From the way the new plows are being hauled out of Tahoka it looks as though our farmers were going to put in considerable new land. This is what we need, more farming and better farming, for this is a good farming country.

Sante Fe Surveyors.

A. P. Kittrell, Chief engineer and a party of sixteen assistants were in Snyder last week. Mr. Kittrell is working for the Sante Fe railroad and will begin surveying north of Snyder where Mr. Duvall left off on the Snyder, Roscoe & Pacific road and complete the survey on northwest to Texico complete the survey for the main line of the Sante Fe cut off between the Gulf and the Pacific.

Mr. Kittrell and party started from Talpa on the San Angelo branch of the Sante Fe and crossed the Orient about sixteen miles south of Sweetwater and the Texas & Pacific road at Roscoe. Mr. Kittrell further stated to a representative of the Coming West that the survey would also embrace Lubbock - Snyder Coming West.

You can get your clothes cleaned, pressed and repaired from \$1.50 to \$2.00 per suit by sending them to the Lubbock Tailor Shop Lubbock Tex. Express charges paid one way on one suit both ways or more than one.

Headquarters at Hereford.

We have received instructions to change Mrs. J. H. Ransom's Lynn County News from Boulder, Colo. to Hereford, Tex. This leads us to believe that Col. Ransom is making Hereford his headquarter and that means railroad work to begin soon. Now, the towns in particular and the country in general had better get up and hustle or they will find some other "Little Tommy Tucker" has put in his thumb and pulled out the railroad plumb and they will be left looking solemn and wondering how they did it. It is time for Tahoka to do something definite and be ready to make an encouraging report to the "Powers that be" or some other enterprising town will take our place on the line of survey.

Enterprise and "git up and git" count as much in small towns as large ones, in fact it is what make large towns out of small ones, and the size depends mostly on the amount of enterprise shown.

Dr. Hay, the Lubbock Dentist will be in Tahoka Tuesday and Wednesday the 15th and 16th of January. He will office at the Tahoka Drug Store.

Grading continues on the Roscoe, Snyder & Pacific railroad.

The 120 page, New Years edition of the Dallas News was an example of what can be done in a great newspaper office. While most of the articles were written about Dallas, and Dallas merchants, it was interesting to those who had never visited that city, and must have been a treat to those who renewed acquaintance with well known scenes and persons, through the vivid portrayal contained therein. The News is now 21 years old, judging the future by the past, what will it be 21 years hence. It is beyond us to say, so we must wait and see.

Mr. E. D. Skinner, whose address is to be seen on another page of this paper, has had some new Note Heads, Envelopes, Business Cards and some special Cards, printed by H. C. Mr. Skinner is making a specialty of locating people on 160 acre blocks in Lynn and adjoining counties, knowing full well that any man who has energy, can make a good living on a farm of that size on the plains. Notice of Dissolution

We take this way of informing the public and our customers, that the partnership hitherto existing between J. E. Stokes and G. H. Wells, is now dissolved, as we have sold our hardware business to G. W. King and H. C. Smith. We ask for these gentlemen the same kind treatment that we have received from the citizens of Lynn County. Those who know themselves indebted to us will kindly call and settle up as soon as possible as Mr. Wells wishes to move at once, and we must close our accounts immediately.
