Mr. W. S. Swan is building an addition to his residence in the east part of town.

W. E. Porterfield has an acetylene gas outfit which will be installed for the lighting of his place of business on the west side of the square.

Messrs. Luke Riley and E. T. Payne will put in a gin at the Mayfield place in the south edge of the county. The farmers of that section have pledged themselves to put in cotton enough to make it pay. We see no reason why a gin should not be a paying proposition to both gin man and farmer. This part of the county is settling up real fast, and one real estate man tells us that some of the easiest sales he makes are in this strip of country.

## MERE FACTS.

Heretofore, Tex., April 11, 1907  
Mr. W. M. Moore,  
Tahoka, Tex.,

Dear Sir and Friend:—

Replying to yours of the 3rd inst. will say that we think the R. R. will build, and that work will begin soon, in fact there has already been some grading done in the town. It is a mistake that there has been steel and ties unloaded here for the new R. R. We have a contractor here trying to contract the first 50 miles of grade south from this place, but no trade closed. The line is being established and grade stakes set now. The surveyors are out five miles with the line.

Will take pleasure in giving you all the information I can at any time. I have no news of special interest. We are needing rain in the worst way, wheat and oats are suffering. I got my right thumb broken 3 or 4 weeks since, so you will please excuse my hand writing.

With best wishes for you and Walter's family, I am your friend  
W. B. Beach.

We are able, by the kindness of Mr. Moore to give our readers the benefit of the above letter. The writer is the uncle of Walter Robinson, the county Treasurer, and well known in Tahoka. This letter is conservative and states condition as they are, without any of the sensational features as furnished by the chronic kicker or boomer.

## Litwalton Locals

Mr. S. A. Gates is on the sick list.

Mr. Wilbourne has all his cotton planted.

Mr. Tui Ivy is at work on the U. S. Ranch.

Mr. Fred Thomas is freighting for the V. V. Co.

Mr. J. T. Lofton is out on his ranch again.

Our lands are getting dry, but some are still planting.

Mr. John Rodgers is breaking broncho mules for V. V. Co.

We hear that our old friend C. W. Justice has located in Andrews county.

Miss Vera Elkins is at home again. She has been teaching at Verbena.

The Llano boys are at work gathering up a herd of cows. They will drive about 500 head to Clarendon.

E. S. Bolan has shipped 2 cars of mules to Stamford, 2 to Snyder, 1 to Amarillo and 1 to Big Springs. All the mules came from Sidalis Missouri.

With best wishes to the News.  
Davie C.

## Ask For The New Material SUESINE SILK.

Every time you decide to have a new silk gown, you can have **TWO** instead of one — if you make it of **SUESINE SILK**.

This is how you do it:—Suesine Silk costs less than half as much as China silk. So, for the price of a single gown you can get two. And in addition, each gown of Suesine Silk will wear far longer than if China silk had been used. China silk is a delicate fabric and will not withstand much wear. In order to make Suesine silk strong and durable a few strands of soft, firm Egyptian cotton are woven into it, giving it a durability three or four times as great as China silk. Thus the money you spend for Suesine Silk secures not only two dresses in place of one, but they also have far superior wearing qualities.

the price of **50c per Yard.**

Entered as second-class matter July 10, 1905, at the post office at Tahoka, Texas, under the Act of Congress of March 3, 1879.

FRIDAY, APRIL 19, 1907.

The Five Million Club of Texas are planning to extensively advertise Texas, not only in every state in the Union but in every civilized country of the world. It is human nature to go to the country you read most about, and they propose to make Texas a household word. Then let our western men pull so that "Panhandle" will be the first word after Texas.—Lockney Beacon.

Why have it the next word after Texas? Let's have it read, The Panhandle of Texas.

Charley Brown of Gail came in and will make his Wednesday. He is a fine butcher and will be a member of the new firm who will manage the restaurant and meat shop on the west side of the square.

Mr. John McLaurin and Miss Ella Pearce were united in marriage Sunday April 14, 1907. The wedding party assembled at the home of Mr. T. M. Vaughn, the grandfather of the bride. Mr. C. H. Peters, of Tahoka pronounced the ceremony which bound two loving hearts for life. The marriage took place in the presence of a wide circle of relatives and friends and was one of the prettiest of the season. After the ceremony the bride and groom repaired to the home of Mr. McLaurin where they will reside for the present. The News extends congratulations and good wishes.

Brother Miller visited the Lynn County News last Tuesday and spent a very pleasant hour with us. He tells us they have been having a seige at their house: First he and his wife had a bad spell of the grippe, then a son took the measles and came to Bro. Miller's until his recovery so his family would not take them, then another member of his family took them, making about two months sickness at his house; they are all up and doing nicely at present. Bro. Miller remembered the ed. with a bushel of as fine sweet potatoes as any one would wish to see. This is only one of many remembrances of the kind we have had from his farm.

Miss Ethel Cook is clerking with the new firm of Ousley & Alley.

The dance at the court house was a feature of diversion for the young people, Thursday night.

One of the new pianos is on display at the store of W. E. Porterfield on the west side of the square.

Mrs. R. H. Millikin, of Lynn who has been staying in town for awhile, was visited by her children Thursday.

Mr. George Carey and wife are visiting his sister, Mrs. C. H. Peters. Mr. Carey is from Cuthbert, Mitchell county.

A few friends gathered at the home of Mrs. McDaniel Thursday evening and enjoyed some fine music furnished by Messrs. Thomason and Miss Bigham.

Mrs. Ellerton and two daughters of Limestone county passed through Tahoka, Wednesday on their way to visit Mrs. Ellerton's son, who lives between here and Lubbock.

The windmill out at Lewis Robinson's place blew down several nights ago, during the hard wind and he had to move the mill from his home in town to provide water for the stock. Lewis has about eighty head of fine hogs.

Mrs. Lewis, Mrs. Larkins mother, who went to Ballinger some weeks since to visit her husband, has returned as the climate down there does not agree with her. Mrs. Smith, one of her daughters, returned with her and will spend some time in Tahoka.

The singing convention at Moore's Draw last Sunday was a very enjoyable occasion. Messrs. Whipp and Claiborn of this place went to participate in the exercises. Misses Lettie Hughes, Mary Whipp, Lula and Annie Cowan, accompanied by Messrs. Hannah, Stokes and Skinner formed a merry party of young people to attend from this place. The singing was fine, the dinner excellent, and the day one of the loveliest, all tending to make this convention one of the most successful of the spring.

Mr. Otis Shook of Tahoka and Miss Mabel Porter of near Brownfield were married at high noon April 17th, at the home of Mr. Brownfield. The wedding was a very quiet affair, only a few intimate friends being present. The bridal couple started to Tahoka immediately after the ceremony arriving here in the afternoon. Mrs. Swan received them and served a dainty repast, to which ample justice was done. Mr. Shook is building a nice house in the east side where he will make his home for the future.

Mr. and Mrs. Alley went to Big Springs last week in their auto.

Mr. J. E. Stokes left town Wednesday for a trip with the Spaulding men.

The young people enjoyed a pleasant singing at Mr. Weathers' last Sunday night.

Mr. G. M. Clayton erected a windmill last week at his home in the west side.

Miss Gertrude Robinson of Lubbock is visiting her brother, Lewis of Tahoka this week.

Mr. T. M. Morgan, of Lynn, was in Tahoka Thursday and reports his wife sick.

Mr. M. E. Gilmore, who has been sick for some time, is still confined to his bed.

Miss Wright of the south part of the county is in New Mexico attending the teachers' Convention.

Lumber, lumber, lumber, just lots of it. Go to the Tahoka Lumber Co., for lumber. They have it in stock to build any thing from a hotel to a bird trap. See C. E. Brown, Manager.

Mr. Henderson who live out near Mr. Peeman's and who is a brother to Ed Henderson, had his tent burned about two weeks ago. Some books and clothing were destroyed. The building was damaged some, and the tent almost entirely demolished. There were no men about so the women had to depend upon their own efforts to extinguish the fire.

A. M. Ellis visited Tahoka Thursday. A. F. McPhaul was in town Thursday.

Go to the Tahoka Drug Store on the north side for your paint, a brand new shipment to select from.

Go to the Tahoka Drug Store and get some International Stock food to make your horse shed off clean.

The City Meat Market now have their sign up in fine shape over their place of business on the west side of the square.

International Stock food at the Tahoka Drug Store keeps your cow free of disease and increase her milking qualities.

The Staked Plains Telephone Co. had better be getting a hump on themselves for Tahoka is needing several new boxes the worst way.

Telephone No. 26, will still get the residence of W. C. Cowan, but it will no longer get the meat market for the box has been moved to Mr. Cowan's new residence.

We had quite a cold norther blow up Tuesday evening with a little sprinkle of rain, and Wednesday night there was a thin skim of ice in the water buckets that were left in exposed positions.

W. H. Keeth who lives a little north of ten miles west from Tahoka, was in to see us Friday, and had us to print doggers advertising his Kentucky jack. Attention is called to his ad. on the third page of this paper. Mr. Keeth subscribed for the Lynn County News so as to be able to keep up with the times.

The Baptist meeting will begin Saturday before the second Sunday in August. Bro. Miller hopes to get Rev. Smith to help him, and if he succeeds, a gospel treat will be in store for the church goers. Mr. Smith is a gifted man, and all who have heard him once will wish to do so again.

Dr. W. G. Hay, dentist, of Lubbock, will make a professional visit to Tahoka, Monday, April 22nd, and spend several days in his office at the Tahoka Drug Store. Every one whose teeth need pulling, filling or making over, will be attended to promptly and their individual needs carefully looked after. Don't grunt with the tooth ache, or live on mush when Dr. Hay can fix you up so you can smile at your friends and eat beefsteak at the same time.

A gospel mission tent will be erected in the Jones Addition by W. L. Self, and other people interested with him. While the denomination will be Methodist, a welcome will be given to every one—irrespective of creed—to join in worship. A great deal of interest has been manifested as soon as it was known that religious services were to be held in the tent. It was the intention to have the tent in a back yard, but one man gave a lot of land for a place for the tent, and others offered money towards building a church.

The tent will accommodate about 150, and will fill a long felt want for a place for religious services in that locality. Mr. Self, by having the tent put up, has been congratulated by the residents

of Jones Addition, and has received every encouragement. We will give full particulars of services in our next issue. The Enterprise will do everything it can to further the interests of this new religious work—Big Springs Enterprise.

If you want to get married, C. E. Brown, Manager of the Tahoka Lumber Co., can help you out by furnishing you lumber for the new house you will need. Lumber laid on the ground in Tahoka or furnished at Big Springs.

Mr. W. M. Meacham, who purchased the J. H. Conway, section east of town, made us a pleasant call last Saturday, and subscribed for the Lynn County News; so he will soon get acquainted with the citizens here.

Dr. Smith the eye and throat specialist was in town last week, and left on the auto for Big Springs Tuesday noon.

Mr. Honea, the barber went to Big Springs Sunday.

Arthur Black came in Sunday morning with another big load of lumber for their new business building.

Miss Cleo and Gladys McGonigill entertained their young friends at the new home in the south west part of town, last Friday evening. These young ladies have just recently moved to town, and will prove a welcome addition to the social set.

Holt Stokes returned Friday to his home in Gail, after spending several days with his aunt, Mrs. J. E. Stokes.

**TEXANS!**  
*This Cultivator  
Is Built  
for You*

Texas is a big state in many ways—big in area, big in crops, big in the quality of its citizens, big in its appreciation of the J. I. Case line of agricultural implements.

The excellence of our goods has gained us hosts of friends in Texas, and it is the number of these that has made it possible and profitable for us to build this J. I. Case Texas Case Jr. Cultivator "specially for Texas."

Our other cultivators will do good work in Texas—they will do good work anywhere, but the Texas Case Jr. is an implement that is distinctively Texan—one that is **built for you**.

We have the testimony of thousands of more-than-satisfied users to bear us out in the statement that there is no cultivator on the market today which is so perfectly adapted to the peculiarities of Texas soil, as the

## J. I. Case Texas Case Jr. Combined Cultivator

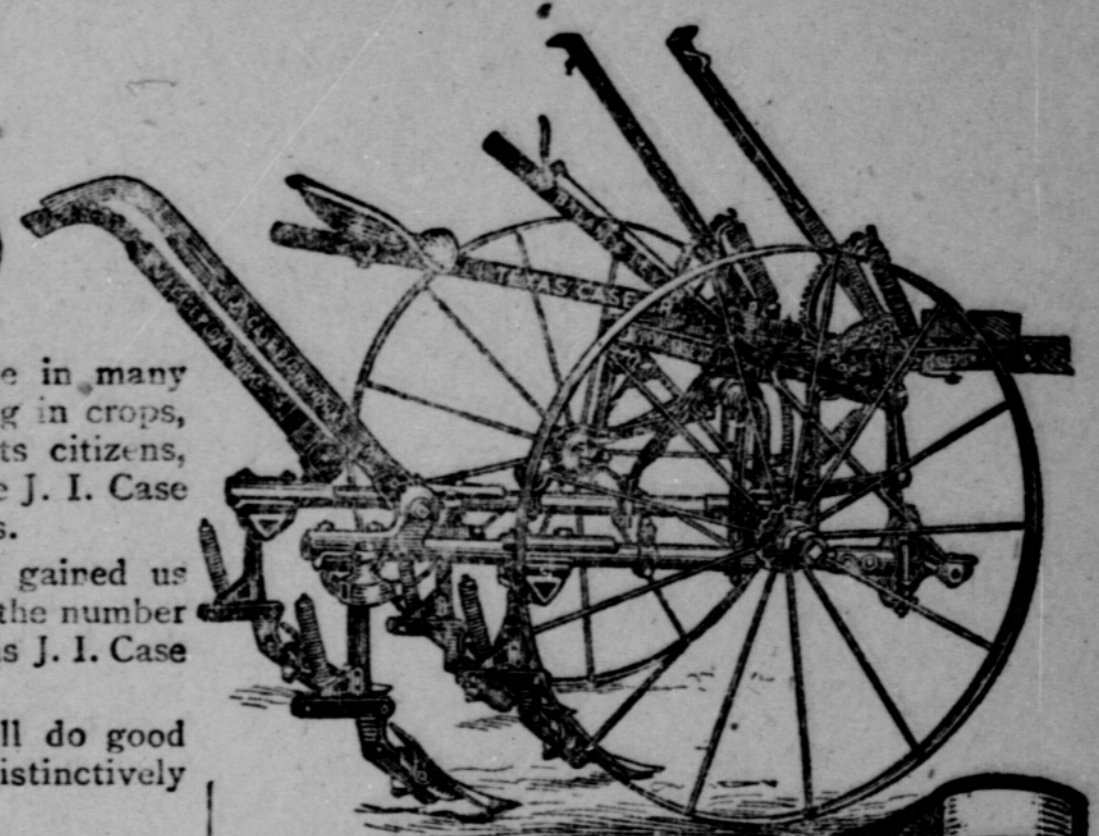

It is economical and efficient beyond all other similar implements because it is different from them. When we say that the Texas Case Jr. is **built for Texans**, we mean that **Texas experience** has been built into it—that its exclusive features and its variations from conventional design are the result of calculation based on actual work in Texas fields.

We cannot describe the Texas Case Jr. satisfactorily in this advertisement—in fact we are not sure that even our catalogue does it justice—only an actual **test in the field** can do that. But the catalogue **does** tell a lot more about it than we've told here, and if it doesn't give you a clear insight into the main points of the implement we'll find some other means that will.

Write for the catalogue today (it's **FREE**) and remember while reading it that the Texas Case Jr. is remarkable not alone for what it is, but also for what it isn't—it is entirely free from those complications sometimes called "improvements" that look good on first acquaintance, but cause you trouble and expense afterward. ### FARMER'S ENCYCLOPEDIA FREE

You need this valuable volume, no matter how large or small your farm, no matter what line of farming you do, or how thoroughly you may be posted. This book was compiled especially for us, and we are distributing the first edition to those of our friends who care to send us ten cents for postage and packing. The book consists of 164 pages, 6 1/2 x 7 1/2 inches, small enough to be placed in the pocket and carried around for immediate reference. It is fully illustrated and substantially bound in red cloth, and has been endorsed by many experts as being one of the most thorough and authoritative farm reference volumes ever printed. It is packed from cover to cover with all kinds of useful information.

It is not a reprint of an old book, but is brand new from cover to cover. When you go to it for information about grains, seed, soil, cultivation, raising, feeding or breeding stock, veterinary suggestions, or what not, you may depend upon the information being in accord with present-day methods. The Farmer's Encyclopedia, in short, is a complete exposition of husbandry down-to-date that should be in the library of every progressive farmer.

If you have not yet received a copy of this valuable work, simply tell us what implements you will need this season, enclose ten cents in stamps for postage and packing, with your name and address, and the volume will go forward by return mail. We advise promptness, as there is a big demand for the book, and this offer will probably be withdrawn as soon as the present edition is exhausted.

## A Visit to Post City

Last Sunday a party of Tahoka citizens, got a sturkey, bright and early and started for the new enterprise, Post City, northeast of town.

Charly Brown, W. K. Ray, John Chambers and J. S. Welcher, comprised the personnel of the party.

After a pleasant drive they arrived at Post City only to find Mr. and Mrs. Post accompanied by Mr. Alexander, one of the foremen, gone on a pleasure trip themselves.

Mr. Smith, the contractor, received the visitors and entertained in fine shape and invited them to share a nice dinner with him and otherwise exerted himself for their entertainment. Mr. Post and party returned in the afternoon and showed the gentlemen from Tahoka every courtesy. Mr. Post, though about fifty years old is a very young looking man and is as energetic as many who are younger.

Mr. Alexander is a farming and irrigation expert, and will test this soil and climates virtues to its fullest extent. The main crops to be exploited are sugar beets and cantalopes. There is no reason why Mr. Post should not develop a trade in this luscious melon to equal the famous Rockyford, which is familiar to all good gardeners as well as lovers of goodies that grow on a vine.

Mr. Curtis has charge of the commissary department, and has in stock not only all kinds of canned and package goods, but harness and all the clothing needed by the hands who are working for Mr. Post, they have no regular store to accommodate outside custom as yet. Mr. Brown tells us they have a carload of implements to be used by the colony, which comprises twenty tents and the commissary headquarters.

Mr. Post and party have vans fitted up for their use which puts them in as comfortable quarters as they well could have in a camp.

Mr. Brown in his usual brisk manner of combining business with pleasure, sold a nice block of land while in the new town.

The teams are provided with good sheds.

This new town will probably be equal to the towns built by Pullman and Carnegie, at the very least it will prove a formidable rival to Battle Creek. Mr. Post's first town. The older town just grew, and this town is being built according to a specified plan.

C. S. Brown who has been keeping a meat market here for the past six months left us Wednesday to do a market business in Tahoka. Mr. Brown kept a nice market here, well supplied at all times and did a good business. He will be greatly missed, and his place hard to fill.—  
Borden Citizen.

Mr. Reed has a windmill on his new place in the west part of town.

We received 25 cents for three months subscription to the Lynn County News, from Miss Mary Addison, Knapp, Texas. Much obliged, Miss Mary, we hope you will find much in the News to please you during the three months.

Uncle James Chambers paid us a pleasant call Thursday morning, talking over the dry spring and the political situation in general. Uncle James has a nice habit of leaving a dollar with us every spring.

One of the most dastardly crimes was attempted at Gail last Tuesday night. Some malicious person attempted to burn the Stokes house and murder the 15 or more inmates. The floor of the office was kerosmed, sulphur and carbon were added and the mixture fired. Holt Stokes, the proprietors son, was the first one to feel the effects of the smoke, Mr. Brown, one of the guests, was the first to reach the front door and let in the fresh air. The guests were roused and gotten out as quick as possible, but all were so overcome by the poisonous fumes as to be past speaking. There were no fatalities although some of the inmates were quite sick as a result. This is the first instance of this kind that we have ever known in the west, where keys are seldom used and everyone is your neighbor. Nothing should be left undone to punish the creature who could attempt anything of so diabolical a nature as this. Mr. Stokes and his family deserve better treatment than this, as they are a splendid addition to any town. We understand that a reward of over \$500 has been offered for the apprehension of the guilty party.

**PNEUMONIAS DEADLY WORK**

**BEFORE the FIRST**—We must collect all accounts due us. We have sold our business and give possession the first of May; so all sales must be for cash, and all accounts must be settled by the above date, so we can close our books.  
Smith & King.

**TRADE**—With the Tahoka Lumber Co., and keep your money at home. You get your lumber just as cheap. Go to U. E. Brown, Manager, and do some figuring before you buy.

For Sale—50 bushels of fine home raised Bohemian Cotton seed at my place 10 miles north of town at 40 cents per bushel W. T. Fenn.

**STRICTLY CASH**—Having sold out our Hardware Business and giving possession as we do on the first of May, we request our customers not to ask for credit which we should have to refuse, for we must now do a strictly cash business.

**\$3.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR**

Regular Price \$3.50 per pair.  
**To Introduce We Will Sell You a Sample Pair for Only \$4.80**

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

**NO MORE TROUBLE FROM PUNCTURES.**  
Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.  
Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

**DESCRIPTION:** Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$5.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

**COASTER-BRAKES,** built-up-wheels, saddles, pedals, parts and repairs, and prices charged by dealers and repair men. Write for our big **SUNDRY** catalogue.

**DO NOT WAIT** but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
