Big Picnic and Barbecue August 12th and 13th

Tuesday evening the commercial club met in regular session. The question was immediately brought up as to whether or not the barbecue and picnic should be laid off and the fund be used to clean up the town. After several able speeches a motion was put and promptly seconded that the barbecue and picnic be pulled off as advertised and that Friday and Saturday of this week be a general clean up occasion. The motion was put to a vote and carried almost unanimously. So everybody clean up and have the town looking clean and fresh for with a judicious applications of the hoe and rake and a little hauling will put the town in a sanitary condition. All members of the club present pledge themselves to clean up their own premises and it behooves their neighbors to get busy and do their part.

Elsewhere in this paper will be found an official notice from the County Health Officer and everybody should have town pride enough to clean up without having to use harsh remedies. We sincerely hope that all will comply as no one wishes to resort to the recourse of the law, but self preservation is the first law of nature. Come across now and clean up your premises.

After the clean up question was disposed of our progressive manager Dr. J. W. D. Davis, who has steered the project so successfully so far, on account of private business resigned the managership and Jack Alley was elected in his stead. The Doctor never does things by halves and when his personal affairs interfere with his public work he will give way to someone who has time to devote to it.

Jack Alley will carry out the project as it was planned in the beginning. Come, for everybody is again cordially invited to attend this picnic and barbecue. You will never regret it, there will be lots of amusements and plenty of

nice home cooked vittals the first day and the next day we guarantee you all the barbecue, bread, pickles, onions, coffee and ice water. There will be amusements enough to amuse the most crabbed and accommodations for all.

Come be with us and lets whoop her up for two whole days.

Mr. D. A. Parkhurst, killed a supposed mad dog Wednesday at his place in North Tahoka. Mr. Parkhurst was working on the fence when the dog ran in to the yard and began acting very queer. Mr. Parkhurst quit work and went and borrowed a shotgun and dispatched the dog. It after developed that the dog had been "high-lifted" there is a doubt as to whether the dog was really mad. It is wrong from a humane standpoint and then it is dangerous to the public safety to put carbon or any other irritative on a dog this hot weather.

Wednesday night the temperature was lowered a great deal by a slight shower and it remained damp and cloudy all day and as we go to press there is better prospect than we have had for some time.

OFFICIAL NOTICE.

To the citizens of Tahoka:—

The spread of disease from filthy premises has increased to such an alarming extent as to make drastic measures necessary in order to protect the health of the people.

Unless your back-yards, hog-pens, stables, cess pools closet and other filthy places are cleaned at once, harsh remedies will be used.

We regret to be compelled to punish people for indecency, but when people allow their premises to become so filthy as to jeopardize the health of themselves and their neighbors, all possible efforts will be made to enforce the law and the severest penalty will be asked for in each case.

Take due notice and clean up or the second notice will be served by the proper officer, and let the law take its course.

S. H. WINDHAM,
County Health Officer.

TAHOKA and LYNN COUNTY
REV. D. B. DOAK, Secretary, TAHOKA, TEXAS

A couple of auto loads of Tahokans left Thursday morning bright and early for Lamesa to see the sights and partake in the barbecue and picnic to be held at that place. We were unable to accept brother Houser's invitation on account of yesterday being the day we go to press with our last run, but we sincerely hope all the neighboring newspaper forces, from the devil clear up to the pencil-pusher in chief, will come and be the guests of Tahoka Friday and Saturday, August 12th and 13th. If you have any friend "available" bring them with you, everybody is invited and will be watched out for by the committee, so nobody needn't be afraid to come and help whoop her up.

Tom Humphries, of the South part of the county, was in town Tuesday with his brother-in-law R. P. Brazil, of Hereford.

C. G. Alford marketed a fine crop of baled oats this week.

Miss Bee Stedum is quite an accomplished linewoman and in the near future Tahoka will be sporting a lady electric-engineer.

Misses Ammie McLarry, Jessie Long and Maud Nevels, of Lubbock, were visitors to Tahoka Saturday morning. They remained over Sunday visiting friends and relatives and also took in some of the Mulkey meeting. Misses McLarry and Nevels have taught in our school here and their visits are occasions of rejoicing to their small pupils.

Arthur and Mae Black have been on the sick list for the past two weeks.

Summer Clayton, who has been sick with fever for so long, is able to sit up.

Personals and Items of Interest to our Readers

Belton Howell has been to town several times this week, shaking hands with his many friends who are rejoiced to see him about again.

Mr. Moore, of Draw, has been with Dr. Davis for the past week helping him take stock preparatory to giving possession to his successor W. J. Hopkins who purchased the business the first of the week.

The collection for the Methodist Orphanage at Waco, taken at the Mulkey meeting Sunday night, amounted to \$50.25. This includes a check for \$25 given by John B. Slaughter, of Post City.

Mrs. Cook, of Mundy, Texas, who has been visiting her parents, Mr. and Mrs. W. A. Walker, of Draw, was in town Saturday. She was going to visit at the home of Mrs. McNeal. Mrs. Cook came to Lynn county for the health of herself and baby and she says both have been very much benefited by the change.

Mrs. Campbell and children, of Meadow, spent part of last week in Tahoka attending the "Mulkey Meeting," and were the guests respectively of Mesdames Henderson and Millman. The Campbells were among the early settlers in Tahoka, and were gladly welcomed by their friends old and new.

Business Change.

On Tuesday, August 2nd, J. W. D. Davis sold the entire stock of Our Cash Store to W. J. Hopkins, who will continue the business under the name of Our Cash Store, and will try to merit the continued patronage of all the old customers, and hope to meet many new ones.

All accounts reserved by J. W. D. Davis, who asks a prompt settlement of same.

J. W. D. Davis,
W. J. Hopkins.

THE STATE OF TEXAS, } ss.
County of Lynn.

We the undersigned Jury of Freeholders, citizens of said Lynn County, Texas, duly appointed by the Commissioners' Court of Lynn County, Texas, at its May Term, 1910, to view and establish a Second class Road from the East line of Lynn County, to the town of O'Donnell, in the South part of Lynn County, and having been duly sworn as the law directs, hereby give notice that we will on the 6th day of August 1910, assemble at L. G. Phillips' place, and thence proceed to locate view, mark out and establish said road, to the west end of said road, beginning at the East line of Lynn County, on the line of Sur. 11, Blk. 10, Cert. 670, E. L. & R. R. Ry. Co. and Sur. 12, Blk. 10, Cert. 667, E. L. & R. R. Ry. Co. being a point near the S. E. Corner of Lynn County; Thence west, on Section lines to the N. E. Corner of Sur. 53, Blk. 8, Cert. 702, E. L. & R. R. Ry. Co. of Lynn County, Texas, being the section of land on which the town of O'Donnell is situated on the S. 2-3; Thence South on section lines to the town of O'Donnell.

And we do hereby notify any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

Witness our hands this 12th day of July, A. D. 1910.

W. E. Brewer, Jurors
T. J. Fowler,
T. A. Harris, of
Albert Miller,
J. H. Frank, J. View.

Bob Forrester and wife spent the week end with their sister Mrs. R. J. Roberts, of Tahoka.

Misses Odesa and Johnie Henderson entertained Miss Dot Campbell during the meeting last week.

Mrs. Brown Bishop who has been quite ill for some weeks, is so much recovered she has been out riding several times this week.

Mr. Millman received a severe fall last week and has been suffering from the effects of it ever since, and for the last few days has been confined to his bed.

Over a week ago, Ramond King, while cleaning the tangles out of his horses tail with his pocket knife, the knife cut through quicker than he expected and cut his leg. He just barely escaped blood poison, and came up town Thursday for the first time.

G. C. King and family, of south of town, left Monday for a visit to friends and relatives in Comanche county. They will be accompanied by Mrs. W. L. Tunnell who will go as far as Runnels county with them and spend a month with her people.

The first load of lumber for the A.G. McAdams Lumber Co's. new yard was unloaded Wednesday. They move from their old in North Tahoka on Sweet and Lochwood to their new stand on Alley and Lockwood, just one block east.

Our depot agent has every thing in good working order at the station now and we can buy tickets, receive or send freight in large or small quantities, or telegraph to any part of the country.

The new telegraph service was installed last week and we can command as good service as any town in the state. This is a great gain in five years, when we had to go 40 miles to Gail to send a message of any kind, and our freight had to come 85 miles on wagons.

S. E. Bartley, of Ladonia, Texas, was in Tahoka this week visiting his uncle, T. M. Bartley. Mr. Bartley got tired of running his auto and left it in San Angelo. He says the San Angelo country is suffering from a terrible dry spell. He says Lynn county is in the best shape of any he has seen since he left Ladonia. Mr. Bartley left Thursday in Toney Chisum's auto for the Lamesa picnic. He carried a good bunch of our barbecue circulars, which he will distribute south of Big Springs.

The bond election Saturday for the purpose of erecting a new school building, was a perfect success.

The measure is one which has been discussed at some length, and when put before the people, not a dissenting vote was cast.

Tahoka surely needs a new house for her children; the present quarters are only half large enough to accommodate the children in comfort.

It behooves a town or community to look well to the bringing up of the coming generation, for in it lies the reserve strength of the Nation. Good schools furnish the bone and sinew of our commonwealth, and without them there is degeneration.

The new school house will mean added advantages for the children, and that means more citizens, consequently more business for our people.

We rejoice greatly at all the good things coming our way.

Charley Doak and family, of O'Donnell, spent last week in Tahoka, the guests of their brother, Ira Doak.

Mr. and Mrs. Tunnell and Mrs. Tunnell's brother, Mr. Moore, were guests at the home of H. C. Crie, Sunday.

Jim Doak and family of west of town spent the week end in Tahoka, guests of their brother Ira Doak.

Also Confectioners, Bakers and Grocers,
But Friday and Saturday we'll clean up everything including the loafer.

How times have changed. It used to be when you were young people had had colds, they soaked their feet in hot water and got well. Now they have grip, take quinine and feel sick all summer. Then they had sore throat, wrap a piece of fat pork in an old sock, tied it around the neck and went to work in the morning. Now they have tonsillitis, a surgical operation and two weeks in the house. Then they had stomach ache took castor oil and recovered. Now they have appendicitis, a week in the hospital and six feet due east and west and six feet perpendicular. They worked then. They labor now. In those days they wore under-clothes. Now they wear lingerie. Then they went to a restaurant. Now they go to a cafe. Then they broke a leg. Now they fracture a limb. People went crazy then, they have a brain storm now. Politicians paid good, hard cash for support now, they send government deeds. Times have changed and we change with them. That's progression.—
Rush Center (Kansas) Breeze.

Mr. Luttrell was a caller at the News office Saturday.

Mr. S. S. Ramsey is a new and appreciated subscriber to The News.

Milton Jones, of 10 miles north of Tahoka, called on The News Saturday. Milton has just recently returned from Wichita and says that it gets warm here some times but there it gets beastly hot.

Mr. and Mrs. Dee Gilmore, of Causey, New Mexico, came in Saturday to visit friend and relatives, they were accompanied by Miss K. Gilmore. Dee says that that country out there is not very dry but the crops are later and that they will be needing rain in a few days.

Leo and Clinton Winn, of Cooper, Okla., aged about 16 and 19 respectively, passed through Tahoka Wednesday on their way to El Paso county. They told the News man that the country from here back northeast, clear through to the line, is just about in the same condition.

What about incorporation?
It may be a little hot here but it is hotter down below.

Hurrah! for Tahoka. The bond carried and now we will have a "School Building"

Incorporate! It is the only way to get rid of the stray dogs, get pigs shut up and many other things done that ought to be done.

Oh! Brothers! Listen to this little rhyme,
Of how Butchers and Printers cleaned off their grime.

The day was still, the sun was hot,
And each repaired to his rear lot Armed to the teeth with rake and hoe,
Across the lot they surged, to and fro,
Back and forth, and around they went.

And against each obstacle their energy was bent
Until in their glory they stood all alone,
Save for the stacks of weeds, cans and old dry bone.

The cans were stacked, the weeds were cut and raked
They all realized their bodies were tired and ached.

All these characters high and sublime
Should have their names writ on the sands of time
For having engaged in such noble labor

Saving perhaps the life of a neighbor,
By stopping the of microbes and disease

Allowing their neighbors to rest with assurance and ease
Others have engaged in this noble work,
Bankers, Judges, Druggist and the tired clerk.

And Old Timer

Mr. R. T. Brazil came in Saturday from Hereford to look after his land interests here. Mr. Brazil owns a place 9 miles southwest Tahoka. He said he wanted to keep up with it in particular and Lynn County in general so he had decided that the best way to do it was to take The News and he is now a full fledged subscriber. Mr. Brazil is an old stager on having lived at Hereford the most of the time. He tells us he used to turn the first printing press ever set up in Hereford, the same being an old Army Press. Well we guess he knows the smell of printer's ink.

Paying Election Wager

Those in the business part of the city at ten o'clock Monday morning were treated to a novel parade, the central characters of same being M. A. Stewart who acted as motive power for an Irish push cart in which P. E. McGonigal rode in state, from the corner of the Western Windmill Co's. store to the Y.M.C.A. The miniature parade was a source of much enjoyment to all who witnessed it and the members taking part therein received many lusty cheers and words of encouragement.

The was the culmination of an election wager. Mr. Stewart agreeing to give Mr. McGonigal a free ride in case Colquitt was elected while a like service was to be rendered Mr. Stewart by Mr. McGonigal if Cone Johnson was nominated by Saturdays primary.—Big Springs Herald.

R. S. Mr. Davidson and T. J. Blankenship of this place, married sisters, and Mrs. Davidson and family are living in the Walter Pinnell house, in South Tahoka. Mr. Davidson paid The News office a pleasant visit Wednesday, and in speaking of the general condition of things, he said that Lynn county looked like a veritable paradise along side of the T & P country south of us; every thing dry and dusty, and business almost at a standstill;

LYNN COUNTY OPPORTUNITIES

And Tahoka The New Railroad Town

Ten years ago Lynn County had ten voters and three women in it, and was attached to another county for judicial purposes. One could buy land here for 50 cents to \$1 per acre. We were eighty miles from a railroad and one postoffice supplied the people for fifty miles around. Today Lynn County has a population of Two Thousand Five Hundred, twelve organized schools, three postoffices and cotton gins, Four Hundred Voters, Four Hundred Fifty School Children, and thousands of acres of fine farming lands which produce a bale of cotton per acre with one hoeing and two plowings. Don't shake your head, for I can show you men right here who have done it. Our lands will grow sixty bushels of corn and oats to the acre, sixty bushels of kaffir corn maize, abundance of millet and alfalfa, big crops of sweet potatoes, two good crops of Irish potatoes per year, eighty pound watermelons, two pound tomatoes, twelve to fifteen pound cabbages and not half try. Lynn County soil grows fine grapes, several kinds of berries, squashes, pumpkins, cantaloupes and all vine products. Apples, Peaches, Plums and Apricots do well here and are freer from pests and diseases than East Texas fruit. Lynn County cannot be excelled as a corn and feed producing country, and it is well that such is the case, for the Great State of Texas spends twenty-five million dollars annually for imported corn, and several million for imported meat. The Plains country is destined to become the future bread basket of not only Texas but a large part of the United States. She will also be expected to furnish a big per cent of beef and pork for hungry millions. What country under the shining sun is better adapted to pork and beef production than this? There is none. It is easy to raise abundance of feed, and our water is as pure as God ever made. Our air is cool and bracing all the year round, so mister hog and miss cow grow to maturity under the most favorable conditions possible.
