Spearman Lynxettes meet Perryton in playoff Tues??

LANA PAUL (BLONDIE)

Lana Paul of Spearman scores against Dalhart in a thriller at Dalhart last night.

The Spearman Lynxettes defeated Dalhart last night 41-29. As a result of this game, the Lynxettes are now tied with the Perryton Rangerettes and will meet them in a playoff Tuesday. The

game must be played on a neutral court. The Spearman boys almost pulled the upset of the year as they lost to Dalhart by 3 points. Complete details in Thursdays paper.

THE Hansford PLAINSMAN Sunday

Lions Club Ladies Night Tuesday. No Noon Meeting.

Spearman (Hansford County) Texas

February 13, 1983

Volume 13

Number 14

Open House at YMCA Sun.

AN INVITATION
THE HANSFORD COUNTY YMCA BOARD OF DIRECTORS CORDIALLY INVITES YOU AND YOUR FAMILY TO PARTICIPATE IN THE YMCA OPEN HOUSE TO BE HELD ON SUNDAY, FEBRUARY 13, 1983 FROM 1:30 - 5:30 p.m. REFRESHMENTS WILL BE SERVED AND SEVERAL PROGRAM DEMONSTRATIONS HELD TOGETHER WITH THE GRAND OPENING OF THE NEW RACQUETBALL COURT.

DEMONSTRATION/EXHIBITION SCHEDULE

- 1:30 GRAND OPENING OF RACQUETBALL COURT
- 2:00 SQUARE DANCING - RAINBOWS & WRANGLERS
- 3:00 AEROBICS CLASS DEMONSTRATION
- 4:00 BOXING EXHIBITION - BOXING CLUB
- 5:00 YOUTH BASKETBALL DEMONSTRATION
- 5:30 AWARDS FOR GAMES COMPETITION

Throughout the afternoon members of the board of directors will be your hosts and hostesses. You will have an opportunity to tour the facilities, especially the new racquetball court, fitness center and the Little School pre-school. There will be information on the YMCA membership and programs available, so this provides an opportunity for you and your family to bring along a friend to become acquainted with the programs and facilities of the Hansford County YMCA.

Postal employee retires

Al Tucker, a familiar sight at the local post office for the past 24 years, retired Tuesday, Feb. 8.

Al, who always greeted everyone with a smile and always put out the extra effort to help everyone who came to the post office, will be greatly missed by his fellow employees and the public that he has served so unselfishly this past 24 years.

His fellow employees honored him with a dinner Tuesday evening at Cattleman's Restaurant. He was presented with a service award from the Southern Region Postmaster General, Emmett E. Cooper, a letter of congratulations from

section center manager, C.L. Davis of Amarillo; and a plaque of appreciation by his fellow postal employees for his 27 years of federal service. He began work in the Spearman Post Office in 1959 and had served in the U.S. Navy three years prior to that.

Attending the dinner were Postmaster and Mrs. Ray Robertson, the honoree, Mr. and Mrs. Albert Tucker, Mr. and Mrs. Steve Ryan, of Gruver; Marjorie Crockett, Donnie Poole, Mr. and Mrs. David Collins, Mr. and Mrs. Reg Robertson, Nina Hendricks, Mr. and Mrs. Charles Little, Mr. and Mrs. Willoughby Douglas and Mr. and Mrs. Bill Turner.

Donations needed as supply is low

Bloodmobile here Feb. 14

The Coffee Memorial Bloodmobile will be here Feb. 14 from 4 to 7 p.m. at the Catholic Parish Hall, 901 S. Roland.

For appointment Spearman residents may call Hazel

Stump at 659-2109 and in Gruver you may call Rosie Cator 733-2317.

Everyone who is able to give blood is urged to do so, as the county's supply is very low.

Blood needed for local resident

There is a need for blood in our own community. Anyone wishing to donate Monday may do so, designating it for Bob Gray. He has had 6 units since the first part of December, and, unless his condition changes, will continue to have regular transfusions. Anyone donating in Bob's name will certainly have the gratitude of the entire Gray family.

AGCO "Winter Fair"

You've had the snow. Now you've got...

The Show!
--"Winter Fair" staged by Agco of Spearman Inc. with prizes, fantastic noon fish fry...

And a "mid-way" lined by more than 16 companies with sales representatives on hand to answer all questions about YOUR problems and THEIR products.

The Fair opens at 10 a.m., Thursday, Feb. 17 and closes at 2 p.m. Winter Fair will be located in the County Barn at Spearman.

At noon, Punkin's Fish Trap of Borger will serve up some of the most succulent fish you will ever lap a lip over!

Then there are the door prizes--almost too many to list all of them but we will give you a teaser: a Remington Model 1100 12-gauge shotgun-a pair of boots from the Bunkhouse (winner's choice)--and many, many more.

But...what Agco is the proudest of will be the 16 or more sales people who are experts at YOUR business of growing things.

The bottom line?
--There is no charge for this Winter Fair. There is one thing, with a "purty-please"--call 659-3751 and confirm your plans to attend. Other than that, the bottom line is:

"Welcome" and "Don't forget!"

Seth Hall services held

Services were held at 2 p.m. Saturday in Minton Memorial Chapel in Borger for Seth J. Hall, 70, who died Wednesday. The Rev. Randy Wallis of the Apostolic Faith Church in Liberal, officiated. Burial was in Blue Mound Cemetery in Oklahoma.

Mr. Hall was born in Honey Grove and had lived in Stinnett for 21 years. He was a retired carpenter and a Methodist. Hall was a very active member of the Spearman Lions Club. Members of the Spearman Lions Club attended the funeral.

He was also a member of Perryton Masonic Lodge and

was a 32nd Degree Mason. Survivors include his wife, Doris; a stepdaughter, Virginia Hibbs of Liberal, Kan.; a stepson, Gene Perkins of Liberal; a brother, George Hall of Beaumont; a sister, Mary Belle Pollard of Playa Del Rey, Calif.; three grandchildren and three great-grandchildren.

MARKETS

CORN	\$3.15
WHEAT	3.40
MILO	4.60

Elections, appointments and reports were the chief order of business when the Spearman city council met in regular session Tuesday night.

There are four openings on the city council--three regular two-year terms and one one-year term which is the unexpired portion of former council member Ray Ingle's tenure.

The rule is that an unexpired term, caused by death or resignation, is filled by appointment until the next regular election. Jim Nicholson, a former council member who declined to run when his last regular term ended, has been filling the seat vacated by Ingle.

The regular two-year terms ending are those of Jim Mercer, Gerald Heinrich and Bob Pearson.

At press time, none of these had been contacted to find if they would be running for re-election.

March 2 is the deadline for filing as a candidate. One more thing that is important: when a candidate files, he or she must state whether they are filing for the one-year unexpired term or one of the two-year terms. Candidates will file at city hall.

Absentee voting will be done in person at city hall between March 14 and March 29.

Office hours at city hall are 8:30 a.m. until 5 p.m.

Election Day is April 2. Troy Sloan was named election judge with Helen Etter as alternate. They will make their own clerk plans.

In other business, the council authorized City Manager Jim Murray to take bids on a piece of real property owned by the city, officially designated Lot Nine, Block Two, original township. The property, acquired for delinquent taxes several years ago, is located on Hancock Street.

The council approved the

appointment of the accounting firm of Mason and Henton to perform the 1982-83 audit for the city of Spearman.

The panel also moved to accept an IBM system 32 computer donated by High Plains Natural Gas Company. The city's computer was destroyed in the fire that swept through the interior of the regular city hall building some weeks ago.

While the computer bears the same model designation as the one loaned the city offices by Mayor Ralph Blodgett, it uses the faster line print mode while Blodgett's unit uses the character print mode. The line print unit also has some other features well adaptable to city hall use.

As with elections coming up, it is also time to make appointments to the various city boards. Named to the Planning and Zoning Board, Tuesday night, were E.J. Copeland, Helen Etter and Vicky Bullard.

L.L. Anthony and Garland Behne were the appointees to the Electric Board.

Eddie Clemmons and Ed Garner were named to the Disaster Committee.

The status report on the progress of restoring the fire-damaged city hall had to note a brief standstill. A meeting between city leaders and the architects for the city had to be postponed because of the severe weather of the past several days.

Both the regular monthly reports and the customary calendar year annual reports from the fire and police departments and H & S Emergency Medical Service were approved by the council.

The panel also considered monthly bills and the city's current cash position and approved the bills for payment.

Since there was no item to be discussed in the "Other" portion of the agenda, the meeting adjourned.

Dr. Word dies in Denton

Dr. Aubrey Hugh Word, 83, of Denton, died Friday, Feb. 4 at Flow Memorial Hospital. Dr. Word was a professor emeritus of education at North Texas State University.

He was born Sept. 24, 1899, in Windom, and married Ruth Pearl Knight, Aug. 24, 1932 in Sayre, Okla.

Dr. Word taught at NTSU from 1939 to 1967. He received his bachelor's degree from Baylor University in 1923; his master's from the University of Colorado in 1936, and his doctoral degree from the University of Colorado in 1938.

He taught school in Melrose, N.M., in 1925 and was high school principal and superintendent in Spearman from 1926 to 1935 and was temporary dean of Chemistry

at Stephen F. Austin State University in Nacadoches before going to North Texas State.

He was a member of the Lions Club, Masonic Lodge, Texas State Teachers Association, National Educators Association, American Association of Scientists, Phi Delta Kappa, American Chemical Society and High School Principals Association.

He was a member of the Episcopal Church. Memorial services were held at 11 a.m. Monday, Feb. 7 at Jack Schmitz & Son Funeral Chapel with the Rev. Raymond Abbit officiating.

Survivors include his wife, Ruth of Denton.

Memorials may be made to the organization of your choice.

Vida Jones services held

Funeral services were held Saturday, Feb. 12, for Vida Jones, 69, who died Thursday in St. Anthony Hospital in Amarillo.

The services were held in the Union Church with the Rev. Steve Rogers officiating. Burial was in Hansford Cemetery under the direction of Boxwell Bros. Funeral Directors.

She had lived here since 1934. She married Guy Jones

in 1937. He died in 1963.

She was a member of Union Church.

Survivors include three daughters, Jeanine Day, Amarillo, Janice Riley, Spearman, Mary Vacars, Electra; a sister, Dollie Monnin, Tulsa; eleven grandchildren, and five great-grandchildren.

Hansford youth receive riding honors

The Golden Spread Quarter Horse Association held its year end banquet at the Quality Inn in Amarillo, Texas.

The Golden Spread Association is made up of riders, youth and adults, within a 200 mile radius of Amarillo. Points are kept on selected horse shows through out the year and awards are presented to outstanding riders.

Hansford County was well represented for the year 1982 by its area youths. This years honors went to Christy Brown with Luck Sonoita from La Mesa, Texas as All-Around Youth in the 13 and under age group. Deana Turner, daughter of Mr. & Mrs. Phillip Turner of Spearman, Texas-riding Nips Good Bar was Reserve Champion Youth.

Chris Jeter, with Dandy Sky from Odessa, Texas was Champion Youth in the 14-18 age group and Will Jarvis, son of Mr. & Mrs. Britt Jarvis also from Spearman, was Reserve Champion Youth. Will was riding Lightning Seven.

Blankets were presented to 1st place open classes. Buckles were presented to 1st place youth and plaques to 2nd and 3rd place youth. Other awards presented to Spearman youth that evening were:

OPEN POLES--1st Place, Andrea Archer.

SENIOR WESTERN PLEASURE--2nd Place for Jon Garnett.

YOUTH SHOWMANSHIP 13 & UNDER--2nd Place--Deana Turner. **SHOWMANSHIP 14-18**--2nd Place--Will Jarvis.

HUNT SEAT EQU--3rd Place Jon Garnett.

HUNTER HACK--1st Place Mark Garnett.

WESTERN HORSEMANSHIP 13 & UNDER--2nd Place--Deana Turner. **WESTERN HORSEMANSHIP 14-18**--2nd Place--Will Jarvis, 3rd Place--Jon Garnett.

YOUTH REINING--1st Place--Will Jarvis, 3rd Place--Deana Turner.

BARRELS--1st Place--Andrea Archer, 3rd Place--Mark Eakin.

POLES--1st Place--Anne Marie Jarvis, 2nd Place--Andrea Archer, 3rd Place--Will Jarvis. Congratulations to the local youth with their accomplishments.

Houston Stock Show draws 67 Spearman entries

Eighty four entrants from Hansford County, including 37 FFA and 40 4-H members from Spearman, will be participating in the 1983 Houston Livestock Show and Rodeo, February 19 - March 6.

With more than 30,000 expected livestock entries, the Houston Livestock Show is once again the world's largest.

"Our 1983 Show is going to be another spectacular event," noted Show President E. Norwin Gerhart. "With the combination of the finest livestock found anywhere, thousands of hard-working 4-H and FFA exhibitors, an exciting championship rodeo in the Astrodome and 17 of the biggest names in the entertainment world to perform here, the Houston Rodeo in 1983 just can't be beat!"

Stars for the 1983 Rodeo include Kool and the Gang, Mel Tillis, Merle Haggard, Hank Williams, Jr., Lacy J. Dalton, T.G. Sheppard, Rosanne Cash, Eddie Rabbitt, Conway Twitty, Sylvia, Ricky Skaggs, Janie Fricke, Don Williams, Crystal Gayle, Larry Gatlin and The Gatlin Brothers Band, Charley Pride, and the Oak Ridge Boys.

"We know that the Houston Show is an annual event for fans from all across the state," said Gerhart. "And, it's still as affordable as ever, with ticket prices remaining at \$4.00 and \$8.00 just as they were in 1982."

Tax returns get special consideration

AUSTIN, TX—State Comptroller Bob Bullock said today that special consideration will be given sales tax returns due January 31 from merchants and business people in the snow-covered areas of the Texas Panhandle.

"We know the blizzard that started the last of January made it impossible for mail from 28 counties served by the Amarillo post office to be picked up and started on its way to Austin," Bullock said. "This means a lot of sales tax returns that may have been put in a mail box before the deadline weren't postmarked as they should have been."

Bullock also cautioned officials of Panhandle cities that the allocations of local sales taxes they receive from the January returns might not amount to as much as they were expecting because of the delays.

Bullock said he's given instructions that all mail from the 791 and 790 zip code areas be given special handling.

"I don't want people penalized for something that was beyond their control and the post office's," he said.

The sales tax law imposes a penalty for returns that are postmarked after the filing deadline which is the last day of the month following the period for which a return is due.

Attending the Houston Livestock Show is a traditional event for fans and exhibitors alike. Renown as the most prestigious event in the livestock industry, the show attracts the finest livestock in both the open and junior show divisions. And, with more than half a million dollars in prize money and premium auction prices above market value, the Show once again offers exceptional rewards for all the hard work involved in raising an animal to win a blue ribbon from Houston.

However, the 1983 Houston Livestock Show and Rodeo is truly an educational and entertainment spectacular with a two-week schedule of events to appeal to everyone. In addition to the livestock show, there's the National Cutting Horse Association World's Championship Finals, a world's championship rodeo, a host of exciting contests that kick off "Go Texan Days" in fun-filled fashion and the rodeo parade to lead things off.

Feb. 19, the first weekend of activities begins in grand style with the rodeo parade at 10 a.m. through downtown Houston. This parade, with more than 6,000 riders, colorful floats, bands and dignitaries, gets everyone ready to "Go Texan."

The world's championship bar-b-que contest celebrates its tenth anniversary this year, highlighting two days of colorful and crowd-pleasing contests. These include men's and ladies' hay-hauling contests, three fiddlers contests, a whistler's contest and two days of horseshoe pitching tournament action. There's even a spectacular fireworks display on Saturday night!

At the horse arena, the National Cutting Horse Association World's Championship Finals will take place, Feb. 17-20. The finest cutting horses will compete for the title in open and non-professional divisions, hoping to capture glory, as well as a part of the biggest added money cutting purse ever. Tickets to this event are separately priced at \$6.00 each and may be bought through the rodeo ticket office.

Monday, Feb. 21, marks the start of actual competition in the world's largest livestock show. The first week is devoted primarily to open show competition, drawing professional breeders and ranch owners from some 35 states to show the best in breeding beef, dairy, swine, poultry, sheep, Angora goats and rabbits. There is some junior competition this week as well-breeding sheep and goats and the junior dairy show.

The Horse Arena is filled from February 17 through March 6 with more than 3,000 horses entered in nine shows, including the NCHA world's championship finals. To accommodate all the horse entries, competition here begins earlier than ever.

During the second week, junior show exhibitors take over the vast exhibition facility.

Traditionally accounting for more than 65 per cent of all show entries, the Astrodome is filled to capacity with the results of hard work by youngsters who have their hopes set high at Houston. While junior show competition includes breeding stock, commercial steers and dairy animals, the real spotlight is on the market divisions, where a grand champion can mean an education or a future in agriculture.

In the show contest this year, emphasis is almost totally in the area of marketing. All entries but one from the Spearman FFA are in that division.

Entrants are listed alphabetically instead of by entry classification. The 37 competitors from Spearman this year are:

Ernest Bowen, barrows; Dell Brandt, barrows; Danny Close, lambs, barrows; Bob Cook, lambs, barrows; Shelly Cook, steers, lambs; Jerry Crowl, steers, broilers; Brian Davis, barrows; Ross Donahue, barrows; Steven Francis, barrows; Stephanie Friemel, steers, barrows; Mark Guthrie, barrows; Larry Hagerman, barrows; Jan Hartsell, barrows; Cole Ivey, barrows; Tiki Jackson, steers; Bob

Jarvis, barrows; William Jarvis, Betsy Jones, barrows; Karla Latta, steers; James Lieb, steers; and Tony Mans, barrows, broilers.

Mack McLain, barrows; Jo Anne Odegaard, steers; Travis Patterson, beef heifers, barrows; Mark Pearson, barrows; Toby Lee Phillips, barrows; Hadley Reed, broilers; Lee Schubert, steers, barrows; Claude Sheets III, barrows; Kevin Slaten lambs; Chuck Smith, barrows; Scott Strawn, steers; Byron Sutterfield, barrows; Gary Thomas, barrows; Pat Tucker, barrows; David Turner, barrows and Brian W. Watley, barrows.

From Spearman's 30 FFA

entrants, market entries total: steers, nine; lambs, four; barrows, 27, broilers, four. There is one beef heifer entry.

Herman Boone is the Spearman Vo-Ag teacher.

Spearman is also represented at Houston by 30 4-H Club students, all entering strictly market-class projects. These, too, are listed alphabetically instead of by project classification.

With entries, they are: Jan Allen, lambs; Monte Beck, barrows; Laneida Burnam, barrows; Lonnie Burnam, barrows; Mike Burnam, barrows; Christie Burton, steers, lambs, barrows; Davonna Cator, barrows; Loy

Cator, barrows; Tina Cator, barrows; Machelie Cook, lambs; Jean Ann Heikes, lambs; Rhonda Jo Henderson, barrows; Brett Hobbs, steers, barrows; Clay Hobbs, steers, barrows; Tessa Knudson, barrows; Julie Latta, steers, lambs; Karla Latta, lambs; Tammy Nollner, lambs, barrows; Clint Patterson, barrows; Ginger Sasser, steers and Amy Smith, barrows, broilers.

Mike Smith, steers, lambs, broilers; Mike W. Smith, barrows; Lance Sparks, barrows; Slavin Sparks, barrows; Chris Strawn, steers; Carl Urban, lambs; Christa Urban, lambs; Lynette Williams, lambs, barrows, and Trevor Williams,

steers, barrows. For the 30 4-H entrants, this adds up to eight steer projects, 11 lamb, 20 barrows and two broilers.

County Agricultural Agent Jim Smith is working with the 4-H group.

The Houston Show holds the world's record for prices paid for all grand and reserve grand champions in each of its five market divisions. With the 1982 Grand Champion Steer bringing \$127,000, it's easy to see why Houston is the place to be.

Community support, volunteer action and civic involvement assure that junior exhibitors will receive prizes above market for their animals who

make the premium auctions. These same individuals and businesses also donate \$600 calf scramble certificates for the winners of scramble heifers in the Astrodome's exciting contest.

Across the street at the rodeo in the Astrodome, action is fast and furious as the top professional cowboys and barrel racers pit their skill against the clock and the roughest, toughest rodeo stock anywhere. Chuckwagon races, the calf scramble and a top star of the recording industry make the Houston Rodeo a total entertainment experience for the whole family.

Spearman's Will Jarvis enters calf 'scramble'

Will Jarvis, a 17-year-old FFA member from Spearman, will participate in the calf scramble at the 1983 Houston Livestock Show and Rodeo.

Will, will "scramble" during the Feb. 26th performance in the Astrodome.

Not only will he have the opportunity to catch a calf, but he also will be a part of the outstanding entertainment package that includes the best rodeo contestants in the world and stars T.G. Sheppard and Lacy J. Dalton as the featured entertainment.

Always a favorite with rodeo audiences, the calf scramble begins as an athletic event in the rodeo arena. However, for the contestants who manage to catch a calf, halter it and drag it across a finish line, the scrambling is only the start of a year-long educational experience.

Each winner in the calf scramble receives a \$600 calf purchase certificate which enables the winner to purchase a purebred, registered heifer that he or she agrees to feed, fit, groom and return to the Houston Livestock Show for special show ring the following year.

Calf purchase certificates are donated each year by businesses and individuals

who believe in translating their support of the Show and its programs into action by sponsoring a calf.

Each winner also agrees to keep accurate monetary records, submit monthly progress reports both to the Livestock Show and to the individual sponsor, photographically chronicle the progress of the calf and prepare a 500-word essay on the project.

Every performance of the 1983 Rodeo will feature a calf scramble.

At a given signal, 12 wild, young calves will be turned loose in the Astrodome arena to be chased by the 24 scramble contestants. Winners are chosen by being the first to catch, halter and drag a calf over a finish line in the center of the Astrodome arena. For a few of those "hard luck" scramblers who fail to catch a calf, the 1983 Show promises some consolation.

As always, there are a few "hard luck calves", those specifically sponsored to be given to the scrambler who tries his or her best but just can't put a halter on a calf. Also, at each performance in 1983, Continental Airlines will be donating a trip for a hard luck scrambler and his or her parents.

The trip, to any Continental Airlines destination in the Mainland United States or Mexico, will ease the dust of the Astrodome just a bit, as Continental Airlines shows its support for both the Show and the calf scramble.

Through the 1982 Show, winners in the calf scramble have received more than \$1.9 million to purchase more than 9,000 quality beef or dairy heifers.

Most heifers become the basis for future cattle herds, thus a one-year learning partnership is stretched into a lifetime career.

3 county accidents in January

Max Gunn, THP Trooper in the area of Hansford County, reports that for the month of January, the Texas Highway Patrol Troopers investigated a total of 3 accidents in this county. There were 2 injury accidents with a total of 2 persons injured and 1 property damage accident. In District 5B, which included the top 31 counties of the Texas Panhandle, there were 294 accidents investigated by the Texas Highway Patrol. Highway Patrol Captain Bob Russell reports that the Texas Highway Patrol Troopers investigated 6 fatal accidents with a total of 9 persons killed, 79 injury accidents with a total of 130 persons injured, and 209 property damage accidents.

Zane Newton in PSU "Snoopy" Cast

The Panhandle State University Music Department is in rehearsal for their spring production, "Snoopy." "Snoopy" is the sequel to the tremendously successful "You're a Good Man Charlie Brown." This production of "Snoopy" will be one of the first amateur productions anywhere, as it has just been released for amateur production.

The cast of seven includes Tisa Adams, Keyes, Oklahoma, playing the part of Sally Brown; Kandy Newton, Fritch, Texas, appearing as Lucy; Val Pearson, Tishomingo, Oklahoma, as Peppermint Patty; and Zane Newton, Spearman, Texas, playing Woodstock. Also featured are: Jeff Shaffer of Laverne, Oklahoma, as Linus; Stacy Miller, Darrout-zett, Texas, playing Snoopy; and Steve Bailey, Hugoton, Kansas appearing as Charlie Brown.

The "Peanuts" gang will delight their audience from the opening number, "The World According to Snoopy," to the final curtain. The group of five-year-olds and their furry friends will warm the heart of those watching with their singing, dancing, wit, and imagination. "Snoopy" will be performed Thursday and Friday, February 24 and 25 at 8:00 p.m. in Hughes-Strong Auditorium on the PSU campus, in Goodwell, Oklahoma. The cast will also present a 2:00 p.m. show on Saturday, February 26. This will coincide with basketball homecoming activities.

The musical "Snoopy" is under the direction of Bill Schlitt, Director of Choral Activities and Head of the Department of Humanities. Ticket information may be obtained from Mr. Schlitt by calling (405) 349-2611 EXT 260.

WTSU spring enrollment up

WTSU-Spring enrollment figures at West Texas State University indicate the largest number of students enrolled for spring semester courses since 1971.

Following an extended late registration period, the Registrar's Office, with Dr. Don Cates as dean of admissions and registrar, recorded 6,405 students enrolled for the 1983 spring semester. The figure is 223 more students than the

1982 spring semester recorded.

For the 1971 spring semester, 6,888 students enrolled. Enrollment for the 1983 spring semester includes increases in several categories compared with the 1982 spring semester figures.

For 1983, the total count includes 3,015 males, an increase of 117 students; 3,390 females, 106 more than last year; 1,960 married students, an increase of 120 students; and 4,443 single students an increase of 101.

Significant increases occur in the number of part-time students and students who are older than 31. Part-time students number 2,221 which is 320 more than last year and 1,209 or 165 more students are older than 31 years of age.

The spring count includes 5,015 undergraduate students, and increase of 32 and

1,390 graduate students which included 191 more than last spring semester.

Enrollment for the spring semester at WTSU also marked the first time that computers were used at the registration site. Students took their course schedules to nine computer terminal operators and, within seconds, received copies of their schedules and bills.

HIDING COST?

A House committee has charged the Navy with amassing more than \$500 million in cost overruns on the F-18 fighter-bomber and hiding the sums in possible violation of the law. The committee charged the Navy with concealing the overruns by juggling money from other programs and from one year to another.

Hightower seeks to overturn PIK tax ruling

Washington, D.C.--As a result of a recent Internal Revenue Service tax ruling potentially affecting farmers participating in the Payment-in-Kind program, Congressman Jack Hightower is co-sponsoring a bill to correct what he calls "a potentially disastrous and unfair tax situation" for farmers and for the PIK program.

The I.R.S. ruled February 7th that current tax law would require farmers receiving surplus government crops under the PIK program to pay taxes on them when farmers receive their certificate for the crops, not when the crops are actually sold. Hightower's legislation would delay the taxes until farmers have actually sold the crops.

"I know farmers who can't afford to participate in the PIK

program the way the tax law stands now," Hightower said. "Our bill will make it clear that farmers in this situation will be treated fairly in the tax laws and won't pay taxes until they've sold their commodities under this program." Hightower explained that a farmer pays taxes on his crop when he markets the crop, not at harvest time. This situation should be no different Hightower argues. "Current law treats the farmer as if the PIK commodity was a cash payment," Hightower said, "but it's not, it's a commodity to be marketed."

The bill is likely to gain bipartisan support because the effectiveness of the Administration's PIK program in reducing commodity surpluses now depressing market prices depends on the level of farmer

participation. That level may, in turn, be directly affected by whether Congress can change the tax law before the March 11 PIK sign-up deadline for farmers.

"We're going to push the House Ways and Means Committee to take this up quickly," Hightower said, "and I hope we can see floor action in the next several weeks." Similar legislation has been introduced in the

Senate where it must first be approved by the Senate Finance Committee before possible Senate passage. If the change is approved in both Houses in identical form, it then goes on to the President for his signature.

NEW RULES

The Reagan administration issued tough, new parole guidelines recently designed to keep violent criminals and drug offenders in prison longer. The new guidelines, take effect January 31.

New Irrigation System Cuts Tailwater

Bushland, Texas--Minimizing or eliminating tailwater runoff from graded furrows utilizes a limited irrigation water supply to best advantage, according to Dr. Arland Schneider, USDA Agricultural Engineer. Eliminating tailwater by changing sets when water reaches the end of the field reduces set time by one-fourth to one-third. This inexpensive change in water management increases both the amount of land irrigated and total production from a limited supply of water. Schneider, who is located at the USDA Conservation and Production Research Laboratory at Bushland, conducted the research with Leon New, Texas Agricultural Extension Service, Irrigation Specialist, and Jack Musick, another USDA Agricultural Engineer.

The scientists conducted the furrow irrigated study for two years on a field that had 0.3 percent slope and was three-eighths mile long. The soil was Pullman clay loam which contained about one-third each of sand, silt, and clay; and had 1.5 percent organic matter and a pH of 6.5. The spring of the first year was wet and the field was not pre-irrigated. Three seasonal irrigations were applied after the crop was planted. The second year was dry, and the field was preplanted irrigated. In the summer of the second year, two and four irrigations were compared. In the first year, no tailwater time was compared to two, four or eight hours of tailwater runoff. In the second year, no tailwater was compared to three and six hours to runoff.

Schneider said, "Sorghum grain yield in the first year was 5070 pounds per acre for the whole field with no runoff". When irrigation was continued four and eight more hours to wet the lower end of the field, yields increased to 5370 and 5720 pounds per acre over the entire field. The amount of irrigation water applied ranged from 10.2 inches with no

runoff to 14.6 inches with eight hours of tailwater runoff. The researcher said 3 of the 4.4 inches of water applied during the last eight hours ran off the field. Consequently, only a small proportion of the water applied during tailwater runoff soaked into the soil where it could benefit the sorghum.

According to the engineer, there was no difference in yield in the upper half of the fields. With no tailwater, yields dropped about 30 percent three-fourths of the way down the field. All treatments were at full yield at the lower end of the field where water tended to pond regardless of the amount of tailwater. Even with 8 hours of runoff, yield decreased some three-fourths of the way down the field.

In the second year, yields down the field were about the same as the first year. However, yields increased substantially when the number of seasonal irrigations increased from two to four. According to Schneider, with two irrigations and no tailwater, yield was 4980 pounds per acre. Yields increased to 5310 and 5350 pounds per acre with 3 and 6 hours of runoff.

With four irrigations and no tailwater, yield was 7000 pounds per acre. Three hours of tailwater jumped the yield to 7250 pounds per acre, but yield dropped back to 7040 pounds per acre with six hours of runoff.

Schneider pointed out that eliminating or reducing tailwater increased the amount of sorghum grain produced per inch of irrigation water applied. For example, with no runoff, 470 pounds of grain were grown the first year for each inch of irrigation water applied. When eight hours of runoff were allowed, only 370 pounds of grain were produced for each inch of irrigation water. The same trends in water use efficiency occurred the second year.

While interpreting his research, Schneider pointed out that frequent small irrigations are best adapted to his system for saving irrigation water. Frequent irrigation keeps the upper end of the field wet, and a higher percentage of applied water flows toward the lower, drier part of the field that has a high infiltration rate. "As a result, irrigation water appli-

cation varies less over the whole field", he said.

Rainfall during an average summer supplies about 30 percent of the water required by a sorghum crop. Because rainfall comes evenly over the entire field, both wet and dry parts are wetted. Thus, the combined water supply from irrigation and rainfall is more evenly distributed than irrigation water alone.

Schneider says that when using the system, during dry years, severe lodging can occur on the lower quarter of the field. He proposes using a reduced or dryland seeding rate on that part of the field. A low plant population does not use all of the water early in the year, saving some for fall when lodging might occur. Schneider says plans are available at the Research Laboratory for a seeding device that enables a tractor driver to change seeding rates while traveling across the field. Reduced seeding rate at

the lower has worked well in the LID (Limited Irrigation Dryland) irrigation system developed by Dr. B.A. Stewart at the Research Laboratory at Bushland. The LID system is similar to Schneider's system except that furrow inflow is often stopped before the wetting front reaches the end of the field.

Schneider says using this system does not cost anything, but can increase water use efficiency as well as the amount of grain produced with a limited amount of water. When tailwater loss is not allowed, irrigation set time is reduced by 25 to 35 percent. This water can be used to water more land. For example, with no tailwater the first year, yield was 5070 pounds per acre. If the tailwater had been used to irrigate 30 percent more land, total yield would have been 6590 pounds from 1.3 acres. The 870 pounds of grain at \$5.00 per hundred weight would return an additional \$43.00 for the irrigation water. "That could be the difference between profit and loss", Schneider said.

Outstanding Young Women of America Named

The Board of Advisors for the Outstanding Young Women of America Awards Program announced today that Spearman's Stephanie Anne Brock and Rebecca Kay Baggerly of Guymon, OK, have been selected for inclusion in the 1982 edition of OUTSTANDING YOUNG WOMEN OF AMERICA.

The Outstanding Young Women of America program is designed to honor and encourage exceptional young women between the ages of 21 and 36 who have distinguished themselves in their homes, their professions and their communities. Accomplishments such as these are the result of dedication, service and leadership - qualities which deserve to be recognized and remembered.

This is the goal of the many leading women's organizations, college alumni associates and public officials who nominate deserving young women to participate in the program. Serving as Chairman of the Program's Advisory Board is Mrs. Dexter Otis Arnold, honorary president of the General Federation of Women's Clubs.

The women listed, along with approximately 23,000 fellow Outstanding Young Women of America from across the United States, will be presented in the prestigious annual awards volume. In addition, they are now being considered for one of the fifty-one state awards to be presented to those women who have made the most noteworthy contributions in their

individual states. From these fifty-one state winners, the Ten Outstanding Young Women of America will be chosen. The ten national winner will be honored at the annual awards luncheon held in Washington, D.C.

Our Board of Advisors and Editors salutes all those honored as Outstanding Young Women of America. We take great pride in bringing their accomplishments to the attention of the American public.

Looking Ahead
Gramps was getting married again. Asked why he was marrying a cute chorus girl instead of a woman more his age, he said: "Well, son, ain't it a heap nicer smellin' perfume than liniment?"

CONGRESS WANTS A PIECE OF YOUR SAVINGS.

Recently, Congress quietly passed a withholding law that will cost American savers and investors the use of 10% of their interest and dividends.

In simple terms, effective July 1st, 1983, this new law requires banks and other financial institutions to deduct 10% of the interest or dividends you earn on your savings and investments. That money then goes to the Internal Revenue Service in much the same way as payroll deductions are now handled.

The sponsors of this law have told us it was designed to catch a small minority of Americans who evade taxes on their interest and dividends. But the truth is the law penalizes the great majority of America's savers and investors who pay their taxes faithfully. What's more, the federal government is now receiving all the necessary information to curtail tax cheating.

Though the law does include exemptions for some low income and elderly Americans, if they go through the red tape of filing an application, most savers and investors will forfeit some of the money they could earn in compounded interest.

We urge you to join our efforts by writing letters to your representative in Congress and to the two senators from this state. Tell them you want the 10% withholding tax repealed, because it would impose an unfair penalty on savers like yourself.

For assistance in contacting your representative and senators please ask any of our bankers. If we all act now, Congress will get a clear message from the voters back home, and they will work to repeal this needless law.

PLEASE WRITE:

U. S. Sen. John G. Tower, 142 Russell Senate Office Building, Capitol, Washington, D. C. 20510.

U. S. Sen. Lloyd Bentsen, 240 Russell Senate Office Building, Capitol, Washington D. C. 20510.

U. S. Cong. Jack Hightower, 13th District, 2348 Rayburn Building, Capitol, Washington D. C. 20515.

SAMPLE LETTER:

Dear Senator:

As a taxpaying citizen, I am adamantly opposed to the provisions in the new tax legislation requiring my bank to withhold 10% of the interest earned on my deposits and dividends.

I feel that this is completely unnecessary, because I already pay taxes on my savings interest each year when I file my Federal Income Tax return. I also feel it's unfair, because it reduces my compounded savings growth. It is respectfully requested that you work for an immediate repeal of this legislation. Thank You.

Hightower to make defense trip to Middle East

Washington, D.C.—Congressman Jack Hightower announced today that he will be making a short 13-day defence inspection trip to five key Middle East countries in connection with his responsibilities on the House Appropriations Committee and particularly as a result of his new Defence Subcommittee assignment. The trip will start the third week in February when no legislative business is scheduled in the House of Representatives.

"My committee assignments involve various kinds of appropriations and one of the reasons for the trip is to see first-hand how some of our money is being spent and whether we need to make some serious adjustments," Hightower said. "We have U.S. troops now in the Middle East, in Beirut where we're going, and I want to talk with some of them to get their own assessment of whether they should be over there and how long they should stay." The defense trip will include stops at U.S. military and diplomatic posts not only in Beirut, Lebanon, but also Egypt, Israel, Saudi Arabia, Tunisia and Italy.

"We have the A.W.A.C.s planes in Saudi Arabia, foreign assistance going to Egypt and Israel, critical Middle Eastern oil fields important to the Western democ-

racies, and a number of hungry countries that I would like to see purchase more of the 13th District's farm commodities," Hightower said. "I think I'm going to get better answers to questions my constituents are asking if I talk face-to-face with some of our people over there as well as our allies and adversaries," Hightower said.

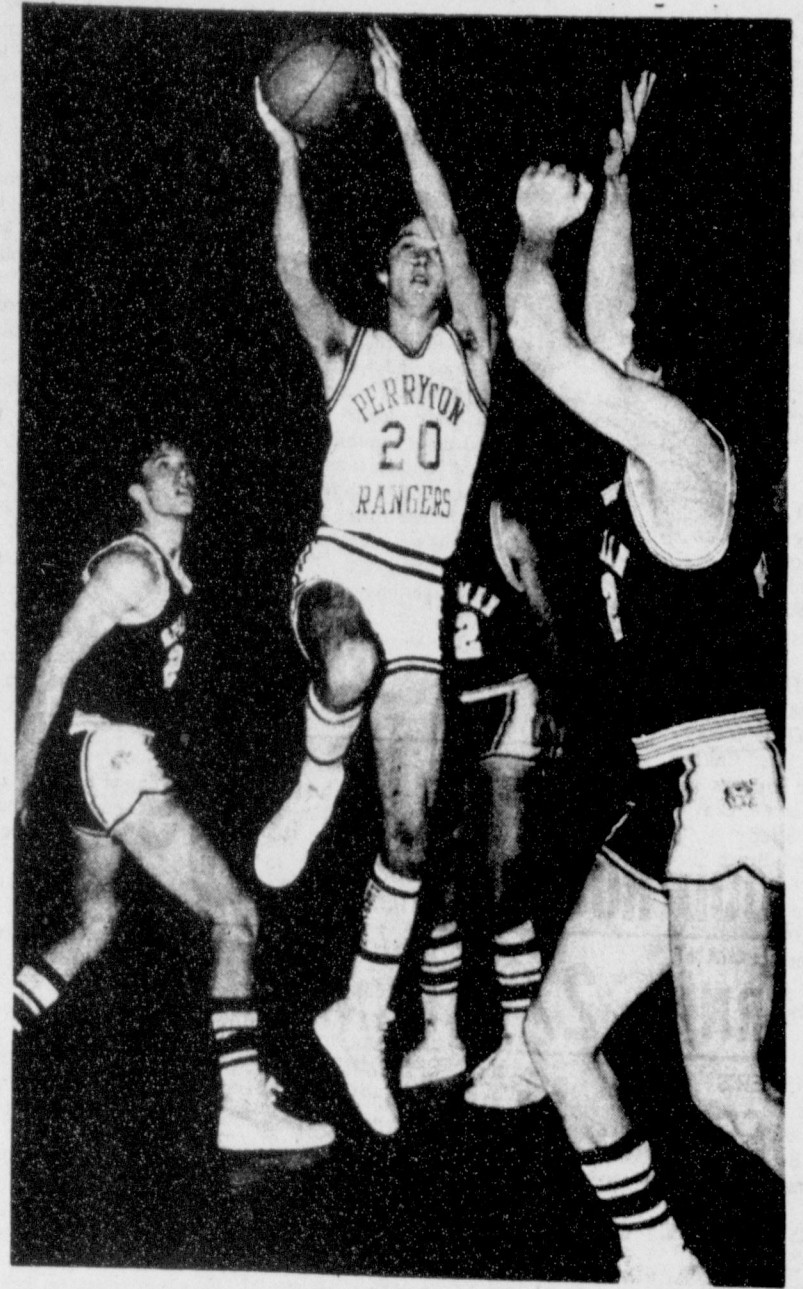

While on the Appropriations Committee, Hightower has been directly involved in subcommittee work effecting U.S. trade, promotion of U.S. exports, drug enforcement programs, and especially the effort to improve security for American personnel and communications at U.S. missions and embassies overseas. Hightower will be accompanied by other members of the Committee and by Undersecretary of State Jerome Van Gorkom and Mr. Sheldon Kryz, Executive Director of Near Eastern and South Asian Affairs.

"As most people know, last year I voted against the Reagan Administration's foreign aid bill, the largest ever, and I think we need to take a very hard look this year at foreign aid in general because of our own domestic economic situation," Hightower said. "I think a trip of this sort can help us focus on where American military aid should be provided, and where we should restrict or end it."

Robbie Henrich of Spearman and Jan Davis of Spearman stop this Perryton Rangerett as she drives for the basket.

In the picture below Buddy Pool, and "Big Burke" of Spearman put the stop on this Perryton Ranger. There is a possibility that the Lynxettes and Rangerettes will play Tuesday night.

Cindy Young scores 13 points as...

Lynxettes 'Overpower' River Road

The Lynxettes, in a must-win for the remaining of the season—tonight, Friday, February 11, is the final game of the season, and the Lynxettes must win in order to get to go to the playoffs. The Lynxettes were playing against the River Road Lady Wildcats, who by the way, put a scare in the Perryton Rangerettes by playing them really close. The Lady Wildcats played a close first half, but then the second half, starting really with the second quarter on thru the 4th, the Lynxettes, via Susan Davis and Cindy Young, had an excellent wide-open game, in which the Lynxettes were victorious by 9 points, 52 to 43.

The team members of the Lynxettes include Seniors, Lea Ann Gibner, Susan Davis, Jan Davis, Jean Davis, Janet

Reed, Cindy Young, Lana Paul, Juniors—Andrea Mires, Robbie Heinrich, Kelli Crawford, Denise Brewer, Nita Baker and Sophomore Tiki Jackson. Their coach is Ralph Newton. The Lynxettes fell behind in the first quarter, 10 to 8, but after that it was inside with Cindy, Lana and Janet, and outside with Susan and Jan. The Lynxettes pressure, after the 1st quarter, was too much for the Lady Wildcats who in turn turned the ball over more than they expected. The Lynxettes got inside position, with Janet, Cindy and Lana, but sometimes, Susan and Lea Ann would sneak under the tall giraffes and grab an Offensive rebound and put the ball back up for two, or a foul. The Lynxettes then, with Cindy really having

a great night scoring from the inside, outscored the Lady Wildcats, 16 to 10, and took the halftime lead, 23 to 18—it was a 5 point lead.

After the 3rd quarter began, the Lynxettes started doing their thing by their fast break. The Lady Wildcats tried some kind of "college" Offense, but the Lynxettes figured that kind of Offense out, and defended against it well, that the Lady Wildcats had to go to the normal kind of Offense, the kind that the Lynxette Defense is deadly towards. Like the Dalhart Wolverines, the Lady River Road Wildcats had tried to break thru the tough Lynxette defense, but unlike Dalhart, the Lady Wildcats failed. The Lynxettes outscored the Lady Wildcats, 17 to 12 in the 3rd quarter, took a

10-point lead into the final quarter—40 to 30. The final quarter would be something else. Both the Offenses could not penetrate thru the others Defense, and so forth. But the Lynxettes had their free throws, as well as field goals going in when necessary. The Lynxettes were outscored in the final quarter, 13 to 12, but they were not going to relinquish their lead. The Lynxettes won their 2nd-must-win game, 52 to 43, with the final one to be played tonight at Dalhart—Friday, Feb. 11. This is going to be a tough game, but the Lynxettes are a lot more talented and plan to win this game against Dalhart!

The leading scorer was Cindy Young, she had a great rebounding, scoring and stealing night, Janet Reed and

Lana Paul both had 8 points a piece, Susan Davis had 7 points, had an excellent Defensive night, Lea Ann Gibner had 4, Jan Davis had 6, Kelli Crawford and Tiki Jackson both had 2, Jean Davis and Denise Brewer both had 1.

The Lynxettes, if they defeat Dalhart, they will be in the drivers seat to go to the playoffs. More details in the Thursday paper.

WAY TO GO, "GIBBY"—Lea Ann Gibner, #25, Lynxette Senior, shows in this picture, that not even all "Dalhart Wolverines" can stop her from scoring points in a game. #55, Lana Paul and #35, Cindy Young, made sure that the ball went in for two. Both Lana and Cindy are Seniors.

Ross Donahue scores 18...

River Road 'outlasts' the Lynx

The Spearman Lynx, coached by F.G. Crofford, had come off a very tough game against Perryton Tuesday night, and were ready to play the River Road Wildcats, who had incidentally almost defeated Perryton, and had defeated the Dalhart Golden Wolves, so the Lynx had another challenging game in front of them. This time, the Lynx played their best, but could not defeat the Wildcats, the final score was 65 to 57 in favor of the Wildcats.

The Lynx members include Seniors Darren Goodheart, Jan Hartsell, Mike Caldwell, Scott Dunlap, Juniors—Buddy Pool, Byron Sutterfield, Sophomores—Ross Donahue, Steve Burke and Mark Pearson. The Lynx went up ahead of the Wildcats in the first quarter, 15 to 12. Darren Goodheart was playing great as was Ross Donahue. The Lynx outscored the Wildcats, 9 to 8 in the 2nd quarter, and kept the lead of 24 to 20. The Lynx knew that the Wildcats could have an

Offensive explosion at any time as the Lynx could too.

In the 3rd quarter the explosion occurred. The Wildcats scored 22 points to the Lynx' 19. They were still behind, but by only 1—42 to 43. The Lynx could not afford to let another explosion occur, but it did. The Lynx did score 14, but the Wildcats 2nd explosion of the night, helped them score 23. The final score was 65 to 57.

The leading scorer was Ross

Donahue with 18 and Darren Goodheart had come back from his Perryton injury and had scored 12 points against River Road.

The Lynx have one more game, that being against Dalhart at Dalhart. The Lynx have plenty of talent, the kind to be able to defeat the Dalhart Wolves, and maybe put them from contention of the title or letting them be the second team in the playoffs from this District.

Cheese Giveaway Feb. 16

The government surplus cheese will be given away Wednesday, Feb. 16, at the Golden Spread Center in Spearman.

This is the planned schedule unless weather is bad again and officials are unable to go to Amarillo after the cheese.

The Banvel® herbicide advantage: Gets tansy mustard in wheat.

Control more broadleaf weeds with Banvel herbicide.

Small weeds can mean big problems in wheat. They quickly rob moisture and nutrients from a growing crop—cut bushels off a final yield.

An early application of Banvel herbicide tackles tough tansy mustard and many other problem broadleaf weeds. Penetrates weed leaves. Is absorbed by the roots. Moves throughout the weed for complete control. All without carryover.

Ask your ag chem dealer about Banvel herbicide. You'll get effective weed control and bigger wheat yields.

Banvel® HERBICIDE
THE BANVEL ADVANTAGE...
IT WORKS FOR YOU.

Banvel® is a registered trademark of Velsicol Chemical Corporation. Read and follow label directions carefully.

I thought you just might like to see my Little Valentine's latest picture, or anyway latest professional one. She was 10 months old when this picture was taken and will be a year old Feb. 27. Of course, little Lauryn captured my heart at my first glimpse of her. Happy Valentine's Day, honey.

Have you heard about the new tractor that one machinery company is making? It is a "Reaganomics" model and has no seat or steering wheel. It is made for the farmer who has lost his butt and doesn't know where to turn.

I, along with a lot of you was snowbound most of last week. I thoroughly enjoyed the time off, catching up on some things I needed to do, and doing a lot of things I wanted to do but never seem to find the time.

One thing I accomplished was working on my income tax return. Since the Paperwork Reductions Act or some such asinine name, I found that I had to fill out two more forms, for the same kind of income that I have had all these years. This makes about as much sense to me as the government's contention that inflation has slowed to a 3.9% during 1982. Whoever feeds this information into the computer must be living in a dark closet and having his food, clothing, medicine etc. brought in with no price tag on them.

Everytime I go to the grocery store everything has gone up a few cents per item. I even paid 79 cents for a can of tomatoes the other day. Medicine that I use continues to go up every two or three months. One item I use from the drug store was about \$11.00 at the first of the year and I am now paying \$13.79 for it. I am certainly not the greatest mathematician but even I can see that 3.9% rise certainly does not apply in this case.

Speaking of costs of things today that we need. I gasped when I got my gas bill last week, and then I thought about how nice it was to have a warm house during cold weather and plenty to eat and how fortunate I was, because certainly during these bad economic times there are plenty who do not have a warm place to stay or enough to eat in our own country as well as in other parts of the world.

I guess that is enough complaining for one day. Happy Valentine's Day to you and all of those you love.

St. Valentine's Day

In history there are several Saint Valentines and most are linked to February 14. There are different versions of how Valentine's Day became a day for lovers. But probably the most reasonable explanation is that the custom grew out of the general belief of the Middle Ages that birds began to mate on February 14. It was the custom in many countries for names of boys and girls to be drawn from boxes on the 14th and gifts were then exchanged.

Can the reader remember the first school or neighborhood playmate asked to be his or her Valentine? Did it provoke giggles or did the chosen run away? How simple it was!

Few will forget their first true-blue Valentine, as nature began to work its magic force on a child starting life's long road. The heart, after all, is a very big subject, especially on February 14.

Spearman Music Club Meets

The Spearman Music Club, a member of the National and State Federation of Music Clubs, met on Tuesday evening, February 8th at the Hansford Manor. Members of the club sang hymns and various other songs for the residents during their evening meal.

A business meeting was held afterwards in which various correspondence the club had received was read and plans for the Valentines Party were finalized. Members present were: Myrna Biggers, LaDean Dorsey, Fran Glass, Jessie Kunselmann, Celia Krug, Bonita Reimer, Margy Schoenhals and Altha Townsend.

Bridge Club

The Senior Bridge Club met Friday, Feb. 4 with Martha Batton as hostess. Attending were members, Mmes. Ora Sanders, Viola Graves, Emma Seitz, Mathilde Entrikin, Mabel Edwards, Addie Novak, Ruth Baker and a guest, Willie Wallis. Emma Seitz had high score and Ruth Baker had second high.

Valentines-topic for Storytime

Valentines, love & kisses were the topics for Storytime for 4 year olds at Hansford County Library on Friday, Feb. 11. Librarian, Rita Curtis, read two books, *A Kiss for Little Bear* and *Grandpa*. The children then talked about people special to them. Two films were shown, "Winnie-the-Pooh Discovers the Seasons" and "Up a Tree" starring Donald Duck. Garfield Valentines were distributed to each child. Children attending this session were: Shari Smith, Mandi Porter, Amber LaRochelle, Lee Jarvis, Wendy Woolley, Blake Beedy, Regan Boxwell, Haley Farber, Van Baumgardner and LaShara Snider. Mrs. Woodville Jarvis served as librarian during Storytime.

20th Century Club Meets

Next Storytime will be held Friday, February 18, from 10:30 - 11:00 at the Library. All 4 years old boys and girls are invited to attend. The 20th Century Club met Jan. 13 at the home of Mrs. Tom Sutton with Mrs. Woodville Jarvis co-hostess. Mrs. Jo Ann Gaskamp reported that story hour would be continued for 6 weeks. Mrs. J.R. Stump gave the library report explaining the new policy on overdue books. An interesting roll call was blood pressure check by Mrs. Gaskamp. Mrs. L.L. Anthony presented the program on "Yearly Health Checks--Are They Necessary?" Members present were Mmes. Cecil Biggers, Fern Pope, John Bishop, J.R. Stump, O.C. Holt, Coy Palmer, Lorene Hutchison, L.L. Anthony, Frank Hefner, B.F. Gaskamp, Tom Sutton, and Woodville Jarvis.

Artist Of The Month

Mrs. Jerry Holton is the artist of the month and will display her paintings in the Hansford County Library during the month of February. Mrs. Holton's paintings are in oil. Cindy graduated from Gruver High School and attended West Texas State University. She studied water colors under Karen Reimer and she has taken oil painting lessons from Mrs. L.M. Womble for several years.

Trust fund for Mrs. Conner established

A trust fund has been set up at the First State Bank for Mrs. Robert E. Conner who lost her husband recently. Mrs. Conner has five girls ranging from 4 to 13. Anyone wishing to contribute to this fund should contact Betty Elbert at the First State Bank.

Watercolor workshop planned

Local artists will have an opportunity to study with Stefan Kramar in a Watercolor Workshop the week of March 14-18 at Hansford Library. Daily classes will be from 9 to 12 mornings, 1:30 to 4:30 afternoons. There will instruction for beginners as well as advanced artists, demonstrations, and individual assistance and critique. Kramar is one of America's top professional artists. He has won over fifty national and regional awards and has earned international recognition for his watercolor paintings. Interested persons should contact Karen Reimer, 407 W. 12th, Spearman, 659-3956 by Feb. 20.

Ross Donahue & Buddy Pool team up as...

Lynx lose 'heartbreaker' at buzzer to Perryton

The Lynx played an outstanding game against the "11" team in the District—the Perryton Rangers. The Lynx seem to be the only team that can get close enough to the Rangers on the scoreboard, as a twin blade razor does to a whisker. Not another team in the District can get that close. The Rangers have 5 times more height, but the Lynx have 5 times more intensity to play against Perryton. The Rangers won the game 43 to 45 in the closest game the Rangers plan to be in!

The Lynx members are Seniors, Darren Goodheart, Jay Pack, Jan Hartzell, Mike Caldwell, Scott Dunlap, Juniors—Buddy Pool, Byron Sutterfield, Sophomores, Ross

Donahue, Steve Burke and Mark Pearson. Their coach is F.G. Crofford, who is assisted by Coaches Gary Rambo and Rickey Smith.

The Lynx were close to the Rangers since the beginning of the game, with Ross Donahue and Buddy Pool having a great game. The Rangers were ahead, 12 to 9 after the first quarter. The Lynx were really playing great. They put all stops to the inside game of the Rangers, as they could, but the Smith cousins, were deadly from the outside along with Clint Allred. After the second quarter was over, the Lynx were trailing, 27 to 22—by 5. The Lynx are not a team to "give-up", no siree, they came back in the second half

and played their hearts out. **NOTE FROM SPORTS DESK: Darren Goodheart, Lynx Senior, is one of the best hustling young men in the District. He hustled after a loose ball, ran into a table, hurt himself, but later on returned, to score 3 points for the game. The 3rd quarter was all Lynx. Offensively and Defensively. They stopped the Ranger Machine, and made their Angry Purple Machine work twice as good. As a matter of fact, the Lynx outscored the mighty Rangers, 14 to 8, to take the third quarter lead, 36 to 35!! Excellent job by the Lynx, to steal this opportunity for the Rangers. As the final quarter**

began, the Rangers were in a desperate situation, they could lose their first game of the District season, and the heart-breaking news was that it was going to be against the Spearman Lynx. The Lynx have plenty of ability and talent, the kind that you have to defeat a team like Perryton. Well, in the final quarter the Lynx put on a show. They would tie the game up, and so forth, go up by two, go behind by two. With 2 seconds left in the game, it was a jump ball, on the Lynx side of the court. The Lynx and Rangers jumped for control of the ball, Ross Donahue received the tipped ball, he made an 18 footer, it went in, but the ref said that it was a half of a second too late.

after the buzzer had sounded. All the Lynx fans thought otherwise, and the Ranger fans as well as the Rangers were relieved. The final score was 43 to 45, in favor of the Rangers.

The leading scorer was Ross Donahue with 18 points, Buddy Pool had 11, Byron Sutterfield had 4, Steve Burke and Darren Goodheart had 3, Scott Dunlap had 2 and Mark Pearson had 1.

Consoling
Policeman—Why didn't you stop when I blew my whistle?
Lady Driver—I'm a little deaf.

Policeman—Don't worry, you'll get your hearing tomorrow.

TWO POINTS FOR ROSS—Ross Donahue, #34, Lynx Sophomore, drove thru the Perryton Rangers Defense and scored himself an easy bucket. Jay Pack, in the background, and Scott Dunlap #20, both made sure the ball went in.

Susan Davis explodes for 17 points as...

Lynxettes Win 'Thriller' Over Perryton After 3rd OT

TWO FOR "SKEETCH"—Susan Davis, #33, Lynxette Senior, shows her unique style of shooting, in which she usually

scores plenty of points. Susan scored 17 against Perryton. #21, Robbie Heinrich, Lynxette Junior, checks out the action.

The best game of the century was played at the Perryton Ranger Gym. It was a very important for both the Lynxettes and the Rangerettes, the excitement was that the Lynxettes won the game after the third overtime. The Lynxettes have a more balanced team, because 5 Lynxettes fouled out of the game, but the Lynxettes from the bench came up and won the game. Susan Davis, did another great job after her ankle injury, as a matter of fact, this time she had a great Offensive and Defensive night. She was one of the starters that did not foul out!! For the first time this year, Lea Ann Gibner fouled out of a game!! That broke her clean sweep record for a year!! And Kelli Crawford was 4 of 5 from the free throw line, the 4th free throw was the one that won the game for the Lady Lynx.

In the first quarter, it was a Defensive battle all the way. The Lynxettes scored 8 points to the 10 for the Rangerettes. But, Susan Davis started doing her thing from the outside, going up for lay-ups in the fast-break situation. Both the Lynxettes and the Rangerettes were on an Offensive burst. The Lynxettes scored 17 points in the second quarter to take the lead, while the Rangerettes managed 13, falling behind by 2 points at the half—the score was 25 to 23. In the first half there were 14 team fouls on the Lynxettes, with Cindy Young, a tough Senior, taking 4 of those fouls. Cindy was guarding the tough 6'1" Rangerette Senior, Stacey Blasingame, who in turn had 10 fouls in the first half, 0 fouls and had missed all her attempts from the free throw line.

The third quarter began and the Lynxettes pressure was killing the out-of-bounds play of the Rangerettes in the beginning of the 3rd quarter. The Lynxettes took a 7-point lead, but then the Lynxettes started fouling, fouling Miss Blasingame, who had come back in the third quarter and was perfect from the line. Miss Blasingame brought the Rangerettes to be behind by 3 points. But then there was fouling on the other side as well, and Miss Blasingame committed 4 quick fouls in the

3rd quarter. She was taken out of the game for a while. In the fourth and final quarter the Rangerettes brought Miss Blasingame back into the game. They would break the pressure a few times and score with a girl under the basket by herself. There were Cindy, Andrea (Mires), Lana (Paul) and Lea Ann Gibner all had 4 fouls going into the final quarter. The Rangerettes, with the team work of Miss Blasingame and Miss Gibson, made the Lynxettes be behind by 11 points in the final quarter. With the Defensive play of Susan and Lea Ann, and then the Offensive charge by Susan and Jean (Davis), the Lynxettes came back from being behind. With 2:48 left in the final quarter, Cindy fouled out of the game. That was one of the taller Lynxettes out—Cindy stands at 5'8". Then with 2:24 left in the game, Andrea Mires fouled out of the game. There were lots of fouls on both teams, and the free throws were well in number that were missed as well as made. With 1:14 left in the game, Lana Paul fouled out of the game. Lana also stands at 5'8". Out in front were Susan and Jan. They handled the ball well, set the ball well, and then tied the game at 46. The game went into overtime—the first of three. The tips, to start off all the quarters as well as the overtimes, were controlled by Miss Blasingame of Perryton. The Lynxettes only had one 5'8" Lynxette left, to take care of Miss Blasingame, 6'1". The Rangerettes went ahead and got the first bucket to take the early lead in the 1st overtime. But the Lynxettes came right back. As the Rangerettes scored once again, and once again, the Lynxettes made their bucket. The score was 50 to 50, neither team could break thru the Defense to score again. So it was off to the second overtime of the night. Once again Perryton went up ahead before the Lynxettes could. Then the Rangerettes went up ahead by 5. The Lynxettes, with Lea Ann, Susan and Jan at the controls, the Lynxettes roared right back. In the first overtime, Susan was fouled, had a chance for a 3-point play, but missed her free throw. Then

in the 2nd overtime, Susan had gone up for a lay-up, made it, was fouled and had a chance to make the 3-point play. This time she was successful, and tied the game at 55. The Rangerettes then scored a field goal with 20 seconds left, to go up by 2. Lea Ann fouled out of the game in the second overtime. There went one of the best ballhandlers in the District, if not the State, but the Lynxettes were fortunate to have the other best ball handler in the game. The Lynxettes went down the court and tied the game up with 4 seconds left. Time ran out, the game was tied at 57, in the "6th" quarter, or the second overtime. The third overtime would begin. **NOTE FROM SPORTS DESK: All the overtimes are 3 minutes long.** The third overtime began, but this time, Jan Davis, had already "figured" out just where Miss Blasingame was going to "tip" the ball, she stole the ball, and went up for a lay-up to put the Lynxettes ahead by 2. The Rangerettes went right back, took their time and scored their field goal. Then Janet Reed was called for a "foul" against Miss Blasingame. Janet had fouled out—leaving the Lynxettes as the third 5'8" gal to foul out—making her the 5th Lynxette to foul out. The Lynxettes had to outsmart Miss Blasingame and make her commit her final foul. But she was at the line to shoot her free throws, in which she made both. The Rangerettes were ahead by 4. The Lynxettes went down to their side of the court. They set up the ball well—by Susan and Jan. Kelli Crawford went up for a shot over Miss Blasingame, the shot counted, Miss Blasingame was called for a foul, making her foul out. Now, Kelli had the most pressure ever. She had to make the free throw in order to give her teammates a 1-point lead. A time-out was called by Perryton, to give Kelli a time to think, put more pressure on her. Everyone came back on the court. The game resumed. Kelli was on the line, took her time, and shot the ball, which in turn went "swish"—pure net. The Lynxettes were ahead by 1 point. The Lynxettes pressure made the Rangerettes turn the ball over. The Lynxettes won the game, 62 to 61. Although 5 Lynxettes fouled out, two Rangerettes fouled out, the Lynxettes still won, the local fans knew for sure that the Lynxettes were the better team!

The team members are Seniors, Lea Ann Gibner, Susan Davis, Jan Davis, Jean Davis, Janet Reed, Cindy Young, Lana Paul, Juniors—Kelli Crawford, Andrea Mires, Nita Baker, Denise Brewer, Robbie Heinrich and Sophomore Tiki Jackson. Their coach is Ralph Newton, who is assisted by Coaches John Roller and Richard Trantham. The managers are Sara Avila, JoAnne Odegaard and Tammy Savage.

The leading scorer for the Lynxettes was Susan Davis. Susan had a great night, both Offensively and Defensively. Offensively, she had 17 points. Defensively, she had the best game thus far, by stealing the ball, assisting, rebounding, the works. Jan Davis was second by scoring 11 points, Janet Reed had 7 points, before she fouled out, Lea Ann

FOUL ON YOU, #42—Janet Meed, Lynxette Senior, #41, dove up against Stacey Blasingame, #42 of Perryton, and was immediately fouled in the process. Janet made both free throws.

Catch the Scouting Spirit

BOY SCOUTS OF AMERICA

IT'S OUR 73RD ANNIVERSARY
BOY SCOUTS OF AMERICA

The spirit of Scouting is felt among all members. It involves a sense of working together for the same goals.

The Boy Scouts mold the characters of its members and in turn, build a better America for us all. We are proud of them and hope our youth throughout the nation will "Catch the Scouting Spirit" too.
