WANTED—A few music pupils for instruction on the piano. See Mrs. A. B. Ellis, at the McLoud place, east of the square, Tahoka. 28-31

A Mr. Manly, of Fisher county unloaded a car of household goods and farm property here the first of the week, on his way to his farm 14 miles southwest of Slaton. He recently purchased 320 acres here, and thinks he has about the best piece of farming property in the United States.—Slatonite.

Yes, Mr. Manly has an extra fine piece of land, and within 12 miles of Tahoka, the county seat. We understand that Mr. Manly cannot get possession of his farm for some months so he has rented the old Virgil Coughran place here in Tahoka and is putting in quite a truck patch.

If it is coal oil, gasoline, lubricating oil or axle grease you want, the Garage is the place to get it, Tahoka, Texas. 28-tf

Just arrived a large shipment of stylish, up-to-now, ladies' dress hats. Come in and see these hats at our store on the north side of the square, Tahoka, Texas.—J. B. Keever. 31-1t

The Fifth Sunday Singing Convention

The Fifth Sunday Singing Convention met in the Methodist in Tahoka Sunday March 31st, and was called to order by the president W. B. Bishop, next came the invocation by C. M. Whipp, after which the following delegates were seated:

From Treadway: Miss Gazzie Curry, Miss Mamie Jones, Miss Maudie Coff and Miss Annie Bell Jones. Mr. S. L. Jones, President, Miss Gazzie Curry, Sec.

From Lynn: Mrs. May, Mrs. Joe Baldridge, Don Hatchett, Jesse Hatchett, Jesse Murrah, Miss Laura Murrah and Miss Bertha Hatchett. Jesse Hatchett, Leader, Miss Bertha Hatchett, Organist.

For Tahoka: C. A. Thomas, Ray Skinner, C. M. Whipp, H. C. Crie, Boyce Hatchett, G. R. King, Miss Alice McIntyre, Miss Kate Ketner and Otis Bishop. C. M. Whipp and Boyce Hatchett, Leaders, Miss Alice McIntyre, Organist.

The most of the afternoon was spent singing under the leadership of different ones. The song rendered by the Lynn Class being exceptionally fine as were also the trios. It is to be hoped that at the next convention there will be more class singing.

By a unanimous vote W. B. Bishop was reelected president, of the Fifth Sunday Singing Convention; but, Boyce Hatchett lost his office as secretary, to Miss Annie Bell Jones, of Treadway.

After several stirring speeches one especially stirring one by C. M. Whipp in favor of Lynn as a very good place to sing on the ground and eat dinner all day, Lynn was chosen as the place to hold the next convention, on the Fifth Sunday in June.

Let's have Tahoka represented at Lynn by at least three good, well organized, well trained singing classes—one from each of the three churches. Get busy.

History of the B. Y. P. U. at Tahoka

The B. Y. P. U. of Tahoka, Texas, was organized February 14th 1911. About fourteen people entered into this organization as charter members. Rhea Skinner was elected president; and the Church elected Bro. and Sister Honea and Prof. O. T. Bryant as a committee to nominate the other officers of the Union. The following officers were elected: Boyce Hatchett vice president and Miss Mary Howell secretary; after which the President appointed the committee to complete the organization.

The B. Y. P. U. in its incipency was small and weak, and the way before it looked dark and gloomy. People on every hand predicted for it a short life. It was only by the determined efforts of its loyal and heroic officers that it survived during those discouraging times. But all human progress is the result of conflict and self sacrifice.

THREE LAKES NEWS.

As I haven't seen anything in your estimable paper from the thriving community of Three Lakes for some time, I will try to find some way for us to get our names in the paper.

Health in our community is very good at the present time with the exception of a few with bad colds.

Mr. and Mrs. R. L. Darrow have a fine new girl at their house. Both mother and babe are doing nicely.

The sandstorm Monday evening was enjoyed by all.

G. W. Hickerson and family spent Saturday and Sunday in Tahoka visiting friends and relatives and attending the Fifth Sunday Meeting.

Edwin Holt, of Pleasant Valley, Terry county, passed through our community Friday enroute to T— on business.

W. B. Edwards and family spent Saturday and Sunday in Tahoka.

John Yates, of Lynn, spent Thursday and Friday with his parents, Mr. and Mrs. W. A. Yates.

Mrs. Marshall and Miss Linnie Babston attended the Fifth Sunday Meeting Saturday and Sunday.

T. C. Marshall spent Sunday with Otis Kaigler

Some of our young people spent Sunday night in Tahoka on account of the rain.

Otis Kaigler dug out a wolf den nine feet deep the first of the week. He found two common field mice of which he is very proud and has sent them off to a taxidermist to be mounted.

The road to victory leads by the "Way of the Cross" and our B. Y. P. U. has passed that way.

The interest of the B. Y. P. U. continued to grow with each successive meeting. The programs were well arranged and ably rendered, the committees were so careful that the number who failed to report was exceedingly small.

The officers and working members have ever sought to devise ways and means whereby every member of the Union would be developed into an efficient workman for the Master, but the evangelization of the young people of our town has been the supreme aim of the Union.

In May the B. Y. P. U. held an Institute conducted by W. H. Wright. This proved to be very beneficial as about 45 of our young people attended this Institute and 37 received diplomas which certify that 37 of our young men and women completed either the B. Y. P. U. Manual or the Graded Sunday School Course by Dr. Beauchamp. This is the greatest number of diplomas that the Southern Baptist Sunday School Board has ever delivered to one B. Y. P. U. in West Texas. This is a distinction of which we are justly proud. Miss Mary Howell was sent to Stamford in June as a delegate to the B. Y. P. U. Assembly, held there. This was of great benefit to Miss Mary and to the Union at large. And recently two delegates, Miss Coy Williams and Miss Mary Howell, were sent to Plainview

EDITH NEWS ITEMS.

There was no Sunday School at Edith Sunday on account of the Singing Convention and the Fifth Sunday Meeting at Tahoka.

Mr. and Mrs. A. R. McGonagill entertained the young folks at Edith Saturday night. Most every one present enjoyed themselves to the top. Some of the boys sat down in a tub of water that had been carefully left, which created a good laugh.

Jim Skiliska was a Post visitor Saturday.

Mr. Guy King and family spent Sunday in Tahoka attending the Singing and Baptist Meeting.

L. E. Bigham and Mrs. Hutto visited their parents in Tahoka Saturday.

I. W. Meyers, of Lynn, was poisoning dogs off of his land near John Henderson's Saturday.

Mr. G. F. Shattuck returned to Post Saturday after a three weeks stay on his farm.

Earnest Porter and Miss Agnes Campbell were among those of Edith to attend the Singing.

Mrs. King spent Monday with Mrs. Beulah Shattuck.

Mr. and Mrs. Irvin Shattuck spent last Sunday with Mr. and Mrs. Campbell.

Judge Stokes and wife spent Saturday night and Sunday with A. R. McGonagill and family.

Mr. and Mrs. Jim Hutto went to town Tuesday after a load of feed.

Mrs. Beulah Shattuck spent Tuesday evening with Mrs. Hobson.

Mr. and Mrs. Bigham, Mr. and Mrs. Snider, Miss Neta Bigham and another young lady spent Sunday with Mr. and Mrs. Jim Hutto.

Mr. Guy King is working in Tahoka this week.

to the Sunday School Convention. We are expecting to hear great things on their return.

Last August the B. Y. P. U. Library was begun with five or six books; today the Library, including the bookcase is valued at \$75. It is the hope of our Union to place soon in the Library a bible commentary, bible dictionary and all the Sunday School helps. The books are being extensively read and have proved of much help to the entertainment committee in arranging the programs.

The progress of the B. Y. P. U. had indeed been phenomenal. It has grown from a weakling to a strong, well developed body. The present enrollment is about 35. The prospects for the future are bright. Under the wise leadership of our most efficient president we expect to accomplish great things, and to move on from conquest to conquest. But to accomplish this high aim, will mean harder work on the part of every one. Let us give our lives to this great work and the God of Heaven will richly reward us.

The Baptist Fifth Sunday Meeting.

The Fifth Sunday Meeting which has just closed, was the greatest and most helpful that the writer has ever attended in the Brownfield Association; however it was small in point of numbers. The preachers of the Association—Bros. Dixon, Vinson, Thomas, Arbuckle and Miller were all here to render their parts on the program. They are a great set of men, men of great mental ability and great heart power, men who love the Cause and love God's Word.

The program for the most part dealt with the great fundamental doctrines: The Church, the Covenant of Redemption or Salvation by Grace, Baptism, Missions, which is a doctrine about which our people know very little. God help us to educate our people on the great doctrines of Missions, Christian Education and Assurance based on the eternal promises of God. Each one of these great doctrines was discussed in a masterly way and the effect of these meetings will be far reaching for good.

For the encouragement of our people, I give the amount of money given to education since September: \$85 to the general evangelizing fund, \$225 to the general endowment fund, \$10 to the Baylor endowment fund and \$40 to Wayland Baptist College. Beside the other institutions of our Church have been liberally supported.

We have a great people here, and with their prayers and assistance we mean to make this year the greatest in the history of the Church.

FOR DISTRICT JUDGE

In the proper column of this issue of the News will be found the announcement of Hon. John H. More, of Lubbock, for the office of district judge, subject to the primary of July 27.

This is an important office, and the people of the district should be careful as to the man they place in the office, and knowing this he asks the voters to make a careful investigation of himself, believing that the more they investigate the matter the better it will be for him.

He was raised on a farm, in Grason county, Texas, though a native of Cherokee county, Ala. He remained on the farm, and teaching school till he was nearly 30 years of age, and then took a course in law at the University of Texas, from which institution he graduated eight years ago. He practiced his profession at Van Alstyne, in Grayson county, until his removal to Lubbock three years ago, where he has been connected with some of the most important cases in the courts of that county, as well as cases on appeal in the higher courts of the State. His practice has been a successful one, and he well equipped for the office of district judge. He is a young man near 40 years of age and stands four square on all issues before the people.

It will be remembered that he

Lynn County Conditions Good.

We have had one of the coldest and wettest winters this year that we have had for several years, and while the spring is rather backward, taking everything into consideration we can not remember a spring when conditions in Lynn county were ever better.

Take the farms all over the county and there has never been as much plowing done in the fall and early winter before. Much of the plowing this year has been done deeper than usual, the land has in many instances been harrowed immediately after plowing, thus breaking up the clods and holding the moisture. Then the early plowed land catches and holds all the moisture that falls during the winter and the continual freezing has further pulverized the plowed land and put it in a high state of cultivation.

The fruit that so many people said was winter killed, is now beginning to blossom out in good shape and promises to set just enough fruit to produce a nearly perfect crop.

The fine season in the ground makes an abundant garden crop almost a certainty. The grass is coming fine, and every thing looks lovely. Come to Lynn county and be happy.

was one of the applicants for the appointment last year, and had very strong endorsements for the place from the bench and bar of Texas, among whom was the Chief Justice of the Supreme Court of Texas, who has known him for a long time, and knew of his practice and his life.

The Lubbock Avalanche his home paper speak of him in the highest terms, and says:

"Mr. Moore has been a citizen of Lubbock about three years, and has impressed all with whom he has come in contact, with his sterling character, soberness of thought and legal ability. Those who know him best, both as a man and an attorney, think most of him and are his best friends.

"He seeks the office on his own responsibility solely. And his education, legal knowledge, strict morals, vigorous mind and body, habits of life and thought, make of him a judicial temperament, and peculiarly fitted for the office he seeks.

Mr. Moore is in the very best years of his life, and since the office requires a man of vigor body in mind and body, together with the legal ability for which he is known, we bespeak for him the careful consideration of the voters of this county, and the district, when they are making up their minds as to whom they will support, for the office of district judge. He is a man, who will reflect credit upon himself and office, should he be elected, and the people will be pleased that they have such a man as the judge of the district.

He submits his candidacy to the people, to whom the office belongs, firm in the conviction that if they will honor him by placing him in this office, he will be able to give them such an administration of the office as will meet their hearty approval, and that will result in the saving of the peoples time and money. Consider him well before you decide to cast your vote.

TEXAS NEEDS GREAT MEN

XXXII. GOVERNING

PETER THE GREAT, standing at the tomb of Richelieu ex-claimed, "Thou Great Man, I would have given thee half of my dominion to have learned of thee how to govern the other half," and Peter the Great was one of the most progressive monarchs of any nation or age. The greatest rulers the world has ever produced are those who sought wise counsel from their associates and profited by the experiences of others.

Knowledge is the most valuable element known in human life and to government it is the most powerful asset in civilization.

PETER THE GREAT AT THE TOMB OF RICHELIEU.

Let that country feel secure whose rulers cry aloud for wisdom and who are anxious to exchange power for knowledge and sacrifice ambition for intelligence to the end that the throne may become the fount that makes the brook of industry flow and flood the land with a golden stream of happiness and prosperity. TEXAS HOSPITALITY

We Shake Hands With 250,000
Tourists and Welcome 69,000
Immigrants Annually.

True Southern Hospitality abounds in Texas. We frequently visit each other at our homes, shake hands with 250,000 tourists and welcome 69,000 immigrants annually to their new Texas homes, and royally entertain many National conventions. We have many parks and public places for recreation and amusement.

We are equally as generous and hospitable to capital. We have given the right of way to railroads, factory sites to industrial enterprises, built a new town every thirty days, opened up 6,418 new farms per annum and looked after the comforts and conveniences of all forms of investments, in addition to cultivating 10,000,000 acres of cotton, 8,800,000 acres of corn, 1,252,000 acres of wheat, cut 1,310,000 acres of grass, gathered fruit from 25,000,000 trees, taken care of 13,000,000 head of live stock and manufactured \$178,179,000 of raw material, as well as run the errands of civilization. We are doing considerable construction work, and we offer no apology to visitors for our physical appearance, as our trash is the litter of the work-shop and our dirt the smudge of toil; but we are always glad to answer questions and never too busy to show visitors through our store-house of opportunities; in fact, our liberality with our advantages has been the marvel of visitors and the opportunity of outside capital.

We Are Good People.

Texans have all of the nobler impulses of human life, and many of our virtues abound to an unusual extent. We entertain capital, and take

THE TEXAS PORK BARREL.

As a revenue producer, the Texas hog undoubtedly excels every other animal on the globe and enjoys the distinction of being the only animal that can swell a bank account by emptying a swill barrel. He is the favorite of the barnyard, a leader in packing house society and occupies first place in the larder of the consumer. In addition to consuming all the pork we produce, we ship in 100 carloads of pork per week and our annual consumption excels production \$24,450,000.

FOLK-LORE IN TEXAS

At the recent annual meeting of the Texas Folk-Lore Society held in Austin, a very distinctively western topic was handled by Mr. R. M. Anderson of Uvalde—a student of the University—under the title of Folk-Lore in Cattle Brands. The brands, he stated, were largely a matter of the owner; but these whims proved a sort of monument to his character. The man who marked his cattle with letters from the Greek alphabet was evidently no uneducated lout; the man, who tamped a whiskey jug on his sober and unsuspecting steer was probably not a teetotaler; the man who used a brane that seared its way from the jaw to the hind foot was evidently not especially humane.

Then there was the brand es-

THE TEXAS BARNYARD.

When Uncle Sam wants to bring all the nations of the earth to a full realization of their dependency upon him for their very existence, he takes them through his Texas barnyard—13,000,000 head of live stock—and when he opens the gate and turns our stock out in a pasture as large as the German Empire, almost as great in area as the thirteen original colonies, three times larger than Japan, it is the grandest sight in 20th century civilization.

The Texas Welfare Commission is inquiring into the raising and marketing of Live Stock. Col. I. T. Pryor of San Antonio is chairman of the sub-committee having the subject in charge.

TRUTHFUL TEXANS

All Persons Inclined to Prevaricate Should Move to Texas Where Truth Abounds.

To the persons who come to Texas, the things we have, speak in such thundering tones that they can hardly hear anything we say, but telling the truth is one of the strong points of the Texan.

In fact, it is almost impossible for a man to tell an untruth about the magnificent resources and wonderful possibilities of Texas. With all our efforts to describe them, the half has never been told. Many citizens, wholly unreliable in other states, have moved to Texas, where their imagination can revel in pine forests greater in area than the wheat fields of the Dakotas, roam in cotton fields as large as half the New England States, wander over 50,000,000 acres of virgin prairies, explore mountains of minerals and inspect the foundation timbers of the greatest civilization the world has ever known, and they become perfectly honest and highly respectable citizens. Any person who has the least inclination to prevaricate should come to Texas, where the realities so far exceed the wildest fancies of the most vivid imagination, that it is almost impossible to exaggerate.

In fact, the Texan is, as a rule, very modest in his statements and is so afraid of overestimating the advantages and possibilities of his country, that his conservatism is frequently mistaken for ignorance, and he unconsciously allows his intellect to suffer in order to avoid the remotest suspicion of his morals; but the completion of the Panama Canal will open up such wonderful possibilities that we shall speak out with more courage.

We Are Energetic as Well as Truthful.

There is no more progressive citizen on the globe than the native Texan. He is by nature an architect and by practice a builder. Out of raw prairies and a howling wilderness he has erected a magnificent empire; he found cotton a weak and struggling industry and made it the king of products. He has taken the Texas steer, a wild, reckless denizen of the plains, and made of him a commanding genius of the world's markets.

THEY GOTTA QUIT KICKIN' MY DAWG AROUND

Following are the words of that famous Missouri campaign song that is just now making such a hit in many sections of the country:

Wunst me 'n Lem Briggs 'n ol' Bill Brown
Tuk a load of coawn to town,
And ol' Jim-Dawg—the ory cuss—
He jest' nachelly followed us.

CHOROUS

Every time I cum to town
The boys keep kickin' my dawg aroun',
Makes no diff'rence if he is a houn',
They gotta quit kickin' my dawg aroun'.

As we drive past Sam Johnson's store
Passel o' yaps cum out the door;
When Jim, he stops to smell a box
They shied at him a bunch o' rocks.

They tied a tin can to his tail
'N' run him past the countp jail;
'N' that plumb nachelly makes me sore,

'N' Lem he cussed 'n Bill he swore.
Me 'n Lem Brigs 'n ol' Bill Brown

We lost no time in jumpin' down,
An' we wiped them ducks up on the groun'

Fer kickin' my old dawg aroun'
Folks say a dawg kaint hold no grudge,
But wunst when I got too much budge,

Them town ducks tried to do me up,
But they didn't count on ol' Jim-pup.

Jim seed his duty thar an' then,
An' he lit into them gentlemen,
An' he shore mussed up the cote-house square

With rags 'n neat 'n hide 'n hair.

Bible Study Among Students

Seven years ago the Missionary Society of the Christian Church established near the University of Texas campus suitable building in which to conduct classes studying the Bible. From the very beginning many of the student, having come from Christian homes, desired to pursue Biblical studies under the leadership of a teacher fitted especially to give such instruction, and they found in these buildings their opportunity. From the very beginning, also, many students actually came. The work grew in such a way that permission was asked and granted to allow students taking Bible courses to receive credit for the work toward a B. A. University degree. In reality, this is the first year under this arrangement. The courses are made equivalent to University courses. About forty students are taking advantage of this opportunity. The University of Texas is on the same basis as Christian schools throughout the State, so nothing unusual has happened in acknowledging the Bible work. This bit of news ought to be a comfort to many parents anxious for the religious welfare of their children.

HAVE YOU EVER TAKEN CALOMEL?

Next Time Don't Do It. It's Dangerous. Try Dodson's Liver-Tone Instead—It's Safe

You ought to know what a dangerous and uncertain drug the chemical, calomel, is. Perhaps you know several people who have been salivated by what they thought was a very light dose of calomel.

Next time you have an attack of biliousness, or when your liver has gotten sluggish come to McGill's Drug Store and ask for a bottle of Dodson's Liver-Tone. You will find it a pleasant tasted liquid and a perfect substitute for calomel in every respect and without the dangerous effects of calomel.

Dodson's Liver-Tone gives the liver just the amount of gentle stimulation it needs to induce it to do its work properly and thoroughly. McGill's Drug Store will give you your money back any time Dodson's Liver-Tone fails to prove itself a perfect substitute for calomel.

S. N. McDaniel's new grain and hay warehouse down by the railroad on East Porterfield street, is almost completed. The front of the building will be used as an office, and next week will see Mr. McDaniel permanently located in his new quarters, and he will be in much better shape to serve the public satisfactorily than heretofore as he will have the coal and grain all close together where everything will be convenient for all parties. Let the good work of improvement go on. Watch Tahoka grow.

There was a photographer in Tahoka this week who took some nice interior views.

Vol. 8 TAHOKA, TEXAS, FRIDAY, APRIL 5, 1912. No. 31

Let's every body in Tahoka get busy this week and clean up our premises before the weeds get up?

We are in receipt this week of Vol. 1 No. 4 of the Abernathy Two-County News, with L. D. Webster at the helm. The News is a nicely gotten up, well patronized, 5 column, half patent quarto, and we wish them all the success possible.

Spring time is here and summer will be coming soon, and summer time means hot weather. Clean up your premises of all filth and use lime freely for where there is filth there is disease. It will be just as easy and less expensive to clean you premises now than to wait till some of your family is sick and you have to clean up under the doctor orders.

The are in many communities successful business men who stand like a stump in the highways of progress and in such a situation the undertaker is an important factor in development. Scarcely a day passes that they do not add a new terror to death by refusing to join with the public spirited citizens in a movement for the upbuilding of their city or by their indifference snag an industrial enterprise.

It takes live men to build a city and there is no sadder sight in municipal life than a few noble spirited citizens staggering under a weight of dead timber. The undertaker is often a developer.

"Eternal vigilance is the price of Liberty" and eternal vigilance, only, on the part of officials charged with the labor of looking after the public's interests along the lines of fire prevention, as well as on the part of the individual citizen himself, can eradicate these causes of fire.

It will be remembered that 15.5 percent of all dwelling fires result from flues. The question that naturally follows is what is the condition of the flues in your home and was the last flue inspection made?

Remember the old prover that "It does no good to lock the stable door after the horse has been stolen." After every high wind you should examine your flues as there are very few houses that are so strong that they don't tremble enough to jar a flue loose.

Politics is the only occupation on earth that has been successfully followed without either ability or preparation. The door of public preferment has swung wide open to many a candidate who never read the Constitution and knew no more about our statutes than he did of the laws of the Medes and Persians.

In fact, many a man in public life whose success exceeded that of his neighbor has found him self envied and discredited by his colleagues and constituents. It has been aptly said of many a foremost politician that:

"He didn't use his muscle fat, He didn't use his brains, But in the Legislature sat, And tried to stop the trains."

But we are beginning to recognize that government is a big business institution and those who would ride in the chariot of state must be able to do something more than chloroform the Constitution.

CHILD BURNED TO DEATH IN BOREEN COUNTY

While Standing Vround the Wash Pot Edith Davis Catches Dress On Fire—Dies Sunday

Late Saturday Afternoon March 23rd, the little daughter, Edith, of John Gilmer Davis who resides in the south east part of the county, caught fire while standing at the wash pot. Her little brother Johnnie, picked her up and ran around the house with her to a tub of water and put the fire out but the burns were so severe that she died Sunday morning about 4 o'clock.

She was severely burned on various parts of the body and limbs, but the burn that proved fatal was under the left arm near the heart. The little girl was only four years, six months and one day old.

The funeral services were conducted by Rev. C. F. Carmack at the church at Durham Monday.

There were a large attendance. All the Durham neighborhood and school and the Murphey neighborhood and school were in attendance.

Mr. Davis is one of Borden county's early settlers and we extend him our sincer sympathy in this his hour of bereavement.—Borden Citizen.
