Morris had just been tripped by a shoestring tackle and had crashed into the back of his blocker. The fans were well pleased with the show put on by the Lynx.

Alert Citizen Tips Police on Burglary

Police officers credited an alert citizen with the lead that led to the quick capture of a man believed to have burglarized Cates Grocery Tuesday night.

Sheriff J. B. Cooke and Chief of Police Wayne Pierce returned the man from Perryton where he was captured Wednesday. He was to be arraigned on the charge late Wednesday afternoon.

Chief Pierce said the man was captured because a citizen

became suspicious when he saw the man and his car near another business. The person took the license number and turned it in to officers.

After the license number was broadcast the man was arrested in Perryton Wednesday morning.

Tuesday night someone entered Cates Grocery on N. Bernice through an air conditioner ventilator. The burglar took cigarettes, gloves, some ammunition and some meat.

Sheriff's officers this week also placed two men under bond on a charge of theft over \$50. Each man was placed under \$5,000 bond awaiting action of the Grand Jury.

The two men were C. R. Sinclair of Houston and Ernest Negem Jr., of Tyler.

Officers also arrested Joseph M. Harrelson on a fugitive warrant from Beaver, Okla.

School Sets Tax Election

An election on the consolidation of the New Hope School District with the Spearman Independent School District has been called for Sept. 12.

The districts have been consolidated by action of the county school boards in Hansford, Ochiltree and Hutchinson counties. This election is to give the new district the right to assess and collect taxes for the further maintenance of the schools and, also, for the assumption of the bonded indebtedness of the districts and allow the district to levy and collect taxes to pay the bonds of both districts.

The total bonded indebtedness of the new district will be \$1,351,000. All of the bonds will be paid off by 1977.

The election polling place will be in the Junior High School building on Fifth Street. The election judge will be Emmett R. Sanders and clerks will be Dorothy Davis and Mattie Ruth Richardson.

Absentee voting will begin 20 days before the election and continue until four days before the election. Persons may vote absentee in the County Judge's office. Judge Johnnie Lee has been appointed Clerk for absentee voting and Mrs. E. J. Copeland has been named deputy clerk.

Persons who have paid their poll tax, have real or personal property on the school tax roll of either district and live in the districts, may vote in the election.

The election was called after a petition was presented to the Spearman board requesting such an election.

Final Rites Today for Mrs. Blodgett

Funeral services for Mrs. Milo Blodgett will be conducted at 2 p.m. today (Thursday) in the First Christian Church. The Rev. Graham Pugh, pastor, and the Rev. Everett Cain Jr., pastor of the First Presbyterian Church, will conduct the services.

Mrs. Blodgett died at 2:40 p.m. Tuesday in Hansford Hospital after a long illness.

Mrs. Blodgett was a true pioneer of Ochiltree and Hansford Counties. She came to Ochiltree with her parents in 1886.

Her parents, Mr. and Mrs. Jacob Walstad, came to the United States from Norway. Myrtle Mae Walstad was born in Medicine Lodge, Kan., Nov. 30, 1878.

The family moved to Texas in 1886 and settled on Wolf Creek, near the site of old Ochiltree.

Miss Walstad married Milo Blodgett in 1897. They moved southwest of Spearman in 1907. He died in 1932. The couple had three children. One son died in infancy and Clarence Ralph Blodgett died Dec. 18, 1922. Mrs. John Kenney is the surviving daughter.

Mrs. Blodgett was a member of the First Christian Church.

Besides the daughter, Mrs. Blodgett is survived by two sisters, Mrs. Archie King of Farnsworth and Mrs. Dave Lard of Truth or Consequences, N. M., three grandchildren and four great-grandchildren.

Boxwell's of Spearman will be in charge of interment in the Ochiltree Cemetery.

Lynx Gridders Please Fans in Scrimmage

The large crowd of fans were pleased and the coaches said "wait until we grade the films" about the results of the Lynx-McLean Tiger scrimmage here Tuesday night.

Coach Don Seymour said the Lynx need more speed. Twice Lynx backs got loose only to be overhauled.

The coaches were pleased with some phases of the defensive play of the first two units, however, they found technical mistakes which the fans did not see.

Sparks Goes To Sundown

Larry Sparks of Spearman has accepted the position of band director in the Sundown High School on the South Plains.

Sparks, a graduate of Spearman High School, has been band director of the Gruver Greyhound Band for the past few years. The band under his direction has earned superior ratings in band clinics.

Sparks is married to the former Miss Ann Vaughn of Spearman. She taught in the Spearman schools last year.

From the fan's vantage point the Lynx looked good. Many said they had never seen the Lynx look so good this early in the season.

Spearman scored two touchdowns and had a couple of others called back for infractions of the rules. The team marched up and down the field on strong running by both backfield units and scored once on a pass from Dave Clement to Ronald McDonald.

The McLean first unit mounted one sustained drive to the Spearman five. There, the Lynx Red defensive unit took over and threw the invaders back to the 15 where Spearman took over.

Fans were cheered by the way the Lynx got to the McLean ball carriers and stopped the Tiger attempts into the line.

McLean held a decided weight advantage, but the Lynx were not bothered by the difference. They handled McLean's big backs, Crockett and Windom, with authority.

Two more boys were added to the squad this week. Ike Richeson, a letterman from two years ago, rejoined the squad. Darrell Adkison, also reported.

Spearman opens the season at home Sept. 4 against Sunray.

Reserve seat tickets are now on sale at the school business office.

Mrs. Baird died Tuesday in Dallas of an apparent heart attack. She was a beauty operator.

Her daughter, Mrs. Jerry Floyd is in France, where her husband is stationed in the Army. They were leaving France Wednesday afternoon by plane to return here for the services.

Besides the daughter, Mrs. Baird is survived by her mother, Mrs. Ed Wilbanks, three sisters, Mrs. Jimmie Crawford, of Spearman, Mrs. Don Shockley of Perryton, Loretta Boyd of Amarillo; one brother, Carl Ed Wilbanks of Oklahoma City.

The big barn, 180' x 30' was filled with hay and lumber. The Perryton Fire Department answered the alarm, but could not contain the blaze.

Corky Kizziar lives on the Buzzard farm where the barn is located.

Mule Train To Woodward

Spearman's Rolling Plains Mule Train will roll again Monday to Woodward, Okla., for that town's celebration.

About 18 wagons of the train will leave here Monday by truck and go to Shattuck. They will spend the night there.

Mule power will take the train the 14 miles from Shattuck to Woodward, Tuesday.

Train members will be in Woodward for three or four days. While there the train will be in a parade Sept. 2, and possibly one more during the celebration.

Mrs. Everett Clement, publicity director for the train, says the train has two invitations for long trips next year. They have been invited back to Graham, but over a new route. Also, Austin has extended them an invitation. This would be a trip of some 575 miles.

Another New Teacher Hired

Homemaking Notes

By Linda Webb
Home Demonstration Agent

Looking for ways to save money? Well, I think any smart homemaker does continually try to find ways to save.

Of course, right now the "Back-to-School" season is here. Families with school-goers, whether they be first graders or college seniors, are feeling the pinch of money for school wardrobes and supplies.

Prices on school clothes promise to be up this fall because of material and labor costs. The quality may not equal that on the market at present. Therefore, mothers, sales may be worth some time and effort this month.

August may be your month to do some saving on certain other items, too. There are furniture sales, tire sales, garden and lawn equipment sales, camping goods and white good sales.

In order to make sales profitable to you, there are some things to consider.

--Know what to expect from the store

--Shop the first day for the best selections, the last day for further reductions

--Know what you want and need

--Know the original price of the item

--Check size, color and condition of the merchandise. Try on clothing before buying. Many sale items are not returnable.

--Consider cost of care

--Check guarantees and service available.

Keep these suggestions in mind, and happy "sale-ing" for savings.

In traveling around the state and throughout the west this year, I've noticed a considerable effort on the part of travelers and highway departments in keeping our nation's highways free from litter.

What a true joy it is to travel on highways uncluttered from the sight of paper and other trash, which is so often thrown by unthinking "citizens". More and more, trash barrels are being placed in convenient spots along highways for your deposits of litter.

Litter thrown on streets and highways by pedestrians and motorists is more than paper, trash, cans and bottles. It is taxpayer's money--because the taxpayer has to foot the bill for the clean up job.

Let's each go on a personal campaign to make our state the cleanest and most beautiful in the nation. It will take a real effort.

A litterbag in every car, pickup and truck is suggested as a starting point. Make yourself and others more conscious of the fact that it is their money (and yours) they are wasting when they scatter litter everywhere they go.

Orrell of Oklahoma City, in a double ring ceremony performed at 8:00 p.m. August 22 in the First Baptist Church. Rev. Luther M. Berry officiated. Day By Day

I always suspected I was worth my weight in gold as an un-automatic dishwasher but something I read last week really proved it.

Did you know the average American homemaker does \$67,000 in dishwashing for her family during her lifetime!

Based on an average of three hours daily at the kitchen sink doing the dishes, a homemaker would earn that amount in wages as a dishwasher if she worked on a regular job instead of her home, according to a survey recently conducted by personnel of a stainless steel sink firm.

It makes me tired just to think about spending so many hours, clad in my checked apron in front of the kitchen sink, but it is nice to know I'm worth a "small fortune" even if it is as a dishwasher.

...

I always read Gladys Taber's "Butternut Wisdom" in Family Circle magazine because I enjoy her beautiful descriptions of the changes of season in New England.

September brings, for her, "the first scarlet burns above the hackberry bushes, sunlight sifting through the canopy of the giant maples and goldenrod splashing color along the road." She appreciates every minute detail of nature's handiwork and you can just tell she enjoys living by the colorful way she describes the simple things around her.

With the exciting change to autumn, I thought of polishing up all the colorful adjectives I knew, to try and give a picturesque description of the new season. But, with so few trees, hills, wildlife and crops ready for harvest, I guess early autumn around here has to be described more as a "feeling".

Autumn is none the less exciting just because it isn't quite as colorful here as it is in some areas. To me, it is the beginning of things, I guess because I'm never really able to disassociate myself with school. It is filled with happy little first graders intent on becoming students for the first time, of exciting Friday night football games, delicious apple pies that taste better right now than at any other time of year and of Saturday afternoons when I invariably have to stir up some long-gone memories of days when the Horned Frogs were champions. It is, in short, my favorite time of year.

...

This recipe for Lemon Bisque came to me in a round about way, but originally it is from Frances Massey of Tyler, a friend of a mutual friend. It is easier to prepare than Mississippi Lemon Pie, one of my favorite recipes, but it still is really a delicious dessert.

LEMON BISQUE

1 package Lemon Jello (large)
1 cup boiling water
1/3 cup sugar
Pinch of salt
1/4 cup orange juice

Dissolve Jello in water; add the other ingredients and set aside to cool. Chill one large can of evaporated milk until almost icy. Whip thoroughly; add to Jello mixture and whip again. Line a large Pyrex dish with crushed vanilla wafer or graham cracker crumbs. Pour lemon mixture over this and sprinkle with more crumbs. Refrigerate overnight if possible. Serve in squares with or without whipped cream.

Shower For Mrs. Brandt

Mrs. Robert Brandt was honored Monday night with a pink and blue shower in the home of Mrs. Craig Hutchison.

The serving table was covered with a white cutwork cloth and was centered with a sweet little baby doll atop a soft cloud of blue and encircled by blue lace. The baby was inside a glass bubble and on top of it was the main arrangement of white and blue carnations, yellow daisies and pink roses.

In the living room was an arrangement of pink and white carnations with a little baby amidst them arranged in a baby diaper with a big blue baby rattle resembling a baby pin fastening the diaper in front. The finishing touch was blue butterflies atop the carnations.

**JAYCEE SOFTBALL TEAM
LOSES TOURNEY OPENER**

The Spearman Jaycee softball team lost the first game they played in the Perryton City Tournament Tuesday night, 17-2 to McGibbon Oil Company of Perryton. They will play the winner of the Sunray Jaycee-Perryton Jaycee game, Tuesday night at 9:30.

GLAMOUR AFOOT

Pairing up with at-home fashions, glamorous slippers appear with higher, shapelier heels, in opulent fabrics. Fur trims and linings add elegance.

SPATS ARE BACK

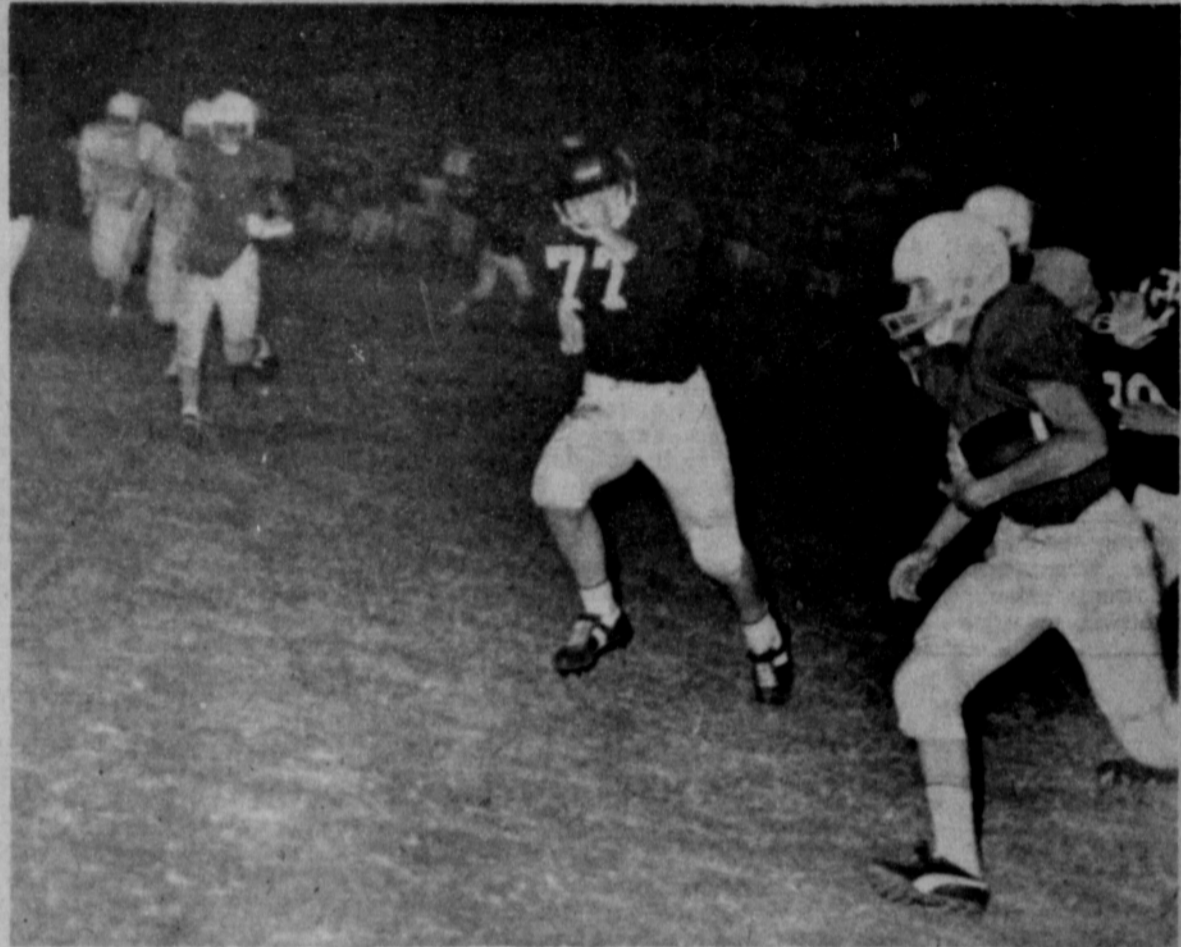

Spats step into the feminine rainwear fashion picture this fall. In stretch fabrics, they're every length from ankle to knee.

SUEDE STARS

In fall handbags, suede makes a big comeback—everything from the most elegant suedes for evening to sporty reverse grains for day.

DOUBLING UP

For double the fashion, many a fall handbag is two bags — one inside another, two side by side, or two separate bags on a shoulder strap.

**Teachers Meet Today
Registration Friday**

Spearman school teachers begin work today, students register tomorrow (Friday) and classes begin Monday morning.

The 54 teachers in the system will meet at 9 a.m. today for a general faculty meeting, then the teachers and their principals will meet for another meeting.

Friday, students from grades one through eight will register from 9 a.m. until 11 a.m. Buses will run the rural routes to bring students to school and take them home from registration.

High School Principal Frank Cockrell said all high school seniors should come to school Friday morning and check their schedules. They will receive their class rings at the same time.

The only other high school students who must come to school Friday are those wanting to change their schedules and new students who have not registered.

The first day of classes will be Monday. The next Monday will be a holiday, Labor Day. The first football game will be Friday, Sept. 4, with Sunray, here.

School Administrators are expecting the total enrollment to reach about 1075 students. But, it could go higher, depending on the number of students who moved here this summer.

**Teen Shoes
"With It"**

Like the man on horseback, shoes for teens take off in all directions this fall. Boots go up, booties come down, moccasins round out, and flats rise. Diversity is the keyword—in shape, styling, color and texture, notes the Shoe Fashion Service of Leather Industries of America.

The teenager's imaginative spirit, many interests and active schedule call for a varied and versatile shoe wardrobe. She craves flats and mocs for school, boots for outdoors, pumps and slings for dress-wear, and booties at any time. And for every type of shoe, there are leathers aplenty—smooth, grained, brushed, suede, antiqued, waxy, embossed, patent.

In class or after, the teenager never forsakes the trusty moccasin—footwear favorite from childhood on. Though the moc has spread slightly for a broader, rounder look, its basic appearance is unchanged. Hand-sewns and machine-stitched variations are available in newsy suede and scotch-grained leathers, as well as the traditional glove and waxy textures.

Flat-wear afoot also encompasses the skimmer, shell, sling and tie-shoe. Though classified as flats, some styles sport slightly higher heels than in other seasons. Sling-backs and strap-shoes are still "in" with teenagers as with their older sisters, and the little tie-flat in brushed and grained leathers is in great favor.

The boot has the '64 subdeb up to her knees in leather and loving it. Teen boot versions are longer, more uncluttered, with zippers, gored insets, straps and laces aiding that lean leg-hugging look. Smooth, waxy and grained leather textures predominate, but brushed, suede, embossed and patent leathers are fresh and fun.

Blodgett Has Top Yield

A Spearman seed producer had the top irrigated yield of a new variety of wheat, Caddo, in the state, Dr. I.M. Atkins of the Texas Agriculture Experiment Station reported this week.
Ralph Blodgett produced 84.3 bushels per acre of the new wheat. Improved Triumph produced 76.1 on the same farm.

Blodgett said the wheat was grown on land which had been plowed 18 inches deep and was allowed to fallow for a year. The wheat had a test weight of 66 pounds and the government test on sedimentation was good. Blodgett said the wheat was among the top four varieties in milling characteristics.

Caddo compares to Tascosa in resistance to head shatter. It is also about 10 inches shorter than Improved Triumph and has good uniformity in height. Blodgett said he did not graze the wheat, but it appeared to have above average forage for grazing.

He said both registered and certified seed are available in this area. Reports to Dr. Atkins from growers all over the state showed Caddo outproducing other wheat. Many said it had more forage for winter grazing, a stronger straw and more resistance to hail damage.

Dr. Atkins also received reports of higher test weights and more resistance to rust. Caddo was developed by Dr. Atkins and Dr. Kenneth B. Potter of the Texas Experiment Station. Before it was released to growers, it had received an excellent rating on yield, test weight, quality and resistance to leaf rust. It is also widely adapted, including areas in Central Texas.

Miss Leah Findley of Ennis has been visiting Miss Ann Garnett.
Oscar Donnell and daughter, Bethany, visited in Graham over the weekend. Oscar said the fish were biting.

Mr. and Mrs. M.W. Walker had as their guest Thursday and Friday her sister, Mrs. H.T. Mitchell from Yuma, Ariz.

Young Juniors Have Their Own Special Fall Look

Junior debs are coming into their own as an important fashion entity. Young, bright, up-to-date fashions designed especially for them have a look exclusive to this age group.

Ease and action are the keynotes of current collections. Skimmers, A-lines, blouses and plenty of pleats allow lots of room to move, and impart a jaunty air to new dresses.

The layered look carries on as the favorite in casual clothes for school or play. Stretch pants and skirts, topped by pullovers or a combination of shirts and sweaters in contrasting tones and textures lead.

Sportswear has a new polish, with the coordinated look now in favor. Slack suits, matching pants and pullovers or patterned sweaters look new and, above all, neat.

Rich, burnished tones of plum, cranberry, rust, all the light royals and navies, kelly and emerald green are seen everywhere. Black and white looks newest when brightened with yellow or citron touches.

Textures are more important than ever. Double knits and jerseys are often ribbed and patterned. Brushed mohairs, alpaca-weaves, corduroys, fleece and pile are the fabrics to watch in sportswear and outerwear.

Ladies Flag Tourney Set

A Ladies Flag Tournament has been announced for Thursday, Sept. 3 at the local golf course.

The play will begin at 3 p. m. and there will be an entry fee of \$1.00.

PRETTY PARTNERS

Cozy, colorful gloves for cold weather often take a partner in fashion -- for example, patterned gloves and matching beret, or gloves matchmated to a dickey.

FASHION IN HAND

Petite purses for after-dark or the cocktail hour glow in polished smooth leather, silky suede, creamy lustre and distinctive embossed leathers.

LOOK UP before you LIFT UP!

When installing a TV antenna, make sure it will safely clear overhead electric lines

When you're putting up (or taking down) a TV antenna, play safe by keeping it well away from power lines. Antenna masts are conductors of electricity, and if a mast should come in contact with an electric wire while you're holding it, a serious accident could result. Be careful also to avoid running guy wires or lead-in wires over or close to electric lines. And always try to locate your antenna where it will clear electric lines if it should fall in any direction. By following these precautions, you can help prevent needless accidents.

Bufs Open Drills Sept. 1

Football drills open September 1st at West Texas State University.

The 1964 Buffalo squad faces an overhauling task during the coming season.

Gone are the ten starters and standout players of the 1962 Sun Bowl team.

Missing from the lineup will be Pistol Pete Pedro, Jerry Richardson, John Varnell, Hoot Gibson, Ollie Ross, Bill Lorraine, Jack Mayfield, Jim Denny,

Jim Ostrander and Quinton Epipinette.

The main job of head coach Joe Kerbel is to fill holes and build depth in the remainder of last season's injury-riddled squad.

Seventeen lettermen return to the squad this season. However, many of these lettermen were pressed into action to replace injured starters last year and are lacking in experience.

"We've lost ten starters. We

have the toughest schedule we've ever faced, especially when you consider where we play these teams and when we play," said Kerbel.

"If we can get through the first half of the schedule with these key teams and stay in good condition, I think the last part of the season will show our true potential."

Workouts will be held beginning the morning of September 1st.

We give double Buccaneer Stamps on Wed.
