flowers was the centerpiece for the installation, and as each officer was installed, she was given a carnation from the bouquet. Installed were Mrs. Doyle Jackson, president; Mrs. Kenneth

Pope, vice-president; Mrs. Claude Pearson, Jr., secretary; Mrs. Sandra Ladd, historian and reporter. Mrs. David Wilson, who was absent, is the treasurer.

After the installation, a business meeting was conducted by Mrs. Jackson, president. Projects for the coming year were discussed.

A call meeting will be held Thursday, May 7, with Mrs. Bob Parris as hostess.

Present for the meeting were Mmes. Kenneth Pope, Zack Fisher, Claude Pearson, Carroll Ladd, Doyle Jackson, Bill Wil-

Bake Sale Announced

The Jonquil Flower Club will hold a Bake Sale Saturday, May 9 at the Cut Rate Grocery. The sale will begin at 9 a. m.

meth, Bob Parris, Jim Davis, Everett Cain and a guest, Mrs. Dick Kilgore.

Waka P-TA Plans Barbecue Supper

A Bar-B-Que supper will be sponsored by the Waka PTA, Saturday night, May 9, at 8 p. m. at the Waka School Cafetorium.

Prices for the meal, including drinks and dessert, will be \$1.50 for adults; 75¢ for children 6-12, and children under 6 will eat free of charge.

The meal will be prepared by Zebbies of Perryton and served by the PTA finance committee.

Entertainment for the evening will be provided by local talent.

Proceeds from the supper will go towards buying books for the school library.

Friends Invited To Celebration

The friends of Clarence and Missie Johnson will honor them at a Golden Wedding Celebration May 19 from 2 to 5 at the Oslo Lutheran Parish Hall. Anyone wishing to help celebrate this occasion, is cordially invited to attend.

THE MORSE CODE

Honor graduates for Morse school have been announced by Johnny Brumley, superintendent.

Miss Joyce Schick with an average of 95.416 is valedictorian. She is the daughter of Mr. and Mrs. Dave Schick. Joyce is secretary of the senior class and editor of the school annual.

Miss Sharon Parks with an average of 94.027 is salutatorian. Sharon is a three year graduate and the daughter of Mr. and Mrs. H. B. Parks. She is president of the senior class and secretary of the student council. Both girls were members of the basketball team.

Valedictorian of the eighth grade class is Miss Judy Reiswig, daughter of Mr. and Mrs. Joe Reiswig. She had an average of 97.033.

Alva Henderson with an average of 95.342, is salutatorian. He is the son of Mr. and Mrs. Earl Henderson.

Four other eighth grade students had averages ranking in the nineties. They were Don Kelly, 93.971; Peggy Giblein, 92.628; Danny Womble, 92.066; and Phillip Fleming, 91.028.

Baccalaureate services are scheduled for May 24. Grade school graduation exercises will be May 26 and high school commencement is slated for May 29. All three events will be in the school auditorium at 8:00 p. m.

SINGING IN THE RAIN
"Singing in the Rain" was the theme for the junior-senior banquet and prom held on Friday night at the school cafeteria. Decorations carried out the theme with the tables being placed under a huge crepe paper umbrella with pink and white clouds and a rainbow on the walls of the room.

Allen Dixon served as master of ceremonies and gave the welcome. Mike Schick responded to the welcome. The guest speaker was Harold Fleming. The class will be read by Sharon Parks with Allen McCloy giving the prophecy. Patricia Henderson closed the prophecy. Patricia Henderson closed the program with a piano solo.

WIN TRACK HONORS
Morse Junior High School placed first in the North Plains League track meet held at Morse Thursday. Morse grade school placed second in the event with Bivins grade school

first. Morse won second place in the Perryton track and field meet held April 16.

TALENT SHOW SLATED
Morse Lions Club will sponsor a High Plains Talent Show and pancake supper Friday night at the school.

Pancakes will be served in the cafeteria from 6 to 7:30 p. m. with the talent show scheduled in the auditorium at 8:00 p. m.

AWARDS NIGHT
For the first time in the history of the school, Morse will have an Awards Program May 22. At this time students earning various awards will be honored.

The trophies for achievement will be presented at this time. In order to receive this trophy a student must have earned 200 points from activities listed in the student handbook.

4-H MEETING
The Morse Junior Leader's 4-H club is planning a county wide meeting Saturday, May 16, at the school auditorium. Pete Plank, outstanding 4-H member from Hereford, will be present to tell about his 4-H experiences and his recent trip to South America where he participated in the IFYE program.

All 4-H club members, leaders, and friends are invited to attend this meeting at 7:30 p. m.

BRIDGE CLUB
Margaret and L. M. Womble were hosts for a bridge party at the Community Building Saturday night.

Attending were Lynn and Martha Davis, Bobbie and Charles Reid, Gene and Betty Brothers, H. B. and LaVerne Parks, Al and Lila Carter, Earl and Nell Henderson, Tom and Beth Dortch and the hosts.

Grant Miner and Mack Dortch went fishing in New Mexico over the weekend.

Mr. and Mrs. Roscoe Parks and Ray Alexander spent last weekend in Farmington, N. M.

Mr. and Mrs. Willard McCloy and family went to Fort Worth this past weekend. Willard was to be presented with a conservation award at a banquet held there.

Mr. and Mrs. Julian Cordova of Denver visited last week in the home of her parents, Mr. and Mrs. John Thompson.

Hackley Serves in School Menus House of Delegates

Dr. D. E. Hackley served in the House of Delegates during the annual convention of the Texas Association of Osteopathic Physicians and Surgeons April 27-May 2 at the Hotel Adolphus in Dallas. The house is the policy making body of the Texas association.

Over 400 doctors and guests were on hand for discussions on congestive heart failure, internal bleeding, the nation's physician shortage, and hazards in blood transfusions.

Featured speakers included the Honorable Erik Jonsson, Mayor of Dallas and Dr. Wallace M. Pearson of Kirksville, Mo., president of the American Osteopathic Association.

Mrs. Hackley served in the House of Delegates during the annual meeting of the auxiliary to the TAOPS also.

NOTICE
Will PTA be continued or abandoned? Come Monday night, May 11, at 7:30 p. m. to the high school auditorium and cast your vote.

The manager of the Elementary Lunchroom announces that no charges for school lunches will be permitted after May 8 and all current charges should be paid by May 15 in order to close the books by the end of school.

THE WAY I SEE IT

Robert Cordes, Pastor
Oslo Lutheran Church

So many do not understand the Holy Spirit and His work. The Holy Spirit is the third person in the God-Triune.

His work? Scripture says, "No one can say, 'Jesus is Lord', except by the Holy Spirit." (I Cor. 12:3). Or "The unspiritual man does not receive the gifts of the Spirit of God, for they are folly to him, and he is not able to understand them because they are spiritually discerned." (I Cor. 2:14).

The things of God are understood by humans only by the power of the Holy Spirit. Until His work is in us, things are nothing but foolishness in the darkened mind of man. This is original sin. Without this enlightening insight, man doesn't even know he needs divine help. Natural man cannot come to any belief in things beyond nature because we are bound by our own nature. It requires the power of the Holy Spirit.

We need to be born of Water and the Spirit or we cannot become a child of God and an heir of heaven. (John 3:5).

It is the Holy Spirit who washes us clean in the blood of Christ. It is the Holy Spirit who helps me understand God, His Word, Christ and His sacrifice, for the Spirit leads into all truth.

I believe that I cannot by my own reason or strength believe in Jesus Christ, my Lord, or come to Him; but the Holy Spirit calls me by the Gospel, enlightens me with His gifts, sanctifies and keeps me in the true faith.

I wonder why so many people do not call upon the Holy Spirit, God Triune, for help? The Holy Spirit was given to

this world on Pentecost to be an abiding working power in our life. Pentecost was the birthday of the Christian Church.

It is the Holy Spirit that convicting us of sin and showing us Christ's righteousness. Without Him, we could not call upon Christ to cleanse us. Without the Spirit we would continue in darkness of death.

Our prayer: Come Holy Spirit, work in my heart God's love.

Garrett Wins First in Meet

The annual track and field meet of the Panhandle Elementary Conference was held Friday, May 1, at Garrett, Okla. Trophies were awarded to the first, second, and third place schools in both boys and girls divisions.

Events included the 24 yd. dash, 50 yd. dash, 75 yd. dash, 100 yd. dash, baseball throw, 220 yd. relay, 440 yd. relay, high jump, broad jump, shot put, pole vault and chinning.

In the boys division, Garrett won first with 122½ points. Waka was second, with 58 1/3 points. Third place went to Bethany, with 36 points. Scoring fourth was Clearlake with 29½; fifth, New Hope, 14 points, and sixth, Victory, with 10 points.

In the girls division, Garrett won first with 105 points. Waka was second with 32 points. Third place went to Victory, with 26 points. Scoring fourth was New Hope with 25 points; fifth, Bethany 14 points; and sixth, Clearlake with 2 points.

Ribbons were awarded to individual winners for first, second, third and fourth places.

In Memory

In loving memory of Glendale Sparks who was taken from us 14 years ago, May 9, 1950.

Your memory to us is a keepsake
With which we will never part.

Though God has you in his keeping

We have you in our hearts,
Sadly missed by Mom, Daddy,
sister and brothers.

Card of Thanks

We wish to thank everyone for the words of sympathy, flowers and food during our recent loss of our loved ones. May God bless each of you.

Otis Dry
Mr. and Mrs. Floyd Dry
Mrs. Betty Goodwin.

Pastor and Mrs. Don Heiderich of Hooker visited recently in the Robert Cordes home.

Oslo News

An Adult Confirmation Class will start Tuesday evening at 8 p. m. at the Jack Oakes home in Spearman at 727 Wilbanks, (1 block N, 1 East of the new Presbyterian Church). Everyone is invited to come and learn the doctrine and teaching in the Lutheran Church.

The young people of Oslo Lutheran League are looking forward to their trip this summer to Detroit to the Luther League Convention. Twenty one people have registered for the trip and they will be joined with the Odessa and Amarillo Leagues. Sponsors are being appointed for the trip.

Mr. and Mrs. Robert Yanke and Bonita were dinner guests Sunday in Texhoma at the Albert Yanke home.

Sunday dinner guests in the Reuben TeBeest home last Sunday were Mr. and Mrs. DeWayne TeBeest and boys and Mr. and Mrs. Ernest Hull.

Mrs. David Knutson and Julie left Monday for Seattle, Wash. for a family reunion. Her parents, Rev. and Mrs. Holmquest of Sitka, Alaska are coming to the states for medical treatment and their children are meeting them there.

Everyone is invited to Oslo Parish Hall Sunday May 10 from 2 to 5 honoring Mr. and Mrs. Clarence Johnson on their

fiftieth wedding anniversary. Call on them on this occasion.

Friday evening supper guests recently in the Robert Cordes home were the children's teachers: Mr. and Mrs. Richard Williams, Mr. and Mrs. Omar Cotter, Miss Phyllis Elliott, Mrs. Ernice Langley, and Miss Karen Stockdale.

Mr. and Mrs. Bill Johnson piloted Pastor and Mrs. Robert Cordes to Fort Worth to receive Soil Conservation Awards and attend the awards banquet there.

Mr. and Mrs. Gordon Stedje and girls and Marie Stedje

spent the weekend in Dallas and Fort Worth. They visited in the Sam Martin home in Dallas.

Tom Collier, who is going to school in California visited recently with his mother, Mrs. Jimmy Collier.

ATTENTION...MR. FARMER

If You Are
Planning An Irrigation Program

We would like to offer our engineering services to help you in planning this program. Our gas system services your area and we will be happy to help you decide the economics and feasibilities of using this gas to power your irrigation wells.

We suggest a call to our local office or a letter to us at Canadian.

President Issues

Proclamation

It is fitting that we set aside a Soil Stewardship Week each year to recognize our stewardship of the land.

During the last 50 years, the American farmer has increasingly proved himself a good steward of his land. In many places he has taken worn out and eroded land and literally turned it into a bountiful land. For the first time, we are able to produce at low cost an abundance of the food and fiber we need and still provide for many less fortunate.

It is our task to hold the rich heritage of our land in trust for future generations. What we do with it now will determine its productivity for generations to come. We must make it an instrument for progress and prosperity. If we care for and nurture the land, there is plenty. If we neglect the land, there is poverty. This is the essence of stewardship.

Lyndon B. Johnson

Churches Plan Observation

Most all churches in the Hansford Soil Conservation District are planning some type of observance for Soil Stewardship Week-May 3-10. The film "The Earth Is The Lords" was shown at the First Baptist Church in Spearman last Sunday. It is scheduled to be shown at the Morse Baptist Church next Sunday.

Inserts for Church Bulletins are being provided by the Hansford SCD. You may book the film "The Earth Is The Lords" through the Soil Conservation office at no charge.

County Agent's Report

A man's caliber may be measured by the amount of opposition it takes to discourage him.

GRAIN SORGHUM TEST

Grain Sorghum farmers will be selecting the varieties they will plant soon. I have the results of the 1963 hybrid sorghum variety test from the experiment station at Bushland and the High Plains Research Foundation. Below is the top 15 hybrids from the Experiment Station: Bonanza, ND 310, 62CSO44, Pioneer 820, WMGS 65, Te 88, Standing, WAC 750, DeKalb F63, PAG 665, RS 681, WAC 750, Lindsey 788, Lindsey 551, Asgrow Ranger A, DeKalb F64, Redlan Kafir, Texas 660.

Whatever variety you select you should consider if it is right for your farming operations, that is, the yield, days to bloom or maturity date, plant height, lodging.

I have the information on most of the above hybrids so drop by the office if you would like to discuss this.

LAND PRICES

Not too many years ago, all the talk in land economics was about productive value and its relationship to price. This concept of buying and selling land may still be valid in a few areas of the state; but it is becoming less important with each land transaction.

Maybe productive value is still a big question in land pricing. However, if it is, the meaning has changed drastically. Before the big swing to rural recreation or "people farming" as some choose to call it, the farmer looked at how many bushels of corn a

tract of land would produce. He evaluated prospective acreage by such factors as soil resources, kinds of soil available, slope or lay of the land and erosion conditions.

In "people farming" erosion conditions might tend to increase land value rather than decrease it as in the past. Land

with extreme erosion conditions often bring premium prices because of its ease of adaptation to lakes and ponds. Deep gulleys can easily and inexpensively be converted to fishing, boating and swimming facilities.

The high price of land now makes a purchase for livestock production almost senseless. The rise in land prices can be attributed to three main sources, says Dr. A. B. Wooten, land economist at Texas A&M University. These are increased demand for rural home sites, recreation and speculation. Another factor in land buying and ownership is "hobby farming." In this situation, people buy a few acres of land and put a few cows and chickens on it. Next they build a house and a few farm buildings. These people realize they aren't making a monetary profit from the venture, but the psychological profit of living in the country and owning a farm is their main objective.

When many people buy land today, they don't really consider the total price. Instead, they want to know how large a down payment is required and what the monthly payment will be. If these two factors fit into the family budget, another family moves to the country.

ACCEPT AWARD--Mr. and Mrs. Bill Johnson represented the Oslo Community at the annual Ft. Worth Press State Soil and Water Conservation Awards program Saturday in Ft. Worth. The Johnsons accepted the Outstanding Community Soil Conservation Award for Oslo.

OUTSTANDING--The Rev. and Mrs. Robert Cordes of Oslo are shown at the Ft. Worth Press State Soil and Water Conservation banquet with the plaque he won for giving the most unselfish service to soil conservation by a non-farmer in Texas. Photo courtesy Ft. Worth Press

City Returns Radar After Trial Period

Traffic, delinquent utility bills and office appointments occupied most of the city council's time Monday night.

Angle parking was approved at the Little League baseball park and Policeman Wayne Pierce was instructed to keep the drives of homes in that area free of parked cars.

City Manager Ken Conrey said the radar unit has been returned to the manufacturing firm. The price of the unit will be refunded, unless another unit is ordered.

Pierce told the council he believed he and his officers could clock the speeders without the radar.

He was instructed by council members to enforce traffic regulations strictly. Some of the council did not think the officers were writing enough tickets for the amount of illegal driving that is done.

Conrey told the council that the delinquent utility accounts have been reduced to approximately \$20,000. It was \$30,000 two months ago.

The council instructed Conrey to become more strict in discontinuing service to persons who are able to pay their utility bills, but refuse. No hardship cases will be denied services.

The Equalization board of John R. Collard, Jr., George Buzzard, Tom Etter, Tommy Gooch and Gus Renner were reappointed.

Ed Dear and Ray Robertson were reappointed to the zoning board. Mrs. Robertson, Mrs. George Rook, Mrs. James Lair and Mrs. Brad Beedy were named to the Park Board to replace their husbands.

Dr. D. E. Hackley was appointed Health Officer for the city.

Today's Fats And Oils Are The Greatest

On what basis did you select the fats and oils you use in your kitchen? Chances are that flavor, or lack of it, shortening power, and physical form were deciding factors. In other words, you bought butter or margarine for a spread, so form and flavor were important factors. Oils are used as an ingredient in salad dressings and for deep fat frying, making form and flavor important, again. Shortening and lard are used for pastries and for frying -- shortening power and form are important factors. Price, though important, may have trailed these other factors as you made your selections.

How many pounds of fats and oils do you use, per member of the family, over a year's time? The national average in 1963 was about 46 pounds per person. This included about 7 pounds of butter, 9 pounds of margarine, 6 pounds of lard, as well as shortenings, and oils. It also included foods containing fats and oils, such as mayonnaise, breads, heat-and-serve frozen french fried potatoes, and other convenient foods in which fats or oils are tucked away, largely out of sight. With all the talk of dieting, Americans continue to consume increasing amounts of fats and oils in their several forms, though the annual increases are small.

What are fats and oils? They're much alike, are made up of combinations of fatty acids and glycerine. Oils have more unsaturated fatty acids than have fats -- the reason

butter is solid and cottonseed oil is liquid.

Conversations these days have a way of including unsaturated fats. How do the various fats and oils compare in content of unsaturated fatty acids? Approximately 50 per cent of butter is of this group of fatty acids, lard, 60 to 65 per cent; cottonseed oil, 75 per cent; peanut oil, 75 to 80

per cent; corn oil, 85 per cent; soybean oil, 81 per cent; and safflower oil, 92 per cent.

What is shortening power? The ability of a fat or oil to make a food, such as pastry, breads, or cake, more tender.

Modern processing methods and know-how change the natural physical characteristic of fats and oils, making them more usable for certain uses and in-

creasing the number of possible selections for shoppers. The shelf-life of most fats and oils has been greatly lengthened through new technology.

B. A. Goodman (left) of Canadian, daylight driller on Baker & Taylor Drilling Co. Rig No. 7, receives the keys & title to a 1962 Crew Car from his Toolpusher, Ed Brawley. Bill Massie, Baker & Taylor Safety Director, and Eddie Read, Company Fishing Supervisor watch the presentation. Baker & Taylor awarded Goodman and his crew the car for being the Best All-Around Crew within the Company. The selection was based on safety, efficiency, economy, housekeeping, and overall performance. The other members of Goodman's crew are A. F. Fuson, Ben Virgin, Ted Evans, and A. J. Sword, all of Canadian.

Mrs. Bud Beeson and Mrs. Ruth Caro spent Saturday in Guymon enjoying the parade and celebration.

Mrs. W. S. Gable spent part of last week at Follett with her husband while the children were in Enid with the band. Mr. Gable is with Baker & Taylor and his work is near Follett.

Mr. and Mrs. John Brown have been to Ozark, Ark., for the funeral services of Brown's grandmother, Mrs. Elizabeth Haney. Services were conducted Monday.

Mr. and Mrs. Lee Keys spent the weekend in Ponca City due to the illness of her father.

Officers School To Be May 13

The Hansford County Council of PTA will sponsor a school of instruction for all officers May 13 at 1:45 p. m. at the Home Demonstration Clubroom in Spearman. Mrs. Chesley McDonald, a state vice-president of PTA, will teach the course. All interested persons are invited to attend.

Family Attends Infant Services

Mr. and Mrs. Rock McLeod and Mr. and Mrs. Robert Lomax have been in Abilene for the funeral services of an infant nephew.

The five-week old infant recently underwent heart surgery in Dallas.

Services were conducted Wednesday.

Mr. and Mrs. Harold Groves and children went to the Hitch Ranch when the Rolling Plains Wagon Train was camped and attended the square dance on Thursday night.

Mr. and Mrs. Howard Wolfe and son, Brett Alan of Lubbock, spent the weekend with her parents, Mr. and Mrs. George Dick.

Mr. and Mrs. Robert Long and daughter of Amarillo Air Force Base were Sunday dinner guests of her parents, Mr. and Mrs. J. D. Beeson.

Nell Gwynne was an orange seller.

Future Readers Of The Plainsman

Mr. and Mrs. Val Winger of Gruver are the parents of a girl born May 5 at Hansford Hospital. She has been named Marva May and weighed 7 lbs. 2 oz.

Maternal grandmother is Mrs. Alma Gruver and paternal grandmother is Mrs. Pauline Winger, both of Gruver.

Card of Thanks

The Little League wishes to thank everyone that helped with the rummage sale recently, for donating their time and effort.

The amount of \$134.00 was made from the rummage sale.

The ladies of the WSCS of the First Methodist Church went to Amarillo Wednesday to visit the Wesley Community Center.

Mr. and Mrs. Lewis R. Collins were among those going to Enid Saturday for the Music Festival and to see the marching bands.

Mrs. Freeman Barkley went to Enid Friday morning to attend the Tri-State Music Festival. She also helped sponsor the group and attended the choir program Friday afternoon.

Mr. and Mrs. Kenneth Martin and children of Forgan, Okla. spent Sunday afternoon with Mr. and Mrs. Loyd Carroll.

Mrs. Inez Hall and Mrs. Ruth Caro spent Monday shopping in Borger.

Card of Thanks

We would like to express our sincere thanks to the many people whose contributions of services helped to make the District 19 Parent Teacher Association Conference on April 20-21 a success.

To the Chamber of Commerce, the Mayor, the City Manager and the Aldermen, the Jaycees, the Ladies of the Union Church, Boxwell Brothers Flower Shop, the Patton Motel, the 20th Century Club, the school staff and students, the local newspaper, the local PTA unit, and all the committee chairmen and members who worked so hard, goes our grateful appreciation and thanks.

The Arrangements Committee Mrs. E. J. Callaway, Jr. Mrs. D. E. Spoonemore

Mr. and Mrs. Will Deck of Balko, Okla. spent Sunday with Mr. and Mrs. B. J. Garnett. They and Mrs. Lula Deck left Sunday evening for N. M. where they will visit relatives for a week.

Two Wrecks In Two Days

City Police officers investigated two minor accidents in Spearman Sunday and Monday afternoon.

Sunday at 5:45 p. m. a pickup driven by Rita Jean Harbour hit a powerline pole on Highway 15 near Patton Motel.

Police Chief Wayne Pierce said a car driven by Noreen Sutton pulled onto the highway from the A&W Root Beer stand and caused Miss Harbour to go on the street into the pole.

Monday afternoon at 5:10 p. m. cars driven by Faye Lynch of Spearman and Jerry Jamison of Perryton were in a minor collision on Hancock street near the Post Office.

Mrs. Lynch was backing from the curb when the two cars collided, Pierce said.
