## Bulldogs Trip Cowboys In 19-14 Thriller

Last Friday night the Tahoka Bulldogs tripped the Plains Cowboys in a football game that was thrilling up to the final gun with the Bulldogs winning the game with just 30 seconds left on the clock. The Bulldogs trailing 13-14 in most of the last quarter took the ball after a Cowboy punt on the Plains 49 and eleven plays and one penalty later quarterback Martin Warren, took the snap from center and threw a nine yard touchdown pass to Reggie Stark for the winning score. Stark made a great move and broke into the open in right end zone to catch the pass and make the final score for the night, 19-14 in favor of the Bulldogs.

Plains kicked off to the Bulldogs to open the action Friday night with Tahoka taking the kick, hobbling it and recovering on their own nine yard line. The Bulldogs ran three plays and were forced to punt to Plains. The Bulldogs punted out to the Plains 43. Plains took the ball and made the first, first down of the night but then lost it on downs.

After getting the pigskin on downs the Bulldogs had to punt out with Plains fumbling and Tahoka recovering the fumbled ball. Tahoka then kept the Cowboys' backs to the wall until late in the first quarter when fullback Larry Durham, after making a good gainer, scored from 3 yards out in the opening seconds of the 2nd quarter. McCord kicked the PAT to make the score 7-0 in the dogs favor. Later in the second period the Bulldogs scored again after a punt return by Joe Calvillo, Bulldog halfback, from his own 40 to the Plains 16 yard line. Five plays and one first down later the Bulldogs, Cliff Gardner, scored on a quarterback sneak from the one yard line. The PAT was no good, bringing the score to 13-0 in favor of Tahoka.

The Cowboys scored their first touchdown in the game, after taking the ball on the Tahoka 6 yard line. The Plains quarterback then threw a TD pass from that point for the score. The Cowboys then kicked the PAT to end the half at 13-7 in Tahoka's favor.

In the third period, the Cowboys took the opening kickoff on their own 20 yard line and marched to the Bulldog 14. The Plains Cowboys QB then threw a pass over the middle and a spectacular interception was made by Roger Miller, 135 pound halfback, which was one deciding factor in the ball game at Plains.

In the fourth period, after receiving a Bulldog punt, the Cowboys ran one play and then threw a pass which covered 68 yards for a Cowboy score and kicked the PAT, that put Plains eleven out in front for the only time in the ball game.

The ball changed hands several times in the fourth period until the Bulldogs taking a Plains punt on the Cowboys 49 scored on a pass play to win the game 19-14.

The Bulldogs play Seagraves on their home field this Friday night at 8 p.m.

## City Council In Regular Session

The Tahoka City Council met in regular session last Monday night meeting with several groups along with the regular business.

A petition to remove hogs from the city limits was presented to the city by several of its citizens and the city voted to enforce an ordinance forbidding hogs in the city. The ordinance was passed in the early 1960's.

The Council discussed the passing of ordinance concerning trash and garbage in the city and gave the city attorney the authority to write such an ordinance and present it to the

council. Two employees were also given a raise at the meeting.

The city voted to give Farm Bureau Insurance the policy on the Community Center. The policy is at this time being carried by the Clint Walker Agency. The council also agreed on giving Pat Hines a clear title on a pickup that was given to Pat several years ago.

A Mexican - American group met with the City Council concerning Mexican - American's getting hair cuts at some of the local barber shops. The group complained that some of the barber shops in town would not cut their hair.

The council also voted, subject to satisfactory contract, to lease the local air field to two Lubbock men as fixed base operators.

Also, several members of the airport board met with the council along with two Rep. from National Steel concerning the erection of hangers at the Airport. Council voted to pay bills.

Members of the county board of directors. The county board was organized for the purpose of mem-

bership expansion, membership education, and public education in regard to Water, Inc. and its aims and objects for water importation to our area.

## B-Team Loses To Sundown

The B-Team Bulldogs lost their Thursday night game to Sundown 26-13. The scores for Tahoka were a pass from John Thomas to Lewis Zedlitz for 65 yards with Edly Waters kicking the PAT.

The next TD came with Rudy Padarez making a 40 yard run from an off tackle play. The PAT failed. The halftime score was Tahoka 13 and Sundown 6. Penalties had a great influence on the game.

Outstanding offensive players were Rickey Coburn, Rudy Padarez, Eugene Brown, Larry Reynolds, and Robin Harvick. The game scheduled for Saturday with Brownfield has been cancelled. The next B-Team game will be Thursday October 16 with Friendship to be played on Kelly Field.

## Hospital Board Holds Meeting

The regular monthly meeting of the Board of Directors of the Lynn County Hospital District was held Tuesday, Oct. 7, at 8:00 P.M. Members present were Elmer Blankenship, W.T. Kidwell, Borden Davis, Clint Walker and Garland Thornton.

Architects Bob Goyette and Joe McKay outlined the procedure to be followed by the Board when bids are opened November 4 for the hospital to be constructed in Tahoka. The architects reported that ten general contractors have taken plans for bidding purposes up to this date.

A financial report for the District was rendered by Mr. Thornton and several cases of indigent care for county residents in area hospitals were discussed by the Board.

The Board's next meeting will follow the opening of bids at Lyntegar Electric Cooperative's meeting room November 4 at November at 2:00 P.M.

## Registrating To Vote In Progress

Vote registration began Wednesday Oct. 1, and will continue through Jan. 31. Approximately 200 persons have registered through Monday, Oct. 6. This year a voter must sign an application, which may be picked up at the County Tax Office.

## SHORTY HESTER HAS HEART ATTACK

Shorty Hester, of Lamesa who has Hester Pump Service in Tahoka recently had a heart attack. He is in Lamesa Medical Arts Hospital in Lamesa. He is doing better according to reports.

The Lynn County News is starting a new column this week called Tahoka High Happenings which will be written by Betty Owen. This column will concern happenings that will take place at the local high school. We would like to thank Betty for taking on this project for the News. This is just one of the projects that the Lynn County News has taken on in our every effort to give the folks of Lynn County a better home town newspaper.

Water Inc. held a meeting at Lyntegar last Thursday night and formed a local club of the organization. Garland Thornton of the First National Bank has been elected as president of club. This club has been formed for a very good reason as most of you know and we ask the support of everyone in the county on this program. Further details are listed in another story in this weeks issue of the Lynn County News.

Wharton Motor Co. has recently remodeled their show room and offices. Colors of Blue, Yellow and Orange were used in the painting with new curtains being put in certain parts. We would like to commend them on this project because as we have said before anything that helps a business, helps Tahoka and we are all a part of Tahoka.

The Tahoka Bulldogs football team have kept us a little worried toward the end of the last two ball games but have come through in fine style and won. The Plains game was really a cliff hanger with the boys pulling it out in the last few seconds of the contest. The boys will be playing a home game this Friday night against Seagraves. This is the second home game of the season with the last three being played away from home. Tahoka's homecoming is in the not to distant future being set for October 24th. The football team will play Idalou that week with many other activities being set up by the homecoming exes.

The Lynn County News goofed last week naming Larry Durham as the one making two long runs in the game against Hale Center. Actually, this was Reggie Stark according to several sources of information. Sorry we had this information mixed up but Larry and Reggie both looked great this past week against Plains so no harm done.

## Class Of 39 Planning Reunion

The 1939 graduating class of Tahoka High School are planning a reunion for Friday, Oct. 24, during the Homecoming activities.

Anyone knowing the address of any of the following people are asked to contact Mrs. Eldon Carroll, Box 1325, Tahoka, Texas 79373. Call 998-4193 or 998-4259. Rosa (McKenzie) Davis, Randall Fuitts, Rudelle Prater, Dick Bosworth, Jo Edd Wade, Tenie Lorene Wetzell, Alliene Williams, Claudine Williams, Helen Ruth Bell, Martha Drennon and Clarice Lackey.

**TAHOKA JUNIOR HIGH TWIRLERS** - Junior High Twirlers this year left to right top row are Jana Adams and Joanna Adams. Bottom row left to right is Nita Glenn and Donna Draper. The girls do a fine job of performing at the Junior High Football games and will perform at other activities throughout the year. They do a fine job and everyone is proud of the group. CHARLES JONES

## Charles Jones Is Pastor At Colorado City

Charles G. Jones, son of Mr. and Mrs. H.P. Jones of Tahoka, is the new pastor at Colorado City's Calvary Church.

Jones who is a native of Erath County, graduated from Tahoka High School and Hardin-Simmons University. He was employed 12 years by Furr's food stores before entering the ministry.

Jones and his wife, the former Frances Murray, also of Tahoka, have an 11 year old daughter, Debbie.

Fish are like people. They get set in their ways and don't like to make changes. Patterns of life are rigorously followed until something forces a change in habits.

This human-like trait leads to some drastic differences in fish behavior during the hot weeks of summer.

The normal ways of fishing usually don't produce during summer doldrums, yet many anglers stick to their set habits and give up fishing until the weather and the water cool.

By calling it quits, they're probably missing some good fishing, say the angling authorities at Mercury outdoors.

What they should do is change their habits along with the fish.

To begin, start getting out on the lake before the sun comes up, and be there again when it goes down. Skip the hot hours in between, for in many parts of the country fish prefer to feed early and late... when the water is cool.

Fish will change what they eat, too. Summer is the time of insects — grasshoppers, crickets, ants and a multitude of other delectable (to fish, of course) foods. Artificial lures will be passed up in favor of these natural foods.

## Wilson Mustangs Whallop Meadow

The Wilson Mustangs won another game Friday night with their highest score yet! The victory was a score of 41-0. The mighty Mustangs scored twice on their first 6 yds. out by Woody Follis. The second TD was scored by a 15 yard pass from quarterback John Earl Fields to Mike Koslan. Fields kicked the first extra point and the run for the second extra point was no good.

A 57 yard punt by Follis put the Broncos in the hole and set up the Mustangs for their third touchdown by Steven Bueger. A pass from Fields to Joe Crews for the extra yard was good and put the Mustangs ahead 21-0.

There was no score in the second quarter. This did not dampen the fans spirit, however, as the Wilson Mustangs remained on top.

In the third quarter Steven Brieger scored on a one yard plunge making his second TD of the night. Steve Meador ran the extra point to make the score 29-0. John Fields then connected with Mike Koslan, connected with Mike Koslan, Koslan broke through for a 36 yard TD pass to make the score 35-0, after the extra point failed.

In the fourth quarter Freshman, Greg Wied, scampered through the line from two yards out to make the score 41-0.

Wilson's defense again was very tough allowing Meadow 9 yards in the first quarter, 15 in the second, minus 12 in the third, and followed closely by Steven Brieger, Frank Lopez, Woody Follis, Richard Savell, Steven Bednarz, and Steve Meador.

Mike Koslan, Joe Crews, and Ronnie Anders each intercepted a pass and Ronnie Anders and Arturo Vergara recovered fumbles.

Steven Brieger and Woody Follis led the offense with 159 and 153 yards respectively. The passing arm of Fields netted a nice 99 yards.

The Wilson Mustangs travel to Cooper to play the Pirates Friday. Come support them!

## Charles Isbell Wins Saddle

The Golden Spread Appaloosa Horse Club for a money raising campaign to send Mary Goble of Abernathy to Baton Rouge, La., to attend the national Appaloosa show sold chances on a \$375.00 saddle. The saddle was won by Charles Isbell, a senior in Tahoka High School. The award was made at the 4-D Appaloosa farm at Levelland at a show there last Saturday. Mr. and Mrs. Alvin Davis own the farm.

## Christie Reports On Food Spending

Americans are spending less than 17 per cent of their income after taxes for food compared with 31 per cent for France and more than 50 per cent for most of the people of the world.

We are eating better than ever before and spending a smaller percentage of our disposable income for it, despite the pinch we feel when we pay for our groceries at the local supermarket.

Another contributing factor to the bite, is that most families make their house, car, medical and major appliance payment and other installments "right off the top of their income by check, then complain when they have to dig down in their purse to pay cash for groceries."

Consumer expenditures for food in the United States have dropped from 40 per cent of disposable income in 1900 to 26 percent in 1947 and to the 1969 level of 17 percent. Housewives now have a choice of more than 8,000 items on the shelves of our supermarkets... all packaged as quality products unheard of only a few decades ago.

With the trend toward reduction in on-farm population, some people feel that agriculture is becoming less important in the world economy. Actually, the reverse is true. Although fewer and fewer people are engaged in the production aspects of agriculture, the total industry is increasing in importance as the world wide population explosion places greater demands on agriculture for good food.

The broader and more meaningful concept of the industry, now includes three main segments: suppliers of machinery, fertilizers, seed and other production resources; producers on farms and ranches and managers of renewable natural resources; and processors and distributors of farm and ranch products.

Workers in these three segments of the agricultural industry constitute more than one-third of our population. Agriculture is still America's number one industry generating more than 25 percent of our gross national product.

The prime beneficiary of both basic and applied research in agriculture has been the consumer. As new technology moves into practical appli-

cation, and competition begins, the initial advantage to the farm innovator is passed on to the consuming public. It has been estimated that if farmers were using the same practices now that they were using as late as 1940, food and clothing today would cost the average consumer in excess of \$400 more per year.

Again documenting the case of the producer, the farmer's share of the consumer's dollar has been declining steadily. In 1947, the farmer received 51 per cent of the retail cost of food. The share dropped to 38 per cent in 1968. The remainder of the cost goes to the marketing sector—processing, packaging, transportation and associated services.

The farmer receives only 24 cents for the cotton in a \$4.38 business shirt, yet consumers are inclined to blame the high cost of shirts on the prices the farmer receives for his staple. The farmer receives 3.7 cents for the wheat in a loaf of bread which retails for 22.2 cents, yet many urban purchasers believe that the price of bread is determined almost wholly on the price the farmer gets for his wheat at the elevator.

Looking into the future, projections indicate that the costs of food, clothing and accessories, and tobacco will take even smaller portions of income by the year 2,000. Bigger bites are likely to go for housing, transportation, passenger car purchases and operating expenses, personal and medical care and a category including recreation, travel, education and religion.

Pointing to the production sector of agriculture the following are significant changes: The number of farms in the U.S. has declined from an all-time high of 6.8 million in 1935 to less than 3 million today.

Nearly five million tractors have replaced 25 million horses and mules for farm work, thus releasing 72 million acres which would have been required feed for the work animals.

One farm worker in the United States now supplies enough food for himself and more than 45 other persons... in 1920 he supplied enough for only eight.

The average farm size has increased from 160 acres in 1935 to 377 acres today.

## WHAT IS THE ANSWER?

by Henry E. Garrett, Ph.D.  
Professor Emeritus, Psychology, Columbia University  
Past President, American Psychological Association

Q: Dr. Garrett, what is the point to twin studies? Are twins, aren't they?

A: Well, yes. There are two sorts of twins, identical twins and fraternal twins. Identical twins are children who derive from the fertilization of a single egg. They are always of the same sex, and frequently look so alike that even their parents have difficulty in telling them apart. Fraternal twins are brothers and/or sisters born at the same time from the fertilization of two eggs. By comparing identical twins — who have the same heredity — with fraternal twins, it is possible to estimate the strength of heredity in making for likeness differences. Thus the studies.

**Nobody was interested in creating an engine oil specially for your big equipment**

...until now!

Plenty of other engine oils are on the market. Many are good ones. But, until now... until John Deere created new Torq-Gard, none has been custom-made for long hours of grueling big equipment work.

Torq-Gard is the first of its kind, formulated specially for tractors and similar power equipment—all fuel types... gasoline, Diesel, and LP-Gas. Why was it developed?

Broad-spectrum automotive oils just aren't made for tough, steady going. In fact, conventional highway driving—even pulling a camper at turnpike speeds—is an easy test for an oil compared with operating big equipment under full load for long, sustained periods.

John Deere says your equipment deserves just-right protection. We agree. Stop in and put Torq-Gard to work for you—now!

### National 4-H Club Week To Observed

Governor Preston Smith in official memorandum said, "The state 4-H Club leaders say that National 4-H Week observances are being held in many local and county clubs, and are hopeful that parents and other interested persons will attend. 'It's a real opportunity to see 4-H members in action and to learn firsthand of the many worthwhile training experiences offered to youth through the program,' they noted.

They point out that 4-H programs have changed through the years and now include projects and activities for rural, suburban and urban youth. Local county Extension agents or local leaders can supply information on how to start a 4-H Club in your neighborhood.

### THE FAMILY LAWYER

### Right to Picket

Picketing, it seems, has never been as popular as it is today. What is the law's attitude toward this widespread activity?

In the first place, the right to picket has a firm foundation in the freedom of speech guaranteed by the Constitution. Picketing is a form of expression, calling the attention of the public to some grievance or some program. In this aspect, picketing is just as privileged as any other manner of speaking.

Take this case, for example:

Residents of a certain block decided to picket a new tavern that had opened nearby. Their signs, bearing assorted slogans, expressed displeasure at having this kind of an establishment in their midst.

In short order the tavern owner, fearful of the effect upon his trade, went to court for an injunction. However, the court decided the pickets were within their legal rights.

"The carrying of signs," said the court, "is a natural and appropriate means of conveying information on matters of public concern. . . . (The pickets) have simply chosen one means of expression rather than another."

But picketing does not consist of speech alone. It also involves action. And the speech aspect does not give any special immunity to the action aspect. Violence by pickets is just as unlawful as violence by anyone else. Pickets have no more right to block pedestrians than pedestrians have to block pickets.

Moreover, even in its speech aspect, picketing is subject to the same limitations as any other kind of communication. Words that are libellous, or statements that incite to riot, are just as unlawful carried on a picket sign as shouted from a soapbox.

In sum, then, the Constitution does guarantee the freedom to picket—but only within fair and reasonable guidelines.

"The constitutional guarantee of liberty implies public order," said the United States Supreme Court, "without which liberty itself would be lost."

### T-BAR BRIDGE

T-Bar Country Club Duplicate Bridge met Tuesday night, Sept. 30th, with four tables in play.

Mrs. Roy Lemond and Mrs. Meldon Leslie placed first, Miss Echo Milliken and Floyd Tubb were second and Mrs. J.M. Small and Mrs. Jess Gurley were third.

### Mrs. Milt Finch Is Buried Here

Mrs. Milt C. (Eunice) Finch, 72, was buried here Tuesday where graveside services were conducted in Tahoka Cemetery by Darnell Boyd, Church of Christ minister.

A former Tahoka resident who has lived in Hubbard, Hill County for many years, died Sunday at 9:45 p.m. in a convalescent home. Burial here followed funeral services held Monday at 4:00 p.m. in Hubbard Church of Christ.

Mrs. Finch lived here during the 1920's and 1930's. Her late husband was a peace officer here. She was active in local club work, having been a member of Phebe K. Warner Club, the Home Demonstration Club, American Legion and VFW auxiliaries, according to Mrs. J.B. Oliver, a close friend.

She is survived by one son, Wilbert Finch of Waco. Another son, Bobby George, preceded her in death.

### Bill Griffin, County Agent, Says.....

During the last half of October some 35,000 Texas farmers and ranchers will receive a crop questionnaire from Cary Palmer, State Statistician for the Texas Crop and Livestock Reporting Service in Austin. This is a joint endeavor of the Texas Department of Agriculture and the Statistical Reporting Service, U.S.D.A., to provide a program of county estimate for Texas.

There are 254 counties in Texas and each farmer in each county is an important part of the State's agriculture. Reports are needed from farmers receiving questionnaires to provide accurate estimates for Texas crops.

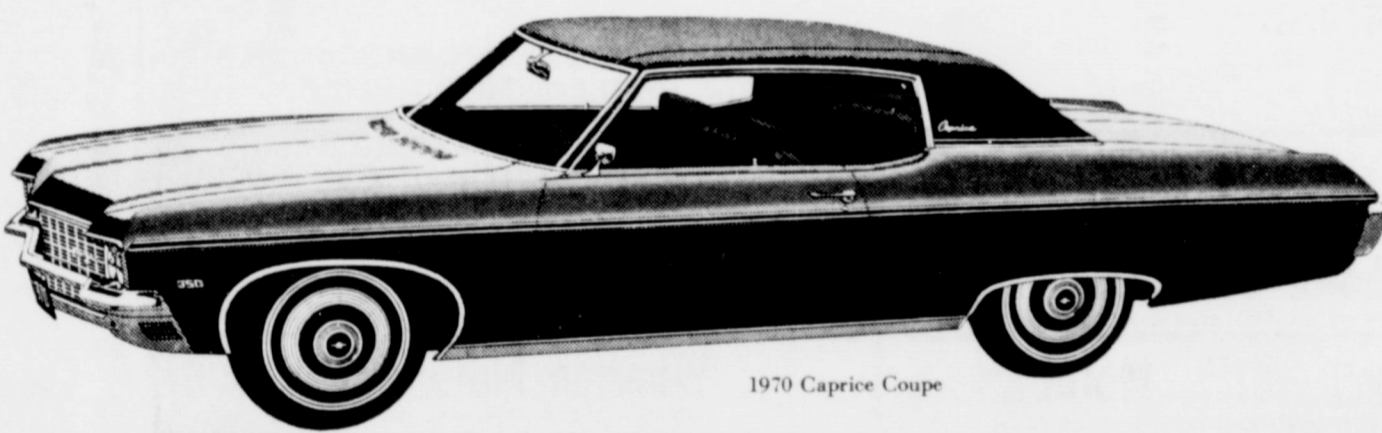

We urge each farmer to fill out his questionnaire carefully and return it promptly in the self-addressed envelope to the Agricultural Statistician. This will do much to provide the accurate data needed for the state.

County data bulletins for 1968 are now available by writing the Texas Crop and Livestock Reporting Service, Box 70, Austin, or by writing John C. White, Texas Commissioner of Agriculture, P.O. Drawer BB, Capital Station, Austin, Texas.

1970 Caprice Coupe

## Higher-Priced cars would rather not be seen with it.

At a price that's not too rich for most anyone's blood.

Actually, you'd kick yourself later if you turn down patrician touches such as an impressively massive grille, higher-powered 250-hp V8, standard power disc brakes, standard belted bias-ply tires and an incredibly plush interior at these prices.

We're moving into '70 Chevy buys right now, and right now is a good time to come in and find out how you can enjoy stimulating luxury - Caprice - without losing your head.

Give us a chance to prove that money isn't everything.

On the move.

THE PHILOSOPHER

Increase Income

(Editor's note: The Sandhills Philosopher on his Johnson grass farm gets over into the field of sports this week. We're not sure he should.)

Dear editor:

I don't usually have anything to say about sports, it's too serious a field for me. I stick with Congress, farming, international affairs, metropolitan incompetence and things like that, but like a good many million other people I've been watching professional football on television and near the end of a game the other Sunday a sudden thought hit me.

The score was 17 to 21, the home team had the ball and the 17 points and needed a touchdown to win, a field goal wouldn't do it, but there were only 31 seconds left and the team had no times-out left.

The quarterback was passing successfully and the receivers stepping out of bounds to stop the clock, the fans were all standing up and roaring and the announcer was straining his voice, but it was just too far to the goal line and time ran out. A few more plays and they might have made it.

Now here's a situation the owners and players of professional football are overlooking, when you remember it's a cash deal all the way around for everybody on both sides.

Why couldn't the team that's behind with 30 seconds to go stop the clock and offer the other team say \$50,000 for two more minutes of playing time? It'd be an offer hard to turn down, what with the players all having families and such.

Where'd they get the money? Where's the fan who wouldn't give a dollar to see his team get one more chance to win? Just pass the hat and out of 75,000 people in the stadium, 50,000 would kick in immediately with a dollar apiece, some even more.

If the team then got the drive going again but needed a few more times-out to conserve the extra 2 minutes, why couldn't it buy a few at say \$5,000 apiece? I understand a team is allowed 3 times-out in each half, but how many games have you seen when a few more in the closing seconds might make the difference between winning and losing? Professional football could increase its income thousands of dollars a season just by selling additional times-out at \$5,000 a throw, not to mention the larger amounts from selling extra time near the end of a cliff-hanger.

Come to think of it, why couldn't a baseball team buy an extra inning when it's behind 3 to 2 in the ninth? Say, this thing has unlimited financial possibilities.

Yours faithfully,  
J. A.

## James Carter Awarded Bronze Star Medal

Navy Commander James D. Carter of Tahoka, Texas was awarded the Bronze Star Medal with Combat "V" last week for heroic achievement in armed conflict in Vietnam.

On the night of February 27 a support facility in DaNang came under an enemy rocket attack that ignited a fire, causing secondary explosions of more than 350 tons of munitions and high explosives. Commander Carter immediately proceeded to the scene and during the next seven hours made repeated trips into the intense fires, shrapnel and live ordnance to rescue wounded personnel and prevent the spread of fire to larger ammunition stores. He drove several ten ton trucks loaded with 250-pound bombs out of the danger area and was directly responsible for removing a large number of the wounded personnel from the wrecked buildings in the area.

Presenting the award on behalf of President Nixon was Rear Admiral Donald C. Davis, Commandant 14th Naval District. Attending the ceremonies at Pearl Harbor were several Staff Officers of the Pearl Harbor Command and Commander Carter's wife, Bennie L. Carter.

Commander Carter entered the Navy in 1952 after attending Texas Tech University in Lubbock, Texas and Tahoka High School where he graduated in

1949. He is the son of Mae Carter and a brother to V.P. Carter of Tahoka.

## Donnell Young Farmer Program

The monthly meeting of the Donnell Young Farmers was held in order by Wendell Edward, president of the organization. Bobby Joe Furlow invited Mr. Bill Helms, Pest Control Division of the United States Department of Agriculture. Mr. Helms showed slides of the area being controlled by treatment for the boll weevil, mealybugs, and other pests. Discussed were methods of trapping and counting. It was determined that more control was needed. Controls in Sept. in the O'Donnell

area instead of August to prevent outbreaks of the boll worm. Complete control is spraying seven times. The program is financed by the farmer paying Plains Cotton Growers Association twenty-five cents a bale and this is matched by the Government. Actual cost for this control program is one dollar and twenty-five cents per acre. Mr. Helms suggested that farmers five miles inland from the control line should add insecticide to the defoliant to control overwintering adults. Also on the program was a local member, Kenneth Williams, he introduced his brother

## Tahoka Minister Dies; Rites Set

Services for the Rev. Gabriel A. Gutierrez, 78, of Route 4, Tahoka, will be at 2 p.m. Thursday in Tahoka Baptist Mission.

The Rev. Sidney Pistone, pastor will officiate. Burial will be in Tahoka Cemetery under the direction of White Funeral Home.

Gutierrez died at 11 a.m. Tuesday in Lubbock Methodist Hospital. He was born March 18, 1891 in Mexico, and came to Tahoka in 1942 from Kennedy. He was a retired Baptist minister.

Survivors are two daughters, Mrs. Candelario Valenzuela and Mrs. Julio Moreno, both of Tahoka; four sons, Felix, Julian and Victor, of Tahoka and Paul of Defiance, Ohio; and about 70 grand children and great-grandchildren.

Miss Donna McAllister, who has been ill several weeks in a Lubbock hospital, is now home, and improving according to her father, Elmer McAllister.

## Tahoka High Happenings

BY BETTY OWEN

After an exciting game Friday with Plains, the Tahoka Bulldogs look forward to their game with Seagraves. The Bulldogs now stand 3-1. The Bulldog Boosters have been doing a fine job supporting the boys at the games and by placing blue & white streamers on all the cars at school on Fridays.

This is the last week to buy or renew your magazine subscriptions through the school. There is an all high school competition sponsored by the Student Council as a money making project for themselves and each of the classes. Any high school student can take your order for a subscription. If you are taking a magazine and your subscription will not expire very soon, we can still take your order and your subscription will be added to your present one.

Also, this week is "Buy your Annual Week." These may be purchased from any member of the annual staff or Mrs. N.E. Woods, Yearbook sponsor.

Our congratulations go to Sheila Tankersley this week for placing second in State competition in the 4-H Dress Review. Also we congratulate Mr. and Mrs. Dean Andrews on the birth of their son, Kris.

There will be an all high school assembly, Tuesday with the revival team from the First Baptist Church Richard Jackson and Bill Michael, to sing and entertain. The assembly begins at 10:29 if any one would like to come and hear some fine folk type music.

The Future Homemakers will have their monthly chapter meeting, Wed. with the program Program chairman for this month being Carol Thomas and Betty Owen.

Last month's program was "World Understanding through Communications." The Rotary Exchange student, Klaus Binder spoke and Toni Leverett and Cathy Wells were program

chairmen. The band will be selling candy for you to give to "trick or treat"er's or keep for yourselves, Oct. 21. Just \$1 for a big bag. The F.H.A. girls will be having a bake Sale Saturday Oct. 7, starting at 9 a.m. at Collier-Parker Pharmacy and Piggly-Wiggly No. 1. Proceeds will go to the F.H.A. Chapter.

## Hemlines May Change But Watch That Waistline

Why worry about changing hemlines this fall if your own lines need a little rethinking? Whether you select styles that go the long, lean route or stay short and snappy, your first concern should be with you. After all, fashion is the individual look that comes through all that finery.

A few extra pounds can be deadly to your public image, but with a little artful dieting, you may be unanimously appealing no matter which way the fashions swing. Think thin, and cut calories where they count. That's all it takes.

If you enjoy vigorous exercise, tennis is the name of your game. Nothing like a fast round of singles to help get you in shape. Besides the obvious advantages for your figure, these sports are fun, too.

If you're just not a sports-ter, take brisk walks. You

need exercise as a matter of health anyway — so why not let it work for you?

With all this exercise, healthful foods and Sucaryl non-caloric sweetener instead of the 54 calories in every tablespoon of sugar, your fashion look this fall will be just like you — everything in all the right places, including hemlines.

# Tahoka Convalescent Center

ONE OF THE MOST MODERN NURSING HOMES IN THE STATE

Anyone interested in making Tahoka Convalescent Center their home is welcome to come in, look and inquire about our facilities.

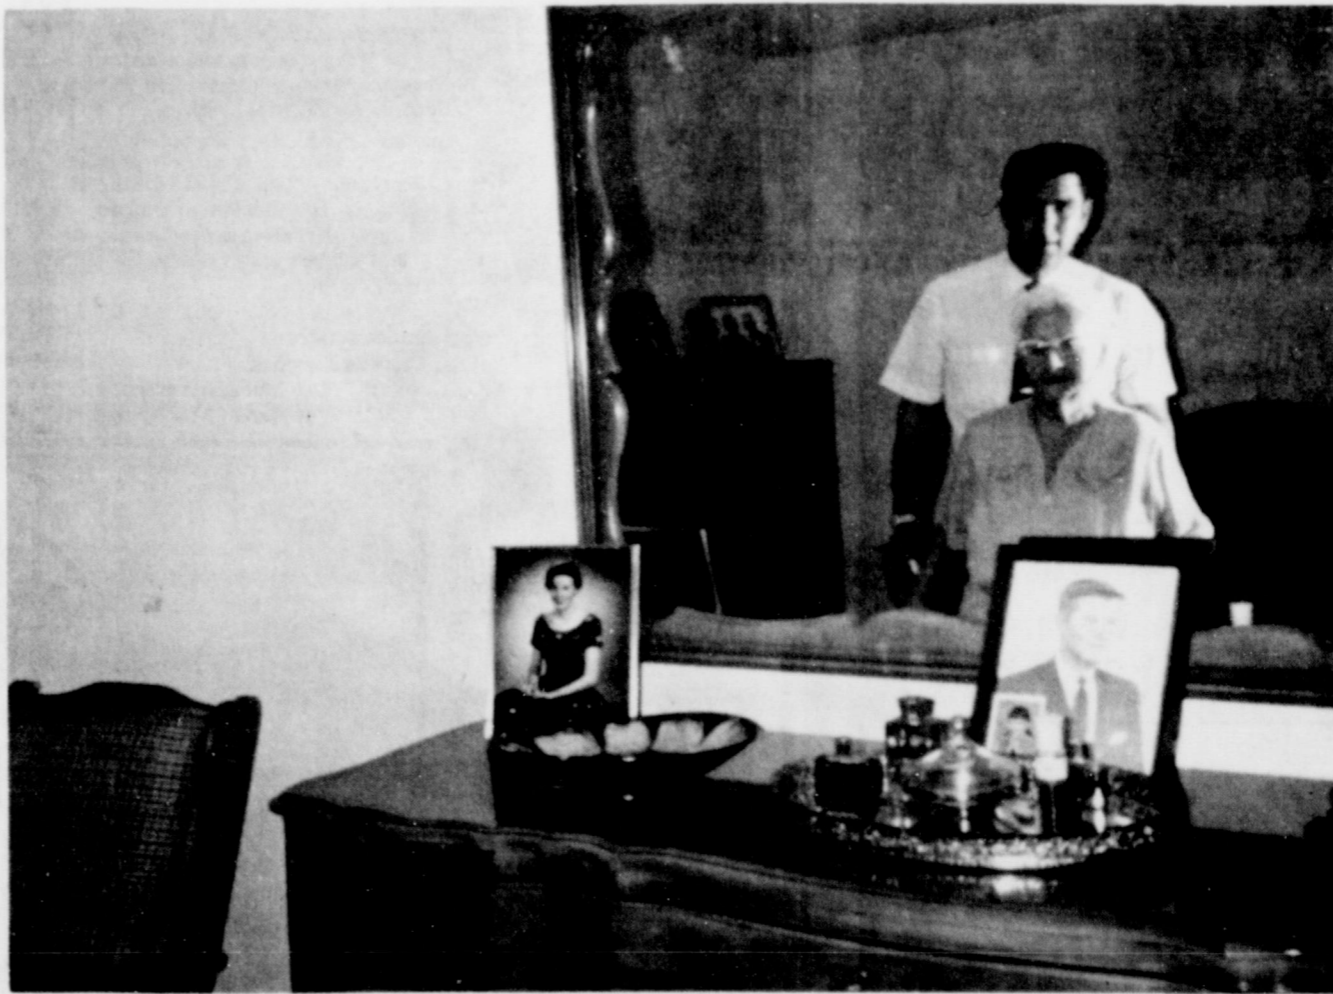

There are eight rooms now available to choose from.

Patients are encouraged to bring personal belongings and their own furnishings if they desire, to make their surroundings personal and home-like.

Each room in the new wing has its own bath shared with one adjoining room.

The Center has a competent staff, including a registered nurse.

## Past Days In Lynn County

Copied from Nov. 8, 1912

The Tahoka Broom Factory is now in full swing. They turned out the first finished broom Monday afternoon.

G.C. Wright and J.W. Patterson, both experienced broom makers, from Abilene, are here and turning out 10 dozens finely finished brooms per day.

Mr. Wright will move his family here from Abilene in a few days. This factory will use Plains grown corn exclusively for it is the best and they will handle no other kind.

Dr. J.H. McCoy and family left Tuesday for Caddo, Okla., where the Doctor expects to make their home for the future. Mrs. McCoy and their children went directly to Ardmore to spend a couple of weeks and the Doctor went on to Caddo to prepare for their coming. Dr. McCoy was one of the first settlers in Tahoka and his departure is very much regretted by his friends and relatives here.

A car of fine Arkansas apples will be on the track near the depot in Tahoka Monday and Tuesday, Nov. 11 and 12. Come Early. J.H. Wise.

Miss Birdie and Jewell Doak visited in Tahoka this week. Grandma Phenix and grandson Virgil left Tuesday morning for Lubbock where she will spend some time visiting friends and relatives.

W.E. Henderson, of East Tahoka, was on the square Monday selling some nice fat beef at 8 and 10 cents per pound.

Miss Grace Leedy left for Electra, Texas, where she goes to spend the winter with her sister, Mrs. Virgil Johns.

We failed to mention in our last week's paper that John Yates had purchased the business of the Plains Wagon Yard and Restaurant from Henry Lindley. This is an excellent stand, situated as it is on the southwest corner of the square, and as soon as John has time to put in a stock of feed and coal it will become a paying proposition again. Carl Sherrod is

looking after the restaurant of the business. Tahoka three coal and grain firm four wagon yards, counting McDaniel yard which is for his customers, all doing a business. Come to Tahoka take advantage of some of many good openings here.

Mrs. W.D. Newsell has a bush in her yard, as large as a specimen as ever grown where. It now has a tree that measures over four feet across and for size and beauty would make any florist's head ache. Also the bush is a Plains product.

Milton Jones traded his cycle to Elmer Country first of the week for his shop at Post City.

## Garden Club Reminds Keep Tahoka Clean

Here is a reminder. The Tahoka Garden Club can help make Tahoka a better place. Catch yourself the next time you're about to discard a piece of cleansing tissue, empty matchbook, or wrapper... That paper! Drop them on the sidewalk street and you make it dirty. Hold them for a container and you help Tahoka clean. It's your choice. It's in your hands.

Food packages that may become part of the meal may soon be available. Manufacturers may even offer a choice of flavored boxes, wrappers, or bottles to complement or spice up meals.

The containers are dissolvable proteins that become part of the gravy under cooking temperatures. For the carefully planned "mixed-up" loaf for fall, be inventive in combining plaids with prints, Herringbones and tweeds with prints or stripes. Guidelines which may help with this difficult aspect of fashion are: . work with three basic colors. . use one dominate patterned fabric . others in subdued designs. . draw patterned fabrics together by using a solid fabric which repeats one color in each fabric. . choose small designs in printed fabric when used with a plaid or stripe.

Precooked bacon is available in cans that require no refrigeration, each containing 18 to 20 slices equivalent to one pound of uncooked bacon. This bacon required heating for only three to five minutes.

Bacon crumbles or bits are completely cooked and ready to add to casseroles, sandwiches or any dish improved by bacon flavor.

Closely related is Canadian-style bacon which is a very lean product made from boned trimmed pork loin. Canadian style bacon is available in several convenient packaged varieties including sliced.

**RECIPE OF THE WEEK**  
Mississippi Mud  
2 sticks margarine, melted  
1-3 cup cocoa or 1-2 cup cocoa  
1 small can coconut  
1 1/2 cups pecans, chopped  
4 eggs  
2 cups sugar  
1 1/2 cups flour  
1 tsp. vanilla

Beat eggs well, add sugar and margarine and beat well again. Add cocoa and flour and mix well. Fold in coconut and pecans and vanilla. Bake at 350 degrees for 30 minutes in a 9 x 13" pan. While cake is still hot, punch with tooth pick to make holes. Spread with 1 jar marshmallow cream. Let cool.

Icing:  
1 box powdered sugar  
1-2 cup margarine  
1-3 cup cocoa  
1-2 cup condensed milk  
1 tsp. vanilla  
1 cup pecans  
Mix first five ingredients well and fold pecans.  
Note: VERY RICH.

**WANTED BY THE FBI**  
  
**CAMERON DAVID BISHOP**  
Cameron David Bishop, a violence-minded college revolutionary who is charged with the sabotage of war utilities in the dynamiting of Colorado power transmission towers, is on the FBI's list of "Ten Most Wanted Fugitives."  
Between January 20 and 28, 1969, he allegedly was responsible for dynamiting four transmission line towers in Colorado supplying power to defense plants. Wreckage from one blast damaged property nearby a mile away and dozens of square miles near Golden, Colorado, were partially blacked out. A Federal warrant issued at Denver, Colorado, on February 14, 1969, charges Bishop with the destruction of war utilities.  
Bishop, who is reputedly an active member of the Students for a Democratic Society, a loudly militant "New Left" group opposed to U.S. involvement in Vietnam and existing government policies, has reportedly voiced a desire to live in Cuba.  
He is known to associates as a revolutionist or anarchist who believes in violence to secure social reforms and was given a discharge from the Army for unsuitability after being located, while a deserter, as a mental patient in a hospital. He reportedly has a violent temper, has reportedly bragged of using drugs, including LSD, and was convicted of assault and battery in Colorado in 1965. He has allegedly stated his willingness to kill a police officer and has reportedly possessed hand guns, including a .357 magnum, in addition to rifles and dynamite.  
A white American, born at Pueblo, Colorado, on November 7, 1942, he is 5'8" to 5'9" tall, weighs 155 to 165 pounds, has brown eyes, dark brown hair, a stocky build and a medium complexion. He has worn a beard, long hair and long sideburns in the past. A tattoo of a skunk holding a mirror appears on his right forearm. He has worked as an assistant credit manager, auto parts manager, coffee house operator, laborer, mine worker and truck driver. Consider Bishop armed and extremely dangerous.  
Should you receive any information concerning the whereabouts of Cameron David Bishop, you are requested to immediately notify the nearest office of the FBI, the telephone number of which may be found on the first page of local telephone directories.

**WALLCOVERINGS NOW AND THEN**  
Did you know that wallpaper was invented by the Chinese as early as 200 B.C.? They used rice to make paper in those days. Wallcoverings have come a long way since then. Today, you can have prepested, scrubbable and strippable wallcoverings by famous designers from United-DeSoto of Chicago.
