

Among the Churches; Revival meeting

On the fourth, our citizens gave a barbecue and the crowd came and CAME and CAME, until the town was filled with people; then came the rain, and it rained and RAINED and RAINED. Our Sunday School Class 'The Helpers' were not to be counted, so according to previous agreement, they gave their play: "Uncle Josiah" to a large and appreciative audience, who sat in the moonlight cheering at every turn of the play, for it was our happy pleasure to give this play in nature's auditorium as the Lord had prepared it.

There is a Methodist meeting going on in our town under the direction of Rev. Ledger. Mr. Forte of Plainview, is conducting the singing; he handles the choir well and has an excellent voice. Our church has suspended preaching services in favor of this meeting. Bro. Nicholson goes to Brownfield next week to assist Bro. B. F. Dixon in a meeting at that place.

RETRAC.

Sunday July 5th Rev. Ledger began a revival meeting at the Methodist church, and the meeting is still going on, and in spite of hot weather and hotter politics, is gaining in interest every service.

Tahoka had been told so often that it was a fairly good moral town but spiritually was the worst ever, until many began to believe it was so, and that it was impossible to have a revival here. However, Bro. Ledger has preached the bible for 12 days and the meeting has outgrown the church building and seats have been arranged out in the open for the night services, and the morning services are well attended also.

Many reclamations have been reported already; something like 35 conversions and 29 additions to the Methodist church are the visible results so far. The greatest good, however, is the breaking of the "hoodoo" of the impossibility of having a revival of religion in Tahoka. It is a sight well worth taking the trouble to see—one of the night services—the choir platform on the west side of the building, raised about three feet from the ground with 20 to 30 young ladies and two or three young men all singing their best. The board seats for the congregation with the ladies sitting decorously thereon and many of the men sitting on the ground, using the seats for back rests, with the flaring gasoline torches throwing a fitful light over all. Then the fringe of babies and sleeping youngsters all around with the shirtsleeve men reclining on the green grass, and still further out, the buggies and autos, all filled with attentive listeners. The preacher, with his earnest face lighted up with the inspired spirit as he delivers the message and calls sinners to repentance. The good brothers and sisters as they talk and pray with the penitents at the mourner's bench or seek out the sinners in the congregation. All of which make an inspiring scene that can never be forgotten.

Such is the meeting now in progress here and Tahoka is already showing the influence that is radiating from this holy spot that will spread, grow and last until time shall be no more.

FREE TRIP TO THE WORLD'S FAIR

MISS CATHERINE MILLIKEN
THROWN FROM HORSE

Miss Kathrine Milliken of the Lynn neighborhood, was thrown from her horse a little before sundown Monday afternoon. Dr. E. E. Callaway was called and found no serious injury although her right shoulder was very lame. Miss Milliken did not remember anything about the accident.

FOR SALE—A cracker-jack good freight out fit. Six good horses, three wagons, harness and all complete. Will sell, trade or take good notes. 45 tf B. C. King, Tahoka, Texas.

Mrs. J. P. Callaway wife of the Methodist pastor, came in Tuesday evening from several weeks visiting with relatives at West. The bus driver came near making the mistake of delivering Mrs. Callaway at the home of Dr. E. E. Callaway instead of the parsonage. He did not think it made much difference anyway. They spell their names alike, one prescribes for the body, the other for the soul both live in North Tahoka and both men are inclined to be stout.

Mr. and Mrs. F. A. Robison, of Post Oak, who have been visiting their son, W. H. Robison, of the northeast part of the county, for the past couple of weeks, were Tahoka visitors Saturday. They expected to start for home the first of the week. Mr. Robison, who used to be one of our subscribers, said, "Send it to Post Oak again we have missed the News."

Dr. J. F. Galloway, Dentist, 11-tf has returned from his vacation and will be in Tahoka till further notice. 45-tt

Ice cream by the 100 gallons, bananas by the dozen bunches, 40 cases of soda-pop, ice by the ton, and other things left here for Brownfield Wednesday night in part preparation for the picnic Friday.

Criminals of Nation Recruited From Young Men

By Dr. ARTHUR HOLMES, Dean
of Pennsylvania State College

THE call for moral education is heard in many quarters. American banks lost twenty-eight million dollars in five years by embezzlement. From 1909 to 1911 the sums stolen run \$10,652,000, \$10,731,965 and \$11,482,051, a steady increase for the three years. Nineteen people in every one hundred thousand, or about nineteen thousand a year, commit suicide. A small army is wiped out yearly by murder.

ABOUT ONE OUT OF TEN MARRIAGES ENDS IN DIVORCE. IN TWENTY YEARS NEARLY A MILLION DIVORCES WERE GRANTED. SEVENTY-THREE PEOPLE OUT OF EVERY ONE HUNDRED THOUSAND ARE DIVORCED. JAPAN IS THE ONLY OTHER NATION HAVING A HIGHER PERCENTAGE. DESERTION IS THE CAUSE IN FORTY PER CENT, CRUELTY IN TWENTY-TWO PER CENT AND ADULTERY IN SIXTEEN PER CENT OF THE CASES. CAPTAIN RICHMOND P. HOBSON ESTIMATES THE NUMBER OF CONFIRMED DRUNKARDS AT ONE MILLION, THE HEAVY DRINKERS AT FOUR MILLIONS AND THE TEMPERATE REGULAR DRINKERS AT TWENTY MILLIONS. IT IS AGREED THAT THE CRIMINALS OF THE NATION ARE RECRUITED FROM YOUNG MEN BETWEEN THE AGES OF FIFTEEN AND TWENTY-FIVE.

J. E. Ketner, Parkhurst's Broken \$ Store and Lynn County News to Send Someone to Exposition.

CHOICE OF \$350 PIANO

The Biggest Premium Proposition Ever Attempted in This Section of the Plains--Nominations Now in Order Until August 11, The Last Day to Enter, Then The Race Is On

How are you going to the Worlds Fair?

Of course you are going. Who isn't?

Or would you rather have a \$350.00 piano?

Here is what we are trying to get at. J. E. Ketner, Parkhurst Broken \$ Store and the Lynn County News have purchased a \$300.00 trip to the Panama-Pacific Exposition and will hang it up as a first prize in a voting contest. If the winner prefers, the trip may be exchanged for a \$350.00 piano.

The trip covers everything. You leave from the nearest railroad to your home, have a thru sleeper, dining service, stopovers and side trips. Entrance to the exposition ground, hotel bills (accommodations already arranged for,) and street car fare. In fact you go to the exposition as a guest of the above named firms, stay two weeks if you wish and return, all expenses paid. Too, you have the choice of going by water thru the Panama canal, a sight fully as interesting as the Exposition. If you go by water you have the same high class accommodations given on the overland route.

Is it worth the effort? You have friends which will help some, but it will be determined by personal effort. Are you a winner or a drifter? Have you ambition? Do you know the joy of achievement? Work is the keynote of all pleasure. The reward of effort is doubly sweet.

This is the beauty of our plan. Everyone who puts forth an effort will be a winner. From time to time prizes of silverware will be given and other rewards given the deserving.

Now to the point. Votes—Not

Talk, Work—Not Pull, will win this contest. Parkhurst and Ketner will give votes with each dollar paid for merchandise or on old accounts. The News will give votes for new subscriptions and renewals.

It is as fair for one as another. Nominations are now in order and to make it perfectly fair no votes will be given until the 11th day of August when the nominations will be closed. In this way every candidate will start even August 11 with 1000 nomination votes. Anyone may nominate anybody without charge provided they use the blank at the bottom of this column, which blank, when properly filled out, entitles the nominee to 1000 votes. Only one blank will be credited to each contestant.

From now till August 11 is the time to solicit friends to help you. Then when the voting begins the morning of August 12 you will be lined up for a whirl wind campaign.

List of contestants will be published next week and each week thereafter until the nominations close Tuesday night, August 11. After the third week of voting the votes will be counted each week and the totals published opposite the contestants name.

Send or bring nomination blanks to Ketner's, Parkhurst's or the News office. Rules and regulations governing the contest will be published in next weeks paper.

Remember it costs nothing to enter or enter anyone else and no matter where you live or where your nominee lives, fill out the blank below, send it in and the race is on.

NOMINATION BLANK

Name _____

Post Office _____

State _____

This blank when mailed or brought to J. E. Ketner's Store, or the Lynn County News office, or Parkhurst's Broken \$ Store enters the lady, whose name and address is written above, as a candidate for our Free Trip to the World's Fair or \$350 Piano and entitles her to 1000 votes. Only one blank credited to each candidate.

Nominations Close August 11, 1914

STUDENTS WHO ENTER COLLEGE WHEN YOUNG ON AVERAGE BETTER SCHOLARS THAN OLDER ONES

By A. LAWRENCE LOWELL, President of Harvard University

SOME men stay only three years in college and hasten to get actively at work in the world, although they feel no financial pressure. Considering the present age of entrance, this is not without justification.

CHILDREN IN THE UNITED STATES ARE SENT TO SCHOOL LATE. BOYS WHO SHOULD BE PREPARED FOR COLLEGE AT SIXTEEN OR SEVENTEEN ARE HELD BACK ON THE THEORY THAT THEY ARE TOO YOUNG TO BE EXPOSED TO THE TEMPTATIONS OF COLLEGE LIFE.

This is clearly a mistake because statistics have demonstrated that STUDENTS WHO ENTER YOUNG ARE ON THE AVERAGE BETTER SCHOLARS THAN THE OLDER ONES.

N. LEVITT TELLS OF
COTTON BOLL WORM

Mr. N. Leavit, of the New Home neighborhood, was a Tahoka business visitor Monday and while here got to talking about cotton leaf and boll worms and told The News man that "Six years ago my son had 50 acres of cotton in Jones county, that promised three-fourths of a bale to the acre, but the boll worms took it and in one week completely ruined it so that off of the 50 acres we only got one bale of cotton." He also said that "Many counties, in fact nearly the entire state lost most and in many parts, all their cotton from worms that year." The farmers should watch and the first indications of millers they see set out the lights as told of in last week's paper, so there will be no danger of losing our cotton crop.

Phone 60 and have your ice delivered morning or evening, any sized block. C. L. Williams, Wholesale and Retail Ice. 38tf

Mr. and Mrs. Veal Manley took dinner with their old friends, Mr. and Mrs. G. W. Snider, of Tahoka, Friday of last week. Mrs. Manley had come in to have a bad tooth treated by Dr. Galloway.

Let Shed do your cleaning and pressing; just phone 88 and it will be called for and delivered free. 38tf

LOVINGTON (N. M.) SPECIALS

July 31st, before the fair, 2000 copies; August 21st, after the fair, 3000 copies. Send your ad copy now. Regular rates. 45-48 Leader, Lovington, N. M.

LOST—One three-year old bay horse, about sixteen hands high; with wire scratch on right hind foot; fat. Also one brown bay, eight years old, slightly lame in right hind foot; scar on hock. Reward. Notify W. E. Robinson, Lubbock, Texas. 46 1t

Mrs. Bulah Shaw of Morgan, Mr. and Mrs. Don Hatchett and Mrs. Ed. Milliken of Lynn, left Monday for a visit to Jack county.

The hot, still weather we have had for the last six or eight days had about emptied the storage tanks until everybody wished the wind would blow, and Wednesday evening when the wind freshened until the mills began to turn many a sigh of relief burst from thankful hearts.

The thermometer registered 87 as the highest temperature on Thursday of last week and 95 as the highest for Tuesday of this week with an average of 91 for the week, yet there was no suffering on the Plains.

Let Shed do your cleaning and pressing; just phone 88 and it will be called for and delivered free. 38tf

T. M. Headlee, of Doniphan, Missouri, is spending several weeks in Tahoka prospecting.

We have a car load of kerosene and gasoline on hand Burn Eupion oil—the best on earth. I also have a complete stock of all kinds oils and greases. G. W. SNIDER, Tahoka agent for the Pierce-Fordyce Oil Association. Call at our Wagon Yard when in Tahoka and let us fill your bill for auto and engine supplies. 18

Refuting a False Impression

Rumor has had if for some time that the candidacy of E. P. Hicks was being financed by Mr. Elliott. I have refrained from replying to this rumor, but as it has grown into a cudgel for my enemies I feel that forbearance has ceased to be a virtue.

Replying to the above mentioned rumor I wish to say first that I take it that Mr. Elliott is a gentleman, and I claim to be, and a conspiracy such as reported in this rumor no gentleman could enter into.

This rumor is a lie made of the whole cloth, and such unfair efforts even in politics should and will receive the severest condemnation from honest thinking citizens.

Permit me to say fellow citizens that in working my way through a three years course in college I learned a higher ideal than to dabble in low dirty methods. If I can't come to office with clean, unhampered hands, then let me not come.

Of course in working my way this far in life I have learned to tackle whatever I would depend on my labors to take me through. That took me through school and is taking me through this campaign, for the benefit of those that desire to know how my campaign is being financed, I will tell you. I am writing insurance and take notes for premiums, turning the notes over to my company. They advance to me as a loan one half of my commission, and on this I am financing my own campaign and when I am elected, and I will be elected, nobody will have any strings on me to pull me around and every man will look alike to me. I shall be indebted to the whole citizenship for my election, but will go into office like I came out of school, knowing that I won by ardent labors while the political bosses and falsifiers were snoozing in their rest.

I can make a living without this office but it is my ambition to be county clerk and I am going to be in spite of all the false and unfair charges.

So thanking you in advance for my election, I am
Yours to serve,
E. P. HICKS.

J. E. McDonald, of Abilene, was a Tahoka visitor Monday. He was looking after some tax matters.

Not Wise to
Take Calomel

Dodson's Liver Tonic is just as sure in results and always safe, pleasant in taste and has no bad after-effects. As a remedy for a torped liver calomel has more than met its match in Dodson's Liver Tonic. This medicine does not roughly force the liver on to perform its work. It acts gently but surely.

Calomel depends for its power upon exciting the liver to do more work, and often the liver is too weak to stand such treatment, and after taking calomel you are as a result sometimes worse off than before.

Dodson's Liver Tonic cannot cause any of the dangerous effects that often follow the use of calomel. It is entirely vegetable and pleasant to the taste, and is suitable for children and grown people.

Get a large bottle for fifty cents of Thomas Bros. Drug Co., under the guarantee that if it doesn't satisfy you that it perfectly takes the place of calomel you will be given your money back with a smile right at the store where you bought Dodson's medicine. 46-1t

Teach the Children Fire Prevention

By S. W. English,
State Fire Marshall

The problem of fire prevention is unquestionably of more importance than fire control, and the subject should be taken into our schools for careful study. To teach the child the hidden dangers in all common fire promoting agencies, and the need for their elimination, is to instill a spirit that will, in time, work much good toward minimizing the fire waste. The average child loves responsibility, and with proper encouragement, would grow up with a contempt for carelessness that would bring about a marked change for the better in the preventable fire record of Texas.

A NEWS WANT AD WILL GET IT

A New System Of Cotton Culture

The National Department of Agriculture has recommended a system of cotton culture which aims to secure the production of more cotton in a shorter period. The main purpose of this movement is to secure protection against injury from the boll weevil, as far as possible, and it is also important for regions where the crop is limited by drought or by short seasons and is intended to help remedy the backward state of the industry.

It is particularly true of the cotton industry that the more intelligent and skillful the farming methods the larger material rewards. And yet, cotton has so long been considered a "sure crop" that it is often cultivated in the most careless manner. The Department is making an effort to secure the attention of the intelligent farmer and convince him of the principles upon which the new system is founded. This information is furnished (free) in Farmers' Bulletin No. 601, and is entitled, "A New System Of Cotton Culture And Its Application."

Mrs. W. A. Standifer of near Flomot, died here Monday night. She had been brought to the sanitarium for an operation, but died before it could be performed. The body was shipped to Floydada Wednesday afternoon, where burial took place. The deceased was 37 years of age and leaves a husband and five sons.—Plainview News.

Will Standifer, the "husband" above referred to, is a brother of Mrs. J. N. Jones of Tahoka, and J. F. Standifer of near Wilson, and a cousin of W. R. Standifer of Lubbock county.—Ed.

Fewer Flies and More Babies

By Dr. Ralph Steiner, State Health Officer, Austin, Texas,

Flies killed more than a thousand Texas babies last year. We still have more than a half-million babies in Texas, and it is the duty of every citizen to help save their lives. The fly is baby's worst enemy. He is the forerunner of pestilence and the undertaker's traveling salesman. To save the babies means to swat the flies. The most effective way of exterminating the fly is to eradicate his breeding places. Remove all filth and trash from the premises and screen all doors and windows. Flies are a disgrace and a deadly menace. Organize a clean up club in your home and make each one of the family a charter member. Fewer flies means more babies.

Sour Skim Milk For Calves

That in summer time calves do as well on sour skim milk as they do on sweet will be interesting news to many farmers who have hitherto been kept from raising calves by the expense of keeping the milk sweet in hot weather. This expense, experiments carried out by the department indicate to be quite unnecessary. The calves will make as rapid gains on sour skim milk. In winter it is true, this is not quite so satisfactory. It chills the calves and some of them drink in with great reluctance. Very young calves have even been known to refuse it altogether. On the other hand, of course, it is much easier to keep the milk sweet in winter.

In calling the attention of farmers to these facts, however, the department at the same time emphasizes an important precaution. Unless the milk is produced and kept under cleanly conditions, it may become contaminated with disease-producing bacteria. Farmers should therefore allow the milk to sour quickly and then feed it without delay.

In the course of these experiments sour skim milk was fed to 22 calves, Holsteins, Jerseys, and Guernseys, at different seasons of the year. In no case did it cause digestive disturbances even when the change from sweet to sour milk was made abruptly when the calves were only a few days old. Moreover, no evil results followed the alternate use of sweet and sour. It seems, therefore, that the common idea that sour milk leads to scours is quite unfounded.

The calves, it was found, did not like the sour milk as well as the sweet, but in the majority of cases soon became accustomed to it. The aversion, however, increased when the milk was fed at a low temperature.

Ed. Spear and Charley Baker left for Tahoka Wednesday. They were expecting to take in the big barbecue there and return with a load of freight. Mr. Baker accompanied the boys to Tahoka from which place he will go to Snyder to visit his daughter.

Messrs. Chris Timms, Rurhing and Forest Reeves, came in Sunday evening from the picnic at Tahoka, but Hoseny Key and Mrs. Phyllis Holgate stayed over to meet Mrs. Craig, Hoseny's Aunt, was to come in on the train Monday evening.—Terry County Herald.

"TIZ" FOR ACHING, SORE, TIRED FEET

Good-bye sore feet, burning feet, swollen feet, sweaty feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "TIZ" is magical, acts right off. **SAGE AND SULPHUR
DARKENS GRAY HAIR**

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

SHERIFF'S SALE

The State of Texas } In the Dis-
County of Lynn } trict Court of
Lynn County, Texas, J. R. Cham-
bers et al Plaintiffs vs T. J. O'Don-
nell et al Defendants,

Whereas, by virtue of said order of sale, and execution issued out of the District Court of Lynn County, Texas, on a judgment rendered in said Court, on the 11th day of March, A. D. 1913, in favor of the said J. R. Chambers, and against T. J. O'Donnell, C. H. Doak and C. E. Brown, No. 127 on the docket of said Court which judgement was carried to the Court of Civil Appeals for the 7th Supreme Judicial District of the State of Texas, and said judgement was there affirmed against said defendants, and was also rendered against their sureties on the appeal bond, R. D. Moxley, E. Q. Daniel, T. S. Vaught and H. E. Baldrige for the amount of said judgement, and all cost.

I did on the 9th day of July A. D. 1914, at ten o'clock a. m., levy upon the following described tract or parcels of land situated in the County of Lynn, State of Texas, and belonging to the said C. E. Brown, to wit:

All of the north 120 acres of Survey No. 3, Certificate 351, Abstract No. 133, lots No. 10 in block No. 22; lots No. 1, 2, 3, 4, 5, 6, 7, and 8 in block No. 34; Lots No. 1 and 2 in block No. 83; Lots No. 5, 6, 7 and 8 in block No. 33; Lot No. 12 in block No. 21; Lot No. 9 in block No. 22; Lot No. 5 in block 20; Lots No. 6, 7 and 8 in block No. 44; also Survey No. 4, Abstract No. 616, evied on as the property of C. E. Brown. Also, Survey No. 30 Certificate No. 655, Abstract No. 719; Survey No. 558, Certificate 716, Abstract No. 451; Survey No. 412, Certificate 123, Abstract 718; Survey No. 411, Certificate No. 123, Abstract No. 168; Survey No. 57, Certificate No. 269, Abstract No. 216. Lots 5 and 6 in block 5d, levied upon as the property of H. E. Baldrige. And on the 4th day of August A. D. 1914, being the first Tuesday of said month between the hours of ten o'clock a. m. and four o'clock p. m. on said date at the court house door of said County I will offer for sale and sell at public auction for cash all the right, title and interest of the said C. E. Brown and H. E. Baldrige in and to said property.

Dated at Tahoka, Texas, this the 9th day of July, A. D. 1914.
J. H. EDWARDS, 45-47
Sheriff of Lynn County, Texas.

**ESS MEAT IF BACK
AND KIDNEYS HURT**

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

**Prohibition
VS.
Temperance**

In Germany, where prohibition is unknown and where all the people have been temperate drinkers of wholesome beers and light wines, there is less drunkenness than in Maine or in Kansas—the two most conspicuous prohibition states in the Union.

The same is true of France and Italy. The world over you will find that the really temperate races are those who are not prohibited from drinking temperate beverages such as beer and wine.

Prohibition in Germany, France or Italy would produce exactly the same results that it has produced in every state in the Union where prohibitory laws have been enacted. It would not stop men from drinking nor decrease drunkenness, but it would drive out the mild drinks and encourage men who do drink to resort secretly to the highly concentrated spirits.

If prohibition really saved men from the "curse of drink" it would have more to commend it to the intelligence of the people. But, as the great editor, Henry Watterson, observes in the Louisville Courier-Journal, "It does not promote either temperance or virtue. It arouses human passion to frenzy by restricting private rights. It does not reduce drunkards. It multiplies Pharisees and malefactors."—Paid Advertisement.

**FARMERS PLEAD
FOR CO-OPERATION**

Business Men Asked to Vote Like They Talk—The Farmers Under Fire of the Politicians.

Ft. Worth.—To the Business Men of Texas: For years the business men have been crying aloud for the farmers to rid the State of demagogues and emancipate business from political tyranny. Much has been said about frightening investments, about the duels which some of our politicians have been fighting with progress, and about the uncertainty that politics has put into business, which is directly traceable to political agitators who feast upon the offal of strife. The farmers of Texas now answer the call and give the business men an opportunity to vote like they talk. The farmers present a platform, and candidate, running upon it, pledged to an agricultural administration and agricultural legislation, and every citizen who desires to render a service to agriculture and eliminate the demagogues from this campaign can do so by co-operating with the farmers at the polls.

All efforts that make for progress when viewed from a partisan angle have their obstacles objections and disadvantages. No forward movement can obtain through methods that suit everybody. It must be borne in mind that salvation never comes in machine-made packages or by messengers approved by the high priests of politics. It is a substance that political conventions can not manufacture. It must spring from out of the hearts of the common people.

But why quibble over technicalities? What difference does it make whether the goddess of opportunity wears silk stockings or goes barefooted when she knocks at your door? Is it not sufficient that she knocks? Why pound on the log after the coon is gone? Why weep, for it has been well said that it was unbecoming for even Achilles to sulk in his tent.

A Square Deal Requested.

We want to appeal to all business men to "be calm, be just, be fair" with the farmers of Texas. We realize that the processes of politics have galled the shoulders of some of the wheel-horses of democracy, and we do not expect them to pull against a sore, but the militant body of business men, whose good judgment balances the wheels of commerce, should not permit ingenious campaign managers to summon the evil spirits of prejudice, revenge, superstition, fear, envy, hatred and all agencies that temporarily dethrone reason and disqualify citizenship. The responsibility of the ballot should steady men—especially strong men.

We fully understand that when custom of long standing is violated, leaders tremble and the superstitious shy, but Nature, which moulds the form of a scrub woman as perfectly as that of a queen, can give a farmer as much political sagacity as she does a gum-shoe politician, and one who lives by the sweat of his brow can be endowed by Nature with as noble a mind and as patriotic a heart as one who lives by the sweat of others.

The farmers are the bread winners of civilization and if we are capable of feeding and clothing the world, we ought to be able to assist in running government and at any rate we are going to try our hand at it.

We are the nation's jurymen and settle the disputes of industry in court. It is our blood shed upon the battle field that preserves the liberty of the people. It is around our fire side that the problems of this nation must be solved. Then, we furnish the cities with their wisdom, commerce with its brains, and science with

its intellect and keep our brightest minds on the farm.

Platforms and Candidates Analyzed.

The issue in this campaign is business vs. politics and platforms, candidates and campaign managers, typical of each class, are before you.

Look at the line-up. On one side is a machine-made candidate for governor, underwritten by demagogues who have been a torment to the progress of this state for the past decade; whose campaign is managed by political bosses who have manipulated every political convention held in Texas for the past quarter of a century and whose gum-shoes have trod every by-way known in the political forests. To speak the name of some of these managers is to profane progress and to examine their record is to feel the scars of industry, across their forehead, it has been well said, their Creator wrote "without recourse on me." This candidate is surrounded by pulpit politicians who have thrown down the cross of Christ and picked up the club of the policeman, who would substitute the jail for the altar, and statutes for the Bible; is running on a platform that mutters and mumbles like the Oracle of Delphi, and that gets on all sides of all subjects and then flaunts a red flag at progress.

Look at the other side. An unbossed candidate who is every inch a free man, who has terrified the demagogues, defied the bosses and denounced the fanatics who has dipped from the pool of experience every element in business life and who can feel the heart-throb of the farmers; every plank in his platform hewn out of the sound timbers of agriculture and quarried from the solid rock of commerce. He is the farmers' hope and the business man's salvation.

The Farmers Persecuted by Politicians.

Since the beginning of time, the persecution which organized agriculture is now undergoing has been felt by every nation, race and class of people which has undertaken to break the shackles that bound them. The children of Israel felt it when they were run into the Red Sea by the Egyptian politicians because they would no longer serve them; our forefathers felt it when they fought for human rights in 1776 and were run down by hired Hessians and pursued by Tories because they refused to wear the yoke of the British politicians.

Every man who has attempted to uplift his occupation and his fellow-men has felt the bayonet of the political bosses and has been hounded by the hirelings of government, all because he demanded human rights for his fellow-workers. We have no quarrel to make with human nature or criticisms to make of the pathways to success, but we are going to fight the battles of farmers to success if it drives every demagogue in Texas to the lower regions. The agitators, the demagogues and the bosses are well bunched in this campaign, for "birds of a feather will flock together," and they are pitted against the farmers.

This is an age of organization and those who are not with the farmers are against them. There is no other way, for in public affairs unity is oftentimes the better part of wisdom and independent action the evidence of folly. Let us, for the moment, cease trying to educate each other and co-operate. That is the magic word that strikes terror to the demagogues and cements the interest of the farmers and all other business men and insures the prosperity and welfare of the people.

We make this appeal as practical farmers in the interest of honest men and honest dollars, believing that co-operation of the people is better than dictation of the politicians.

HON. W. P. HOBBY

Editor of the Beaumont Enterprise, Has Announced His Candidacy for Lieutenant Governor, Subject to the Action of the Democratic Primaries.

The Hon. Wm. P. Hobby, editor and owner of the Beaumont Enterprise, made official announcement on June 14th, of his candidacy for Lieutenant Governor of Texas, subject to the action of the Democratic primaries, July 25th.

Mr. Hobby has been connected with newspapers nearly all of his life. Prior to the time of his taking over the Beaumont Enterprise, he was associated with the Houston Post in an editorial capacity.

The files of those papers give evidence of his splendid work for the betterment of the material interests of the state, as well as its social and religious welfare. He has at all times been in hearty sympathy with the

Hon. Wm. P. Hobby, of Beaumont.

people. Born and reared in Texas, he has thought Texas, talked Texas, and is one among the public-spirited Texans who is devoting his life to the upbuilding of Texas and her various interests, through his great paper, the Beaumont Enterprise.

He is a broad, liberal man; a public-spirited humanitarian; a true friend and an honest foe; a self-made man who knows life; a man possessed of a desire to aid in the uplift and advancement of Texas and one who is capable of doing things, and who is using his talents toward that end.

The following is a few excerpts from his platform:

Excerpts From Platform of W. P. Hobby.

(Published in full in the Sunday papers of Texas June 14, 1914.)

"As president of the senate I would favor the employment of experts by the legislature for the purpose of examining all laws in advance of their enactment and so constructing laws that they may be relieved of ambiguity and clearly express the intent of the lawmakers. I believe the employment of such experts, with duties of course that are merely clerical, will be a step of progress that will prove economical to the state and save confusion and money to the people.

Appropriation bills are considered by the senate, when in committee of the whole, where the lieutenant governor has the right to debate and vote. I would apply the same principles to the appropriation of public funds for the various institutions of the state that I have always applied in the conduct of my private business.

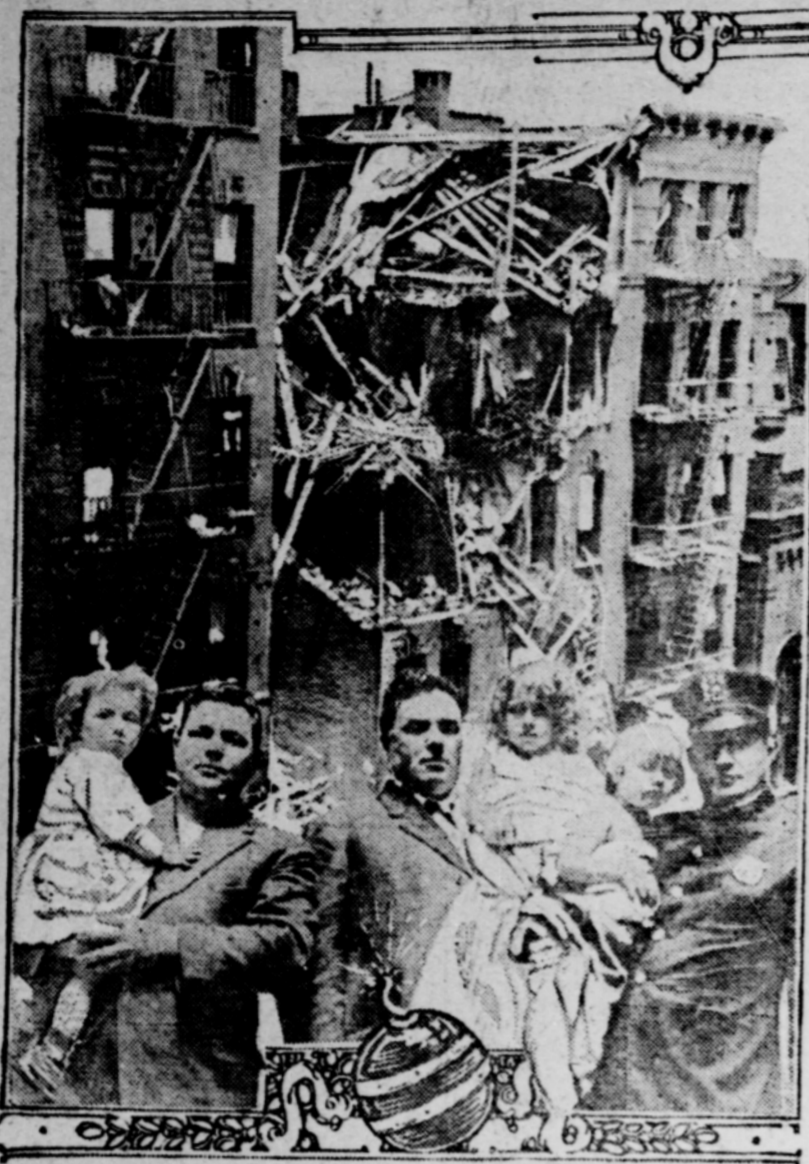

I am in favor of increasing the efficiency and usefulness of our state institutions. Every sound and honest man would use care and economy when spending a trust fund, and that would be the rule with me. At the same time I would provide each year a higher standard for both our educational and eleemosynary institutions. What money it takes to keep Texas in the van of progress we can well afford to spend so long as it is done judiciously and I am mistaken in the patriotism of our citizens if it is not their wish to provide the best system of learning for our youth and the best means of relief for our afflicted.

The Land Question.

In my judgment the land question is one that should receive most careful consideration at the hands of our people. It is an issue that we must face squarely and solve wisely. Of the farms in Texas 219,575 are farmed by tenants and 195,283 are farmed by owners. Tenantry should be but a temporary condition, leading to that better state when the owner and the tiller of the land are one and the same. History shows that the best and most enduring basis of civilization is home ownership. Tenant farmers are increasing more rapidly than farm owners and that is why the problem needs solution. The hope for an advanced development of the agricultural resources of Texas rests in the ownership of land by the man who produces what it yields. It means a wealthier state and a more contented citizenship.

Thoughtful men must realize that it will take years of careful deliberation before the land problem can be satisfactorily worked out, and while I am in favor of remedial legislation now, I will, if elected, urge the appointment of a legislative, or at least a senate

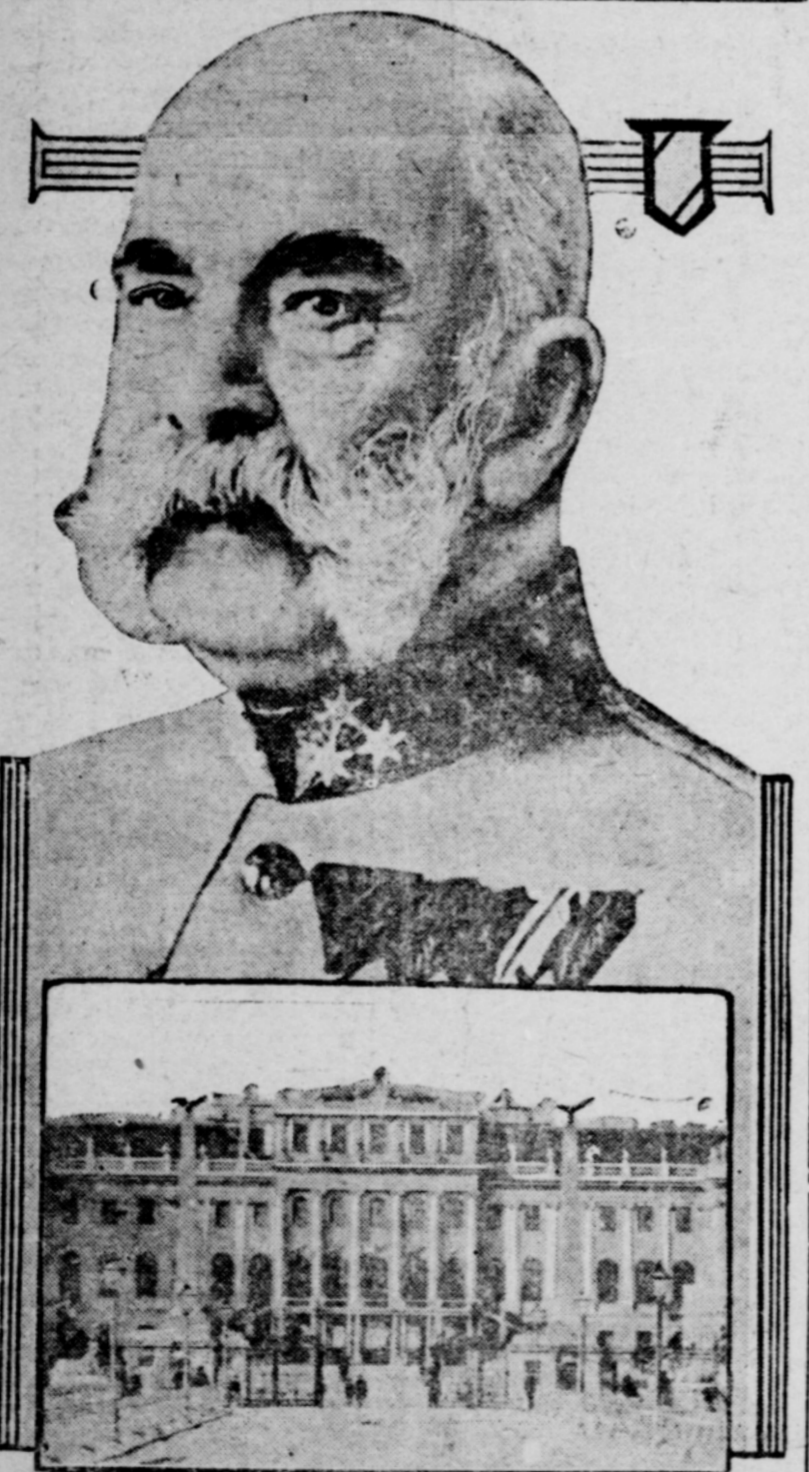

**How Bombmakers' Home
Appeared After Explosion**

Photos by American Press Association.

INCREASED police activity against anarchists is now being enforced in many cities owing to the recent dynamite explosion in New York city which killed four people. The dynamite was in possession of Arthur Caron, Charles Hansen and Charles Berg, three anarchists who were killed in the explosion. They were making bombs, it is said. The explosion occurred at 1626 Lexington avenue and wrecked the entire building. The photo shows the tenement as it appeared after the blowup. The police are looking for an accomplice of the trio and allege that these men were heads of a dynamiting conspiracy. The children shown here are survivors.

**Austro-Hungarian Ruler
And Palace In Which He Lives**

FRANCIS JOSEPH, emperor of Austria-Hungary, is deeply shocked by the tragic death of Archduke Francis Ferdinand and his consort. The royal couple were assassinated by a Bosnian youth. Emperor Francis Joseph, now far advanced in years, is not expected to live long. Charles Francis Joseph, now heir to the throne, is taking an active part in governmental affairs, relieving the emperor of most of his duties. The illustration shows Emperor Francis Joseph and the imperial palace at Vienna.

**Modern Wars Come With
Little or No Warning and
First Blows Landed
Count Enormously**

By Secretary of War LINDLEY M. GARRISON

Photo by American Press Association.

IN ANY WAR WITH A NATION OF FIRST RANK IN MILITARY POWER AN AMERICAN ARMY OF AT LEAST HALF A MILLION MEN WOULD BE REQUIRED. THE GREAT MAJORITY OF THIS SOLDIERY WOULD BE VOLUNTEERS. THE REGULAR ARMY AND PORTIONS OF THE ORGANIZED MILITIA WOULD HAVE TO STAND THE FIRST BRUNT OF ATTACK AND HOLD THE INVADER UNTIL THE VOLUNTEERS COULD BE SUFFICIENTLY TRAINED TO ALLOW THEM ALSO TO PARTICIPATE, AS WITHOUT THIS TRAINING IT WOULD BE A CRIME TO THEM AND THEIR FAMILIES TO SEND THEM TO THE FRONT; ALSO PERHAPS AN IRREMIEDIABLE LOSS TO THE NATION. I, THEREFORE, PLEAD FOR A SYSTEMATIC NATIONAL SCHOOLING IN MARKSMANSHIP.

Modern wars are short. They come with little or no warning, and the FIRST BLOWS LANDED COUNT ENORMOUSLY. Initiative and aggressiveness are first principles, and early victory is a moral factor of immense import. With intensive training a volunteer is made into a fairly efficient soldier in six months. A good part of this time is necessary for the special training of the officers and in perfecting the men in marksmanship. With officers already instructed and with a powerful and adequate force of militia reserves already familiar with the proper use of the rifle, the six months could in all probability be cut in half. This difference of three months might and probably would mean the difference between success and a very great prolongation of war, possibly even failure, as in that length of time, due to any one of many causes, the line of resisting troops may give way. It is our duty as citizens to provide against just such emergencies.

HON. W. P. HOBBY

Continued From Third Page

committee, charged with the duty of investigating and giving thorough study to the question and recommending such laws and public policy as will aid the farmer to become the owner of the land he makes productive.

Floods and Reclamation.

I am in favor of reclaiming the swamp and overflow lands of Texas; conserving the flood waters that rise from our rivers; and levees and drainage to protect the area that is so frequently inundated. To this end I would increase the scope and facilities of the state reclamation department with a view to having this work more speedily undertaken by the state or subdivisions thereof.

Agriculture is admittedly the foremost of all Texas resources. With a land area of approximately 168,000,000 acres of which 120,000,000 acres are tillable, while but 20,000,000 acres are improved, the attention of the state should be given to extending the agricultural industry. I, therefore, favor strengthening the agricultural department of the state to aid in promoting the development of the soil and increasing the area that is cultivated.

I am in favor of and have for seven years employed organized labor. I favor strengthening the labor department of the state to aid in bettering the condition of those who are employed and would, if elected, give recognition to those who represent the interests of organized labor.

I favor a law or laws that will simplify our civil and criminal codes and lessen the formalities and technicalities of court procedure.

I have no program for changes in our laws that relate to corporations, insurance companies and banks. However, I favor passing laws that will help the development of Texas, with justice to the whole people, and without injury to any class or interest.

I favor nominations by a majority vote in state primaries.

I believe contributions to campaigns by corporations or favor-seeking interests should be forbidden by law and the payment of fees to public officers, state, county or precinct, should be forbidden by law.

For Material Progress.
If it were in my power to shape the public policy of Texas I would turn the mind of the people to its material progress. To make the countless acres of this state produce more and to cause thriving cities to sustain a greater growth ought to be the object of our lawmakers and the tendency of our laws.

My idea is that the welfare of Texas will be best served by giving our attention to the agricultural and industrial development of the state, passing laws that will increase the earnings of the farmer, such as providing an improved warehouse system; better marketing facilities and a rural credit plan; surrounding the laboring man and the farmer alike with the fullest protection in following their pursuits; and give greater and wider opportunity to the business man. That will make Texas grow and will add to the happiness of the people.

COMMENT OF TEXAS PAPERS

Upon the Candidacy for Lieutenant Governor of Hon. W. P. Hobby, of Beaumont, Texas.

The platform on which Mr. W. P. Hobby, of Beaumont, predicated his candidacy for the democratic nomination for lieutenant governor is brief, to the point and altogether admirable. It is so sound in every respect, in fact, that it is difficult to pick therefrom any particular plank seemingly deserving of greater commendation than its companions. A man who entertains such views as these and who undoubtedly is sincere in them, and who would unquestionably wage unceasing war in their defense, if necessary, could not possibly serve other-

wise than with honor.—Houston Telegram.

W. P. Hobby, editor of the Beaumont Enterprise, has announced as a candidate for lieutenant governor of Texas. Judging from the editorial columns of the Beaumont Enterprise, Mr. Hobby is a capable man, and would no doubt fill the office well.—Rusk Press Journal.

W. P. Hobby, editor and manager of the Beaumont Enterprise, formally announces his candidacy for lieutenant governor, and from all appearances he is an excellent man for the place.—Nacogdoches Sentinel.

W. P. Hobby, of the Beaumont Enterprise, has entered the race for lieutenant governor. Mr. Hobby is a good newspaper man, and his paper comes to our desk daily. The people of Texas will not be doing wrong in electing him to this office.—Cherokee Sun.

W. P. Hobby, editor and general manager of the Beaumont Enterprise, has announced for lieutenant governor. Mr. Hobby has been in the newspaper game for a number of years and is a man of splendid ability. There is no doubt that he will make the state a most satisfactory president of the senate if he is elected.—Greenville Evening Banner.

William P. Hobby, candidate for lieutenant governor, is a bright young man. He is a broad and progressive young man. He believes in the Ferguson plank for the reason that it will serve as a temporary relief to the tenant, and in the Ball plank, because it will lead to the tenant farmer becoming a home owner. Will Hobby is a newspaper man. A real newspaper man never goes crazy on issues. He takes the good and the bad or the bad and the good and does the best he can.—Fort Worth Record.

The Waco Tribune says that Billie Mayes, a newspaper man, was useful and won prestige as lieutenant governor of Texas, and asks why Billie Hobby, another Texas newspaper man, should not do likewise. The Morning Times seconds the suggestion and moves that we let a Billie continue to do the work.—El Paso Times.

Will P. Hobby, of Beaumont, has announced as a candidate for lieutenant governor. Mr. Hobby is a most excellent man and qualified in every way to serve the state well. He is a son of Judge Hobby, a former district judge of his district—your father's and my father's friend—and it would be a deserving compliment for Liberty county to give Mr. Hobby a unanimous vote.—Liberty Vindicator.

**STOMACH TROUBLE
FOR FIVE YEARS**

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Get a package today. Only a quarter.
