

Pioneer Citizen R. R. Napier Dead

When the hoary reaper entered the home of R. R. Napier, two miles north of town, Thursday morning and carried the immortal spirit of Mr. Napier to the last big camp it left another break in the rapidly thinning line of the old guard.

Mr. Napier was born in Georgia in 1849. His boyhood was spent in that state until the close of the war at which time he was 16 years of age. He saw his native state laid waste by Sherman's march to the sea. He saw the Confederacy crumble in the uneven struggle, topple and fall upon the few who had not found peace on the battle fields—the South's altar to the Lost Cause. He saw the carpet-bagger come and join hands with the scalawag. Then, like hundreds of others he fled to the frontier of Texas and settled in Johnson county, where the worst he had to fear was the Indian and road agent. Here he wooed and won Miss Georgia Stannell for his life partner. She and their eight children, two boys and six girls, survive him.

Thirty years ago, in Johnson county Mr. Napier was converted and joined the Baptist church. He served his master to the best of his ability and when death out-road him he could say with Paul, "I have fought a good fight, I have kept the faith, I have finished my course."

Mr. Napier came to Lynn county thirteen years ago, when there were only seventeen families residing in the county. He filed on the land where the family now resides, and lived it out.

The funeral services were held at the Baptist church Thursday evening at three o'clock by Rev. J. T. Nicholson, and interment in the Tahoka Cemetery followed immediately afterwards.

Unbecoming For Dramatist to Lecture on Theories of Morality

By JOHNGALSWORTHY, English Dramatist and Philosopher

I AM inclined to think that we are suffering from an overmoralization on the stage. The problem play with a solution and a moral seems to be the most popular form of the drama today. As much as I believe in the drama as a means of social reform, I cannot help feeling that the stage of today is losing sight of its functions in turning itself into a pulpit for the EXPLOITATION OF NEW MORAL CODES AND A LECTURE PLATFORM FOR THE HAMMERING HOME OF NEW SOCIAL THOUGHTS. I confess I do not like to see the dramatist in the middle of his stage delivering a certain lecture on his theories of morality, for it seems an unbecoming role. The dramatist's place is beyond the scenes attending to his characters.

ON THE OTHER HAND, I WOULD NOT HAVE THE DRAMA OF TODAY CONCERN ITSELF WHOLLY WITH THE TASK OF AMUSING THE PUBLIC AND CATERING TO ITS TASTES. I AM NOT ENTERING A PLEA FOR THE STRIPPING FROM THE STAGE ITS POWER AS A MORAL FORCE IN THE COMMUNITY. I LOOK UPON THE STAGE AS THE GREAT BEACON LIGHT OF CIVILIZATION, BUT THE DRAMA SHOULD LEAD THE SOCIAL THOUGHT OF THE TIME AND NOT DIRECT OR DICTATE IT.

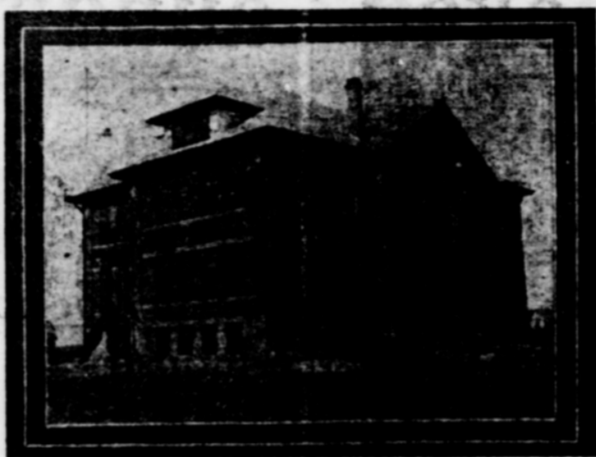

The great duty of the dramatist is to present life as it really is. A true story, if told sincerely, is the strongest moral argument that can be put on the stage. It is the business of the dramatist to so present the characters in his picture of life that the inherent moral is brought to light without any lecturing.

The South Plains Summer Normal To Be Held At Tahoka Again

Tahoka is very fortunate in securing the South Plains Summer Normal for another year. However Tahoka offers a great number of advantages which have secured its election. Tahoka is in the "heart of the great South Plains District." It has all the conveniences required by the State Department of Education for the location of a Summer Normal. It offers good boarding facilities at reasonable

School; Prof. W. B. Bishop, History, is teacher of the O'Donnell Public School; and Miss Sanford, Primary, is teacher in the Plains School.

The purpose of the summer normal will be as follows: To prepare teachers for state examinations (and there is no reason why any in attendance should not make the grade sought); to give all in attendance professional training at the Slaton Public

rates. It possesses a very fine climate which enables those in attendance to study vigorously. It is a clean town and has an excellent citizenship.

The faculty for this year is exceptionally strong, including the progressive leaders from the whole district. They are specialists in their lines and will be able to give efficient instruction in their respective subjects. Prof. White, Conductor, is Superintendent of the Tahoka High School; Prof. Puryear, Secretary, is Principal of the Tahoka High School; Prof. B. W. Speed, English, is Superintendent of the Gomez Public School; Prof. Faulkner, Mathematics, is Sup-

al insight into the work; and to give high school pupils and those desiring to improve their scholarship a chance to do so by giving a good practical review.

The work pursued will include all subjects in the second, first and permanent state certificates. There is plenty of good laboratory apparatus to teach any of the branches of science.

Owin to the fact that the Canyon Normal building has just burned, it maybe that we will be crowded for boarding places. All those who desire or are will to take boarders will inform either Prof. White or Prof. Puryear, who will keep a record of the same.

Snow And Rain Storm of 7th-8th

Beginning about 4:30 Tuesday evening, a gentle rain began falling and lasted until about 6:20 when it changed to snow. For about half an hour it sifted down as thick as it has ever been known here and the flakes were of the largest. Then a sure-nough norther struck; the mercury took a tumble, the snow was fine and driven before the wind in true blizzard fashion.

Before the norther struck the large, fluffy flakes melted nearly as fast as they struck the ground, but the hard, dry snow soon began to make the green grassy places whiten. It snowed misted and sleeted, intermittently, the rest of the night and the gray morning showed the grass nearly hidden under the white mantle and a thin skim of ice over small vessels of open water. The wind continued strong until noon Wednesday and still bore a burden of almost invisible frozen moisture. But as the day waned the wind died with it and the clouds disappeared. The sun set clear Thursday evening and the died down with the failing light and the mercury creaped a little nearer the bulb.

Something over a half inch of water fell.

Early garden truck and flowers will suffer, and what little fruit that is left, now, wont hurt any one.

Overcome Alcoholism or Vice Will Overcome Race

By Dr. CHARLES W. ELIOT, President Emeritus of Harvard University

THE INCREASE OF INSANE AND CRIMINAL PERSONS IS LARGELY DUE TO THE USE OF ALCOHOL. FOR THE LAST TEN YEARS MY STUDIES HAVE LED ME TO LOOK MORE CAREFULLY INTO TEMPERANCE THAN EVER BEFORE.

These studies related to the terrible effects of alcoholism in increasing the number of the feeble minded, insane and criminal in our American communities. Somewhat more than a year ago I had a long opportunity of observing the difference between the white race and the Japanese, the Chinese, the Indian, the Malay and some of the Mohammedan people in regard to susceptibility to the alcoholic temptation.

NO OBSERVANT PERSON CAN TRAVEL THROUGH THE EAST FOR A YEAR WITHOUT BEING SHOCKED BY THE MANIFEST TENDENCY OF THE WHITE RACE TEMPORARILY RESIDENT THERE TO DESTROY ITSELF THROUGH ALCOHOLISM. THE LESSON OF THE EAST IS THAT THE ALCOHOLISM OF THE WHITE RACE MUST BE OVERCOME OR THAT VICE WILL OVERCOME THE RACE.

With the Churches; Announcements

The First Baptist Church was crowded Sunday night to hear Walter Vinson deliver his first sermon. Walter is the son of the preceding pastor of this church, is one of the boys here, he was converted several years ago and joined the Baptist church. He received a "call" to preach, resisted, strayed back to the "broad way," but rest was not to be found. Sunday night four weeks ago he "came back" and was received into the church upon his statement. Two weeks later he surrendered himself to preach. At the same service two of the Baptist girls offered themselves as missionaries. His address Sunday night was logical and ably delivered.

A goodly sized congregation attended the Methodist Church Sunday night to hear Rev. Callaway on, "Do the Methodists Preach the True Gospel of Christ." Rev. Callaway handled his subject in his forceful, rugged way. He's not much of a fire-eating orator, but a true disciple of the old time religion. His sermons are plain and restful.

The Littleflock Primitive Baptists held services in the Methodist church Tuesday at eleven. They were to have held services at night but the storm prevented.

The Helper's, Class No. 2, of the Baptist church have bought a piano for the church and it is now installed.

Rev. J. T. Nicholson will preach Sunday morning at eleven at the Baptist church on the "Fellowship of the Saints". Prof. Bailey will preach at night on "Redemption".

Rev. W. H. Terry, presiding elder of the Big Springs District of the M. E. Church South, will hold quarterly Conference here Saturday and will preach an Easter sermon Sunday at eleven at the Methodist church. Special Easter program will be rendered Sunday night.

A young man giving his name as Olson of Osceola, Wash., stole a pair of shoes from a pop corn vender in Plainview last week and was fined \$26 including costs and also given ten days in jail. Again honesty would have proven the best policy.

The man who was sent to jail in Plainview because he would not tell who let him have the whiskey finally swore he was so drunk he did not know who let him have the whiskey and under the law he had to be turned loose. The question still remains; where did he get the whiskey that made him so drunk that he did not know who let him have the whiskey on which he got drunk?

A petition is being circulated in Waco asking Gov. Colcutt to pardon Leon Martinez convicted of the murder of Miss Emma Brown, near Sargossa, more than two years ago. The case went all the way up to the U. S. Supreme Court which approved the death penalty. If a nigger had murdered a white school mistress in McLennan county, what would the people of Waco say if the people of Sargossa should get up a similar petition?

The Polytechnic College at Fort Worth is soon to become a thing of the past. In September this year, the buildings and 25 acre campus will be turned over for the use of the Woman's College of Texas Methodism. The Methodist Church has always admitted that women have souls, but is just beginning to admit that they have minds as well; but for it to admit that woman is mans' equal, is still a question for future conferences to decide.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if Kidneys feel like lead or Bladder bothers you—Meat forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Women Prisoners Give Keeper More Trouble Than Men

By Dr. KATHERINE B. DAVIS,
 Commissioner of Correction
 in New York City

ONE HUNDRED WOMEN PRISONERS ARE MORE TROUBLE THAN SIX HUNDRED MALE OFFENDERS.

Before Mayor Mitchel appointed me as commissioner of correction I was for thirteen years practically an inmate of a penal institution, and I know from personal experiences just what you men have to contend with. ANGELS FROM HEAVEN WOULD BE DESIRABLE AS KEEPERS OF PRISONERS. To be the right kind of keeper every man should have the interest of a brother in the care of those put in their charge.

MY EXPERIENCE HAS TAUGHT ME THAT OFTEN A WOMAN WHO HAS COMMITTED MURDER IS NOT AS DANGEROUS TO SOCIETY AS ARE SOME WOMEN WHO ARE SENT TO PRISON ON DISORDERLY CONDUCT CHARGES.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.

I wish every suffering woman would give

Ideal of Feminine Beauty Classic Type

By Mrs. EDITH STEVENS PARSONS, Sculptor

WE can hardly select any other type than the APHRODITE OF MELOS in the final judgment of a perfect physical woman. THE WOMAN SHAPED LIKE AN HOURGLASS WHOM ONE SAW EVERYWHERE A FEW YEARS AGO WAS HIDEOUS, BUT THE ABSOLUTELY STRAIGHT UP AND DOWN WOMAN OF TODAY IS ALMOST EQUALLY UNNATURAL, IF LESS OBTRUSIVELY UGLY. THE PERMANENT IDEAL OF FEMININE BEAUTY REMAINS THE CLASSIC TYPE, THE GOLDEN MEAN BETWEEN ANGLES AND REDUNDANT CURVES, A WOMAN WHOSE BODY HAS NEVER BEEN STARVED NOR PADDED NOR CONSTRICTED, BUT HAS BEEN LEFT TO FOLLOW THE NATURAL LINES OF GROWTH AND DEVELOPMENT.

To me this woman is the LOVELIEST OF ALL. But almost any woman who lives properly and takes care of her body MAY HAVE A BEAUTIFUL FIGURE. We can't all be the heroic type, and I dare say the WORLD IS LESS MONOTONOUS for our differences.

LAND USURY IS OPPOSED

Farmers' Union Officials Denounce Conventions as Political Trusts and Score Conferences of Constructionists.

Constructive Legislation the Remedy.

Fort Worth, Texas.—The Democratic constructionists charge that to legally restrain the greed of avaricious land owners is socialism, impossible of execution and offends property rights and it is further advanced as a reason why no legislation is needed that not more than one landlord out of one hundred charges his tenants more than a third and a fourth. We will not take the authority to pass upon fine spun theories of government, but we think we are fairly familiar with farm conditions all over Texas and as the undersigned have been farm laborers, tenants and landlords and are now engaged in studying farm problems first hand, we think we are qualified to discuss the subject from every angle without prejudice or self-interest.

The Farmers' Union favors legislation that will permit and encourage co-operation among farmers of small means as well as other classes in securing credit and cheap money and also legislation that will assist in the marketing of our crops and when this is accomplished, we consider that the difficulties of the tenant farmer will largely disappear, as many of them will become home owners. We see no more danger, however, in making land usury unlawful than in making any other kind of usury unlawful.

Who Objects to Land Usury?

Accepting for the sake of argument the statement of the constructionists that not more than one out of one hundred land owners charge usury on land, we do not agree that the low percentage should constitute exemption from legislation. Perhaps not more than one person out of one thousand commits murder, but will the constructionists contend that the percentage is too low to justify legislation, and do they think the liberties of the people are jeopardized by a law against murder? We contend that property rights are in no wise jeopardized by a law against land usury. Who is objecting to such a law? Is it the ninety and nine who, according to the constructionists, are already using the proposed standard or is it the one that has gone astray on the mountain peaks of usury? We hope the conference of constructionists will not permit their land-mad members to influence their judgment in this matter.

That the tenant farmer is oppressed by either the landlord, the credit merchant or the money lender, and oftentimes all of them cannot be denied. We will reverse the figures put out by the constructionists and say that ninety-nine out of one hundred tenant farmers pay usury in some form or other to one of the three classes above mentioned. The merchant and the money lender take risks but the landlord takes none, as title to his share of the crop rests with him. Why should he be exempt from usury legislation?

As to Socialism.

There are now 35,000 farmers in Texas who are socialists. Some of them belong to the Union, all who will subscribe to the principles of the Union are welcome in our organization and we want to here extend an urgent invitation for all socialists to join with other farmers in electing a Governor and members of the legislature on the Farmers' Union platform.

COMB SAGE TEA IN LIFELESS, GRAY HAIR

Look young! Common garden Sage and Sulphur darkens so naturally nobody can tell

Grandmother kept her hair beautiful, darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Ever her hair fell out or took on a dull, faded or streaked appearance, a simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a bottle of this old-time recipe, ready for use, for about 50 cents. This mixture can be depended upon to restore natural color and beauty to the hair, and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally, evenly that nobody can tell it has been applied—it's so easy to use, too. Simply dampen a comb or soft brush and draw it through your hair, one strand at a time. By morning gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

and the conference proposed by the antis (if they name a candidate) are nothing more than political trusts and are a menace to good government. These political syndicates are inimical to the freedom of the people and ought to be enjoined by decree from the high courts of public sentiment.

The movement which started out to eliminate candidates finds itself now in the attitude of trying to add another candidate by inducing some one to accept its nomination. The candidates have all fled from it as though it were a pestilence. This condition alone ought to suggest to its leaders that they make haste slowly.
