VOLUME 10

TAHOKA, LYNN COUNTY, TEXAS, FRIDAY, JUNE 19, 1914

NUMBER 42

TAHOKA AND LYNN COUNTY GROWTH AND IMPROVEMENTS

THE FOLLOWING PARAGRAPHS ARE A FEW OF THE IMPROVEMENTS FOR THE CURRENT WEEK. NOT A BAD SHOWING AFTER ALL. RANGE GOOD

Five Stand Gin For Tahoka

Wilson Edwards left Tuesday morning enroute for Goodlet, where he will superintend the loading onto the cars of the 80 horse power gasoline engine that the firm of Edwards Bros., will install in their new cotton gin. This enterprising firm of Tahoka ginners will begin work at once on a five stand, 70 saws each, cotton ginn of the very latest construction. This new engine with the one they now have will give them 120 horse power that will pull even the large amount of machinery they will have with ease. The exact location of this large, up-to-date plant has not yet been fully decided upon, but The News man has been informed that it will be somewhere near the railroad tracks. Tahoka has always been the best cotton market on the South Plains, and now, with this new, powerful, large capacity, latest improved cotton gin Tahoka will be way in the lead as a cotton market and shipping point.

Wilson Gin Contract Let

S. S. Ramsey, of North Tahoka, carpenter and contractor, closed the contract Monday to build the Wilson cotton gin and will begin work at once or as soon as the weather will permit. This building will be a great thing both for the town of Wilson and the farmers of the north east part of Lynn and the south east part of Lubbock counties, where there is something 1709 to 2000 acres planted to the fleecy staple, and most of it up to a fine stand and growing famously.

A Couple More Silos

Mr. Blankenbeckler, manager for the A. G. McAdams Lumber Co. in this city tell us he sold the material last week for two 200 ton capacity silos that J. R. Taylor is having put in on the Edwards place eight miles south east of Tahoka. These two silos will make three for Lynn county, but there will be many new ones go in before snow flies this winter, and it will be only a question of a short time until Lynn county will be honey-combed with under-ground silos and the above ground ones will be as prominent as windmills are at present. Watch Lynn County grow.

Tahoka Tailor Shop Leased

Ross Ketner, who returned Marfa the latter part of last week, has leased the Tahoka Tailor Shop on the north side of the square and is now in full possession.

CASH DISCOUNT SALE.

For the next thirty days we will sell our Shoes and Hats at from 10 to 25 per cent discount for Cash. Every thing in our large and complete stock of hats and shoes goes at a discount from our already extremely low prices.

All 15 and 20 cent Embroideries go at 5 and 10 cents. All dress trimmings go for 30 days at a discount for cash.

J. S. WELLS, South-west Corner Square, Tahoka. 42-1t

Born to Mr. and Mrs. Rudder, of South Tahoka, Friday morning of last week, a daughter.

35 Bushels Oats Per Acre

J. S. Wells had 20 acres of oats cut yesterday that he expects to make 35 bushels of fine heavy grain to the acre. He also has three acres of wheat that he says will produce 20 bushels to the acre. Mr. Wells says that the pasturage he derived from these 23 acres was worth more than all the expense of production. While he will not compete for the \$250 premium offered for the best sample of wheat or oats brought to his store on Trades Day June 27th, yet he will bring in samples and he says "The sample that surpasses mine will take the prize."

Garage Changes Hands

Curley Gamble sold the Tahoka Garage the latter part of last week to P. M. Daniel of Sweetwater. Mr. Daniel is the father of Mrs. Gentry, wife of C. P. Gentry, the Tahoka jeweler and moving picture show man. Chas. Fielder and family of Texacana, will arrive in Tahoka the latter part of this week or the first of next. Mr. Fielder will operate the garage for Mr. Daniel who will not move to Tahoka at present. Now that Tahoka is on the Puget Sound-to-Gulf, Southern National and the Trans-Continental Auto Highways the Tahoka Garage should be one of the best paying ones on the Plains and should fully justify the improved equipment that we are informed will be immediately installed.

New Airdome

C. P. Gentry the "movies" man, is busy as a bee this week fixing up an airdome between Ketner's brick building on the north and the row of wooden buildings on the south. The dimensions are 22x75 feet.

A Fine Looking Crop

Jack Blankenship a farmer of a mile south-east of Tahoka, informed The News man the first of week, that he has lived in Lynn county seven years and has never had as good looking crops nor as clean ones at this time of the year as he has now. Jack had just taken out a hail insurance policy on his 20' acres of cotton which he says is as fine a looking patch as he ever saw anywhere to its age and as good as he has seen this year.

A Cold Deal

C. L. Williams the north side ice man, sold one day last week, 1800 pounds to one man and 3000 to another. Both consignments going to Brownfield.

VERY MUCH ALIVE

The Baptist ladies are still alive. On last Trades Day they cleared \$21.25. Paid \$20 on pastors salary. Since January 1st the Ladies Aid has paid \$55 on the pastors salary and a large sum on other church expenses.

And now we are planning to build a pastors home.

Come one, come all and help us. We always have something good to eat when we serve dinner.

Mrs. J. E. Nicholson.

Mr. and Mrs. J. S. Wells took dinner with the family of J. V. Dyer, of Edith neighborhood, Sunday.

TAHOKA WINS C.-TO-G. AUTO HIGHWAY

A. D. Shook To The Rescue. Timely Aid Saves Road For Tahoka—Thirteen Counties Pay In \$100 Each—Delegates Dine Here.

At a meeting of the Colorado-to-Gulf, Western Division, Highway association held in Plainview Friday of last week, officers for the ensuing year were elected as follows:

President, Judge J. A. Phenix, of Big Springs; Vice President, O. M. Unger, Plainview; Secretary-Treasurer, Thos. F. Owens, San Angelo; County Vice Presidents: Bexar, D. E. Colp; Gillespie, J. D. Payne; Mason, E. J. Lemberg; McCullough, T. P. Grant; Concho, O. L. Simms; Tom Green, W. A. Gutherie; Sterling, W. L. Foster; Howard, Dr. I. E. Smith; Dawson, R. D. Simpson; Lynn, A. D. Shook; Lubbock, Geo. W. Briggs; Hale, Otis Truelove; Swisher, L. F. Kirk.

Thirteen out of the sixteen counties paid their fees of \$100. Kendall, Randall and Potter counties were not represented.

A resolution was adopted to the effect that the Colorado-to-Gulf should become a part of the National Highway known as the Puget Sound-to-Gulf, beginning at Seattle, Washington, and terminating at Corpus Christi and Galveston.

In the morning session, reports from delegates from counties south to San Antonio were heard. Roads are in fine condition. Secretary D. E. Colp, Vice President of the Colorado-to-Gulf Highway and Road Expert of the San Antonio Chamber of Commerce, led the discussion. Mr. Colp gave as an indication of the natural excellence of the roads on this division of the highway the actual running time of the party from San Angelo to Plainview, which was eleven hours. The distance is 264 miles.

At this meeting considerable competition developed between the neighboring towns, the towns to the east and west having men and money there to deflect the route from the straight and level way to the sandy or hilly way that would have led to the destruction of many automobiles, but A. D. Shook and others held the meeting in line with the result that Tahoka is now the cross roads for the Southern National and the Puget Sound-to-Gulf Highways.

The party of 15 delegates took dinner at Hotel Stokes Sunday on their return run as follows: S. A. Phenix, H. M. Morrison, H. L. Rix and Dr. I. E. Smith, of Big Springs; E. J. Lemberg, Mason; T. P. Grant, D. F. Salvage and Jim Welsh, of Brady; O. L. Simms, of Paint Rock; Henry Rodemund, H. E. Jackson, P. C. Miller and O. S. Bass, of Abilene; Pres. Cailey and S. F. Morrow, of Dallas.

Mr. Shook says if the citizens of Tahoka could only have been in Plainview and attended this meeting they would have had a much better conception of what the landing of the Highway may mean to us by observing how anxious the other towns were to secure it for themselves. Already many auto are going thru Tahoka daily, and when the loggin is finished and tourists at a distance learn of this ideal route across the Great Staked Plains of Texas the amount of travel will increase by leaps and bounds. Watch Tahoka Grow.

LANE, FOR CONGRESS, AT TAHOKA

Spoke This Morning At Chapel Exercises Of Normal To Student Body And Quite A Few Business and Voters—Very Complimentary

Just as we were going to press with the last run of our paper this Friday, morning, Prof. White called up The News office and kindly informed us that Hon. W. P. Lane would speak in School auditorium immediately. So The News man hiked down to see, hear and report.

In January 1913 Hon. W. P. Lane, now serving his second term as Comptroller, announced as a candidate for governor. After the convention in February 1914, that nominated Ball, Mr. Lane withdrew from the race for governor and announced as a candidate for congressman at large.

On being asked as to why he was coming to the Panhandle? He answered "I want to meet my friends." He said that "It would do no good to go to the rank anti counties of South east Texas." Why he said "In Comal county, in the State-wide election they cast 1378 'wet' and 8 'dry' votes. In counting the votes they said 'vet, vet, vet, dry; vet, vet, vet, dry; throw it out, the scoundrel has voted twice!' they could not conceive of the being two men at the same box who could vote against liquor."

He then made a 17 minute talk on education. He stated: "Since 1846 Texas has spent \$140,000,000 on education. In 1856 we had 72,800 school children and spent \$191,683, in 1913 1,480,570 children and spent \$7,339,990. In 1856 Texas had a school fund of \$2,200,000, in 1913 \$70,000,000. The Encyclopedia Britannica says "Texas has the best school fund and the poorest school system of any state in the Union."

Mr. Lane congratulated Tahoka upon her school building, the Normal students on the faculty, the instructors on their pupils, and finished in a hearty burst of applause.

FLY TIME IS HERE

Don't let the flies get started in your house. Get your screen doors at the A. G. McAdams Lumber Co. They have a nice line. 32-1t

Born to Mr. and Mrs. J. H. Smith, of the New Home neighborhood, Saturday morning of last week, a son.

Born to Mr. and Mrs. G. P. Malone, of six miles south of Tahoka, Sunday morning June 14th a son.

Messrs. Puryear, Meadows, Ross Ketner, Raymond Weathers, Genee Price, Ruby Wells, Prof. Hazel and Cliff Thomas went down to the T. J. F. Tank about 25 miles south of Tahoka, Saturday morning on a fishing trip, returning Sunday afternoon. They caught about 150 fish from a quarter to a pound each and had lots of fun.

Photographs made in Tahoka July 3rd and 4th. Visit my tent. Ben More. 42-43

Dr. J. F. Galloway, Dentist, 11-1t will return to Tahoka about July the 1st. 40 ft

BIGGER AND BETTER TRADES DAY SATURDAY JUNE 27

NEW ATTRACTIONS, MERCHANTS PLAN TO SHOW THEIR APPRECIATION FORMER SUCCESSES—BEST EVER YOU WILL BE SORRY IF YOU MISS IT

That Tahoka is one of the liveliest little citisss in the State is shown by the fact that we are going to have another Trades Day Saturday June 27th.

We know of towns twice the size of Tahoka and quadruple its age that have never had a Trades Day; some towns have one each year; some, even once a month; but, we never before heard of two Trades Days the same month.

"Nothing succeeds like success." Tahoka has a ways succeeded, and if you will read The News advertisements and the premium lists for Trades Day you will see that Tahoka is scheduled for a bigger success than ever the 27th.

We will have lots of fun racing

Dr. I. E. Smith, Eye, Ear, Nose and Throat Specialist, of Big Springs, will be here Wednesday and Thursday, June 25th and 26th. 42-1t

CANDIDATES ASSESSED

The Democratic County Executive Committee met at the Fair Store Monday of this week and assessed the candidates for what they considered sufficient to pay all the expenses of holding the Primary election on July 25th. They placed the assessment for county candidates at \$12.50 each, and \$1.00 for district candidates. There being 8 district and 14 county candidates gives the committee a fund of \$183.00 to work with. The committee also made up the ticket, fixing the order in which the names shall be printed on the ticket. The committee having the power to decide the order in which the names should come, in anyway satisfactory to themselves, by lot or otherwise; in order to save time and exempt themselves from any thought of favoritism, hit upon the following novel plan: They came to this office, got a copy of the Lynn County News and placed the names upon the ticket in the order in which they appear in our announcement column, where they come in the order in which their announcements were received by us.

On account of the hot weather we have changed location to the new AIRDOME on Main street. The entrance is right between Parkhurst Broken \$ Store and J. E. Ketner's brick building. You can't miss it even in the dark. Will show Saturday night June 20th. Come and see the pictures and keep cool. 42-1t

Wanted To sell or exchange for town property, well improved one-half section of the best farming land with eighty acres in cultivation, on the main Lubbock eTahoka road; five miles from Wilson and eight miles from Tahoka. For full particulars apply to V. R. Kershner, Lubbock, Texas, Phone 161. 42

Let Shed do your cleaning and pressing; just phone 88 and it will be called for and delivered free. 38ft

Wednesday about noon the moving picture man arrived with his machine and took several feet of film of the bank and Shook buildings with autos and Uncle Jimmie and mule passing.

and watching the other fellow run. Did you ever see a gander pulling? Perhaps you never saw one so we will try and explain: An old tough gander is secured, his neck fished as clean as possible, he is killed and then hung up by his legs to a cross timber over a clean track. His neck is greased until it is as slick as possible. The pullers mount their horses and ride under the gander at half minute intervals, each rider making a grab at the gander's neck, trying to pull the head off, the first one succeeding gets the purse. In order that no rider shall go too slow, some one switches each horse with a buggy whip just before reaching the gander. Come and see for yourself.

Come to Tahoka July 3rd and 4th to the Big Picnic and Barbecue. While in town make our store your headquarters. 42-43 THOMAS BROS. DRUG CO.

JUNIOR LEAGUE PROGRAM

Sunday 21st, 1914
Opening song No.
Prayer.
Reading minutes of last meeting.
Song No.

D. 1914, being the first Tuesday of said month, between the hours of ten o'clock a. m. and four o'clock p. m. on said day, at the court house door of said Lynn County, I will offer for sale and sell at public auction, to the highest bidder, for cash, all the right, title and interest of the said T. J. O'Donnell, in and to said property.

Dated at Tahoka, Texas, this 1st day of June, A. D. 1914.

J. H. EDWARDS, Sheriff of Lynn County, Texas. 41-43

FARMERS' UNION PLATFORM A CAMPAIGN ISSUE

President Wilson's Attitude Pointed Out as Corroborating Position of Farmers' Union on Liquor Question.

PLEA FOR CO-OPERATION

Ft. Worth, Texas.—The politicians have been putting the farmers upon their platform ever since there was a politician and a farmer, but in this campaign we are going to reverse the arrangement by making our own platform and inviting the statesmen to endorse it.

For the information of the farmers and the friends of agriculture, we are going to publish the names of all legislative candidates who endorse the Farmers' Union platform. We have had many requests for this information from both the cities and the farms, and as soon as we complete the canvass we will make the results public. We have solicited many of them by correspondence and others by personal interviews, and candidates who may have been missed by either of these methods will please consider this article as a request on our part for them to give us their views so they can be properly classified, and we also ask that they publicly announce their position to their constituents. We want men who will stand squarely and publicly on our platform. We will leave the gum-shoe work to the political henchmen.

The Farmers' Union for twelve long years has been listening to the siren song of the politicians. There has been absolutely no uniformity in either thought or action on the part of the friends of agriculture and certainly no authoritative plan of procedure. Many of these campaign promises made by candidates, if fulfilled, would destroy agriculture. Some splendid efforts have been lost through lack of co-operation and proper comprehension, and the platforms of candidates who genuinely desire to help the farmer have been, in many instances, antagonistic to each other. These various platforms patched together looked like Joseph's coat, and all were lost in the scuffle between factional leaders in the legislature. Many times we have been compelled to sit down and watch important agricultural measures go up in the smoke of political strife. We shall no longer resign our destinies to such folly.

Liquor Issue An Obstruction.

This condition rendered it imperative that the farmers adopt a platform which would comprehend in an authoritative way the agricultural needs of the State, and in order to avoid becoming involved in factional controversies, we have gone direct to the people in the July primary. This platform deals with almost all economic problems because they are all a part of the business of farming. It handles the liquor question as an obstruction, for as such it has prevented much important agricultural legislation and has never failed to strike terror to all other bills on the legislative calendar, regardless of their merit. We had as well talk about plowing a battle field during a fight as to think of securing agricultural legislation when the liquor warriors pitch battle in the legislative halls over liquor issues in any of its disguises.

President Wilson has recently advised the Democratic party in Congress to postpone the consideration of the proposed prohibition amendment to the Constitution of the United States on the ground that it would obstruct all other legislation. The president has taken identically the same position in a national way that the Farmers' Union has occupied in the State campaign. We do not know of any better authority on Democracy than President Wilson and in any event we would prefer to keep company with him in public issues than with some of these "prohibitionists-for-revenue" politicians, who are willing to block agricultural legislation with liquor measures.

Agriculture is Not a Special Interest.

No agricultural legislation fun-

damental in its character can be considered as class legislation, for agriculture is a universal occupation and the farmer cannot help himself without helping others. The farmer is a ruler and all other occupations are in his employ and their welfare is indispensable to his business. He cannot successfully promote his own interests without providing for the welfare of his servants.

We realize that no platform of principles can please everybody. The Union faced the necessity of taking a definite stand on all important subjects and on many of them there has always been, and always will be, a wide difference of opinion, but all subjects were carefully considered and the interests of the farmer protected to the extent of our ability. The platform was unanimously adopted at the State convention of the Farmers' Union at Fort Worth on January 14-15 with over 600 delegates present and it is the official utterance of the Union and the authoritative voice of agriculture and as such the platform is submitted to all candidates for approval and to all voters for support.

The farmers have heretofore, as a rule, divided about evenly on most all public questions, leaving the balance of power in the hands of a minority, controlled in the main, by machine politicians. The inability of the farmers to stand together makes machine rule common and corruption possible. The farmers can never hope to become a factor in public affairs unless they work through organized channels and certainly we had as well settle our differences in our own conventions as to turn them over to the politicians to settle in theirs.

Rally 'Round the Union.

The questions for the individual farmer to determine are, whether loyalty to his occupation is stronger than popular prejudice, whether fidelity to his interests is greater than sentiment, whether he has more confidence in those authorized to act for him in convention than he has in the politicians who endeavor to destroy the Union; whether our public servants shall play politics or transact business; whether he will follow the Union or follow the politician.

We want to disclaim any intention of permitting the Farmers' Union to become in any way involved in partisan politics. Our organization, at its annual meeting in Fort Worth last January, made certain legislative demands which we have submitted to all candidates alike and we have listed those whom we consider most favorable to our demands and the opportunity is afforded all candidates at all times to endorse our platform in its entirety. In pursuing this course the Farmers' Union is simply following a precedent of long standing of all organizations of whatever character that desire legislation. The Farmers' Union will stand for principles, never for men, but we must depend upon men to write our principles into law.

The Union has had a larger increase in members during the past six months than during the previous six years and the spirit of unity and co-operation was never greater. A few self-appointed guardians of the Farmers' Union have been publicly warning the Union to keep out of politics. When we want the counsel of politicians we will apply officially for their views.

In our next article we will give a list of legislative candidates who are on the Farmers' Union platform and if that be politics, make the most of it.

W. D. Lewis, President.
Peter Radford, Ex-President.
Texas Farmers' Educational and Co-operative Union.

Texas has more railroad mileage than any State in the Union.

We now have 15,000 miles of main line of railroads.

The first railroad built in Texas was in 1851.

To encourage railroad construction, the State of Texas gave away 36,000,000 acres of land in the pioneer days as a subsidy for building 6,000 miles of road.

Since the building of our first road, the railway mileage of Texas has increased at the average rate of 290 miles per annum.

During the calendar year 424 miles of railroad was constructed in Texas.

TEXAS FACTS

POPULATION.
Texas had 3,896,542 people in 1910, according to the Federal census.

Our population at the present time is approximately 4,500,000.

The first Texas Census, taken in 1850, showed 212,595 persons in the State.

Texas ranks fifth with other states in population, having secured that place from Missouri during the past decade.

In 1850 Texas ranked twenty-fifth with other states in population.

The 1910 population classified 3,204,848 white, 690,049 negro, 702 Indians, 595 Chinese, 340 Japanese, 6 Filipinos and 2 Hindus.

Eighty-two and two-tenths per cent of our population is white, 12 per cent negro, and 1 per cent Indian, Chinese, Japanese and others.

There are 242,000 persons in Texas who were born in foreign countries.

Seventy-six per cent of our population is rural and 24 per cent urban. There are 2,017,626 males and 1,878,916 females in Texas.

We have 109 white males to every 100 white females in Texas.

We have a million persons in Texas who have moved here from other states. Most of them came from Tennessee, Alabama, Mississippi and Arkansas.

There are 20,000 negroes in Texas who came here from Louisiana.

Seventy-five per cent of the native white population in Texas were born in this state.

For every person who leaves Texas and moves to some other state in the Union, we get eight in return.

Cochran county in 1910 had only 65 persons living within its borders.

POPULATION.

There are 365,000 persons who were born in Texas and who reside in other States, while 830,000 persons born in other States live in Texas.

The center of Texas population is 5 miles Northwest of Waco, in McLennan county.

If all the people in the United States moved to Texas, our population per square mile would not exceed that of Massachusetts.

If Texas were as densely settled as the average State in the Union, we would have 8,000,000 instead of 4,500,000 people.

The population of Texas increases at the rate of 235 persons per day.

The population of Texas is 14.8 persons per square mile. In the rural districts the average is 11.3 persons per square mile.

Massachusetts has 419 persons to each square mile of area.

During the past decade the population of Texas has increased 27.8 percent and the United States 21 percent.

There is a child born every four minutes in Texas.

We build seven homes in Texas every working hour in the day.

Our foreign born population is constituted chiefly of Mexicans, Germans and natives of England.

We have 23,000 persons who were born in Ireland. Ten years ago we had only 6,169.

We have 1,003,357 males over twenty-one years of age. Eighty-three percent of them are white.

Texas could muster an army larger than the standing army of the German Empire and would not have to get outside the State for material.

Fourteen percent of our population is in the cradle.

College Growth Dependent on Pleasure of Rich

By Rabbi WISE of New York

COLLEGE graduates may be patriotic enough, but they NEVER FIGHT IN THE CAUSE OF HUMANITY. Did you ever hear of one of them fighting side by side with men on strike when those men were fighting for their own honor and that of the nation? It is not unusual, however, to hear of COLLEGE STRIKE BREAKERS fighting for capital and the things it represents.

OUR COLLEGES ARE SUBSIDIZED BY CAPITAL. THEIR GROWTH IS DEPENDENT UPON THE PLEASURE OF THE RICH. I KNOW OF NO AMERICAN INSTITUTION WHICH NEEDS HUMANIZING MORE THAN OUR COLLEGES. WE DON'T WANT WINTER CLUBHOUSES FOR RICH MEN'S SONS, BUT TEMPORARY HOMES IN WHICH A RESPECT FOR THE BEST IN OUR NATIONAL LIFE CAN BE CULTIVATED.

The American college woman belongs to another world. She is interested in humanity and human betterment. She is kind, true and always superior to her surroundings.

People Find Motor Outlet In New Dances

By Dr. DUDLEY A. SARGENT, Physical Director, Harvard University

THE one step and the hesitation waltz go back to the primitive instincts in us, as they can be easily learned, and persons of all dancing ages can enjoy them.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of CHERRY that cannot be cured by the use of HALL'S CATARRH CURE.
FRANK J. CHENEY
Sworn to before me and subscribed in my presence, this 10th day of December, A. D. 1914.
A. W. GLEASON, Notary Public.
Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free.
F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, etc.
Take Hall's Family Pills for constipation.

These dances have a TENDENCY TO MODIFY WOMEN'S DRESS, to lead women to take more breathing space and to adopt methods of dress that are less restricting.

I BELIEVE THAT THERE IS LESS DRINKING WITH THESE DANCES THAN THERE WAS WITH THE OLD STEPS. PEOPLE FIND A MOTOR OUTLET IN THE DANCE, RATHER THAN IN DRINK. IN THESE DANCES THERE IS A TENDENCY TOWARD RIGHT LIVING JUST AS ATHLETES EXPRESS A TENDENCY TOWARD RIGHT LIVING. TWO HOURS A DAY OF THIS KIND OF DANCING IS NOT TOO MUCH FOR ANY ONE.

Washington's Unselfishness. When I was first honored with a call into the service of my country my duty required that I should renounce every pecuniary compensation. From this resolution I have in no instance departed, and I must decline as inapplicable to myself any share in the personal emoluments which may be indispensably included in a permanent provision for the executive department and must accordingly pray that the pecuniary estimates for the station in which I am placed may during my continuance in it be limited to such actual expenditures as the public good may be thought to require.—First Inaugural

Need More Than Police Force In Alaska

By Secretary of Interior FRANKLIN R. LANE

PRACTICALLY all the lands and natural resources of Alaska are still the property of the United States. Until now we have only protected these riches against monopoly and waste, and the most cumbersome departmental machinery has sufficed.

HERETOFORE WE HAD DONE LITTLE MORE IN ALASKA THAN KEEP A FEW POLICEMEN STATIONED AT CLOSED DOORS TO PREVENT BREAKING AND ENTERING. NOW THAT WE ARE TO OPEN THE DOORS WE NEED MORE THAN A POLICE FORCE. MINERAL AND OTHER RESOURCES MUST BE OPENED TO USE. THE LAND MUST BE OPENED TO SETTLEMENT THERE MUST BE SUCH ADMINISTRATION OF THE LAWS AS WILL GIVE PROMPT AND READY ASSISTANCE, UNHAMPERED BY RED TAPE AND UNNECESSARY DELAYS, TO SETTLERS.

Millions of Cheap Autos In Ten Years
By Dr. CHARLES P. STEINMETZ, Electrical Expert

THE requirements of the automobile of the future are not high speed, but rather a pleasure car which will be light and run not more than twenty miles an hour.

The high powered car will have a place in the future, but this place will be to travel across the country to places not reached by the present Pullman car, and this car of the future will be owned by well to do people who will join the users of the electric car for all town service.

THIS CAR MUST HAVE A LIGHT BATTERY, LIGHT MOTOR, LIGHT CONSTRUCTION, A SPEED OF TWENTY MILES AN HOUR, WITH THE ABILITY TO TRAVEL FOR A RADIUS OF THIRTY MILES, AND BE SOLD FOR LESS THAN FIVE HUNDRED DOLLARS AND AT THE SAME TIME BE MAINTAINED FOR FROM TEN TO FIFTEEN DOLLARS A MONTH. WHEN THIS CAR IS MADE, WHICH IT WILL BE IN THE NEAR FUTURE, THERE WILL BE MORE THAN A MILLION OF THEM IN USE IN THIS COUNTRY IN THE NEXT TEN YEARS.

Women's Pace Fast; Men Will Save Them
By OWEN JOHNSON, Novelist

WOMEN OF TODAY ARE TRAVELING THE PACE SO FAST THAT THEY ARE BECOMING AGNOSTIC, AND THE CHURCH PEWS OF THE NEXT GENERATION WILL BE FILLED ENTIRELY BY MEN. WOMAN'S YEARNING FOR EXCITEMENT IS CAUSING HER TO REVOLT SOCIALLY, INDUSTRIALLY AND MORALLY. MEN HAVE LONG SINCE SLIPPED OUT FROM UNDER THE INFLUENCE OF THE CHURCH. THE WOMEN ARE NOW ASSUMING THE SAME ATTITUDE THEY HAVE CEASED TO STAND IN AWE AND FEAR OF THE CHURCH.

The trouble is that women are GOING TOO FAST. The men are going to stop the women if they are stopped. We men are going to see that it will be necessary for us to get back under the mantle of religious faith. We are going to see the need of setting an example for our wives and daughters. I predict that the next generation will see the MEN CLOSER TO THE CHURCH than they are now and that the WOMEN WILL BE FURTHER AWAY.

You Need a Tonic
There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking
CARDUI The Woman's Tonic
Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.
Has Helped Thousands.

Why is it that business men don't talk over their affairs more at home with their wives? Because their wives are so busy telling their household troubles the men don't get a chance.

If we could just have a baby born in Lynn county every morning as was the case last Friday, Saturday and Sunday morning, we would in fine shape for the next census.

Perhaps you have an idea that the weeds are not being slaughtered this nice hot weather? If you have any such notion you are badly mistaken, for nearly every man, woman and child is busy and most of them, even here in town, killing weeds.

Congressman W. R. Smita's speech delivered in Lubbock Wednesday June 10th, will undoubtedly make him many votes in Lynn county among those who came to Tahoka to hear him the day before?

The most interesting race at the present time is that between the weeds and the crops, and it will require some help from the farmers if the crops win out.

On August the 28th, 1914, being the last Friday in the month will be published the last issue of Vol. 10, of the Lynn County News, and we wish to make it our "Round-Up" edition, and in that issue we want to publish as many letters from as many Ex Lynn County Citizens as we can secure between now and that date. In order that we may secure as many Letters as possible, we earnestly request the cooperation of every reader of this article who knows the present address of any ex-Lynn county citizen to send their name and address to this office, and as soon as possible.

Whether our readers vote for Tom Bell or Jim Ferguson is all right with us for each voter has a perfect right to vote as he pleases, but there is one thing we do want and that is for every man, woman and child, who possibly can, to come to Tahoka on the Second June Trades Day, Saturday June 27th. Read the page advertisement in this issue and see what inducements are being offered.

Sunday the 14th of June was the hundredth anniversary of "Old Glory," and all those having a flag should have flown it on that day as also Wednesday was the anniversary of "Bunker Hill."

We don't know how grape arbores or vineyards there are in Lynn county, but every grape vine we have any knowledge of is just simply loaded with large clusters of what promises to be extra fine fruit. Many Lynn county families are feasting on green grape pies.

Sunday a week ago Tahoka received a nice inch rain and again Monday of this week we had a quarter of an inch shower, which added to what fell the third of this month gives us 1.30 inches of rain so far in June, and a little more than eight inches this year. Let 'er come; the Plains and especially Lynn county can stand more rain with less damage and less rain and still make good crops than any other part of the United States. There may be (though we have never heard of it) some

Constipation Safely and Easily Overcome.

No Need to Risk Unpleasant, Often Dangerous Calomel—Dodson's Liver Tone Takes its Place.

You can now profit if you wish by the experience of many people who have found a easy, pleasant remedy to take the place of calomel for constipation, sluggish liver, etc.

Dodson's Liver Tone is best to take instead of calomel and has brought the brightness of health into many households. It has of disagreeable and often dangerous effects of calomel.

Thomas Bros. Drug Co., and all reputable local druggists, positively guarantee to refund purchase price (50c.) of Dodson's Liver Tone in case you are not entirely satisfied after using it and as they will recommend this remedy as a strictly vegetable liquid, containing nothing harmful, you run no risks of any kind in trying it now.

Dodson's Liver Tone never leaves bad after effects, but works easily and naturally, without pain or gripe and without interfering at all with your regular habits, diet or occupation. L. 42-11

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Look years younger! Try Grandma's recipe of Sage and Sulphur and nobody will know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

place where they may be able to do on less rain than here, and there may be some places (it hardly seems possible) where they may be able to stand more rain than on the Plains; however, we have yet to hear of any place where they can do better on both extremes than the Central South Plains of Texas.

H. M. Larkin, proprietor of the Fair Store says that the last thing he does before leaving the store of a Saturday night, is to put out a lot of fly paper, fly poison and fly traps, and the first thing he has to do Monday morning is to sweep up the dead flies, but he says that you could hardly find a live fly in the store on a Monday morning. Why not every merchant and business man in Tahoka adopt this plan and start in the first of each with a clean, flyless, sanitary store or office?

Mr. and Mrs. W. R. Hampton shipped their stock of general merchandise this week to Peacock where they will enter business and make their home. They are making the change in location on account of Mrs. Hampton's failing health which requires that she go to a lower altitude. Mr. Hampton has been in business on the Plains for years, having formerly been a merchant of Tahoka and later of Lubbock. He is one of the few country merchants who have the courage to put their business on a cash basis, and continue it. Mr. and Mrs. Hampton own one of the nicest residence properties in Slaton, and other real estate. Their friends wish them the best of success in their new location.—Slatonite.

Dead

Breathes there a man with soul so dead

Who never to himself hath said:
 "My trade of late is getting bad;
 'I'll try another eight-inch ad."

If such there be, go mark him well,

For him no bank account shall swell,

No angels watch the golden stair
 To welcome home the millionaire.
 The man who never asks for trade
 By local line or ad displayed,
 Cares more for rest than earthly gain,

And patronage but gives him pain,
 Tread lightly friends; let no rude sound

D'sturb his solitude profound;
 Here let him live in calm repose
 Unsought except by men he owes,
 And when he dies go plant him deep,

That naught may break his dreamless sleep—
 Where no rude clamor may dispel
 The quiet that he loved so well.
 And when the world may know its loss,

Place on his grave a wreath of moss,
 And on the stone above, "Here lies

A chump who wouldn't advertise.
 —Implement Trade Journal.

4th**

Two Days And Nights Of A "Hot Time In The Old Town"

A. J. Herrington of New Mexico, who has been living in Colorado, Texas, the last few months, passed through Tahoka Tuesday on his way home to his bonus Mr. Herrington used to live in Lynn county but left here about nine years ago for his present home.

One by one the faculty of the Tahoka High School is being secured. The trustees have signed a contract with Prof. Carl Montgomery of Lubbock, for the principalship. This leaves two

more rooms to be supplied with teachers. Prof. Montgomery is a young man who has just finished two years in charge of the training department in the Polytechnic College at Fort Worth and will likely prove to be the very man for the place.

Mrs. J. S. Wells says that she has the largest and best sweet potato patch in Tahoka. There are 26 rows 230 feet long with 150 plants to the row and hardly a skip in the patch. All the vines have good long runners too.

Joe Baldrige ordered his Lynn County News sent to Novis, where he will visit his mother. Joe says that everybody living in Lynn county needs The News even those living right here in Tahoka, but when he goes out of the county, even on a visit he must have it.

The report comes from Oklahoma of a constable who believes in a strict enforcement of the laws, especially the Sunday observance law. So he went out in the country where a number of

farmers were plowing on Sunday, arrested them and brought them up before the justice of the peace. His Honor promptly discharged them saying he thought they were fully justified in plowing that Sunday on account of the excessively wet weather which prevented them from properly working their crops until the weeds were about to ruin them.

J. B. Denton, proprietor of the Tahoka Meat Market, purchased a nice fat yearling

steer Monday from Miller Bros. of ten miles south of Tahoka, for \$25. The yearling was beefed Tuesday and furnished a treat to the Tahoka housewives.

Raymond Ramsey of Clarendon, and his sister Mrs. Oscar Rutledge of Amarillo, who has been visiting in Dallas, accompanied by their little motherless nephews, Allan Jr. and Ramsey Rutledge, came in Wednesday to visit their parents and grandparents Mr. and Mrs. S. S. Ramsey of North Tahoka.

One-Third of Sing Sing Prisoners Are Defectives
By Sir ARTHUR CONAN DOYLE
Literary Expert on Crimes

As a medical man I took great interest in the appearance of the men I saw on my visit to Sing Sing prison, and it seemed to me that probably a third of the whole number were defectives—MEN WHOSE CASES CALLED FOR MEDICAL TREATMENT OR CARE IN AN ASYLUM. Perhaps another third were young men who ought never to have been put in with hardened criminals, and the last third were the men for whom such places as Sing Sing have to exist.

BUT IS THERE SUCH A THING AS AN AMERICAN CRIMINAL THERE IN SING SING? I HAVE GREAT NUMBERS OF MEN EVIDENTLY OF FOREIGN BIRTH. YOUR CRIMINALS ARE, LIKE YOUR LIFE, COSMOPOLITAN. I HAVE HEARD IT ASSERTED THAT NEW YORK HAS THE CLEVEREST AND MOST RESOURCEFUL CROOKS IN THE WORLD, BUT I CAN'T SAY WHETHER IT'S TRUE OR NOT. IF WE HAVE FEWER CRIMES OF VIOLENCE IN ENGLAND I SHOULD SAY IT IS BECAUSE EVILDOERS KNOW THAT A VERY SPEEDY DEATH IS ON THE WAY.

Mistakes In Mexico Draw Us Toward War
By ALBERT J. BEVERIDGE, Former United States Senator From Indiana

NO MAN IN THIS COUNTRY WANTS WAR, NOW OR EVER UNLESS THE PRICE OF PEACE BE NATIONAL HUMILIATION OR NATIONAL DISHONOR. THE MISTAKES IN MEXICAN AFFAIRS MADE DURING THE LAST SIXTEEN MONTHS HAVE STEADILY DRAWN US TOWARD WAR, AND THE PRESENT SITUATION, INSTEAD OF PREVENTING WAR, IS SOWING THE SEEDS OF SERIOUS TROUBLE IN THE FUTURE.

What we need is a policy which will settle things in that distracted country for all time to come. But instead of this we are attempting to COVER AN ACTIVE VOLCANO WITH TISSUE PAPER, and in doing so we are destroying the work of more than a century of American statesman-ship.

C. C. Barnes, the Tahoka Launcyman, left on the Tuesday morning train for Amarillo where he will purchase a thrashing machine and ship it to Lockney for this season's run. Mr. Barnes is an old resident of the Lockney country and is also an experience thrasher man and will know what to do with his his machine in the bumper crops now being harvested in Floyd county.

Mrs. C. A. Thomas returned Tuesday evening from visiting relatives and friends at Dallas, Ennis and Honey Grove.

In a letter dated Big Springs, June 16th, Dr. I. E. Smith informs us that they have just had a two inch rain.

Mrs. J. E. Nicholson left on this morning's train for Slaton where she assist her husband in a protracted meeting.

Rev. J. E. Nicholson, pastor of the Tahoka Baptist church, came down Wednesday to spend the night returning Thursday morning to Slaton where he is conducting a meeting. He reports a splendid meeting, with eight converts and considerable interest is being shown. The meeting is expected to continue a week longer.
