

President Taft to Speak at Post, December 18th

President, William Howard Taft, will deliver a lecture on the subject—"Our Place among the Nations" at Post on Saturday night, December 18, 1920.

This lecture will be given under the auspices of the Post Chamber of Commerce and will be delivered in the Colonial theater in that city, which seats 1,000 people.

Representatives of the Chamber of Commerce were in Tahoka Thursday advertising the date and placing tickets on the local banks. Those going to hear Mr. Taft on the date should secure tickets

admission will be \$2.00 per person.

Any Lynn county citizens will themselves of the rare opportunity of hearing Mr. Taft.

Mr. H. Weaver, cashier of Guaranty State Bank, made a business trip to McAuley the day before.

H. Turner returned from county Monday where he had been attending to business.

A. Shook transacted business in Amarillo the first of the month.

Officers Take Oath of Office

News failed to mention in the issue of the inauguration of the new county officers on Monday the 1st inst., this having been set by the Provisional Court when all should present their oaths and take the oath of office.

Old and new officers in county presented their oaths and were sworn in.

Officers to make bonds were the oath of office were: Elliott, County Judge; officio superintendent of instruction. Hansford, tax Assessor, and Commissioner, J. E. Armistead of the Grassland community.

To W. E. Steen and W. Wilson, on November 1st, a girl. SLATON

to Mr. and Mrs. W. B. Monday, December 6th,

J. H. Hunt, newly elected of the first Baptist in Tahoka, arrived here and filled the pulpit at Sunday. The News to report that Mrs. Hunt is seriously ill in a sanitarium at Dallas, thus delaying the arrival of the family to our town. Hunt returned to her Monday and it is expected that they will be back in the latter part of the month.

Elmer Coughran and returned Saturday where they spent days last week on a business pleasure trip. Ross re-arriving killed several while there and stated me was plentiful in that

Sullivan and family returned latter part of the past from Ira, Scurry County, they had spent the past weeks. Mr. Sullivan of the News that Lynn was in much better condition than other parts of the visited, and that the should be well satisfied with conditions here.

Auto Wreck

Last Sunday afternoon Frank Edwards, Ransom King, Clyde and Rollan McCord, while joy riding in Garza County, near Ragtown, narrowly averted serious injuries when the car in which they were riding turned turtle. Young Edwards was more severely hurt than his companions, receiving a broken rib, a lacerated hand and was unconscious for several hours.

In attempting to turn out to pass an approaching car the big Nash Six became overbalanced and was considerably damaged in the wreck.

All the victims in the wreck are able to be up and about as usual.

A. P. Edwards had the misfortune to break his arm on Wednesday of this week, while attempting to crank a Ford car.

Rev. W. C. Hinds, pastor of the Methodist church, went to Amarillo Wednesday, on business matters in connection with the local church. The pastor expects to return home today.

The progressive drug firm of Thomas Bros., this week decorated their show windows with a small Christmas tree and other Christmas articles, reminding shoppers of the rapidly approaching Yuletide season.

Mrs. J. L. Heare was called to the bedside of her father at Mineral Wells, Sunday, who was reported dangerously ill.

T. H. Nichols returned the first of the week from Qunah, where he spent several days looking after his property interests in that section. He reported conditions in that section much worse than here in Lynn County.

Douglas Henderson, who has held the position as head mechanic at the Bradley Auto Co., the past several months, resigned last week and will probably enter other fields of labor.

Mrs. H. M. Rawlins, of Avoca, and Mrs. W. T. Tunstall, of Waco, returned to their respective homes last Saturday after a short visit with their son and cousin, Chas. Tunstall, of Tahoka. This was their first trip to the Plains and they gave us their loudest praise, and they are considering very much of returning at an early date.

Baptist Denomination to Have Christmas Tree

The Baptist denomination of Tahoka at the close of Sunday school last Sunday, unanimously decided to have a Christmas tree on the Friday night, December 24th. Committees were appointed by the Superintendent, J. C. May, to arrange a special program of music for the occasion. All the kiddies, as well as grown folks of the town have a cordial invitation to be present at the Baptist Christmas tree, on the 24th.

COMMITTEE

W. E. Henderson, at one time living in Tahoka, and at present owning two or three sections of land in Lynn county, was in Lubbock this week. Mr. Henderson is making his home in Dallas now and is up visiting and looking after business interests. He is a cousin of John E. Henderson, book keeper for the Avalanche Publishing Co. Mr. Henderson is getting ready to make a trip to Southern California, where he will spend the winter.

SCHOOL NOTES

High School Department

The High School Department has, as yet, a serious attitude toward school work, notwithstanding the fact that the Christmas holidays are so rapidly approaching. School will be dismissed for the holidays on the 17th of December, which will be a week from this Friday. The teachers will spend the week prior to Christmas attending institute at Lubbock.

There is quite a number of students absent from school due to illness. The high school students are, Elie and Conard Lam, Frank Edwards, Vernon Davis. We are hoping they will soon be better and be back in school.

NINTH, TENTH AND ELEVENTH GRADES.

Last week was the beginning of the fourth month of school, the last month previous to our Christmas vacation. Everywhere on the school grounds can be heard rejoicing and shouting in regard to the approaching holidays. The teachers, as well as the students, are looking forward to the holidays, even though most of them have too far to go home for Christmas. Next week, we will take our "exams" for the fourth month, then, there will be no more "sleepless nights", over History, English, Latin Algebra and Geometry, until after January the first.

Our classes are still making rapid progress in most all their work. In English, the ninth grade are studying, "The Kinds of Composition." The new classic is, Goldsmith's "Deserted Village." The last poem we have memorized was, "The Recessional," by Rudyard Kipling. Due to the absence of the "star," debaters, Conard and Elie Lam, the ninth grade have not had their debates, and we are, as yet, in the dark as to whether or not picture shows are a benefit to our town. The tenth and eleventh grades are now studying, "The Puritan Age," in English Literature. The last poem they have mastered is, "O Skylark," by Percy B. Shelley. This class is to us, most interesting, during the class period the ninth grade very often stop their work to listen to the recitation. This is often detrimental to our Modern European History lesson.

In History the ninth grade are studying the "Political Revolution" in England and on the continent. These Revolutions occurring in the famous revolutionary years, 1820, 1830 and 1848. Aside from the work in the text books, we have our map book work and our outside reading. This work makes the class work more interesting. The tenth and eleventh classes in history, are studying the administration of Jefferson our first Democratic president elected in 1801.

In "math" the ninth grade algebra class seems to be improving in their work, "Evolution" being the topic worked on. The tenth geometry class is taking up the study of circles, and are progressing slowly but surely.

Physics, is proving to be very interesting, if it is very difficult to the girls studying it, and they report the laboratory experiments more fascinating each day.

Latin, that has been so difficult to the ninth grade is being absorbed, little by little. A review of verbs in the passive voice, and the third declension of adjectives has just been completed. On the other hand, Caesar is keeping the tenth class occupied. Several of our class-mates have been out of school due to illness, we are glad to report, that the most of them have returned, and are at work again.

LEILIA HARTER

EIGHTH GRADE

Next week our examinations for the fourth week will be taken. This examination will be followed by a more dreadful and a far more important "exam," that of the mid-term finals. The report cards, for the third month were, generally speaking, an improvement over the second month reports.

We attempted an experiment

in General Science this morning and found it very beneficial. Very few received the benefit of it, however, due to unfair weather. We have completed ten chapters in our Science and hope to have over half of our book finished by Christmas.

The schedule of work in English, from now until Christmas, has been arranged by our teachers. Themes for next week are very appropriate, out of the ten subjects given, the following are the more interesting, "The First Christmas," "The Empty Stocking" and "Christmas on the Plantation." Whittier's "Snow bound" is the next classic we are going to study. In our memory work, "The Wreck of the Hesperous," which is made up of twenty-three verses, has been learned and recited by the class. Monday, our teacher gave us an interesting lesson pertaining to nouns and verbs. The pupils still persist in expressing or defining their definitions in the old "babyish" way. This has been the main idea our teacher has tried to make us apprehend, that there are two ways of expressing an idea. Grammar says, "This is right, that is wrong," but our Rhetoric says, "Of two or more possible ways of expressing an idea, this is the better way."

The Algebra class progresses nicely. We are trying to make this the best eighth grade Mr. Cave-ness has ever taught. The chapter dealing with Factors is confronting us. We of course have no conception of what the term really means. We are trying, at present to find a meaning. We have about come to the conclusion that Daniel Webster was correct when he said, "We must all hang together, or we shall hang separately."

Dust has not been allowed to accumulate on the backs of our History's. We have been having striking lessons. It is hard for us to tell which we like the better, Alexander or his works.

A ten page theme has been assigned us on, "The Outcome of Alexander's Conquest," also a map illustrating the outcome of Alexander's Conquest, to be handed in by February the 15th. This work in History is to be sent to Austin in connection with getting affiliation units.

HATTIE HARRIS, 8th grade.

SEVENTH GRADE

The new week and the new month has begun with good lessons. Johnnie Walker, who has been sick and absent from school has returned and we are glad to have her back again. We are trying to keep our room looking clean and nice, so when visitors come we will not be ashamed of it.

For Wednesday, our theme subjects are, "A Snow Storm," "How I Spent Thanksgiving" and "My Visit to Europe." Our last Wednesday's theme were handed us, by Miss Gooch. She gave us a drill on how to punctuate themes, immediately afterwards. Thursday we are to memorize, "The Daffodils," by William Wordsworth.

In Geography, we are studying the Continent of Asia, in connection with the study, we are making a map book of the country.

The Campaign of the North and South are occupying the time of our History class. We will be glad when we have finished this part.

BIRMA SMALL

SIXTH GRADE

In Texas History, we are studying the reconstruction after the Civil War, especially applied to Texas. Today's lesson is very interesting. We are taking up the "Ku Klux Klan" and the "Union League."

Our class had a Composition to hand in on one of these subjects: "Across the Border, The Dying Roses, A Cloud in the Sky, and The Republic is no More."

We had a Dictionary lesson Wednesday. We were given ten words to look up in ten minutes. Only two, Annetta Weathers and Hattie Moore, succeeded in getting

Secretary's Report of the Lynn County Singing Convention

Report of the Secretary of the Lynn County Singing Convention, Sunday November, 28th, 1920.

The scribe failed to arrive on the scene in time for the opening of the convention and as there was no record kept of the proceedings up to that time, the only thing that he could do would make mention of that which was done afterwards.

In fact all that was done was songs led by leaders as they were called for by the President. The welcome address by Judge Cain and the appointing of the program committee by the president.

During the noon hour, the program committee drafted a program and handed it in to the secretary and the following part of it was rendered, it being so long that not half of the leaders could get on for their assignments:

1:30—"Will My Mother Know Me There" and special song, led by President Rainey.

"Some Golden Day" and "In The Gospel Highway" Led by L. B. Busby of O'Donnell.

"A Beautiful Life" and special song Led by Roy Green of Draw.

"There's Glory in Serving Jesus" and "Sail On" Led by Ed Ray of Grassland.

"I'm Going There" led by Mr. Robert McCord of Magnolia.

Quartette—"I Am at Peace with Jesus Now." Messrs. Bob McCord, Wiley Braden, Arthur Maxcey and Miss Alice Braden. [Applause]

Male Quartette—"On Shepherd Divine" and "Walking In the Footsteps of Dad." Arranged by J. Q. Dyess and singers of Lubbock Texas.

"I'll and Sing the News" Led by M. C. Richey of Grassland.

Quartette—"Waiting the Boatman" Sung by M. C. Richey, Bob McCord, Arthur Maxcey and Miss Alice Braden.

Special song—"Come Where the Lilies Bloom" arranged by Mrs. Windnam and sung by Messrs. Bishop, Hatchett, Lee and Townes. (Applause)

"We'll Be Happy all the While" and "Jesus Wins the World" led by D. E. Patterson of Lynn.

Quartette—"He is Mine" Sung by Messrs. Arthur Maxcey, Wiley Braden and Misses Braden of Lynn.

"Singing All the While" and Quartette. Song led and Quartette arranged by T. M. Pierce of O'Donnell.

Business Session—Seating of the delegates from the following classes: Lynn, Wilson, Grassland, O'Donnell, New Home, Tee-Bar, Moore's Draw, Lakeview and Three Lakes.

Moved by the Convention that Tahoka be admitted into the convention. Motion Carried.

Moved that the Garlynn class, of Garza county, be admitted as honorary members of the convention. Motion carried.

Moved that nominations be made for the election of the next convention, carried. Tahoka and O'Donnell nominated. A vote was taken with the following results: O'Donnell 15, Tahoka 6.

"We Shall See the King" led by W. B. Bishop of Wilson.

Male Chorus—"Crown Him Lord of All" led and arranged by W. B. Bishop and sung by special request. Singers: McCord Bros., 1st tenors. Lee, Hatchett, Bisnop 2nd tenors. Braden, Ray, Dyess, Patterson 1st Bass.

Maxcey, Green, Rainey 2nd Bass. Congregational song and male chorus Arranged and led by Boyce Hatchett, of Tahoka.

Duett—"Quite It" Bishop and Dyess. Closing song led by Boyce Hatchett. Prayer—by Bro. Williamson, of Slaton.

Then came to a close the best singing convention ever held in Lynn County if not on the South Plains, and every one went home satisfied with his portion of the good work he had done in making it a grand success.

FROM FORTY-FIVE TO SIXTY

A Word of Help to Women of Middle Age From Mrs. Raney.

Morse, Okla.—"When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter and daughters-in-law recommend your Vegetable Compound and still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

An ounce of discretion is better than a pound of knowledge.—Italian proverb.

One Thing, Anyhow.

Millions for a New Stomach

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make him happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily prepared at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!

IF YOUR KIDNEYS ARE OVER-ACTIVE

Millions of people—grown folks and children alike—are bothered with over-active kidneys either during the day or at night.

If you or your child are among those affected with kidneys acting too freely or too often don't wait until some serious kidney trouble develops but get a bottle of Liquid Shu Make from the drug store today and stop this disorder.

Druggists carry Liquid Shu Make or will get it for you in small or large size bottles, so why not give this medicine a chance to relieve that overactive kidney condition?—Adv.

THE MARKETS

Supplied by the Bureau of Markets, Department of Agriculture, Washington, D. C.

HAY AND FEED: Hay market continues dull. Demand light. Heavier receipts expected from now on as supplies everywhere are abundant. While prices remained unchanged in a few western markets, Kansas City reports inability to absorb increased receipts and prices declined from \$1 to \$2 per ton. Southern demand remains unimproved. Quotations: No. 1 alfalfa \$13 Memphis, \$28 a Kansas City. No. 2 prairie \$21 Chicago, \$18.50 Kansas City. Wheat feed stocks at Lake ports 12,000 tons; stocks in markets reported greater than demand. Stocks of other feeds particularly high protein feeds, heavy; dealers well supplied. Prices unchanged to easier. Despite continued decline in corn price of gluten feed advanced by principal manufacturers on account low production. Market remains quiet; dealers well supplied and unwilling to buy heavily at prevailing prices. Quoted—36 p. c. cottonseed meal \$35 Memphis; bran \$31, middlings \$23.50 Minneapolis; No. 1 alfalfa meal \$30 a Kansas City; white hominy \$35 St. Louis; gluten feed \$42 Chicago; red dog \$50 Milwaukee.

DAIRY PRODUCTS: Butter market barely holding its own with increasing tendency to greater weakness. Chicago market broke 2c on the 19th. Danish butter is being used when necessary to supply fancy trade. The demand is mostly for small lots to supply immediate needs. There is no snap to market and although undergrades are being cleared out, they show quite a wide range in prices. Most buyers are interested only at the lower figures, closing price Chicago 52c. There has been increased demand for held cheese. Chicago points ruled firm during the week but reported quieter on the 19th. Young Americas have been in especially good demand at advancing prices. Lighter demand for Danes. General tone of market good. Dealers keep big stocks of fresh cheese well cleared up as demand for held cheese will increase from now on.

COTTON: Prices for spot cotton and future contracts declined steadily throughout the week. The average price for middling spot cotton as quoted by the designated spot market last about 239 points closing at 14.95c, a new low level for this season. This price represents a drop of about 58 p. c. since August 3, 1920, when spot cotton sold at 38.51. New York December futures lost 202 points, closing at 18.25c, a new low level. Lowest point recorded for December futures contracts so far this season. On August 2, 1920, December futures closed at 20.60c.

LIVE STOCK AND MARKETS: Under record breaking receipts and generally poor quality, the Chicago cattle market declined sharply compared with a week ago. Best corn fed steers are \$10 to \$11 lower; butcher cattle \$1 to \$2 lower; stockers and feeders mostly 75c to \$1 lower. Hogs declined steadily and the net depreciation for the week ranged 8c to \$1.50 per 100 lbs. Sheep and lambs joined the downward movement, both fat and feeding stock declining 50c to 75c. Yearling broke 75c to \$1.10, November 2, top prices. Hogs \$12, yearling steers \$17; good beef steers \$14.50 to \$14.85; heifers \$12.25; cows \$10; feeders \$10.50; westerns \$11.75; veal calves \$15; fat lambs \$12; feeding lambs \$12.25, ewes. Under fairly liberal receipts and rather slow demand, fresh market prices declined 1c to 2c per 100 lbs. during the week, beef being the weakest feature. Fresh pork held steady to a shade lower. Mutton \$1 lower; lamb and veal generally \$2 down. November 20 prices on good grade meats: beef \$17 to \$17.25; veal \$4 to \$28; lamb \$24 to \$27; mutton \$13 to \$17; light pork loins \$33 to \$39; heavy loins \$25 to \$34.

GRAIN: The wheat market was a little steadier the first two days of the week but later developed weakness in sympathy with corn. Chicago December wheat closed on the 20th at \$1.48 1/4, the lowest price in four years. December corn appeared heavy and dull on the 19th and Chicago prices declined continuously closing on the 20th at new low of 44 1/4c. Kansas City cash corn broke more than 5c in three days, and this had bearish effect upon Chicago markets. There has seldom been such a lack of demand for all grains. American supplies of wheat are small but milling demand also small, owing to light demand for flour. Mills running about half capacity. Old corn in Chicago sold at 8 to 10c premium over December future on the 19th. Small receipts of wheat at Chicago have kept cash wheat prices at relatively high level. No. 1 and 2 soft winter 20 to 27c over December future on the 19th; No. 2 at 15 to 20c premium. No. 1 and 2 hard winter 5 to 8c over December; No. 2 at 2 to 4c premium. For the week Chicago December wheat lost 1 1/2c, closing at \$1.42 1/4 and December corn 10 1/4c at 44 1/4c. Minneapolis December wheat lost 15c, closing at \$1.52 1/2; Kansas City 17 1/4c at \$1.55 1/4; Winnipeg 12 5/8c at \$1.57.

Texas Lawmakers Mostly Democrats.
Dallas.—Texas has elected one republican congressman, one republican representative to the legislature and two American party and one independent members of the house of representatives of the legislature. Aside from these, democratic nominees were elected to all state, congressional, legislative and district offices, including all of the higher courts.

New Building Proposed for Fair.
Dallas.—A new agricultural building at the state fair as the next structure to be erected will be recommended by E. J. Kleist, president of the State Fair association. Money on hand in the state fair treasury is from \$125,000 to \$130,000, Mr. Kleist said.

No Special Rates for Holidays.
Dallas.—Though no definite announcement has been made officials of railroads here say that it is practically certain that there will be no special rates for the Christmas holidays.

1,425 Smiths in Dallas.
Dallas.—The name of Smith leads all the others in point of numbers in the Dallas city directory for 1920. There are 1,425 Smiths listed in the directory this year.

Minimum Wage \$12 Week.
Austin, Texas.—A minimum wage of \$12 per week for women and minors employed by telephone companies, laundries, factories and mercantile establishments in Texas has been promulgated by the Texas industrial welfare commission. The wage, effective Feb. 7, 1921, and employers who furnish meals will be allowed to deduct 6c for each meal. An apprentice rate of 15c per hour during the first six months of apprenticeship and 20c per hour during the second six months

Frocks Featuring Embroideries

DESIGNERS and home dressmakers, who are gifted with good taste, can take almost any mode and so adapt it to their own ideas as to make a success of their clothes. There is a vogue for much decoration, for embroidery and bead work, which has been overdue. Frocks that would otherwise be attractive are overdecorated in many instances and cheapened in appearance by the very means that should enrich them. This reveals a lack of discrimination; it is a good thing to know when to quit when embellishments are being used.

The very pretty one-piece wool frocks shown above are strictly up to date in line and in trimming. They are simplicity itself in cut hanging in straight lines, without Crapes; as befits garments that are to feature fashionable decorations. Any of the usual wool materials can be used for making them and they suggest a way of turning last year's suit or dress to good account, since any simply-made frock may become the background for

head or silk embroidery, and so embellished vie with its newer rivals.

The frock at the left of the picture is a smart affair of dark blue serge and has a sash of satin, finished with bead fringe. Its flaring, three-quarter length sleeves employ the same beads in rows and a frill of organdie, edged with narrow val lace, falls from under them. The overcollar and chemise are made also of organdie with lace frills. It is the good fortune of the skirt to show how well beads may be used on this sort of frock. A short panel at the front and a longer one at each side are achieved by a simple design in bead embroidery, the side panels merging into a border at the bottom. Black or dark-blue iridescent beads might be used, or the two combined for this pattern.

The frock at the right is entirely plain except for silk embroidery in beige which looks well with any other color. It falls to the lot of the skirt to carry this rich-looking, heavy embroidery, and the skirt accomplishes its part most gracefully.

Furs Are Growing Precious

IF YOU have furs take good care of them, for they are precious possessions measured by the prices asked for all fur garments. In spite of a decline in the prices of some raw skins, made-up furs appear to maintain the high level they reached last winter, and in a few instances, as in squirrel furs, a higher price is asked. The increased wages paid to the makers of fur garments is the explanation offered in this matter of prices. Nearly all neckpieces run into three figures, ranging between one hundred and two hundred dollars apiece. Small capes and dolmans, waist length or a little longer, soar among the five hundred to nine hundred dollar class, and as for long garments and coats of choice furs, they are sold for money enough to buy a modest home.

In neck pieces there is a variety of styles; they include wide, flat scarfs that wind about the neck and are long enough to hang below the waist line afterward. There are many shorter and narrower scarfs in which one end slips through a slit in the other and the scarf is thus adjusted close up to the throat with ends falling forward and backward over the shoulder. There are curved scarfs like narrow capes and "V"-shaped scarfs, but all so made that they can be fastened big around the neck when their

warmth is required there, or worn in casual drape about the shoulders at other times. Animal scarfs are well represented in the showings and are always good style, that is scarfs of a single pelt with head, feet and tail, worn as a garment. Two of these are shown in the picture, one a fluffy white fox which its happy possessor is carrying over her arm, and the other a dark brown fox shown fastened up about the neck with head and tail falling at the back.

A small cape worn as a scarf, as shown in the picture, employs tails as a finish about its lower edge, but tails cannot be said to be popular on these garments. Much more chic is the little dolman of moleskin with long silk cords and tassels forming a fringe about it, which appears at the right of the picture.

DODSON WARNS CALOMEL USE

You Cannot Gripe, Sicken, or Salivate Yourself by Taking "Dodson's Liver Tone" Instead

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you out quicker than nasty calomel, not making you sick, you and get your money. If you take calomel today, sick and nauseated to the sides, it may salivate you, you take Dodson's Liver Tone, wake up feeling great, full, and ready for work or harmless, pleasant and safe to children; they like it.

TREE HAS "CANDY" FLOWERS
Indian Product That Rivals the "Gingerbread House" of the Remembered Fairy Tales.

We have all read the story of the "gingerbread house" in the fairy tales. Well, there is a family of trees in India that have "candy" flowers, or the next thing to it. These trees are known as the "Bassia" trees, and of the three important kinds, two have sugary flowers and the third is called the "Indian butter tree." The petals of the flowers are rich in sugar and drop from the tree in the early morning. They are picked up by the women and children and are spread out on mats to dry in the sun. A single tree will furnish 300 pounds of flowers in a year. When fresh, the flowers are very sweet and taste much like figs. They are eaten fresh or cooked with rice, shredded coconut, or flour. The seeds of the butter tree are full of oil, and this oil is used to make a kind of butter, and also for soap and candles.—Popular Mechanics Magazine.

Red Cross Notes

The 4th Red Cross Roll call re-
sulted in a fund of \$131.50. It
is the ardent wish of the ex-
ecutive committee to procure
sufficient funds to secure the ser-
vice of a county nurse. This re-
port should have been made
earlier but was delayed in hopes
of hearing from the Auxiliaries.
Many feel that now the war
over, the work of the Red
Cross is finished, but to the
contrary the work has just begun
and the children need the help the
community nurse could give in
protection of their physical con-
dition. The welfare of our
school is threatened at the pres-
ent time by contagious diseases.
Physicians are doing all in
their power to prevent a spread
of disease among the children.
It is a competent person
whose business was to inspect
children and report the sus-
picious would be a decided advan-
tage to children, parents and
teachers. 1500 children were in-
spected in New York and 60 per
cent were found defective. This
is about the per cent from every
locality where this service is
being used.

Lynn County Lands Subject to Forfeiture

CENTRAL LAND OFFICE, State of Texas.
AUSTIN, September 29, 1920.

County Clerk, Lynn County
Tahoka, Texas.
Dear Sir:-

Enclosed, find list of land, in your county subject to for-
feiture for non-payment of interest due, November 1, 1918. May
I ask you to kindly advise such of the owners as you may know;
also have your local paper, either print the list as a news item, or
make mention of the fact that the list may be seen in your office so
that the owners may protect themselves by making payments.
Forfeitures will be declared sometimes between now and 10 o'clock
A. M. January 2nd.

While I do not want to forfeit any one's land, I will have to do
so, unless payments are made. Payments should be made immedi-
ately if one desires to keep his land from being advertised.

Respectfully,
J. ROBISON, Commissioner.

"NOTHING BETTER AS A LAXATIVE"

Asheville Lady Finds Black-Draught An Effective Remedy in Her Family for Common Ailments of the Digestive Organs.

Asheville, N. C.—Mrs. A. K. Jarvis, 44 Woodrow Avenue, this city, says: "I have used and heard of Theodor's Black-Draught for years, and I certainly have found it splendid for headache, sour stomach, indigestion and other ills that come from a deranged liver.

"My husband and I keep Black-Draught in the house and think it is splendid to keep off sickness. I have used it in small doses as a laxative, and there is nothing better.

"Black-Draught is a mild liver medicine . . . any child can take it. I have found it splendid with them for colds."

Theodor's Black-Draught has benefited thousands in relieving liver ailments. It helps to drive bile poisons and other unhealthful matters out of the system.

Black-Draught is a stand-by in thousands of family medicine chests. It should be in yours. Its use should help to keep the whole family well. Prompt treatment is often half the battle against many ailments.

EQUAL RIGHTS FOR U. S. INSISTED ON

NOT TO BE EXCLUDED FROM PRIVILEGES UNDER MANDATES OF TREATY

TERMS WILL BE DISCUSSED

Claims Right to Be Heard on Mandate Regulations Before Being Applied.

Washington.—The American government has informed Great Britain politely, but firmly, that it does not propose to be excluded from participation in the rights and privileges secured under mandates provided in the treaties of peace. Furthermore, it expects to be heard regarding the terms of those mandates before they are put into force.

The position of the United States is set forth in a note by Secretary Colby to Earl Curzon, the British secretary of state for foreign affairs, and the specific question discussed is that of the Mesopotamian petroleum fields. Mr. Colby's note is dated Nov. 20, and was made public following its delivery to the British foreign office early in the week. It is in reply to a British note of last Aug. 9, which has never been made public, and which deals with the application of the principles of equality of treatment to the territories of the Near East to be placed under British mandate.

The American note takes issue with what is described as the British position that mandate agreements and treaties are to be considered only by states that are members of the league of nations. It states that the United States as a participant in the world war "and a contributor to its successful issue, can not consider any of the associated powers, the smallest not less than itself, debarred from discussion of any of its consequences, or from participation in the rights and privileges secured under the mandate provided in the treaties of peace."

URGES AMERICANS TO FEED CHILDREN

Hoover Says 3,500,000 Are Dependent On American Charity for Food.

Chicago, Ill.—Formal announcement of the organization of a European Relief council, composed of seven American organizations has been made by Herbert Hoover, former United States food administration. Continuation of American support in feeding the undernourished peoples of Europe was urged by Mr. Hoover, who will act as chairman of the council.

"This council, after full investigation, has decided that complete priority should be given to American relief in Europe to support 3,500,000 children who have, since the armistice, been dependent on American charity.

"Here is an issue in our foreign relations which is neither race, politics nor religion. It is just the preservation of the lives of children.

"The war has collapsed, among both allies and enemy, in the face of the greatest famine in three hundred years."

Woman Accidentally Killed.

Lampasas, Texas.—Miss Grace Parker was accidentally killed Monday night in the Nix community. Miss Parker was a member of a hunting party that were looking for possums. One of the young men climbed a tree in which he believed a possum was located and Miss Parker handed him a target rifle. In doing so the rifle was discharged, the bullet piercing Miss Parker's heart, killing her instantly.

Annual Stag Party At Temple.

Temple, Texas.—Three hundred and fifty business and professional men from Temple and nearby towns assembled here Thanksgiving night for the twenty-eighth annual stag party, a fixed feast in the history of this city. Originally but 300 seats were provided for the entertainment, but pressure resulted in adding an additional fifty, every seat being taken.

Abilene Boy Fatally Shot.

Abilene, Texas.—Edwin Humphrey, 12-year-old died shortly after noon Thursday from shotgun wounds received earlier in the day from a shotgun which he and two boy companions were examining was accidentally discharged.

County To Build Spur Track.

Cleburne, Texas.—The Commissioners' court of Johnson county let a contract for the construction of a spur railroad track on the Katy road at Keene. This track is to be used in constructing the country's good road system.

Two Eastland Banks Merged.

Eastland, Texas.—Announcement is made that the City National Bank has been absorbed by the Security State Bank and Trust company of Eastland.

\$100,000 Fire Loss.

Grand Prairie.—Fire, which was said to have been caused by an explosion, destroyed the Lone Star Garage here Thursday, entailing a loss of about \$100,000. The apparatus of the Grand Prairie fire department was caught in the building and burned with it. A call for help at Dallas was responded to by engine No. 14 company and crew of eight men. The crew made their run from the Oak Cliff station in twenty minutes. The department of Arlington also responded.

WILL SPEND TWENTY MILLION ON ORIENT

PRESIDENT KEMPER IS NOW EN ROUTE TO MEXICO CITY FOR INAUGURATION.

Dallas.—Confident that Mexico has returned to a basis of peace and stability, W. T. Kemper, president and receiver of the Kansas City, Mexico & Orient Railroad companies of Kansas, Texas and Mexico, and a party of big financial men of Kansas interested in the lines spent a short time in Dallas Tuesday morning en route to Mexico to attend the inauguration of General Obregon Dec. 1 and to inspect the Mexico lines of the Orient railroad.

The expenditure of the \$20,000,000 will connect the existing sections of the Orient line from Kansas to the west coast of Mexico, Mr. Kemper said. With the assurance of the Mexican government that it will aid the financing of the line, and after the Kansas interests have seen the country and gone over the system as it now exists, Mr. Kemper believes the financing of the project will be easily accomplished.

It will require the construction of 338 miles of road in Mexico and the building of a gap between Alpine and Mexico, 69 miles long to give a new transcontinental line. The line now runs from Wichita, Kan., to Alpine, via San Antonio. There are two unconnected lines in Mexico, one out of Chihuahua east and west, 154 miles long and one from Topolobampo, on the west coast, 190 miles eastward into the Sierra Madras.

Completion of the road to connect with the Mexican system will mean much to west Texas. Even during the revolutionary troubles in Mexico, the Mexican divisions have paid money, while the divisions in the United States have lost. The road has 790 miles of track in the United States, with San Angelo as headquarters of the Texas division.

Another phase of the importance of the road is through the probable connection with the Mexican railways at Allendale from Del Rio, 39 miles. The contract has been let for the construction of this line. A dump has been built for a line by the Orient from San Angelo to Del Rio, 260 miles. The building of these lines will give a new and shorter line from Kansas City and west Texas to Mexico City.

LOUISVILLE FUGITIVE IS FOUND IN DALLAS

Man Charged With Embezzlement Amounting to \$700,000.

Dallas.—George L. Martin, formerly prominent real estate man of Louisville, Ky., who is wanted at Louisville on 98 indictments involving alleged embezzlements of more than \$700,000, was arrested in Dallas Tuesday morning by Sheriff Dan Harston, Jeff Wilson and P. P. Crawford of the district attorney's office.

Martin has been engaged in the real estate business in Dallas under another name. He was recognized and identified by Assistant District Attorney Crawford, who knew Martin well in Louisville. A \$1,000 reward was offered for Martin's arrest.

Martin is said to have been engaged in the real estate business here under the name of W. W. Williams.

"I came to Dallas to recoup my losses and with the intention of repaying those whose money I had lost," Martin declared. "I lost every bit of the money."

BANK IS ROBBED BY UNMASKED BANDITS

Fort Worth, Texas.—The First State bank of Polytechnic, a Fort Worth suburb was held up and robbed of about \$6,000 shortly after noon Tuesday when most of the employees of the bank were out to lunch. The robbers rode up in an automobile and one of the two leveled a pistol at an attendant in the bank. A package of currency of \$2,000 was first taken. When they had gotten all money in sight the two men backed out and jumped into their car and headed toward Fort Worth. The bank attendant said they both were about 25 years old and wore checked caps. They were of medium stature and one of them wore a brown overcoat. The man who held the gun on the bank official had his cap pulled down over his forehead, but neither wore a mask.

Greek Plebiscite December 5.

Lucerne.—With the Greek plebiscite set for Dec. 5, former King Constantine now openly voices the expectation of returning to Athens within a month or six weeks. And incidentally he inquired whether the American minister at Athens might be changed after March 4, as the present minister is "personally undesirable" to him. The deposed Greek ruler is looking forward to returning to Greece with unconcealed pleasure. His exile in Switzerland has been anything but pleasant.

Refuse to Give Up Mines

Eagle Pass, Texas.—Striking miners in the coal regions of Coahuila, Mexico, have refused to return the mines to the owners on the terms offered by the government. It is learned here.

Texas Pool Hall Cases Dismissed

Washington.—Three cases attacking the constitutionality of the Texas law prohibiting the operation of pool halls for hire were dismissed by the supreme court Monday, thus allowing the law to stand.

WESTERN UNION AND U. S. IN CONTROVERSY

GOVERNMENT IS TURNING TO OTHER LINES, DUE TO ORDER FOR PREPAYMENT.

Washington.—Because of the requirement of the Western Union Telegraph company that state department cable messages be prepaid, the department has ceased temporarily to use the cables of the Western Union company.

Other government departments are turning to other cable lines for messages coming from abroad because the Western Union has refused longer to grant the half rate on government messages.

The Western Union Telegraph company has applied to the District of Columbia supreme court for an injunction to restrain Secretary of the Navy Daniels from interfering in the construction of a telegraph cable between Miami and Miami Beach Fla.

The Western Union also asked the court to require the naval secretary to instruct subordinate officials and naval officials to cease threatening to destroy the cable if laid. The company in its petition pointed out that the requested injunction would cover a different cable line than the Barbadoes cable, the laying of which was prevented several months ago by the sending of warships to Miami.

The Western Union company further declared that the cable now in course of construction was a replacement of an existing line which has been in operation since 1899; that \$100,000 already has been spent in the work and that this expenditure would go for naught unless the navy department were enjoined from interfering with the company of the work.

The Western Union also presented the claim that it had the right to construct the cable in question under the authority of the act of 1866 and under a permit from the secretary of war granted under the act of 1899 after the company's plans had been approved by the war department.

The line between the two points was detoured in 1917 the court was told, to permit of certain dredging in the bay.

TWO CADET FLYERS BURNED TO DEATH

Men Lose Lives in Accident At Kelly Field No. 2 At San Antonio.

San Antonio, Texas.—Sigmund Szymanski, 29, and James A. Turney, 22, flying cadets, were killed Monday morning at Kelly Field No. 2, when the De Havilland 4-B machine they were flying crashed about 400 feet to the ground and caught fire. Hospital attendants who rushed to the scene of the accident a few seconds after it occurred could not remove the bodies of the men from the burning plane for some time, but said that the men were killed in the fall.

The accident occurred about 100 yards from hangar No. 12 on the Kelly No. 2 flying field as the men were zooming from a "take-off" according to the belief of a number of officers at Kelly who conducted an investigation shortly after the accident. These officers claim that a number of fatal accidents in the past have been caused by men zooming from "take-off." Zooming is the flying term for making a rapid climb when flying level.

MILITARY FORCE TO ARMENIA PROPOSED

Geneva.—The assembly of the league of nations decided, without a dissenting vote, to appeal to the powers in the hope of finding a government willing to undertake mediation between the Turkish nationalists and the Armenians. Earnest debate preceded the vote on the resolution which was presented by Mr. Viviani, former premier of France, inviting the council of the league to take the action indicated. It threatened at times, however, to justify the predictions of the league's opponents that the work of the assembly would founder on the rule requiring an unanimous vote.

Debt Should Be Spread Out.

Washington.—Extension of the payment of the war debt over a period of 50 to 60 years is being advocated by Representative Marvin Jones of Texas. "The most important thing now," said Mr. Jones, "is a reduction of the taxes. The plan of extending the payments, I think, would enable us to cut the taxes in half and the added stimulus to business by virtue of this policy that would more than pay the other half, so that its payment would be felt."

Will Not Stop Operation.

McKinney, Texas.—The Texas Cotton Mill Co. instead of shutting down as was previously announced by Manager J. A. Rountree, will continue operation. A reduction was made in salary of employees and a commissary will be provided where the employees may buy goods at actual cost.

Have Rat Killing Contests.

Deutch, Texas.—A rat-killing campaign has been inaugurated by the Denton County Chamber of Commerce. Prizes are to be offered in the various towns for the most rats killed.

Barn Fire in Denton County.

Denton, Texas.—A big barn belonging to C. Fortenberry, four miles west of Sildell, burned Friday night with a loss of \$5,000. There was \$3,000 insurance. This is the fifth barn fire in the county in a week.

PECULIAR TYPE OF ORATOR KING HAS SUPREMACY

Small Wonder That in This Bombastic Age He Created Something of a Sensation.

The speaker of the occasion was of such unusual appearance that the audience gasped or giggled, according to the preference of its members, when he came upon the rostrum. "Ladies and gentlemen," he harshly began, "poverty would be abolished in this country if we could only save and devote to some useful purpose the time we waste in listening to Hons. Chautauqua lecturers, pointers with pride and viewers with alarm, singers who cannot sing, babbling bards, parents of bright children, bearers of messages to the waiting world, and sundry other bores whom it is not necessary to mention at this time."

And peculiar as was his personal appearance, his procedure was more unique, for, having said his say, he bowed grimly and retired from the rostrum.—Kansas City Star.

TRAVELING CLINIC ON WHEELS

The traveling clinic on wheels which is touring Alameda county, Cal., under the direction of the Alameda County Tuberculosis association, is said to be the first of its kind in California. The clinic goes mostly into the industrial sections where the people are mostly foreigners and are prone to neglect to have themselves or their children examined. As a result of these examinations, children having traces of tuberculosis are taken out of school and given further treatment. The clinic has all the apparatus for making laboratory tests. It cost \$15,000 and was bought from the sale of Red Cross Christmas stamps. The nurses and doctors are supplied by each county and their services are free to the patients.

The photograph shows nurses examining children.

ROAD COURTESY AIDS MOTORIST

Spirit of Kindly Feeling Adds Greatly to Joy of Motoring in Country.

HELP OUT STRANDED DRIVER

Special Need of Chivalrous Attitude on Part of Experienced Operator—Women Not Skilled in Coping With Trouble.

One of the big pleasures of modern motoring lies in the fact that whether the trip is for 100 or 1,000 miles, the motorist has every reason to feel sure that he will finish his journey without having to climb out of his car to undertake the disagreeable job of making repairs on the road.

But now and then some mishap occurs, and a courtesy of the road that all motorists can extend with little inconvenience to themselves is an offer of help to a fellow motorist whose car has become stranded. Such an offer is particularly timely if the scene of the mishap is some point whose remoteness from a garage would make it difficult to get assistance.

Owners Caught Unawares.

Even the most careful owners are caught, unawares at times and find themselves far from home and minus some tool that is essential to making a repair. For instance, not so long ago, a man who prides himself on his equipment got a puncture on a lonely country road. He felt he had no cause for worry, for locked on the back of his car were two new tires ready for just such an emergency.

But when he went to get one of these tires he could not find the key to the lock. He was just getting ready to wreck the lock when a car drew up with an offer of assistance. It happened that the good Samaritan had a key that opened the lock, and put an end to the difficulty.

Many Women Unskilled.

With the number of women drivers rapidly increasing, some of them not skilled in coping with tire trouble or bad ignition, there is an especial need of a chivalrous attitude on the part of experienced drivers. The women probably ought not to be driving at all unless they know enough about a car to be able to make simple repairs, but the fact remains that some are without the requisite knowledge. Moreover, equal suffrage has not yet reduced woman to the status of man to the point where the average male would be able to square himself with his conscience if he paid no heed to a woman in distress.

In order to extend an offer to this sort it is not necessary to go through a lot of formality—a mere wave of the hand will frequently serve the purpose. But it is this spirit of kindly courtesy that adds to the joy of motoring and increases the pride of motorists in their class.

IN CASE OF HARD STARTING

Overrichness of Mixture Is Frequently Cause of Trouble—Let Gasoline Evaporate.

A not infrequent cause of hard starting is overrichness of the mixture. When this is suspected the driver had best stop trying to start for a few minutes, when the excess gasoline will have evaporated and very probably the engine will start off at the first pressure of the button or turn of the crank.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. F. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
 (©, 1920, Western Newspaper Union.)

LESSON FOR DECEMBER 5

THE GROWTH OF THE KINGDOM.

LESSON TEXT—Matt. 12:24-32.
 GOLDEN TEXT—Fret not thyself because of evil-doers.—Ps. 37:1.
 ADDITIONAL MATERIAL—Gal. 6:6-10.
 PRIMARY TOPIC—Jesus' Story About Good Seed and Bad Seed.
 JUNIOR TOPIC—The Story of the Wheat and the Tares.
 INTERMEDIATE AND SENIOR TOPIC—Wheat and Tares.
 YOUNG PEOPLE AND ADULT TOPIC—How the Kingdom of Heaven Grows.

The parables of this chapter set forth in a graphic way the condition of affairs in the interval between Christ's going away and His coming again.

I. The Parable of the Wheat and Tares (vv. 24-30, cf. 36-43).

1. The Sowers. (1) The Son of Man (v. 37). He is the One who sows the good seed. The field in which they are sown is the world. (2) The Devil (v. 39). He is in a peculiar sense Christ's enemy. He intensely hates Him, and with relentless energy is striving to defeat His purpose in sowing men. While men slumber, he sows tares among the wheat.

2. The growing crops. They are not easily distinguished while growing, but the effects produced when eaten are quite different. The wheat is wholesome, but the tares produce illness. The chief danger in the tares lies in their resemblance to wheat, the chief danger of the devil is that he strives to imitate God.

3. The harvest. There comes a time when the fruitage of the growing crops shall be gathered. For the tares there is a furnace of fire where there shall be waiting and gnashing of teeth. The righteous shall be gathered into the Lord's garner and shall shine forth as the sun in the kingdom of the Father.

II. The Parable of the Mustard Seed (vv. 31, 32).

1. Its important beginning. It begins as the least of all seeds and grows to be the greatest among herbs. The percentage and humble circumstances of the King greatly perplexed the people. That twelve unlettered fishermen should be selected as His royal advisers is still more amazing. The prophet said concerning Him that He should be despised, rejected, forsaken.

2. Its vigorous growth. From very small beginnings the influence of the Christ has gone forth so that there is no power or influence so great as that of Christianity.

3. Its lodging capacity. The birds which find lodgment in the tree do not represent the children of men which find safety and salvation in the church. Birds constitute no part of the tree. The bird is something foreign to and independent of the tree. The branches increase the growth of the tree, but birds are injurious and burdensome to it. They are predatory—waiting to pluck the tender buds or to prey upon the ripened fruit. The effect of such lodging is evil, blighting and spoiling to the tree.

III. The Parable of the Leavened Meal (v. 33).

1. The meal. Meal has a wholesome and nutritious effect. It was used in one of the sweet-savor offerings, which typified Christ (Lev. 2:1-3, R. V.); it was food for the priests (Lev. 6:15-17, R. V.); Abraham had Sarah knead a cake out of three measures of meal for the angelic messengers (Gen. 18:6); Solomon's royal table was provided with meal (I Kings 4:22); Elijah was fed upon a cake made of meal (II Kings 4:41); Elisha used meal as an antidote for the poison of death in the pot (II Kings 4:38-41).

2. The woman. The woman is not the head of the home, but its administrator. Her responsibility is to take the bread provided by the head, prepare and distribute it to the children. In Scripture we find false doctrine being taught by a woman (Rev. 2:20). Dealing with doctrine is forbidden to woman (I Tim. 2:12). In I Tim. 4:1-3; II Tim. 2:17, 18; 4:3, 4; II Pet. 2:1-3, we find that apostasy will be brought in through false teachings within the ranks of God's people. The meaning, then, of the parable is that the true doctrine, the meal given for the nourishment of the children of the kingdom (II Pet. 2:2; I Tim. 4:6), would officially be corrupted by false doctrine. The children's food is corrupted by the mother.

3. The leaven. In Scripture, leaven is invariably a type of evil. Let the following examples suffice as proof: (1) All through the Old Testament leaven is a continual and unvarying type of evil (Ex. 12:15; Lev. 2:11). (2) Jesus himself makes leaven to denote sin (Matt. 16:6, 12; Mark 8:15). (3) Paul uses leaven in its usual biblical sense (I Cor. 5:6-8; Gal. 5:8, 9).

Nothing Too Little.

Our Lord teaches that nothing is too little to be ordered by our Father, nothing too little in which to see His hand, nothing which touches our souls too little to accept from Him, nothing too little to be done for Him. Since the hairs of our head are all numbered, so is every throb or shoot of pain, every beating or aching of the heart. Every tear which starts is seen, and if wept to Him is gathered up to Him. Every secret wish and prayer He hears while yet muttered or unformed.—Dr. Pusey.

Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars. . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

MRS. HOSKINS ENTERTAINS

Mrs. Hoskins entertains with a dinner out at Magnolia. The hospitable home was thrown open Sunday November 28th to her Sunday School class of young men and ladies. Their Superintendent, and family being invited also along with some others so fortunate as to be interested in our young peoples affairs truly the spread had all the features of a Thanksgiving dinner, even though it followed up some days later, having a couple of young turkeys baked to a golden brown along with all the good trimmings and the fact most worthy of mention, except for the young folks pleasure and love for their teacher was the many good palatable dishes were all home grown. There were 30 persons present to enjoy the occasion.

The class presented Mrs. Hoskins with a book "The Secret of a Happy Day" with a personal word written therein by each pupil expressing appreciation of the day and many good homes and friends they enjoy at Magnolia.

A Good Bank

What constitutes a Good Bank? We think we know. It is a bank that at all times is helpful to the community in which it is located.

How can a bank be helpful? By being a strong, reliable, public-spirited institution. By guarding carefully the depositor's money. By loaning money to assist legitimate enterprises. By giving sound advice on financial matters to its customers. By having competent and accommodating employees. By furnishing every modern banking facility for its patrons. In other words by giving prompt, faithful, dependable service in every possible way.

We believe our bank is a GOOD Bank.

The Price is the Thing

The Price is the BIG IDEA; sell the GOODS is my idea at this time we have one of the largest stock of goods in Lynn County. We need the money; we need it bad and in order to get the MONEY, cost of GOODS will not be considered.

We do not have the space to name prices; come to our store and let us show you; we sell everything you need in DRY GOODS, HARDWARE and GROCERIES.

Shoes! Shoes!!

Beginning with Saturday, December 11th, we are going to make EXTRA SPECIAL PRICES ON SHOES---The balance of this year we are going to give the public unheard-of-prices on shoes. Every Shoe we have in the house goes at Special Prices never made before since the war began.

We are not quoting any prices here but if you will visit our shoe department and get our prices you will be astonished.

Every man, women and child must have shoes for this winter and if you havent got yours now is the time to get them cheap---fact is while this price is on is a good time to get that EXTRA PAIR that you will need later for they will be higher after the first of the year.

We want to reduce our immense stock as much as possible before INVENTORY TIME and hence will make EXTRA DISCOUNTS on EVERYTHING in STOCK.

Always the RIGHT PRICE whether you ask for it or not.

Knight & Brashear.

The BEST Goods at the BEST Price.
