Hard on Automobileists.
Gov. Campbell this week signed the bill regulating the use of automobiles in the state of Texas. The bill fixes eighteen miles an hour as the maximum rate of speed at which automobiles may be run in the country, and eight miles in town, unless the rate should be made different by municipal ordinance. Every owner of an automobile shall register with the clerk of the county in which he resides, and the automobile must be numbered, the figures to be six inches tall. A registration fee of 50 cents is to be charged. Racing is prohibited on a highway. The bill requires every driver of an automobile to stop when the driver of a horse vehicle signals for him to do so. The penalty for any violation of the law is a fine of from \$5 to \$100. It becomes effective ninety days after the adjournment of the regular session.—Heretofore Brand.

The big dance at the court house Monday night, was quite a success. Several wagon loads of lumber arrived at the lumber yard Thursday.
Mr. Will Humphries has moved into the white house east of the square.

Bob Majors and wife were in town Tuesday and stayed for the dance Tuesday night.
J. N. Jones, of north of town, was in Tahoka Wednesday accompanied by Mrs. Jones.

Judge Bartley took Dr. Windham out to Litwalton Tuesday night to see S. A. Gates who is quite sick.
H. C. Smith and family, who have been visiting friends and relatives at Ballinger, returned to Tahoka Thursday morning.
Bob Miliken of Lynn who has been sick for some time is staying in town with his brother George Miliken of Tahoka. Mr. Miliken came to town to be near Dr. McCoy who is treating him.

Mr. Skinner has just returned from a trip to Meadow, Block 20, and Lubbock, he reports the country in a flourishing condition and every body getting ready for the new railroad. Mr. Skinner says new houses, sheds, and fences by the mile are being built all over that part of the country. A New school house has just been finished at Block Twenty.

Ask For The New Material SUESINE SILK.

Every time you decide to have a new silk gown, you can have **TWO** instead of one —if you make it of SUESINE SILK.

This is how you do it:—Suesine Silk costs less than half as much as China silk. So, for the price of a single gown you can get two. And in addition, each gown of Suesine Silk will wear far longer than if China silk had been used. China silk is a delicate fabric and will not withstand much wear. In order to make Suesine silk strong and durable a few strands of soft, firm Egyptian cotton are woven into it, giving it a durability three or four times as great as China silk. Thus the money you spend for Suesine Silk secures not only two dresses in place of one, but they also have far superior wearing qualities.

the price of Suesine Silk 50c per Yard.

Mr. R. L. McMurry was in town Monday looking after his interests here he owns land in this part of the country.

Mrs. J. O. Gore left Monday for her old home in Palo Pinto county where she will spend several weeks visiting her parents.

Mr. Jones of Canyon City who wintered in Scurry county passed through Tahoka the first of the week. Mr. Jones said he fed Indian corn when he passed through here last fall, and did not see another ear until he came back onto the Plains this spring.

J. T. Lofton of the Llanos was in town Monday and reported every thing alright after the cold spell. Mr. Lofton says the spell did not hurt stock and that the horses were never fatter nor pitched harder than they do this spring.

Otis Shook is keeping books for Ousley & Alley.

W. D. Nevels returned Monday from a short business trip to Fort Worth.

Mrs. Walter Pinnell visited her parents at McDonald, Saturday and Sunday.

Mr. Wilson who is moving from Scurry County to New Mexico stopped over Sunday in Tahoka, he expressed himself well pleased with Lynn county but has a claim in New Mexico to which he is going.

W. D. Keliehor has just returned from a six hundred mile automobile trip, touching at Lubbock, Plainview, Tulia, Portales and other places. The trip was made in his new Buick machine and was made without an accident.—Hereford Brand.

J. V. Deyer was in our little city Tuesday.

Mr. McKenzie made a flying trip to Big Springs on the Auto Tues.

The Editor was the recipient of a nice bunch of roses from Mrs. Millman last Friday.

Misses K. Gilmore and Verda Phenix paid the News office a pleasant call Monday.

Mr. French late of New Mexico but formerly deputy sheriff of Johnson county stopped in Tahoka Sunday. Mr. French is our prospecting. He says he was not pleased with the part of New Mexico through which he passed. He went up the Santa Fe cut off from Texico but says that while the land is good enough the season is too short for farming and the water is too deep (150 to 300 feet) for a poor man.

Mrs. John Stevenson and children visited Mrs. Milman Wednesday.

Miss Ethel Cook handles their auto with the same ease and grace she always displayed in handling a horse and buggy. Miss Ethel has made a number of long drives and no accidents have happened, which is greatly to her credit and the credit of the machine she drives.

Joe Stokes and George Riiley made a visit to Post City Tuesday.

Mr. N. R. Brace of New York who has been furnishing Lynn County people with orphan boys from his city is here visiting his proteges.

J. L. Tubbs of Lubbock was in Tahoka Tuesday.

The Wells boys are elated over the arrival of a fine colt at their place. The colt is a fine looking little fellow and has racing blood in his veins.

Double-Breasted

J-I-CASE PLOWS

FARMER'S ENCYCLOPEDIA FREE! POCKET EDITION We are now having one of the most valuable volumes ever prepared for the farmer. It gives valuable suggestions on raising, feeding, and breeding stock, interesting facts about grain, seed, soil and cultivation; veterinary suggestions; in fact a thousand and one things which make it of priceless value every day to the farmer and his family. We will send one of these volumes to any farmer answering the following: 1. How many acres do you cultivate? 2. What implements will you probably buy within the next six months? 3. Do you own or rent your farm? 4. What is the name of your dealer and his postoffice address? Simply answer these four questions, sign your name and address, enclose ten cents for postage and packing, and just as soon as the Encyclopedia is ready we will mail it to you.

You never heard of a double-breasted plow—did you? Yet it is one of the features that have made the J. I. Case plows famous.

You'll find this feature right where the mold board joins the share—where the wear is greatest—where the ordinary plow gives out quickest.

The double-breast is an extra thickness of steel put on by a special process of our own—hardened so the life and wear is there to resist the heaviest kind of work. You'll find it on every style of plow we make—walking, sulky and gang. That's why the life of a J. I. Case Plow is one-third longer than that of ordinary plows. That's why, in the long run, you save money by buying a J. I. C. Plow.

The good points, the exceptional points, in J. I. C. Plows are so numerous that we ask the privilege of telling you more about them. We especially want to tell you about the new high foot lift Sulky. It's self-leveling—a real foot lift. And we want to tell you about the celebrated Triumph Sulky and Gang—with their wonderful horse-saving, light draft, comfort-to-man-and-beast features. And we make other implements—harrow, planters, cultivators, which we cannot describe here, but which you ought to know about.

In order to make it more than worth while to get this information we offer you an extra inducement to have you write us about your implement needs, and for catalogue.

Read the Encyclopedia offer in the panel opposite. Then sit down—now—and write to us. Address

NEWSPAPERS HIT HARD.

The paper and pulp mills have held a meeting and decided that because of the scarcity of pulp, the increased demand and lack of transportation facilities, paper has advanced from \$2.55 per hundred to 3.35 per hundred, and the end is not yet. The Enterprise has been compelled to reduce the size of the paper to meet the advance about 30 per cent. Job printing, however, has taken a fly skyward. Labor has increased in price. The time has come when the papers in the State and the printers of the State will be compelled to either advance prices of advertising, subscription and printing, or retire from business. — Cleburne Enterprise.

COLD DRIZZLE.

The Plains was visited by a flurry of cold, beginning last Saturday morning with a cold drizzle and wind from the North East. It snowed Saturday afternoon at Amarillo, and Tahoka received a light fall of snow Sunday morning which melted almost as fast as it fell. Not much damage was done by the cold, if any, have heard no complaint about damage to fruit.

Mr. Lutrell was in town Wednesday.

Miss Annie Bauldrige was in town Thursday.

Big Springs is safe. They have struck an artesian well down there with a beautiful flow of the finest sparkling crystal water ever seen and the indications are good for a few more. The water is salty—salty as the brine deep—but that is all the better as they will find it will be needed to salt the town down in when they can stand on their tip toes and hear the Panhandle Short Line whistling for Stanton. Ain't that so, Pa?—Stanton Reporter.

Pa is compelled to admit they need this briny liquid to salt down the town if they hope to keep this city from enlarging so rapidly as to annex Stanton as a suburb in the course of a few years. If the Stantonites have begun standing on their tip-toes to hear the whistle of the Irvington Short Line they may yet wear out several pair of toes before that enterprise makes a noise like entering Stanton. We will not invite you to come up and take a swig of our briny beverage but when we sink an artesian well, it a very near date we will issue you a special invitation stock to come and try the finest and purest water ever used by mortal man as a thirst destroyer. While we know how you abhor water as a beverage or for bathing purposes, we hope you will accept the invitation.—Big Springs Herald.

\$8.50 PUNCTURE-PROOF TIRES ONLY \$4.80 PER PAIR

Regular Price \$11.80
To Introduce We Will Sell You a Sample Pair for Only \$4.80

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture-resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "holding back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread, which prevents all air from being squeezed out between the tire and the road, thus overcoming all suction. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the extent of only \$4.80 per pair. All orders shipped same-day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sanson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will get us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up hubs, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING A** bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
