Gentlemen:-

There is a movement on foot etween the people of Colorado nd San Antonio to promate a rst-class highway between iese two points, and I am takg the liberty of writing you to nd out if you city would be inresed in this project.

If we find the people along his route favorable to this propsition, we will go over the enre route next month and hold ood roads meetings and atempt to complete an organizaon whereby we will be able to iterest the people in the differat counties in the improvement their roads.

The travel between South Texand Colorado will be very eavy this summer, and of urse this will be worth someto every town through chit passes. We are very xious to increase this business

mak n the roads better. Kind y advise me concerning s matter or hand this letter to heone who is actively engaged the good roads work.

The one item that has made the State of Maine one of the richest in the United States is the summer tourists. Everybody practically speaking takes boarders in Maine or if they do not themselves take boarders they work for or sell things to those who do, so that during the summer months everybody lives off of the boarders and tourists.

The town that has a good summer tourist trade is always in good shape. It better than railroads, manufactories, colleges or any other way to promote the growth and prosperity of a town, for the tourists come from a distance where things are prosperous and they bring a full measure of prosperity with them; neither drouths nor crop failures hurt the summer tourist

We cannat, however, depend on the natural advantages or logical point business, entirely, ngw days to get what you want. As witness the New Orleans 'Logical Point' campaign for the Panama Exposition, San Francisco business men just around them and took the cake.

So, if Tahoka wants the two auto roads, we citizens will have to work for them and just as hard too as though some other town had the logical point.

However, sistamatic, co-operatize work added to the natural advantages will make the securing of these to roads a certainty for Tahoka, for we have men in our town who never yet let an opportunity like this pass them by. To every farmer who attends the joint meeting of the Farmers' Institute and Tahoka Commercial Club Monday, April 21st, will be given a sample package of Winter Cantaloupe seed Absolutely Free.

The seed were secured by the Lynn County News, through W. J. Crouch, from The Modern Farm, Joe A. Williams, Prop.. San Saba, Texas. And for which we paid at the rate of \$1.00 per pound. As the Winter Cantaloupe will open a new branch of commerce if it succeeds here, and as seed were exceedingly scarce, in accord with our progressive policy we got busy and secured enough so all the farmers of Lynn County could try a few. ### You Nervous?

What makes you nervous? It is the weakness of your womanly constitution, which cannot stand the strain of the hard work you do. As a result, you break down, and ruin your entire nervous system. Don't keep this up! Take Cardui, the woman's tonic. Cardui is made from purely vegetable ingredients. It acts gently on the womanly organs, and helps them to do their proper work. It relieves pain and restores health, in a natural manner, by going to the source of the trouble and building up the bodily strength.

# Woman's Tonic

Mrs. Grace Fortner, of Man, W. Va., took Cardui. This is what she says about it: "I was so weak and nervous, I could not bear to have anyone near me. I had fainting spells, and I lost flesh every day. The first dose of Cardui helped me. Now, I am entirely cured of the fainting spells, and I cannot say enough for Cardui, for I know it saved my life." It is the best tonic for women. Deafness Cannot Be Cured Deafness Cannot Be Cured
by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies,
Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed
you have a rumbling sound or imperfect
hearing, and when it is entirely closed,
Deafness is the result, and unless the inflammation can be taken out and this
tube restored to its normal condition,
hearing will be destroyed forever; nine
cases out of ten are caused by Catarrh,
which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Pollars for any case of
