

Hansford County above average on income!...

Do we need "Tax - Reform?"

Tax reform has become the leading political issue of 1985. On May 29, 1985, the Reagan Administration introduced the most comprehensive revisions of the tax code that have been proposed for the past 50 years. There is considerable controversy regarding several specific details of the Administration's proposal, but both Democratic and Republican members of Congress appear to agree that the present tax system badly needs changing. It is certain that changes in the tax code will have a substantial impact upon all American taxpayers. It is also certain that these changes will have a substantial impact upon taxpayers in Hansford County.

Revisions of the federal income tax rates on personal income will have the greatest direct effect on individuals and families in both Hansford County and the nation as a whole. There is, of course, considerably more to personal income taxes than tax rates, but rates are particularly significant for those taxpayers who do not itemize their income tax returns. In 1982, the most current year for which complete information is available, 64.9% of all individuals in the United States who filed personal income tax returns did not itemize deductions. Obviously, changes in tax rates are especially significant to this group of taxpayers.

Current statistics regarding personal income tax returns on a county basis are not available. However, it seems highly probable that the proportion of taxpayers filing itemized returns in Hansford County was somewhat greater than the national proportion. For the past several years, the overwhelming majority of taxpayers filing itemized returns nationally have had adjusted gross (taxable) incomes of greater than \$25,000. Some 62.4% of all taxpayers filing returns with itemized deductions in 1982 had taxable incomes greater than \$25,000. The most recent comprehensive information regarding household incomes indicates that the proportion of households in Hansford County with taxable incomes greater than \$25,000 was significantly larger than the national proportion of such households. For this reason, it seems likely that changes in federal income tax rates will have a somewhat less pronounced effect upon taxpayers in Hansford County.

Simplifying existing tax rates also has received considerable support from members of Congress in both parties. This simplification will also

result in major tax changes for most citizens. The Administration has proposed replacing the current 14 different rates for married taxpayers and 15 different rates for single taxpayers with 3 rates. Current tax rates range from 11% to 50% of taxable income. The proposed tax rates would range from 15% to 35% of taxable income. Some congressional leaders have proposed adding a fourth tax rate of 50% for taxable incomes greater than \$100,000 although the Administration has expressed strong opposition to this proposal. The following table shows the actual percentage of total income paid by various income groups under current tax laws and the percentage of income that would be paid if the Administration's proposed rate changes are adopted.

Table 1
Comparison of Average Tax Rate and Change in Taxes by Incomes

Income Groups	Average Tax Rate		
	Current Law	Proposed Revision	Change in Taxes
Less than \$10,000	1.4%	0.9%	-35.5%
\$10,000 to \$15,000	3.2%	2.5%	-22.8%
\$15,000 to \$20,000	4.6%	4.0%	-13.5%
\$20,000 to \$30,000	6.3%	5.7%	-8.7%
\$30,000 to \$50,000	7.8%	7.3%	-6.6%
\$50,000 to \$100,000	9.4%	9.0%	-4.2%
\$100,000 to \$200,000	13.2%	12.7%	-4.1%
\$200,000 and Over	21.0%	18.7%	-10.7%

Source-Office of the Secretary of the Treasury

The most recent comprehensive information available regarding incomes does not precisely match the income breakdown shown in the Treasury's estimate of tax changes. However, the following table compares income groups nationally and in Hansford County.

Table 2
Income Groups in the United States and Hansford County

Income Groups (by household)	Percentage	
	United States	Hansford County
Less than \$10,000	29.2%	28.4%
\$10,000 to \$15,000	15.3%	14.9%
\$15,000 to \$20,000	14.1%	11.9%
\$20,000 to \$25,000	12.5%	11.9%
\$25,000 to \$50,000	24.3%	26.3%
\$50,000 and over	4.6%	6.6%

Source-Census Bureau-1980 Census

Less than 1.0% of all households in the United States had incomes of more than \$100,000 per year in 1980. Identification of these households on a county basis would often violate the confidentiality of the census so this information is not made available by the Census Bureau.

It appears that the net result of the Reagan Administration's proposals would generally be to substantially lower the amount of federal income taxes paid by individuals. The official Treasury Department estimate indicates that individual income taxes would be reduced by \$260.6 billion over the five year period from fiscal 1986 through fiscal 1990. Households with incomes of less than \$20,000 per year are projected to receive the greatest proportionate tax reduction under the Administration's proposal. 58.6% of all American households had incomes of less than \$20,000 per year compared to 55.2% of all households in Hansford County. Under these circumstances, it appears that the impact of the Administration's proposed revisions of individual income tax rates would have a less pronounced effect upon taxpayers in Hansford County than upon taxpayers in the nation as a whole.

City to provide CPR training for employees

The city council of the City of Spearman met in regular session July 30 with Mayor pro tem Ed Garner, presiding. Aldermen present were Wilson McClellan, Jim Nicholson, Burl Buchanan. Absent were Mayor C. Ralph Blodgett and aldermen Mike Cudd. Staff present were Jim Murray, city manager, and Charlotte Sheets, city secretary, D.J. Alberts, police chief, Ed Williamson, EMS director, and Ron Antalek, fire chief.

Minutes of regular meeting of July 16, 1985 were read and approved.

The council voted unanimously

to provide CPR training for all full-time city employees.

A grass lease with Ron Clark for 86.3 acres of land owned by the city located adjacent to the Hansford Golf Course in the amount of \$10.00 per acre also was approved.

The mayor was authorized to engage Henton, Beedy & Company, P.C. for the 1984-85 audit.

Ordinance #526 was passed amending section III of Ordinance #500 of the City of Spearman, Texas; changing the location for providing notice to the city council of property damage, personal injury, and death; and providing for

an effective date.

Alderman McClellan presented a suggestion from a citizen of placing a basketball court in the water tower park. No action was taken.

The meeting adjourned at 8:10 p.m.

Aaron Love Fund

A fund has been started at the First State Bank in Spearman for Aaron Love. He is taking chemotherapy in Amarillo now. If you wish to contribute to this contact the officials at the First State Bank.

Boulter to hold town meeting

Continuing with his series of district-wide Town Meetings, Congressman Beau Boulter (R-13) has invited the "Citizens of Hansford County" to a Town Meeting on Wednesday, August 7, at 7:00 P.M., in the Community Room of the First State Bank in Spearman, Texas.

"Over the past seven months", Boulter commented, "these meetings have been central to keeping me in touch with the people of the 13th District. We've talked about everything-from farm problems to the Cost of Living Adjustments for Social Security recipients. While I'm in Spearman", Boulter continued, "I want to talk first about the 1986 budget, and then get into whatever the folks there want to talk about."

Boulter was the only freshman Republican to gain a seat on the House Budget Committee, and was recently appointed to the House/Senate Budget Conference Committee which is assigned the task of hammering out the differences between the budgets passed by the house and Senate. "Needless to say", Boulter commented, "the budget process is complicated. So far our Conference Committee has not broken the dead-lock. I'd like to hear what the people of Hansford County have to say, and what they'd like to see changed."

Reception to honor new doctor and administrator

The Hansford Hospital Auxiliary will be honoring our new doctor, Romeo Sangalang, and new Hansford Hospital and Hansford Manor administrator Dennis Robertson with a reception August 11 from 2 to 3:30 p.m. in the lobby of the Hansford Hospital.

The public is cordially invited to attend.

Dr. Sangalang began his practice July 17, and the new administrator, Dennis Robertson began his job August 1.

Faye's Daze

Wednesday I didn't think I could stand another hot day and then that nice cool front comes in. How nice!!!

Here it is the first of August. Just another month and school will be starting. The dog days of summer seem to drag along but the months go by in a hurray. Soon it will be time for school to start.

I don't think I have mentioned the fact that I am going to have another grandchild the last of December.

Her parents in explaining the coming event to their daughter, Lauryn, told her that Santa Claus was going to bring her a baby sister or brother for Christmas. Her answer to this information was "I don't want Santa Claus to bring me a cry baby sister or brother." They have some friends with new babies and evidently she doesn't care for their crying.

Lauryn spent a few days with me in July and we had a big time. What I need is a jet so I can see her oftener.

She has a new puppy and told me on the phone the other night that it is black with brown feet and has a white spot on its chest and she has named it "Fally". Where she got that name I have no idea. Anyway she told me she would bring it to see me sometime soon.

I would like to make a suggestion. I dislike the term water tower park. This park was given to the city many years ago by Mr. and Mrs. W.M. Glover in memory of their daughter who was deceased. Mrs. Glover is still living and still takes our paper. I think it would be appropriate to call it Glover Park in respect of the Glover's who were outstanding citizens of our com-

munity many years.

Our attitudes have a lot to do with our lives as the following story reflects:

THE MAN WHO SOLD HOT DOGS
There was a man who lived by the side of the road and sold hot dogs. He was hard of hearing so he had no radio.

He had trouble with his eyes, so he read no newspapers. But he sold good hot dogs. He put up signs on the highway telling how good they were. He stood on the side of the road and cried:

"Buy a hot dog, Mister?" And people bought. He increased his meat and bun orders.

He bought a bigger stove to take care of his trade. He finally got his son home from college to help him out. But then something happened.

His son said, "Father, haven't you been listening to the radio?"

There's a big depression. The European situation is terrible. The domestic situation is worse."

Whereupon the father thought, "Well, my son's been to college, he reads the papers and he listens to the radio,

and he ought to know." So the father cut down on his meat and bun orders, took down his advertising signs, and no longer bothered to stand out on the highway to sell his hot dogs.

And his hot dog sales fell almost overnight. "You're right, son," the father said to the boy.

"We certainly are in the middle of a great depression."

New Hospital & Manor administrator

DENNIS ROBERTSON

Dennis Robertson, new administrator for Hansford Hospital and Hansford Manor took over his duties this week. He is very pleased with the facilities and staff. He sees no problem with the plant or personnel and plans to run it as it is now set up.

Robertson stated that the former administrator of the manor has a good physical plan and a fine nursing plan. He said that he feels that the staff really cares about the patients and that they are served good food.

He plans to continue the quality care.

He said that he has a fine board of directors to work with.

When asked how he felt about moving to Spearman, he replied that he has lived mostly in small towns and really likes small communities.

He is looking forward to the drier climate here after living in the Houston area. Coming with him to Spearman is his mother and their dog Dutchess.

They were able to find a lovely home in Spearman.

Robertson has been a member of the Methodist Church and he likes to sing in the choir. He is also an avid camera buff and feels he will find some beautiful sunsets to photograph in the northern Panhandle.

Obedience is much more seen in little things than in great.

Chemical People will tour court house

The "Chemical People", the local chapter for the Texas War Against Drugs, will be having a tour of the Hansford County Court House on Wednesday, August 7, 1985 at 5:00 p.m.

The purpose of the tour is to learn first hand how drug and alcohol cases are handled in Hansford County. This tour will help us to see and better understand the process provided by our laws to help us control drug and alcohol abuse.

This opportunity has been made possible because of the efforts of our members who are involved in the Court Watchers Program. The purpose of this program is to protect the children/young adults of our communities and to give support to those people who are involved in our local justice system.

State Sorghum Referendum

A REFERENDUM on a state-wide checkoff on grain sorghum is currently underway in Texas, and will continue through Aug. 15.

The state already has a grain sorghum checkoff in a 29 county area of the High Plains that provides funding for development and expansion of grain sorghum markets. The present checkoff was established in a 1969 referendum and is called Texas Grain Sorghum Producers Board. TGSPB collects an assessment on sorghum at the time of its first sales transaction. Producers not wishing to participate may request a refund.

A new referendum was launched July 15. Sorghum producers outside the 29 county area of the High Plains are currently voting to determine if they'll join in the TGSPB checkoff. They're also voting for directors to the 15 member board that administers the checkoff program.

Any sorghum producer who didn't receive a ballot in the mail as of Aug. 1 can pick one up at his county Extension office, or from TGSPB at Box R, Abernathy, Texas 79311.

TGSPB has been actively pursuing expanded markets in recent months. The Texas board assisted the National Grain Sorghum Producers Assn. in financing and shipping 30 tons of sorghum to Egypt for trials in livestock feeding. TGSPB has also assisted with grain shipment for a similar demonstration in Al-

geria and the People's Republic of China.

"We see potential for sorghum sales in more than a dozen countries, but we must limit our efforts to one or two markets a time because we simply don't have financial resources from our 29-county checkoff for the rest," says Elbert Harp, TGSPB executive director. *

AAM outraged by USDA

The American Agriculture Movement, Inc. is outraged at the heavyhanded tactics used by USDA and the White House to defeat the farmer referendum. As was proven in the House Agriculture Committee debate, USDA used misleading and false assumptions and figures to build a case to defeat the referendum. The Congressional Budget Office figures indicate this bill is the only one that provided a savings to government, maintained exports, and increased net farm income by fifty-two percent for farmers the first year.

AAM National President Corky Jones said, "the best way money can be saved is to cut off funds for USDA Economists. Congress

should not allow a government agency to outright lie to achieve their philosophy," Jones concluded.

AAM wants farmers across the country to know who robbed them of their right to vote and higher prices for their commodities. Congressman Charles Stenholm of Texas offered the amendment which struck the referendum. Jones stated, "how does anyone in a leadership position such as Charlie Stenholm justify the striking of the referendum? This proposal was the only one which will correct the ailing problems in agriculture and provide the ability to maintain our family farm system." (To cotton farmers this will

mean 40c cotton loan rates.)

Congressman Ron Marlane of Montana repeatedly attacked the referendum which set the stage for defeat. This will mean a \$2.47 loan rate on wheat instead of \$5.03 as provided for the mandatory program.

Congressman Ed Madigan of Illinois heavyhanded tactics whipped most Republicans in line to vote against farmers best interests.

He assured corn farmers \$1.91 loan rate instead of a \$3.59 contained in the referendum and soybean farmers a \$5.02 loan rate instead of \$8.35 in the mandatory program.

AAM National Director David Senter said, "the votes against the referendum were votes against family farmers and main street businessmen and a vote in support of people who farm for a living." He continued, "if they think the

fight is over, just wait till these guys go home!"

"AAM will continue to seek higher prices through farmer oriented

legislation and oppose anything that will lower the price to farmers. We have to question the motives of those who voted against the referendum and wonder whose best interest they supported," Jones concluded.

Mormon Open House

The Perryton Branch of the Church of Jesus Christ of Latter Day Saints, commonly known as "The Mormons," invite the public to attend an open house Saturday, August 10, from 10 a.m. to 7 p.m. The Latter Day Saint Chapel is located behind Ranger Stadium on 1302 Michigan in Perryton.

The open house provides an excellent opportunity for the public to meet the local members, see the chapel, and receive answers to their questions.

Various displays on such topics as The family, Temples, Church history, and the Book of Mormon have been set up for leisurely viewing. A genealogical research information room has been organized for those searching for their ancestors. Information will be available for gaining access to the largest genealogical library in the world located in Salt Lake City,

Utah and owned by the church. Research records on microfiche can be ordered and read by appointment in the genealogical library in the Latter Day Saint Stake Center in Amarillo.

Copies of the book of Mormon, manuals on how to organize a family night in your home, pamphlets on such topics as Christ in America, strengthening the home, and Latter Day Saint Temples as well as other informational material will be available free of charge.

Filmstrips and videos will be shown all day and refreshments will be served.

Come and find out about the unique and interesting church whose annual growth rate exceeds 100,000 new members worldwide. Visitors are always welcome. Sunday services are from 9:00 a.m. to 12:00 every Sunday at the Perryton Chapel.

Not much of a world—when you consider all its human imperfections. Yet it's the world we are giving our children—the world in which they must grow up and find their destiny. And we keep hoping that theirs will be a finer generation—one able to improve this world.

What our children eventually do with the world depends upon our spiritual resources and how we share

these truths and ideals with them. By encouraging faith and showing them right from wrong, our children can become the finest generation, destined to change the world—for the better.

Is there a church in your life? There should be!

Don Townsen, president of the First National Bank in Spearman, is excited about the Jr. and Open Tennis Tournament to be played in Spearman beginning August 1.

The First National Bank Tennis Tournament will begin August 1. There will be 84 trophies given at the tournament.

Because of the many beginning tennis players interested in entering the First National Bank Tennis Tournament, there will be a special C Bracket added.

The tournament will feature players 12 and under and 35 and over. The Jr. Tournament will feature boys and girls, singles and doubles.

Townsen reminds tennis players and fans that the tournament will be held at Spearman High School's tennis courts. He emphasized that the tournament proceeds and concessions will go to the Spearman Y.M.C.A.

The Junior Tournament will be played August 1 and 2 beginning at

9 a.m. The open tournament will be played August 3 and 4 beginning at 9 a.m.

Entry fee for the open tournament is \$8.00 per single event and \$16.00 for doubles teams. Limit 2 events per person. Starting time 9 a.m. August 3.

Tournament directors are Don and Barbara Townsen, phone 806-435-2116 or contact the First National Bank in Spearman phone 806-659-5544.

The tournament will feature players 12 and under and 35 and over. The Jr. Tournament will feature boys and girls, singles and doubles.

The Open Tournament will feature womens singles, womens doubles, mens singles, and mens doubles, mixed doubles. Townsen emphasized that everyone 35 and over will be in a special bracket.

Tennis fans are urged to eat at the concession stand during the tournament.
